Esten Christensen Honoured by the Community

Continued From Page 1

This dedication to his community is known to have started in the early fifties, when he acted as a race marshal at the Victoria Day picnic footraces.

Esten's contribution to Magnolia is truly marvelous. He has played guitar for dances and early jamborees, and has served on the community club board for decades. He was involved in the decision to replace the Magnolia hall, some 40 years ago, and helped design, fund, build and upgrade the now existing hall. At community functions, he has manned

the door, prepared vegetables, peeled potatoes and served as barbeque chef.

The Magnolia Cemetery would not be as well-kept and maintained if Esten had not been involved. He has contributed in every area, most recently organizing the re-fencing of the site.

He has also served three terms as the division 6 councilor for Parkland County.

Esten's passions have been baseball, softball, and slow-pitch, and this is the primary reason we have a ball club and the ball diamond at the Magnolia hall site. Esten was involved with the design

of the grounds, organized the installation of the outfield fence as well as the construction of the bullpens, along with managing the donation to cover the cost of those bullpens, and successfully approached at least one outside organization for sports donations. He also built a drag to help keep the infield in shape. He has also been heavily involved with the Slow Pitch supper, obtaining the steaks, and providing help for the rest of the supper for many years.

Also, for years, Esten has cut, bale and remove the hay on the camping area for the visitors to the annual ball tournament.

Esten has also been on the board of the Magnolia Community Club and the Magnolia Cemetery for numerous years and has been an inspiration for volunteering and commitment in general to all of us in the Magnolia community. His many contributions will be remembered in Magnolia and the surrounding areas.

The community has honoured Esten by presenting him with a memento, and by dedicating the ball diamond in his name. The sign presented to him in the picture will be installed near the entrance to the ball diamond area at the Magnolia hall in the spring of 2016.

Health Services**

March is Nutrition Month! Dietitians in Alberta Health Services across the province are inspiring Albertans to Make a Change: One Meal at a Time. Are you ready to improve your health? Now is the time to make small changes at mealtimes that can have big results. To help make these changes easier, dietitians have put together Nutrition Month tips and ideas. To get started, try one or more of these small changes:

Boost your Breakfast with Fibre and Protein.

A nutrient-packed breakfast will help you get through the morning. How can you boost the fibre and protein in your breakfast?

- Choose whole grain cereals, breads and tortillas.

- Look for cereals and breads that have two grams or more of fibre per serving.

- Try items such as yogurt, cheese, meat, eggs, peanut butter, nuts, seeds, or cooked beans or lentils.

Make healthy lunch a habit. A healthy lunch provides much needed fuel and nutrients to help you focus during your work day.

Some easy time-saving tips for lunches are:

- Pack up supper leftovers for ready-to-go lunches.

- Wash and cut up vegetables and fruit the night before. Put into small plastic containers or bags.

MP JIM EGLINSKI ELECTED VICE-CHAIR OF ENVIRONMENT AND SUSTAINABLE DEVELOPMENT (ENVI) COMMITTEE

Submitted by Jim Eglinski, MP - Yellowhead

On February 4th, I was honoured to be elected Vice-Chair of the House of Commons Standing Committee on Environment and Sustainable Development. As Vice-Chair, I will support the Chair of the committee and Chair

meetings when necessary.

The Standing Committee on Environment and Sustainable Development studies the programs and legislation of Environment Canada, Parks Canada and the Canadian Environmental Assessment Agency as well as reports of the Commissioner of the Environment and Sustainable Development.

This is a very important committee and I am very pleased to have been elected as the Vice-Chair. In the past I have served as a member of the Human Resources, Skills and Social Development and the Status of Persons with Disabilities, as well as the Citizenship and Immigration Committee.

I am looking forward to my new

role as Vice-Chair of the ENVI Committee. I would also like to congratulate MP Deborah Schulte on her election as Chair and MP Nathan Cullen on his election as Vice-Chair.

For more information please visit; <http://www.parl.gc.ca/Committees/en/ENVI>

Make a Change: One Meal at a Time

Continued From Page 4

- Change it up. Sandwiches, wraps and pitas are quick and healthy lunch options.

Dish up a Healthy Dinner Plate. When deciding what to have for dinner, use Health Canada's Eat Well Plate. The Eat Well Plate recommends:

- Fill half of your plate with vegetables and fruit.
- Include different whole grains such as whole grain rice, barley, couscous, quinoa at each meal.
- Choose lean meats or meat alternatives.

Enjoy your Meal Experience. How you eat can be just as important as what you eat. Focus on your meal and the people you are eating with.

- Slow down to make time for meals. No matter how busy life gets, make meals a priority.

- Turn off all devices! Make meal times a screen-free zone (no television, phones, computers, tablets or toys at the table). Eat together. People eat better when they eat together. Sharing meals helps people connect with each other.

By taking some small steps, you can Make a Change: One Meal at a Time to improve your eating, nutrition and health. Make your healthy habits last a lifetime. Happy Nutrition Month!

RIDING UPDATE – WEEK OF FEB 29, 2016

Submitted by Jim Eglinski, MP – Yellowhead

Parliament was down the week of February 29th. During my stay in the riding, I spent a considerable amount of time meeting with constituents in my Edson office on issues varying from the Energy East Pipeline, to coal issues, trade issues, as well as a future plan to design

and construct a new hostel facility in Jasper National Park. I also participated in a conference call with the Environment and Sustainable Development Sub-committee to discuss future committee business.

While in the riding, I attended a Town Council meeting in Thorsby, a meeting with community business leaders in Drayton Valley, and our local Yellowhead EDA, AGM.

The week ended promoting the upcoming Farm Safety Week (March 13 – 19). This year, it will emphasize protecting our children from the dangers associated with growing up on a farm. Tune into your local radio station to hear more.

On March 6th I will be headed back to Ottawa where I will meet with various organizations, as well as attend committees and events.

This will be a very busy week and I look forward to reporting back to you. If anyone is in Ottawa, please do not hesitate to contact my Hill office and I will be more than pleased to meet with you, organize a tour of Parliament and/or obtain passes for those wishing to attend Question Period.

PARLIAMENT UPDATE – WEEK OF MARCH 7

Submitted by Jim Eglinski, MP – Yellowhead

This week in Parliament, we covered topics from income tax, to citizenship and immigration.

- The Liberal Government's Motion on Canada's contribution to the effort to combat ISIL was passed in Parliament. This officially confirmed the recall of our fighter jets.

- Bill C-2, An Act to amend the Income Tax Act, was debated this week. This bill will adjust tax rates and reduce the annual contribution limit for tax-free savings accounts from \$10,000 to only \$5,500.

- As well, Bill C-6, An Act to

amend the Citizenship Act and to make consequential amendments to another Act, was debated. This bill will make several changes, including removing the grounds for the revocation of Canadian citizenship that relate to national security.

- A new Government bill was introduced -- Bill C-7, An Act to amend the Public Service Labour Relations Act, the Public Service Labour Relations and Employment Board Act and other Acts and to provide for certain other measures. Under this bill, more than 17,000 Mounties will be permitted to form a national union but will not have the right to strike.

- Conservative MP Arnold Viersen tabled his Motion (M-47) regarding online violent and degrading sexually explicit material.

- The Government tabled their 2016 Immigration Levels Plan which includes massive cuts to immigration streams vital to our economic growth. For more information, please see: <http://news.gc.ca/web/article-en.do?nid=1038699>

- This week, the Environment and Sustainable Development Committee (ENVI) began a review of the Canadian Environmental Protection Act, 1999. We heard from senior officials from Health Canada, Environment Canada, Ecojustice Canada,

da, Environmental Defence Canada, and the Chemistry Industry Association of Canada. You can follow the committee at: <http://www.parl.gc.ca/Committees/en/ENVI>

- For more details on bills before Parliament, please see: <http://www.parl.gc.ca/LEGISInfo/Home.aspx?language=E&ParliamentSession=42-1>

Throughout the week, I attended 17 meetings and four events. The House will be down the week of March 14, and my next update will be on my travels in the riding before I return to Ottawa on March 20th.

THE BUZZ ON BEEKEEPING – INTERMEDIATE COURSE

Submitted by Stefan Felsing

Yellowhead County Agricultural Services is now offering an intermediate beekeeping course to compliment the Beekeeping Basics courses that were held in 2015. The Buzz on Beekeeping will go over the several main facets of beekeeping. "Patty Milligan who taught the Beekeeping Basics Courses will be joining us again, this time to dive deeper into the aspects of what it really takes to be a beekeeper," explains Yellowhead County's agricultural services coordinator Melissa Marquis. "This class is meant for those who attended one of our beginner courses in 2015, or for those who have already tried their hand at beekeeping and need some more information."

The Buzz on Beekeeping will go over: spring and fall management; dealing with swarms; splitting hives; problems with queens; detailed steps for registering your bees; diseases; details about the harvest; and the time frame. This class is only recommended for those who have previously taken a beginners course; have tried beekeeping in the past; or for those who are currently beekeeping. Attendants with 1 – 3 years of beekeeping experience will benefit the most from this intermediate course.

The course is being held on Sunday April 24th, 2016 from 12:00am to 6:00pm at the Peers Multiplex. Snacks and refreshments will be provided throughout the day. The cost to attend is

\$15.00/ person. Please register for this course early as space is limited.

Please Pre-register before April 11th, 2016. For more information or to register please

contact the Yellowhead County Wildwood Office at 1800-814-3935 or 780-325-3782.

PROVINCE SEEKS PUBLIC INPUT ON PHYSICIAN-ASSISTED DEATH POLICIES

Submitted by Government of Alberta

The Government of Alberta is seeking the input of Albertans to help develop policies to protect the interests of patients, health-care workers and vulnerable individuals in response to the Supreme Court of Canada ruling that physician-assisted death will be a legal right in some cases as of June 6, 2016.

"As the government determines what changes are needed to align with the Supreme Court decision, we want to consult with Albertans. I am very pleased that Associate Minister of Health Brandy Payne, along with Dr. David Swann and Dr. Bob Turner, have agreed to hear from Albertans on this sensitive and deeply personal issue."

Sarah Hoffman, Deputy Premier and Minister of Health

The Advisory Committee on Physician-Assisted Death is tasked with seeking input from Albertans on topics such as age eligibility, location and type of services, advanced directives, reflection period, and whether publicly-funded institutions may opt out. The Committee will engage with stakeholder groups, health-care providers and advocates, and members of the public.

All Albertans are encouraged to share their views via an online survey by March 31, 2016.

"This consultation will consider important and sensitive issues around how we can provide access to physician-assisted death, while protecting vulnerable Albertans and respecting the rights of physicians and other health professionals. We need input not just from legal and medical experts, but also from patients, families and caregivers."

Brandy Payne, Associate Minister of Health

SAFETY CODES SERVICES

Commencing April 1, 2016, the Safety Codes Services of the Planning & Development Department will offer one-stop shopping for all construction permitting and inspections. Safety Codes Services will provide services and advice essential to see the safe and successful completion of all construction projects within Parkland County.

Safety Codes Services is the approving authority for the construction, renovation or addition of all buildings or structures in Parkland County. Safety Codes Services administers Provincial safety codes legislation and all applicable codes, regulations and standards. It is the responsibility of Safety Codes Services to review and process all building, electrical, gas, plumbing and private sewage permit applications, issue permits, and conduct site inspections.

Effective April 1, 2016, all new permits and inspection services will be performed by Parkland County inspectors and no longer be completed by Superior Safety Codes.

Please book all inspections through Parkland County at 780-968-8472.

NOTE: Any Electrical, Gas, Plumbing and Private Sewage permits issued prior to April 1, 2016, will continue to be inspected by Superior Safety Codes Inc. (but booked through Parkland County).

BILL C-2, AN ACT TO AMEND THE INCOME TAX ACT

Submitted by Jim Eglinski, MP – Yellowhead

Bill C-2, 'An Act to Amend the Income Tax Act', is flawed. One example is that it proposes to roll back the maximum Tax-free Savings Account (TFSA) contribution. The TFSA was an initiative that our government brought in several years ago, the most important savings vehicle that Canadians have seen since the advent of the RRSP. It has been incredibly popular and it was well received by Canadians from all income brackets. What the tax-free savings account does is offer a little bit of a shelter against the negative impacts of inflation when it comes to paying taxes, as one would not have to pay tax on that fake growth. It protects all of the growth, both inflation and real growth, from the tax man. When did it become wrong for Canadians to have the ability to save more of their hard-earned money tax free?

In this Bill, the Liberal Government is planning to reduce the TFSA contribution limit from \$10,500 to \$5,500. I realize that not all Canadians would be able to contribute the full amount each and every year, but the TFSAs have been structured so that there is a carry-over element. If one cannot max out their contributions in one year, they do not lose it the next year.

Prime Minister Trudeau believes that having a tax-free savings account will only benefit the rich and will be paid for by the next generation of Canadians. Really? Here we have a Prime Minister who is saddling the next generation of Canadians with billions of dollars in new debt, and he is worried about people having too much money in their savings account!

Canadians deserve better!

TRANSIT WILL BE A REALITY IN ACHESON ON APRIL 25

Submitted by Parkland County

Parkland County is excited to announce the introduction of transit service to the Acheson Industrial Area beginning on Monday, April 25, 2016. This service has taken months of work, as well as the establishment of partnerships with the Cities of Edmonton and Spruce Grove.

Transit service to the Acheson Industrial Area was originally requested by the Acheson Business Association (ABA) to better serve those who work in the area as well as to increase the attractiveness of the area to future employees and businesses. After many studies, reviews, and considerations, Parkland County Council established the Acheson Industrial Park Transit Implementation Committee, with both the ABA and representatives from three Acheson businesses as active participants.

The committee's recommendation was that Council direct Administration to prepare a detailed transit plan, draft an agreement with the City of Spruce Grove to implement a transit service for the Acheson Industrial Area as presented, and prepare a transportation public utility bylaw to pay for the cost of providing that service. Council concurred with the committee's recommendation and approved a two-year pilot of transit service to Acheson.

Through this process, Parkland County remained committed to community consultation and public participation and is very pleased that the ABA attended several meetings with County staff in advance of a public meeting held on December 12, 2015. While a bylaw of this nature did not require a public meeting, Parkland County Administration felt strongly that a public meeting should be held to provide residents and businesses with the opportunity to share their comments with Council.

The public meeting was advertised in the local newspaper one week in advance. Out of over 300

businesses in the Acheson area, only one submitted a written response against the bylaw.

At that December 2015 meeting, Parkland County Council passed the necessary motions to make transit a reality for the businesses of Acheson Industrial Area.

Utilizing the existing Spruce Grove commuter transit service to Edmonton, Parkland County is able to offer a low cost service for the two year pilot project. Three empty Edmonton Transit bus-

es destined for Spruce Grove on weekday mornings will now connect NAIT and Westmount Transit Centres to Acheson. There will be three return trips in the afternoons available to offer the riders a return trip to Edmonton from Acheson.

The transit fares for the riders are the same as the Spruce Grove commuters:

- \$6.00 cash fare (exact change required)
- \$48.00 for 10 tickets
- \$130.00 monthly pass

The cost of the transit service is paid for through riders' fares and a public transportation utility charge. The utility charge is paid by all industrial lots in the service area.

Please direct any questions or comments about the Acheson Transit service to the Erin Felker, Parkland County Transit Coordinator. Phone 780-968-8888 or email efelker@parklandcounty.com.

ENTWISTLE SCHOOL NEWS

Submitted by Les Worthington, Principal

The temperature seems a little too good to be true. I guess we'll have to wait and see what Mother Nature has in store for March! Highlights from February include:

- The boys' basketball team completed the regular season with a record of 7-1! This earned them a home playoff game on Tuesday, March 1st. Come on out and cheer on the Entwistle Eagles.

There is a concession and halftime paper airplane throwing contest!

- Students in grades 6-9 completed round two of Career and Technology Foundations at Seba Beach School.

- Power Off Predators presentation was well attended. Included in this month's newsletter is the contract between parents and child. Thanks again to NCSG for sponsoring!

Mark your calendars:

- Spring Break begins Friday, March 25th. Classes resume Monday, April 4th.

- Check the calendar. March is a very busy month!

If you should ever have any questions, comments, celebrations or concerns please feel free to email (lworthington@psd70.ab.ca) or call me (780-727-3811) at any time.

HOW TO HANDLE CAR TROUBLE WHILE DRIVING

Sudden car trouble is something no driver wants to experience, but many a driver has been driving down the highway

only to feel his or her vehicle start to sputter. Such sputtering might indicate a car is running low on fuel, or it could be a sign of something more serious that requires motorists to think as quickly and safely as possible.

When car trouble strikes while a vehicle is on the road, the first thing many drivers do is check their fuel gauges. A car that runs out of gas is certainly inconvenient, but if you can pull over to the shoulder or make it to the nearest filling station, then this unfortunate situation can be remedied rather easily. But when a car's tank is full and it is still

showing signs of trouble, drivers must take steps to protect themselves, their passengers and their vehicles. The following are a few simple tips motorists should keep in mind so they can safely handle any car trouble that may arise while they are out on the road.

- Keep a first-aid kit, spare tire and tire jack in the car at all times. Flat tires are no fun, but they are even more of a nuisance when drivers are not prepared to address them. Always keep a jack and spare tire in your car, even if the spare is a donut you can temporarily use to replace a flat tire until you make it to a filling station or automotive supply store. As an added safety measure, keep a fully stocked first aid kit in your vehicle in case you cut yourself while changing the tire or need to address another medical situation. Visit www.redcross.org for a list of items to include in your automotive emergency kit. Keep a blanket in the trunk as well so your passengers can stay warm should you experience car trouble on a cold day or night.

- Make note of your surroundings. Some car troubles can only be fixed by the professionals, so pay careful attention to your surroundings in case an issue arises and forces you

How To Handle Car Trouble While Driving

to pull over and call for help. Always pay attention to mile markers and any landmarks that might help you describe where you are. Car troubles can strike at any time and anywhere, so be sure to pay special attention to your surroundings when driving in unfamiliar areas.

- Pull over. Don't panic if an issue arises suddenly. Remain calm and pull over onto the shoulder. The right shoulder is the area for pulling over on most roads, but you may also use the left shoulder on multilane highways with medians. Try to get as far away from traffic as possible without driving off of level ground, and always use your signals when pulling onto the shoulder. If the vehicle can't make it to the median, put your emergen-

cy flashers on and get out of the car, moving away from both the vehicle and traffic. Immediately call for emergency roadside assistance, alerting the authorities if need be.

- Use flares or triangles to alert other drivers. So long as you are not risking your well-being, you can place flares and/or warning triangles behind your vehicle so oncoming traffic knows to drive around it. The popular not-for-profit motor club AAA recommends placing the first flare or triangle 10 feet directly behind the side of the vehicle that is closest to the road. The second should be placed between 30 and 60 feet (increase the distances as the posted speed limit increases) behind the middle of the bumper, while the third

flare or triangle should be placed between 120 and 360 feet behind the vehicle's right side.

- Stay with the vehicle. Once you have called for help and set up flares or triangles, stay with the vehicle, though do so at

a safe enough distance so you are not in harm's way.

- Sudden car troubles can be scary, but drivers who approach such issues calmly and quickly can reduce their risk for accident or injury.

HOW DRIVERS CAN ENHANCE NIGHTTIME VISIBILITY

(MS) - Many drivers are considerably less comfortable driving at night than during the day. Even though roads tend to be less congested when the sun goes down, reduced visibility at night can compromise the safety of drivers and their passengers.

Statistics indicate that drivers' fears of driving at night are not unwarranted.

According to the National Safety Council®, traffic death rates are three times greater at night than during the day, and the anxiety many drivers feel when behind the wheel at night no doubt contributes to nighttime driving fatalities. But drivers who take steps to enhance their nighttime visibility may feel more comfortable driving at night, making the roads safer for themselves, their passengers and their fellow motorists.

· Turn your headlights on earlier. Daytime running lights can make it easier for drivers to be seen during the day, but they are not designed

for nighttime driving. If you find yourself struggling to see as evening transitions into nighttime, turn your headlights on earlier or use your car's automatic switch setting if it has one.

· Prioritize headlight maintenance. Headlight maintenance is often overlooked, but properly maintained headlights can go a long way toward improving driver visibility at night. Check your headlight bulbs. If they are more than three years old or dimming, it would be a good idea to replace them to ensure the best performance. Headlamp clouding is also an issue. Plastic headlamp lenses, which are common on most vehicles, grow hazy and yellowed over time from the effects of sunlight, ozone, road pollution, and wash chemicals. While many motorists accept this as inevitable wear and tear, clouding reduces headlight output and compromises nighttime visibility. Designed to restore plastic lenses in less than 30 minutes, the Philips

Headlight Restoration Kit quickly and effectively combats clouding on headlights as well as taillights, turn signals and reflective lens covers, improving driver visibility while also making cars more visible to other drivers. In addition, the Philips Headlight Restoration Kit employs a protective UV coating that produces longer lens clarity while preventing future clouding for up to two years.

· Take steps to fight fatigue. The National Highway Traffic Safety Administration estimates that driver fatigue contributes to 100,000 reported traffic accidents each year. Drowsiness is a concern for any motorist driving at night for long periods of time, as heavy eyes can make drivers less alert and less likely to see fellow motorists, pedestrians or animals. When driving at night for long periods of time, take periodic breaks so you can get out of the car and revive yourself with a quick walk and some fresh air. In addition, avoid smok-

ing while driving, as the NSC notes that the nicotine and carbon monoxide from tobacco smoke can further compromise nighttime vision.

· Upgrade your headlights. According to a recent study from the automotive club AAA, the halogen headlights found in more than 80 percent of vehicles on the road today fail to safely illuminate unlit roadways, even when vehicles are moving at speeds as low as 40 miles per hour. The solution for this problem is simple: Put more light on the road. There is new bulb technology available to help you do just that. Philips Upgrade Headlight Bulbs can deliver up to 100 percent more light on the road than standard halogen bulbs. They also create a better beam pattern for the drive, greatly improving nighttime visibility.

YELLOWHEAD COUNTY RECREATION BOARD GRANT APPROVALS

Submitted by Stefan Felsing

The next grant application deadline is March 31, 2016, with the Yellowhead County Recreation Board's next meeting to be held on April 18, 2016.

On Monday, January 25, 2016 the Yellowhead County Recreation Board held their Regular Meeting and administration is happy to announce that the following funding requests were approved by the Board:

Brule Community Society: received \$5,000.00 in Arts & Recreation Initiatives Funding for the phase 1 development of their bike park. Work is slated to begin in the spring of 2016 and will focus on the development of fundamental biking skills through a series of beginner trails.

Brule Community Society: received \$347.61 in Community Hall Capital Assistance Funding to assist with costs related to replacing three toilets within their community hall.

Carrot Creek Community Association: received \$9,468.75 in Community Hall Capital Assistance Funding to help with the purchase and installation of three new furnaces for the community hall as well as the disposal of their existing units.

Drostan Community Association: received \$331.48 in Recreation Program/Event Funding for costs related to the Christmas Party. The event featured a variety of activities including: potluck snacks, cookie decorating, Christmas crafts, horse and sleigh rides as well as an appearance from Santa. Each child in attendance also received a book and a goodie bag.

Lobstick Literacy & Learning Society: received \$2,000.00 in Recreation Program/Event Funding for their "Senior's Chair Exercises Program" being offered in Wildwood. This class is intended for older adults and is focused on improving strength, flexibility, mobility and balance, improve social and emotional wellbeing as well as to help maintain participant cognitive functions through complex exercises.

Pinedale Agricultural Association: received \$2,921.50 in Community Hall Capital Assistance Funding to help purchase new ap-

pliances for their hall. New appliances will include a fridge, freezer, stove and hot water tank.

Rosevear Pioneer Community Club: received \$5,411.70 in Community Hall Capital Assistance Funding for the purchase of 120 new chairs for their hall. These new chairs will provide a fresh new look for the hall and will also be safer and more comfortable for users.

Royal Canadian Legion #196

Evansburg: conditionally received \$10,000.00 in Community Hall Capital Assistance Funding for the purchase and installation of a new heating/cooling system for their hall.

The Legion has also applied for Community Facility Enhancement Funding (CFEP) from the province for \$24,000.00 to help offset these costs. These upgrades should provide a more comfortable facility for

user groups and allow the Legion to promote the venue for more events and functions.

If you have any questions or are in need of any help with filling out and completing your application, contact Yellowhead County Recreation/Parks Supervisor, Crystal McNernie at (780) 723-4800 or 1-800-665-6030.

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing

Peers Lagoon Upgrades Tender – Council awarded the tender for the Peers Lagoon Upgrades to BTO Contracting in the amount of \$526,996.50. BTO Contracting's submission was the lowest of the accepted bids. The work to be done includes the construction

of a new cell, raising the berm height, and constructing a truck dumping site.

Regional Waste Management Budget – West Yellowhead Regional Waste Management Authority's 2016 Capital & operating Budget were formally adopted by Council. The Regional Authority is comprised of Yellowhead County, Town of Edson,

Town of Hinton, and Town of Jasper.

Cessation of Train Whistle Request – Yellowhead County received a letter from a resident requesting the County to contact CN to stop the train whistle from blowing at the Leaman Road railway crossing near Chip Lake. Council will wait until the CN requirements are known before considering the request to stop the train whistle from blowing at this crossing.

Rezoning For Industrial Development – First reading was given to Bylaw 05.16. The bylaw would rezone an area near Evansburg (SW of 19-53-07-W5M) from Rural District to Rural Industrial District. This rezoning allows for the expansion of current industrial developments and aligns with the Evansburg Area Structure Plan. A Public Hearing will be held on April 12, 2016.

Road Closure Allows for Con-

solidation – Council passed Bylaw 26.15, allowing for the closure of 1.643 acres of road plan, perpendicular to Hwy 16 near the Jasper Park gates. The road closure allows for the adjacent landowner to purchase the property and consolidate it with his property. No concerns were brought forward regarding the road closure bylaw at a Public Hearing.

Amendment To Bylaw – Council amended Bylaw 19.15 to allow a recent road closure north of Evansburg to be registered at Alberta Land Titles. The closure allows the unused road to be consolidated with the adjoining property. A Public Hearing was held prior to Council passing the initial bylaw.

The next Council Meetings is March 22, 2016. The next Committee of the Whole Council Meeting is March 21, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

QUALITY SALES & SERVICE OF:

- DISTILLERS
- SUBMERSIBLE PUMPS
- SEPTIC & JET PUMPS
- PIPE, WIRE & FITTINGS

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
