You do not have to reveal your identity to Crime Stoppers, and if you provide information to Crime Stoppers that leads to an arrest(s), the recovery of stolen property, and/or a seizure of illicit drugs, you may be eligible for a cash reward.

## GRANT AVAILABLE TO AGRICULTURAL SOCIETIES TO PROMOTE FARM SAFETY EDUCATION

**Submitted by Shaye Anderson, MLA, Leduc-Beaumont**

Agricultural roots run deep in Alberta. While history reminds us of settlement in the west from the fur trade and the oil industry, it is agriculture that brought settlement to Alberta in the first place. It is rare to find a second or third generation Albertan without farming roots in their background somewhere. The communities in the constituency of Leduc-Beaumont, just like so many others in the province grew up around farms and the people who built them.

Over 285 Agricultural Societies in

Alberta have played a critical role in the development of rural Alberta, promoting rural life and sharing agricultural innovation and best practices among farmers and communities. They do everything from hosting local farm fair days to supporting local swimming pools and playgrounds to running camps so that city kids can experience farm life.

In the constituency of Leduc-Beaumont, the Beaumont & District Agricultural Society (BADAS) and New Sarepta Agricultural Society are active throughout the county. Recently, BADAS held a rural roots fair in on August 7 & 8 and the New Sarepta Demolition Derby

is coming up September 11. I know there are many other Ag societies throughout the region that work hard to inform, educate and connect communities as well.

Ag Societies in Alberta also promote and educate about agriculture and about farm safety. I'm very happy to help spread the word that the Alberta Association of Agricultural Societies (AAAS) has announced a new grant program for Ag Societies. This new grant program is specifically designed to fund programs about farm safety – to raise awareness, to educate and to support programming.

# TRAVELLING OUTSIDE CANADA?

Submitted by Jim Eglinski, MP – Yellowhead

For those planning a vacation abroad, I highly recommend that you take a moment and go to [www.travel.gc.ca](http://www.travel.gc.ca). This Government of Canada website provides you with all the

information you need to make your vacation worry-free. This is a free service that keeps you connected to Canada in case of an emergency abroad, such as an earthquake or civil unrest, or an emergency at home.

I also encourage travellers to sign up by completing the on-line registration

form at: [www.travel.gc.ca/travelling/registration](http://www.travel.gc.ca/travelling/registration). The information you provide to the 'Registration of Canadians Abroad' may be used, when necessary, to contact, protect and assist you and your co-travellers in case of an emergency.

Happy travels!

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# RCMP INVESTIGATE SEXUAL ASSAULT NEAR OMNIPLEX

Submitted by Drayton Valley RCMP

Members of the Drayton Valley RCMP Detachment responded to a report of a woman having been attacked and sexually assaulted on the trail system near the Omniplex in Drayton Valley at approximately 10:30 P.M. on the evening of Wednesday, August 10, 2016.

The 18-year-old woman was walking along the trail when she was grabbed by a lone male and dragged into nearby bushes where she was sexually assaulted by him. After the assault the suspect fled the scene and the woman was able to call police. She was taken to the hospital where she received treatment and released.

The male is described as fol-

lows:

- Larger physical build;
- Dressed in black clothes;
- Wore a black mask and gloves.

The investigation by the Drayton Valley RCMP Detachment is ongoing and police are looking for the public's assistance in solving this crime. If you have any information about this crime, call the Drayton Valley RCMP Detachment at 780-542-4456, or if you wish to remain anonymous, call Crime Stoppers. At Crime Stoppers, you do not need to reveal your identity. Crime Stoppers does not subscribe to Call Display, Call Trace or tape any phone calls. If your information leads to an arrest, you may qualify for a cash award up to \$2,000.00. We want your tip, not your name. Call Crime Stoppers at 1-800-222-8477 (TIPS).

# SAFETY ISSUES DRIVE POTENTIAL PILOT PROJECT ON HWY 2 IN LEDUC

Submitted by Mariann McLaughlin

Four deaths in three years and 218 incidents on a 6 km stretch of highway running through Leduc has raised significant safety concerns at the City of Leduc for its emergency first responders, as well as travellers along Highway 2.

The city has proposed a two-year pilot project for automated traffic enforcement (photo radar) on Highway 2 through Leduc from Airport Road to the weigh scales. The request was submitted to the

Solicitor General's Office and the city is currently awaiting a decision.

"This is a controversial issue – we recognize that. However, the safety of others will always supersede any ideas the public has of us padding our bottom line," says Leduc Mayor Greg Krischke. "The piece of Highway 2 we're focusing on is arguably one of the most dangerous portions of Highway 2 between Edmonton and Calgary, and the statistics support that."

### STATISTICS

- 4 deaths in 3 years

- 218 incidents (2010 – 2015)
- 171 were motor vehicle collisions (MVCs)
- Over 102,000 motorists (annually) travel at excessive speeds – 30 km/h over posted speed limit
- Average of 280 motorists per day travel more than 140 km/h through Leduc on Highway 2
- Leduc Community Peace Officer was struck in 2015; sideswiped by a semi/trailer when attending to help secure the scene of an MVC

If the city receives approval, the pilot project would focus on two components – excessive speeding

and speeding past emergency vehicles. It would include a three-month public awareness campaign that includes a four-week issuance of warnings in the place of tickets. The campaign would be October to December with full implementation starting in the New Year when fines would be issued. As it's something new to photo enforcement, the goal is to reduce the number of motor vehicle collisions causing injury by 25 per cent.

"Safety of our emergency service personnel and the travelling public is paramount," says Krischke.

## LEDUC RCMP INVESTIGATE ARSON

Submitted by Leduc RCMP

On Aug. 22, 2016 at approximately 2:00 a.m., Leduc RCMP along with fire and emergency services responded to the corner of 50th street and 50th avenue. A male suspect broke the front window of a business and threw what is believed to be an incendiary device inside starting a fire. The business quickly became fully engulfed and two adjacent businesses were also heavily damaged. All were unoccupied and nobody was injured. The suspect then fled the scene on foot.

Leduc RCMP and fire investigators continue to investigate the arson and are seeking the public's assistance to identify the male suspect.

The male suspect is describe as:

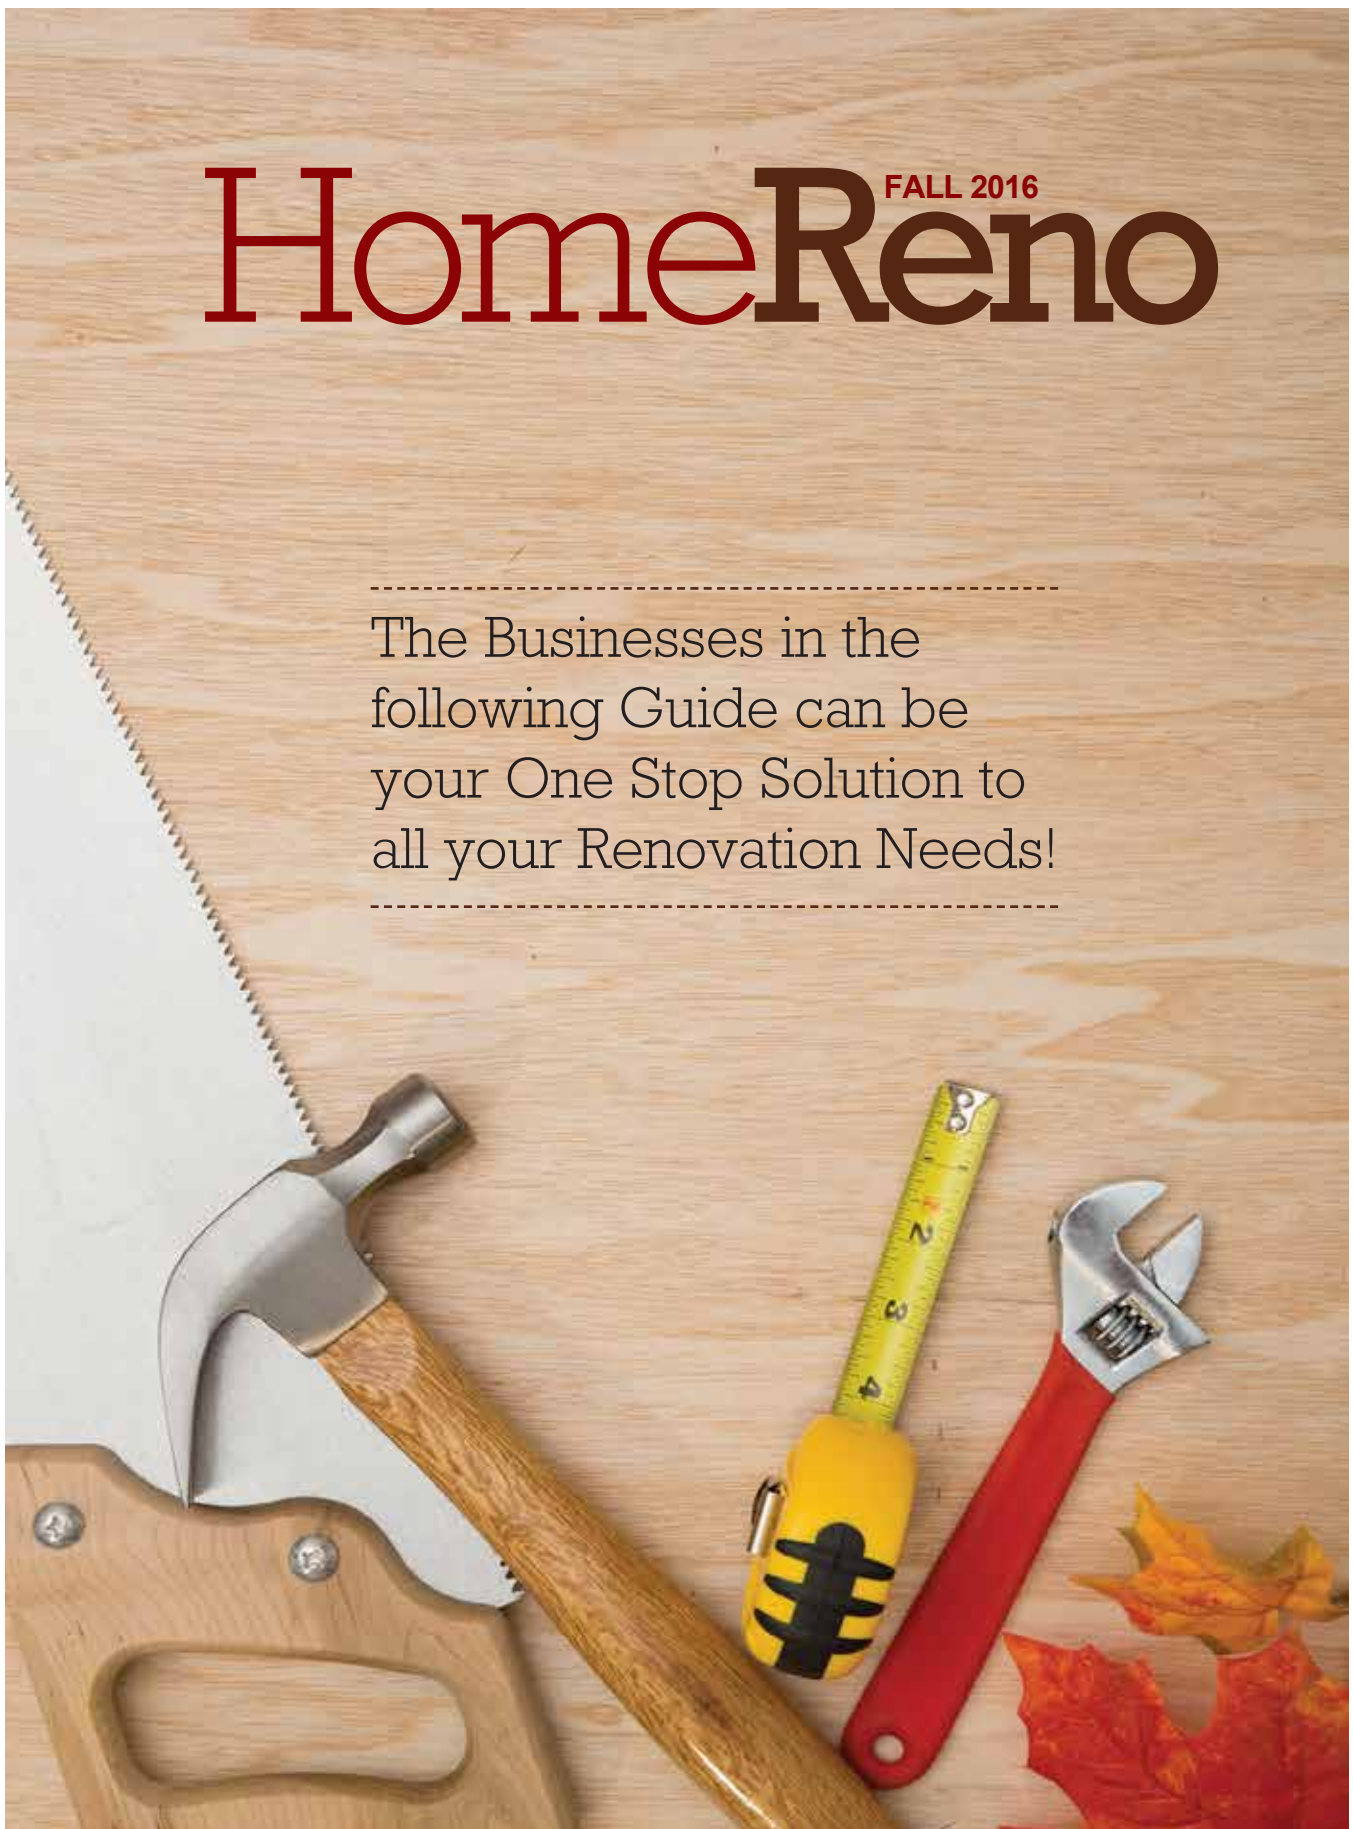

- 5'8"
- Blue jeans
- Black overcoat
- Light grey hoodie

Further information will be provided if available.

If you have information about this incident, please call the Leduc RCMP at 780-980-7267 or call your local police. ## FINISHED BASEMENTS SAVE ENERGY AND DELIVER MORE LIVING SPACE

By finishing your basement, you can gain more living space while reducing the amount of energy loss from downstairs. Basements

that are not fully finished typically do not have insulated walls or covered flooring. This can result in heat loss and cause your fur-

nace to work overtime.

A remodeled basement offers more than additional storage space. It can provide a lot of extra room for a growing family, such as space for a gym, home theatre, office, guest suite, or a playroom for the kids.

To ensure a comfortable and inviting basement, there are a few project components to consider:

- Insulation will make sure your space warm and comfortable. For the best results, install a stone wool insulation product, a measure that can be done easily with the ROXUL Comfort-Board IS. This product is mechanically fastened or adhered to the concrete foundation wall, offering

you a higher R-value and better acoustics.

- Drywall will help define the space and make it feel like a part of your home. If you haven't tackled drywall before, consider hiring a pro to ensure your walls are seamless.

- Flooring should be water sealed and covered with an insulated material. There are many products on the market, but consider laying padding before carpet or in-floor heating before tiles.

- Personalize it with finishing touches. Select furniture that can fit down a typically steep staircase and choose items that complement the rest of your home's décor.

Family run, local business, we care!

## ENSURE A MORE ENJOYABLE WINTER INDOORS WITH SIMPLE SOUNDPROOFING SOLUTIONS

(MS) - As the weather gets colder, Americans inevitably spend more time indoors. If you're sharing a space with an excitable toddler, an aspiring rock musician or a TV enthusiast with a penchant for loud volumes, peace and quiet may seem increasingly elusive.

Try these simple soundproofing tips to restore or create a more tranquil atmosphere in your home:

1. Hush noisy appliances. Make sure your appliances are working smoothly. Unusual rattles, clanks or vibrations may mean it's time for a repair. When a replacement is needed, seek out a quieter machine. New technologies have allowed manufacturers to lower the sound output of many models.

2. Seal sound leaks. Holes and cracks around windows and doors let outside noise into the home.

Weather-stripping and/or caulking can help to eliminate the intrusion of exterior noise. Adhesive soundproofing tape can also help seal any problem areas.

3. Anticipate centers of noise when renovating. When designing a new room or renovating an existing one, consider its intended use and potential for generating noise. Playrooms, music studios or home theaters, for example, can be quieted with insulation. Look for a product such as Roxul Safe'n'Sound that is specifically designed to provide superior sound absorption and can be applied to the interior walls of a noisy room to effectively reduce disruptive sounds.

4. Use sound-absorbent materials. Carpets and window drapes prevent sound from echoing around a room. If your home has hardwood, lami-

nate flooring or tile, consider investing in a throw rug to reduce ambient noise and add some character to your space.

Taking simple steps to create a

more peaceful space will maximize the enjoyment of your home. It can also have the added benefit of helping to keep the peace among spouses, parents and siblings alike.

# DROWNING UPDATE

Submitted by Leduc RCMP

Update #1: On August 9, 2016 the 24-year-old male involved in a near drowning on August 5 at the Leduc Recreation Centre succumbed to his injuries in the hospital.

The Leduc RCMP in collaboration with the Edmonton Office of the Medical Examiner continue to investigate this incident. An autopsy was held on August 10th, in order to determine the cause of death.

In accordance with the Government of Canada Privacy Act, the name of the deceased male will not be released.

This incident does not appear to be suspicious, but the cause of death remains under investigation and further details are not available at this time.

Background: Leduc RCMP investigate near drowning

Today at 11:30 a.m., RCMP attended the Leduc Recreation Centre in response to a near drowning incident. Leduc Emergency Medical Services were on scene and providing medical assistance to a 24-year-old male who was unconscious and not breathing.

Thanks to the response of bystanders, the aquatics staff and Leduc EMS the male has been transported to an Edmonton hospital where he remains in critical but stable condition.

While the Leduc RCMP are actively investigating this incident it does not appear that this was a suspicious occurrence.

# RCMP CHARGE MAN IN KIDNAPPING AND THEFT OF VEHICLE INVESTIGATION

Submitted by Leduc RCMP

On the evening of Monday, August 1, 2016, at approximately 8:38 P.M., members of the Leduc RCMP Detachment were dispatched to a report of a stolen vehicle and a possible case of unlawful confinement.

A 24-year-old Edmonton woman was lured to a residence located in a south side neighbourhood in Edmonton where her ex-boyfriend, another man and a woman pushed the victim into the back of her own vehicle and drove away. The victim was driven to an isolated location in south Edmonton where she was threatened with physical harm if she did not repay an amount of money which she owed allegedly to one of her abductors.

The group then drove the victim to another location south of Edmonton before finally stopping in the parking lot of a restaurant in Leduc where the victim was able to escape from the vehicle and call police.

Upon arriving at the restaurant, members of the Leduc RCMP Detachment were able to remove the victim to safety and secure the victim's vehicle. One of the suspects was apprehended while the two other suspects fled the scene prior to the arrival of the police.

Charged with several offences relating to this incident is 30-year-old, Gregory Zinck of Edmonton. He is to appear in Provincial Court in Edmonton on Thursday, August 11 on the following charges:

- Kidnaping
- Unlawful Confinement
- Theft of Motor Vehicle
- Fail to Comply with Probation (x2)

The RCMP is continuing its investigation into this incident and is looking for your help. If you have any information about this inci-

dent, please call the Leduc RCMP Detachment at 780-980-7267, or if you wish to remain anonymous, call Crime Stoppers. At Crime Stoppers, you do not need to reveal your identity. Crime Stoppers does not subscribe to Call Display, Call Trace or tape any phone calls. If your information leads to an arrest, you may qualify for a cash award up to \$2,000.00. We want your tip, not your name. Call Crime Stoppers at 1-800-222-8477 (TIPS).

## Leduc RCMP Identify Male Struck By Train

Continued From Page 10

A 17-year-old youth from Leduc has been identified. As a matter of privacy, the RCMP will not be naming him.

Investigation into this fatality continues by the Leduc RCMP in collaboration with CP Police. Foul play does not appear to be a factor in this occurrence and consequently there will be no further updates by the RCMP.

BACKGROUND:

On the morning of August 1, 2016, Leduc RCMP responded to a report of human remains found by a passerby on the railroad tracks near Highway 2A and 50 Street in Leduc, Alberta. Officers arrived on scene to find a deceased adult male with injuries consistent with a train versus pedestrian collision. The Leduc RCMP were assisted in their investigation by Leduc Fire Services and CP Police Service.

Leduc RCMP believe that the collision occurred sometime after 10:00 pm Sunday evening. The identity of the deceased male is not known at the time of this release. The investigation remains ongoing.

# TRAFFIC SAFETY INITIATIVE

Submitted by Leduc RCMP

On August 10 thru 13, 2016, the Leduc Municipal Integrated Traffic Unit joined forces with the Town of Beaumont Municipal Enforcement and the Sheriff Integrated Traffic Unit, conducting compliance checks on commercial and passenger vehicles in both the City of Leduc and Town of Beaumont. Agencies spent two days in each community ensuring vehicles were operating safely and within the

regulations. Full NASI CVSA Level 1 inspections were conducted on commercial vehicles while regular compliance checks were conducted on passenger vehicles. The following statistics were obtained over the 4 day operation;

- # of vehicle checked = 42
- # level 1 inspections completed = 31
- # of defects recorded = 402
- # violation tickets issued = 47
- # mandatory Court appearances issued = 1
- # warnings issued = 355
- # dangerous goods violations = 6
- # vehicles towed = 4
- # of vehicles placed out-of-service = 24
- # of vehicles required attention = 5
- # of vehicles passed = 3
- Other:
  - 1 recovered stolen vehicle
  - a small amount of marijuana paraphernalia seized

The Leduc Municipal Integrated Traffic Unit, along with their partner agencies, have observed an increasing number of unsafe vehicles being operated on our roadways. The majority of violations prove to be defective braking systems including inoperable brakes, insecure cargo, dangerous goods violations, cracked frames, and drivers failing to adhere to the rules and regulations. The LMITU have dedicated their resources to continue on identifying public safety issues and improving traffic within the community.
