## NOMINATIONS OPEN FOR THE LEDUC SPORTS HALL OF FAME

**Submitted by John R. Statton**

The City of Leduc is seeking nominations until May 17 for inductees to the newly established Leduc Sports Hall of Fame.

“We’re seeking nominations for the following categories: athlete, team, builder and or leader,” said Janet Guthrie, Sport Tourism co-ordinator with the City of Leduc. “We’re also seeking applications from local sporting groups and community organizations that are interested in partnering with the inaugural Leduc Sports Hall of Fame induction ceremony.”

The Leduc Sports Hall of Fame Awards were designed to recognize, on an annual basis, the up to five outstanding athletes, teams, leaders or builders of sport that have created an impact in Leduc’s community of sport.

The Leduc Sports Hall of Fame panel is seeking a local sport association or community group to host a banquet and the inaugural sports hall of fame induction ceremony. The local sport association or community group would work with City of Leduc administration to incorporate the ceremony into the group’s event. Up to five individuals or groups

will be inducted. It is expected that the ceremony will take between 45 minutes to one hour.

To assist groups in hosting a high-quality banquet and hall of fame induction ceremony, \$10,000 has been budgeted for the ceremony and banquet enhancements. This program will fund up to half of the expenses, to a maximum of \$10,000. A minimum of six tables will be reserved for the hall of fame inductees and dignitaries.

For more information visit [Leduc.Sports.ca](http://Leduc.Sports.ca) or call 780-980-7177.

## WESTJET EMPLOYEE CHARGED IN TRAVEL CREDITS FRAUD

**Submitted by Mike Tucker, Communications Manager, Alberta Law Enforcement Response Teams (ALERT)**

A joint investigation between ALERT and WestJet’s Corporate Security has resulted in fraud and theft charges against an air-line employee.

ALERT Calgary’s Financial Crime team arrested and charged Terance Gough, 43, on April 19 with fraud and theft over \$5,000. ALERT is an integrated team consisting of Calgary Police Service and RCMP members.

Gough is alleged to have fraudulently issued over a quarter million dollars’ worth of WestJet travel credits between 2012 and 2015. ALERT alleges that these travel credits were being bought and sold by a third-party, and no WestJet customers were defrauded.

The investigation was referred to ALERT in July 2015 after WestJet conducted an internal investigation on the matter.

Members of the public who suspect drug or gang activity in their community can call local police, or contact Crime Stop-

pers at 1-800-222-TIPS (8477). Crime Stoppers is always anonymous.

ALERT was established and is funded by the Alberta Government and is a compilation of the province’s most sophisticated law enforcement resources committed to tackling serious and organized crime. Members of Alberta Sheriffs, Calgary Police Service, Edmonton Police Service, Lethbridge Police Service, Medicine Hat Police Service, and RCMP work in ALERT.

# CITY ANNOUNCES 2015 CITIZENS OF DISTINCTION AWARD WINNERS

**Submitted by John R. Statton**

The City of Leduc was pleased to honour the following 2015 Citizens of Distinction Awards recipients:

- Ginelle Demone – Athletic Achievement Award
- Mary Plitt – Community Spirit Award
- Harold and Marlene Schoonmaker – Culture and Heritage Recognition Award

- Doug and Yvonne Ruel – Mayor’s Special Award
  - Dana Guhle – Youth Award of Merit
  - Willow Park School – Environmental Achievement Award
- The Citizens of Distinction Awards Program is designed to recognize - on an annual basis - outstanding citizens, groups or businesses from the City of Leduc that have made a tremendous contribution to the community. Community nominations are solicited

ed annually, and the Mayor’s Special Award is selected at the discretion of mayor and council to recognize outstanding efforts and/or achievements of an individual, group or business. All award recipients, past and present, are listed on Leduc.ca along with award program information, guidelines and criteria ([http://www.leduc.ca/Living/Volunteer\\_Leduc/Citizens\\_of\\_Distinction.htm](http://www.leduc.ca/Living/Volunteer_Leduc/Citizens_of_Distinction.htm)). For more information visit Leduc.ca or call 780-980-7177.

## STOLEN QUAD

**Submitted by Thorsby RCMP**

File number: 2016377163  
On April 1, 2016, Thorsby RCMP received a complaint of a Break and Enter into a garage where a quad was stolen. The incident occurred on Range Road 280, near Mulhurst Bay. The suspects entered the property between the hours of 2:45am, and 3:16am, when the homeowner woke

up to the sounds of their quad leaving the property. Multiple suspects were seen, but descriptions could not be obtained. They left the property headed South on Range Road 280 towards Mameo Beach. The stolen quad is described as a 2002 green Honda, 450 Foreman with 4 Wheel Drive. If you have any information that could assist in this investigation, please contact the Thorsby RCMP at

780-789-3951; or Crime Stoppers at 1-800-222-8477 or [www.crimestoppers.ab.ca](http://www.crimestoppers.ab.ca). Thank you for your assistance.

## JOKE OF THE WEEK

A store manager overheard a clerk saying to a customer, "No, ma'am, we haven't had any for some weeks now, and it doesn't look as if we'll be getting any soon."

Alarmed by what was being said, the manager rushed over to the customer who was walking out the door and said, "That isn't true, ma'am. Of course, we'll have some soon. In fact, we placed an order for it a couple of weeks ago."

Then the manager drew the clerk aside and growled, "Never, never, never, never say we don't have something. If we don't have it, say we ordered it and it's on its way. Now, what was it she wanted?"

The clerk smiled and said ... "Rain."

# RCMP ARREST MALES FOR DANGEROUS OPERATION & THEFT OF MOTOR VEHICLES

Submitted by Leduc RCMP

Leduc, Alta. - On Sunday April 17, 2016 at approximately 12:30 a.m. the Leduc RCMP received reports of an erratic driver in a large industrial truck travelling southbound on Highway

#2. The RCMP located the vehicle on Highway #2 at 50th Avenue in Leduc where a traffic stop was initiated, and the vehicle failed to stop for officers.

The truck was observed swerving back and forth over the highway and onto the shoulder of the road. The RCMP were able to deploy a spike

belt on Highway #2 at Township Road 470 where the truck was disabled. Three males, aged 27, 29 and 31, were arrested from the vehicle without further incident. Investigation reveals that alcohol may be a contributing factor in this incident.

Ongoing investigation confirmed

the truck was stolen from a business in Nisku where an additional industrial truck was stolen and abandoned near the business. Extensive damage was noted to the property's fence.

All three males are currently in custody in Leduc as the investigation remains ongoing.

# RCMP INTEGRATED TRAFFIC UNIT INVESTIGATES DANGEROUS IMPAIRED DRIVER

Submitted by Leduc RCMP

Leduc, Alta. - This morning at approximately 10:20 a.m., an Integrated Traffic Unit member was travelling towards a crosswalk at 50 Street and 45 Avenue in Leduc when he observed a motorhome travelling northbound. There were approximately 10 young children at the crosswalk getting ready to cross the road. The crossing lights were activated at the crosswalk, yet the motorhome went through the crosswalk without stopping.

The RCMP member activated his emergency lights and the motorhome

veered towards the RCMP vehicle destroying the driver's side mirror. A short distance away, the motorhome stopped for the RCMP with the assistance of an Alberta Sheriff with the Integrated Traffic Unit.

The RCMP made an arrest and currently have a 63-year-old male from Moose Jaw, Saskatchewan in custody at Leduc Detachment. Charges are pending and this incident remains under investigation.

There was no damage to the motorhome, and minimal damage to the RCMP car. None of the children had actually entered the crosswalk and none of the children were injured.

# Spring 2016 HomeRENO

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

## FOUR EASY TIPS FOR A BASEMENT MAKEOVER

(MS) - By Scott McGillivray

The start of a new season is the perfect time to check some tasks off of your "to-do" list - whether it's to get in shape or tackle at-home projects. If you're planning on making some simple but effective changes at home, here are some tips on how to give your basement a total 180-degree makeover.

### Soundproof it

Installing acoustic insulation is the perfect excuse to crank up the subwoofer, host a get-together or let the kids run wild. Soundproofing is the ultimate solution to maximize your basement's peace, quiet and privacy. Industry experts suggest using Roxul Safe n' Sound, which effectively absorbs sound and is easy to work with.

### Out with the old, in with a floor

Installing a new floor or updating the existing one can improve the overall comfort level and look of your base-

ment. Many unfinished basements have basic concrete flooring, which is cold year-round. Flooring options are endless - hardwood, laminate, cork and Berber flooring all add warmth to a basement bedroom or TV room; play mats are great for kids' playrooms; and carpets are perfect to make any room feel more comfy and welcoming.

### Get creative with a fresh coat of paint

Transform the dull and boring space into an inviting entertainment oasis or a colorful playroom with a simple coat of paint. When considering the paint, think about what color will complement your existing furniture. To add some drama, consider adding depth and visual interest to your space with a different colored accent wall.

### Accessorize it

Throw pillows, rugs, lighting, and artwork are simple additions that can immediately enhance or change your

basement's look and feel. Pot lights and throw pillows can add a splash of color. Decide on a theme and color scheme for your room and keep your eye out for staple pieces that will make

it feel like an entirely new space.

Scott McGillivray is the award-winning TV host, a full-time real estate investor, contractor, author, and educator. Follow him on Twitter @smcgillivray.

## FRESHEN UP YOUR HOME FOR THE SPRING SEASON

After a few months of chilly temperatures, come spring, many homeowners are eager to throw open their windows and doors and breathe new life into their homes. Simple changes made now - even before the weather begins to warm up - can improve interior spaces and brighten

the atmosphere of a home.

· Go plant shopping. Research from NASA suggests adding at least one plant in your home per 100 square feet is efficient enough to clean air. Fresh foliage also makes a home feel warm and inviting. Watering and misting plants introduces

moisture into indoor air, which can make rooms overcome with dry air from heating systems feel comfortable. Just be sure to avoid over-watering plants, which can lead to mold growth.

· Swap out throw pillows. Accent pillows on beds and sofas are quick

and inexpensive ways to add new bursts of color to rooms. You may be able to make over a room's entire color scheme with new pillows. Invest in pillows that you can switch with each season so your decor will never look tired or dull.

· Clean existing light fixtures. Another way to brighten the mood in a home is to periodically clean light fixtures to make sure they are working effectively. Spend time dusting them and cleaning off any accumulated debris. If need be, switch out old lamp shades for newer ones that let more light shine through. If inadequate lighting is a problem no matter how many lamps you have, consult with an electrician about installing more overhead and accent lighting.

· Give rugs and floors a deep cleaning. Recirculated air may be full of dust and other microscopic particles that end up blowing throughout your home. Also, it's easy to track in dirt and other materials on your shoes that become imbedded in carpeting. At least once a year, rent or enlist the services of carpet and upholstery cleaners to give floors a thorough cleaning. You may be surprised at how clean and fresh a home looks and smells once rugs and carpets are deep-cleaned. You also can make a dry carpet cleaner using baking soda, corn starch and desired fresh herbs for fragrance. Sprinkle and then vacuum up after a few hours.

· Color-coordinate bookshelves. Group all books with similarly colored covers together for an instant and eye-appealing look.

· Simmer some homemade home deodorizer. In a large pot, boil water and some scented herbs, such as rosemary, citrus rinds, vanilla, or lavender. The aroma will waft through the home, creating a pleasing scent.

· Invest in new window treatments. Lightweight draperies or new blinds or shades can transform the look of a room. Be sure to keep curtains and blinds open during the day to maximize the hours of sunlight.

Homeowners can make some simple changes while they're stuck indoors and reap the benefits when the weather warms up again.

## TACKLE HOME MAINTENANCE PROJECTS TO SAVE MONEY

(MS) - Much like the upkeep on your car, tackling home maintenance on a regular basis will prevent problems from developing and save you from larger repair costs down the road. Some projects should be left to the professionals, but there are plenty of weekend jobs that any homeowner can easily handle, like these:

Inspect your roof and make minor repairs. Winter can be especially hard on a roof. Look for ice, hail or water damage. Replace any cracked or missing shingles and clear any debris.

Clean your gutters. It's not glamorous work, but your home's gutters play an essential role in moving water away from your home and preventing damage. Consider installing gutter

guards to ensure your gutters remain functional and free from debris.

Inspect windows and doors and re-caulk where necessary. Because a proper seal is essential in both heating and cooling seasons, this job should be performed twice a year to protect against drafts and moisture, and to keep insects out. Worn weather stripping should also be replaced.

Check your insulation. Attics should be insulated to R50, which can usually be achieved with an insulation depth of at least 16 inches. Top up with an insulation product that is water repellent and fire resistant, like Roxul Comfortbatt. Don't forget to ensure that your basement headers are insulated properly to

prevent overworking your furnace and air conditioner.

Other simple jobs include fixing leaky faucets, repairing and resealing decks, inspecting the

foundation and scheduling a check-up for your HVAC system.

The key is being honest about what you can handle and, when in doubt, call in the pros.

The block features the Home Hardware Building Centre logo on the left, which includes a stylized 'hh' icon. To the right, the text reads: "Home hardware building centre", "Thorsby Home Hardware Building Centre", "Box 920", "Thorsby, Alberta T0C 2P0", "Ph: (780) 789-3741", and "F: (780) 789-3969". The background of the ad shows a close-up of a hand using a tool on a wooden surface.

 The advertisement features the BEAM logo (BUILT-IN VACUUMS) on the left and the Jiffy vacuum logo on the right. The central text reads "INVEST IN YOUR HOME EVENT". Below this, a BEAM Alliance Central Vacuum system is shown with a price tag of "\$999<sup>98</sup>" and a "SAVE \$450" offer. A "15 Year Warranty" badge is also present. On the right, a young girl is smiling with her chin resting on her hands. A red stamp in the bottom right corner says "FREE GIFT Exclusive to Comm-Voice Readers". At the bottom, the website "JiffyVacuum.com" and phone number "780.482.3474" are listed. A small note at the bottom left says "Complete details online".

# HomeRENO

## UPSCALE HOME DÉCOR WITH CROWN MOLDING

(MS) - Create a dramatic new look throughout your home or highlight one area with crown molding - the key to an upscale look for walls, windows, doors, cabinets and more. Homeowners will find the tools and

supplies necessary for crown molding projects at Woodcraft.

Although crown molding is generally identified as trim for the area where a wall meets the ceiling, molding is used for many other

home décor applications. Molding creates an appealing visual element when used at chair height along a wall, sometimes with thin vertical pieces attached to accent a wider area. Molding also serves as an attractive window cornice or as a frame for a wall-hung flat screen television or vertical mirror. The possibilities are only limited by homeowners' imaginations and finances.

"Crown molding is an inexpensive approach to adding beautiful detail to your home," Woodcraft national power tool sales manager Andrew Bondi said, "and Woodcraft is the go-to source for tools and supplies for molding and trim projects."

Bondi speaks from experience, having recently installed crown molding throughout his house.

Before lifting the first piece of

molding, homeowners will want to do some research about molding and installation techniques and tips. "Cutting and Installing Crown Molding," a DVD by Jim Heavey, and "Crown Molding & Trim: Install It Like a Pro!," a book by Wayne Drake, are good resources.

A miter saw, like DeWalt's 10" Single-Bevel Miter Saw, is essential for cutting crown molding joints. To make the process easier, Woodcraft recommends using a cutting jig with the miter saw - either the General Tools EZ Pro Crown King Crown Molding Jig or the Kreg Crown-Pro Miter Saw Guide that features a bonus measurement transfer angle finder.

## Upscale Home Décor With Crown Molding

Continued From Page 10

If your project involves a coped cut, Woodcraft stocks Eclipse Coping Saws and Gröz Coping Saw Frames.

“Remember to protect your eyes,” product manager Jessica Douglas said. “Pick up a pair of SAS Safety Glasses before you begin your project. The lightweight glasses can be worn alone or over eyeglasses.”

For all the marking and measuring necessary to prepare the molding, you will find the multipurpose Kreg Multi-Mark Marking Gauge indispensable. To fill any small gaps, Woodcraft recommends Famowood Wood Filler, along with Norton 5X Small Area Sanding Sponges for smoothing filled holes.

Once the molding is cut and ready for fastening, use the Grex 18-gauge Green Buddy Nailer, which offers

precision control and both sequential and contact trigger applications.

“If you are going to back your molding with an adhesive prior to nailing, Titebond’s No-Run, No-Drip Wood Glue for molding and trim is a great product to use,” said Woodcraft senior product manager Peter Collins, “especially if you are going to use a headless pinner to install trim.”

Painting crown molding can be simple - blending in with the wall or ceiling color - or new color can be introduced to match furnishings or accent the overall décor.

“General Finishes Milk Paint and Old Fashioned Milk Paint, both water-based, are available in many colors and can be mixed to create an extensive palette of custom colors,” product manager Kent Harpool said. “Both brands also offer related products to produce special decora-

tive effects, such as antiquing and distressing.”

Harpool recommends Redtree Bristle Brushes or Foam Brushes for applying paint. Use Microfiber Tack Cloths to remove sanding dust

before applying paint or after distressing.

To learn more about these and other products, visit your local Woodcraft store, call (800) 535-4482 or visit [www.woodcraft.com](http://www.woodcraft.com).

# REGISTER TO BE AN ORGAN & TISSUE DONOR

Submitted by Government of Alberta

April 17 - 23 was National Organ and Tissue Donation Awareness Week in Canada. With more than 600 Albertans waiting for an organ transplant, and many more waiting for tissues, increasing the number of Albertans registered as donors is an important part of improving health outcomes.

Individuals can register their consent to donate at [ultimategiftalberta.ca](http://ultimategiftalberta.ca), and also have the opportunity to register when renewing or applying for a driver's licence or identification card. Since the registry launched in April 2014, more than 230,000 Albertans have registered their consent to donate.

Talking to your family and friends about your wish to donate is also important, so they can support your choice when the time comes.

Facts About Organ and Tissue Donation

- Alberta's rate of deceased donors is increasing, from 9.9 deceased donors per million population in 2012, to 13.6 in 2014.
- Tissue donation is equally as important as organ donation. For example, donated corneas can restore sight and heart valves are life-saving.
- About 2,500 Albertans register every week to become organ and tissue donors.
- Just one organ and tissue donor can save up to eight lives and make life better for up to 75 other people.

To register your consent to donate, or to learn more about organ and tissue donation, please visit [ultimategiftalberta.ca](http://ultimategiftalberta.ca).

# Classified Ads - Call 962-9228

## Classified Policy

CLASSIFIED RATES INCLUDE GST. 1st 20 Words: First Insertion = \$6.00; Subsequent insertion = \$3.00 each.
