FIRE BAN FOR YELLOWHEAD COUNTY WILDFIRE ZONE – EAST OF HWY 22

Submitted by Stefan Felsing

Effective at 12 noon May 3rd 2016 Yellowhead County is enacting a Fire Ban for the Yellowhead County Wildfire Zone north of highway 16 and east of Highway 22. The Ban is being enacted due to extremely dry conditions and will remain in effect until there is a significant increase in precipitation.

- All fire permits are cancelled.
- No new permits will be issued.

- No campfires are allowed.
- Use of burn barrels and incinerators must cease.

Propane and natural gas appliances and charcoal briquette cooking devices are permitted.

Residents are asked to use extreme caution when working or recreating. Fire hazard is Extreme.

Please contact the undersigned should you have any questions.

C.C. (Cory) Chegwyn SCO Deputy Fire Chief of Public Safety Yellowhead County Ph: 780-723-4800 Cell: 780-712-9645 Fax: 780-723-5066

ALBERTA ANNOUNCES PROVINCEWIDE FIRE BAN AND ADDITIONAL MEASURES TO REDUCE FIRE RISK

Submitted by Government of Alberta

Effective immediately, the province is applying a fire ban across Alberta.

All fire permits are suspended and no new fire permits will be issued. All open fires, including campfires and charcoal briquettes, are prohibited.

The use of incendiary targets is also banned. These targets explode when shot with a firearm and have been known to create fires.

In addition, the province is

urging the public to avoid Off Highway Vehicles (OHVs) use as much as possible. If they must be used, remove burnable debris from hot spots. All OHVs in Alberta are required to have a functional muffler and spark arresters.

"Albertans stand with the people of Fort McMurray who have been evacuated and our first responders as they work to protect Albertans and critical infrastructure. The single best thing we all can do to help protect Alberta from wildfires is to ensure we are not creating additional risk."

Shannon Phillips, Minister of Environment and Parks

"Our firefighters are currently focused on fighting wildfires across the province, including the estimated 85,000-hectare fire near Fort McMurray. With extreme fire hazard conditions persisting, it is prudent that we take these steps to help reduce the risk of additional fires."

Oneil Carlier, Minister of Agriculture and Forestry

Alberta Announces Provincewide Fire Ban And Additional Measures To Reduce Fire Risk

Continued From Page 1

Environment and Parks will be deploying additional Conservation Officers to enforce the fire ban in parks and protected areas. This will not affect resources that are being used to fight wild-

fires.

Portable propane fire pits and gas or propane stoves and barbecues designed for cooking or heating are allowed.

The fire ban applies to Alberta's Forest Protection Area and all counties, municipal districts

and special areas such as provincial parks and recreation areas. The fire ban does not apply to cities, towns, villages or summer villages or federal lands such as national parks.

The fire ban will remain in place until further notice.

When Albertans are out this weekend, they are urged to take additional steps to reduce their impact on potential wildfires on public land:

- Check Alberta Fire Bans before going out, and follow ALL instructions.
- If camping, do not leave cooking stoves or lanterns unattended.
- Avoid OHV use as much as possible.
- Do not throw out lit cigarettes.

YELLOWHEAD COUNTY SENDS FIREFIGHTERS & SPECIALIZED FIREFIGHTING EQUIPMENT TO FORT MCMURRAY

Submitted by Stefan Felsing

Responding to the current state of emergency in Fort McMurray, the Office of the Fire Commissioner requested assistance from Alberta Fire Fighting agencies. Yellowhead County has sent a crew of 4 members in Engine 5, a crew of 2 members in an SSV with a fuel pod and the Incident Support Unit.

Crews will be tasked with doing front line structural fire suppression within the city and surrounding area. There may be more resources/personnel required as we look at cycling crews and supporting the operation without compromising coverage and response within our own service area. Yellowhead County has been in contact with neighbouring municipalities and Mutual aid partners to ensure we have adequate co-response if required to support each other at this time given the fire hazard.

(May 4, 2016:Release) – In response to the current state of local emergency in Fort McMurray and a request for assistance from the Office of the Fire Commissioner, Yellowhead County has sent two response vehicles, an Incident Support Unit, and two crews to assist firefighters in Fort McMurray.

“Our crews will be tasked with doing front line structural fire suppression within the city and surrounding area,” says Yellowhead County Acting Fire Chief Nolan Jespersen.

There may be more resources and personnel required as we look at cycling crews and supporting the operation without compromising coverage and response within our own service area. Yellowhead County has been in contact with neighbouring municipalities and mutual-aid partners to ensure we have adequate co-response, if required, to support each other at this time given the local fire hazard potential.

The equipment being sent includes specialized equipment that can be used to assist emergency responders in helping to refill and refuel firefighting equipment and vehicles right on the front line.

“We have sent a crew of 4 in Engine 5, and a crew of 2 in an SSV with an ISU unit attached after the request from the Office of the Fire Commissioner was sent out for assistance,” says Jespersen.

In addition to the Fire Engine sent to be used in structural fires, and most importantly structural fire prevention, the SSV (Support Services Vehicle) and ISU (Incident Support Unit) are also in Fort McMurray. The SSV unit is an emergency response unit that has a detachable fuel pod that can be dropped off in any location and can be used to refuel vehicles. The ISU mobile command centre is a multi-purpose unit that is specially designed to act as an on-location incident airrefilling station for firefighter’s air tanks and a rest unit for emergency responders. This unit can be dropped off in more difficult to reach locations and can act as an on-incident command post.

“Now that the majority of the residents in Fort McMurray have been evacuated to safer locations, the priority will be the continued effort to put out the wildfires and help prevent structural fires that are these people’s homes and assist the crews already battling the fire,” says Yellowhead County Mayor Gerald Soroka. “These crews must be exhausted and we are there to support them as best we can.”

Although Yellowhead County firefighters do cross-training with Alberta Agriculture and Forestry (AAF)’s wildfire crews from the Edson Forest Area and have to deal with several Wildland fire situations and grass fires, Yellowhead County’s fire department area of expertise is structural fires.

“I’m confident our firefighters can switch between different types of firefighting, and any other type of emergency assistance that is needed,” ensures Jespersen. “And that they’ll be able to help out wherever necessary.”

Yellowhead County will now need to start looking at longer term planning for continued assistance in this situation as crews continue to fight the fires. This needs to be balanced with any home support that may be needed for any local incidents.

“There may be more resources and personnel required as we look at cycling our crews and supporting the operation without compromising coverage and response within our own service area,” says Jespersen. “Given local conditions, we have been in contact with our neighbouring municipalities and mutual aid partners to ensure we have adequate co-response to support each other locally if required.”

The Yellowhead County Fire Department will be ensuring that they have adequate staffing within their own response region and increase strategic staffing of stations based on fire risk each day to balance out any continued support for Fort McMurray as it is needed.

JIM EGLINSKI, M.P. Member of Parliament for Yellowhead

As Albertans and fortunate residents of the Yellowhead riding, I challenge each and every one of you to open your hearts and assist our northerly neighbours of the Fort McMurray region. Many will be struggling after this disastrous fire. I believe we all can help by giving and assisting those in need.

Please contact the Red Cross at:

DARWELL COMMUNITY CRIME AWARENESS

Submitted by Lorraine Taylor, Darwell & District Agricultural Society

In recent months a number of homes and businesses have been broken into in the Darwell area. Local residents are invited to attend an information night to find out about what steps we can take to better protect ourselves and

our property.

The meeting is on Friday, May 13, at the Darwell Centennial Hall. The evening starts at 6:30pm with a presentation by a representative from the Stony Plain RCMP detachment. Mark Elwood, Supervisor of Enforcement Services for Lac Ste. Anne County, will talk about a community patrol program and how

this can be a deterrent to criminal activity. Following the presentations there will be time for questions.

All community members are urged to attend. Families are welcome and there will be activities for children. If you are a newcomer to the area this is an excellent opportunity to meet your neighbours. The intention

of the evening is to foster awareness and to encourage communication across the community.

The evening is sponsored by members of the Darwell & District Agricultural Society and the Darwell Women's Institute. Admission is free. Donations for the local Food Bank will be gratefully accepted. For more information visit www.DarwellAg.com

ROSEVEAR FERRY NOT CURRENTLY OPEN DUE TO LOW WATER LEVELS

Submitted by Stefan Felsing

Low-water levels will not allow the Rosevear Ferry to operate in a safe and functional manner at this time.

Operators and maintenance crews will continue to monitor water levels for the McLeod

River.

All traffic will need to take alternate routes. Yellowhead County thanks you for your patience.

For more information please contact the Yellowhead County Edson Administration Office at 780-723-4800.

WEED INSPECTIONS TO BEGIN IN COUNTY

Submitted by Stefan Felsing

Weed inspections will be taking place across Yellowhead County throughout the summer months of 2016 and County weed inspectors will be out in full force documenting various invasive plants on both county and private lands.

At any point during this summer you may see a white Yellowhead County vehicle near your property and an inspector wearing a high visibility vest performing weed inspections,

so please be considerate of their safety.

While the provincial Weed Control Act grants an inspector right of entry onto private land during reasonable hours (The Weed Control Act, Part 3, and Section 12), the Agricultural Services Department of Yellowhead County believes that a courtesy should be extended to land owners to inform them of what is taking place on their property. The County continues to promote its Door Knocking program to make contact with land owners before a weed in-

spection takes place. Property owners are given the approximate date and time of when an inspection will take place and the weed inspectors can address any questions or concerns the landowner may have at that time.

If land owners are not home during the time of the Door Knocking program they will find an informational placard on their door or gate letting them know that an inspector was there. After the initial inspection, the results of the inspection(s) and corresponding weed information sheets will then be mailed out to

the land owners within a couple weeks of the inspection(s) taking place.

If you would like more information regarding the Weed Inspection program, please visit the Yellowhead County Website at www.yellowheadcounty.ab.ca or phone the Agricultural Services Department at the Wildwood County Office at 1 800 814-3935.

For more information about The Weed Control Act, it can be found at the Queens Printer website at www.qp.alberta.ca/

RIDING UPDATE – WEEK OF APRIL 25, 2016

Submitted by Jim Eglinski, MP – Yellowhead

Parliament was down for the week, allowing me the opportunity, while in the riding, to attend town council meetings, meet with mayors, as well as local business owners and students.

On Friday, April 22, I attended the Woodlands County Volunteer Appreciation Dinner. I had

the pleasure of speaking to two grade nine classes at Holy Redeemer High School on Monday. Following this, I met with members of the RCMP.

I stopped in to say hello to residents in Jasper on Tuesday, and met with two more classes in Grande Cache on Wednesday. Also in Grande Cache, I met with numerous local organizations and later attended the town council meeting.

I spent Thursday in Rocky Mountain House for the grand opening of my new satellite office, as promised during the election campaign. Here I was able to meet with residents from the town and surrounding area, as well as councillors and the mayor. This office will be open Tuesday through Thursday, weekly, to better serve constituents in the south part of Yellowhead.

On Saturday, I attended an event in Sunnybrook for the re-opening of the community hall.

I look forward to returning to Ottawa on Sunday where I will participate in the debate on physician-assisted dying, as the Liberal Government's Bill C-14 continues at second reading. My next update will be next Friday on my week in Ottawa.

PROVINCE RESTRICTS OFF-HIGHWAY VEHICLE RECREATIONAL USE

Submitted by Government of Alberta

A temporary province wide restriction on off-highway vehicle (OHV) recreational use on public lands and provincial parks is another tool the province will use to help prevent the spread of wildfires.

This action comes in response to the request of the Alberta Off-Highway Vehicle Association and follows the govern-

ment's province wide fire ban and ban on incendiary targets on all provincial Crown lands issued May 5.

"Our fire crews are working around the clock to battle wildfires in Fort McMurray and around the province. All Albertans can do their part to help ensure firefighters can focus their resources on the areas of greatest need."

Oneil Carlier, Minister Agriculture of and Forestry

"We do not take this step lightly; however, we must reduce the potential for more wildfires throughout the province. Quite simply, OHV recreational use under our current conditions has the very real potential to contribute to an already catastrophic wildfire season."

Shannon Phillips, Minister of Environment and Parks

"We support the government's decision to temporarily restrict OHV recreational use.

As responsible OHV users in this province we want to do our part to prevent wildfires and to reduce the burden on firefighters and emergency personnel."

Brent Hodgson, President Alberta Off-Highway Vehicle Association

The OHV restriction will be in place until further notice. It applies to recreational use on public lands, including designated OHV trails, only. It will not apply to agriculture, public safety or commercial/industrial users who operate OHVs for farming, enforcement or business purposes. The OHV restriction does not apply to the use of an OHV by Indigenous peoples when exercising a right recognized and affirmed under Part II of the Constitution Act, 1982 or a right under section 12 of the Natural Resources Transfer Agreement.

Wildfire management staff, along with enforcement personnel, including Conservation Officers and Fish and Wildlife Officers, will enforce the temporary OHV recreational restriction immediately. OHVs include all-terrain vehicles (ATVs), four-wheel vehicles, motorcycles and related two-wheel vehicles and amphibious machines.

GASTROINTESTINAL ILLNESS AMONG FORT MCMURRAY EVACUEES

Submitted by Alberta Health Services

Alberta Health Services (AHS) is responding to an increase in patients who are experiencing symptoms consistent with viral gastroenteritis at the evacuation/reception centre at Northlands.

This is not unexpected, given the large numbers of people who are using and living at that site, after being displaced from their homes by the wildfire burning near Fort McMurray.

AHS, in partnership with the City of Edmonton, has enacted

a plan to manage the increased numbers of ill people, and to help prevent further spread of the illness.

Environmental Public Health staff, as well as Infection Prevention and Control staff, are onsite at Northlands. Medical staff, including EMS crews and Nurse Practitioners, are also at the centre to help care for those with gastrointestinal symptoms.

Symptomatic individuals are being offered housing in a separate area of Expo Hall, which will help limit spread to evacuees who are well.

Washroom and shower facilities are being cleaned, and AHS has increased access to hand sanitizer at the site.

The evacuation/reception centre at Northlands remains safe for anyone still at the site, and for new arrivals to Edmonton.

To reduce the risk of spread, we urge people to:

- o Wash your hands thoroughly with soap and warm water before and after using the washroom; before and after eating or preparing food; after changing diapers.

- o If people are planning on visiting family or loved ones at the

Northlands site and are feeling ill, we ask them to please not visit until they are well.

Individuals experiencing symptoms can also call Health Link at 811 to speak to a registered nurse.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than 4 million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

SERVUS CREDIT UNION DONATES \$100,000 TO FORT MCMURRAY RELIEF, PLEDGES ADDITIONAL SUPPORT

Submitted by Servus Credit Union

On behalf of its members Servus Credit Union today donated \$100,000 to the Red Cross Alberta Fires Emergency Appeal. Servus has also started reaching out to its members and employees who have been affected by the fire to provide support direct-

ly to them.

"Albertans come together in times like these, we stick by our neighbours, we stand shoulder to shoulder in support of those who need it," said Servus President and Chief Executive Officer Garth Warner. "I speak for all our members and employees when I say to everyone impacted by this devastating fire: We're

with you. We'll be here for you.

Servus will be providing loan payment deferrals, extensions of overdrafts, and other forms of support to members, and is currently exploring additional ways to help members, employees, and everyone impacted by the fire. Servus will continue posting updates on their Facebook and Twitter pages as more de-

tails are available.

"Our profound thanks to the amazing people who are bravely and diligently doing everything they can to fight this fire," continued Warner, "and to those helping and taking care of Albertans evacuated because of the fire. You're a great example of why we're so very proud to be Albertan."

MR MIKES® STEAKHOUSECASUAL FAMILY OFFERS SUPPORT TO FORT MCMURRAY RESIDENTS BY PICKING UP HALF THE TAB AND A DONATION OF \$5,000 TO THE CANADIAN RED CROSS

Submitted by MR MIKES® SteakhouseCasual

MR MIKES® SteakhouseCasual franchisees together with the restaurant's franchisor RAMMP Hospitality Brands Inc today announced that all restaurants across Canada will be picking up 50% of the bill for residents of Fort McMurray and providing a \$5,000 lump sum donation to support the Canadian Red Cross disaster relief efforts of the wildfire in Fort McMurray.

"Our hearts and our thoughts are with the people of Fort McMurray," says Al Cave, President RAMMP Hospitality Brands Inc. "With 10 restaurants in Alberta, this hits close to home for us. Community is at the heart of what we do, and we are pulling together to offer a small gesture of comfort to local residents to enjoy a 50% discount at any of our locations."

During this difficult time, MR MIKES® is offering Fort McMurray residents 50% off their

food bill when they present a government issued ID showing a Fort McMurray address. The offer is valid May 6 to 8 at any of the 28 MR MIKES® locations in Western Canada.

MR MIKES® SteakhouseCasual is a proud Canadian company. Established in 1960, MR MIKES® brand is well known and loved for its irreverent and comfortable non-pretentious steakhouse experience that resonates with Canadians for great food, affordable indulgences

and unique style. MR MIKES® has operations in 28 locations across Western Canada, with new restaurants under development in Hinton & Camrose, Alberta; Martinsville, Estevan, and Regina (#2), Saskatchewan, and Winkler, Manitoba in 2016 plus 30 more over the next few years.

For more information on MR MIKES® visit: www.mrmikes.ca or connect on Facebook, Instagram and Twitter @Mr-MikesOnline

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game

can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer

afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid founda-

tion for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use.

DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are

many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests are well

fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

GOLFER'S GUIDE

SIX GOLF PERSONALITIES THAT WILL MAKE OR BREAK YOUR GAME

(NC) From the rules drill sergeant, to the etiquette obsessed, no one likes to be on the course with that person. Here are a few of the personalities you should be keenly aware of when creating the perfect 18-hole pairing.

The Natural – They've had no lessons, no warm-up, old clubs but can consistently hit them long and straight every day.

Play with this person if... you crave a smooth, competitive game.

The Iceman – never phased by

a shot that's off or a disgruntled competitor, the Iceman always keeps everyone's emotions in check.

Play with this person if... you want to cool down fired up players.

The Socialite – forget the game, this person is out for a good time. With positive vibes, and stories for days, this person is only interested in one hole: the 19th.

Play with this person if... your scorecard is the last thing on

your mind

The Personal Trainer – will gladly walk the length of the course with a 50 pound golf bag in tow. The PT prefers post-game chicken breasts over hot dogs, and comes equipped with a crisp low calorie light beer, such as Molson Canadian 67.

Play with this person if... you're an active calorie calculator who wants to tone up while having a good time on the greens.

The Chauffeur – likes driving

the cart more than swinging the club and is happy to drop you off at every hole.

Play with this person if...the Personal Trainer has worn you out.

The Slicer – no matter how many lessons he's taken or how new his clubs are, he consistently hits his shots in the woods.

Play with this person if... you want to win!

Help Kids Learn the Game of Golf

Continued From Page 12

What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can

take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child

finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first

few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

DO WE REALLY TAKE THE TIME?

Submitted by Heather Cameron of Lethbridge, Alberta.

Do we take time to thank the Lord for all that we are given?

Do we take the time to share our excess that others may also live? Do we take the time to look around at those for those in any need? Do we take the time to stop and see all the beauty we can see?

When trials come, do we cower and hide?

Or do we look at the ashes and above them, choose to rise?

Do we serve one another with our kindness and our love?

Do we strive to be like the one watching over us from above?

We take time to share and care for that is what we are.

Beings who live for others to heal our own life's scars.

Do we truly comprehend what

it means to care?

Even a simple smile helps others want to hang in there.

Tragedy strikes and we know it's not fun.

Yet, every little helping hand is wanted, tis better not to run.

There will come a day when the helpers will need saved.

The hands that were helped will have strength enough to lift.

Lift where you stand with your helping hands.

Your voice matters to keep hearts from being shattered.

Love and help can repair broken hearts.

Just wanting to offer up your hands and hearts is the best way to start.

All can feel that love can heal.

Willing hands and hearts can all play a vital part.

Be strong in all you do and give.

For you may be the key for helping another want to live.

Live on, live well and embrace the golden rule.

For we all sit in our Lord's arms, ready to serve as a rescue tool.

This poem is dedicated to all those affected by the fire in Fort McMurray.

ENTWISTLE SCHOOL MAY NEWS

Submitted by Les Worthington, Principal

There are still two months to go in the school year and we are looking forward to many great learning opportunities and memorable experiences. Here are some highlights from April, as well as things to look forward to in May:

- On April 4th students in grades 4 & 5 visited the Telus World of Science.

- April 4th-8th Wabamun, Entwistle, Seba Beach and Tomahawk schools concluded our final round of CTF at Seba Beach for

students in grades 6-9.

- On April 27th, we welcomed several families to our Kindergarten Orientation. If you are interested in registering for next year please come into the office at your easiest convenience.

- Archery season came to an end with the provincial tournament in Drayton Valley. Congratulations to all the competitors. We are eagerly waiting for the final results!

May is packed with several great events. Please also keep an eye on the Friends of Entwistle Learning Society Facebook page for updates and other events that may come

up.

- Soccer season is underway. Please see the calendar on the back for the schedule. We will be playing our home games at Grand Trunk. We appreciate being able to use their field and thank Pembina Soccer Association for lining the field. We would also like to thank the high school students who will be refereeing our games.

- On May 2nd students in grades 6-9 had the opportunity to have their say in the development of recreational facilities in Parkland County.

- May 4th was Hats on for Men-

tal Health Day

- Thursday, May 5th at 8:00 a.m. was a Community Breakfast which was generously sponsored by Greenthumb Greenhouse.

- Thursday, May 12th is the annual junior high Track & Field meet at Entwistle. There is also the Volunteer Tea and Talent Show at 1:00 p.m.

- On Tuesday, May 17th we will be taking a school trip to the Servus Center in St. Albert. We will be looking for parent volunteers to get in the pool. A permission and volunteer form is included in the newsletter.

- Railway Safety presentation for all students in kindergarten – Grade 9 on May 24th.

- On Thursday, May 26th we are proud to welcome SaFire who will be presenting in the gym from 2:15-3:00. Parents and community members are welcomed to attend. Please remember to sign in at the office.

- Tuesday, May 31st will be our monthly assembly and annual Spell-A-Thon at 9:15.

Entwistle PRIDE

All Entwistle School students are members of the Entwistle Eagles. Entwistle Eagles display the virtues of PRIDE in their endeavors and are ambassadors for Entwistle School and Parkland School Division as they pursue their goals. Our virtue for the month of May is Dignity.

D – Dignity: Demonstrating dignity means you treat others with respect regardless of a person's age, race, language, religion, opinion or disability. To show dignity, you treat others fairly and kindly. It also means that you show self-control and try not to harm others or their property.

Members of the Entwistle School community value these virtues as positive contributing factors to inclusion, citizenship, social responsibility, and wellness. The Eagle is the symbol for PRIDE.

If you should ever have any questions, comments, celebrations or concerns please feel free to email (lworthington@psd70.ab.ca) or call me (780-727-3811) at any time.

Lawn & Garden

*The Businesses in the
following Guide can be your
One Stop Solution to all
your Lawn & Garden Needs!*

Lawn & Garden

HOW TO SPOT AN UNHEALTHY TREE

Perhaps because they can live for so many years, trees have a way of falling down homeowners' landscaping priority lists. Trees also tend to be big and strong, so it's no surprise that they often are overlooked in favor of other areas of a lawn and garden that don't seem so strong in the face of Mother Nature.

But trees are susceptible to damage and disease, and homeowners who learn to recognize symptoms of such problems can prevent them from escalating and reduce the risk that the trees will cause damage to their properties. The following are just some of the ways homeowners can determine if their trees are unhealthy. Homeowners who suspect they have a tree that poses a safety risk should contact a professional tree service for an immediate inspection and

steer clear of the tree until an inspection has been performed.

- Check around the base of the tree. The base of a tree may offer some telltale signs that the tree is unhealthy. Soil that is cracked or raised at the base of the tree may be indicative of a tree that has started to uproot. If you recognize any cracking or if the soil is raised, look at the tree to see if it is leaning. If the soil is cracked or raised because it is uprooting, then the tree might have already started to lean in the opposite direction of the cracking or raised soil.

- Examine for fungus. The growth of fungus on the tree trunk or close to it may be a sign that the tree is rotting or decaying. Fungal growth, such as a sudden population of mushrooms, around the base of the tree is another sign

of decay. If the wood behind fungal growth crumbles easily, then homeowners should call a professional tree service, as the fungal problem on the tree has likely already been festering for quite some time.

- Look for cavities on the trunk. Cracks and cavities on a tree may not be an emergency, but especially deep cracks and cavities may be indicative of a structural problem. Multiple cracks and cavities also serve as red flags.

- Look for dead wood. It may sound simple, but dead wood poses a threat to the tree and anyone who happens to spend time in its vicinity. Dead wood snaps easily, and falling dead wood can harm anyone unlucky enough to be beneath the tree when the dead wood snaps. Dead wood branches won't bend in the wind, and such

branches frequently fall off of trees when strong gusts of wind come along. Dead branches either won't have leaves or the leaves will be brown (dead pine branches will have brown needles).

- Weak connections. Unhealthy trees often have weak connections between their branches and their trunks. If branches don't appear to be strongly connected to the tree bark, call a tree service to determine a solution. The tree might not be on its way out, but you may have to take steps to strengthen the connections so branches are not at risk of falling.

Unhealthy trees can pose a significant safety hazard on a property. Homeowners who learn to recognize the signs of unhealthy trees can do something to prevent dying trees from damaging their homes.

Lawn & Garden

SMART WATERING CONSERVES WATER AND SAVES MONEY

Summer heat can be harmful in various ways. People and pets can quickly succumb to the summer sun, which can cause sunburn, heat exhaustion and heat stroke when people and their animals spend too much time outdoors without adequate protection.

Landscapes are also vulnerable to summer heat, which can quickly spoil the most lush lawns and robust gardens. Effective watering can help lawns and gardens withstand summer heat, but improper watering can deprive landscapes of the water they need to survive. Homeowners concerned about their lawns and gardens surviving the summer can take the following approach to conserve water, save money and maintain their landscapes.

· Start early. Homeowners may

feel that the hottest times of the day are when lawns and gardens will be most in need of water, so that's the best time to set sprinklers or grab the hose and get to work. But in many areas, watering between the hours of 11 a.m. and 3 p.m., when summer temperatures tend to peak, can be both wasteful and ineffective. That's because watering between those hours will cause much of the water to quickly evaporate, robbing lawns and gardens of the water they need to withstand the heat. Homeowners who water when water is most likely to evaporate may feel they need to water more, and that only wastes water.

It's best to consult a local landscaping professional in your area to determine the best time to water each day, but in many regions the best time to water is between

6 a.m. and 10 a.m., when temperatures are generally lower, the sun is not at its peak and winds are not as strong.

· Place sprinklers correctly. If you do not have an in-ground irrigation system and don't intend to install one, you will likely use lawn sprinklers to water the lawn. When placing these sprinklers, turn them on and then document their trajectory before moving on to the next area. You want to make sure the water from the sprinklers is not landing on sidewalks, patios or streets, especially if your community typically institutes drought restrictions that limit how much you can water. In such instances, you'll need to make the best use of the water you're allowed to use, so make sure none of it is watering the driveway.

· Let well-fed lawns go dormant during drought. Lengthy droughts tend to be accompanied by water restrictions, and such restrictions can frustrate homeowners who don't want to see all of the hard work they've put in to this point go to waste. But grass that has thus far been well cared for can withstand drought and still recover when rains once again fall and temperatures cool come autumn. If you plan to let the lawn go dormant, keep kids, pets and visitors off the grass, as dormant lawns are highly susceptible to damage.

Summer is an enjoyable time of year, but lawn and garden enthusiasts may be concerned for their properties when summer heat sets in. A few simple strategies can help lawns make it through the season unscathed.

LOBSTICK 4-H BEEF AND MULTI CLUB NEWS

Submitted by Jackie Gamblin

May and June bring the end of the Project Year for all projects, which also means the sale of market Steers and Lamb at their Achievement Day. Those of you thinking about buying a 4-H steer or lamb, the Show and Sale is May 30 at the Drayton Valley Omniplex.

The Beef and Lamb projects are of course on the home stretch putting the finishing touches on halter breaking and

feeding their animals to prepare them for the sale. They had a tour of the project animals on April 24 followed by a hot dog roast. Horse has been getting together on a weekly basis, riding and working on project books. Horse also helped with the set-up and clean-up of the Acreage Owners Seminar held at the Darwell Fair grounds April 22. Woodworking made Gum Ball Machines. Crafts have been busy making Dream Catchers, Healing Rabbits and a hand painted mirror.

The Club recently ordered new jackets which look very sharp, black with lime green writing and also received T-Shirts sponsored by Town and Country Funeral Services. Thank you, Town and Country for this generous donation.

The club also applied for the Champion Feed Services Grant, and will use the money to host a Farm Safety Workshop. Thank you Champion Feeds.

We will be doing a tire recycle round-up one more time this spring. If you have any old tires without rims you would like

to donate, we will gladly come to your place and pick them up. Please call Jackie 780-727-2541.

There will also be an electronics recycle again this year at the PARS garage sale May 14. We will be set up in the parking lot and able to take any of your old electronics.

These recycling programs are a major fundraiser for us. Let us take care of your unneeded items and insure they are disposed of properly.

DDRA PICKLEBALL NEWS

Submitted by Lorne Ross

New Court Ready for Play

Darwell pickleballers enjoyed an active winter season whether they were playing at home in the Darwell Centennial Hall or some warmer climate. Those that were fortunate enough travel tested the competition in a variety of locations in both Canada and the U.S. With the return of our Snowbirds Pickleball activity

is picking up and DDRA is looking forward to a busy season.

Of particular interest to all area players will be the opening of a new outdoor court in Darwell located behind the Darwell School. The court will be officially opened on Saturday May 14th at 10:00 AM. The DDRA Pickleball Club will take the opportunity to thank all those that made the construction of the court possible. The court has been tested and

has received high praise. Scheduling for outdoor court times is now being developed.

The DDRA will once again host an Introduction to Pickleball clinic for all those interested in this great sport. The event will take place on May 14th at 11:00 AM in the Darwell Centennial Hall. The clinic will be free and provide an opportunity to learn and play this rapidly growing game.

A spring tournament for all levels of players is in planning stages for later this spring. The tournament will be played on both the indoor and outdoor courts.

Pickleball is now being played at the Darwell Centennial Hall Monday and Saturday mornings 9:00 -12:00 and Thursday evening 6:00-9:00. For further information call Lorne @ 780 892-4543.

WILDFIRES IN FORT MCMURRAY

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Wednesday evening, May 3, before speaking on Bill C-14, 'Medical Assistance in Dying,' Jim Eglinski, Member of Parliament for Yellowhead

stated the following in the House:

"Mr. Speaker, just before I begin my speech, I would like to say to the people of Fort McMurray tonight that my heart and thoughts go to them. They are fleeing their community tonight. Eighty thousand people have to evacuate. They

are fighting for their lives tonight. We are thinking of them."

Our office has heard that the fire has torn through a number of residential areas. Due to the location of the fire Highway 63 has been closed. Residents of Fort McMurray have been advised

to head north to take refuge at the work camps belonging to the various oil sands developers.

"I call on the Federal Government to provide any resources they can to help fight the fire and assist with relief efforts," concluded MP Eglinski.

SUDOKU OF THE WEEK

				5				9
	3	1		6	9	7		
9	2	6			7		3	
2		8	6	3				
	1						8	
3		5						
	8	4		2	6	9		
	5		1	9			2	
		2	3			4		7

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

PARLIAMENT UPDATE

Submitted by Jim Eglinski, MP – Yellowhead

Week of May 2, 2016 - This week in Parliament, we continued the debate on physician-assisted dying, amending the national anthem, and the implementation of the 2016-2017 Budget.

The following was debated:

- Conservative MP Cathay Wagantall's PMB – Bill C-225 (Cassie and Molly's Law)

- Bill C-14 – An Act to amend the Criminal Code and to make related amendments to other Acts (medical assistance in dying). I took part in the debate on Tuesday evening. My comments can be found on page 101 of the following document: <http://www.parl.gc.ca/content/hoc/House/421/Debates/047/HAN047-E.PDF>

- Bill C-247 – An Act to amend the Criminal Code (passive detection device)

- Bill C-233 – National Strategy for Alzheimer's Disease and Other Dementias Act

- Bill C-224 – Good Samaritan Drug Overdose Act

- Bill C-15 – Budget Implementation Act, 2016, No. 1.

- Bill C-210 – An Act to amend the National Anthem Act (gender)

We also experienced a rare display of unity within the House of Commons as Prime Minister Justin Trudeau and Opposition Leader Rona Ambrose offered support and prayers for the displaced residents of Fort McMurray. My thoughts are with all those affected by the wildfire.

This week in the Standing Committee on Environment and Sustainable Development, we studied and heard witnesses regarding federal protected areas and conservation objectives. For more information on committee meetings, visit: <http://www.parl.gc.ca/Committees/en/ENVI>

Though the House is sitting again next week, I am travelling back to the riding for the weekend to attend events. On Friday, I will attend the grand opening of the new Veteran/Community Park and celebrate the purchase of a senior's transportation bus at the Wildwood Legion.

On Saturday, I will join the Edson Legion to take part in the Victory in Europe Day celebrations.

Throughout the week in Ottawa, I attended 9 meetings and 5 events. I will be heading back to Ottawa on Sunday and my next update will be on the happenings of Parliament for the following week.

Week of April 18, 2016 - This week in Parliament, we covered topics from political fundraising to the operations of Air Canada. We also began the debate on the Liberal Government's legislation regarding physician-assisted dying.

The following was debated:

- Conservative MP Pat Kelly's Motion 43 – Taxpayer Bill of Rights

- Bill C-10 - An Act to amend the Air Canada Public Participation Act and to provide for certain other measures. I had the opportunity to ask two questions during the debate of this Bill. My comments can be found on pages 51 and 52 of the following link: <http://www.parl.gc.ca/content/hoc/House/421/Debates/041/HAN041-E.PDF>

- A Conservative Motion regarding political fundraising activities

- Bill C-242 – An Act to amend the Criminal Code (inflicting torture)

- Bill C-221 – Safe and Regulated Sports Betting Act

- Bill C-14 – An Act to amend the Criminal Code and to make related amendments to other Acts (medical assistance in dying)

As noted above, the debate on physician-assisted dying began on Friday. I plan on speaking on this topic when debate resumes in two weeks.

This week I attended the Public Safety and National Security Committee meetings on Bill C-7. This bill amends the Public Service Labour Relations Act to provide for a labour relations regime for members of the Royal Canadian Mounted Police and reservists

Throughout the week, I attended 9 meetings and 5 events. The House will be down next week, and my next update will be on my travels around the riding.

Throughout the week, I attended 9 meetings and 5 events. The House will be down next week, and my next update will be on my travels around the riding.

DARWELL PUBLIC LIBRARY NEWS

Submitted by Sandra Stepaniuk, Library Manager

The Darwell Library Friends Society will be holding a meeting on Thursday, May 12, 2016 at 7 pm. We will be discussing fundraising options for the completion of the library expansion. Are you interested in the library and want to take an active part in its success within the community? We encourage you to join us as our meetings are open to the public and everyone is welcome to attend.

On that note, the Darwell Library Friends Society will be having a Book Event and Plant Sale on Saturday, May 28, 2016 from 11:00 am to 2:00 pm. Join us at the green shed behind the library. Come and peruse the titles, take what you want and leave a donation of your choosing. Drop by for lunch; we will be serving a meal deal which includes a hotdog, pop and a bag of chips for \$ 5.00. All funds from the donations for books and the proceeds from the meal deal will go towards the completion of the library expansion. And if that is not enough, to make this a little more interesting, Cynthia Lalonde from Lakeshore Fragrant Gardens will be present with a selection of plants. Need a few last minute additions to your garden, or haven't started yet? Drop by and see what she has to offer. See you there!

Preschool Story Time continues on Monday mornings, except holidays, from 10:00 to 11:00 AM at the library until May 30, 2016. This is a barrier free program designed to promote early literacy and gives preschool children and their parents/guardians an opportunity to explore a love of reading in a non-judgmental and supportive environment. So mark your calendar and join us for stories, crafts and a snack. Parent/guardian participation is mandatory. This is a free drop in program so pre-registration is not required.

The Colouring Club for all ages continues as an ongoing, free, drop in program during regular library hours until May 31, 2016. We supply the materials (or you can bring your own); coloring pages, crayons, and markers and you supply the inspiration. Bring a friend, relative or just yourself, create, relax and see what the craze is all about. We have had a couple of requests to formalize the colouring club so that people can learn new techniques such as shading and adding dimension, etc. to your colouring. If you are interested in participating or have the skills to teach others, please contact the library as we are looking at formalizing this program in the fall of 2016.

Wednesday evenings is Family Games Night at the library until May 25, 2016. We have a selection of games for all ages and encourage you to drop by for some good old fashioned fun and refreshments. This is a free drop in program so registration is not required.

The next Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, May 13, 2016. We will be showing the pre-release "G" rated title "Zootopia". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission is \$ 2.00 and a concession will be available. See you there! All of our programs are sponsored by

The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The Book Club will be having a potluck and the last meeting before the summer break on Monday, June 6, 2016 at 6:00 p.m. to discuss "Salt to the Sea" by Ruth Sepetys. Do you love to read? Do you like to discuss what you have read with others? We have a few open spots and are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

The Darwell Public Library Society will be holding their next regular meeting on Monday, May 30, 2016 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

EXPERIENCE
what it's like to
be flawless.

Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

A perfect day starts with perfect skin. Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE
