SOFTWOOD LUMBER

Submitted by Jim Eglinski, MP - Yellowhead

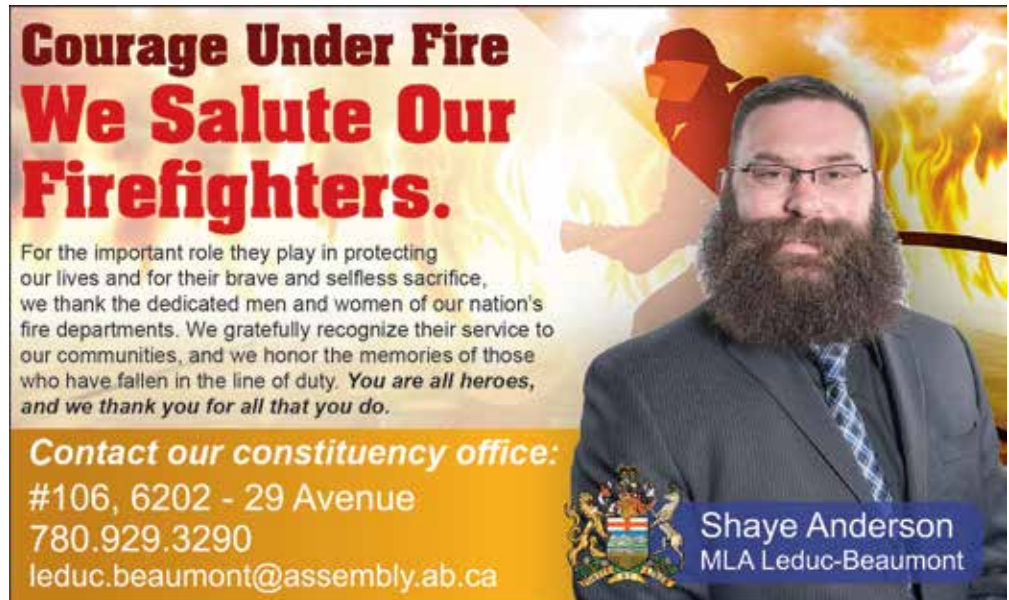

OTTAWA: On September 29th, in the House of Commons, Jim Eglinski, Member of Parliament for Yellowhead, asked the Liberal Government if the Softwood Lum-

ber October 12th, deadline would be signed with the United States.

"Mr. Speaker, the clock is ticking. In Alberta, the forest industry employs over 19,000 people; the majority of which are in my riding of Yellowhead. My constituents and the forest industry deserve to

know what the future will be. We cannot afford another drastic hit. There is no time to waste. Too many jobs are at stake.

Will the minister do her job and ensure that the deal is signed with the United States by the deadline of October 12?"

JOKE OF THE WEEK

A ghost had been staying in a bed and breakfast hotel and when he came down for dinner he asked the waitress, "Please can I have two eggs, one tough and one rubbery, really tough bacon and burned, fried bread?"

The waitress said, "Sir, we really can't serve that kind of horrid food here."

The ghost replied, "Well, you did yesterday!"

THORSBY/BRETON RCMP REPORTS FROM SEPTEMBER

Submitted by Thorsby/Breton RCMP

On September 16, 2016, the Thorsby/Breton RCMP received a complaint of a break in and theft to a property that was being renovated in Leduc County. Sometime between September 12 and the morning of September 16, 2016 an unoccupied residence that was being renovated was entered and several power tools were stolen from the contractor. The property is located on Twp Rd 504 near Range Road 15.

Between 10pm on September 12th and 10AM on September 13th a generator and other tools were stolen from a rural property located off of Range Road 44 South West of Breton. The generator is described as a 4000 watt yellow coloured unit, possibly a Champion brand.

On Tuesday, September 13th, 2016 between 4:30 AM and 8:20 AM the Pendryl Store located off of Highway 13 near Buck Lake was broken into and a small amount of cash stolen. A vehicle was noticed parked along the West side of the building earlier that morning.

On Saturday, September 17th, 2016, a truck was stolen from a rural residence in the Buck Creek area between 12:00 noon and 3:30 PM. The stolen Ford F-350 was located soon after stuck along the edge of a hayfield and towed from the area. Two males were seen earlier at the stolen truck in a regular cab older model (early 90's) ford half ton, two wheel drive, also light brown/ beige in colour. One was wearing blue work coveralls, described as being short, approximately 5'7" with short dark hair.

Early on Friday September 23rd, 2016 items were being prepared to be stolen from a rural property located North of Township Road 470 on Range Road 22. Vehicles were rum-

maged through, an ATV was pushed out of a storage shed and attempts had been made to start a skid steer. The would be thieves were believed to have been scared off and nothing was stolen in the end. This is a good reminder to ensure your vehicles remain locked and all valuables removed from them at night.

File # 2016-1271865: On Saturday September 24th Breton RCMP received reports that a

concrete barrier which protects a gas line had been shot. There were targets drawn onto the concrete. It occurred sometime between September 23rd and September 24th. The person responsible was lucky they hit their "target" as if they didn't there could have been a very different ending. Although not believed to have been done to cause damage, however to sight in a hunting rifle for the up-

coming season, RCMP wish to remind hunters to sight in their rifles using the proper safety precautions.

If you have any information that could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951; or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

Impact Auto Auctions Opens Canada's Largest Auto Salvage Auction in Edmonton

Continued From Page 1

Located at 26419 Twp. Road 525A in Acheson, Alberta, the facility, which features 47 acres of vehicle storage, and a 12,500 square foot office, auction and inspection building, is the largest of its kind in Canada.

"Today we continue our expansion in northern Alberta with

the official opening of our largest facility to date," said Terry Daniels, Impact's Managing Director. "We are extremely excited about delivering an enhanced service experience to our customers in this market, and look forward to continuing our support of the Greater Edmonton business community and our

local community partners for many years to come."

Designed with an elevated customer experience in mind, Impact Edmonton features a large buyer reception and service area, a series of dedicated appraisal offices, and Impact's dual auction lane configuration which saves buyers time by enabling them to safely view multiple auction vehicles at once. The new site also increases the company's vehicle capacity in the market by 50 percent, enabling Impact to consolidate its Greater Edmonton operations into a single facility.

"On behalf of Parkland County Council, we are pleased to welcome Impact Auto Auctions to Acheson," said Mayor Rod Shaigec. "Acheson is a growing industrial hub just west of Edmonton and home to a variety of growing businesses. We're

looking forward to building a great relationship with Impact and working together to enhance the local economy."

Supporting local communities is a priority for Impact and as part of the grand opening celebrations, Impact donated \$10,000 to the local Canadian Red Cross which continues to support families and individuals recovering from the Fort McMurray wildfires. Over the summer, Impact employees also worked with local authorities to remove more than 1,000 vehicles in the region, an essential first step in beginning the clean-up and rebuilding effort in the community.

For additional information about the facility contact Michelle Mullins, Impact's Western Regional Manager, at mmullins@impactauto.ca, or visit www.impactauto.ca.

Leduc's Yard Waste Transfer Station Open 24/7 For Citizens

Continued From Page 1

Located north of the Leduc Recreation Centre, the transfer station is available 24 hours a day, seven days a week and welcomes all yard and garden waste including flowerbed plants, leaves, weeds, small twigs and tree branches.

"Throughout the year, using your green organics cart is the best option for proper disposal of yard and garden waste, however fall cleanup often produces more organic material than one

green cart can accommodate," says Kerra Chomlak, environmental sustainability co-ordinator with the City of Leduc. "Taking your extra material to the transfer station is an efficient option as you prepare your yard for winter."

When visiting the Leduc Yard Waste Transfer Station, on-site signage directs citizens where to deposit their materials. When using bags, it's important to note that brown paper bags containing materials can be left in the appropriate pile(s), however

when using plastic bags all materials must be emptied and the bag then placed in the station's waste bin, or taken home and placed in the black cart.

The City of Leduc provides additional resources and tools to encourage citizens to use environmentally responsible options when considering waste, recycle and organics disposal:

- Sort Smart apps for Apple and Android phones – download from Leduc.ca
- Helpful tips are available online at Leduc.ca under 'Services'
- Email your questions to ecosmart@leduc.ca
- Call the Eco Smart Hotline at 780-980-7107

- C-234 – An Act to amend the Canada Labour Code (replacement workers) (Second Reading)
- C-247 – An Act to amend the Criminal Code (passive detection device) (Second Reading)

I returned to Ottawa on Thursday, September 22nd after spending the first half of the week travelling in our riding with the Standing Committee on Environment and Sustainable Development (ENVI) to obtain feedback on our ‘study of Fed-

eral Protected Areas and Conservation Objectives’. ENVI Committee meetings will reconvene next week. For more information on these meetings, visit: www.parl.gc.ca/Committees/en/ENVI

On Friday, I gave a statement in the House commending Parkland County on the official opening of their newest park, Constable Chelsey Robinson Park. My statement can

be found in Friday’s Hansard at <http://www.parl.gc.ca/content/hoc/House/421/Debates/080/HAN080-E.PDF>

On September 24th, I attended the Ukrainian National Federation’s presentation of ‘Reconstructing Casualties of War: Canadian Humanitarian Efforts in Ukraine’. The guest speaker, Dr. Oleh Antonyshyn, has dedicated his career to reconstructing deformed and damaged skulls,

jaws and faces in patients with acquired or congenital malformations. He traveled to Ukraine for the third time in late October last year to provide specialized post-traumatic reconstructive surgeries that would have been otherwise unavailable to the military and civilians injured in the recent conflict.

Look for my update next Friday on the happenings in Parliament.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

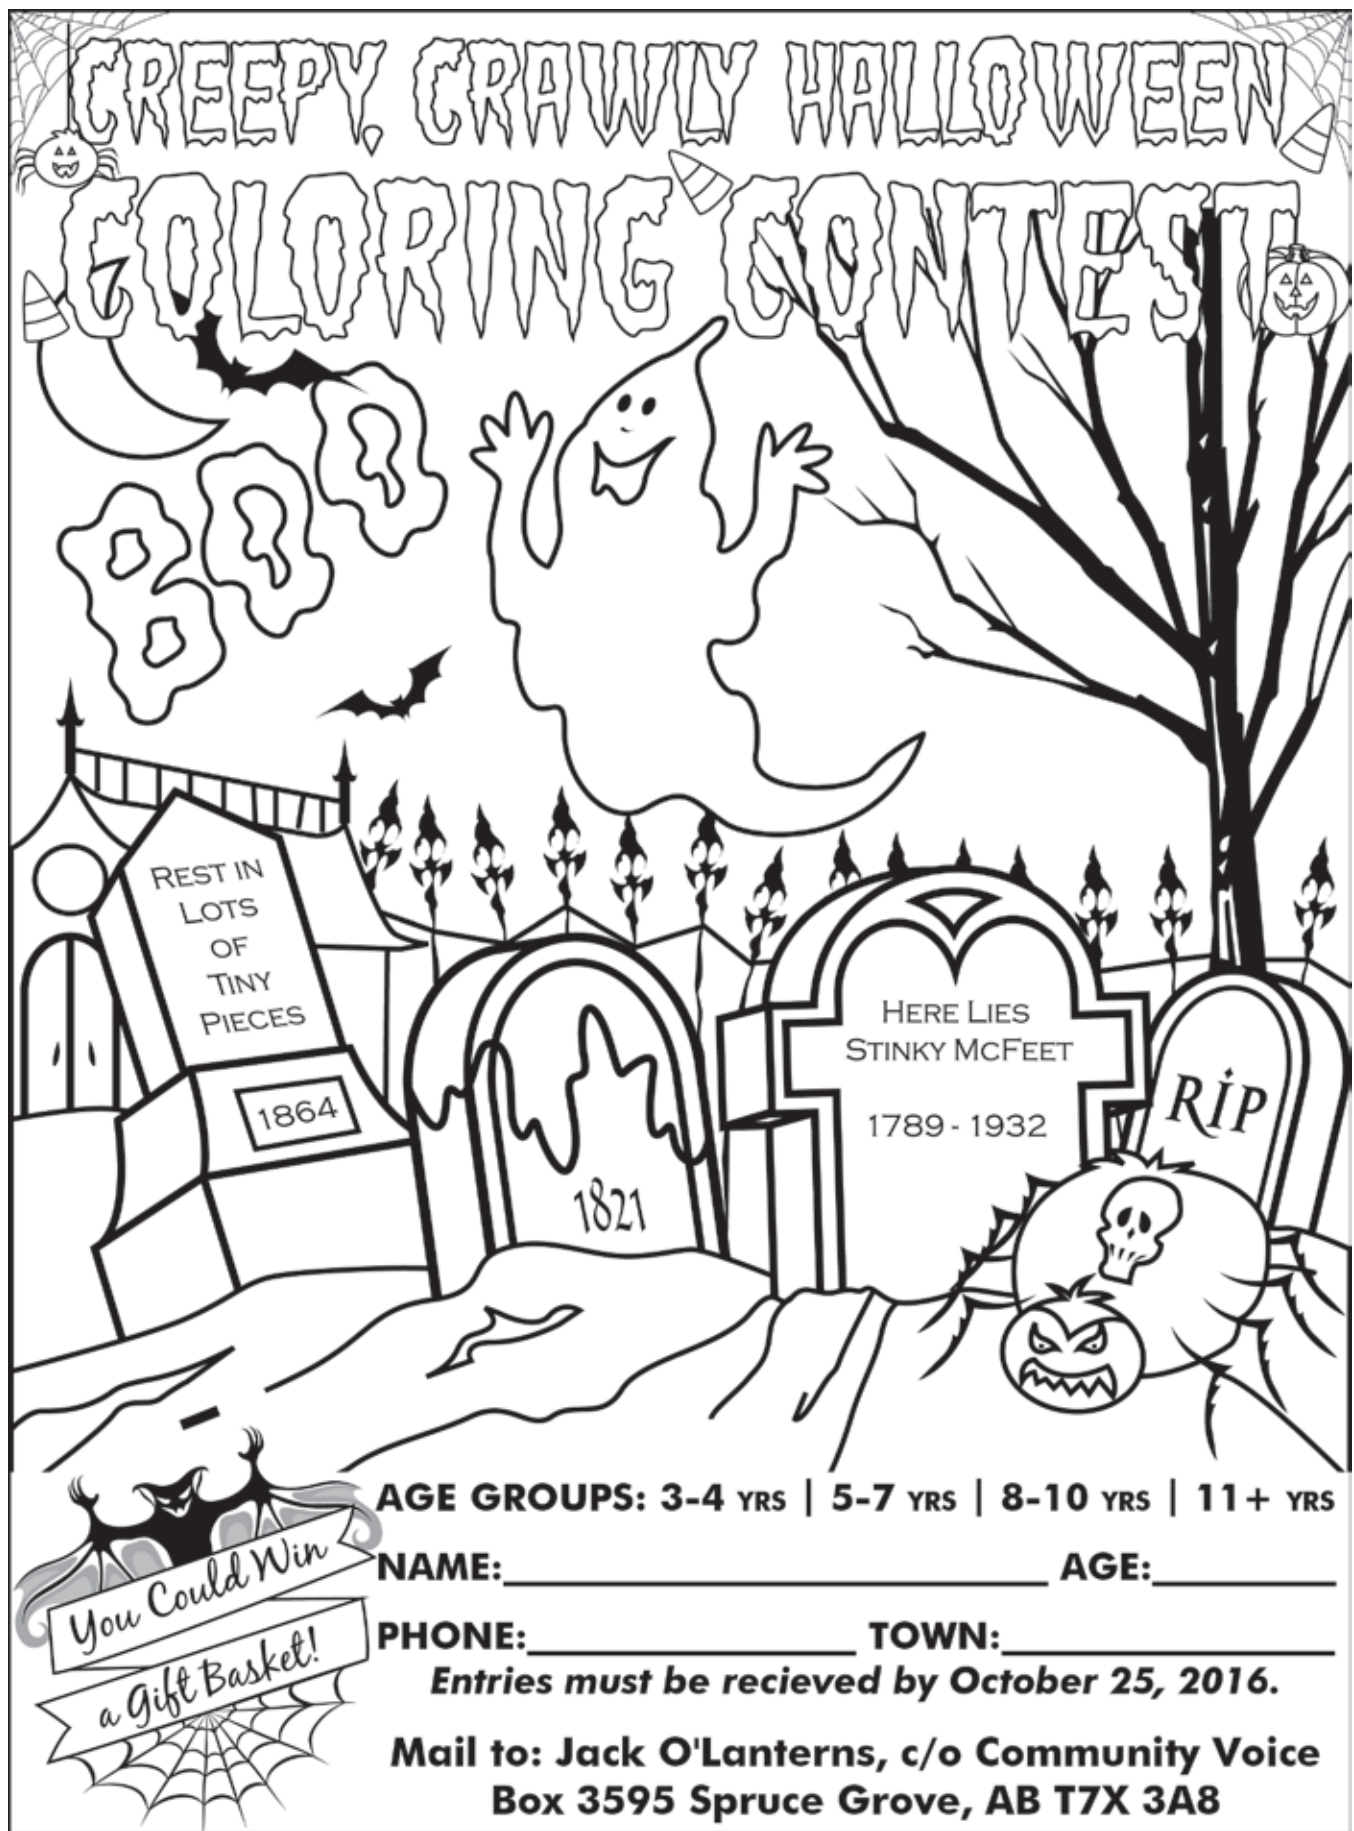

ANSWER:

8	6	1	9	5	7	2	3	4
3	5	7	4	2	1	8	8	9
2	9	4	6	8	3	7	1	5
6	8	2	1	4	5	9	7	3
5	7	3	2	9	6	1	4	8
1	4	9	3	7	8	5	2	6
4	2	8	5	1	9	3	6	7
7	3	5	8	6	2	4	9	1
9	1	6	7	3	4	8	5	2

					7			4
3			4		1	6		
		4	6	8				5
6	8					9	7	
	7				6			
1	4						2	
	2			1	9	3	6	7
		5		6	2		9	
	1		7			8		2

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
