BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR JACKFISH LAKE

Submitted by **Alberta Health Services**

EDMONTON – A blue-green algae (cyanobacteria) bloom has been identified in areas of Jackfish Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash

with tap water as soon as possible.

- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can

safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any lake, including Lake Isle, at any time. Boiling lake water will not remove the toxins produced by blue-green algae (cyanobacteria).

Blue-Green Algae (Cyanobacteria) Bloom Advisory Issued For Jackfish Lake

Continued From Page 1

An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become

visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with vis-

ible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symp-

toms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Jackfish Lake, until further notice.

Please note that areas of Jackfish Lake in which the blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-green Algae (Cyanobacteria) Advisory is in place.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria), please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing

June 28, 2016

Canadian Association of Petroleum Producers (CAPP) – A representative from CAPP gave an overview of issues currently affecting oil and gas producers in regards to local governments’ policies and decisions, emphasizing that services provided by the municipalities, tax policies and rates, and keeping tax dollars in areas where industry is active is important to the long term health of oil and gas producers.

Edson Forest Products – West Fraser Mills LTD asked for a letter from Council in support of their request for a 2-year extension from the province for the continued use of their burner to deal with the stockpile of wood bark accumulating at the Edson Forest Products plant. According to West Fraser Mills, the stockpile is due to their inability to sell the fuel to the oil and gas industry

at this time. The request will be brought back to Council at the next regular meeting.

County Parks & Open Spaces Plan – The County’s Parks & Open Spaces plan highlights an emphasis on trail networks, ice rinks, parks and playgrounds, and other recreation focused facilities and other infrastructure. Recommendations in the plan are based on input from County residents through public open houses and surveys over the past year. The recommendations will be brought back to council for further consideration.

Edson Revenue Sharing – Council approved the agreement, in-principle, and will forward the agreement to the Town of Edson for review and comment. The expenditure associated with Yellowhead County budget as a result of entering into this agreement (depending on assessments) is just under \$5 million annually.

Marlboro Paving – Council approve a contract extension to E

Construction Ltd. for the paving work in Marlboro. The approved 2016 budget includes sufficient funding for the skating rink and community hall work, but will require an additional \$564,000.00 for the paving of the Marlboro access road and fire hall. The additional funding will be reallocated from the 2016 construction budget.

Vegetation Control Policy – Council approved an Agricultural Services Board update to the Vegetation Control Policy. The updated policy better reflects brush control products that are currently used, and moves the no spray agreement deadline from July 15 to July 1 as many species are going to seed by this point.

Land Transfer Proposal – Council approved the transfer of the Green Grove Recreation Board’s land and buildings in Niton Junction to Yellowhead County with the understanding that these lands are to be retained, in principle, for continued use as a parks and

recreation space within the community.

Shotgun Program –Yellowhead County Peace Officers were authorized by Council to carry shotguns in patrol vehicles to enforce several animal control acts and bylaws and can be used to dispatch an animal that is injured or vicious and posing an immediate danger to the peace officer or the public. Authorization to obtain and the use of the firearms is strictly controlled by the Alberta Justice and Solicitor General Department.

Bylaw 06.16 – Council gave first reading to Bylaw 06.16 for a property adjacent to Long Lake (Part of NE 31- 55-15-W5M) to rezone it from Rural District to County Residential District. The rezoning is due to density of nearby surrounding residential oriented lands. A Public Hearing will be held on July 26, 2016.

Bylaw 14.16 – Council gave first reading to Bylaw 14.16 to rezone a property on Hwy 16 between Niton Junction and Nojack (Plan 5741 RS, Lot A in NE 26-53-12-W5) from Rural District to Recreational Use District to accommodate a proposed future campground/rental cabin development. A Public Hearing will be held on July 26, 2016.

Bylaw 09.16 – Council passed Bylaw 09.16 to amend a property in Niton Junction (part of SW 31-53-12-W5) from Hamlet Residential District to Hamlet Commercial District to accommodate a future commercial storage facility.

Sun Gro Range Road 85 Access – Council agreed to extend their road building agreement with Sun Gro until June 30, 2017 and increase the bond to \$307,500. The road upgrades are being done by Sun Gro on a public county road near Wildwood for their commercial use; all roads developed by independent contractors on county allowances must meet minimum county road standards.

The next Council Meetings is July 26, 2016. The next Committee of the Whole Council Meeting is July 19, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

MESSAGE FROM THE MAYOR

Submitted by Parkland County

Building a budget is a year-long process. By the time Council approves the tax rate bylaw in the spring to fund the draft budget approved in December, Administration is already looking towards next year's budget. Part of this is done as part of Council's annual strategic plan review, where we look at the long term vision for the County and prioritize resources to help achieve that vision. Administration takes this information and incorporates it in the departmental business plans that form the budget.

The Strategic Plan provides direction for the County, but there are many things that influence the budget, including service levels, infrastructure, and inflation.

For 2016, Parkland County Council has approved a budget that will result in a tax increase of 2.13% for the average residential property and 8.70% for the aver-

age commercial/industrial property. We are proud to have one of the lowest tax increases in the Capital Region, as well as one of the lowest non-residential tax rates.

While it did not prove to be a factor in this year's budget, the expected phase out of coal-fired power generating plants by the current provincial government will result in a loss of over \$224M in tax revenues for Parkland County by 2030. Obviously, this could have significant implications on future service levels and financial contributions made by the County.

Despite this, Council remains steadfast in maintaining a low tax rate that will not place adverse pressure on its citizens. Further, we remain committed to creating new sources of revenue to offset some of the financial obligations that are met by our residents and business.

For more information on Parkland County's budget, visit our website at parklandcounty.com/budget.

A DECADE OF PIONEER SCHOOL PROGRAM SUCCESS!

Submitted by Rena Traxel, Museum and Farmers' Market Manager

Every May and June school groups, Kindergarten up to Grade 8, visit Tipple Park Museum for a day of history and hands-on activities. The Pioneer School Program, created by current president Irene Lawton, is celebrating a decade of success!

What does the Pioneer School Program look like?

Mrs. Lawton, dressed in Pioneer garb, arrives early in the day and sets up the fire, boils water, and readies the ovens for outdoor baking. Soon the students arrive and it's time for Mrs. Lawton to take a step back in time. She is now Ms. Jones, pioneer.

Ms. Jones tells the kids all about Mr. Evans and the his-

tory of Evansburg. The day is not all talk as there are chores to be done! Broken into groups students wash clothes by hand. First they must haul water from the "well", then use washboards to scrub the clothes clean. Students also make candles, biscuits and butter. They even get to try buttermilk! Older grades enjoy tie-dyeing and log cutting.

"This is hard work," comments one of the students. "I wish I could do this every day," comments another student.

After lunch a round of games is a must while Ms. Jones slips off and transforms into Ms. Brown, school marm. The hand-held school bell rings signalling students to join Ms. Brown at Holly Springs School.

A Decade of Pioneer School Program Success!

Continued From Page 6

Before entering the school, Ms. Brown inspects all the students' hands, after all cleanliness is of utmost importance. The girls must curtsy and put on a bonnet while the boys bow and remove their hats. When answering or asking a question, students must stand beside their desk and use complete sentences that end with "Ms. Brown,

ma'am". Of course there is always a class clown or two (not always a student) and more often than not one of the parent helpers ends up in the corner with the dunce cap on.

Despite her serious demeanor, Ms. Brown knows how to have fun! After a brief lesson in spelling and math, students get to make a toy such as a whizzer or a pinwheel. Too soon students must step back into the present and head home. On their way

out students bow or curtsy, pack up their toy, candle and leftover butter and head home.

Whew... Well done Mrs. Lawton, ma'am! The Pembina Lobstick Historical Society thanks you for your vision and commitment to creating a successful Pioneer School Program. Here's to another ten years!

What's next?

"We want to expand our school program to include older grades. Now with a heated building year

round school programming is a real possibility," says Mrs. Lawton.

In addition to Irene, thanks to volunteer Val Boyer and Kathy Rosadiuk for assisting in the running of the school program. If you would like to volunteer for the school program or another opportunity at the museum, please drop-in, call Tipple Park Museum at 780-727-2240 or email tippelparkmuseum@gmail.com.

YELLOWHEAD COUNTY BRINGS FAMILY POND DAYS TO BEAR LAKE

Submitted by Stefan Felsing

Looking for something to do with the family this summer that's close to home? Yellowhead County's Agricultural Services and West Central Forage Association have once again teamed up to bring you our 3rd Annual Family Pond Days event. Come on down to Bear Lake Campground on Wednesday July 13th for a free barbecue and some fun and science!

This event will run from 12:00pm to 4:00pm at the day use area of the campground. Pond Days at Bear Lake will be a casual event where attendees can come and go at their leisure. There will be several tables set up for families to come and learn all about how to protect our lakes and their inhabitants.

There will be several volunteers coming out who will be giving presentations on different aspects of wetland ecosystems. Some of the topics will include

Aquatic Insects where kids can get a firsthand look at real insects that have been collected from the lake and learn all about their roles in the ecosystem.

There's also the Wildlife Station where kids can see pelts and furs from different animals that live in the area. Another station will go over Soils and Life Underground where kids can learn about all the creepy crawlies that live in our soils and why they are important. Volunteers will also be touching on water quality, in-

vasive species, fish, and giving out free goodies to take home!

This event will be weather dependent, if rain is forecasted for the entire day the event will be cancelled the day in advance. If you plan on attending this event please give us a call and register so we can ensure there will be enough food for everyone.

If you would like more information or to register please call the Yellowhead County office in Wildwood at 1-780-325-3782 or Toll Free at 1-800-814-3935

EVERGREEN CATHOLIC SCHOOLS BOARD OF TRUSTEES MEETING HIGHLIGHTS

Submitted by Beth Dunigan

May 9, 2016

Trustees approved locally developed courses entitled Myth-busting Science 25 as well as Film Studies 15-25-35. Evergreen teachers continue to create fascinating and appealing ways to engage students.

The Board approved the 2016-2017 calendar for the Hinton schools.

Superintendent Dr. Vaselenak reported that 38 students from Ft. McMurray had already been welcomed and registered in Evergreen schools (Note: the number grew to 85 by week's end.)

Evergreen Catholic hosted the Archdiocesan Holy Childhood

Association Missions Day Mass at Holy Trinity Parish. 800 students from four school divisions attended. Our Evergreen student choirs performed beautifully. The occasion received very positive comments.

The school division was recognized and received accolades for its commitment to Catholic education. Evergreen supported 15 staff at the Shared Purpose in Catholic Education (SPICE) conference and ten others at the Catholic administrators' conference (Blueprints.) Notably, Evergreen also had four of our associated parish clergy attend.

In collaboration with Newman Theological College, Elk Island Catholic and St. Thomas Aquinas Catholic School Divisions,

Evergreen is proud to be part of the next Excellence in Catholic Educational Leadership (EXCEL) cohort. The primary goal of the EXCEL Academy is to expand, renew and grow overall leadership capacity of our school divisions by enabling select teachers to explore their faith and develop their gifts and talents in the area of leadership.

Ty Snell, a first-year teacher at Saint Mary School (Westlock) was named the ECSRD nominee for the Edwin Paar award. Each year the Alberta School Boards Association honors six outstanding first-year teachers with the Edwin Parr Teacher Award.

Secretary-Treasurer, Ms. Jacqueline Carroll received congratulations from the Board as

she will be receiving a 25-year service award from the Association of School Business Officials of Alberta (ASBOA.)

Educators who take risks each day to continually transform their learning environments are honoured with the Canadian Education Association Ken Spencer Awards for Innovation in Teaching and Learning. This year St. Gregory Catholic School (Hinton) was honoured with this national award as the school has transformed its Early Childhood/Kindergarten classroom environment into the Happy Creek Learning Center, which offers a play-based multi-age hands-on learning model driven by the students' interests and passions.

WELCOMING A NEW ASSISTANT SUPERINTENDENT OF LEARNING SERVICES

Submitted by Nikki Gilks

Grande Yellowhead Public School Division will have a new member of the senior administration team when Karen Shipka takes over as the division's Assistant Superintendent of Learning Services effective July 4th.

Ms. Shipka is currently a Director in the Engagement Branch for Alberta Education where she has provided leadership and direction on a number of strategic student and parent engagement initiatives. These include the highly successful

student "Speak Out" conferences where youth were invited to have a public voice in matters that affected their learning and futures. After receiving her Bachelor of Elementary Education at the University of Alberta, she was instrumental in facilitating technology initiatives at Edmonton Catholic School District before moving over to Alberta Education in 2006 in the School Technology Sector managing the Emerge One-to-One Laptop Learning Initiative for the next three years. During this time, she also completed her

Masters of Education in Education Psychology. In 2009, she became the Senior Manager of Teacher Development, providing leadership and direction in the development of the Education Sector Workforce Planning Framework, provincial teacher induction programs and beginning teacher supports until 2014 when she took over as acting Director of Workforce Planning and Development. In 2015, she accepted the position in the Engagement Branch.

Cory Gray, Superintendent of Schools, is very pleased to have

Karen join the administration team at Grande Yellowhead. "Karen's extensive background in strategic planning, visioning and engagement skills as well as her proven record in successful project development and implementation on large scale initiatives, make her an ideal choice for the role of Assistant Superintendent of Learning Services. These attributes are essential as her portfolio includes the management of the Learning Services Department which includes resources and supports for indigenous relations, technology, curriculum and inclusive education."

Ms. Shipka has two grown children and has recently become a first-time and proud grandmother. Ms. Shipka plans on being an active member of the GYPSD team as she believes in the importance of strengthening community ties in order to build strong and effective relationships with all K-12 education stakeholders. "Having worked in the government sector for a number of years, I felt it was the right time to move back to the heart of education at a school division level where I could personally contribute in the long term success of students and staff. Making a difference for students is what I am passionate about and I am looking forward to the excitement and the challenges that this new position will provide."

Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

A perfect day starts with perfect skin. Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

Obituaries

ANSTEAD, Robert Patrick (Red) June 19, 1933 – June 26, 2016 It is with saddened hearts that the family announces the passing of Robert (Red) Patrick Anstead of Darwell, AB on June 26, 2016 in Stony Plain, AB at the age of 83 years. Left to carry on his memory is his loving wife of fifteen years

Dianne; and children Bradley (Gina), Karen, Craig and David (Tina); eight grandchildren and sisters Marie Knavs and Doreen (Tony) Hudj as well as numerous nieces, nephews and extended family. Robert was predeceased by his parents William and Mary and three brothers and three sisters. A Celebration Of Life will be held Tuesday, July 5, 2016 at 1:00 pm at the Darwell Hall, Darwell, AB with celebrant Yvonne Racine officiating. In lieu of flowers, memorial donations may be made to the Canadian Cancer Society, #201, 9452-51 Avenue, NW Edmonton, AB T6E 5A6. The family wishes to extend a thank you to the staff of Westview Health Centre for their exceptional care and support show during Roberts stay.

Written Tributes may be made to www.parklandfuneralservices.com

SUDOKU OF THE WEEK

						7	6	
2		8				3		1
	5		3					
1		6			7	4		
				6	3			
	2	9			5	6	3	
	9	4	6	3				7
5			7					
6			5	2		4	9	

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
