## BULK ORDERS HELP COUNTY RESIDENTS SAVE ON SPRING SEEDLINGS

Submitted by Stefan Felsing

Yellowhead County Agricultural Services is once again ordering seedlings on behalf of County residents. The species chosen are all suitable for this region’s plant hardiness zones and can be planted for a wide variety of uses on people’s properties. Agricultural Services purchases the seedlings in bulk which allows participants to get them at lower prices. There will be no application required, and anyone residing within Yellowhead County is eligible to buy trees.

When ordered individually trees would cost between \$3.00

and \$5.00 a seedling, but if ordered through the Spring Seedling Program the seedlings will only cost \$1.85 - \$4.10 per seedling. Agricultural Services have added several new species to the list this year, and in total, there will be 15 species to choose from which are ideal for shelterbelts and acreages. All tree orders must be in multiples of ten.

An example of some of the species available includes Colorado Spruce, Manitoba Maple, Scotch Pine, Okanese Poplar, Nanking Cherry, Golden Willow, Variegated Dogwood and much more! The average size of the seedlings received will be from 15 cm tall to 72 cm tall depending on the species.

Order forms and a list of the species are available at both Yellowhead County offices in Edson and Wildwood starting January 3 and can be downloaded and printed off from the County Website as well. Participants placing an order must make a payment in full upon placing an order. All order forms must be submitted and paid in full before January 27, 2017. Trees will be available for pickup from either County office location in May of this year.

For more information, please contact Yellowhead County Wildwood Office at 1-800-814-3935 or 780-325-3782.

A little girl asked her mother, "How did the human race begin?" The mother answered, "God made Adam and Eve and they had children, and so all mankind was made." Two days later the girl asked her father the same question, "How did the human race begin?" The father answered, "Many years ago there were monkeys from which the human race evolved. The confused girl returned to her mother and said, "Mom, how is it possible that you told me the human race was created by God, and Dad said they developed from monkeys?" The mother answered, "Well, dear, it is very simple, I told you about my side of the family and your father told you about his."

Niton Central School, Niton Junction

Before bringing in the new year, our school had many exciting events to look forward to. Starting with our whirlwind adventure with the 'Alberta School of the Arts'. Last year our wonderful Grade 1/2 teacher, Mrs. Soroka, applied for and received a literacy grant to have 'Trickster Theater' come to our school to help our students learn to plan, organize, and participate in an amazing performance. They sent a group to our school on December 12th to help us put together a themed Christmas concert: "Ni-

ton's Gifts to the World." This also tied into Niton's status as a UNESCO school and highlighted all the local and global initiatives taking place within our school. Each class had a chance to highlight some of the incredible things they do throughout the school year. They spent four days teaching and preparing our students to put on an exciting show. This was an incredibly engaging and terrific opportunity for our school.

# Carbon Levy Rebates Benefit Millions Of Albertans

Continued from Page 1

We are committed to providing Albertans with the support they need to use energy more efficiently and save money.” - Sarah Hoffman, Deputy Premier

The rebate program helps lower- and middle-income families adjust to the additional costs of carbon. Families will also be able to take advantage of energy-efficiency programs that will start as early as spring 2017.

The carbon levy rebate is expected to recycle \$95 million back to Alberta households in 2016-17 and \$435 million in 2017-18.

**Quick facts**

- In 2017, 60 per cent of households are expected to receive a full rebate to help offset the costs of the carbon levy:

- A single adult earning up to \$47,500 per year will receive a

rebate of \$200.

- A couple earning up to \$95,000 per year will receive \$300.

- Parents that qualify for the rebate will receive up to an additional \$30 per child (to a maximum of four).

- Rebates will increase in 2018, along with the carbon levy, to \$300 for singles, \$450 for couples, and \$45 per child.

- You do not have to apply to receive the rebate, but you must file your 2015 and subsequent income tax returns to be eligible.

- The rebate is non-taxable and also refundable, meaning you will receive it even if you pay no provincial income taxes.

- Questions about the rebate may be directed to the Canada Revenue Agency (CRA), as CRA is administering the program on the province’s behalf: 1-800-959-2809.

In addition to our Christmas concert, the Grade 9 class hosted their annual Community Christmas Supper at the Niton Hall the same evening. This event brings families from all over our community together to share a delicious meal and community spirit. In the days prior to the concert, our Grade 9 class dedicates a lot of time and energy to preparing all the food that will be served to our community members. They are also responsible for cooking, serving and cleaning up afterwards. We are very fortunate at Niton to have such tremendous parent support and junior high teachers and aides willing to go above and beyond to make this event a success every year. Our Grade 9 supper brings hundreds of people together, creating a wonderful family atmosphere for our school and community.

Wildwood School, Wildwood

Hope you have a great New Year! January at Wildwood brings unique learning opportunities. Terry Stone from the public library in Wildwood, is coming as a story teller to our children on a monthly basis. She brings smiles to the play-school, Kindergarten and Grade 1 rooms.

Our Grade 2's and 3's will have several opportunities to work with the kindergarten and Grade 1 students, reading to them and working on the reading and retelling skills of the younger students. January will find the Grade 3 students following up with the Grade 1's concerning Santa's response to the letters they wrote him in December.

The Grade 4/5 class continues to work on their battery operated cars, part of their science programing. Students actually had a mechanic as a guest to their classroom who provided a lesson on setting the gear on the axle that drives the motor of

their car (something I was told is VERY important!). Car racing should take place in January!

The Grade 4/5 and 6 classes recently completed a 6 week opportunity to take part in musical drama program. Here the children learned about costuming, choreography, dance and professional behavior on stage. The end result was a fantastic performance appreciated by all who attended the Christmas Concert, "The Owl Hoot Country Christmas". The Grade 6

class continues to make pieces of art using pastels, their latest project inspired by Van Gogh's painting the "Starry Night" displays their tremendous growth as artists. Pen and ink drawings on plates, patterned after Greek art completed their art unit for December with more projects to follow in January. We also hoped that you all enjoyed this year's Christmas Concert because family Christmas is part of "The Wildwood Advantage: Small School, BIG Ideas!"

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

		5		3		1		
2	1		9	4			6	3
								2
			5	1	2		4	
	5		4		9			7
9		1			3			5
		7		2	6			4
3	2		1	5	8	6	7	9
5		6	7			2		

**ANSWER:**

4	6	5	2	3	7	1	9	8
2	1	8	9	4	5	7	6	3
7	3	9	8	6	1	4	5	2
8	7	3	5	1	2	9	4	6
6	5	2	4	8	9	3	1	7
9	4	1	6	7	3	8	2	5
1	9	7	3	2	6	5	8	4
3	2	4	1	5	8	6	7	9
5	8	6	7	9	4	2	3	1

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
