RCMP ATTEND SCENE OF SUDDEN DEATH IN ONOWAY

Submitted by Stony Plain/Spruce Grove RCMP

Stony Plain, AB – Early this morning the Stony Plain/Spruce Grove RCMP were called to a residence in Onoway, Alberta. Upon attending at the residence,

a deceased adult male was located inside the home. The scene has been secured by RCMP members to determine the nature of this death. At this time it is unknown if this death is criminal in nature or not. This matter is in its earliest stages of investiga-

tion. An update will be provided as soon as more information is known about this event. It will likely be a number of hours before an additional media release is issued in order for investigators to process the scene.

FARMERS DAY TRACTOR PULL - JUNE 11TH & 12TH, 2016

Submitted by Carol Saunders

Hi everyone, nice to talk to you after the long winter is finally over. Our first pull got under way on June 11th & 12th, 2016. We had a very good turnout of tractors considering the weather forecast was not very good. A few of the regular drivers didn't come on account of the weather, but still we had 60 tractors to pull. Also a few new drivers were at the pull with trucks and tractors for the pull and the

Demo Class. There was quite a storm Saturday late in the afternoon and Class 5 and Class 6 didn't get there pull. Sunday morning Andy Harapchuk and Don Saunders were busy grading the mud off the track after the rain had stopped and by 12:30 the pull got underway. They started with Class 5 and Class 6, which these drivers got two pulls in and worked down thru each class till all the drivers got the 2 pulls. Sunday was very nice for the guys to pull. George Sontjens with his nice PINK

Cockshutt tractor and a Tow-maker Truck, it was quite impressive to watch these vehicles. The smoke was rolling and the tractors and trucks were rolling.

The results are from Bantam to Class 6:

- Bantam:
 - Magnus Hansen – Coop E3 – 367.08 ft.
 - Dale Miller – Oliver 660 – 362.03 ft.
 - Bob McKell – Oliver 550 – 301.05 ft.

The feature tractor for the Farmer Day pull was owned by Mike Harapchuk, which was a John Deere 820. This is a little of the history as told by Mike about the tractor.

I purchased this John Deere 820 tractor from Leon Chalafue a welder in the Wildwood area in about 2007. Leon had taken the tractor in trade for a 4020 John Deere. The 820 was supposed to be a good runner, but when I went and picked up the tractor it was 30 below and would not start. I pulled it into the lowboy and hauled it home. My brother Darcy helped me pull the tractor for 3 hours at 0 degrees weather. After two cans of ether it was still a no go. We then pulled it into the shop, Lorne Milburn and I pulled the engine apart only to find the motor was totally worn out.

My son Aaron and I went to Saskatoon, Saskatchewan to get parts [block-head, rods, crankshaft and pistons]. I put the motor together, using my finger I adjusted the injector pump, finally making it pull better. While pulling I'm always adjusting the throttle to almost stopping, then speeding it up. By doing so I seem to gain more footage on my pulls.

The winners on Saturday drivers draw were:

- Cliff Schultz – UFA Fuel Card – \$50.00
- Magnus Hansen – Peavey mart Gift Card – \$50.00

The winners on Sunday drivers draw were:

- Bob McKell – UFA Fuel Card -

\$50.00

- Russell Langston – Peavey Mart Gift Card – \$50.00

Good Luck to all the Winners.

The club held a Silent Auction on Saturday, and a good selection of items were donated to the club for the auction and was very successful. Lots of interesting items and something for everyone.

The club presented Hal Louheed with an Honorary Membership to the club. He was presented with a framed certificate in honor of being the age of 80 years old or older. Hal Louheed was the third member to be given a certificate.

We had a new announcer this year

at the tractor pull by the name of Ken Black, which he did a very good job and after the pull was over he sat down and wrote a very nice poem.

Tamara Hall was there with her lunch again this year, and a very good lunch it was. Lots of her homemade goodies as usual and many of good pies. Her son Gideon helped her again his year. Very good lunch again.

Ralph and Shari Eichhorn were at the pull with the popcorn and cotton candy again this year. The smell of the popcorn could be smelt all over the grounds making you want to eat some and lots of people did. Very good Ralph and Shari.

The Club served a Pork supper with salads, baked beans, homemade buns and bread, which made for a very good meal. Ice cream was for dessert. Next day all the left over from Saturday was served for supper again. The ladies that cooked the meal did a superb job, as it was a very good meal. This meal was served to all the drivers and volunteers who worked hard to make the tractor pull a success again this year.

The next tractor pull will be held the long weekend of September, which will be September 3rd. & 4th. Hope to see you all at the next tractor pull.

GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool

President Scott Sadler and Membership Chairperson Cheryl Sadler returned from the Royal Canadian Legion Command Convention held this year in Newfoundland with many great stories and the following wonderful post: "Find

out how the Legion helps Veterans and their families leave the streets behind and turn their lives around through national and provincial programs and support for homeless Veterans and those at risk: [http:// bit.ly/1Xb7f2S](http://bit.ly/1Xb7f2S). Supporting Veterans is our Duty." Thank you Scott and Cheryl for representing The Onoway Legion at such a prestigious event.

The Glazed Ham Supper was an excellent choice for the June 17th Friday Night Supper. Over forty diners enjoyed the meal prepared by Allen, Ron, Marcelle, Pat and Eleanor while Samantha and Zackery did a great job of table duty. Regular customer Leroy Coley will be using his free meal voucher at one of our next meals, Dave Ritla won the meat

draw and Shauna Johnson was the lucky 50/50 winner. There will not be a Friday Night Meal on July 1st so that our volunteers can also enjoy the Canada Day festivities but everyone will be hard at work in the kitchen for the July 8th very popular Crispy Chicken Supper.

Dart players must be missing the regular Tuesday Night Darts as the June 21st games were attended by 26 eager players. Thanks to Liane for her friendly bar service and to Scott for not only organizing the teams so soon after returning from his trip but also for volunteering on his and Cheryl's 26th Anniversary.

UPCOMING EVENTS:

FRAUDULENT TRANSACTIONS

Submitted by Whitecourt RCMP

Over the course of the past several weeks, fraudulent transactions by an adult male and female were reported to police in Whitecourt,

Alberta. A service group, a youth athletic association, and some businesses were the victims of frauds perpetrated by two residents.

Whitecourt RCMP have charged two people in relation to these

transactions.

Henry Christopher STEFFENSEN, aged 43 of Whitecourt, Alberta have been charged with several counts of fraud not exceeding \$5000, forgery, using a forged document and breaches of

a recognizance. An adult female aged 41 will appear in August in Provincial court on two counts of fraud not exceeding \$5000.

GOVERNMENT CONSULTATION ON WCB

Submitted by Hon. Oneil Carlier

Thousands of people benefit from the Workers Compensation Board every year and unlike other private forms of insurance, WCB has government legislated specifications for organizational operations, accountability and compensation.

It is also a guaranteed "no fault" insurance option. No matter who may have been at fault for an accident, you will be covered for your workplace injury. That being said, organizations and policy can always be improved upon and benefit from a review.

The previous government had not done a review of WCB in over 15 years, which is why the NDP government felt a review was long overdue for Albertans. To make sure we hear the diverse perspectives of all Albertans, this review involves a thorough public consultation process on how we can improve upon WCB as a resource for workers.

The Workers' Compensation Board review is part of the government's commitment to review its agencies, boards and commissions. It's being conducted by an independent three-member panel with extensive experience in representing workers and employers through Alberta's workers' compensation system. This review also includes the Appeals Commission for Alberta Workers' Compensation and the Medical Panel Office.

We want to hear from Alberta's workers, business owners, labour representatives and industry associations through written submissions and an online questionnaire which will be available until July 15th, 2016.

Following the questionnaire and submissions, the panel will work with these key groups through the fall and winter to examine issues

in greater detail. The panel is examining the WCB's governance and effectiveness, relevant legislation, the principles of compensation and policies - including those related to privacy and confidentiality - and the transparency of pro-

cesses and decision-making.

The panel is expected to provide a progress update to government in fall 2016 and a final report in spring 2017.

You can have participate by going to www.alberta.ca/wcb-

review-get-involved.aspx or contacting our office at 780-786-1997/1-800-786-7136 or whitecourt.steanne@assembly.ab.ca

AN OPEN LETTER TO THE COUNTY OF LAC STE ANNE RATEPAYERS AND RESIDENTS WITHOUT PREJUDICE WITH COPIES TO MINISTER DANIELLE LARIVEE, MLA – MINISTER OF AGRICULTURE O’NEIL CARLIER

As one of the Representatives of the petitioners, I felt it is time to bring everyone up to date with all the issues we have attempted to address as a group.

On October 1, 2015, we delivered a petition to the office of the Minister of Municipal Affairs. The petition was the fourth one that the ratepayers had signed in less than 3 years. This one was very specific in its request which was to “Request an inquiry into the affairs of Lac Ste Anne County Council and its administration” We have lost faith in the ability of our administration and our council to fairly represent the Ratepayers of our communities.

Prior to presenting the petition under 254 of the Municipal Government Act, we spent many hours as a group, ensuring that all the addresses were complete, affidavits were included with each signature sheet. We packaged each group of signatures with their affidavits so the process would be easy to review. We were of the understanding according to the provisions of the Act that after a 30 day period, the petition would have to be declared for sufficiency or lack thereof. We wrote, we called, we emailed. The only information we received was a Letter from the Minister dated November 2, 2015 that she had assigned the petition to be reviewed. That was already a month since we delivered it to the office of the Minister, met

with the Deputy Assistant Manager and were assured that the process would be followed. On March 17, 2016, five and a half months, 169 days from the date we delivered 2,543 signatures, we received a letter from the Minister of Municipal Affairs Danielle Larivee. The letter was to advise that the petition was declared insufficient. The reviewer had excluded 558 signatures leaving 1,985. She went on to state that she would not be requesting an inquiry. We immediately requested the basis for the exclusion of the 558 signatures. The response came April 28, 2016 again a delay of an inordinate amount of time, six weeks wasted. Verification for their reasoning:

1. Seven due to the inability to read printed name or part of the printed name was missing.
2. Three were excluded due to not being electors of the municipality.
3. 77 Due to lack of witness affidavit
4. 498 excluded as they were incomplete or incorrect according to the tax roll

I can tell you that we have once again written requesting the names that they have excluded and what signatures were lacking affidavits. Let’s see how long it takes them to respond this time.

During these years that our group of many volunteers sought your signatures, our Council and

Administration have continued on the very path the ratepayers told them they did not want to travel. In our opinion, they have acted in contravention of components of the MGA, skirted the TILMA agreements boundaries, borrowed without conscience or remorse. Yet... our Government continues to support them. Do you think that maybe there are other agendas here? While the Municipal Government was busy dragging their heels, council and administration rushed to begin construction of THEIR new administration building. You notice I called it THEIRS. It will never be OURS as it is not what WE wanted. By rushing the process and not being fiscally responsible at a time when Ratepayers are losing their jobs, taking wage cuts, job sharing, record unemployment in the Province, Council and Administration incurred additional costs. You see they did not do their homework on the land they purchased for an inflated price. There was a borrow pit from the highway that was built some years ago on this land. This all had to be excavated and new material brought in. This bungle was at a cost of \$37,828 that was issued as a change order. You and I paid for this.

Before the construction began, it was already common knowledge that the MSI (Municipal Sustainability Initiative) Grant funds would not be guaranteed, Lineal

assessments would change, oil companies would not be funding the tax base due to all the shut ins due to the collapse of the price of oil. The County of Lac Ste Anne has the highest mill rate in the Province for Industry. Are we open for business? I think not.

Now lets move on to the bridges in our County. The Provincial Government no longer provides grant funding for bridge maintenance. We have 217 bridges within our boundaries. An updated Capital Bridge plan was supposed to be completed by an outside firm in November of 2015. (The County has engineers employed so why once again are we paying for outside consultants?) That report is supposed to tell us how many are beyond repair, how many are in dire need of repair and how many are not at risk. We are still waiting for this document. You and I are paying for the consultant and the emergency repairs on some of these bridges with no plan apparently as we have not seen it even though we have requested it in writing on a number of occasions.

While all of these things are going on, they think we aren’t paying attention and they purchase the old Lac Ste Anne Gas building with some land on the East end. This is supposed to placate those on the East end of the County, so they will feel like they are not being forgotten. Buy more land with a dilapidated building so as ratepayers we can spend yet even more money! Now the borrowing bylaw for an additional Million dollars for renovation. That does not include the purchase price, the need for upgrades to the road to the tune of over \$300,000, and the \$900,000 in the proposed budget. If it includes the monies forecasted in the budget, then why the need to borrow it?

An Open Letter To The County Of Lac Ste Anne Ratepayers And Residents Without Prejudice

Continued From Page 16

There are several parcels that the County owns on the East end that would have been a great location for a new building. Better yet, had the County Council and its current administration worked in unison with all the other summer villages, hamlets and towns in the County, the need for this building would not exist. It is as a direct result of them refusing to work in unison and the collapse of all agreements that were years in the making for Fire and Emergency Services. The Mayors have been meeting for months on this very issue. Mayerthorpe, Onoway, Alberta Beach and several summer villages all wrote to the Municipal Government letting them know that they could not work with the County. The answer was to throw \$50,000 at it, hire a few mediators that had no power to make anything they did come up with, binding! The county was the first to step away from the table.

When we put our pen to paper to vote, we voted for people who assured us that they would act in our best interest. Fiscally, morally, have these assurances been met? With deficits for debentures that we did not want or need? When the Division 5 seat became vacant, we asked for a by election. They don't want one. What are they afraid of? Are they concerned that someone will hold them accountable? A by election in one division is minimal cost and with all the waste that has taken place here, I have no issue requesting that a by election be held so the folks of Division 5 at least have someone at the table.

There are new agreements, contracts being written every day. Are they in the best interest of the people of this County? How would we know when there is no transparency? Is all the information being shared with the Council that sit at the table?

When we began the process of the third petition, we requested a list of eligible people in the County that were able to vote. They don't maintain one. At least that is what they told us. SO of the 10, 260 folks that purportedly reside

in the county, by assumption with the 2011 census, roughly 7500 of those people would be eligible to vote. Over 33% took the time to sign the last petition. In 16 working days, 2543 representing each and every division of the County of Lac Ste Anne signed asking for an inquiry into the Affairs of the County of Lac Ste Anne. The Municipal Government Act (s153) states in part that councilors have the following duties, "to consider the welfare and interests of the Municipality as a whole".

Council clearly has the obligation to look at the big picture.

As a direct result of the lack of representation by our current Council and Administration, our group is forming a Rate Payers Association. This will not only keep us in unison as Ratepayers, it will also provide us the opportunity to fund raise to bring the dog to the fight. It is not reasonable to continue with the lack of leadership and accountability. We will have memberships available in the very near future and are going

to be looking for your support as a member. If you would like further information, please feel free to contact me. I will endeavor to get the information regarding the Association out to the Ratepayers as quickly as possible once the organization is registered.

SANGUDO COMMUNITY SCHOOL WILL HAVE A NEW PRINCIPAL THIS SEPTEMBER!

Submitted by Lisa Bakos

We are pleased to welcome Ms. Jo-Ann McLaren to Northern Gateway Public Schools in her new position as Principal of Sangudo Community School. The position became available following Mr. Leonard Oates' announcement that he will be retiring at the end of this school year.

Ms. McLaren comes to us from Fort Smith, in the Northwest Territories, where she is currently the Vice Principal and Instructional Coach for J.B.T. Elementary School. As a key member of the Leadership Team, Ms. McLaren's experience extends to all aspects of school administration with a focus on Literacy, Numeracy and Teacher Growth and Development.

Ms. McLaren has been teaching for 15 years. Over the course of her career, she has taught both elementary and secondary grades and served as a sessional instructor in the Teacher Education program at Aurora College. She has been involved with the creation of the Northwest Territories Language Arts and Math benchmarks for Grades 7 to 9, has served as a mentor in the Teacher Induction Program - coaching, advising, modeling and building partnerships to facilitate a smooth transition for first year teachers and teachers new to the north - and is a certified counsellor.

"Jo-Ann brings a unique combination of skills and knowledge to the position," commented Superintendent of Schools Kevin Andrea. "Her dedication to the social, emotional and academic development of both students and staff, combined with her administrative experience, will be an excellent fit for Sangudo Community School."

Ms. McLaren holds a Bachelor of Arts in Psychology from Brock University, Ontario, a Bachelor of Education from Medaille College, Buffalo, NY and a Master of Education in Educational Foundations with a specialization in Counselling Psychology from the University of New Brunswick.

Ms. McLaren shared, "I look forward to joining the team at Sangudo Community School and to getting to know the students, staff and parents as we collectively build and nurture a respectful and engaging community of leaders and learners."

GRASMERE STUDENTS IN JASPER!

Submitted by Lisa Bakos

Grasmere Grade 7's enjoyed learning in the great outdoors last week. The group traveled to Jasper and stayed overnight at the Palisades Stewardship Education Centre where they spent time learning about the environment, orienteering and respectful treatment of the outdoors.

They played indigenous games, learned how to use a GPS tracker, worked on team building activities, built a fire and much more.

Grasmere Principal Shelley Wyman spoke for the school sharing that they "wanted to do something fun for the Grade 7's, to commemorate their last year" at the school.

ONOWAY MUSEUM - FUN FOR ALL AGES

Submitted by Yvonne Slemko, Onoway and District Historical Guild

Once school is out, many people find time to explore, to visit and just to enjoy life more than during the school year. One of the things to include on your "To Do" list is a visit Onoway Museum. If family or friends are visiting, stop by the museum. If they attended school in Onoway, they'll want to check out the decades of class photos from Onoway Elementary School that line the hallways. Exploring the main exhibit rooms can lead to plenty of nostalgia and memory-sharing. Newcomers and visitors will take a step back in time and learn about local history.

Exhibits change on a regular basis. 4-H is the focus of the current exhibit in the Heritage Centre. And

you can discover a lot you didn't know about the village/town of Onoway and its businesses when you stroll through the main hallway in the museum.

Special programs designed for children will be offered - they'll play games that were part of everyday life back in the days of the country school house, they'll learn to make butter, they'll discover objects that were important elements of everyday life but no longer exist (other than in museums!). Pre-registration by phoning 780.967.1015 is recommended.

The museum is open Monday through Friday from 10:00 a.m. until 3:00 p.m. throughout during July and August. With adequate advance notice, arrangements can be made for visits on weekends or outside regular hours.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
