SCAM EMPTIES BANK ACCOUNT

Submitted by St Albert RCMP

File: 2016 - 1041454

St. Albert, AB - On Tuesday, August 9, 2016, St. Albert RCMP received a report of a Fraud that had cost the victim

thousands of dollars. Over the period of a couple of weeks, a St. Albert resident made several wire transfers to a company allegedly called Option Giant who appear to be connected to Global Health and Wellness Advisors. The St. Albert resident believed

that the wire transfers were investing money in a company that traded foreign currencies and that there would be a full return of the investment with profit in 90 days.

was injured.

Westlock RCMP assisted in the extensive search for the suspect and vehicle but they were unable to locate.

Scam Empties Bank Account

Continued From Page 1

Unfortunately, none of the money has been recovered, no profits seen and the investment opportunity appears to be a scam.

Slave Lake RCMP received a similar report of this scam earlier this summer. A resident of their community “invested” undisclosed amounts of money through wire transfers to Option Giant through Stage 3 Alpha, run by Exogen which is a company allegedly run

by a Sandra Barnes and a Kevin Robinson. The investor was also recommended to invest in Global Health Wellness Advisors. This victim also lost all money that was invested.

When the RCMP typed “Option Giants” into Google Search, www.optiongiants.com was blocked stating that the site was a phishing scam website.

“Scammers and Fraudsters can sound very legitimate and convincing,” says Cpl. Laurel Kading with

the St. Albert RCMP Community Policing Unit. “But no one should invest in companies without doing some homework first. Check them out on the internet and talk to local, legitimate investment companies as they can spot the signs that an investment opportunity is fake.”

In both of these cases, the investment money cannot be recovered as it was wired outside of Canada. “One sign that an investment is possibly fraudulent is when they promise a huge return in a very short time. If you see “You will double your money in 90 days” - Stop! Get Advice! That kind of promise of a return is a huge warning to all investors that something is wrong! It is just too good to be true.”

If you have information about this incident, please call the St. Albert RCMP at 780-458-7700 or call your local police. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), by internet at www.tipsubmit.com, or by SMS (check your local Crime Stoppers www.crimestoppers.ab.ca for instructions).

JOKE OF THE WEEK

A Brunette, Redhead and Blonde entered into a game show. The host explained the rules, "I am going to say jokes for a hour straight and who ever doesn't laugh at the end receives \$5000.00!" The host starts and after 15 minutes the redhead is out. He continues and after 40 minutes the brunette is out. When the clock hits 59 minutes he gives up on making the blonde laugh. All of a sudden the blonde starts laughing. "Why are you cracking up now, all you had was one more minute to win the prize and I didn't even tell a joke now?" He asks. She replies. "I know, but I just got the first joke!"

Chief Superintendent Jerry Scott, District Commander for Central Alberta District is pleased to announce that Inspector Rob Hill has assumed the role of Detachment Commander effective immediately.

Inspector Rob Hill has 19 years of service with the Royal Canadian Mounted Police following his service with the Canadian Armed Forces. Rob comes to Alberta from his position as the Administration and Personnel Officer in Iqaluit, Nunavut. Prior to his transfer to Alberta, Rob has served in three RCMP divisions to date; namely "D" (Manitoba), "HQ" (Ottawa) and "V" (Nunavut). He has served in general duty, First Nations Policing, drugs / organized crime and national program management including strategic and major event planning. He comes with a wide variety of policing experience.

Rob was posted to Iqaluit in October 2013 whereupon he received his commission to the rank of Inspector. He oversaw multiple business lines including human resources, employee - management relations,

informatics, communications, discipline and civil litigation. Rob is an accredited Critical Incident Commander.

Insp. Hill is a graduate of the RCMP's Management Development Program as well as the Senior Police Administrator course. In 2015 he successfully completed the Canadian Police College's Executive Development in Policing Program.

ber. Rob enjoys spending time with his family, fishing, playing drums, cooking and cheering for the Winnipeg Blue Bombers.

NEXT SEASON BEGINS FOR YOUR COMMUNITY CHOIR!

Submitted by Eunice Woronuk, President

Lac Ste. Anne Community Choir invites local singers to join the next musical season. If you love to sing, whether you've ever been part of a choir or not, you're welcome!

Joining a choir is more than just musical fun; it also provides mental and physical benefits. Studies show joining a choir can improve symptoms of Parkin-

son's, depression and lung disease. Others indicate it not only increases oxygen levels in the blood but triggers the release of "happy" hormones such as oxytocin, which is thought to help lower stress levels and blood pressure. One choir member agrees. "Singing is a wonderful way to improve fitness from the inside out. It stimulates the brain."

Director Debbie Rosen chooses music that challenges choir

members' abilities, and provides each member with a CD of his or her own part to reinforce the weekly rehearsals. Accompanist RJ Chambers uses his training to complement her direction.

"Truly, this choir provides such enrichment to members as well as to the community as a whole. Debbie Rosen (in my estimation) would be rated as one of the best choral directors. We are so fortunate to have RJ as our talented pianist - he's a per-

fect fit," says long-time member Jeannette Symbaluk.

One member commented "I enjoy the diverse mix of choir members, and also like the musical materials that Debbie continues to challenge us with." Another stressed the sense of community. "Like many others, I work in Edmonton. The choir is a way for me to remain connected to my home community. It also provides artistic expression for members and enjoyment for concert attendees."

The next season of the Lac Ste. Anne Community Choir begins Wednesday, September 7. Registration begins at 6:15 p.m. at the Heritage Centre in Alberta Beach (5012 - 49 Avenue). At 7 p.m., the first practice begins. All rehearsals are Wednesdays from 7 - 9 p.m., preparing for Christmas-season concerts. If you aren't sure it's for you, try the choir for two consecutive weeks with no obligation.

Membership is just \$70 per session (September to December; January to May), with a discount for multiple family members.

2. Shift times in small increments.
3. Be prepared for some resistance.
4. Limit the use of electronics before bedtime.
5. Use a different approach for adolescents.

BARRHEAD RCMP WEEKLY UPDATE

Submitted by RCMP Barrhead

On August 13 Barrhead members investigated an armed robbery at Connie May's Store near Lac La Nonne. Staff at the store reported that a lone male had been in the store for several minutes before donning a balaclava. Staff told the male to leave and the suspect complied before returning armed with a tire iron and demanding cash. Staff were able to scare the suspect off and he was last seen east bound on Highway 651 in a grey or silver Honda car.

The suspect is described as a First Nations male with full sleeve tattoos and a tear drop tattoo under his left eye.

On August 16 RCMP from Barrhead and Westlock, EMS from Westlock and firefighters from Barrhead responded to an incident on Range Road 14 south of Highway 651. Four males had been excavating a hole to gather clay. The crew was standing on the edge of the hole when the bank gave way. One male was buried and the other three entered the hole to try to rescue their companion. A second cave in occurred and two

men were partially buried. These men managed to extricate themselves but the first male remained missing. Rescue crews worked for several hours and finally located the missing male who was declared deceased at the scene. A 65 year old Calahoo, Alberta male has been identified as the victim and family have been notified. No charges are being contemplated.

Police attended a violent domestic dispute in Barrhead on August 11. Following their investigation members charged a 32 year old Barrhead woman with Assault and Fail to Comply With Under-

taking. The woman was released from custody on new conditions. On August 13 the woman was arrested again after police received reports that the suspect had breached her conditions again. First appearance has been set for September 21.

On August 14 members attended Barrhead Composite High School after an alarm was reported. Inside the school police located and arrested three drunken 23 year old males. The males had caused no damage and were released after spending the night in jail. Each received a ticket for trespass under the School Act.

A black 2006 Dodge Ram was reported stolen from a residence in Barrhead on August 12. The keys had been left in the owners other vehicle which was unlocked. Thieves going through the second car found the keys and stole the truck. To date the truck has not been located.

2017 CITIZEN BUDGET SURVEY SEEKS RESIDENT INPUT ON HOW TAX DOLLARS ARE SPENT, HAVE YOUR SAY!

Submitted by Tara Gallant

The Town of Whitecourt will be launching the 2017 Citizen Budget Survey on Monday, August 29. The new interactive budget simulator will allow residents to provide feedback on how they feel their tax dollars should be spent. The launch of the survey builds on public consultation

activities initiated for the 2016 budget.

“Engagement and transparency are a priority for Council, and I’m eager to hear feedback from the community,” said Mayor Chichak. “Whitecourt is growing, and we want to make sure we continue to meet the needs and expectations of our residents. I encourage all residents to par-

ticipate in the online survey and provide their input for the 2017 budget.”

Residents can find a link to the survey on www.whitecourt.ca. All you have to do is enter in the assessment for your residential property to see how much you currently pay for a variety of municipal services. Residents can then increase, decrease or main-

tain service levels in a variety of service categories and immediately see the impact changes have on their personal tax payments.

The survey will run for three weeks, and will close on Friday, September 16. Feedback gathered through the survey will be presented to Council for review and consideration during 2017 budget deliberations in the fall.

FALL SESSION STARTS UP FOR THE SANGUDO ART CLUB!!

Submitted by Sharon Vanderwolf, Sangudo Art Club

The Sangudo Art Club is looking forward to the 2016 fall session which starts up this September. Our first club meeting is September 14th starting at 9:00 a.m. at the Sangudo Community School. You would be hard pressed to find a more enthusiastic and talented

group of women than those associated with the Sangudo Art Club.

Members spend up to two hours together each week during fall and spring gathering sessions to socialize and exchange ideas while bringing their projects to life. Many of the members also spend much of their free time at home working on their individual paintings.

During this past spring session, the club members enjoyed the teachings of various instructors. In February, Sally Turco presented a full day class on Fantasy Alcohol Ink Art. Chinese Ink Art on a fan was presented by Hilde Keller in March. April's guest art instructor was Tammy Taylor with an oil workshop painting a Mallard Duck and she also taught us a half day Calligraphy class in the beginning of May. Later in May, Gail Deanne Jackson taught a workshop of an oil seascape with a lighthouse. Each year, members have the opportunity to display their work at local art shows around the area. We displayed at the George Pegg Botanic Gardens Art Festival and at Heritage Days in Rochfort Bridge. The Sangudo Blitz in November is another Venue that the Art Club uses to display their artistic endeavors. Our Club thanks the community for your support on our fundrais-

ers and raffles, which enable us to bring in more guest art instructors and help offset the operational cost of the club.

The Sangudo Art Club always encourages new members whether you are beginner to pro level to join. Annual membership fees are \$25.00 for the year. The fall session is from September to December and winter session is from February to May. The Sangudo Art Club is extremely pleased to have Laura Cox as our guest art instructor on Wednesday, September 28th, starting at 9:00 a.m. with an acrylic workshop painting a landscape at the Sangudo Community School. Workshop cost is \$30.00 for members and \$50.00 for non-members. We look forward to seeing you, for more information please contact, Patricia Kowalik at 780-785-2112. GOLFER'S GUIDE

DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance

coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

9 WAYS TO IMPROVE YOUR GOLF GAME

Warmer weather sends scores of golfers to their favorite courses each and every day. Golf is a challenging pastime, but a few pointers can help golfers hone their short games, long

games and everything in between. Choose the right clubs. There is more to selecting clubs than pulling any old iron out of your golf bag and whacking away. Wind, hazards

and obstructions in landing areas should influence your decision of which club to use. Novice golfers may want to rely on their caddies to make club recommendations, and as

they become more confident in their abilities they can start to make their own choices.

GOLFER'S GUIDE

ADJUSTING GOLF SWING GETS EASIER

Golfers rejoice! Those dreaded slices or hooks could become a thing of the distant past thanks to adjustable clubs and drivers. In addition to helping improve accuracy, adjustable clubs also lighten the load in your golf bag.

With a few twists of a wrench or even turning the shaft of the driver itself, golfers can adjust the face angle, loft and lie angle of the driver to hit the ball farther and straighter. Golfers can make small adjustments to create the right loft and improve distance without having to purchase a new club or visit a club fitter.

Many club manufacturers now offer adjustable drivers and other clubs. According to an informal poll on Golf.com, 34 percent of the 2,337 respondents owned an adjustable driver by the end of 2011. The ability to upgrade shafts has also be-

come popular as golfers respond to what the pros are doing.

Adjustable golf clubs enable golfers to walk out onto the course with one driver and a few different shafts. With a couple of clicks from a wrench, a person can have an entirely new driver. That cuts down on the equipment that needs to be carried and can fine tune a golfer's accuracy. These high-tech clubs are corresponding to changes being made to golf balls. Engineers have reduced the spin on golf balls to help the balls travel farther. To do so, golf experts advise that the ball needs to be hit higher into the air. Adjustable drivers can give players the edge they need to produce the right height and trajectory.

According to data from golf club manufacturer TaylorMade, 70 percent of consumers who use the

company's adjustable drivers adjust their club at least once to get the desired shot. Afterward, 10 to 15 percent of adjustable driver users report further adjustments as they become comfortable with the features.

Although golfers can now put adjustments into their own hands, it is still advisable to get a professional fitting regardless of which clubs are chosen. A certified club fitter can help a person sort through the myriad options available and make recommendations based on various factors, including the golf ball used.

Those who are not fans of adjustable drivers say that the adjustment mechanisms add weight to the drivers, which can compromise efficiency. However, that isn't stopping larger numbers of golf fans from taking adjustable drivers for a trial run in an effort to improve their

game.

9 Ways To Improve Your Golf Game

Continued From Page 20

· Anchor your feet. Anchor your foot behind the ball to drive the ball further. Right-handed players will keep the right foot anchored, and lefties will do the opposite. Do not lift your foot prematurely; otherwise, you can lose power and distance.

· Identify your weaknesses. As with any hobby, identifying those areas that need the most work can help you become a better golfer. Keep track of each shot you take, and then look at the results to see which areas of your game need the most work.

· Fix your alignment. Align your shots by assessing the target from behind the ball. Then set the clubface behind the golf ball and align it with the target before you enter your stance.

· Use your torso for power. The torso is essential to a solid swing. Practice rotating from your core to control your backswing and then maintain the same spine angle and posture on the downswing.

· Use the wind. Not every golf game will be played in perfect

weather. A good player knows how to make adjustments for the wind depending on the shot. Use the wind to your advantage when you can, and adjust your swing when hitting into the wind.

· Become a better chipper. Many players put so much emphasis on their backswings and putt shots that

they fail to devote any practice to chips. All shots are important for golfers trying to shed strokes off of their scores.

· Keep fit. Maintaining or improving your physical strength and overall health can help your golf game. Exercise and eat right, and you will have more endurance on the links.

ADJUSTED DATES - SEPTEMBER 2016 STARTUP ONOWAY JR./SR. HIGH SCHOOL

Submitted by Lisa Bakos

To: Students and Parents / Guardians of Onoway Jr/Sr High School (OJSH) 2016/17

From Principal John Lobo

Re: 2016/17 school start up dates adjustment

The new OJSH is nearly ready. As this is a very large project, the final details have taken some time to complete to our standards. Tradespeople and movers have been working very hard to make things ready for staff to unpack. There is some delay with allowing OJSH staff in to the school to start getting classes ready for students.

This has required a slight change to students starting school.

Gr 8/9 students were to start 2016/17 classes on Wednesday Aug 31.

Gr 8/9 students will now have the first day of 2016/17 classes on TUESDAY SEPTEMBER 6,

Gr 10-12 students were to start 2016/17 classes on Thursday September 1.

Gr 10-12 students will now have the first day of 2016/17 classes on WEDNESDAY SEPTEMBER 7

Gr 8/9 students do not miss any instructional time as they

follow a high school timeline of 1000 instructional hours.

Gr 10-12 students will have instructional hours lost using following measures:

- 1) Teachers making adjustments to teaching schedules.
- 2) Limited class interruptions for school wide activities in semester 1 .
- 3) Reduced class loss for field trips and sports trips that require loss of instructional time, especially for gr 12 students.

The few extra days, Aug 31 to Sept 2, to allow staff to completely set up will allow for a smoother start up.

The School will be open for NEW REGISTRATIONS Mon Aug 29 pm, Tuesday Aug 30 pm and Aug 31 to Sept 2 all day.

Bus drivers will communicate adjusted start up dates for their student riders. The school and school division will post ad-

justed start dates on websites, and social media. The School Synervoice system will dial out parents as well.

Thank you for your attention to this changed schedule. We look forward to welcoming Grade 8 and 9 students to school on Tuesday September 6, after the long weekend.

Please direct any questions to the school at 780-967-2271 or email john.lobo@ngps.ca

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
