RESIDENTS OF YELLOWHEAD HAVE SPOKEN

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, today released the survey results of his householder on electoral reform.

Of 1,903 responses from 1,042 households, 95% of residents want the Government to hold a referendum on changing Canada's voting system.

"I am pleased that so many residents in our riding took the time

to voice their opinion. Prime Minister Justice Trudeau and his Liberal Government are trying to change what a vote means – without giving all Canadians a say. Politicians and party insiders should not have this power. Only the Canadian people should determine how Canadians elect their governments," said MP Eglinski.

The Liberal Government has claimed their 2015 election victory gives them a mandate to change the voting system in

whatever way they want. Yet, they still haven't told Canadians what system they want to implement. Even though a committee was established, the Federal Liberal Government will be deciding, behind closed doors, on the changes to the way we vote.

"I strongly believe that all voters in Canada must have the opportunity to provide input, and the only way for every Canadian to be heard is through a referendum," concluded MP Eglinski.

IMITATION GUN SAFETY TIPS

Submitted by Stony Plain/ Spruce Grove/ Enoch RCMP

2016-1255805

Acheson Alberta -On Wednesday September 21, 2016 at approximately 8:00 AM the Stony Plain/ Spruce Grove/Enoch RCMP responded to a complaint of a male employee attending his place of work with a firearm on his person. Police attended the business and set up containment of the area. The male was soon located and detained. It was learnt at this time that the firearm was an imitation firearm.

No one was injured.

RCMP would like to remind the public of the potential risks involved with possessing an im-

itation gun in public places. Imitation firearms can pose a safety hazard as they often create fear and panic by the general public when seen in public places. A fake/imitation gun can easily be mistaken for a real gun, which could have serious or even deadly consequences. Due to the threat to the public, police take firearms complaints seriously and will respond quickly with appropriate resources, tactics and level of force.

Imitation Gun Safety Tips

Please use imitation guns in a safe, responsible and lawful manner:

- Never play with an imitation gun in public places such as malls, parks or schools.
- Use air gun imitations

only at designated play areas, gun ranges, or on private land outside of the city.

- Do not point an imitation gun at another person, even if you are joking.
- Handle air gun imitations with care to avoid injuries, and consider taking a safety class.
- Set rules for children playing with imitation guns so they understand the dangers of misusing them.
- Keep imitation guns out of sight and locked in a case to prevent misunderstandings, accidents or theft.
- If you are carrying an imitation gun and are approached by police, put the gun down and obey their instructions.

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Stefan Felsing

September 27, 2016
Public Hearing 13.16 – Council held a Public Hearing for Bylaw 13.16 for a section of land located south of Edson adjacent to Tollerton Estates that would rezone the property to Country Residential. The surrounding areas are residential based lands, and the proposed zoning

would be a better fit for this particular property and allow for the property owner to subdivide the property separating the house and the shop. No concerns were brought forward during the hearing.

West Fraser on Caribou Recovery Plan – Representatives from West Fraser presented their concerns on the province's Little Smoky and A La Pêche Caribou Recovery Plan including how their business could

be negatively impacted. They are urging the province to respect their current forest tenure agreements and not to pursue the timber pooling concept.

Bickerdike Speed Reduction – Council gave the first reading for Bylaw 16.16 that would reduce the speed limit to a portion of Bickerdike Road to a new speed of 60 km/hour, down from the current 80 km/hour. Yellowhead County is seeking input from residents and others that use this portion of the road prior to Council making a decision..

Property Tax Recovery Auction – The 2016 Property Tax Recovery public auction for the parcels of land on the tax arrears list will be November 30, 2016. A municipality must offer for sale, at a public auction, any parcel of land on its tax arrears list if not paid prior to the auction.

The next Council Meetings are October 11 & 25, 2016. The next Committee of the Whole Council Meeting is October 31, 2016. All meetings start at 9:30 a.m. in the Council Chambers.

On Friday, I gave a statement in the House commending Parkland County on the official opening of their newest park, Constable Chelsey Robinson Park. My statement can be found in Friday's Hansard at <http://www.parl.gc.ca/content/hoc/House/421/Debates/080/HAN080-E.PDF>

On September 24th, I attended the Ukrainian National Federation's presentation of 'Reconstructing Casualties of War: Canadian Humanitarian Efforts in Ukraine'. The guest speaker, Dr. Oleh Antonyshyn, has dedicated his career to reconstructing deformed and damaged skulls, jaws and faces in patients with acquired or congenital malformations. JOKE OF THE WEEK

A young boy enters a barber shop and the barber whispers to his customer, "This is the dumbest kid in the world. Watch while I prove it to you." The barber puts a dollar bill in one hand and two quarters in the other, then calls the boy over and asks, "Which do you want, son?" The boy takes the quarters and leaves. "What did I tell you?" said the barber. "That kid never learns!" Later, when the customer leaves, he sees the same young boy coming out of the ice cream store. "Hey, son! May I ask you a question? Why did you take the quarters instead of the dollar bill?" The boy licked his cone and replied, "Because the day I take the dollar, the game is over!"

IMPACT AUTO AUCTIONS OPENS CANADA'S LARGEST AUTO SALVAGE AUCTION IN EDMONTON

Submitted by Sandy Blackwood

Impact Auto Auctions Ltd., a subsidiary of Insurance Auto Auctions (IAA) and a business unit of KAR Auction Services (NYSE: KAR), today welcomed more than 250 auto industry professionals and local dignitaries at the grand opening of its new Edmonton auto salvage auction facility. Located at 26419 Twp. Road 525A in Acheson, Alberta, the facility, which features 47 acres of vehicle storage, and a 12,500 square foot office, auction and inspection building, is the largest of its kind in Canada.

"Today we continue our expansion in northern Alberta with the official opening of our largest facility to date," said Terry Daniels, Impact's Managing Director. "We are extremely excited about delivering an enhanced service experience to our customers in this market, and look forward to continuing our support of the Greater Edmonton business

community and our local community partners for many years to come."

Designed with an elevated customer experience in mind, Impact Edmonton features a large buyer reception and service area, a series of dedicated appraisal offices, and Impact's dual auction lane configuration which saves buyers time by enabling them to safely view multiple auction vehicles at once. The new site also increases the company's vehicle capacity in the market by 50 percent, enabling Impact to consolidate its Greater Edmonton operations into a single facility.

"On behalf of Parkland County Council, we are pleased to welcome Impact Auto Auctions to Acheson," said Mayor Rod Shaigec. "Acheson is a growing industrial hub just west of Edmonton and home to a variety of growing businesses. We're looking forward to building a great relationship with Impact and working together to enhance the local economy."

Supporting local communities is a priority for Impact and as part of the grand opening celebrations, Impact donated \$10,000 to the local Canadian Red Cross which continues to support families and individuals recovering from the Fort McMurray wildfires. Over the summer, Impact employees also worked with local authorities to remove more

than 1,000 vehicles in the region, an essential first step in beginning the cleanup and rebuilding effort in the community.

For additional information about the facility contact Michelle Mullins, Impact's Western Regional Manager, at mmullins@impactauto.ca, or visit www.impactauto.ca.

CANNING AND FREEZING

Submitted by Shayna Powell/ Museum Manager of Tipple Park Museum

All the canning jars were neatly stacked in rows upon the pantry shelves. They looked like happy little soldiers resplendent in their bright summer colors. Sunny peach, deep scarlet, olive green and dark velvety purple jars seemed to smile out at me as I smugly closed the door. I had helped to create this magnificent bounty. My second son had been born a few months prior,

so I was feeling uncommonly domesticated. The need to provide healthy food, throughout the year to my young family was paramount in my mind. I had canned, jammed, jellied and pickled my way through that particular spring and summer. I had romanticized that every time we opened a jar throughout the harsh winter months we would be able to recall that one warm summer day when we "picked those berries" or "pickled those carrots". I proudly thought that I had captured summer in a jar

and we would be able to enjoy it throughout the year.

Unfortunately, it had been a particularly difficult year financially, as it is for many new families. We had just recently moved to a small farm and opened a new business. There were many firsts that year, some that were negative and many which were positive. We had just moved to an old fixer upper, the floor was covered in an ugly puce green shag rug, the walls sported old fake wood panelling, but the kitchen was huge and it had a

cold room! I was thrilled to have a room to store all of our garden produce and canned goods. The farm came with well established apple and cherry trees and ample garden space. We had found our own piece of Eden!

Winter came quickly that year. Our old windows quickly developed a thick layer of ice and gaps in the doorways would send steady icy breezes throughout the house. We soon became accustomed and would wear several layers of clothing and heavy wool socks throughout the day. One particularly harsh day our oil furnace decided to take its final last gasp of breath and died. "No worries," I proudly declared, "we own a wood stove. We can pretend we are all lumberjacks!"

Wood was quickly bucked, stacked and finally drug into the house. Eventually a feeble fire was started after a lot of pleading, laments and prayers. The fire took the edge off, but the children were still not convinced that our recent move was a real smart one. "This is an adventure; life doesn't get better than this! We are living like pioneers. We are the modern day answer to "Little House on the Prairie!" My mantras were ringing rather empty so I decided to seal the deal by rustling up a mess of biscuits and serving them with a side of peaches. I urged my eldest to run and get a can of peaches and we would all dine like kings. She obligingly went and came back empty handed.

"Where are the peaches?" I asked.

"Dead", she answered.

"What are you talking about, peaches don't die!" I admonished.

"Yours do," she stated firmly.

Sure enough, every last peach, in every jar had been slaughtered by Old Man Winter. My cold room and become the freezer room. The little jar soldiers had all been slaughtered.

CHANGES TO THE WILDWOOD AND DISTRICT AG SOCIETY AWARDS NIGHT

Submitted by Carol Riehl

The Wildwood and District Agricultural Society's Annual Fair has come and gone. What an amazing day it was. Successful it was. A huge thank you goes out to our many sponsors and volunteers. Without the support

of these wonderful individuals, our fair would not be what it is.

Now, we are planning for our awards night. We have a different format this year--- there will NOT be a banquet. Please note this---there will not be a supper but rather an Awards Night and Comedy Magic Show on Sat-

urday, October 15, 2016, at the Wildwood Community Hall. Prize money & Special Prizes will be awarded. Coffee and cake will be available at 6:30 p.m. and awards will begin at 7:00 p.m. The comedy magic show will follow the awards. Adults 18 & over will pay \$5.00 admission

and all children are free. There will be some door prizes to be won. The large vegetable contest will also be happening. Sounds like a fun packed evening. Come on out and enjoy this family event. Hope to see you there.

Canning and Freezing

Continued From Page 24

Every jar had been shattered and frozen clear through. Pickles, jams, jellies and canned fruit had all burst out of their containers and their remains now lay frozen stiff, stuck to the shelves. I swore to God that I would never, ever attempt to preserve another fruit or vegetable forever long I had left to live. Amen. We ate Kraft Dinner that night.

The next summer I still had not recovered from the fruit massacre, so I refused to do any preserving. By the next spring I was pricing out canning jars and I was back in the business of preserving. Many years have passed now since what we now refer to as, "the day the peaches died", and I have since been able to pass on the preserving gene to my eldest daughter. I learned many of my "skills" through trial and error and watching my own mother preserve. You do not have to learn by trial and error, Tipple Park Museum is hosting a Canning and Freezing workshop on October 5th at 1:00 p.m. The Blue Flame Kitchen will help to take out all the guesswork behind canning and freezing. Save yourself from another Kraft Dinner meal. Please call 780-727-2240 to register or contact the Lobstick Literacy and Learning Society for more information.

You are also invited to join us in learning how to stretch the contents of your pantry on October 6th at 12:30 p.m. and learning how to make a decent pie on October 26th at 1:00 p.m. at the museum. Faye Hill will be giving a series of talks about our local history starting in late October. Learn all about our town's colorful past and celebrate our pioneers. Lobstick Learning and Literacy society is sponsoring these sessions.

I know Christmas seems like it is a long way off, but we like to be prepared. Tipple Park Museum will be hosting a "Festival of Trees" for the winter season. We would love your family or

business to sponsor a tree. We encourage all interested parties to decorate a Christmas tree to be featured in our display, the tree will then be auctioned off to the highest bidder and all proceeds will be donated to the Wee Food Bank. Wreaths and centerpieces may be auctioned and put

on exhibit as well. All creations will be auctioned off on December 2nd and put on display until December 16th.

Would you like a program to be hosted at the museum? Give us a call and let us know what you would like, we are here for our community. Our beau-

tiful facility is also available to rent to the public for meetings etc., it even has a full kitchen. Contact us if you would like to book a space. Check out www.tippelparkmuseum.com or call 780-727-2240 for details on any of our programs or to rent the facility.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

4	9	5	6	2	7	8	3	1
7	8	1	9	3	4	6	5	2
2	3	6	5	1	8	9	7	4
3	4	9	2	5	6	7	1	8
8	6	7	1	4	3	5	2	9
5	1	2	8	7	9	3	4	6
9	7	3	4	6	2	1	8	5
1	2	8	7	9	5	4	6	3
6	5	4	3	8	1	2	9	7

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
