DDRA HOSTING COMMUNITY REGISTRATION NIGHT

Submitted by Lorne Ross, Darwell & District Recreation Association

The Darwell and District Recreation Association will be hosting its third annual registration night for community groups and associations on Tuesday, September 6th at the Darwell Centennial Hall between the hours of 6:30 and 7:30 PM. A variety of community organizations

will be present to introduce their programmers for the fall and winter months.

From A to Z, acting to Zumba, there will be opportunities for community residents to find an activity for the winter months. Community organizations including: the Fire Department, the Interlake Golden Age Club, The Darwell Library, the Ag. Society and the DDRA will all be represented.

The Rural Route Actors Troupe and the Pickle Ball Club will be among the clubs looking for new members. All clubs and organizations looking for new members and an opportunity to advertise themselves are invited to contact the DDRA at 892-3099 or 780 721-2690 to book a table for the evening.

The evening is being sponsored by the DDRA and there will be no charge for the tables.

TIPPLE PARK MUSEUM FALL EVENTS

Submitted by Shayna Powell, Museum and Farmers' Market Manager

The Tipple Park Museum is excited to be bringing in a new temporary exhibit. On September 9th we will be introducing our 'Food for Health' exhibit. Visitors will be able to learn about healthy food choices, food safety and all about the role food plays in maintaining our bodies. Please stop by and take part in our interactive games and activities.

Enhanced school programming is one of our main goals this year. We will be hosting various tours and programs that will be focusing on Alberta curriculum goals and outcomes. Specialized classes will be run in collaboration with classroom teachers. Students and teachers from all schools in Parkland and Yellowhead counties are

encouraged to contact the museum, to find out how we can help them reach their learning goals in fun and engaging manner.

In October we will be hosting cemetery tours. Become versed in the history of our community and learn all about the lives and deaths of famous local people. Learn all about epitaphs, symbols, rubbings, sketching and photography. Be prepared to be afraid...very afraid.

Everyone needs a dream; we are looking for model train aficionados. Experienced model train owners and builders are needed for an installation of a model of the towns of Evansburg and Entwistle from the 1920's. Donations to help in the fruition of this dream of model trains, tracks, wood etc. are also needed. Do you have a piece of history in your home, barn or garage that is not being given the place of

honour it deserves? Look to your friendly neighbourhood museum, we are always looking for donations to make our place more interesting. If you can tell us a story to go with it, that is even better. All artifacts are treated with the outmost of care and all owners are given the proper acknowledgement.

Volunteers are also always in demand at our museum. If you have a talent with working with school children, chatting with seniors or love to research historical archives and objects; we need you! We are open Thursdays through Sundays to the public. Stop by and have a look see, we love to talk and learn more about the families that make up our communities. Please check out the Community Events page for more detailed information about our programs.

GYPSD ANNOUNCES NEW TECHNOLOGY SUPERVISOR

Submitted by Nikki Gilks

Grande Yellowhead Public School Division is pleased to announce that Kelly Smith will be the division's newest Super-

visor in the Learning Services department beginning the 2016-17 school year. Kelly takes over as Supervisor of Technology after her work as Grande Yellowhead's Educational Technol-

ogy Lead teacher during the past school year where her duties included research & innovation for technology to support student learning, working with school based teams to support student learning as well as providing professional development opportunities for school based staff.

"Kelly has been a valuable and dedicated member of the Grande Yellowhead team for a number of years and I am very glad that she agreed to take on this important leadership role to ensure that our students and staff have access to the right technical tools and resources for success," noted Cory Gray, Superintendent of Schools.

Kelly completed her Bachelor's Degree at the University of Alberta in 2005 with a major in elementary education and minor in educational psychology, and is completing a Masters in educational technology from the University of Calgary.

She has been an active member in the Town of Hinton for the past 25 years where she taught a variety of grade levels from 2 to 7 and took on a number of different roles in support of student learning initiatives. Dedicated to improving education at the local and provincial levels, Kelly has also served as the local Alberta Teachers' Association school representative, economic policy committee member, annual representative assembly delegate, Joint C2 (Teacher Efficacy) Co-Chair and has proudly been the local president for the past 6 years.

She was excited to take on the new position as she is passionate about supporting student learning through the use of technology. "I am confident that this new position will be filled with many opportunities to serve the students and staff of GYPSD. I look forward to working with the technology team to provide effective and timely supports to enhance student learning."

DEMENTIA ADVICE AVAILABLE PROVINCIALY THROUGH HEALTH LINK

Submitted by **Alberta Health Services**

Currently, about 40,000 Albertans are living with dementia, a syndrome that affects memory, thinking, orientation, judgment and ability to carry out daily activities. This number is expected to more than double in Alberta as the baby boom

generation moves into older age. By 2038, it is estimated that about one in 10 Albertans over the age of 65, and nearly half over age 90, will be living with dementia.

Alberta Health Services provides province-wide, specialized dementia advice through Health Link to help support individuals and caregivers living with dementia, including people with Alzheimer's

disease.

By dialing 811 – any time, any day – callers will reach Health Link staff who can assess their needs and provide immediate advice for their health concerns. When needed, callers can also be referred to a specialized dementia nurse for additional support.

Specialized dementia nurses can provide a more in-depth assessment

to to gain an understanding of each individual situation and provide personalized support and advice, as well as connecting callers to available community services and supports.

STONY PLAIN COUNCIL PASSES TRAFFIC BYLAW CHANGES

Submitted by **Town of Stony Plain**

Stony Plain Town Council passed various changes to the existing Traffic Bylaw at the Town Council meeting on Monday, June 27. The changes impact Stony Plain vehicle traffic, particularly recreational vehicle (RV) owners and users, and are effective immediately.

Below is a summary of the main changes made to the bylaw:

- Recreational vehicles are no longer permitted to:

- Park on a road with any slides extended

- Park on a residential road for more than 48 hours; RV's parked on a road for 48 hours must be removed for at least 72 hours before re-parking on the road

- Be occupied while parked on a road

- Alleys

- Alleys within Stony Plain have

a maximum speed limit of 20 km/hour.

Other minor changes were made throughout the Traffic Bylaw to improve clarity and readability.

"The new bylaws benefit the Town of Stony Plain as a whole," says Karl Hill, General Manager of Community and Protective Services. "These are preventative measures intended to improve the safety of Stony Plain residents and visitors."

The Town of Stony Plain Traffic

Bylaw 2560/TR/16 regulates pedestrian and vehicle traffic within the corporate boundaries of Stony Plain. To learn more about the new bylaw, visit our website: www.stonyplain.com

All traffic bylaw inquiries should be directed to:

Dianne Mason
Municipal Enforcement Clerk
Town of Stony Plain
T: 780.963.8650

JOKE OF THE WEEK

A woman walked into the kitchen and found her husband walking around with a fly swatter. "What are you doing?" she asked. "Hunting mosquitoes," He responded. "Oh, catching any?" She asked. "Yep, two males, two females," He replied. Intrigued, she asked, "How can you tell?" He responded, "Two were on a beer can, two were on the phone."

RCMP SEEKING ASSISTANCE IDENTIFYING PERSONS OF INTEREST IN THEFT

Submitted by Edson RCMP

File #: 2016-1117621 - Edson RCMP are seeking the public's assistance in identifying persons of interest in a theft presently under investigation after an Edson business had nearly \$9,000 worth of product stolen.

On August 11th, 2016 at approximately 12:30 PM three individuals entered an Edson business where two viewed and held several pieces of product but all departed the store without making a purchase. Later on, it was discovered that some items were missing which resulted in an inventory count finding 14 items totalling \$8,889.98 worth of product was unaccounted for.

Police investigated and obtained still images of the persons of interest. The older male is described as 50-60 years old with an eastern European accent, dyed brown hair and moustache, standing approximately 5'9" tall. The female is described as in her mid-30s, wearing black leggings with a dress over top and flat shoes, brown hair, eastern European accent, and standing approximately 5'3" to 5'5" tall. The second man is described as approximately 30-40 years old, over 6' tall, muscular and had tattoos on his inner arms.

Edson RCMP are continuing to investigate and are seeking to identify these people. Police are requesting anyone with any knowledge of this occurrence to contact Edson RCMP at (780) 723-8800 or Crime Stoppers anonymously at 1-800-222-8477 or online at <http://www.crimestoppers.ab.ca/edmonton/>.

DEFENCE POLICY REVIEW CONSULTATIONS WITH YELLOWHEAD RIDING CONSTITUENTS

Submitted by Jim Eglinski, MP – Yellowhead

EDSON: Jim Eglinski, Member of Parliament for Yellowhead, held eight community roundtable discussions in different communities throughout his Yellowhead

riding from August 16th to August 23rd. These roundtable discussions were held in Grande Cache, Jasper, Hinton, Warburg, Rocky Mountain House, Drayton Valley, Wildwood and Edson.

At each of the roundtables, various members of the community participated in the discussions giving

their input on Canadian Defence policies. Overall, everyone who attended the roundtables, regardless of their background, all positively contributed to the discussion.

"The roundtables were an open discussion based on the Key Consultation Questions provided by the National Defence Public Consulta-

tion Document," stated MP Eglinski.

The opinions and thoughts of residents, who attended the roundtables, can be found at:

www.jimeglinski.ca

"Thank you for participating," concluded MP Eglinski.

CONTAMINATED WATER ADVISORY ISSUED FOR SOUTH DOCK CAMPGROUND PUBLIC BEACH ON JACKFISH LAKE

Submitted by Alberta Health Services

JACKFISH LAKE – Due to elevated levels of fecal coliforms currently present in the water of Jackfish Lake at the South Dock Campground public beach (located within the North Zone of Alberta Health Services (AHS)), AHS is advising the public not to swim or

wade from the South Dock Campground public beach, effective immediately.

The public is also advised not to drink this contaminated lake water, as water-borne organisms, including fecal coliforms, can cause vomiting and diarrhea.

Elevated levels of fecal coliforms were detected via testing of the lake water, at this beach location. At

current levels, skin, ear and eye infections can result from any contact with the water at South Dock Campground public beach.

AHS Environmental Public Health officers will continue to monitor the water at South Dock Campground public beach.

Jackfish Lake is situated North East of Athabasca, within Athabasca County.

This advisory will remain in effect until further notice.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

CLASS 3 DRIVERS WILL NEED MEDICAL DOCUMENTATION TO ENTER U.S.

Submitted by Adam Johnson, Public Affairs Officer, Alberta Transportation

The Government of Alberta does not have a similar requirement for Class 3 driver's licence holders. Drivers with Class 1, 2 and 4 licences already have medical exams on file and are not affected. Drivers with a standard Class 5 licence are not affected.

Starting this September 1, all commercial and professional drivers with a Class 3 Alberta driver's licence will be required to have a medical confirmation letter from the Government of Alberta to enter the United States. They will have to keep the letter within their vehicle while driving south of the border. Class 3 drivers who don't have a medical exam on record could be subject to a fine, a vehicle seizure or denial of entry into the U.S.

As this change is introduced, any enforcement and penalties will be at the discretion of U.S. officials. Effective April 1, 2017, drivers in this category who do not have a medi-

cal exam on record will be subject to full enforcement penalties in the U.S.

Class 3 driver's licence holders wishing to meet U.S. requirements may provide a Medical Examination for Motor Vehicle Operators to the medical review section of Alberta Transportation, along with a note requesting a medical confirmation letter. This form is available at any physician's office or Alberta Registry.

Class 3 driver's licence holders

seeking more information can contact Alberta Transportation at 780-427-8230 (toll-free in Alberta at 310-0000), between 8:15 a.m. and 4:30 p.m., Monday to Friday.

Quick facts

- In Alberta, a Class 3 driver's licence holder may drive:
 - o Any motor vehicle that the holder of a Class 5 licence may drive
 - o A single motor vehicle with three or more axles
 - o A motor vehicle with three or more axles that is towing a trailer

with one or more axles (if the trailer is not equipped with airbrakes)

- o A Class 2- or 4-type vehicle without passengers (bus, taxi, ambulance)

- o A Class 1, 2 or 6 vehicle as a learner

BLUE-GREEN ALGAE BLOOM ADVISORY ISSUED FOR HASSE LAKE

Submitted by Alberta Health Services

EDMONTON – A blue-green algae (cyanobacteria) bloom has been identified in areas of Hasse Lake, located within the Edmonton Zone of Alberta Health Services (AHS). Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.
- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.
- Do not feed whole fish or fish trimmings from this lake to your pets.
- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any lake, including Hasse Lake, at any time. Boiling lake water will not remove the toxins produced by blue-green algae (cyanobacteria). An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms

in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Hasse Lake, until further notice. Please note that areas of Hasse Lake in which the blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-

green Algae (Cyanobacteria) Advisory is in place.

NOTE: The Contaminated Water Advisory, issued June 8, 2016 for Hasse Lake, remains in place. That Advisory was issued due to elevated levels of fecal coliforms present in the water of Hasse Lake.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria),

please call Health Link at 811. Additional information is also available online, at www.alberta-healthservices.ca/bga.asp.

ELECTORAL REFORM -- YOU SHOULD DECIDE

Submitted by Jim Eglinski, MP – Yellowhead

I recently mailed out my householder regarding electoral reform and the need for a referendum. I have received several queries requesting clarification on what the Liberal Government's proposed changes are, and exactly how they intend to reform our electoral system.

However, this is exactly the

problem. The Liberal Government has stated they will change our electoral system, but they have failed to tell Canadians how they will change it. Instead, Prime Minister Justin Trudeau has appointed a group of 12 politicians who alone will get to decide how they, and all Members of Parliament, will be elected.

The Liberal Government has claimed their 2015 election victory gives them a mandate

to change the voting system in whatever way they want. Yet, they still haven't told Canadians what system they want to implement.

So what have they said? They have said that they do not think they need to give Canadians the final say through a national referendum. I believe Canadians should decide, not politicians. A national referendum should be held on the final proposal that

the government will make to change our voting system.

As your Member of Parliament, I want to know what you think. I encourage all constituents to fill out the survey in my householder and mail it, postage free, to my Ottawa office. Let me know if you think the Liberal Government should hold a referendum to get the approval of Canadians before changing how we elect our politicians.

EVANSBURG FARMERS' MARKET

Submitted by Shayna Powell, Museum and Farmers' Market Manager

The Evansburg Farmers' Market is held every Saturday from 10:00 a.m. until 2:00 p.m. at the Tipple Park Museum. We are an indoor/outdoor market that showcases our local farmers, ar-

tisans, cooks and crafters. We regularly have wooden crafts, hand sewn clothing and accessories, knitting, crocheting, Tupperware, stain glass work, soaps, jams and jellies, doll clothes, toys, smoked meat, herbs, plants, magnetic jewelry, perogies, leather work, fresh baking and seasonal vegetables. Come join

us for a quick lunch and browse our varied selection of wares. Direct your children to go behind the museum to take part in crafts and games, while you shop. Support your local farmers and artisans and eat better, look better and feel better for it! Call Shayna at 780-727-2240 for more information about our market.

GOLFER'S GUIDE

DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover

the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement

of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance coverage that will

pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

www.newscanada.com

ADJUSTING GOLF SWING GETS EASIER

Golfers rejoice! Those dreaded slices or hooks could become a thing of the distant past thanks to adjustable clubs and drivers. In addition to helping improve accuracy, adjustable clubs also lighten the load in your golf bag.

With a few twists of a wrench or

even turning the shaft of the driver itself, golfers can adjust the face angle, loft and lie angle of the driver to hit the ball farther and straighter. Golfers can make small adjustments to create the right loft and improve distance without having to purchase a new club

or visit a club fitter.

Many club manufacturers now offer adjustable drivers and other clubs. According to an informal poll on Golf.com, 34 percent of the 2,337 respondents owned an adjustable driver by the end of 2011. The ability to upgrade

shafts has also become popular as golfers respond to what the pros are doing.

GOLFER'S GUIDE

HOW TO MAKE THE MOST OF YOUR DAY ON THE COURSE

(NC) Most great golf games are filled with sun, competition and camaraderie, but you can enhance the experience with a few tips that have less to do with your swing, and a lot to do with your 18-hole enjoyment:

Dress for success: The right golf apparel can be as important as the clubs you carry. Check the weather in advance to make sure you'll be as comfortable as possible during play. Determine if you're dressing to impress or to elevate your game. Light, non-restrictive clothing will allow you to swing freely and keep you comfortable and cool in the heat, or warm if the temperature drops. If you're a guest, always check out the dress code at the club you'll be visiting to ensure you comply with the rules.

Choose your company carefully: Your playing partners can have a lot to do with how you play and how you so-

cialize on the golf course. If you're out with friends, you can relax and enjoy the day knowing what to expect. But if it's a game with your boss or clients, always make sure to test the waters. Will they play by the rules or is it just a relaxed day? Are your clients there to play golf or do business? Understanding the landscape on the first tee will alleviate any awkward moments later on.

Create friendly competition: Sure, there's already a scorecard, but you can add more competitive fun to your game by creating a little friendly rivalry. For example, try a little Bingo Bango - a points based game that awards a total score based on three kinds of achievement: Bingo - first person on the green gets a point; Bango - the player whose ball is closest to the pin when all balls are on the green gets a point, Bongo - the player who

is first to hole out gets a point. Add up the points and the person with the highest total for the round wins.

Walk it off: Make a small 'healthy' tweak to your game by walking vs. taking a cart. When you choose to walk rather than drive 18 holes, you'll cover approximately six kilometres and burn around 1,500 - 2,000 calories. Golfers that ride carts will burn only about 1,100 - 1,300 calories.

Say cheers and enjoy: The 19th hole remains one of the best holes on the course. Cap off a great day by enjoying a light meal or a light beer such as Molson Canadian 67, which is brewed to 67 calories per 341ml bottle and 3% ABV. This crisp, refreshing beer can be paired nicely with a protein boost of chicken or fish.

www.newscanada.com

Adjusting Golf Swing Gets Easier

Continued From Page 12

Adjustable golf clubs enable golfers to walk out onto the course with one driver and a few different shafts. With a couple of clicks from a wrench, a person can have an entirely new driver. That cuts down on the equipment that needs to be carried and can fine tune a golfer's accuracy. These high-tech clubs are corresponding to changes being made to golf balls. Engineers have reduced the spin on golf balls to help the balls travel farther. To do so, golf experts advise that the ball needs to be hit higher into the air. Adjustable drivers can give players the edge they need to produce the right height and trajectory.

According to data from golf club manufacturer TaylorMade, 70 percent of consumers who use the company's adjustable drivers adjust their club at least once to get the desired shot. Afterward, 10 to 15 percent of adjustable driver users report further adjustments as they become comfortable with the features.

Although golfers can now put adjustments into their own hands, it is

still advisable to get a professional fitting regardless of which clubs are chosen. A certified club fitter can help a person sort through the myriad options available and make recommendations based on various factors, including the golf ball used.

Those who are not fans of adjustable

drivers say that the adjustment mechanisms add weight to the drivers, which can compromise efficiency. However, that isn't stopping larger numbers of golf fans from taking adjustable drivers for a trial run in an effort to improve their game.

10TH ANNUAL FALLIS SHOW AND SHINE

Submitted by Laurence Waring, Show and Shine Coordinatore

On Saturday, September 10th the Fallis Community Association is looking forward to hosting its 10th Annual Show and Shine. This event is a major source of funding for the Community Association to maintain the Fallis Community Hall. Located at Range Road 52 and Hi-way 16, the Hall provides a

focus for the rural community through a number of events including dances, a family Christmas Concert, Mothers' Day Champagne Breakfast, Fathers' Day BBQ, Community Garage Sale, a Summer Family Picnic and Winterlude. The Hall is also used for rental to host weddings, showers, reunions, funerals, etc.

The Fallis Community Association looks forward to welcoming car enthusiasts and

those with a vintage, custom, street-rod or classic vehicle will come to display their "pride and joy". Each vehicle on display often requires many painstaking hours of restoration. It is a hobby that appears to have become quite popular with both young and old. Events like the Fallis Show and Shine provide an opportunity for car owners to share their passion with others and to socialize with other car buffs.

The Show and Shine vehicle

registration commences at 11:00 AM with gates opening for the public viewing at 12:00. The day's events are free of charge, however a donation box will be available for those who wish to support and contribute to the ongoing operation of the Fallis Community Hall. The Show and Shine will run from 12 noon to 5:00 PM. As in past years, there will be a number of prizes and draws for all entrants. Prize winners will be announced at 4:00 PM. This year we will have a Car Show King and Queen. Nominations can be made at the registration desk, the contest will begin at 1:45 with the winners crowned at 2:00.

In addition, to the Show and Shine there will be a number of other activities especially for kids running from 12:00 to 3:00 PM. As in past years, kids will have an opportunity to dig for silver at the Fallis Silver Mine and enjoy a free Sundae Bar (adults can also enjoy the Sundae Bar for a loonie). New this year will be an opportunity to customize a wooden model car and race it.

As with past years there will be a concession from 11:30 AM to 4:00 PM serving your BBQ favourites. At 2:00 there will be a cash bar inside the Hall. There will also be a 50/50 draw and a meat draw. Winners will be announced at 4:00.

Overnight camping (no hook-ups) is available on a first come basis.

Come on out for a great family event. Enjoy the cars, music, food and the activities for the children. Enter to win any of the great prizes.

Fallis is located on the north side of Wabamum Lake on Highway 16 and Range Road 52 approximately 80 km west of Edmonton between the Villages of Wabamum and Seba Beach.

There are no gravel roads en-route to Fallis for those bringing their classic vehicles. Contact Yvonne at 780-797-3088 or Laurence Waring at 780-797-3123 for more information.

ENSURE A MORE ENJOYABLE WINTER INDOORS WITH SIMPLE SOUNDPROOFING SOLUTIONS

(MS) - As the weather gets colder, Americans inevitably spend more time indoors. If you're sharing a space with an excitable toddler, an aspiring rock musician or a TV

enthusiast with a penchant for loud volumes, peace and quiet may seem increasingly elusive.

Try these simple soundproofing tips to restore or create a more tran-

quil atmosphere in your home:

1. Hush noisy appliances. Make sure your appliances are working smoothly. Unusual rattles, clanks or vibrations may mean it's time for a repair. When a replacement is needed, seek out a quieter machine. New technologies have allowed manufacturers to lower the sound output of many models.

2. Seal sound leaks. Holes and cracks around windows and doors let outside noise into the home. Weather-stripping and/or caulking can help to eliminate the intrusion of exterior noise. Adhesive soundproofing tape can also help seal any problem areas.

3. Anticipate centers of noise when renovating. When designing a new room or renovating an existing one, consider its intended use and potential for generating noise.

Playrooms, music studios or home theaters, for example, can be quieted with insulation. Look for a product such as Roxul Safe'n'Sound that is specifically designed to provide superior sound absorption and can be applied to the interior walls of a noisy room to effectively reduce disruptive sounds.

4. Use sound-absorbent materials. Carpets and window drapes prevent sound from echoing around a room. If your home has hardwood, laminate flooring or tile, consider investing in a throw rug to reduce ambient noise and add some character to your space.

Taking simple steps to create a more peaceful space will maximize the enjoyment of your home. It can also have the added benefit of helping to keep the peace among spouses, parents and siblings alike.

4 SIMPLE WAYS TO WINTERIZE YOUR HOME

Trimming hanging branches and removing debris from their yards is one simple way homeowners can prepare their properties for winter.

As winter approaches, homeowners know they must do certain things to ready their homes for the coming months. Wrapping up the grill and closing the pool are no-brainers, but homeowners also must prioritize winterizing their homes to ensure homes withstand the winter.

Winterizing tasks range from small to big, but each can protect a home and its inhabitants and some can even save homeowners a substantial amount of money. The following are four simple ways to winterize your home.

1. Plug leaks

Leaky windows and doorways can cost homeowners money year-round, allowing cold air

to escape on hot summer afternoons and letting cold air in on brisk winter nights. When such leaks aren't fixed, homeowners are more liable to turn up their air conditioners or heaters, unnecessarily padding their energy bills along the way. Before winter arrives, check areas around windows and door frames for leaks, as well as any additional openings, such as chimneys, that may allow cold air in. Use caulk or weather strips to plug these leaks, and enjoy your warmer home and lower energy bills as winter weather gets colder and colder.

2. Inspect your chimney

If your home has a chimney, chances are you have not used it since last winter. During that time, the chimney has likely accumulated some dirt and grime, and may even have served as

home to some uninvited critters. As the season for fireside chats approaches, have your chimney serviced by a professional so it's ready for use and you are not greeted by some unwanted guests upon lighting your first fire.

3. Clear the yard

Autumn days, particularly late autumn days, can be gusty, and strong winds can cause branches to fall off trees. Branches big and small can cause damage to cars, siding and roofs, and smaller branches can get clogged in gutters, potentially causing gutters to back up and leading to leaky roofs that damage a home's interior. Take a walk around your property at least once per week during the fall, clearing any fallen limbs and trimming branches that appear one strong gust away from falling off of trees. Remove any branches that are hanging

over your home and driveway so they don't pose a threat to your house or vehicles.

4. Turn off outdoor water supplies

When temperatures get especially low, pipes with water still in them can freeze and burst, potentially leading to significant water damage. When you no longer need to water the lawn and when temperatures get too cold to wash your car in the driveway, be sure to shut off the water supply to outdoor spigots and sprinkler systems. Once you do that, drain them so no water is sitting in the pipes when temperatures dip.

There are many ways to winterize a home, and homeowners should take every precaution necessary to ensure their homes are safe and warm as the cold weather season approaches.

GUIDE TO REPLACING HOME SIDING

Few home improvements can transform a home more than the installation of new siding. Replacing siding can be a costly venture, but the right siding will maintain its appeal for years to come.

Updated siding can improve home's energy value by enabling owners to save on heating and cooling costs. A new design and color also can improve a home's property value and set it apart from neighboring properties. According to the Professional Builder's Home Exterior Survey, exterior design and materials used are a top priority for new home buyers.

Project costs depend on the size of the home as well as which siding material homeowners choose. Considering new siding is a major renovation, it pays to get the job done right.

Choose a qualified contractor

It is important for consumers to do their research when it comes to siding materials and contractors. A contractor who takes shortcuts or improperly installs the siding may void a manufacturer's warranty. Always ask family members and friends for recommendations before choosing a contractor, and check out each prospective contractor's work for yourself. Interview more than one contractor and compare both their costs and what they offer. Ask plenty of questions of the contractors, and avoid those who try hard-sell methods. Questionable contractors may try strategies like a promise of a considerable discount if you "act now" or scare tactics that your home is unsafe in its present condition.

Be sure the contractor carries general liability insurance as well

as workers' compensation insurance for their subcontractors. Ask for a license number as well and verify its accuracy.

Select a durable material

Siding comes in all types of materials - from wood to plastic to fiber cement - but vinyl is among the most popular due to cost and availability. Research how well particular brands of siding stand up to conditions and which are the least likely to crack, warp or discolor. Find this information from online reviews or through consumer advocacy groups. Also remember, vinyl and other synthetic materials have improved and can now mimic the look of many other materials for a fraction of the cost.

Calculate how much you need

Before you price out siding with contractors, estimate how much you will need for your house.

Consumer Reports suggests multiplying the height times the width of each rectangular section of your house in feet, going by what you can measure from the ground, to determine their areas. Multiply the approximate height and width of gables and other triangular surfaces and divide each total by two. Then add all the totals. To allow for waste, don't subtract for doors, windows or other areas that won't be covered. Finally, divide the total square footage by 100 to estimate how many squares of siding you will need. A square represents 100 square feet. Knowing how much you need can save you money.

Vinyl siding can completely transform the look of a home and make it more energy efficient. Consumers who do their homework will get the best value for their investments.

EXTERIOR PAINTING POINTERS

A fresh coat of paint on a home's exterior can give a property a vibrant new look. Whether you decide to go with a bold new color or repaint a house in an existing color, new paint can add some life to the exterior of your home.

Summer has long been considered the ideal season to paint home exteriors, but advancements in technology have made it easier to paint home exteriors later in the year. According to paint manufacturer Sherwin-Williams, traditional latex-based paints need temperatures above 60 F to cure properly. Sherwin-Williams also notes that one of the more common mistakes homeowners make when painting their homes' exteriors is to paint during times of the year when temperatures fluctuate greatly between the days and nights. When night-

time temperatures dip considerably lower than they were in the afternoon, dew will form and the paint can stop coalescing. When that happens, moisture gets into the uncured paint and surface staining and adhesion problems may result. So even if the temperature is a comfortable 60 F during the day, homeowners should avoid painting if the nighttime temperatures figure to drop considerably.

In addition to choosing the right time of year to paint, consider the following painting pointers to ensure your home's exterior gets the fresh look you are aiming for.

- Monitor weather reports. It's not just the temperature at night after you paint that should be monitored. Sherwin-Williams advises that the temperature should be in the suggested range and above the dew point for at

least 48 hours after application so the paint film can form properly. So applying a fresh coat of paint on a beautiful autumn Saturday is not ideal if Sunday figures to bring the first hints of winter.

- Don't skimp on quality. Some paints are cost more than others, and homeowners working on a budget may be tempted to choose the least expensive option available. While price and quality are two different things, it's important that homeowners avoid choosing a paint solely because it is the least expensive option. Research paints before buying a particular one, emphasizing quality over cost. Today's paints last longer than the paints of yesteryear, so you likely won't need to paint your home's exterior again for a long time. A budget-friendly yet low-quality paint will not only make your home less ap-

pealing, but you will likely need to paint again sooner than you will if you go with a higher quality paint.

- Don't paint to cover up a problem. Rotting wood or siding is unsightly, and some homeowners think paint can cover up such a problem. But paint will not stick to rotten wood and siding, and the problem will still be noticeable after you paint. A fresh coat of paint is not the solution to rotten wood or siding. Consult a professional contractor if your home is experiencing such a problem.

A fresh coat of paint on your home's exterior can be a great way to improve your home's curb appeal. But it's important homeowners follow some of the same rules the pros adhere to when painting the exteriors of their homes.

DARWELL PUBLIC LIBRARY NEWS

Submitted by Sandra Stepaniuk, Library Manager, Darwell Public Library

It has been a very busy summer with the Summer Reading Club, Westjet Fundraiser at the Barnburner and Ag Drag, Silent Auction, Used Book Sales and the Discovery Toys Fundraiser. A HUGE thank you goes out to all of our volunteers for their tireless efforts and commitment to the Library, and thanks to everyone who has come out to support us; we couldn't do it without you. The Summer Reading Program for

children 6 – 13 was a success again this year. We had a total attendance of 41 with 294 books read. We wrapped up the program with McKenzie from Edmonton Reptile Parties bringing a selection of her favorite reptiles to share with everyone. We saw lizards, a tarantula, and a couple of scorpions, an African bullfrog and a variety of snakes. McKenzie took time to talk about each reptile and answer any question, and then brought them around for everyone to have a closer look and to touch if appropriate. A few brave children even had their pictures

taken with Edgar the 5 foot Boa Constrictor. We are looking forward to next year's program, the planning will begin in the new year.

We are currently accepting proposals from those interested in presenting our Preschool Story Time program. The program will run once weekly throughout October and November 2016. Please include in your proposal, rate per hour, preparation hours per session, session outline and a current criminal records and vulnerable sectors check. To submit your proposal or to acquire further information you

can contact Library Manager, Sandra Stepaniuk during regular library hours. Please submit your proposal no later than September 15, 2016.

Drop by and visit us at the Darwell Centennial Hall during the Community Information Night on Tuesday, September 6, 2016 between 6:30 and 9 pm. We will be providing guests with information on library services and programs and have membership forms available for those who would like to become new members. Hope to see you there!

As the weather holds through September the used book shed (green shed behind the library) will be open on the following dates: Wednesday, September 7 from 5 – 8 pm, Monday, September 12 between 1 and 4 pm, Wednesday, September 21 from 5-8 and Monday September 26 between 1 and 4pm. We encourage you to drop by and peruse the titles, take what you want and leave a donation of your choosing. All money received will go directly towards the completion of the library expansion.

The Book Club will be meeting on Monday, September 12, 2016 at 7:00p.m. to review "My Secret Sister" by Helen Edwards and Jenny Lee Smith. Do you love to read? Do you like to discuss what you have read with others? We have a few open spots and are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and make arrangements for loan of the current title by calling the library @ 780-892-3746.

Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, September 23, 2016. We will be showing the pre-release "G" rated title "Finding Dory". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission is \$ 2.00 and a concession will be available. See you there! All of our programs are sponsored by The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The Darwell Public Library Society will be holding their next regular meeting on Monday, September 26, 2016 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

EXPERIENCE
what it's like to
be **flawless.**

Instantly Ageless™

Instantly Ageless™ is a powerful anti-wrinkle microcream that works quickly and effectively to diminish the visible signs of aging. Instantly Ageless™ revives the skin and minimizes the appearance of fine lines and pores for a flawless finish.

A perfect day starts with perfect skin.

Meticulously developed, our formula is lightweight and contains a skin-conditioning complex of minerals that evens skin tone. Instantly Ageless™ immediately dissolves into the skin, reducing the appearance of wrinkles. It's specifically designed to target areas which have lost elasticity—revealing visibly toned, lifted skin. Users have seen dramatic results in seconds.

BEFORE

AFTER

A compact, yet powerful alternative to fortify skin affected by free radicals and environmental damage, Instantly Ageless™ is at the forefront of anti-aging technology.

BENEFITS

- VISIBLY DIMINISHES THE APPEARANCE OF FINE LINES AND WRINKLES
- ERASES THE APPEARANCE OF DARK CIRCLES AND PUFFINESS UNDER THE EYES
- MINIMIZES THE APPEARANCE OF PORES
- HELPS TO EVEN SKIN TEXTURE
- MATTES SKIN FOR A FLAWLESS FINISH
- RESTORES SKIN TO OPTIMUM APPEARANCE

SUDOKU OF THE WEEK

3				9			7	2
	7	4		6	2		3	
1		6						
5	6			7				4
		1	4				9	
4				5		3	2	
2	1	5	9	8	7			
7	4		6				5	
		3				7		9

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

3	5	8	1	9	4	6	7	2
9	7	4	5	6	2	8	3	1
1	2	6	7	3	8	9	4	5
5	6	2	3	7	9	1	8	4
8	3	1	4	2	6	5	9	7
4	9	7	8	5	1	3	2	6
2	1	5	9	8	7	4	6	3
7	4	9	6	1	3	2	5	8
6	8	3	2	4	5	7	1	9
