WILDWOOD WALLY DAY

Submitted by Gayle Kowalchuk

Manitoba may have Merv, but Central Alberta has Wildwood Wally. This weather predicting puppet has been around for a number of years. He even had to be rebuilt in 2001 because the wear and tear were getting to him. The children this year had all made their prediction of whether he would see his shadow or not and waited for this morning to see what would happen. At 10:00 on Feb. 2nd Wally's

theme song called the students to the playground where they all gathered to see what the sun would do. As they crowded around the cover was lifted and the rodent gave his verdict to his interpreter who them passed it on to the grade 6 announcer. The word was out. The sun had broken through the clouds just enough and the shadow was just enough to scare the little fellow. Some children cheered and others hissed and more winter was the forecast

TIPPLE PARK MUSEUM'S GRAND OPENING

Submitted by Rena Traxel, Museum Manager

In 1970, the Pembina- Lobstick Historical Society was incorporated, in an effort to preserve local history before it slipped away. Since then the Society has worked tirelessly, putting in countless volunteer hours, to build up Tipple Park Museum— a place where history can be shared, experienced, and preserved for generations to come.

As you can imagine, the Society is excited about the opening of the Reception and Tourism building, happening February 19 from 6:00-8:00pm. This is a major step forward in being a year around facility for

the community. With the new building, the Museum is able to offer year around programming for both children and adults, host the Farmers' Market, better protect artifacts, secure travelling exhibits, offer more volunteer and skill building opportunities to students and the community, promote local businesses and organizations, and provide a space the public can use.

Sometimes difficult decisions have to be made. In 2014 the old station-house came down. Unfortunately, the building was unsafe. Now we must look to the future full of possibilities. Thanks to the Society's vision, dedication of staff and volunteers, generous donations, and funding from Yellowhead County, Parkland County, and

the Canadian and Alberta Museum Associations the future looks bright. The Society not only wants to preserve the past, but dreams of becoming a cultural cornerstone—a place where conversation happens, laughter abounds and memories are made.

After the Grand Opening, the Museum will be holding a special community meeting to uncover what the community wants. This vital information will be used to develop meaningful exhibits, programs and events. The Society continues to hold firm to their commitment to preserve history, but they need your help! Please consider joining the Society at Tipple Park's Grand Opening, soak up the local cultural, and chat up a new friend.

INTRODUCING ATCOENERGY: POSITIVE ENERGY FOR ALL ALBERTANS

Submitted by Donald McSwiney

ATCO today announced the launch of ATCO energy, a new electricity and natural gas retail company that promises Albertans outstanding service and lower costs for their homes and businesses.

"I believe this is a positive day for ATCO and for Albertans," said Nancy Southern, ATCO Chair, President & Chief Executive Officer. "ATCO is showcasing our commitment to this province by investing in a new Alberta company, creating new jobs and lowering electricity and natural gas costs at a time when all Albertans need lower costs."

With a commitment to putting customers first and absolutely no door-to-door selling, ATCOenergy offers residential and business customers the best value for money and unique benefits unavailable elsewhere. Beginning today, Albertans can sign-up for some positive energy themselves at ATCOenergy.com or by calling 1-844-OUR-ATCO (687-2826).

ATCOenergy began by asking Albertans what kind of an energy company they wanted. Customer input led to the creation of a positive energy company that rewards its customers for loyalty and offers low rates, and transparent, no strings attached plans and a commitment to an easy, positive experience!

"ATCOenergy is our opportunity to invest in our own province: Albertans helping Albertans," added Ms. Southern. "Founded in this province nearly 70 years ago, ATCO continues to strive to bring true value and real savings to Albertans and our customers across the province."

ATCOenergy's customer benefits include:

- + \$100 sign-up incentive credited to your first invoice for electricity and natural gas service bundle (3 or 5 year plan);
- + \$50 credit every year on the anniversary of your sign-up for the term of your agreement for electricity and natural gas service;
- + Green electricity options;
- + Convenient payment options including credit card payment;
- + A simple sign-up process by phone or online – inclusive of livechat:

- + The lowest administration fees around;
- + Flexible contract options;
- + No penalty cancellation; and,
- + Exceptional customer service.

With nearly 8,000 employees and assets of approximately \$19 billion, ATCO is a diversified global corporation delivering service excellence and innovative business solutions through vertically integrated global business units engaged in Structures & Logistics (workforce housing,

innovative modular facilities, construction, site support services, and logistics and operations management); Pipelines & Liquids (natural gas infrastructure development, transmission and distribution, natural gas liquids storage and processing, and industrial water solutions); and Electricity (power generation, distributed generation, and electricity infrastructure development and transmission). More information can be found at www.atco.com.

ECONOMIC OPPORTUNITIES IN SUSTAINABLE BEEF

Submitted by Lorraine Taylor, Conservation Coordinator

Studies strongly indicate that consumers believe they have the right to know how their food is raised, and are ready to reward, or punish, a company/industry depending on its commitment to social and/or environmental causes. In response to its customers' de-

mands for sustainably raised beef, McDonald's Restaurants has introduced the McDonald's Verified Sustainable Beef Canadian Pilot Project (VSB Pilot), a program to help Canadian Cattlemen make continuous improvements in the environmental, social, and economic performance of their operations, and to sell more Canadian beef through increased consumer trust and confidence.

Since there is no universal definition of sustainable beef, Mc-Donald's collaborated with World Wildlife Federation (WWF), Cargill, JBS, and others to develop the Global Roundtable for Sustainable Beef (GRSB) and establish guiding principles and best practices for sustainable beef.

Now they are working with The Canadian Roundtable for Sustainable Beef, and numerous Canadian beef cattle experts and associations to run a pilot project to demonstrate and verify the sustainability of our Canadian beef supply, through transparent collaboration, communication and celebration of the great work done throughout the beef supply chain in Canada.

On Thursday, February 11, from 10 am to 3 pm at the Carvel Hall, the West-Central Forage Association is hosting Economic Opportunities in Sustainable Beef. This is the second workshop in the "Sustaining Agriculture Workshop Series" held in partnership

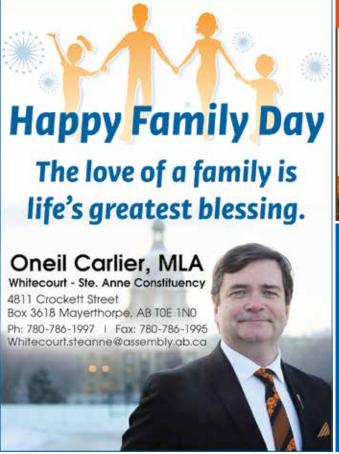

with Parkland and Lac Ste. Anne Counties.

This is an opportunity to learn more about the VSB Pilot Program, and see if you are interested in being a part of it. Representatives of the VSB Pilot, as well as local producers who have signed on, will explain the pilot and answer any questions.

Representatives from Alberta's Environmental Farm Plan (EFP), Alternative Land Use Systems (ALUS), and Growing Forward 2 (GF2) will also be on hand to talk about current opportunities and financial compensation programs to foster sustainability in agriculture, and how these programs can help producers meet some of the requirements for the McDonald's VSB Program.

Please pre-register, contact Tina at the West-Central Forage Association, 780-727-4447, info@ westcentralforage.com, or register online at www.westcentralforage.com/events.

FAMILY DAY WITH WABAMUN & AREA FCSS

Submitted by Wabamun & Area FCSS

Statistically, in the summer, people tend to get together more often on a casual basis. There's backyard BBQ's, days picnicking in the park, hanging out at beach, hitting up the local ice cream shop and more. In the winter, we tend to hibernate more, staying indoors, combatting the snow, cold and 'winter blues'.

Wabamun's Family Day weekend is blowing the winter trend out of the water and bringing families, friends and the community together for the whole weekend with some amazing events and we are proud to have a part in some of the festivities! Family is so important and many of us lead extremely busy lives and barely have time to have supper at the table together. The Family Day weekend in Wabamun is giving everyone a chance to slow down for one weekend, take in the festivities and spend it together as a family - our personal family and our community family.

From bowling all weekend from 12-8 each day to the infamous Kids Can Catch event on Saturday the 13th at waterfront park, (can you believe Wabamun doubled its population in one day during last year's event?!), which includes ice fishing demonstrations, activities, food and more! Wrapping up the weekend, Monday boasts an annual pancake breakfast hosted by the Communities in Bloom as a fundraiser and silent auction, Wabamun & Area FCSS will be entertaining the families with crafts, board

games and more during their Unplugged event – 'Disconnect to Connect.' The afternoon will be a good old fashioned Sock Hop from 1-4pm with the Wabamun LEAPS Association running the concession. Last but not least, there will be a free public skate at the arena from 5-6pm hosted by Wabamun Minor Hockey Association. Whew! How's that for a winter hibernation break?

Wabamun & Area FCSS is so excited to be a part of helping

bring families together not only with Family Day weekend but ongoing throughout the year. We are a partnership between the province and the Village of Wabamun. We develop preventative social initiatives to enhance the well-being of individuals and families in our community. We offer referral services and host a variety of events such as Fall Fest, Volunteer Appreciation, weekly programming like TotSpot drop in playgym, & Youth Night. We

offer a babysitter's course for those up and coming go getters, workshops as they come available and are jump starting new things all the time, like Meals on Wheels and are looking into senior's initiatives and programming.

Do you have an idea for us? Or would like to attend a meeting and see what we are all about? Drop us a line: 780-892-2699, email us: fcss@wabamun.ca or find us on Facebook!!

See you Family Day weekend!

YELLOWHEAD COUNTY GAIN DEEPER UNDERSTANDING OF WATER WELL MANAGEMENT

Submitted by Patricia O'Neil

On January 26, Wildwood and area county residents learned about risks to their groundwater and ways to protect their water wells at a free water well management workshop hosted by Yellowhead County and presented by the Working Well Program, with technical expertise from Alberta Agriculture and Forestry, Alberta Environment and Parks, Alberta Health Services and licensed water well drillers.

According to Ken Williams, from Sagewood Communications speaking in regards to the Alberta Environment and Parks' Working Well program, many Albertans have old wells they don't know what to do with, or they don't know how to properly maintain their existing wells. This may be putting their groundwater at risk of contamination. "A properly constructed and maintained water well is one of a landowner's most important in-

vestments," offers Williams. "This workshop helps people understand how groundwater works, and teaches them about their well and how to properly maintain it."

Participants learned about a variety of water well construction, siting, and maintenance topics including:

- 1. Setbacks: Alberta legislation requires minimum setbacks between water wells and contamination sources such as livestock pens, septic systems, manure piles and chemical and fuel storage. Shallow wells and wells located in gravelly or sandy soils are at higher risk of contamination and may need greater setback distances or special protective measures.
- 2. Landscaping: The ground around a water well should be mounded and landscaped to ensure that surface water does not run towards and pool around the outer casing of the well.
- 3. Eliminating well pits: In the past, well pits were installed to provide a frost free location for the

pressure system. Provincial regulations now prohibit the construction of wells pits as they increase the risk of contamination to groundwater and can be a deadly safety hazard. A licensed water well contractor should be hired to upgrade a well in a pit.

- 4. Water well drilling reports: Licensed water well contractors are required to submit drilling reports to Alberta Environment and Parks. This report includes important information that will help well owners manage and protect their wells.
- 5. Single Aquifer Source: Constructing a well so it draws water from more than one aquifer might increase the gallons per minute, but it also puts groundwater at higher risk. A single aquifer completion eliminates intermixing of water bearing formations with different water qualities and prevents aquifer depletion.
- 6. Water sampling: Well owners should do a standard coliform bacteria test twice a year (more often if the well is less than 50 feet deep) and a routine chemical test every two

years.

According to Guy Hancock, Alberta Environment and Parks, when having a new well installed it is critical that owners select a reputable driller and know what features to ask for. For example, make sure the drilling contractor does a full pump test and calculates a recommended pumping rate for your new well. "It is also a good idea to have the drilling contractor plug any old or unused wells while he is on your property," adds Hancock. "Surface water draining down through old wells can contaminate the aquifer tapped by your new well."

Landowners can also learn more about maintaining their water wells in the booklet Water Wells That Last, available on-line from Alberta Agriculture and Forestry at www. agric.gov.ab.ca or by contacting the Alberta Environment and Parks Information Centre toll free in Alberta at 310-3773 or ESRD.Info-Centre@gov.ab.ca.

SHOW US YOUR HEART FEBRUARY 12 – 28, 2016

Submitted by Cassandra Ward

January 12, 2016: Brampton, ON - A little goes a long way to helping thousands of homeless animals and the shelters and pet rescue groups that support them. From February 12- 28, join Global Pet Foods and Michael "Pinball" Clemons to support Global Pet Foods' annual Show Us Your Heart™ fundraiser.

Donate as little as \$1 in-store during Show Us Your HeartTM and Global Pet Foods will match it with another \$1. Purchase a Paper Heart for \$5 and Global Pet Foods will donate \$1, plus give you 10 AIR MILES® Bonus Miles! 100% of all funds raised will be donated to local animal shelters and pet rescue groups to provide much needed shelter, care and treatment for pets in need.

Pets like Hunter, a 10 year old Rottweiler Shepherd mix surrendered to Animal Rescue Transfer System (ARTS) in Alberta. When Hunter came to ARTS he was at least 50 lbs overweight, which significantly limited his mobility. With the help of aqua therapy, Hunter lost 40 lbs, regained his mobility, strengthened his muscles and is now looking for a forever home.

Community-based pet groups often struggle to raise the funds necessary to keep the lights on and pay vet bills. Even the smallest donation made during Show Us Your HeartTM can make a big difference to pets in need and the people who are caring for them.

To help homeless pets like Hunter, visit any Global Pet

Foods store from February 12-28, 2016 to donate. Since its inception, the Show Us Your HeartTM fundraiser has raised over \$1,000,000 to help care for thousands of homeless animals across Canada.

Show Us Your Pet Contest

For the chance to win great prizes, visit http://www.globalpetfoods.com/showusy-ourheart2016

and enter the Show Us Your Pet Contest by sharing a photo of you and your pet.

About Global Pet Foods:

For more than 40 years Global Pet Foods has actively supported local companion animal charities and local shelter organizations.

Global Pet Foods is the largest Canadian-owned chain of speciality pet food and supply stores. Our philosophy is that caring for pets must include these four elements: Mind+Body+Soul+Spirit. By offering a unique and wide selection of wholesome pet food, accessories and supplies that encompasses these four elements, we help pet parents make informed decisions for the total health and well-being of their companion pets.

For the latest pet news please visit our website at www.global-petfoods.com. Find us on Facebook (www.facebook.com/globalpetfoods) or follow us on Instagram & Twitter @global-petfoods

GRANDE YELLOWHEAD PUBLIC SCHOOL DIVISION FEBRUARY SCHOOL NEWS

Submitted by Nikki Gilks

LOBSTICK ZONE

Evansview School, Evansburg
The grade 5/6 class at Evansview Elementary is exploring
sky science. One of our projects
was to research a planet of our
choosing and make a 3D model
of it. We included some fun facts
about the planet, wrote some interesting information that tells
us more about the planet, and
we made a Styrofoam 3D model
of the planet itself. Through this

process we got to know a lot of new and interesting space information!

Grand Trunk High School, Evansburg

As the new semester starts, students have several activities to keep themselves occupied with over the month. The Students' Union group will be running its annual matchmaker fundraiser during the couple of days before the Valentine's day weekend. Discussion about running a student dance are also being looked

into. February also marks the annual administration of Alberta Education's Accountability Pillar surveys in which all students will be asked to complete as part of the Tell Them From Me. Parents of students in grades 7 & 10 will also receive copies of the survey at home to fill out.

February also sees the junior high basketball program wrap up its league schedule with 3 home games and 1 away game and then the GYAC divisional tournament at the end of the

month. Both teams have done well to this point and we wish them luck as they finish up their season. The senior basketball teams have a couple of tough tournaments ahead of them this month as they gear up for another run at the 1A zone championship in early March with the hopes of travelling to provincials once again representing the North Central Zone.

Grand Trunk Events for February:

- February 9 Jr. B'ball @
- February 12 & 13 Sr. B'ball @ Ardrossan
- February 15 Family Day (No School)
- February 16 Jr. B'ball @ GT
- February 18 Jr. B'ball @ Wildwood
- February 26 & 27 Sr. B'ball @ Vegreville, GYAC Jr. B'ball Tournament

Niton Central School, Niton Junction

January continues to be busy at Niton Central School, as teachers and students regroup after the holidays and dig into a new year. Some new ping pong tables have been put to good use and skates, cross-country skis and snowshoes are now being dug out of storerooms. Global warming notwithstanding, there is plenty of snow here to enjoy winter sports!

Elementary staff have been using weekly PLC time to finalize writing essential learnings per grade. This project has taken a few months to complete, but many important issues have been discussed and resolved along the way. The next major project will be to continue work on math essential learnings. Elementary staff will be attending a number of math sessions at Teachers' Convention together, in an effort to take advantage of some excellent speakers and continue improving our program together in a meaningful way.

In the meantime, junior high staff continue to fine-tune their RTI and options programs.

E S

EXCITING CONTRACT EMPLOYMENT OPPORTUNITY!!

Whitecourt/Lac Ste. Anne Support for Adult Learning & Literacy (SALL)

Community Adult Learning Program Coordinator

We are currently accepting applications for the part-time contract position of a Community Adult Learning Program (CALP) Coordinator. Under the direction of the SALL Board, the CALP Coordinator will be responsible to plan, implement and evaluate adult education & learning programs and maintain the day-to-day operations of these programs within our boundaries. SALL serves the areas of Whitecourt, Lac Ste. Anne County, Mayerthorpe, Alberta Beach, Onoway, Sangudo, Blue Ridge, and Anselmo. SALL endeavors to provide lifelong learning opportunities that strengthen individuals, families and the community.

Duties will include, but are not limited to:

- Plan, develop, coordinate, promote and evaluate programs, and any special events related to adult learning.
- > Provide written project/financial reports to the Board at their regular meetings.
- Liaise with the SALL Adult Literacy Coordinator on joint initiatives.
- > Create project proposals and meet reporting requirements for funding.
- > Promote adult learning programs and opportunities in all communities within our service area.
- > Network with community organizations, businesses, agencies and stakeholders.
- Meet the requirements of the Policy and Operating Requirements set out by Alberta Advanced Education & Technology for Community Adult Learning Program (CALP).
- Assist with the development of the Annual Application and the completion of the Annual Report documentation.

Contract position at \$20.00/hour Part time with an opportunity to negotiate full time hours Office is based out of Whitecourt

Trista Court, SALL Administrator

c/o Box 219, Sangudo, AB T0E 2A0

Student needs drive their programs and much time is spent identifying and planning for them. The current RTI sessions include Source Analysis, Vocabulary and Number Sense, and options include PE, Robotics, Leadership, Wood Burning, Foods and Winter Sports. Grade 8 students will also be working on a real-life Math project, where they analyze certain home floor plans and cost out flooring options. Keeping our students learning and focused on what they need are our primary concerns.

Niton Events for February

- February 10 & 11 Parent/ Teacher Interviews
- February 15 Family Day (No School)
- February 16 to March 4 Elementary Math Blitz

Wildwood School, Wildwood Wildwood School's Christmas Concert on December 16th featured a junior high nativity play, choir and chimes performances, and an amazing version of Polar Express! Congratulations to all for their hard work resulting in one of the best concerts ever! Thank you to our audience for their donations to the food bank and for their expressions of appreciation after the concert. With our return to school, fabulous experiential learning activities for your children abound! Elementary students will be enjoying skating at various times throughout January at the Wildwood Recreation Complex. Thank you to the complex and its staff for a great facility that is so well maintained - students rave about the great ice surface.

The Grade Four's and Five's are building miniature houses wired for electricity with working lights, doorbells, ceiling fans and burglar alarms. FNMI guest speakers and instructors will be visiting to teach Métis dancing, the making of drums, wampum belts, and rattles. The Grade 6 class will also be carving soapstone. Our Kindergarten and Grade 1 class has been explor-

ing hands-on learning activities about snow and may very well never want to eat snow again! The Grade 8 Science class has been doing water testing and will work with the K-1 class testing snow water from our school yard.

The Grade 4-6 students had a professional storyteller, Gail de Vos, visit on Tuesday, January 19th to model and teach oral storytelling skills to the students preparing each student for when

they will be presenting their own myth or legend to an audience in days to come.

In our BEST classes, Superflex is proving to be EXCEL-LENT for improving executive functioning. Our students are using the terms they learn and helping each other to not be a Rock Brain or DOF (Destroyer of Fun). Our students are in midyear stride and busy being learners, and that's part of The Wildwood Advantage: Small School,

BIG Ideas!

Wildwood Events for February:

- February 9 Gr. 6-9 Cooking Classes for Kids

MR MIKES® STEAKHOUSECASUAL BRINGS **QUALITY STEAKS AND THE ULTIMATE CASUAL DINING EXPERIENCE TO DRAYTON VALLEY**

Submitted by Charis Whitbourne

Drayton Valley residents looking for the perfect restaurant/lounge for a casual and affordable dinner experience or upbeat night out need look no further, as MR MIKES® SteakhouseCasual officially opened its newest location on January 25, 2016 at 2248 50th Street, Drayton Valley, Alberta, T0E 1Z0

MR MIKES® SteakhouseCasual Drayton Valley will be a casual dining restaurant seating 192 people and features a hearty and affordable menu, full bar and lounge (urbanLODGE) beers on tap, patio, distinct décor, and a relaxed feel. The menu features a wide selection of entrees including Canada AAA steaks grilled to perfection, Mikeburgers®, salads, seafood, pastas, and rice bowls, as well as a range of delicious appetizers and desserts. The recent launch of a new menu draws on current food trends to give Canadian classics an added twist by introducing bacon to the Mac 'n' cheese, and adding Sriracha to favourites like the Honey Panko Shrimp and the Mikeburger®. Add warm and welcoming surroundings of natural woods and stone, house brews, exclusive wines, and a generous selection of tasty and creative cocktails. It's the recipe for a memorable steakhouse dining expe-

The franchisee behind MR MIKES® Drayton Valley is 5-Star Group, who also own MR MIKES® Steakhouse-Casual stores in Bonnvville and Slave Lake. "Just as Bonnyville and Slave Lake have embraced MR MIKES as a place for quality and affordable food served in a relaxed setting, we're confident Drayton Valley residents will be equally excited about the laid-back concept", says Sal Naim, co-owner of 5-Star Group. "From our steaks to our Mikeburgers®, to pastas, salads and stir-frys, there is something on the menu for everyone. Most importantly, MR MIKES® offers a casual environment and you can just come as you are. We're excited to be part of the community and look forward to offering a place that Drayton Valley can be proud of."

Established in 1960, with its first restaurant on Granville Street in Vancouver, the MR MIKES® brand is well known and loved for its 55-year heritage, quality and affordable menu, and unique style. MR MIKES® has operations in 27 locations across Western Canada, and plans to open another 30 locations over the next three years with a recent opening in Peace River. Hinton, Whitehorse, and Cochrane are locations slated for 2016.

For more information on MR MIKES®, visit: www.mrmikes.ca

THE KARO DENTA

Dr. Teoh is accepting new patients and emergency patients.

He will be available:

Tuesdays 12 - 8pm

Wednesdays 12 - 8pm

Thursdays 8 - 4:30pm

Dr. Nicholas Teoh was born and raised in Edmonton. He attended the University of Alberta where he graduated with a Bachelor of Medical Sciences as well as a D.D.S. He received several awards during the course of his studies including the Dr. GH Gibb Memorial Prize and the Dr. Stanley S. Kucey Leadership Award.

Nicholas enjoys performing all aspects of dentistry. In his spare time, he enjoys working out, reading and playing board games with friends and family. He is very excited to be a part of the friendly team at Karo Dental as it allows him to provide quality care in a peaceful environment.

Bridal Guide

Wedding Good Luck Charms

Couples' wedding days are special moments, ones they hope pave the way to a life filled with happiness and good fortune. That's why the bride and groom surround themselves with close friends and family who want to celebrate and support their new life joined together.

Perhaps due to superstition or tradition, many couples employ some wedding day strategies to increase their good luck. The following are some of the symbols that couples may want to keep an eye out for on the day they walk down the aisle.

· It's good luck for the bride

to see a dove on the way to the wedding because doves symbolize peace and prosperity. Because doves mate for life, this symbol is doubly beneficial on a couple's wedding day, as it can be a harbinger of a long, happy marriage and home.

· Some brides believe sugar

cubes tucked into their wedding gloves leads to a sweet union.

· Hindu tradition states that rain on a wedding day is good luck. Rain is believed to be a symbol of fortune and abundance, especially after times of drought. What's more, rain can foretell a strong marriage. That's because a wet knot is more difficult to untie.

· Ancient Romans were so concerned with ensuring good luck that they actually studied pig entrails to determine the luckiest time to marry. If they consulted with the English, they might determine that a wedding shouldn't take place on a Saturday, which is unlucky. English tradition states Wednesday is the best day to get married.

· In Holland, well-wishers would plant pine trees outside of newlyweds' homes as a symbol of fertility and luck.

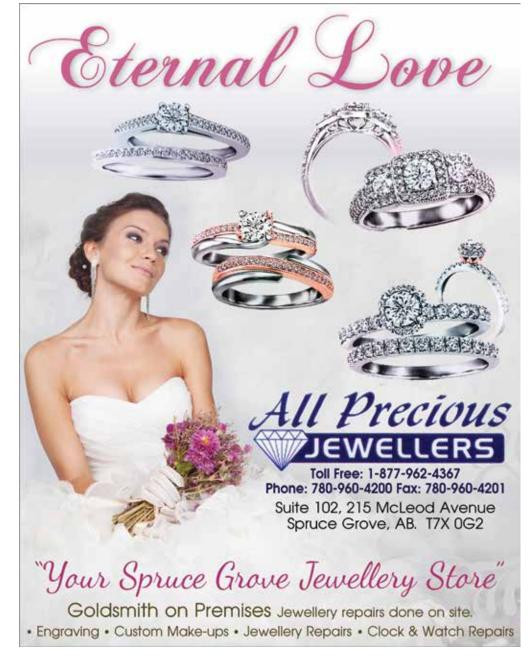

· Grooms may want to give a coin to the first person they see on the way to their weddings. This is another symbol of good luck.

· Some couples plan to marry during a full moon, because that can symbolize good luck and good fortune.

· On a couple's wedding day, tears from a bride or a child during the ceremony is considered lucky. English folklore suggests that brides who discover spiders in their gowns are in for some good luck.

· The Chinese believe that lighting fireworks at their wedding ceremonies chases away evil spirits. A red umbrella also might be held over a Chinese bride to keep bad spirits at bay.

· Many grooms do not see their brides in their wedding gowns before their wedding ceremonies, feeling it is bad luck if they do. Many brides also do not wear their complete wedding outfits prior to their big day.

Bridal Guide

Dance Lessons Can Be Helpful Prior To A Wedding

Apart from their initial nerves during their wedding ceremonies, many couples feel comfortable having all eyes on them for the majority of their wedding days. However, some couples get a bit of stagefright when dancing as husband and wife for the first time.

First dances and parent-child dances are popular wedding reception rituals. The couple's dance serves as their first act as a married pair, often occurring at the onset of the wedding reception. Father-daughter and mother-son dances may take place at different points in the evening.

Some people relish the idea of having the spotlight on them, while others are nervous about dancing in front of a crowd. While couples need not look like contestants on "Dancing With the Stars" to pull off a successful first dance, taking dance lessons prior to the wedding can teach men and women some key moves and help calm their nerves.

Couples may want to begin dance lessons a few months before their wedding day to get acclimated to the experience. The more lessons couples take, the more comfortable they will likely be when it comes time to cut a rug.

Private dance lessons may be more effective than group lessons, as they enable one-on-one interaction with instructors, who point out any missteps immediately and correct form on the spot. Instructors also may suggest which routines couples should embrace and which they may want to avoid.

Preparation can stem nervousness and help couples feel more confident on the dance floor, even if their dances last only a few minutes. The goal of dance lessons is for couples to become better dancers, but improved skills on the dance floor is not the only thing couples can take from dance lessons.

· Exercise: Dancing is an excellent

form of exercise that can help couples build up their endurance. In addition, the cardiovascular benefits of dancing can help couples shed a few pounds prior to their wedding days.

· Stress relief: Planning a wedding is not always easy. Having a night

of the week devoted to some fun couple time can help relieve some of the stress couples may feel when planning a wedding.

· Enjoyable memories: Taking dance lessons as a couple is something couples may look back on fondly long after they have tied the knot and cut their first rug as husband and wife.

Dance lessons can help couples calm their nerves as their first dance approaches.

Wedding Rings Are Symbolic Gestures Of Commitment

Couples adhere to many traditions on their wedding days, including the exchange of wedding rings. Wedding rings symbolize the union of two people and their pledge to remain faithful to each other.

No one is exactly sure just when the tradition of exchanging wedding rings originated, but some say it can be traced back to ancient Egypt, when the oldest recorded exchange of wedding rings was made. Reeds growing along the Nile were twisted and braided into rings and given during betrothal ceremonies. The round ring symbolized eternity, and the hole within the center meant a gateway to things unknown. Since reeds were not very durable, soon ivory, leather and bone were used to

create wedding rings.

As new lands were explored and territories expanded, traditions from one culture were adopted and modified by other cultures. The same is true with wedding rings. According to the Diamond Source, wedding rings were adopted by Romans and incorporated into Western wedding ceremonies. Romans' rings were

highly decorated, and some historians believe wedding rings were given to represent ownership over brides instead of symbolizing love. These rings were made of iron and called "Anulus Pronubus," or "betrothal ring."

Rings have been simplified since those days and ultimately made of many materials. Throughout history, wedding rings were worn on various fingers and even both hands, whereas many married people in Western cultures now wear their wedding rings on the left hand and on the fourth finger. Romans once believed that this finger contained a vein, called the "Vena Amoris," that ran directly to the heart. Though that is not true, the tradition has prevailed.

Other legends say that, when blessing a Christian marriage, priests would bind the marriage by saying, "In the name of the Father, the Son, and the Holy Spirit," simultaneously touching the ring to the recipient's thumb, index finger and middle finger, before slipping it on the fourth finger while saying, "Amen."

Another theory on ring placement is that wedding rings are worn on the ring finger because that finger isn't used as much as the rest of the hand, ensuring delicate ring materials won't be damaged.

Ross Simmons Jewelry states that gold is still the most popular metal choice for wedding rings, but couples are opting for some other metals that are more durable. Platinum is popular not only because it is long-wearing, but it also tends to be the most expensive. It's also a dense metal and can feel heavy in hand. Tungsten carbide is another durable metal that has grown in popularity in recent years. These rings cannot be cut and resoldered, which means it's important to size the rings correctly the first time. Titanium is both lightweight and durable, and it's popular because it is hypo-allergenic, making it practical for those with allergies to other metals.

Wedding rings continue to serve as symbols of a couple's vows and union. Much like the marriage itself, they are designed to last the test of time.

Bridal Guide

Easy Ways To Trim Wedding Costs

Couples planning their weddings realize pretty quickly just how expensive weddings can be. Depending on where couples tie the knot, the costs can stretch into the tens of thousands of dollars, leaving many young men and women to scramble to find ways to trim costs without trimming quality.

Many couples look for ways to cut wedding costs, and couples facing that very dilemma should know that there are several ways to save money but still host the wedding of their dreams.

Guest list

Guest lists can consume a significant portion of couples' wedding budgets. When compiling the guest list, couples should keep in mind that guests will need save-the-date cards, invitations, catered meals (including cocktail hour, dinner and dessert), drinks, and gifts (including hotel gift bags and wedding favors). So

the cost per guest will be more than just the per person cost of the meal couples negotiate with their caterer. Couples who can pare their guests lists down to just family and close friends can save a substantial amount of money without affecting their ceremonies.

Reception

A couple's wedding reception also will chew up a lot of their wedding budgets. But there are ways to reduce the costs of receptions, too. Couples planning on having a morning wedding can shift their receptions from the evening to the afternoon, when the cost per meal will be considerably less. Afternoon receptions also can be alcohol-free, saving couples even more money. If a nighttime reception is a must-have, choose a limited cash bar instead of an open bar. Limited cash bars often provide guests with free beer and house wine while guests who prefer liquor or

mixed drinks must pay for their own libations. If you are planning an outdoor wedding reception, you may even be able to provide your own alcohol, which can save considerable amounts of money.

Couples also can trim reception costs by choosing the least expensive meal package. Packages often differ greatly in price but are not always so different with regard to their menus. If you find the packages offered by your venue are similar, choose the least expensive option.

Arrangements

Floral arrangements are a big and potentially expensive part of many couples' weddings. The bride needs her bouquet, as do her bridesmaids. In addition, many couples decorate their ceremony space with flowers, and of course reception table centerpieces typically include flowers as well. When working with your florist, request in-season flowers, which

will cost considerably less than exotic flowers that are out of season. In addition, let your florist know your budget and ask that he or she recommend flowers that won't break the bank.

Gifts

While it's become customary to prepare gift bags for guests staying in hotels, couples should not go overboard with such gifts. Gift bags need not include more than a snack, a bottle of water and a homemade thankyou card. Couples also should not break the bank with regard to reception gifts, which have also become a standard offering. Keep such gifts simple and inexpensive, even opting for homemade gifts if you and your future spouse are skilled with crafts.

Wedding costs can be eye-opening for couples preparing to walk down the aisle. Fortunately, there are many ways to cut costs without cutting quality.

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing

January 12, 2016

Dust Control Fee Reduced – Council has reduced the dust control fee to \$200 per application for residents. Under the previous policy the County covered 50% of the cost of an application, but Council has set a new policy that has a flat rate of \$200 per application – a savings of 41% compared to last year's cost under the old policy. Residents can apply to have the dust control applied up to two times per year and is available in the spring and in the fall.

Station 12 Rescue Engine -Council awarded the tender for a new rescue engine for Station 12 to Rocky Mountain Phoenix in the amount of \$964,506 dollars. This Rescue Engine is replacing an older engine that reached its lifespan. The new engine will have the ability to provide coverage throughout Yellowhead County. Funding for the engine was included in the 2016 budget. The rescue engine will have a guaranteed 25 year life span, meet or exceed all NFPA standards, and have a lifetime warranty on the water tank.

Borrowing Bylaw No. 1.16 – Council authorized the temporary borrowing limit through Bylaw No. 01.16. This bylaw provides temporary borrowing authority and provides the County the ability to have a line of credit.

January 26, 2016

County Business Visitation Program – Community Futures West Yellowhead gave a summary of the 2015 Yellowhead County Business Visitation Program. Community Futures interviewed 147 Yellowhead County businesses. One of the main goals of the study was to identify major themes and urgent issues that are impacting rural businesses. The report gives a snapshot of businesses currently operating in the County including oil & gas; tour-

ism; and service and professional industries. The study was done by one-on-one short visits with local businesses in 2015.

Cadomin & Robb Street Improvements Contract – Council is in agreement, in principle, with the extension of the 2015 Cadomin & Robb Street Improvements contract with E Construction Ltd to include the County's 2016 miscellaneous paving works. Administration will prepare an extension agree-

ment.

Joint Sale of Edson Property - The County will sell their portion of two properties, jointly owned with the Town of Edson, as they are not currently needed as a resource by the County. The County's portion of the properties is currently appraised at \$128,500. The original cost to the County was approximately \$63,000 for the properties.

Brule Communication Tower Lease - Council renewed a 5 year lease for a small area of land in Brule to Morad Communications Ltd. at a rate of \$344.70 per year. A communications tower that provides internet and mobile service to the hamlet and area is currently located on the site.

The next Council Meetings are February 9 & 23, 2016. The next Committee of the Whole Council Meeting is February 16, 2016. All meetings start at 9:30 a.m. in the Council Chambers.
