MP EGLINSKI ON MEDICAL ASSISTED DYING LEGISLATION

Submitted by Jim Eglinski, MP – Yellowhead

Bill C-14, Medical Assistance in Dying was introduced in Parliament on April 14th.

The legislation states that there should be a choice of medically-assisted death for adults who are suffering intolerably and for whom death is reasonably foreseeable. Those eligible to seek that help must be mentally competent, 18 or older, have a serious and incurable disease, illness or disability and be in an advanced state of irreversible decline in capability.

The dissenting report by Members of Parliament from the Conservative party included recommendations to exclude minors, include stringent safeguards to protect those with underlying medical health challenges; and recognize the risks involved with advanced directives. All of these recommendations were included in Bill C-14.

I will be studying the complexity of this legislation, particularly the protection of vulnerable populations bearing in mind the responses I have received from many of my constituents. I look forward to participating and listening to the debate at second reading.

WILDFIRE HAZARD INCREASED TO VERY HIGH IN YELLOWHEAD COUNTY FIRE MANAGEMENT AREA

Submitted by Stefan Felsing

(April 18, 2016)

Wildfire Hazard Very High

Over the weekend crossover conditions were reached. The wildfire hazard has increased to VERY HIGH in the Yellowhead County Fire area. Warm temperatures continue and winds are stronger than initially forecasted. Winds 20 km/h gusting to 40 are expected today.

Postpone any burning until winds diminish. Remember to check the conditions on your

burn permit. Areas of exposed, dried grass are extremely dry and under these windy conditions a wildfire will spread rapidly. Call 911 to report any fires.

A Fire Advisory continues to be in effect for the Yellowhead County Fire Management Area.

• Fire permits for machine-piled, heavy brush piles, windrows and root piles will NOT be issued until the advisory is lifted.

• All existing fire permits are still valid.

• Fire permits will continue to be issued for burn barrels and

smaller, hand-piled brush piles. • Safe campfires are allowed.

The Wildfire Hazard Advisory will continue to be in effect as long as the current conditions continue. Agriculture and Forestry has issued a similar Advisory in the Provincial Green Zone.

rebeccapawlechko@gmail.com www.rebeccapawlechko.vpweb.ca tion information in the crowded online environment. Common questions, concerns and information requests about vaccine safety, immunization and immunity have all been incorporated into a simple website parents can trust.

In addition to arming children against disease, immunization is also important for adults. Benefiting people of all ages, immunization not only protects individuals – it also arms our communities against disease. As more people are immunized, the risk of disease for everyone is reduced.

Adults need booster doses throughout their lifetime, and people may also need additional vaccines if they have certain health conditions, risks or are travelling out of country.

For more information about immunity, immunization, and how to protect your family, visit www.immunizealberta.ca or call Health Link at 811.

APRIL IS NATIONAL ORAL HEALTH MONTH

Do you have gum disease? Statistics show that over 70% of the adult population has gum disease. You might be unaware that you have gum disease since it is painless. In its early and moderate stages, you may notice your gums bleeding and a bad smell in your mouth. Do not ignore these symptoms! In the severe stage of gum disease, you may notice your teeth moving or shifting. Unfortunately, some people lose their teeth to gum disease. Only regular oral examination can reveal if you have gum disease.

Gum disease is caused by bacteria that doesn't like oxygen. It hides in the depths of the gums and destroys the bone and gum that supports your teeth. Since the bacteria in our mouth enters the blood circulation and spreads in the body, gum disease has been identified as a risk factor for various health problems like heart attack, diabetes, pneumonia, cancer, Alzheimer's, osteoporosis, rheumatoid arthritis and low weight or premature babies.Yes, the health of your mouth impacts the rest of your body! Having your teeth cleaned regularly can help you control your blood pressure and your blood sugar.

At Karo Dental Care, we screen all our adult new patients for oral cancer with the help of a fluorescent light. Even people who wear dentures can benefit from having their soft tissue checked yearly for oral cancer.

Karo Dental is on the top floor of Karo Centre which is right next to Sobeys in Spruce Grove.We have 4 general dentists and 4 registered dental hygienists who would be happy to have the opportunity to meet you and help you along the road to oral health. Our office is also wheelchair accessible. If you would like to know more about us, please feel free to give us a call, or visit us on our website at www.karodental.ca

Summer Village of Seba Beach EMPLOYMENT OPPORTUNITY

The Seba Beach Public Library is accepting applications for a bright, enthusiastic, creative, energetic and reliable person to assist with the Children's Library Summer Program as well as general library duties. Applicants should be available during the later part of June for planning and preparation, with the program running July through August. If you are at least 16 years of age and you are eager to learn new skills and uncover your leadership ability then consider this opportunity. Previous experience working with children and a current first aid certificate would be an asset.

Salary: Deadline for applications:

\$12.00 per hour. May 6th, 2016.

Submit resume to:

Seba Beach Public Library Summer Position Box 159 Seba Beach, Alberta TOE 2B0 or fax to 780-797-3800 E-mail: sebabeachlibrary@vrl.ab.ca

NATIONAL RAILWAY **SAFETY WEEK**

Submitted by Dean Solowan

Rail Safety Week is April 25-May 1, Here at CN we are especially focused on the message "see tracks, think trains." Every year we see far too many injuries and fatalities as a result of poor decisions. Here are some helpful tips to keep in mind:

Railroad tracks and bridges are private property, and any unauthorized person who is on railway property which is not designated as a crossing, is committing an offence under the law. Too often the penalty paid is death. If caught, you could receive a fine of \$287.00 with mandatory court. Trespassing also includes operating any type of All Terrain Vehicle on or next to the railway tracks.

Walking near the railway tracks with headphones, or any other audio device will interfere with your ability to hear an approaching train. A train travelling 105km/hr will take up to 2km to stop - that's more than 18 football fields!

Many photographers don't even know that trespassing on railway property is illegal. For example by attempting to get this enticing train track "wedding shot", you and your clients are putting yourself in danger.

The emergency phone number 1800-465-9239 is an important number to remember. This number is displayed on a bright yellow sticker on every cross buck or electronic drop gate. This phone number with detailed information about the location can be used to report suspicious activity, trespass or railway related concerns

Remember, when it comes to trains: Stay off! Stay Away! Stay Safe!

For more railway safety tips go to www.cn.ca/railsafety

EMPLOYMENT **OPPORTUNITY**

WABAMUN PUBLIC LIBRARY IS SEEKING A SUMMER PROGRAM COORDINATOR

This position is open to a student currently attending high school, community college or university and is planning to return to school in the fall of 2016.

April 19, 2016 Community Voice Page 5 DARWELL PUBLIC LIBRARY NEWS

Submitted by Sandra Stepaniuk, Library Manager

Here is an update on the library expansion. Things are progressing and we are nearing the lock up stage. We are hoping to have a usable space in time for the Summer Reading Program in July and August 2016. As expected with construction, you tend to run into a few unforeseen challenges so we will be doing some more fund raising to facilitate the completion of the building. Currently available are a few Logo Travel Mugs at \$ 20.00 and Logo Enviro Shoppers at \$ 5.00 each; with your purchase of a travel mug or enviro shopper \$ 15.00 and \$ 2.50 respectively will go towards the library expansion, watch for more fundraising events information to follow in future articles.

Preschool Story Time continues Monday mornings, except holidays, from 10:00 to 11:00 AM at the library until May 30, 2016. . This is a barrier free program designed to promote early literacy and gives preschool children and their parents/guardians an opportunity to explore a love of reading in a non-judgmental and supportive environment. So mark your calendar and join us for stories, crafts and a snack. Parent/guardian participation is mandatory. This is a free drop in program so pre-registration is not required.

The Colouring Club for all ages continues as an ongoing, free, drop in program during regular library hours. We supply the materials (or you can bring your own); coloring pages, crayons, and markers and you supply the inspiration. Bring a friend, relative or just yourself, create, relax and see what the craze is all about. We have had a couple of requests to formalize the colouring club so that people can learn new techniques such as shading and adding dimension, etc. to your colouring. If you are interested in participating or have the skills to teach others, please contact the library as we are looking at formalizing this program in the fall of 2016.

Wednesday evenings is Family Games Night at the library. We have a selection of games for all ages and encourage you to drop by for some good old fashioned fun and refreshments. This is a drop in program so registration is not required.

The Book Club will be meeting on Monday, May 2, 2016 at 7:00 p.m. to discuss "13 Ways of Looking at a Fat Girl" by Mona Awad. Do you love to read? Do you like to discuss what you have read with others? We have a few open spots and are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

Registration is now open for our Mother's Day Craft session on Wednesday, May 4, 2016 running from 3:30 to 5:00 p.m. This program is open to children 6 years of age and up and we will have two options to create a beautiful décor canvas craft for mom. The maximum spots available are 15 so we encourage you to pre-register early so you won't be disappointed. The cost is \$ 2.00 per person and a snack will be provided. We would like to remind all parents that it is your responsibility to get your children to and from this event.

The next Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, May 13, 2016. We will be showing the pre-release "G" rated title "Zootopia". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission is \$ 2.00 and a concession will be available. See you there! All of our programs are sponsored by The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The Darwell Public Library Society will be holding their Annual General Meeting followed by the regular meeting on Monday, April 25, 2016 starting at 7 pm. Meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

SPRUCE GROVE SAINTS PLAYOFF HOCKEY

Submitted by Gord Montgomery

As we are sure you're aware, there is only one team left in the Capital Region playing hockey that matters - the Spruce Grove

The Saints will enter the Alberta Junior Hockey League's Gas Drive Cup Championship round for the seventh straight year starting this Friday evening, when they play host to the Brooks Bandits in the league fi-

The Saints have advanced to this point suffering only one loss in nine games on the playoff highway while the Bandits have yet to lose a contest through two rounds, meaning they're on an 8-game unbeaten streak.

These were the top two teams in the AJHL this past season so this series should provide playoff hungry hockey fans with lots of speed and scoring, along with some great physical play. The action all gets underway on Friday, April 15 at 7 p.m. at the Grant Fuhr Arena in the Grove.

Game Two will go the next night, same time, same place before the series shifts to Brooks for the third and fourth contests. If a fifth game is needed, it will be back in the Grove on Friday, April 22 and if the series goes the limit, that game will also take place in the Grove on Tuesday. April 26.

For the fans' convenience, the entire seating area and lounge at the Grant Fuhr Arena are licensed for alcohol consumption. And even better yet, parking is free!

For any further inquiries, please contact Shaun Collard at the Saints office during business hours at 780-960-6326.

April 10-16.

I spent the latter half of the week in Lethbridge attending the funeral service for my former colleague, MP Jim Hillyer. Mr. Hillyer passed away in Ottawa on March 23, and he leaves behind a wife and four children.

During the second week, I met with several key leaders of communities and industries. In Edson, I had the opportunity to speak with a company working on a renewable energy storage project in the riding. I also met with Edson Mayor, Greg Pasychny, as well as several representatives of the community concerning the viability and future of the Edson Air Cadets squadron. I believe this is a fantastic opportunity for youth and I would highly recommend it to anyone looking to get their children involved in the community.

While in Jasper, I attended two meetings, one with Town Council and the other with the Chamber of Commerce. The following day, I met with Hinton Mayor Rob Mackin and various stakeholders regarding a new enterprise opportunity moving into the Hinton area.

To end the week, I travelled to the south end of the riding to attend the Rocky Mountain House and Clearwater County Annual Agriculture Banquet. I flew back to Ottawa on April 10, and am looking forward to representing the residents of Yellowhead as we debate the Liberal Government's budget.

April 19, 2016 Community Voice Page 13 YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Fel- C

April 12, 2016

Rezoning Public Hearing for Industrial Development – No concerns were brought forward during a public presentation for a proposed bylaw that would rezone an area on Highway 16 near Evansburg (SW of 19-53-07-W5M) from Rural District to Rural Industrial District. This rezoning would allow for the expansion of current industrial developments. The bylaw will be brought back to a future council meeting for further discussion.

2015 Year End Audited Financial Statement – Council adopted the 2015 Audited Financial Statement as presented by the external auditor Hawkings, Epp, Dumont. The report will be posted on the County website and available for viewing at the County offices.

STARS – Council voted to not financially support a request from STARS (Shock Trauma Air Rescue Society), following a presentation from the non-profit charity. Although STARS is an emergency response service that works with RCMP, local ambulance, fire services and Alberta health services it is a not for profit service and independent from any municipal or provincial rescue or emergency services.

Rosevear Bridge Construction Contract – The contract for the construction of the McLeod River Bridge was awarded to Trevcon Enterprises Ltd. at a total tender price of \$12,414,346. This option will allow the project to proceed in 2016 with construction anticipated to be completed in 2018.

Tour De Cure – Council has agreed to support the Tour de Cure for their proposed cycling event to be held this summer in the Brule area. The fundraising event, held in honour of Dr. Peggy Allan, aims to encourage health and wellness through exercise and education, and promote the Hinton Hospital Foundation and the Hinton Cancer Clinic.

Evansburg Street Construction Contract – The contract for the 2016 Evansburg Street Rehabilitation was awarded to Rulam Contracting Ltd. at a total tender price of \$2,573,046. The project will proceed in 2016 with construction anticipated to be completed this fall.

Edson Community Safety Initiative – Yellowhead County Council formally declared their support for the Edson Community Safety Initiative and agreed to become a member of the group. The group was put together in response to the recent violent incidents that have taken place in Edson and nearby areas in Yellowhead County.

Road Closure & Consolidation – Council passed Bylaw 28.15 allowing for the closure of a portion of an unused road allowance west of Hinton. The closure will allow for the adjacent landowner to purchase the property for the assessed amount of \$3,600 and consolidate it with their property.

Decision on Subdivision Request – Council denied a request from a local property owner to waive the Yellowhead County subdivision development standards. A report showed that the suitability of the land for a subdivision did not meet minimum requirements for sewage disposal, basement construction, and road development based on high water tables levels.

The next Council Meetings is April 26, 2016. The next Committee of the Whole Council Meeting is April 19, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

PAINT AND RENOVATE CORRECTLY

Changing paint colors is one of the easiest and least expensive ways to add a fresh new look to the interior or exterior of a home.

Both exterior and interior paint can be used to protect homes and make strong impressions. Painting projects are fun and can be easy, but not all projects are so simple. Homeowners may need to exercise patience and devote an ample amount of time to get the job done right. One errant drip is all it takes to turn a perfect paint job into a colorful mess.

While paints are much safer now than in years past, they still need to be handled with caution and disposed of with care after the job is done. Painting can be a tricky project because the fumes and chemicals found in many paints make these products more difficult to dispose of.

The Environmental Protection Agency says homeowners in the United State throw out 64 million gallons of paint per year. While latex paints are not considered hazardous waste, they

should be recycled. Oil-based paints, however, are considered hazardous household waste (HHW) and must be disposed of properly.

All homeowners should check with their trash and recycling

collection centers regarding the proper way to dispose of paints, stains and varnishes. It's also possible to visit Earth911.com and find a disposal facility online.

UPSCALE HOME DÉCOR WITH CROWN MOLDING

(MS) - Create a dramatic new look throughout your home or highlight one area with crown molding - the key to an upscale look for walls, windows, doors, cabinets and more. Homeowners will find the tools and supplies necessary for crown molding projects at Woodcraft.

Although crown molding is generally identified as trim for the area where a wall meets the ceiling, molding is used for many other home décor applications. Molding creates an appealing visual element when used at chair height along a wall, sometimes with thin vertical pieces attached to accent a wider area. Molding also serves as an attractive window cornice or as a frame for a wall-hung flat screen television or vertical mirror. The possibilities are only limited by homeowners' imaginations and finances.

"Crown molding is an inexpensive approach to adding beautiful detail to your home," Woodcraft national power tool sales manager Andrew Bondi said, "and Woodcraft is the goto source for tools and supplies for molding and trim projects."

Bondi speaks from experience, having recently installed crown molding throughout his house.

Before lifting the first piece

of molding, homeowners will want to do some research about molding and installation techniques and tips. "Cutting and Installing Crown Molding," a DVD by Jim Heavey, and "Crown Molding & Trim: Install It Like a Pro!," a book by Wayne Drake, are good resources.

A miter saw, like DeWalt's 10" Single-Bevel Miter Saw, is essential for cutting crown molding joints. To make the process easier, Woodcraft recommends using a cutting jig with the miter saw - either the General Tools EZ Pro Crown King Crown Molding Jig or the Kreg Crown-Pro Miter Saw Guide that features a bonus measurement transfer angle finder. If your project involves a coped cut, Woodcraft stocks Eclipse Coping Saws and Gröz Coping Saw Frames.

"Remember to protect your eyes," product manager Jessica Douglas said. "Pick up a pair of SAS Safety Glasses before you begin your project. The lightweight glasses can be worn alone or over eyeglasses."

For all the marking and measuring necessary to prepare the molding, you will find the multipurpose Kreg Multi-Mark Marking Gauge indispensable.

Continued on Page 17

Upscale Home Décor With Crown Molding

Continued From Page 16

To fill any small gaps, Woodcraft recommends Famowood Wood Filler, along with Norton 5X Small Area Sanding Sponges for smoothing filled holes.

Once the molding is cut and ready for fastening, use the Grex 18-gauge Green Buddy Nailer, which offers precision control and both sequential and contact trigger applications.

"If you are going to back your molding with an adhesive prior to nailing, Titebond's No-Run, No-Drip Wood Glue for molding and trim is a great product to use," said Woodcraft senior product manager Peter Collins, "especially if you are going to use a headless pinner to install trim."

Painting crown molding can be simple - blending in with the wall or ceiling color - or new color can be introduced to match furnishings or accent the overall décor.

"General Finishes Milk Paint and Old Fashioned Milk Paint, both water-based, are available in many colors and can be mixed to create an extensive palette of custom colors," product manager Kent Harpool said. "Both brands also offer related products to produce special decorative effects, such as antiquing and distressing."

Harpool recommends Redtree Bristle Brushes or Foam Brushes for applying paint. Use Microfiber Tack Cloths to remove sanding dust before applying paint or after distressing. other products, visit your local Woodcraft store, call (800) 535-4482 or visit www.woodcraft.com.

FOUR EASY TIPS FOR A BASEMENT MAKEOVER

(MS) - By Scott McGillivray The start of a new season is the perfect time to check some tasks off of your "to-do" list - whether it's to get in shape or tackle at-home projects. If you're planning on making some simple but effective changes at home, here are some tips on how to give

your basement a total 180-degree makeover.

Soundproof it

Installing acoustic insulation is the perfect excuse to crank up the subwoofer, host a get-together or let the kids run wild. Soundproofing is the ultimate solution to maximize your basement's peace, quiet and privacy. Industry experts suggest using Roxul Safe n' Sound, which effectively absorbs sound and is easy to work with.

Out with the old, in with a floor Installing a new floor or updating the existing one can improve the overall comfort level and look of your basement. Many unfinished basements have basic concrete flooring, which is cold

year-round. Flooring options are endless - hardwood, laminate, cork and Berber flooring all add warmth to a basement bedroom or TV room; play mats are great for kids' playrooms; and carpets are perfect to make any room feel more comfy and welcoming.

Get creative with a fresh coat of paint

Transform the dull and boring space into an inviting entertainment oasis or a colorful playroom with a simple coat of paint. When considering the paint, think about what color will compliment your existing furniture. To add some drama, consider adding depth and visual interest to your space with a different

colored accent wall. Accessorize it

Throw pillows, rugs, lighting, and artwork are simple additions that can immediately enhance or change your basement's look and feel. Pot lights can modernize, while art work and throw pillows can add a splash of color. Decide on a theme and color scheme for your room and keep your eye out for staple pieces that will make it feel like an entirely new space.

HOW TO SOUNDPROOF YOUR HOME

(MS) - What's the first step in sound proofing your home? Finding which rooms have the least amount of sound resistance.

To do this, make sure everyone is out of the house, unplug all electronics and close all doors and windows. Take a quick walk through your house and pause for a few moments in each room to evaluate which ones are the noisiest. Now consider if you're installing a media room or teenage recreational room where volumes will be blasting on TV's and stereos.

With this information, you should have a good idea of where you need to soundproof and create barriers against noise. Here are some tips to help you achieve the optimal result of peace and quiet: • Plant trees and hedges along the exterior of your home, perhaps along a fence. Not only do trees and hedges help with the environment and provide a good amount of privacy, they also slow down the travel of noise from the neighborhood into your home.

Insulate your walls and ceilings. Better insulation in your interiors and exteriors won't just drive away excess noise, it will also reduce your heating and cooling bills during the hot and cold months. For the best sound proofing and easy installation quality, a professional-grade product by ROXUL called Safe'n'Sound is very popular.

Seal up all cracks and holes around windows and doors, and add double glazed windows to your current glass panes.

Once you've selected the best soundproofing method, implement it and enjoy the bliss of silence throughout your home.

Insured & Certified Professional Electrical Services

TACKLE HOME MAINTENANCE PROJECTS TO SAVE MONEY

(MS) - Much like the upkeep on your car, tackling home maintenance on a regular basis will prevent problems from developing and save you from larger repair costs down the road. Some projects should be left to the professionals, but there are plenty of weekend jobs that any homeowner can easily handle, like these:

Inspect your roof and make

minor repairs. Winter can be especially hard on a roof. Look for ice, hail or water damage. Replace any cracked or missing shingles and clear any debris.

Clean your gutters. It's not glamorous work, but your home's gutters play an essential role in moving water away from your home and preventing damage. Consider installing gutter guards to ensure your gutters remain functional and free from debris.

Inspect windows and doors and re-caulk where necessary. Because a proper seal is essential in both heating and cooling seasons, this job should be performed twice a year to protect against drafts and moisture, and to keep insects out. Worn weather stripping should also be replaced.

Check your insulation. Attics should be insulated to R50, which can usually be achieved with an insulation depth of at least 16 inches. Top up with an insulation product that is water repellant and fire resistant, like Roxul Comfortbatt. Don't forget to ensure that your basement headers are insulated properly to prevent overworking your furnace and air conditioner.

Other simple jobs include fixing leaky faucets, repairing and resealing decks, inspecting the foundation and scheduling a check-up for your HVAC system. The key is being honest about what you can handle and, when in doubt, call in the pros.

MLA HONOURS WHITECOURT – STE. ANNE IN LEGISLATURE

Submitted by Honurable Oneil Carlier

On April 5th, 2016 I had the honour of delivering my Maiden Speech in the Legislature before my colleagues. This speech has also been made publically available to rest of Alberta. In this speech I was able to introduce my constituency of Whitecourt – Ste. Anne, and give recognition to its success, beauty and people. I spoke of the hard working, generous men and women who make this beautiful area what it is, and how well positioned it is for the future of Alberta's economy. I am extremely proud to represent Whitecourt – Ste. Anne as your Member of the Legislative Assembly.

"Thank you Mr. Speaker.

On May 5th 2015, like many Albertans, I watched the results of the provincial election on television. Surrounded by family and friends at the home I share with my beautiful wife Michele I came to realize that I would be successful and would become the 3rd Member of the Legislative Assembly for Whitecourt-Ste. Anne since its creation in 1993.

I couldn't be more honoured to serve the wonderful people of this district. This amazing constituency is rich in diversity in not only in its people and communities but also its natural wonders. The hardworking people of Whitecourt-Ste. Anne are farmers, ranchers, foresters, machinists, plumbers, electricians, welders, truckers. They serve meals, clean hotel rooms, work in stores, provide financial and legal advice, teach and guide our young.

We can't forget the many men and women who serve the public good as nurses, peace officers and firefighters. Some work in or near their town while others commute to Whitecourt or Edmonton, but all contribute to the prosperity of Alberta. Much has been said about the need to diversify our economy, especially in light of the current downturn in the price of oil and gas.

Whitecourt-Ste. Anne with its abundant resources is well positioned to take advantage of that diversification. Oil and gas for sure will become more diversified but so will the other two major industries in Alberta, Agriculture and Forestry. As the largest of our renewable sectors, both have a lot to contribute by way of value added products. Research in forestry and agriculture will allow us to continue being world leaders in new wood and agriculture products. Our Climate Change Leadership Plan will allow for increased innovation in the use of bio-fuels and green electricity generation. There are already some exciting things happening in the district that demonstrate to the world that we take climate change seriously and will do something about it.

Whitecourt-Ste. Anne will have a large

role to play in the new green economy. As we continue to invest in the future of this great province, we will strive to diversify our economy, so as to ensure that those in Whitecourt-Ste. Anne finding the current economic times tough will be able to look forward to a bright future. That future is in large part possible because of the good people of Whitecourt-Ste. Anne who spend some of their free time helping others.

The single greatest asset to the social well-being of our community is its volunteers. You might be a member of a service club or a leader with a youth group such as Scouts Canada or coach a hockey team. You might help out with the Community Lunch Box in Whitecourt or the Legion in Evansburg. Perhaps you spend some of your free time with the Agricultural Societies and 4H clubs that not only contribute to the prosperity of our rural district, but also play a huge part in maintaining that rural life style we all love and cherish. Whatever you volunteer for, I am very grateful for your contribution. Your efforts are what make Whitecourt-Ste. Anne the great place to live and raise a family that it is.

From the vistas of the Pembina River to the amazing trails of Carson - Pegasus Provincial Park, the constituency of Whitecourt-Ste. Anne is one of the most beautiful areas of the province. Many of us enjoy spending time near the many

oices 3

One call can put you in all 3 markets

962-9229

small lakes that dot the landscape.

We are blessed with wonderful farm land and an abundance of forested area. Tourists come to Whitecourt-Ste. Anne to hunt and fish, ski, snowmobile, camp and hike. The district is large, with over 70 villages, hamlets, towns and summer villages. It spans from Onoway, Alberta Beach and Alexis First Nations in the East, to Whitecourt, Blue Ridge and Mayerthorpe in the North West, to Peers and Wildwood in the South West.

Michele and I moved to Lac Ste. Anne over six years ago and it was one of the best decisions we've ever made. We got married on our property and celebrated in the Darwell Hall. We have met so many wonderful people, especially over the past year or so. It seems everyone has a passion for their hometown or their family farm.

Like many Albertans I grew up on the family farm; a farm that my brother now runs as a fourth generation farmer. He is 10 years older than I, so I knew early on that he was more likely to continue the family tradition. I instead found work as a Geotechnical Technician with Agriculture Canada. That job saw me working on many different irrigation projects across the prairies, mostly in Alberta. Little did I know that those 20 years as a public servant with Agriculture Canada would serve me so well in my future job as a public servant for the province

hoices

of Alberta

As the Member of the Legislative Assembly for Whitecourt- Ste. Anne I am a public servant. As a public servant I feel my role is to represent the citizens of the district the best I can. It does not matter whether you supported me in the election or not. I am here to represent all.

After so many years with only one party ruling, we all had to learn to transition. That transition has had its bumps, but I am proud of what we have been able to accomplish in 10 short months.

LIVESTOCK FOR ACREAGES: HANDS-ON WORKSHOP IN DARWELL

Submitted by Lorraine Taylor, Darwell & District Agricultural Society

For many acreage owners having animals is one of the best parts of rural life. The Darwell and District Agricultural Society is hosting an evening with Dr. Tammy Nay from the Onoway Veterinary Clinic to talk about livestock for acreages. This workshop will help you make the best choice about which ones are right for you and answer questions about the animals you already have.

Are you looking for a pet, a live-in lawn mower, or an animal that will provide milk, fibre, or meat? What kinds of fencing works for different animals? How many goats can you keep on 3 acres? Will predators be a problem? Are there animals that don't make good pets? Dr. Nay will cover these questions and more.

We'll have live animals in the Darwell Cow Palace, on Friday April 22, 6:30-9pm. Because caring for animals is often a shared responsibility we have a special registration fee to encourage all family members to attend. Call Lorraine to pre-register at 780-892-2967, \$8.00/ person or \$20 for a family (immediate members). For more information visit www.DarwellAg.com

MLA Honours Whitecourt – Ste. Anne In Legislature

Continued From Page 21

We have shown that we put people first. Whether it is maintaining funding

for education or health care or implementing a stimulus plan that will put many Albertans back to work, we continue to show that people are our greatest resource and our first priority.

A few days after we all realized that after 43 years there would finally be a change in the government in Alberta, the Premier asked me to meet with her. I was not sure what I could have possibly done wrong in so short a time; we had not even been sworn in yet! To my great relief, I was not in trouble; instead the Premier asked me if I would like to be the Minister of Agriculture and Forestry.

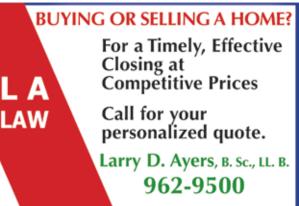

I was absolutely overjoyed and immediately said yes. I also told her that if I had had my choice of ministry, it would have been Agriculture, as I know how important farming is in my district. I have to admit that I did not know a lot about forestry at first, but I always knew that forestry is also an important industry in Whitecourt-Ste. Anne. The people in the industry have been fantastic at bringing me up to speed with respect to the challenges and opportunities in Forestry. In fact only three days after the election, I was asked by Alberta Newsprint Corporation and Millar Western to tour their facilities in Whitecourt. I eagerly accepted their invitation and then proceeded to visit as many mills across the province as I possibly could.

The people of Whitecourt-Ste. Anne, like the rest of Alberta face some challenges but I believe that the opportunities outweigh those challenges. I have vowed that I will work with all of Albertans to do what I can to face those challenges and to explore those opportunities. The good people of Whitecourt-Ste. Anne should expect no less."

Sincerely,

Honurable Oneil Carlier MLA, Whitecourt – Ste. Anne Whitecourt.steanne@assembly.ab.ca 780-786-1997/ 1-800-786-7136

A lady was walking down the street when she was a approached by a lady beggar asking for money. The lady took a \$20 bill out of her purse, and asked "If I give you this money will you spend it on chocolate." "Don't be ridiculous" the beggar replied "does it look like I have nothing better to spend money on?" "How about shopping?" she asked. "No." the beggar said. "don't you understand I need money just to stay alive." "Will you spend it on your hai?" the lady asked. Anoyed the beggar replied. "No. I just need money for food, and shelter. In that case " the lady said "I don't want to just give you money I would like you to eat out with me and my husband tonight." "Why? The beggar asked. "Well, "the lady said "I think it's important for him to see what a lady looks like after she gives up chocolate, shopping, and hair appointments."
