## CANADA SUMMER JOBS 2017 APPLICATION PERIOD EXTENDED TO FEBRUARY 3, 2017

**Submitted by Jim Eglinski, MP – Yellowhead**

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform all not-for-profit organizations, public-sector employers and small businesses with up to 50 employees looking to hire students for summer 2017 that the application to apply for funding under the Canada Summer Jobs program has been extended to

February 3, 2017.

Applicants approved for funding will be able to hire students as early as April 2017.

The Canada Summer Jobs initiative provides funding to not-for-profit, public-sector and small private-sector employers with 50 or fewer employees. It creates summer job opportunities for young people 15 to 30 years of age who are full-time students intending to return to their studies in the next school

year.

"As in previous years, we are focusing on local priorities in the Yellowhead riding. This program will help provide experience and skillsets to students today so they can qualify for the relevant jobs in the future," said MP Eglinski.

Eligible employees can apply online at: [www.servicecanada.gc.ca/csj](http://www.servicecanada.gc.ca/csj) or print off an application form from the website. Applications are available at any Service Canada Centre.

## JOKE OF THE WEEK

One day my mother was out, and my dad was in charge of me. I was maybe 2 1/2 years old. Someone had given me a little ‘tea set’ as a gift, and it was one of my favourite toys. Daddy was in the living room engrossed in the evening news when I brought Daddy a little cup of ‘tea’, which was just water. After several cups of tea and lots of praise for such yummy tea, my Mom came home. My Dad made her wait in the living room to watch me bring him a cup of tea, because it was ‘just the cutest thing!’ My Mom waited, and sure enough, here I came down the hall with a cup of tea for Daddy; and she watched him drink it up. Then she said: (as only a mother would know), “Did it ever occur to you that the only place she can reach to get water is the toilet?”

# THE ROLE OF THE CARBON TAX IN ALBERTA'S CLIMATE LEADERSHIP PLAN

Submitted by Hon. Oneil Carlier, Whitecourt-St. Anne

As the government of British Columbia approved Kinder Morgan's pipeline, we are closer than ever to breaking our landlock and fixing a problem that has dogged our province for decades.

And that wouldn't have been possible without Alberta's Climate Leadership Plan, designed to take action on climate change and protect the province's health, environment and economy.

This approval is another important step forward towards the completion of this critical project for the Canadian economy.

We are getting closer to bringing Alberta's product to tidewater and this is good news for the communities of Whitecourt-St. Anne.

I do believe that Alberta and British Columbia share a commitment to creating jobs and

economic opportunities for families as well as a deep environmental ethic.

Working families shouldn't have to choose between good jobs and the environment. World-class environmental standards and a strong economy that benefits working people must go hand-in-hand.

Our province and economy need a made-in-Alberta solution to climate change. Not only is taking action the right thing to do, inaction runs the risk of policies or penalties being imposed on Alberta or on our products. Having a credible climate change policy improves our international reputation as an energy provider.

Energy wide carbon pricing is the most effective way to reduce emissions at the lowest total cost to the economy, as it provides an incentive for everyone, including households, businesses and municipalities to reduce greenhouse gas emissions that

contribute to climate change. A carbon levy will also encourage innovation and diversification of our economy.

The Alberta government is also protecting our oil industry by helping it be a leader. Our climate change policies, including the carbon levy, have helped get a number of pipelines approved. We have also seen corporate investment in the past few months. Some recent announcements include Cenovus increasing capital spending by 24 per cent in 2017, SemsCAMS announced a new sour gas plant in the Wapiti area, and 149 new wells have been approved under the modernized royalty framework, each one supporting 135 direct and indirect jobs and about \$4.5 million in spending.

Revenue from the carbon levy will pay to help to diversify our energy industry and our province's economy as a whole. This includes boosting electricity generation from renewable

sources to 30 per cent by 2030, up from just 10 per cent at present. This will provide significant investment opportunities of at least \$10.5 billion and create at least 7,200 new jobs as projects are built.

Albertans stand to gain with the carbon levy rebate. Approximately 1.13 million individual carbon rebate payments have been issued since Jan. 5 via direct deposit and cheques, including thousands in Whitecourt-St. Anne constituency.

These rebates are intended to help lower- and middle-income households adjust to the carbon levy and invest in increasing energy efficiency at home.

As we continue to reap the rewards of our Alberta-made solutions, we know that we can continue to support a strong and prosperous oil and gas sector while taking steps to reduce our carbon emissions.

# BARRHEAD ROTARY MUSIC FESTIVAL: CELEBRATE THE ARTS

Submitted by Ruth Bohn

Our Barrhead Rotary Music Festival happens March 8-16. We are part of the Alberta Music Festival Association and promote appreciation and participation in music and speech arts.

Participants from Barrhead, Westlock, Neerlandia, Fort Assiniboine, Rich Valley, Oneway and surrounding communities are encouraged to share in the areas of speech arts, piano, vocal, and instrumental. This gives you the opportunity to demonstrate and celebrate your literary and musical talents. You perform before a live audience and are given positive and informed feedback which will inspire more creativity.

A number of scholarships and awards are available and the opportunities exist for recommendation to the annual Provincial Music

Festival held in May in Edmonton.

You can enter Public Speaking, Creative Storytelling, Solo or Group Scenes, Improvisation, and Poetry Recitation. You may wish to perform solo or with a group in an ensemble category. For those who would like to sing and play an instrument, there are categories for self-accompaniment. Vocalists or Pianists may enter solos, duets, or trios. There are also categories for choirs and bands, both school and community. We are encouraging church choirs, community groups, garage bands, and 4-H public speakers to enter our Festival.

You may view the provincial syllabus at [www.albertamusicfestival.org](http://www.albertamusicfestival.org) and obtain entry forms and a fee schedule at the Barrhead, Neerlandia and Westlock Public Libraries, Rich Valley, Dunstable, Busby, and Canadian Covenant Reformed Schools, or phone the Entry Sec-

retary, Jennifer Thomas 780-305-3153 to obtain copies or further information. The entry deadline is February 1. Please visit our Facebook page for more information.

It is wonderful to showcase our

local talent. We encourage all of you to attend at least one of the sessions and appreciate the many budding artists and musicians in the Barrhead area. Come and celebrate the arts this March 8 -16!

## The OJSH Kitchen is Open for Business

Continued From Page 1

Also, Mr. Galliford has long time work experience student Austin Ertman helping out. Austin, presently in Grade 12, has been doing work experience with Mr. Galliford for 4 years.

The Kitchen is emphasizing healthy choices for the school community. The Kitchen opens at 8:00 a.m. for breakfast and coffee, hot chocolate, water or juice and remains open until 4:00 p.m. so that students and staff can have a filling and nutritious lunch as well as snacks throughout the day.

Mr. Galliford said he was very excited to have the Kitchen open and is looking forward to the year to come, offering good meals and snacks for good value with an emphasis on healthy choices and smaller portion size. As part of the emphasis on healthy choices, the Kitchen will be offering more baked goods as opposed to deep fried fare. Mr. Galliford has eliminated the slushie machine in favour of healthful smoothies. Every week, a different smoothie fla-

vor is offered. So far, the smoothies have been an overwhelming favourite of students.

Mr. Galliford and his staff also supply the Library Commons café with other, alternate healthy items. The Library Commons café is run by the Grade 10 Business class at lunch and into the early afternoon.

# WHY IS THE FEDERAL GOVERNMENT PUNISHING SMALL BUSINESSES?

Submitted by Jim Eglinski, MP – Yellowhead

Every summer Canadians enjoy the outdoors using the many services provided by campgrounds across the country. Unfortunately, the Liberals are showing total disregard by ending the review of 'active' versus 'passive' business-income rules that would have allowed small businesses like campgrounds to access the small business tax rate.

The Liberals are unfairly targeting

campground owners and other small operations by saying that they are too small to be classified as a 'small business'. Campground owners, they say, don't have enough full-time employees to qualify. They are doing this because they think that owning a campground is 'passive,' not 'active'. What the Trudeau Government is actually saying is that campground owners don't have to work to maintain their property.

I beg to differ. Campground owners wear many hats. They are landscap-

ers, janitors, accountants and security guards, making sure they provide a safe, clean and fun atmosphere for your family to explore the outdoors.

Our Yellowhead riding is known world-wide for our natural beauty. People from all over the world visit our riding to experience the unique landscape we have to offer. Our campgrounds provide a way to interact with nature on a personal level.

Tourism is a major industry in our region. If tourism accounts for 4.3% of

Alberta's economy, then why does this Federal Government want to raise taxes on campgrounds, a driving force of this industry? This will severely harm campground owners.

There are many small businesses, small family businesses, as well as mom-and-pop operations that are also being unjustly punished by the Liberals. Is this tax hike on campgrounds just a sign of what is to come for other small businesses?

# NOMINATIONS FOR CANADA'S VOLUNTEER AWARDS

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to announce that the call for nominations for Canada's Volunteer Awards is now open and will run until February 3, 2017.

"Canada's Volunteer Awards recipients are nominated by Canadians, for Canadians. This is the chance for all Canadians, and particularly in my Yellowhead Riding to nominate a volunteer, a not-

for-profit organization that helps to find innovative solutions to social challenges, or a business that demonstrates social responsibility in the community. This is your opportunity to acknowledge young volunteers," stated MP Eglinski.

In honour of the 150th anniversary of Confederation in 2017, the Emerging Leader category has been expanded from one national to five regional awards in order to recognize young volunteers for their contributions to their communities.

This year, 21 awards will be presented, and award recipients will have the

opportunity to identify a not-for-profit organization of their choice to receive a \$5,000 or \$10,000 grant.

Awards will be presented in the following categories:

- One (1) national award – Thérèse Casgrain Lifelong Achievement Award.
- Five (5) regional awards – Emerging Leader, for young volunteers aged 18 to 30.
- Five (5) regional awards – Community Leader, for individuals or groups of volunteers.
- Five (5) regional awards – Business

Leader, to recognize businesses that demonstrate social responsibility.

• Five (5) regional awards – Social Innovator, to recognize the contributions of not-for-profit organizations.

"I encourage my constituents to nominate a volunteer, a not-for-profit organization or a business today," concluded MP Eglinski.

For more information and to submit a nomination, visit: [www.Canada.ca/volunteer-awards](http://www.Canada.ca/volunteer-awards)

Thanks to our sponsors and fundraising the front door renovations have begun. Doroschuk Construction has removed existing siding and framed the openings for a new window and door which has been ordered and should be delivered early in February. The wheelchair ramp will not be completed until winter has passed due to the high cost of hoarding and heating during construction. We appreciate your patience and hopefully any

I did have a headache for a short time, a little ache in my shoulder area but that all was very short lived and did not interfere with my day. I really liked my treatment and as a massage therapist would highly recommend this treatment. Thank you Shirley." -Tanya Likes

# RCMP OFFICER-INVOLVED SHOOTING JUSTIFIED

Submitted by Lynn Neufeld, Alberta Serious Incident Response Team

On May 22, 2015, pursuant to section 46.1 of the Police Act, the Director of Law Enforcement directed the Alberta Serious Incident Response Team (ASIRT) to investigate the circumstances surrounding an RCMP officer-involved shooting of a 47-year-old man near Morinville, Alberta.

On that date, members of the Morinville RCMP detachment attended a rural home after receiving a 911 call from a family member who was concerned for their safety. Police were advised that a male relative, who was prohibited by a court order not to attend the residence, was on the property. The man, having a medical condition, was acting out of character and it was believed that he may have stopped taking his medication.

At approximately 7:33 p.m., four officers arrived at the family home. As the officers were searching through the house and outbuildings in an attempt to locate the man, they heard yelling coming from a neighbouring property to the south. Two officers responded to the neighbouring home while the other two officers completed the search. Upon determining that the man was not there, the two remaining officers drove over to the neigh-

bouring property.

At approximately 8:04 p.m., a call for a canine unit was made to assist in locating the man. While waiting for the unit to arrive, a man was spotted in a field to the south of the officers' position. They called out to the man who yelled, then bent over and picked up two long-barrelled firearms, holding one in each hand. He then turned and walked away from the police. Officers requested assistance from the Emergency Response Team (ERT). Two officers ran towards a tree line in the field to try and maintain sight of the man. The remaining two officers stayed behind by the police vehicles for cover and to monitor and maintain radio communications for updates.

The officers continually communicated with the man attempting to de-escalate the situation, telling him he was under arrest requesting he put down the guns and surrender.

As the two officers arrived at the tree line, the man stopped and turned around to face them. It appeared the man was loading one of the firearms. One officer yelled out to warn the others while he ran along the tree line moving through the field continually monitoring the man's actions. When he saw the man stop, turn and face him again, he took refuge along a small dirt and clay berm which only blocked the view of approximately half of his body. The officer was aware that from the distance involved, it would be possible that a bullet could penetrate through the dirt or clay. When the man raised his firearm and pointed it in the direction of the officer, the officer fired a single round from his carbine rifle. The man fell to the ground.

The officers requested the immediate attendance of the ERT team again and emergency medical services (EMS) personnel.

# RCMP Officer-Involved Shooting Justified

Continued from Page 10

The officers on scene could see the man moving his arms and torso on the ground but were unable to determine the extent of the injuries or where the two firearms seen earlier were in relation to the man, and whether he could access them from where he was on the ground. There was no reasonable safe place available in the open field for the officers to move closer to the man to offer medical assistance, without placing themselves in potential jeopardy. The man was repeatedly asked to show his hands and move away from any firearms or crawl towards the officers so that medical assistance could be provided, but there was no response.

An RCMP aircraft arrived on scene to provide additional support. The aircraft observer could see the man moving, and a rifle was observed to be approximately three meters away from him. There was also a backpack type item noted at the man's feet. The second firearm could not be seen.

Within minutes of having seen the man moving on the ground, an ERT armoured vehicle drove through the field, approached the man and found him motionless. When ERT members had the man secured, emergency medical assistance was immediately initiated by ERT medics, and EMS personnel were called in to provide medical treatment.

EMS personnel began performing lifesaving techniques on the man; however, they were unable to resuscitate him. EMS personnel contacted On-Line Medical Control and the decision was made to cease resuscitation efforts, declaring the man deceased.

The autopsy report confirmed the man died as a result of a single gunshot wound to the abdomen. Toxicology tests also determined the presence of methamphetamine in his body.

The 47-year-old man had a lengthy and troubled history of significant mental illness and conflict with the law. He had a documented history of psychotic and mood related behavioural issues and delusional thoughts for which his family had repeatedly sought help. Within the preceding year, the man had previously made comments that he would not be able to handle going to jail, that he hated police, and that he had had suicidal thoughts. He was supposed to be under psy-

chiatric care at the time of his death.

ASIRT executive director, Susan D. Hughson, Q.C., received the completed investigation and after a careful review of the evidence has confirmed that the officers involved were acting lawfully and the use of force was reasonable and justified in all the circumstances.

The loss of a life is always a tragedy and this case was no exception. The troubled man had a family that loved him and had

attempted to get him help for his mental health issues. On behalf of ASIRT, Ms. Hughson extends her deepest condolences to the family and friends of the deceased.

ASIRT's mandate is to effectively, independently, and objectively investigate incidents involving Alberta's police that have resulted in serious injury or death to any person, as well as serious or sensitive allegations of police misconduct.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

	4					3	7	2
		7	4	3		9		
2	1		9					
9	3			5				1
7	8				6			9
			1		9			
3				8				
5			6			2	3	4
						6	8	7

**ANSWER:**

6	4	9	8	1	5	3	7	2
8	5	7	4	3	2	9	1	6
2	1	3	9	6	7	4	5	8
9	3	6	2	5	8	7	4	1
7	8	1	3	4	6	5	2	9
4	2	5	1	7	9	8	6	3
3	6	2	7	8	4	1	9	5
5	7	8	6	9	1	2	3	4
1	9	4	5	2	3	6	8	7

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
