LEDUC RCMP & DISTRACTED DRIVING EDUCATION

(from left to right): CPO KARDASH (LMITU), Dr. Paul WOZNEY (Principal - Leduc Composite High School), Gord BUCK (Y.I.E.L.D. Association), Forest OHNECK (Y.I.E.L.D. Association) and Cst. EASLER (LMITU), with the distracted driving simulator.

Submitted by Leduc RCMP

Leduc, AB - On October 24, 2016, the Leduc RCMP's Municipal Integrated Traffic Unit (LMITU) partnered again with the Youth Initiatives & Education in Lifestyles & Driving (Y.I.E.L.D) Association to present a hands-on demonstration about the dangers of distracted and impaired driving. The event was held at the Leduc Composite High

School where students were given the opportunity to participate during their free time. Events included texting and driving in a sophisticated driving simulator, as well as doing basic coordination tests while wearing goggles that showed the effects of alcohol at different levels of impairment. In this environment, students were able to experience the very real results of distracted driving, and the effects of alcohol on balance and coordination.

This education comes just before Pedestrian Safety Month, which runs through the entire month of November. The most recent statistics from Alberta Transportation show that pedestrians between the ages of 15 to 19 are most likely to be injured in a collision, and international research shows that 20 to 30 percent of all collisions involve distracted driving.

MP JIM EGLINSKI QUESTIONS PARLIAMENT ON THE AGRICULTURAL STATE OF DISASTER IN BRAZEAU COUNTY

Submitted by Jim Eglinski-ki, MP – Yellowhead

OTTAWA: On November 4th, in the House of Com-

mons, Jim Eglinski, Member of Parliament for Yellowhead, asked the Liberal government if they are planning any income disaster assistance to

the Alberta agricultural state of disaster, in Brazeau County.

“Mr. Speaker, recent years have been tough on farmers in my riding of Yellowhead, especially in Brazeau County. In July of last year, the county declared an agricultural state of disaster due to drought. Earlier this week, constant rain forced Brazeau County to declare another state of agricultural disaster. Up to 75% of local crops remain on the ground.

What is the government planning to provide in income disaster assistance to this vital sector?”

AHS Promotes National Addictions Awareness Week

Continued From Page 1

However, there are some things individuals can do to help prevent addiction in themselves, and others, even small actions can make a big difference.

Nov. 13 – 19 is National Addictions Awareness Week and provides an opportunity to talk about what individuals can do to help prevent addiction.

Addictions are very common,

but they are very complicated to explain. They seem to depend on a lot of things:

- the drug or behaviour involved
- the person's psychology, biology, and genes
- the person's past experiences
- the person's life situation
- how available the drugs are to the person
- how acceptable the drug or behaviour is to the person, their

friends, and society

Fortunately, there are things that can help anyone avoid addiction:

• A person has choices. If they seem to be using a drug more and more in certain situations, they can look for ways to avoid those situations.

• If someone has a history of addiction in their family, it's wise to be extra alert and take the time to learn about that problem.

• Learn how addictive any drugs are. This includes alcohol, caffeine, and prescription drugs.

• With some drugs, like nicotine and heroin, the percentage of users who get addicted is so high that it's best not to use the drug at all.

• If someone is already having trouble with a drug or type of behaviour, they should go for help.

A number of resources are available to help individuals, families, schools and communities prevent through the Al-

berta Health Services Addiction Prevention Toolkit, visit www.ahs.ca. These resources include information on what individuals can do for their mental well-being including self-care tips, a key in reducing the chance of addiction occurring.

Some examples of positive self-care include:

- Asking for help
- Treating yourself as you would treat a friend, with respect
- Going for a walk
- Practicing gratitude
- Laughing often
- Understanding your emotions
- Embracing a new hobby.

It is important to know if you are or someone you know is struggling with an addiction help is available. Albertans can get more information or help by calling Health Link at 811 or the Addiction Helpline 1-866-332-2322.

JOKE OF THE WEEK

A young man agreed to baby-sit one night so a single mother could have an evening out. At bedtime he sent the youngsters upstairs to bed and settled down to watch football. One child kept creeping down the stairs, but the young man kept sending him back to bed. At 9pm the doorbell rang, it was the next-door neighbor, Mrs. Brown, asking whether her son was there. The young man brusquely replied, "No." Just then a little head appeared over the banister and shouted, "I'm here, Mom, but he won't let me go home!"

STOLEN VEHICLE/FLIGHT

Submitted by Thorsby/Breton RCMP

File number: 20161426332
UPDATE

On October 27, 2016 at approximately 6:00 p.m. following a tip to the Thorsby/Breton RCMP from a member of the public, a 17 year old male youth was arrested in relation to the vehicle which had fled from RCMP and was later determined to be stolen. Charges are pending. RCMP are no longer looking for any other suspects in relation to this event.

ORIGINAL RELEASE:

On October 27, 2016 at approximately 1100hrs RCMP Integrated Traffic Services attempted to stop a vehicle on Hwy 770 just north of HWY 39. The truck, a 2011 Toyota Tundra silver in color, was found traveling at a very high rate of speed.

Members attempted to stop the vehicle but it continued west from Hwy 770 departing the roadway and entering farm fields through barbed wire fences. The pursuit was immediately terminated due to the dangers it presented.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
