NEW 211 SERVICE AVAILABLE FOR YELLOWHEAD COUNTY RESIDENTS

Submitted by Stefan Felsing

Getting to know a new area can be tricky. So can seeking out resources you haven't ever had occasion to use before, or finding your way as a young adult. Even harder is finding yourself in a situation where you need a little help, but don't know where to turn. A new service offered by a coalition consisting of Yellowhead County, Hinton, and Edson municipalities is aiming to make it all a little easier. "This

is a great service for Yellowhead County residents who may need any sort of local health and social services and don't know where to find them," says Yellowhead County Mayor Gerald Soroka. "Not only will this help our residents find the resources they need, it will help us identify and track emerging issues and help us in identifying any gaps in the services available."

Using HEY211 is easy. Call from any phone line in the area, land or cellular, and connect with a live operator who is there

to help you. Just dial 211, confirm you're a person by pressing one, and talk to the operator who will help you connect you to the resources you need right in your community.

And if your immediate community doesn't have what you're looking for, our directory will offer services in neighbouring communities, bridging the gap and bringing all three communities' essential services into one convenient point of contact.

CANADA SUMMER JOBS 2017

Submitted by **Jim Eglinski, MP – Yellowhead**

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is inviting local employers to apply for funding through Canada Summer Jobs (CSJ) 2017 to help create jobs for students next summer. Budget 2016 added \$113 million per year for three years to the existing CSJ base funding of \$107.5 million, doubling the number of students employed each year.

The Canada Summer Jobs initiative provides funding to not-for-profit, public-sector and small private-sector employers with 50 or fewer employees. It creates summer job opportunities for young people 15 to 30 years of age who are full-time students intending to return to their studies in the next school year.

“As in previous years, we are focusing on local priorities in the Yellowhead riding. This program will help provide experience and skillsets to students today so they

can qualify for the relevant jobs in the future,” said MP Eglinski.

The application period for Canada Summer Jobs 2017 will take place earlier this year, running from December 5, 2016 to January 20, 2017. This will ensure students may be hired beginning in April 2017. Eligible employees can apply online at: www.service-canada.gc.ca/csj or print off an application form from the website. Applications are available at any Service Canada Centre.

New 211 Service Available for Yellowhead County Residents

Continued From Page 1

Also available through this new service is an anonymous chat service and an online directory. The service is accessible to teletype devices and offers support for many languages.

For more information, please contact Wendy Robinson, 780-325-3782 or 1-800-814-3935,

wrobinson@yellowheadcounty.ab.ca

What is HEY 211? HEY211 represents a collaborative initiative by the municipalities of Hinton, Edson, and Yellowhead County to provide an all-in-one directory resource for important area services. At launch, the directory will include information on area services ranging from social sup-

ports to municipal services, with the potential to add more variety of information in the future. Dialing 211 anytime, from anywhere within the West Yellowhead, will connect users with a live agent who has access to the combined networks of our three communities. Also available online is a free anonymous chat service for those who just need someone to talk to.

JOKE OF THE WEEK

A young man excitedly tells his mother he's fallen in love and is going to get married. He says, "Just for fun, Ma, I'm going to bring over three women and you try and guess which one I'm going to marry." The mother agrees. The next day, he brings three beautiful women into the house and sits them down on the couch and they chat for a while. He then says, "Okay, Ma. Guess which one I'm going to marry." She immediately replies, "The red-head in the middle." Stunned, the young man says, "That's amazing, Ma. You're right. How did you know?" "I don't like her," she says.

LOOMING FISCAL CRISIS

Submitted by Jim Eglinski, MP – Yellowhead

Just over a year ago, Canada's economy was the envy of the world, as our Conservative government proudly balanced the federal budget. All that hard work was quickly undone by the new Liberal Prime Minister.

The Federal Finance department during the Christmas break released a new report stating we will now have annual budget deficits for the next quarter century, a predicted culminated federal debt of \$1 trillion in the next 15 years and we will likely see a tripling of current debt levels to \$1.5 trillion by 2050. If Prime Minister Justin Trudeau stays on course, Canada may not see another balanced budget until the year 2055. In fact, analysts are predicting bigger deficits could lead to the collapse of our economy.

This week we learned from the

Parliamentary Budget Office that the stimulus measures from infrastructure spending will likely be delayed. The government committed \$186 billion over 11 years in last fall's fiscal update. The economic impact of this is now projected for later 2017 and into 2018.

How can Justin Trudeau pull out of this self-inflicted economic tailspin? He can stop his reckless spending, or, raise taxes. Unfortunately we've already seen which choice he prefers.

Future generations will be on the hook and his spending is putting programs that provide financial security to those who are entering their golden years at risk.

Justin Trudeau's out-of-control spending and continuing tax hikes are sending Canada on a dangerous path. What happened to the Liberal promise to balance the budget before the next election?

SENIORS STAY INDEPENDENT WITH NEW LOAN PROGRAM

Submitted by Tim Chu, Press Secretary, Seniors and Housing

More than 800 applications have been received since the program's launch on July 1, 2016, and the government has paid out more than \$5 million in loans and about \$230,000 in grants. Approximately 10 new applications arrive each day.

"Seniors built this province and they deserve to retire in dignity. Thanks to our government's SHARP program, Alberta seniors can receive the financial assistance they need to repair or adapt their homes, supporting them to age in the community." - Lori Sigurdson, Minister of Seniors and Housing

"It's really given us a new lease on life, so to speak. Instead of moving into a care facility, we can stay in our home—close to our family and friends, for as long as our health allows." - David and Jill Osborne, recipients of the home-equity loan

The Seniors Home Adaptation and Repair Act includes measures to protect consumers, including a provision to review the costs of repair projects to ensure they are fair.

Quick facts

- The program provides low-interest home equity loans to a maximum of \$40,000 per household to seniors with a household income of \$75,000 or less. Homeowners must have at least 25 per cent home equity.

- Low-income seniors who do not qualify under the loan program may be eligible for a grant to help pay for essential home repairs.

Most requested repairs or adaptations include:

- House roof
 - Windows
 - Flooring
 - Furnace
 - Hot water tank
- Average loan amount:
- \$16,000 (couple)
 - \$13,100 (single)

A Sherwood Park couple have a new stair lift thanks to a home equity loan under the Seniors Home Adaptation and Repair program.

Testimonials

"Thank you for working on my horses at the CBHI 2016. They all benefited and were feeling great. The treatment I had myself was so amazing and beneficial. I was experiencing vertigo and feeling nauseous within a half an hour I was feeling so much better and my weekend was great. I did not feel tired and felt very energized. I did have a headache for a short time, a little ache in my shoulder area but that all was very short lived and did not interfere with my day. I really liked my treatment and as a massage therapist would highly recommend this treatment. Thank you Shirley." -Tanya Likes

"I have had BRUTAL sciatica and neck pain for years...chiropractic manages it for brief periods of time...I had one hour long treatment by Shirley Mazeppa and can honestly say I had no pain for weeks after!!!! Improved my mood and allowed me to have day to day tasks not be painful let alone ride!!!! SOOOOOOOOOOOOOOOOOOOOOOOOOOO looking forward to my next treatment!!!!!" -Jody Poulin

"I am in disbelief, Shirley Mazeppa brought her PEMF machine to Thorsby where I was competing in a horse event. I have arthritis in both my knees and I was really feeling the hurting today. Shirley hooked me up for 40 minutes on Saturday afternoon, it's now Monday evening and I am still PAIN FREE, my knees feel great. I'll be making a trip to Shirley's next time I start feeling that pain, I won't try to handle it again. Thanks so much Shirley" -Debra Rowney

OPINIONS PLEASE!

The Grade five/six class from Evansview School enjoyed the planetarium experience at Tipple Park Museum. They viewed the night sky and made crafts based on the constellations.

Submitted by Shayna Powell, Museum and Farmers' Market Manager

The volunteers at Tipple Park Museum are looking for innovative and

creative ways to display our historical machinery on site. Our current pole shed that is being used to house our machinery has raised questions of safety, vandalism and age. Different suggestions have been made that some of the machinery could be set up in front of the main building to draw attention to the park, machinery to be placed throughout the park in a sporadic nature upon platforms or to replace and/or refurbish the current pole shed. We are asking the public's opinion and appreciate your input; please contact the museum to let your opinion be known.

We are also asking local farm families to consider donating older farm equipment that is representative of our agricultural history. We would then place it in a prominent place in our park with public acknowledgement. Please do not think of what it is now, but what it could be. We have three local volunteers that are currently undertaking the refurbishing of one of our grain wagons; we are looking forward to putting this wagon on display. If you have wood building, welding or refurbishing skills contact us, because we need you!

We are pleased to announce that the planetarium was a huge success and we are looking forward to our bird exhibit that will be ready for public viewing next week. If you have any local bird mounts, nests or interesting bird paraphernalia that you would be willing to lend to the museum to help enhance our exhibit, please stop on by.

Lastly, we are always looking for information on our community's family histories. If you have archival documentation, pictures or stories of historical significance to our area, please share with us. Our community has a rich and diverse history that is riddled with interesting characters. Our history needs to be shared and celebrated. Contact Tipple Park Museum at 780-727-2240 or at tippelparkmuseum.com

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

	5							
		2				8		
4	6	8					1	7
						4	2	5
1		3					9	
5				7		3		1
			4		7			
7			1	6		2		9
8	4		9		5	6		

ANSWER:

2	9	6	4	3	7	1	5	8
7	3	5	1	6	8	2	4	9
8	4	1	9	2	5	6	7	3

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
