## EVANSBURG RCMP LAY CHARGES OF KIDNAPPING AND FORCIBLE CONFINEMENT

**Submitted by Evansburg  
RCMP**

Wildwood, Alberta - On April 25, 2016 at approximately 5:00 PM the RCMP responded to a call in the rural area of Evansburg. The caller stated a woman had been taken from a home, at gunpoint. The suspect left the area in a vehicle.

The caller provided details of the suspect vehicle and RCMP located the vehicle near Spruce Grove, Alberta. The officer activated emergency equipment and the suspect continued travelling at a high rate of speed. The RCMP in Stony Plain were able to deploy a Tire Defla-

tion Device and the vehicle was eventually stopped without further incident.

The female victim was treated for minor injuries and the suspect was taken into police custody after a brief foot chase.

No one else was injured in the incident.

As a result of this investigation, RCMP have charged 40 year old, Collin Hughes of Devon, Alberta with the following offences:

- one count of Kidnapping;
- one count of Forcible Confinement
- one count of Uttering threats
- one count of Choking to over-

come resistance

- one count of intimidation of a Justice System Participant
- one count of Break Enter a dwelling to commit offence
- two counts of Assault with a weapon
- one count of Use of an imitation firearm in the Commission of an Indictable Offence
- one count of Dangerous operation of a motor vehicle

Hughes has been held in custody and will make his first court appearance on Wednesday, April 27 2016 at the Stony Plain Provincial Court House.

# SPRUCE GROVE SAINTS AWARDS

Submitted by Gord Montgomery

The Spruce Grove Saints wrapped up a successful 2015-16 junior A hockey season on April 21 with their volunteer appreciation and awards night. This year the Saints once again captured the Dave Duchak Trophy as the top regular season team in the AJHL with 102 points as well

as winning the Top Goaltender and Top Team Goaltending awards and the Most Dedicated Player honour.

Following are the team award winners for the Saints:

Top Scorer: Tyler Busch  
Top Defensemen: Cole Nicholson  
Rookie of the Year: Ian Mitchell  
Most Improved Player(s): Colton Lietter, Trey Fix-Wolansky  
MVP (regular season): Tyler Busch

MVP (Playoffs): Brandon Biro  
Coaches' Award: Austin Hunter  
Volunteer Award: Conner Lukan

The Saints annual Spring Camp is now underway and will run for the next three days (April 22 - 25) at the TransAlta Tri Leisure Centre. Over 200 players will be looking to make an impression on the coaching staff, seeking to fill one of the 10 vacancies left by graduating players or those moving onto the college ranks.

# Tipple Park Museum Thanks You

Continued From Page 1

the Alberta Museums Association, the Grouse, local RCMP and the only surviving charter member of the society, Blanche Bruner. Thank you! Thank you! Thank you!

On March 2nd, we held a community meeting to discuss what sort of programs and events the community was interested in seeing at the Museum. We are thrilled to have had such a nice turnout. As a result, plans are now in the works. Thank you! Thank you! Thank you!

On Good Friday, many families

enjoyed the hands-on activities and games in addition to touring the Clubs' exhibit. Games and hands-on activities will continue to be part of the Museum. At the reception desk, you will find colouring pages and I Spy game for children (or children at heart), a Mystery box for all ages and a contest with prizes, running until the end of May.

Now that Tipple Park Museum is open year round, there is much more to come in addition to the popular, hands-on Pioneer School program, historical building tours, and PV Daze activities. May 4th,

we will be launching an afterschool program, "In the Middle Makers' Hour" from 3:20ish to 4:30ish, in which kids, ages 8 to 12, will create something great. Activities will vary from week to week. The cost will be \$2/day or a \$25 membership for the year. All supplies are included in the price. Please, consider dropping by on the 4th and create something great just in time for Mothers' Day!

The Farmers' Market will open May 14th at the Museum and will run from 10am to 2pm. The market will be both indoors and outdoors

and will offer drop-in activities for kids, ages 4+. The historical buildings and a brand new exhibit in the main building will open May long weekend for tours. There is no cost to tour the buildings, but donations are always appreciated. Renting of the kitchen and/or reception building rooms is available. If there is a program or an event, you would like to see we are always happy to discuss.

Thank you once again for your support. We hope to see you at the Museum!

# WHAT CAN OMEGA-3 FATS DO FOR YOU?

**Submitted by Alberta Health Services**

What do a can of sardines, avocado oil from the health store, and seaweed from the beach have in common? They all contain omega-3 fats. Omega-3 fats are important for long-term health, and our bodies can't make them, so we need to eat food that contains them.

We've known for a while that omega-3 fats are important for

lowering your risk of heart disease—by reducing blood pressure and inflammation, helping to keep blood vessels from stiffening, preventing blood clots, and lowering triglycerides (a type of fat in your blood). They're also important for brain and eye development during pregnancy and infancy. More studies are needed to know if omega-3 fats might help rheumatoid arthritis, mental health, or other diseases.

Where can you get omega-3 fats?

The best place to get omega-3 fats is from food. Fatty fish have the highest amounts of EPA and DHA, the omega-3 fats most important for health. Fatty fish include salmon, mackerel, sardines, trout Arctic char, and herring. Try to eat at least 2 servings of fish a week to get the recommended intake of 0.5 g per day.

If you don't eat fish, try kelp and seaweed. (Instead of comb-

ing beaches for it, you can buy seaweed as wakame.)

Some people may have trouble meeting their EPA and DHA needs from food. If you're thinking about taking a supplement, talk to your doctor, pharmacist, or a dietitian before you begin. They can tell you about what type of supplement to take and how much would be best for you. If you decide to take a supplement, choose one that contains EPA and DHA, not other fats (like ALA). Also, look for one with a Drug Identification Number (DIN) or a Natural Product Number (NPN) on the bottle.

Some yogurt and eggs contain EPA and DHA; read package labels to find out which brands. Nuts and oils like walnuts, canola oil, and flaxseed oil can add to your intake of omega-3 fats. Keep in mind that nuts and oils are high in calories; choose small amounts of them (30 to 45 grams a day).

**JOKE OF THE WEEK**

Two guys were out walking their dogs on a hot day, when they pass by a pub. The first guy says "Let's go in there for a pint."  
Second guy, says, "They won't let us in with our dogs."  
First guy: "Sure they will, just follow my lead."  
He goes up to the pub, and sure enough the doorman says, "I can't let you in here with that dog." He replies, "Oh, I'm blind and this is my seeing-eye dog."  
The doorman says, "Ok then, come on in."  
The second guy sees this and does the same thing. He goes up to the pub, and the doorman says, "You can't come in here with a dog." He replies, "I'm blind and this is my seeing-eye dog." The doorman responds, "You have a chihuahua for a seeing-eye dog?" The second guy stops for a second, and exclaims, "They gave me a chihuahua?"

**SANG**

**STE. ANNE NATURAL GAS CO-OP LTD.**

**NOTICE OF ANNUAL MEETING & CALL OF DIRECTOR NOMINATIONS**

The Annual Meeting of the Ste. Anne Natural Gas Co-op Ltd. will be held at 7:00pm on August 18, 2016 at the Co-op office located west of the Onoway turn off on Highway #43. The purpose of the meeting is for interested Members to hear the Auditor's report on the previous fiscal year's financial statements as well as reports from the Board and Management on various facets of the Co-op's operations. There are 3 – 3 year Director's terms open for election at that time. As per Supplemental Bylaw #8, the Secretary of the Association will accept nominations for the position of Director for any member in good standing up to close of business (4:30 p.m.) on June 10, 2016 at the Co-op office. **NO NOMINATIONS WILL BE ACCEPTED AFTER THAT TIME.** More details on the Annual Meeting as well as the list of candidates nominated will be available in July.

**Nomination Process**

Nominations to the Board must have the signature of the candidate and certifying that he/she is a member in good standing. As well as the person or persons making the nomination must also sign indicating that they are also a member(s) in a good standing.

# ASSIST POLICE TO IDENTIFY A MALE SUSPECT INVOLVED IN ROBBERY

**Submitted by RCMP  
Spruce Grove/Stony Plain/  
Enoch**

File # 2016-491670

Stony Plain, Alberta -Spruce Grove/Stony Plain/Enoch RCMP are seeking the public's assistance to identify a male suspect responsible for a Robbery at the Shoppers Drug Mart pharmacy in Stony Plain.

On April 25, 2016, at approximately 7:45 PM, The Spruce Grove/Stony Plain/Enoch RCMP responded to a robbery that had just occurred at the Shoppers Drug Mart pharmacy in Stony Plain. The Culprit entered the pharmacy and walked directly to the back counter and handed staff a note demanding drugs.

The male obtained an undis-

closed amount of narcotics before leaving the pharmacy, he then fled in a blue 2007 Pontiac G5. The lone male suspect is described as....

- 6'6"
- Medium build
- Caucasian
- Full beard (light brown)

He was last seen wearing a camo hat, orange t-shirt, gloves, a black coat and dark colored

shorts.

No one was injured during the incident. No weapons were produced or threatened.

If you have any information about this, or can ID the male suspect please call the Stony Plain RCMP Detachment at 780-968-7267 or if you want to remain anonymous, you can contact Crime Stoppers by phoning 1-800-222-8477.

# STOLEN PROPERTY SEIZED EXCEEDING \$300,000.00 FOLLOWING SEARCH WARRANT EXECUTED ON RURAL PROPERTY

**Submitted by RCMP Stony Plain/Spruce Grove/Enoch**

2016-442998 - Onoway, Alberta - On April 15, 2016, at approximately 2:30 PM members of the Spruce Grove/ Stony Plain/ Enoch RCMP responded to a complaint of a possible Fraud at the Onoway Feed and Seed. A male was reporting that his credit card had been used that morning at the Onoway

Feed and Seed to purchase numerous ranch supplies. RCMP obtained a description of the male suspect who had used the card and the vehicle with trailer that he was driving at the time.

Later that day a vehicle and trailer matching the description of the suspect vehicle was stopped by police near a rural residence, both the truck and trailer were found to be stolen. The male driver and female passen-

ger were both arrested in connection with the fraud and possession of stolen property.

Following further investigation of the suspects and the rural property, a search warrant was executed on April 16, 2016. As a result, stolen vehicles, ATV's, livestock, livestock feed and various other property exceeding \$330,000.00 was seized.

28 year old, Devon SALISBURY

of Parkland County, Alberta is now facing twenty charges including numerous counts of possession of stolen property over \$5,000.00, altering a Vehicle Identification Number, possession of a controlled substance, and fraud.

28 year old Kayla SORIA, also of Parkland County, Alberta, is facing seven charges in relation to the occurrence.

# THE PROVINCE INTRODUCES COVERAGE FOR SPECIAL INFANT FORMULA

**Submitted by Government of Alberta**

The Alberta government has listened to the concerns of families and will provide coverage for medically required, specialized infant formula beginning May 1.

Government-sponsored benefit programs will provide coverage for Neocate infant formula when an infant is

unable to tolerate common infant formula because of a complex food allergy or a specific medical condition. The average cost of Neocate is about \$690 each month.

"Some babies have to rely on specialized infant formulas to meet their nutritional needs. But these formulas are costly, medically necessary and, in many cases, cause families considerable financial hardship. After speaking

with these parents and hearing about the financial strain they are under, our government decided this coverage should be provided. It's the right thing to do."

Brandy Payne, Associate Minister of Health

Some children have serious gastrointestinal medical conditions or suffer from malabsorption and cannot eat typical foods. These children usually

require expensive, specialized formulas.

To be eligible for coverage, Neocate must be prescribed by, or in consultation with, a pediatrician, a neonatologist or a pediatric gastroenterologist. Families must apply for government's non-group coverage to get this benefit. A monthly premium ranging from \$82 to \$118 and a co-payment of up to \$25 per prescription will also be required.

# GOLFER'S GUIDE

## DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of times a swing is repeated during a game, it's not surprising that the season often ends early for those who are not physically prepared.

Below are a few simple stretching techniques that can help prevent or reduce the impact of injuries:

### Side bending stretch

1. Stand with feet shoulder-width apart.

2. Hold the golf club above your head with your arms straight.

3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.

4. Hold for 15 seconds and repeat twice for each side.

### Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.

2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower

arm. Hold for 15 seconds.

3. Gently pull the club down with your bottom hand until you feel a

stretch in the top shoulder and arm.

4. Hold for 15 seconds.

5. Reverse hand positions and re-

peat.

# VOLUNTEERS "SPRING CLEAN" ALBERTA HIGHWAYS

**Submitted by Government of Alberta**

Young volunteers will be on the road Saturday, May 7, during the Annual Highway Cleanup event.

Motorists will see volunteers wear-

ing safety vests and picking up garbage along roadsides across the province as they earn money for their community organizations. In the event of bad weather, the cleanup will take place the following Saturday, May 14.

The annual highway cleanup was es-

tablished as a fundraiser for non-profit and community organizations and to help clean up provincial highway right-of-ways. The event is held each year on the first or second Saturday of May, depending on weather.

Last year, the Alberta government con-

tributed \$1,032,282 to 650 volunteer organizations as 16,245 volunteers helped clean up more than 11,400 kilometres of Alberta roadways.

Volunteer organizations include 4-H clubs, Scouts, Girl Guides, Rotary clubs, sports teams and various non-profit groups. Groups must register with the province as non-profit organizations to participate. Organizations can earn between \$81 and \$101 per kilometre cleaned, with the higher amount going to those groups cleaning highways closer to urban centres, which tend to have more trash accumulated.

Anyone over the age of nine is welcome to participate in the cleanup and more information can be received by calling 310-0000 toll-free or by visiting the Annual Highway Cleanup website.

Motorists are asked to slow down, obey signs and be cautious when passing cleanup crews. Pedestrians are discouraged from randomly walking the highways, and anyone involved in the cleanup is asked to be aware, make sure they are visible, and obey all traffic signs.

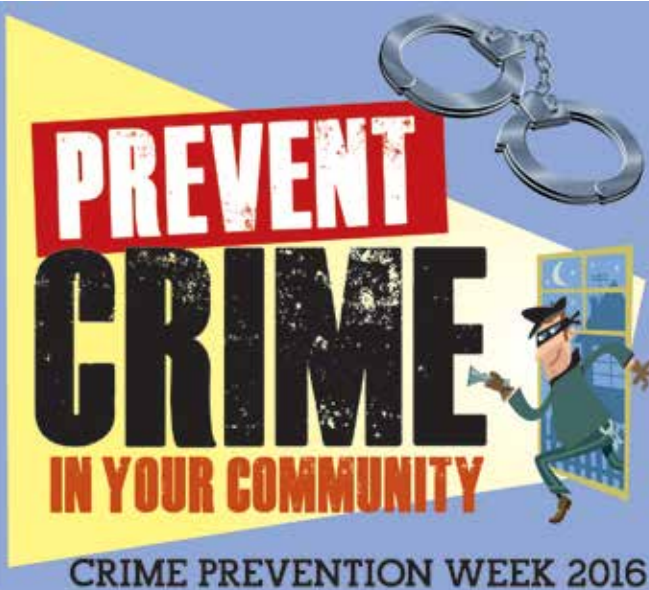

Volunteers will be wearing bright orange safety vests and will be out from 7 a.m. to 5 p.m. They must attend a safety training program and be under adult supervision.

# GYPSD'S NEW ASSISTANT SUPERINTENDENT OF BUSINESS SERVICES

Submitted by Nikki Gilks

Grande Yellowhead is pleased to announce that Juha Karén will be the division's Assistant Superintendent of Business Services as of July 1st. Cory Gray, Superintendent of Schools, notes 'Juha's extensive financial background and corporate depth and breadth of knowledge has been of

great assistance to the division,' and he looks forward to Juha's financial guidance as head of Business Services which oversees the services provided by the departments of Finance, Transportation, and Facilities. Juha comes with a broad range of financial experience in the petroleum, food, media, municipal and provincial government sectors. His academic background includes a Master in Business Admin-

istration from the Helsinki School of Economics as well as the professional designation of Chartered Professional Accountant (CPA).

"My current position as the Director of Financial Services has provided me with a good working foundation of Grande Yellowhead's financial realities which need to support the educational goals and strategies in place for our students' successes," comments

Juha. "I am looking forward to applying that knowledge as well as my previous working experience in continuing to assist the Board of Trustees in their three priority areas of communications, student learning, and leadership and succession planning while administering the business affairs of the division in such a way that provides the best possible educational services with the financial resources available."

# MP EGLINSKI ELECTED AS SECRETARY -- CANADA-UKRAINE PARLIAMENTARY FRIENDSHIP GROUP

**Submitted by Jim Eglinski, MP – Yellowhead**

OTTAWA: On April 12, 2016, during the Canada-Ukraine Parliamentary Friendship Group's Annual General Meeting, Jim Eglinski, Member of Parliament for Yellowhead, was elected Secretary. The Ambassador of Ukraine to Canada, H.E. Andriy Shevchenko was in attendance and brought

greetings. The Canada-Ukraine Parliamentary Friendship Group promotes a deepening of bilateral relations at the two countries' parliamentary level.

Ambassador Shevchenko voiced his enthusiasm about the Canada-Ukraine Parliamentary Friendship Group and underlined the strong and friendly relationship between Canada and Ukraine. He was pleased to see the great

support for this initiative from all Parliamentarians across different parties.

Elected were:

Chair: MP Borys Wrzesnewskyj (LPC)

Seven Vice-Chairs: MP James Bezan (CPC), Senator Raynell Andreychuk (CPC), MP Linda Duncan (NDP), MP Terry Duguid (LPC), MP James Maloney (LPC), MP Julie Dzerowicz (LPC), and

MP Arif Virani (LPC)

Secretary: MP Jim Eglinski (CPC)

Deputy Secretary: MP Kevin Lamoureux (LPC)

Treasurer: MP Mark Warawa (CPC)

Ten non-voting directors at-large: MP Don Rusnak (LPC), MP Kyle Peterson (LPC), MP Kim Rudd (LPC), MP Yvonne Jones (LPC), MP Kate Young (LPC), MP Sven Spengemann (LPC), MP Jamie Schmale (CPC), MP Kerry Diotte (CPC), MP Peter Kent (CPC), and MP Wayne Stetski (NDP)

Also in attendance along with thirty other interns from the Canada – Ukraine Parliamentary Program was Mariia Ihnatova, who is interning in MP Eglinski's Ottawa office until the end of May.

# BULLYING

## Tips for Dealing With Bullying

- 1) Take complaints of bullying seriously. Do not dismiss your child or expect your child to work through the situation alone.
- 2) Praise your child for reporting bullying situations to you and assure your child you will take action.
- 3) Talk to your child's teacher, counselor, or other caregiver about reports of bullying.
- 4) Work together to address the bullying situation. Don't confront the parents of the bully directly.
- 5) Ask your child specific questions about how your child is treated by peers, who he or she eats lunch with, and how other children are treated.
- 6) Teach your child to be assertive. Your child should be able to express feelings and needs clearly, without shouting or other aggressive behavior.

- 7) Provide opportunities for your child to make friends. Identify some of your child's interests and encourage your child to pursue them through sports, clubs, or other group activities.
- 8) Teach your child to identify bullying behaviors. These include hitting, damaging possessions, threatening, name calling, & excluding someone.

# DRUNK & DRUGGED

## IT'S YOUR DUTY TO REPORT AN IMPAIRED DRIVER

### TIPS TO SPOT AN IMPAIRED DRIVER

Drivers who are impaired by fatigue, drugs, alcohol or other distractions such as cell phones, are a danger not only to themselves, but also to the innocent drivers around them. If you witness any of the behaviors below, call 911 and tell the operator that you are calling to report an impaired driver. Be prepared to describe the make, model, color and license plate number of the vehicle, and provide its exact location.

#### Signs of impaired driving include:

- Failure to turn on headlights at night.
- Illegal or sudden turning.
- Turning within an unusually wide radius.
- Nearly striking other cars or objects.
- Sudden or erratic braking.
- Drifting, swerving or weaving.
- Driving with the face close to the windshield.
- Drinking alcohol in the vehicle.
- Driving much slower than the posted speed limit.
- Rapidly accelerating.
- Tailgating.
- Driving in the middle of the road, or with the left tires on the center line.
- Responding slowly to traffic signals

# PARKLAND POSSE LACROSSE 2016 LAX DAY

Submitted by **Kristen Lindstrom, Promotions** -  
**Parkland Posse Lacrosse**

## BETTER QUALITY OF LIFE

*and a money saver, too!*

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

### QUALITY SALES & SERVICE OF:

- DISTILLERS

*"We're recommended the MOST as the company that knows the MOST"*

Parkland Posse held their season opening LAX day on Saturday April 16 at Glenn Hall Arena in Stony Plain.

Multiple events were planned for the day to engage players and community. 21 team photos were taken for Parkland Posse and Posse apparel, featuring their new logo, was on sale. In addition, CAN LAX had a booth set up selling lacrosse merchandise and stringing heads for players. Volunteers were busy barbequing burgers and hot dogs to raise money for the club. A shout out to Stony Plain Co-Op for their great service, having all the food ready for pickup early Saturday morning and supplying the BBQ.

To tie up a great day 3 games were played. Posse Pee wee B1 played Westlock Rock and Posse Midget A played Sherwood Park Titans in exhibition games. The third game was the first season game between Posse Bantam A's and Saskatchewan Swat. All posse teams secured wins in their games - what a great start to the season for our players and coaches!

A huge thank you to all the volunteers who helped to make this day a success.

# Lawn & Garden

## WHY HIRING A LANDSCAPER MAY BE FOR YOU

The majority of homeowners want their properties to appear as appealing as possible. While many homeowners want to be proud of their properties and come home to a welcoming home each night, the benefits to maintaining landscaping go beyond the notion that well-cared for lawns make for more comforting retreats.

Because numerous variables, including landscaping, influence property values, it's difficult to assess just how much the property values of homes with impressive landscapes are influenced by those very landscapes. Indeed, studies have produced varying results regarding the effect of well-landscaped homes on property values. But what many studies have shown and what many realtors indicate is that impressive landscaping adds a significant amount to property values, with estimates suggesting landscaping increases home values by anywhere from 5 to 20 percent.

Such estimates are good news for homeowners, and they also highlight

the stakes involved when making landscaping decisions. Homeowners with green thumbs may embrace the challenge of revitalizing their lawns and gardens, but many, especially those pressed for time, can benefit greatly from working with professional landscapers.

Why hire a professional landscaper?

Maintaining a property requires more than just mowing the lawn every couple of weeks. Even homeowners committed to making their properties as pristine as possible can run into problems when adverse weather conditions pose a threat to lawns and gardens. The following are just a handful of reasons why homeowners may find working with landscaping professionals is the best thing for their properties and their bank accounts.

Professionals understand the local climate. Experienced professional landscapers will understand the local climate and the challenges it presents to your lawn. Experience can prove invaluable as lawns battle adverse

conditions that threaten its survival. While homeowners going it alone may struggle through a trial and error period as they try to address problems threatening their lawns, experienced professionals are more likely to identify the problem immediately, providing a ready solution that can prevent potentially costly repairs down the road.

Professionals can provide inspiration. In addition to maintaining properties, many landscaping professionals have vast experience improving properties through landscape design. Professional landscapers may have a host of ideas for your property that you would never think of. Homeowners with little to no lawn and garden experience may not realize all the things they can do with their properties, and those who go it alone may end up with unappealing landscapes that do not attract buyers' attention when the home hits the market. Professionals typically have a wealth of ideas and, perhaps more importantly,

they understand which ideas will and won't work on a given property.

Professionals can remove some of the stress of managing landscaping projects. Homeowners know that home improvement projects, whether they are addressing home interiors or exteriors, can be stressful. Professional landscapers typically have a network of professionals, including contractors, who they have worked with in the past. Such connections can ensure more complex projects that require both landscapers and construction contractors go as smoothly as possible. In addition, homeowners who receive contractor recommendations from their experienced landscapers tend to rest easier knowing the people working on their properties have already developed a rapport and established a successful track record working together.

Professional landscapers can be just what homeowners need to turn their properties into appealing oases no buyer can resist.

## SEEING GREEN: HOW TO HELP YOUR LAWN BOUNCE BACK FROM WINTER

Lawns are exposed to the elements throughout the year, and each season brings its own unique set of challenges. Summer heat waves can make it hard for lawns to maintain their lush green appeal, while the falling leaves of autumn can threaten root systems if not handled properly. Winter frost and snow also can pose a threat to lawns, leaving homeowners with some work to do when spring arrives.

Spring is a season of revival, and that spirit of rejuvenation extends to lawns. When the last vestiges of winter begin to disappear, homeowners can dust off their gardening gloves and start taking steps to revitalize their lawns for the months ahead.

Look for signs of damage. Winter can be hard on lawns, so it's important for homeowners to look for signs of damage before they begin planning any springtime land-

scaping projects. Salt damage can occur in areas that received heavy snowfall over the winter. Many communities use rock salt to de-ice snow- and ice-covered roads, and that rock salt is largely made up of sodium chloride, which can draw moisture from grass and cause it to brown. Salt trucks used during winter storms often spit salt out onto lawns, so don't be surprised if you notice brown spots on your grass, especially in those areas closest to the road. Winter lawn damage may also be caused by voles, burrowing mouse-like rodents that make paths beneath the snow to hide from predators and feed on grass blades and roots. Lawns with distinctly matted areas may also have been damaged by snow mold that can weaken turf.

Consult a professional landscaper. Homeowners with considerable experience tending to damaged lawns can no doubt identify and ad-

dress problems on their own. That's because many problems are a result of the weather, which tends to be similar and produce similar problems from one year to the next. But inexperienced homeowners should consult professional landscapers before attempting to address problems on their own. Winter lawn damage may be caused by a variety of factors that can produce similar symptoms, and professional landscapers can identify the culprits behind such damage and provide the most effective solutions to restore the lawn.

Remove debris. A light raking can help remove any debris that accumulated over the winter. Such debris, which may include fallen branches and fallen leaves left behind from the final days of fall, can prevent lawns from getting the sun and water they need to thrive. Remove this debris, but make sure the grass is not frozen when you do, as

walking on frozen grass can cause further damage.

Let the grass grow. Mowing the lawn is a chore that's reserved for spring, summer and maybe early fall, but it's important that homeowners don't jump the gun and mow too early after winter. A patient approach allows the grass to reestablish itself, so let it grow a little higher than you normally would before the first cut. When the grass is roughly 4.5 inches high, you can cut it down to three inches and then maintain your normal mowing routine throughout the rest of spring and summer.

Revitalizing lawns in springtime is a priority for many homeowners, who should always consult landscaping professionals if they feel uncertain about addressing any damage they discover during their post-winter lawn inspections.

# GYPSD MONTHLY SCHOOL NEWS FOR MAY

Submitted by Nikki Gilks

## LOBSTICK ZONE

Grand Trunk High School, Evansburg

The beginning of May signifies the start of Education Week in Alberta and a number of our high school music students will be heading out to perform at schools in the Red Deer area before returning to Grand Trunk on Friday, May 6th to play for the students of Grand Trunk, Evansview, and Wildwood. This is an excellent opportunity for the music students to perform in front of crowds and to hopefully get other students interested in the music field.

May also sees the beginning of the track and field season for both the junior and senior high students. Junior high students will be participating in the annual track meet in Entwistle on May 12th where they will compete against students from Wildwood, Entwistle, Tomahawk, and Seba Beach. From this meet, junior high students will head to Hinton at the end of the month to complete in the divisional track meet at Harry Collinge High School. Senior high track and field athletes will be training for their zone competition scheduled at Foote Field in Edmonton on May 19th.

On Friday, May 27th, the annual prom dance will be held at Grand Trunk High School Theatre Hall and students will be provided with further information in regards to prom throughout the month of May. Students who will be entering grade 10 in the fall are invited to attend the information night on Wednesday, May 25th at 7pm in the theatre hall as well. This will be an opportunity for parents to find out information on high school courses and begin the registration process for next year. Grade 11 & 12 students will begin their registration process during the first week of June.

- May 23 STAT - No School (Victoria Day)

- May 24 Gr. 10 Information Night
  - May 27 GTHS Prom Dance
- Niton Central School, Niton Junction

The month of April started with preparations for our second elementary Reading Blitz of the year. Mrs. Soroka coordinated workshops to train and upgrade staff and volunteers in guided reading methods. We have about 20 community volunteers who assist staff to run 12 guided reading groups, as well as 3 teachers running larger literature circle groups. It's all going smoothly now in the first period of each day as our students grow into confident, independent readers.

In April we also bid farewell to a couple of student teachers. Guy Becker, from the University of Lethbridge, was with us for four months in the grade 4/5 class. He learned a lot from his cooperating teacher, Mrs. Veenstra, and he assisted us often with technology issues. The students are sad to see him go and will particularly remember his after-school Ukulele Club and the wired houses made in their electricity unit. Shelley Simmons from the University of Alberta spent less time with us, but got a variety of great experience with cooperating teacher Amanda Nixon. Both student teachers were able

to see a very collaborative staff at work and took every opportunity to learn what they could from all staff, joining us in PLCs and contributing when they could. Lastly, staff and students alike are appreciating our new computer lab setup this year. Two adjoining rooms, new computers installed, a Smartboard and numerous new tables and chairs have created a learning environment that is ideal for project learning and cross-graded groups. It is evolving into the room where everyone wants to be. Small schools really can make a big difference!

- May 25 Discover E Science Presentations for Elementary 26, No School for Kindergarten
- May 30 – June 1 Gr. 5 – 8 Field Trip to Camp Hideaway Wildwood School, Wildwood
- What’s UP? . . . at Wildwood School?

As we get closer to the end of the school year activities seem to be ramping up! April started off with Bus to Swim with 43 grade 2-6 students attending. This event takes place in Drayton Valley at the pool and is a series of ten lessons that will allow the children

to get their next Red Cross badge. This event is being proudly sponsored by McWinn Air Filters of Wildwood and happily supported by parents of participating students.

Students recently celebrated a day of cultural awareness. Mé-tis dancing was experienced by grade 2/3 students who later could be seen at break time practicing these dances on the playground. The grade 4/5 class constructed drums and the grade 6 class made Wampum Belts. The grade 7 class ended the day with a discussion of treaties supporting their learning

in social studies.

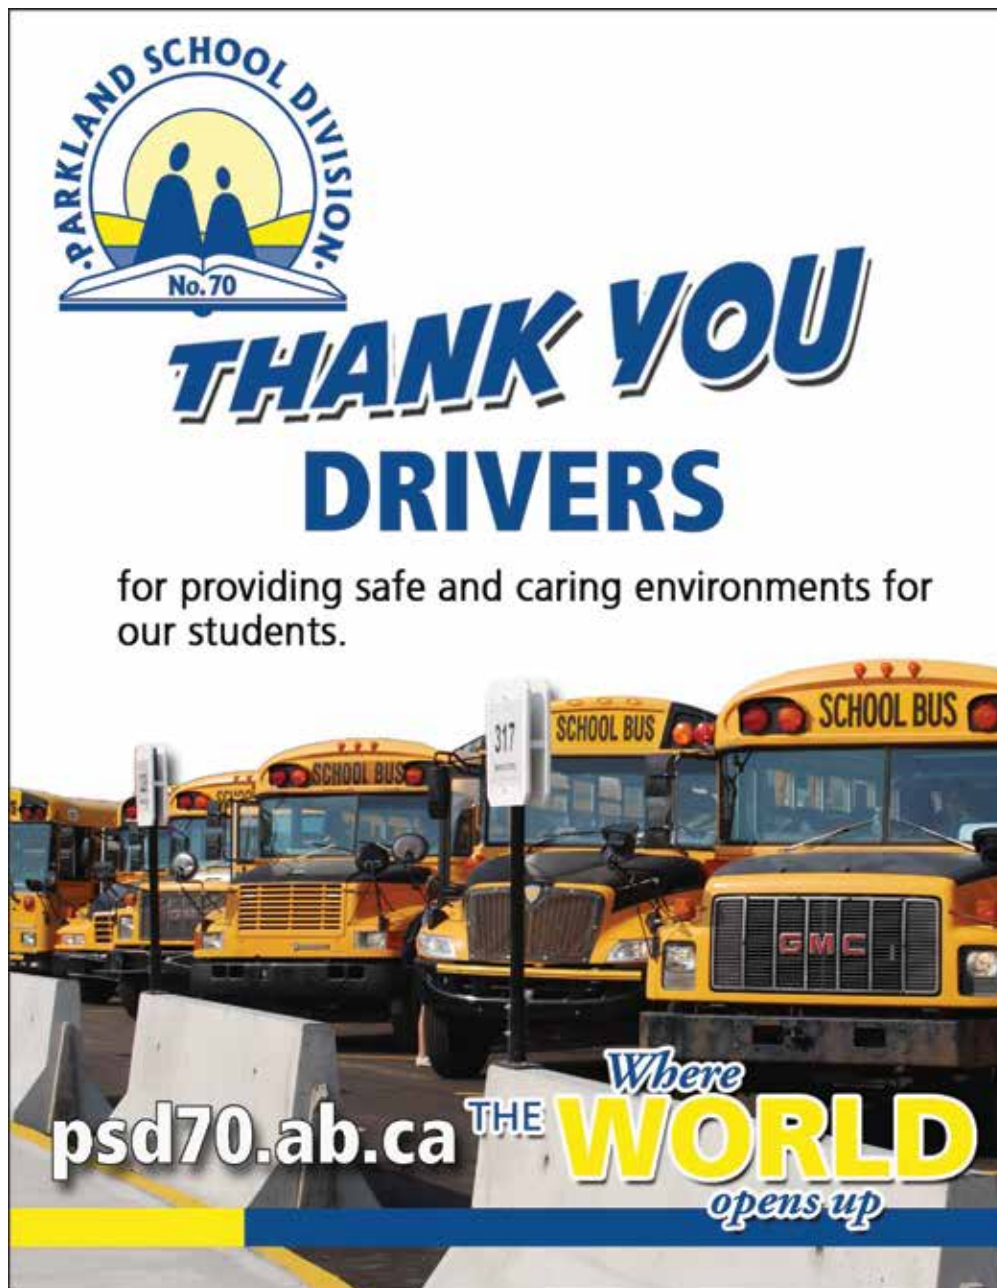

Our kindergarten and grade 1’s went on a field trip with the kindergarten students from Evans-view to Wild Ventures Farm, owned and operated by the Veldhouse family. Students saw elk and buffalo and visited the museum of animals the Veldhouse family has on display in their great room. The children bussed on to the Lone Pine Ranch for lunch and an opportunity to pet a good variety of animals that they could pet. The field trip ended with a visit to the Swinkels Dairy Farm with the opportunity to see cows, pens of calves and what these animals are given to eat. Children saw the milking equipment and left with a greater understanding as to how a dairy farm operates. The K’s and 1’s had a great time and send their excited thanks out to their hosts, “thanks for a great day!”

The Scholastic Book Fair is now winding up. During Student Led Conferences, parents and students viewed books and activity packages in person rather than shopping from the scholastic catalogue. Monies raised at the event are used to build and supplement classroom libraries.

Our Spring Tea and concert in celebration of Education Week took place on April 28th! Cake and coffee was served by grade 4 and 5 students followed by a series of musical selections. Check the calendar to see May’s upcoming events. Learning by doing is part of the Wildwood Advantage: Small School, BIG Ideas!

# TELUS INVESTING \$5 MILLION IN SPRUCE GROVE IN 2016

**Submitted by Liz Sauvé,  
TELUS Media Relations**

Spruce Grove, Alberta – TELUS will invest \$5 million in new infrastructure and facilities in Spruce Grove this year to increase wireless capacity to meet the growing demand, ensuring customers stay connected at home, at work and on the go.

This significant investment is part of TELUS' commitment to invest \$4.5 billion in Alberta through 2019 to extend fibre optic infrastructure directly to thousands of homes and businesses in rural and urban communities, further strengthen wireless service, and support key services including healthcare and education with new technologies. By the end of 2019, TELUS will have invested \$46 billion in Alberta since the year 2000.

"As demand for Internet and wireless services in Spruce Grove continue to increase, we remain committed to investing in the advanced infrastructure that will not only meet that demand, but also support the future of our digital economy and delivery of critical services such as healthcare and education," said Brian Bettis, TELUS General Manager for Spruce Grove.

"Our local investment of \$5 million this year reflects TELUS' commitment to enhance our high-speed Internet footprint in Spruce Grove, benefitting generations to come."

TELUS' infrastructure and technology investments will advance services for the benefit of all Albertans. In Alberta, TELUS is:

- Building new wireless sites to add capacity and extend the reach of its wireless network in rural areas, while enhancing and extending LTE – the world's fastest and most advanced wireless technology – to more than 99 per cent of Albertans;

- Connecting even more communities directly to the gigabit-enabled TELUS Fibre network this year, including Edmonton and Westlock. Since 2013 TELUS has connected residences, businesses, schools and healthcare providers in 20 Alberta communities directly to fibre optic infrastructure and the next-generation of Internet and TV services, enabling residential speeds up to 150 mbps and the ability to access faster speeds as technologies and demand evolve. For more information and a map of the communities currently connected to TELUS Fibre, visit [telus.com/fibre](http://telus.com/fibre);

- Expanding its healthcare solutions.

Currently TELUS provides electronic medical records to more than 15,000 Canadian physicians as well as health benefits management solutions to more than 10,000 pharmacies, 11,000 dental clinics and 33,000 extended healthcare providers across the country. TELUS Health has invested more than \$1.6 billion to bring patient-centred solutions to market to improve the flow of information across the healthcare continuum, including partnering with the Alberta government to introduce online Personal Health Records, enabling better health outcomes for Albertans and all Canadians;

- Developing Calgary's newest architectural landmark, TELUS Sky, a 750,000 square foot mixed-use development incorporating office, retail and residential space. The \$400 million LEED Platinum project is well underway and TELUS anticipates construction will reach ground level this summer;

- Investing in Internet-connected devices to promote the growth of the Internet of Things (IoT) in Alberta, driving solutions that will enable all sectors to further their global competitive advantage, reduce their environmental impact, and increase worker safety;

- Advancing security measures including analytics, cloud-based security services and integrated security solutions to help Albertan businesses maintain strong security against a rapidly-growing number of online threats;

- Enhancing the capacity of its advanced Internet data centres to meet the growing needs of its current and future clients in Alberta and across Canada. Combined with TELUS' expanded cloud portfolio, Albertan businesses now have access to a full suite of managed Infrastructure as a Service (IaaS) solutions that includes public and private cloud options, as well as Canada's first hybrid cloud offering built on the Industry-leading Cisco Cloud Architecture for the Microsoft Cloud Platform; and

- Giving back to the community by contributing more than \$4.2 million in grants through TELUS Optik Local, which funds artists in Alberta and British Columbia to support the production of local and original stories which are showcased on Optik TV's Video on Demand.

The investments announced in this media release were reflected in TELUS' capital expenditure guidance for 2016, which was issued on February 12, 2016.

## It's Bus Driver Appreciation Day May 2<sup>nd</sup>

**and thank your bus driver!**

*A Special Day to Recognize Those Special People Who Really 'Pick Us Up' ~  
Sincerely from the Board of Trustees, Administration, Staff and Students of*

# AWARENESS TEAMWORK ACTION

**That's what it takes to help prevent crime. During Crime Prevention Week, do what you can to keep your home, neighborhood and workplace safe.**

## When away from home for extended periods:

Install timers on a few inside and outside lights.

Hold mail and newspaper delivery or donate it to a school or hospital.

Have a trusted friend or neighbor look after your home.

## Around the house:

Do not leave tools or ladders outside your home.

Make sure external doors and frames are sturdy. Steel or 1 3/8"-thick wood is preferable.

Installing a security system can add extra protection against crime, fire or accidents.

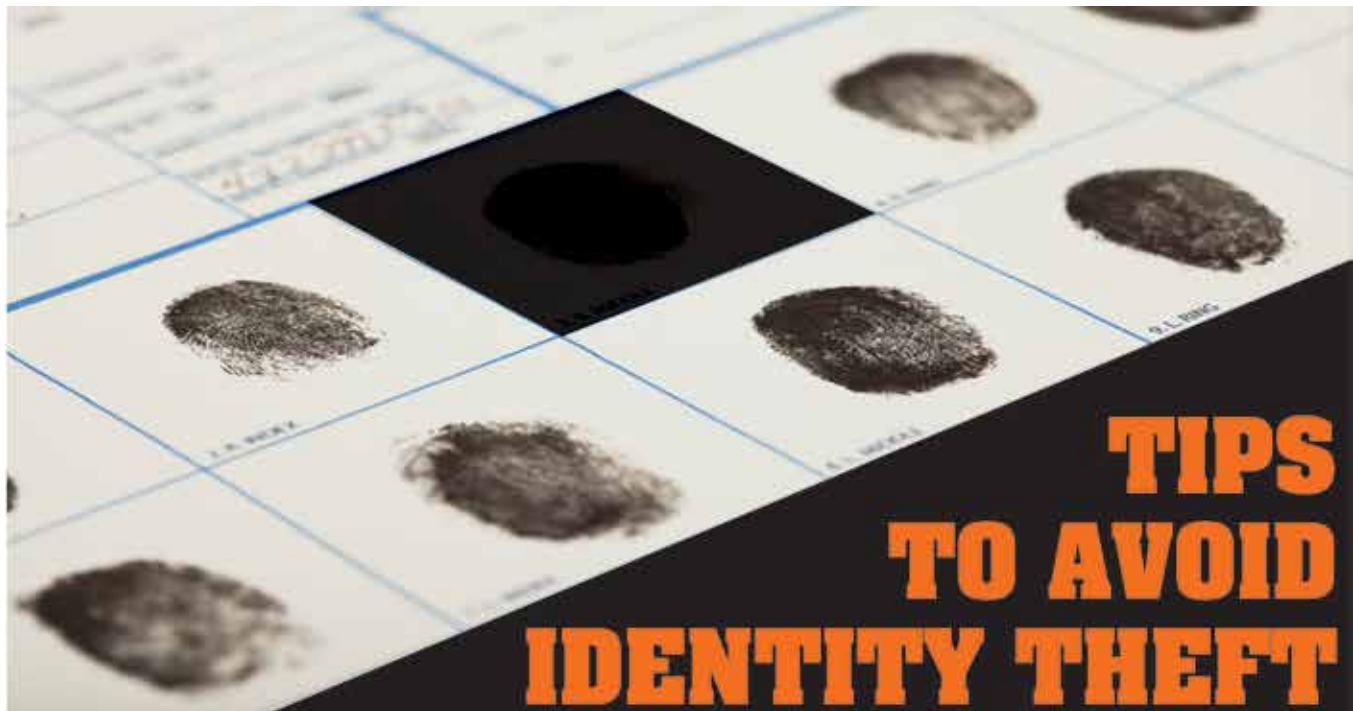

## In the neighborhood:

Join a neighborhood watch committee, and ask local law enforcement for assistance.

Get to know your neighbors. It will instill a sense of community and help everyone feel safer.

Report any suspicious neighborhood activity to the police.

**1)** Before you reveal any personally identifying information, find out how it will be used and if it will be shared.

**2)** Pay attention to your billing cycles. Follow up with creditors if your bills don't arrive on time.

**3)** Guard your mail. Deposit outgoing mail in post office collections boxes or at your local post office. Promptly remove mail from your mailbox after delivery. Ensure mail is forwarded or re-routed if you move or change your mailing address.

**4)** Utilize passwords on your credit card, bank and phone accounts. Avoid using easily available information like your mother's maiden name, your birth date, the last four digits of your SIN or your phone number.

**5)** Minimize the identification information and number of cards you carry.

**6)** Do not give out personal information on the phone, through the mail or over the internet unless you have initiated the contract or know whom you're dealing with.

**7)** Keep items with personal information in a safe place. An identity thief will pick through your garbage or recycling bins. Be sure to tear or shred receipts, copies of credit applications, insurance forms, physician statements and credit offers you get in the mail.

**8)** Give your SIN only when absolutely necessary; ask you use other types of identifiers when possible.

**9)** Don't carry your SIN card; leave it in a secure place.

# Lose up to 5 lbs or more in just 3 days!! Yes It Really Works!!

"I've lost 30 Pounds in 45 days  
- I've tried all kinds of products  
and so happy to find one  
that actually works!"

**- Elaine Spruce Grove**

"I've lost 21 pounds in 7 weeks! I  
tried everything over the last 10  
years and nothing worked - I kept  
gaining and got very depressed.  
Who'd of known that taking one little  
Miracle 100% Natural Pill a day  
would allow me to succeed!!"

**- Penny M. Stony Plain**

"Down 36 lbs. in just 2 months.  
Even Dr. B's diet where I had to  
starve myself on 800 calories  
couldn't do this. This product is  
just totally awesome - Just the  
total overall feeling good"

**- Toni Spruce Grove**

"Have heard as much as 15lbs loss  
from the 3 day sample - it works  
that good! Have nothing to lose but  
the weight which I am doing"

**- Donna Edmonton**

"I totally love this product for not  
only the weight loss but also the  
physical & mental well-being. I just  
feel much better!"

# YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

**Submitted by Stefan Felsing**

April 26, 2016

2016 Budget Passed

The Yellowhead County 2016 final budget was adopted by Council in the amount of \$142,212,459.

This includes:

Cost & Revenue Sharing with municipal partners: \$11.7 million

Seniors Requisition: \$3.7 million

School Requisition: \$23.8 million

Municipal Operations: \$36.7 million

Capital Funding: \$66 million

There will be no tax increase in the MUNICIPAL mill rate. It remains at 2.4585 for residential and farmland; and at 6.3658 for non-residential.

The Seniors Foundation requisition and the Provincial School requisitions have both increased.

The Seniors Requisition mill rate is .3939; and the School Requisition is at 2.532 for residential and 3.7061 for nonresidential.

Public Hearing for Bylaw 7.16 – A public hearing was held for Bylaw 7.16 for the closure of a portion of road adjacent to Highway 16 near Jasper Park gates. The closure allows the property to be consolidated with the landowner's surrounding properties. The landowner would be respon-

sible to pay \$6,500.00 (the assessed value of land) and any surveying costs. No concerns were brought forward from the public.

Alberta Northern Rockies – Morgan Roberts, the Destination Management Facilitator for the Alberta Northern Rockies Tourism Alliance (ANRTA) made a presentation to Council highlighting their proposed three year Destination Management Plan that covers strategic planning, marketing initiatives, and budget plans. A request was made to have Yellowhead County join as a municipal partner and financially commit funds over the next three years as the organization transitions into a self funding entity. Funds would be used to cover a number of different projects that promote recreational and tourism activities in the area.

Leaman Road Train Whistle – Council is not moving ahead with an initiative to stop train whistles from blowing at the Leaman Road railway crossing near Chip Lake. Yellowhead County has gone through this process previously in a more populated area at a cost of half a million dollars that took over 10 years to complete. While this location may not be as expensive, there are still significant dollars and time associated with this process with no guarantee that CN will stop the use of train whistles for safety purposes at this crossing.

Rezoning For Industrial Development – Bylaw 05.16 was passed by Council and will rezone an area near Evansburg (SW of 19-53-07-W5M) from Rural District to Rural Industrial District. This rezoning allows for the expansion of current industrial developments and aligns with the Evansburg Area Structure Plan. A Public Hearing was held on April 12, 2016. No concerns were received from the public.

The next Council meetings are May 10 & 24, 2016. The next Committee of the Whole Council Meeting is May 16, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

## Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

**A perfect day starts with perfect skin.** Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

### BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

# TIPS TO STOP SCHOOLYARD BULLYING

- Take it seriously. It's easy to say, "Kids will be kids" and assume it will pass. But if your child is coming home upset and is suddenly anxious about school because of the way a kid (or kids) are treating him, you should pay attention.
- Drop your kid off at school or stand on the sidelines during recess. Bullying tends to occur when adult supervision is lacking, so before school or on the playground at recess.
- Talk to other parents. Young kids are talkers. If you're friendly with a parent in your kid's class, ask them if their child has mentioned anything about kids being picked on at school.
- Tell the teacher. It's really important to let your child's teacher know what your kid is telling you -- especially if someone is getting hit.
- Empower your children. Let your kids know that it's not their fault that they are being bullied. Teach your kids to focus on their own behavior.

# BLOCK WATCH

THE ANTI-CRIME TEAM

## NEIGHBOURS HELPING NEIGHBOURS

Start, join or reactivate a neighborhood watch program today!

Remember if you see a situation that doesn't feel right, it's suspicious.

Write down the description of any suspicious persons.

Get the model, color and license numbers of strange vehicles.

Call the police immediately. Don't assume someone else has called.

If criminal activity has occurred let your Block Watch Captain and neighbors know but **CALL THE POLICE FIRST**

### SUSPICIOUS ACTIVITY THAT YOU SHOULD LOOK FOR:

- Someone screaming or shouting for help
- Unusual noises, sounds of breaking glass or shattering wood
- Beam from flashlight or light in neighbor's home
- Persons going door to door
- Someone looking into windows of parked cars
- Persons waiting in front of a home or loitering around the neighborhood
- A stranger in the back yard
- Property being taken out of houses where no one is at home or a business after it has closed
- Property being carried by persons on foot
- Property being loaded into a vehicle or being removed from a vehicle
- An opened or forced door or window
- Strange vehicles parked at your neighbor's house
- Slow moving vehicles cruising the block
- Someone being forced into a vehicle
- A stranger sitting in a car or stopping to talk to a child
- Abandoned cars

# Credit Card FRAUD

## Credit Card Fraud Prevention Tips:

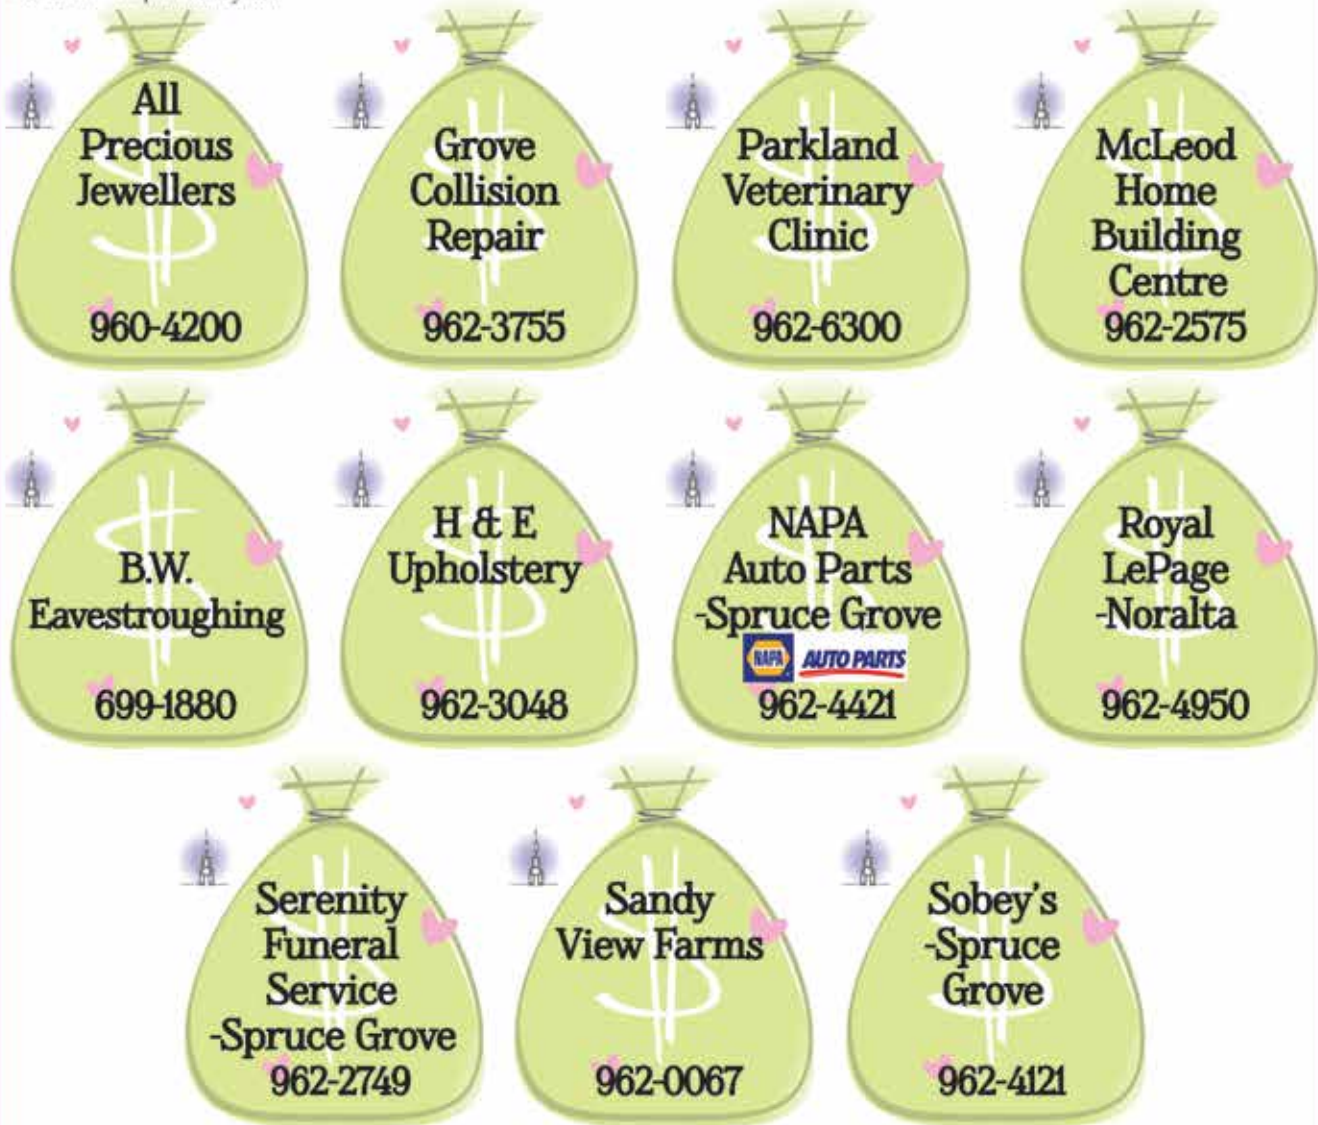

1. Keep an eye on your credit card every time you use it, and make sure you get it back as quickly as possible. Try not to let your credit card out of your sight whenever possible.
2. Be very careful to whom you give your credit card. Don't give out your account number over the phone unless you initiate the call and you know the company is reputable. Never give your credit card info out when you receive a phone call. (For example, if you're told there has been a 'computer problem' and the caller needs you to verify information.)
3. Never respond to emails that request you provide your credit card info via email -- and don't ever respond to emails that ask you to go to a website to verify personal information.
4. Never provide your credit card information on a website that is not a secure site.
5. Sign your credit cards as soon as you receive them.
6. Shred all credit card applications you receive.
7. Never leave your credit cards or receipts lying around.
8. Don't write your PIN number on your credit card -- or have it anywhere near your credit card (in the event that your wallet gets stolen).
9. Shield your credit card number so that others around you can't copy it or capture it on a cell phone or other camera.
10. Keep a list in a secure place with all of your account numbers and expiration dates, as well as the phone number and address of each bank that has issued you a credit card.
11. Only carry around credit cards that you absolutely need. Don't carry around extra credit cards that you rarely use.
12. Open credit card bills promptly and make sure there are no bogus charges. Treat your credit card bill like your checking account -- reconcile it monthly. Save your receipts so you can compare.
13. If you find any charges that you don't have a receipt for -- or that you don't recognize -- report these charges promptly (and in writing) to the credit card issuer.
14. Always void and destroy incorrect receipts.

# INVESTMENT FRAUD

## Tips on how to avoid investment fraud:

1) Investigate before you invest. Ask a lot of questions. Make sure there is a market for your investment. Ask the seller for references and accounting statements. Find out if a government or industry regulatory body supervise the seller. 2) Be wary of unexpected phone calls, letters or visits from strangers who offer get-rich schemes. 3) Be wary of exaggerated claims of profit in a short period of time. Ask about how you can sell your investment when you decide to seek your investment return. 4) Be cautious when someone offers you a time-limited investment opportunity and demands that you invest on the spot. Don't make snap decisions. If it's good now, it will be there tomorrow. 5) Beware of claims that there is little or no risk. All investment opportunities involve some risk. Never invest money you cannot afford to lose. 6) Beware if you are told you were chosen as one of only a few potential investors. 7) Beware when someone hesitates about promptly delivering the goods or services in which you invest. 8) Beware if you are given only a glossy brochure about the company. Always ask for a prospectus and other professionally prepared disclosure documents, especially when investing in securities, such as stock in a company. And make sure you read the small print. Some stocks cannot be resold without the permission of the directors of the company. The information you are given should tell you about the stock and the company issuing it. 9) Before making a commitment, get a professional opinion. Ask about your advisor's qualifications. If necessary, phone the government department or industry association that licenses or registers him or her. Confirm that the individual is qualified to advise you. 10) When in doubt, don't make promises or commitments. It's better to be safe than sorry! Remember, the golden rule to investing: If it sounds too good to be true - it probably is!

# SUDOKU OF THE WEEK

	2	4	9	8	7			6
			2		5		8	
5			3		4			
4			6	3		8	9	
		8	7	2				5
9		2				6	1	
	1							4
	9	5		4	3	7		8
8					2	9		

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

3	2	4	9	8	7	1	5	6
6	7	9	2	1	5	4	8	3
5	8	1	3	6	4	2	7	9
