RIDING UPDATE

Submitted by Jim Eglinski, MP – Yellowhead

Week of May 23, 2016
Parliament was down this week and I had the opportunity to spend time in the riding with constituents and business groups on Monday and Wednesday.

On Tuesday, I prepared a couple of radio messages in recognition of Environment Week (June 5-11); Senior's Week (June 6-12); a congratulatory message to all our 2016 high school graduates, and Canada's upcoming 149th birthday (July 1). Later that evening, I was present at the Mayerthorpe Town Council meeting.

The latter part of the week, I attended the 'Conservative Party of Canada National Convention 2016' in Vancouver. The convention was open to all members of the party who wished to attend and was a chance for our grassroots to bring forward policy resolutions and amendments.

The candidates running for party leadership also had the opportunity to speak and gain prospective supporters for their campaigns. The vote to select our next party leader will take place in exactly one year.

I look forward to returning to Ottawa,

as Parliament will be sitting next week. I will take part in the debate on Bill C-7 (regarding RCMP unionization) on May 30 and on Bill C-10 (regarding Air Canada) on June 1. The historic final vote on physician-assisted dying is also expected to take place early next week.

Week of April 25, 2016

Parliament was down for the week, allowing me the opportunity, while in the riding, to attend town council meetings, meet with mayors, as well as local business owners and students.

On Friday, April 22, I attended the Woodlands County Volunteer Appreciation Dinner. I had the pleasure of speaking to two grade nine classes at Holy Redeemer High School on Monday. Following this, I met with members of the RCMP.

I stopped in to say hello to residents in Jasper on Tuesday, and met with two more classes in Grande Cache on Wednesday. Also in Grande Cache, I met with numerous local organizations and later attended the town council meeting.

I spent Thursday in Rocky Mountain House for the grand opening of my new satellite office, as promised during the election campaign. Here I was able to

meet with residents from the town and surrounding area, as well as councillors and the mayor. This office will be open Tuesday through Thursday, weekly, to better serve constituents in the south part of Yellowhead.

On Saturday, I attended an event in Sunnybrook for the re-opening of the community hall.

Weeks of March 28 and April 4

Parliament was down for two weeks, allowing me the opportunity to meet with local mayors, business leaders, stakeholders, and constituents.

I spent the latter half of the week in Lethbridge attending the funeral service for my former colleague, MP Jim Hillyer. Mr. Hillyer passed away in Ottawa on March 23, and he leaves behind a wife and four children.

During the second week, I met with several key leaders of communities and industries. In Edson, I had the opportunity to speak with a company working on a renewable energy storage project in the riding. I also met with Edson Mayor, Greg Pasychny, as well as several representatives of the community concerning the viability and future of the Edson Air Cadets squadron. I believe this is a fantastic opportunity for youth and I would highly recommend it to anyone looking to get their children involved in the community.

To end the week, I travelled to the south end of the riding to attend the Rocky Mountain House and Clearwater County Annual Agriculture Banquet. I flew back to Ottawa on April 10, and am looking forward to representing the residents of Yellowhead as we debate the Liberal Government's budget.

Week of March 14

As Parliament was down the week of March 14th, I attended local community meetings and events in the riding. This allowed me the opportunity to engage with constituents.

While in Warburg, I said a few words at the Fish and Game Association's event. Later in the week, I participated in Jasper National Park's Annual Public Forum, where attendees were informed on the progress of implementing the Park's management plan. I also delivered a speech in Jasper on the occasion of the flag raising to mark the beginning of the annual Jasper Pride Festival. On Friday, my wife, Nancy, and I were in Rocky Mountain House and later in the evening we helped out with the Edson Rotary Club's fundraiser.

At the end of the week, I had the pleasure of speaking at the Evansburg Royal Canadian Legion Branch 196 regional Spring Rally. This was a great opportunity to recognize the support and involvement of our local legions within their communities.

As promised during the Federal Election Campaign last year, I will be opening an office in Rocky Mountain House to better serve the constituents in the southern part of the riding. I spent some time there, this week, assisting in setting up the office and it should be ready for its grand opening sometime late April.

MP JIM EGLINSKI CONGRATULATES LOCAL CONSTITUENT

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, congratulated Jadey Van der Vlis on receiving a post-secondary bursary and for being selected as the 2016 Ponoka Rodeo Queen.

The following is the statement he delivered:

“Mr. Speaker, last Saturday in Leslieville Community Centre in central Alberta, I had the privilege of attending the Rocky Mountain House Agricultural Society’s annual “Salute to Agriculture” banquet. This event celebrated the achievements of local farmers in the area.

During the event, post-secondary education bursaries were given out. Miss Jadey Van der Vlis from Alhambra, Alberta, in her first year of education at Red Deer College, was one of the recipients. Later on, I was speaking with Jadey about her wishes to become a teacher and her future. During the conversation, she excitedly mentioned that she had

been selected as a finalist in the Miss Ponoka Rodeo Queen competition. I have just learned that she was selected.

Congratulations to Jadey for becoming the 2016 Ponoka Rodeo Queen and for winning a post-secondary education bursary. Well done, young lady!”

GRAFFITI VANDALISM HURTS THE COMMUNITY, BUSINESSES

Submitted by John R. Statton

Illegal, ugly, expensive and rude: Graffiti sucks.

“The City of Leduc would like to remind the public about the negative impact graffiti vandalism has on our community,” said Rick Sereda, director of Public Services with the City of Leduc. “Let’s ensure Leduc leaves a good impression with visitors coming to the Alberta Summer Games.”

To assist homeowners that have been affected by graffiti, Public Services can provide a graffiti removal kit free-of-charge. These kits will be available for pick up at the City of Leduc Operations Building (4300 – 56 Ave.), Monday to Friday from 8:30 a.m. to 4:30 p.m. Public Services can also provide a list of local contractors for removal services for instances of extensive graffiti vandalism.

There are many negative economic impacts of graffiti, which include devalued property, loss of customers, and removal expenses incurred by the property owner.

For more information about graffiti removal kits, contact Public Services at 780-980-7133.

Drive It Home Program

Continued From Page 1

The program was developed to speak to students in regards to high risk driving. Numerous displays were set up including a driving simulator, and a vehicle extraction. "YIELD" setup

an interactive driving simulator which will assist in the understanding of the importance of paying attention while driving and the possible outcomes of driving distracted while texting, among other distractions.

The fire department provided an overview of the work First

Responders and Fire Fighters are involved in during a crash scene including scene safety, vehicle extraction with the use of the Jaws-of-Life, among other life saving tools.

EMS provided a further understanding of the importance of wearing a seatbelt by describing

in vivid detail what Paramedics and EMT's may have to do in order to keep a casualty alive after a serious crash where the individuals did not wear a seatbelt.

The Thorsby/Breton RCMP wants to thank all the stakeholder who assisted in the valuable event.

SHARE YOUR VIEWS ON THE TRANS-PACIFIC PARTNERSHIP (TPP)

Submitted by Jim Eglinski, MP – Yellowhead

The Trans-Pacific Partnership (TPP) is an important trade deal for Canada's exporters because it will grant them access to 800 million consumers with a combined GDP of \$29 trillion. That's over 14 times the size of Canada's economy! It is a deal that will benefit farmers, business owners and manufacturers alike

and it is at risk of not being ratified by the current Liberal government.

The House of Commons Standing Committee on International Trade is conducting a pre-study of the Trans-Pacific Partnership agreement and has put a call out to Canadians for written submissions and requests to appear before the committee.

In addition to hearings that will take place in Ottawa, and fol-

lowing approval by the House of Commons, the Committee expects to hold hearings across Canada over the coming months. Once cross-country hearings are confirmed, information will be provided about dates and locations.

Canadians who wish to provide a written submission must do so before 23:59 EDT on April 30th, 2016. Written submissions are to be no more than

1,500 words. More information on the process for providing a written submission can be found at: <http://www.parl.gc.ca/About/House/WitnessesGuides/guide-brief-e.htm> and written submissions should be emailed to: ciitpp-ptp@parl.gc.ca

We need to ensure that those who will benefit from the TPP have their voices heard loud and clear and it is extremely important that your views be heard.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
