ONOWAY THRESHING BEE A SUCCESS

Submitted by the Onoway & District Historical Guild.

Despite having to move the 10th annual Onoway & District Historical Guild's threshing bee to a new location, everything went off very well. While other events in the area kept some people away, the crowds that did attend enjoyed themselves.

Because of development at the Turnbull farm (where the event had been held for the past 6 years), a new location had to be found. Gordon Adam kindly pitched in and offered a parcel of land near the junction of Hwys 43 and 633. The planted crop was oats and was ready to cut and stook several days before the event on Sept. 24.

Unfortunately, the wind did not cooperate on Saturday and created some cool conditions. Some of the events were affected by the wind and a large tent had to be taken down before it suffered damage.

MOTOR VEHICLE COLLISION INVOLVING PEDESTRIAN

Submitted by St. Albert RCMP

File: 2016-1224713
St. Albert, AB - On Wednesday, September 14, 2016 at approximately 7:15 P.M. St. Albert RCMP received a report of a motor vehicle collision involving a pedestrian. Immediate attendance by the St. Albert RCMP Traffic Unit found that

a 63 year old male walking his dog had been struck while attempting to cross Eldorado Drive, just past English Way. The pedestrian was not at the crosswalk. The 59 year old male driver of a black BMW vehicle was traveling westbound on Eldorado Drive when he struck the pedestrian. Road and weather conditions were favorable however the angle of the setting sun

may have been a contributing factor in the collision. It is unknown if the dog was hit, however it ran away when the collision occurred. The pedestrian was taken via ambulance to the Royal Alexander Hospital with non life threatening injuries.

The driver of the BMW received a ticket under the Traffic Safety Act for Careless Driving which carries a fine of \$543.00 and for Operating a Motor Vehicle without a Valid Drivers Licence, which carries a fine of \$310.00. The pedestrian received a ticket under the Use of the Highway and Rules of the Road Regulation for Crossing the Roadway at Point Other than Crosswalk/Fail to Yield to Motor Vehicle, which carries a fine of \$78.00.

Cst. Beth McIntosh advises pedestrians and drivers alike should be aware of their surroundings at all times, stay alert and stay safe.

JOKE OF THE WEEK

A young boy enters a barber shop and the barber whispers to his customer, "This is the dumbest kid in the world. Watch while I prove it to you." The barber puts a dollar bill in one hand and two quarters in the other, then calls the boy over and asks, "Which do you want, son?" The boy takes the quarters and leaves. "What did I tell you?" said the barber. "That kid never learns!" Later, when the customer leaves, he sees the same young boy coming out of the ice cream store. "Hey, son! May I ask you a question? Why did you take the quarters instead of the dollar bill?" The boy licked his cone and replied, "Because the day I take the dollar, the game is over!"

GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool

The September 23 Friday Night Steak supper sponsored by Norm Blakeman's Drilling Ltd., WJB Consulting and Wildwillow Enterprises Ltd. was a complete sellout with reservations for over one hundred customers and extra names registered on the waiting list in the event of cancellations. We hate to turn any diners away but our capacity dictates the number of people we can successfully cater to in a reasonable amount of time. Please phone early to reserve your plates, especially for a corporate sponsored meal, as the Friday Night suppers are becoming increasingly popular and without a reservation your plate cannot be guaranteed. The incredible kitchen staff consisted of our chief BBQ master Lorne O., kitchen manager Bob C., Jay K., Marcelle J., Wayne H., Dee H., Lynn R. and Venessa C. They put in many hours to provide the hungry customers with a great meal and were helped by Girl Guide Leaders Angela van L., Sarah M. and Chantal D. accompanied by their daughters Aaliyah van L., Ava Oliver M., and Layla and Brooke D. Super Scouts Harvey, Sam and Zack did a terrific job of clearing the dishes and cleaning tables. Thank you to our sponsors and everyone else who contributed to a very successful evening. Lucky lady Pauline Gibbs won the free meal voucher, Kathy Hipfner took home the meat draw and Lou Houden was the lucky winner of the 50/50 pot.

October is going to be a very busy month with some great meals planned. On October 7 Sherry Brown will be preparing and serving her famous lasagna, complete with garlic bread baked in her own new bakery "Bread Crumbs" which is located a little southeast of Onoway. Heike Post will be in charge of Oktoberfest on October 14 and her meal will feature hand-made Beef Rouladen while musicians Helmuth Hansen, Ellen Carlson and Bill Heide will be providing the "oom-pah-pah" entertainment. Finally, On October 28 we will be hosting Christmas in October which is a huge fundraiser with all proceeds going to the local food bank. The Le-

gion District Rally at Stony Plain on October 15 plus various Legion tournaments will complete a very full schedule! Reserve early!

Onoway hosted the Area "A" Mixed Darts on September 24 and is proud to announce the winners of the tournament were Onoway Legion members Rick Potter, Matt Hoefels, Zoey Potter and Mar-laine Janke. We had two teams competing in the tournament and as Scott's team placed a very respectable fifth, both teams went forward to the district playoffs in Calmar on October 1. Congratulations and good luck to all.

UPCOMING EVENTS:

October 4 - Tuesday Night Darts
- Play downs for Area "A" Legion Darts

October 5 - Wednesday Night Pool

October 7 - Friday Night Supper

Items that should NEVER be put down the Drain

We rarely think twice about some of the items we put down the drain, we may not realize the gamble we take every time we deposit certain items down the drain. Gamble you ask? Yes the gamble. When we deposit such things as oils, fats & greases, baby wipes/personal wipes and feminine hygiene products just to mention a few. We run the risk of causing possible expensive sewer backups either in our own homes or on the municipal side, in either case these could be prevented by simply not putting them down the drain. In addition to sewer backups there are other troubles that can come of improper disposal of items down the drain, such as excessive wear on pumps, additional costs in cleaning of reservoirs and lagoons and additional man power to deal with backups/ pump failures. Then there are the environmental effects, because everything we put down our drains here in the Tri Village service area ends up at our lagoon which ends up being discharged on an annual basis in accordance with Alberta Environment guidelines. So all the chemicals, detergents, medications, paints and cleaning products that get put down the drain end up back in the environment.

Please help us protect and preserve the environment and our sewer system by not flushing such items as:

-Coffee grounds- these settle out and create a place for other items to catch on and stick to

-Eggshells- again create places for other waste to get hung up on

-Grease, fats & oils (from cooking, uncooked poultry fats, gravies, cheese, shortenings, lard, butter, salad dressings and condiments) - can create "fatbergs" build ups of grease that harden like rocks which reduce flow and cause backups. It is said to account for about 45% of sewer backups.

-Flushable cat litter- clogs drains and is harmful to marine species because the parasites in the feces are not destroyed in the treatment process

-Paper towels, baby wipes, personal wipes, cotton balls and feminine hygiene products- are all made to be absorbent and strong thus reducing the breakdown of them which can cause costly backups

-Condoms- they are not biodegradable and can clog pipes and pumps, fill lagoon cells and have an adverse effect on the environment if ingested by marine life and birds

-Paint, cleaning products, chemicals, detergents and medications- are all disruptive to ecosystems and can create chemical reactions with piping/pumping equipment causing unnecessary wear and tear that usually ends up being costly.

Please dispose of these and similar items responsibly to help us maintain an effective sewer system.

Onoway Threshing Bee A Success

Continued From Page 1

The children's activities, coordinated by Michelle Bourke, proved to be very popular. The blacksmith demonstration once again went over very well as young and old alike were amazed at what Scott and Steve could shape out of small pieces of metal. Jim Fegyverneki, looking after the rope-making station, kept many youngsters busy trying to make a perfect rope.

The purpose of the day was to showcase old time threshing activities and fieldwork. The McCormick-Deering threshing machine, owned by Ken Bowman, performed well and easily handled the four loads of bundles fed to it. Alberta's agriculture minister, Oneil Carlier, showed his skills by not only unloading a wagon, but also helped to load two others.

A horse-drawn mower cut hay, other horses pulled a grain wagon and gave rides to young and old, a part of the field was plowed with a

John Deere tractor and plow, uncut oats were cut by a John Deere tractor and binder, and an old fanning mill kept a number of boys cleaning the threshed grain.

There was a small display of tractors and equipment and a quite a large display of antique and classic cars and trucks. Many of the antique tractors were put to use in running some of the antique equipment.

Connie and Norm Lefebvre kept the crowd entertained with their singing and playing.

Once again, many people came for

the hamburgers, hotdogs and home-made pies. Thank you to Brian Benning and Interstate Batteries for the use of their barbeque.

Also thanks to Chico's and Wayne Bourke for the use of the porta-potties.

Thank you to Gordon Adam for the use of his land and the crop of oats. A special thanks to the Army Cadets for traffic control. A big thank you to all the volunteers who worked hard to provide the attendees with a great day.

DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources and in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.

These businesses proudly support the Sangudo Fire Department, and thank our Firefighters for all that they do.

STRENGTHENING WHITECOURT STRENGTHENS CANADA

Submitted by Tara Gallant

Mayor Maryann Chichak recently met with other municipal leaders from across Canada this earlier this month, uniting behind a plan to ensure that federal infrastructure investments benefit all communities—including Whitecourt.

As a board member for the Federation of Canadian Municipalities (FCM), Mayor Chichak champions local issues and solutions to help shape the national policy agenda of the municipal sector. At its September 13-16

meeting in Oakville, Ontario, the FCM board united behind a plan to ensure that all communities benefit from the \$48 billion Phase 2 federal infrastructure fund.

Municipalities are calling on the federal government to empower local decision-makers to drive forward the most strategic investments in transit and green infrastructure. They are also urging strong action to tackle the housing crisis, and to bolster rural Canada with an enhanced Small Communities fund.

Municipal leaders acknowl-

edged the vital importance of the federal government’s decision to grow its contribution to 50 percent of costs. Sharing their Phase 1 experiences across the country, they agreed that a successful Phase 2 will require an ongoing 50 per cent federal share, with provinces partnering with no less than their traditional one-third share. They also agreed that Phase 2 should streamline investment in green and transit infrastructure as stable, predictable allocations for municipalities.

“There are no one-size-fits-

all solutions, and local governments understand local needs best. With predictable federal transfers, we can plan long-term, pull in local expertise, and move cost-effective projects forward quickly,” said Mayor Chichak.

FCM Board members will continue to engage with local MPs and key ministers to advance a strong municipalfederal partnership to deliver the best outcomes for the people of Whitecourt and all Canadians.

I participated in the debate on Monday, asking questions on Bill C-4. I also gave a statement on the same day, paying tribute to our fallen police and peace officers who were honoured at the Canadian Police and Peace Officers' 39th Annual Memorial service at Parliament Hill and across Canada.

On Thursday, and as part of my role to bring forward the concerns of constituents in our riding, I questioned the Minister of International Trade on what the Liberal Government is doing to ensure a softwood lumber deal is signed by October 12.

You can read my above questions and statements on the corresponding day's Hansard at <http://www.parl.gc.ca/house-chamberbusiness/ChamberSittings.aspx>

This week, I attended 11 meetings and six events. I will return to the riding this weekend to participate in an event honouring Veterans, as well as an event to celebrate the local arts community. My next update will be on the happenings of Parliament as it continues to sit next week.

IMPACT AUTO AUCTIONS OPENS CANADA'S LARGEST AUTO SALVAGE AUCTION IN EDMONTON

Submitted by Sandy Blackwood

Impact Auto Auctions Ltd., a subsidiary of Insurance Auto Auctions (IAA) and a business unit of KAR Auction Services (NYSE: KAR), today welcomed more than 250 auto industry professionals and local dignitaries at the grand opening of its new Edmonton auto salvage auction facility. Located at 26419 Twp. Road 525A in Acheson, Alberta, the facility, which features 47 acres of vehicle storage, and a 12,500 square foot office, auction and inspection building, is the largest of its kind in Canada.

"Today we continue our expansion in northern Alberta with the official opening of our largest facility to date," said Terry Daniels, Impact's Managing Director. "We are extremely excited about delivering an enhanced service experience to our customers in this market, and look forward to continuing our support of the Greater Edmonton business

community and our local community partners for many years to come."

Designed with an elevated customer experience in mind, Impact Edmonton features a large buyer reception and service area, a series of dedicated appraisal offices, and Impact's dual auction lane configuration which saves buyers time by enabling them to safely view multiple auction vehicles at once. The new site also increases the company's vehicle capacity in the market by 50 percent, enabling Impact to consolidate its Greater Edmonton operations into a single facility.

"On behalf of Parkland County Council, we are pleased to welcome Impact Auto Auctions to Acheson," said Mayor Rod Shaigec. "Acheson is a growing industrial hub just west of Edmonton and home to a variety of growing businesses. We're looking forward to building a great relationship with Impact and working together to enhance the local economy."

Supporting local communities is a priority for Impact and as part of the grand opening celebrations, Impact donated \$10,000 to the local Canadian Red Cross which continues to support families and individuals recovering from the Fort McMurray wildfires. Over the summer, Impact employees also worked with local authorities to remove more

than 1,000 vehicles in the region, an essential first step in beginning the cleanup and rebuilding effort in the community.

For additional information about the facility contact Michelle Mullins, Impact's Western Regional Manager, at mmullins@impactauto.ca, or visit www.impactauto.ca.

L-R in the attached photo: Terry Daniels (Managing Director, Impact Auto Auctions), Councillor Jackie McCuaig, (Division 2, Parkland County), Dave Tenk (Branch Manager, Impact Edmonton), Councillor Tracey Melnyk (Division 6, Parkland County) and Deputy Mayor John McNab (Parkland County) celebrate the grand opening of Impact Edmonton.

This week Parliament reconvened for the fall session.

The following was debated in the House:

- Bill C-2 – An Act to amend the Income Tax Act (Third Reading)
- Bill C-4 – An Act to amend the Canada Labour Code, the Parliamentary Employment

and Staff Relations Act, the Public Service Labour Relations Act and the Income Tax Act Bill C-5 – An Act to repeal Division 20 of Part 3 of the Economic Action Plan 2015 Act (Second Reading)

- Bill C-13 – An Act to amend the Food and Drugs Act, the Hazardous Products Act, the Radiation Emitting Devices Act, the Canadian Environmental Protection Act, 1999, the Pest Control Products Act and

the Canada Consumer Product Safety Act and to make related amendments to another Act (Second Reading)

- Bill S-201 – Genetic Non-Discrimination Act (Second Reading)
- Opposition Day motion to call on the government to respect the custom of regional representation when making appointments to the Supreme Court of Canada.

• Bill C-232 – An Act to amend the Excise Act, 2001 (spirits) (Second Reading)

- C-234 – An Act to amend the Canada Labour Code (replacement workers) (Second Reading)
- C-247 – An Act to amend the Criminal Code (passive detection device) (Second Reading)

I returned to Ottawa on Thursday, September 22nd after spending the first half of the week travelling in our riding with the Standing Committee on Environment and Sustainable Development (ENVI) to obtain feedback on our ‘study of Federal Protected Areas and Conservation Objectives’. ENVI Committee meetings will reconvene next week. For more information on these meetings, visit: www.parl.gc.ca/Committees/en/ENVI

On Friday, I gave a statement in the House commending Parkland County on the official opening of their newest park, Constable Chelsey Robinson Park. My statement can be found in Friday’s Hansard at <http://www.parl.gc.ca/content/hoc/House/421/Debates/080/HAN080-E.PDF>

On September 24th, I attended the Ukrainian National Federation’s presentation of ‘Reconstructing Casualties of War: Canadian Humanitarian Efforts in Ukraine’. The guest speaker, Dr. Oleh Antonyshyn, has dedicated his career to reconstructing deformed and damaged skulls, jaws and faces in patients with acquired or congenital malformations. He traveled to Ukraine for the third time in late October last year to provide specialized post-traumatic reconstructive surgeries that would have been otherwise unavailable to the military and civilians injured in the recent conflict.

Look for my update next Friday on the happenings in Parliament.

POLICE AND PEACE OFFICERS' NATIONAL MEMORIAL DAY

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, rose in the House to pay tribute to the Police and Peace Officers' 39th Annual Memorial service held on Parliament Hill and across our Nation

on Sunday, September 25th.

On September 26, MP Eglinski stated:

"Mr. Speaker, yesterday on Parliament Hill and across Canada police officers met to honour and respect our fallen. The Canadian Police and Peace Officers' 39th Annual Memorial service honoured more than 850

men and women whose names are engraved on the honour roll tablets on Parliament Hill.

This year, the names of five officers have been added to the memorial as a permanent reminder of their contributions and their sacrifices.

Last Friday, I paid tribute to Constable Chelsey Robinson,

who died in the line of duty. A local park in my riding was dedicated to her. We must not forget those who made the ultimate sacrifice.

My deep gratitude goes out to all of the police and peace officers across this country for their dedication to keeping our communities safe."

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

4	9	5	6	2	7	8	3	1
7	8	1	9	3	4	6	5	2
2	3	6	5	1	8	9	7	4
3	4	9	2	5	6	7	1	8
8	6	7	1	4	3	5	2	9
5	1	2	8	7	9	3	4	6
9	7	3	4	6	2	1	8	5
1	2	8	7	9	5	4	6	3
6	5	4	3	8	1	2	9	7

			6		7			1
7	8			3	4			2
	3	6						4
	4		2	5		7		8
8	6				3	5	2	9
5			8		9			
9	7				2	1		
			7			4		3
6		4		8				

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources & in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.
