STEP 2017 CREATES JOBS FOR ALBERTA'S STUDENTS

Submitted by Alberta Government

Thanks to recent improvements to the application process, it's now easier than ever to apply for STEP. The program provides funding to eligible Alberta employers to hire summer students. Employers receive a \$7-per-hour wage subsidy to provide students with work experience from May to August.

Labour Minister Christina Gray meets with a kindergarten student and employee at the Jasper Place Child and Family Resource Centre. The permanent staff member was a STEP student at the centre in 2016.

CRIME SPREE NEAR BRETON

Submitted by Thorsby/Breton RCMP

On January 28th, 2017 at 1:30 A.M. the area of Breton was subject to numerous break and enter and thefts along highway 20 and highway 616 near Range Road 50.

A group of individuals who were occupants in a dark green 1999 Jeep Cherokee, which was stolen out of Spruce Grove on January 27th, 2017 at 7:10 A.M., made stops at two different property only few miles south of Breton on highway 20 where they stole diverse items and attempted to steal jerry cans of fuel.

The perpetrators were seen by one of the property owners where they broke into a garage in an attempt to steal fuel. After being caught in the garage, they

The perpetrators were again chased from the property by the owner, who fired a shot at the vehicle's tire. The perpetrators were attempting to steal fuel and while attempting to flee from the property almost ran over the property owner.

The vehicle was later located in the alley north of 53 Avenue in Breton.

Search of the vehicle revealed that the vehicle had initially left Spruce Grove after being stolen and had headed to Onoway's Shell gas station located at 4921 49 Street.

It was also found that on the same day, at approximately 6:23 P.M., the vehicle had travelled to Calgary where it had stopped at

STEP 2017 Creates Jobs For Alberta's Students

Continued From Page 1

"We're pleased to help students access job opportunities through STEP again this summer following a successful relaunch last year. This program helps young Albertans develop important job skills on the road to rewarding careers, while also helping employers hire the staff they need. I encourage employers to apply and support our future generation of bright Albertans." - Christina Gray, Minister of Labour

"The Jasper Place Child and Family Resource Society is a not-for-profit organization that has been serving families with young children and the west Edmonton community for more than 40 years. The centre has benefitted from STEP for many years. The ability to provide summer employment for students in their area of study supports their learning, preparing them to enter the workforce with the knowledge and skills needed to

be successful." - Adine Shuchuk, Executive Director, Jasper Place Child and Family Resource Centre

"Our business was fortunate to receive a STEP grant to hire a mechanical engineering student last summer. He was a great addition to our team, and we were delighted to hire him back short-term. He was able to learn more about this career field and is now pursuing a career as a military engineer. We're very proud of him and pleased we were able to support his career goals through STEP. We look forward to applying again this year." - Dennis Plaizier, Managing Director, Hydro Scotford

The program is part of the Government of Alberta's "Future Ready" effort to co-ordinate education and training from kindergarten to work so all Albertans have the knowledge and skills they need to succeed in a changing economy.

Last year, STEP helped approximately 2,700 students connect to valuable work experience with more than 1,200 employers across

the province. The program is available to small businesses, non-profit organizations, public libraries, school boards, publicly funded post-secondary institutions, municipalities, First Nations and Métis settlements.

STEP has been slightly changed this year to better support students and ensure as many employers as possible can participate. Minor administrative changes will also improve the application process, making it simpler for employers to hire multiple students under the program.

The program was restored in 2015 after being cut in March 2013 by the previous government. The Alberta Jobs Plan has \$10 million budgeted for STEP each year, starting in 2016-17.

Employers interested in hiring a student for 2017 are encouraged to apply as soon as possible. Applications must be submitted before the Feb. 24, 2017 deadline. Application forms are available online at AlbertaCanada.com/STEP.

JOKE OF THE WEEK

My high-school English teacher was well known for being a fair, but hard, grader. One day I received a B minus on a theme paper. In hopes of bettering my grade and in the spirit of the valentine season, I sent her an extravagant heart-shaped box of chocolates with the pre-printed inscription: "BE MINE." The following day, I received in return a valentine from the teacher. It read: "Thank you, but it's still BE MINE-US."

RECREATIONAL VEHICLE USERS REMINDED TO KEEP OFF THE CROPS

Submitted by Katherine Degaust

This weekend's weather forecast is calling for higher temperatures than our region has experienced in weeks, and recreational vehicle users will likely be taking advantage of the warmer conditions.

Leduc County would like to remind users that some crops are still in-field and recreational vehicle usage should remain limited to highways and ditches, where permitted.

"Certain crops throughout the county have not yet been harvested, and some of these crops will still be viable in the spring. We've received a lot of positive reactions to this campaign, and would like to thank recreational vehicle users for their continued support of our local producers." - Garrett Broadbent, Director of Agricultural Services

"In Leduc County, recreational vehicles, including quads, dirt bikes, snowmobiles and other ATVs, are not permitted on any private property, public park, environmental reserve, recreation or exhibition grounds, municipal reserve or municipal and school reserve. Users are permitted; however, to ride in single file in the ditches along local county roads or in the parking lane of a road if they need to bypass a hazard or obstacle in the ditch." - Clarence Nelson, Director of Enforcement Services

In November, Leduc County launched its keep off the crops campaign due to an extremely wet

growing season. As of Jan. 2017, an estimated 25 per-cent of crops in Leduc County remain in-field.

WHY IS THE FEDERAL GOVERNMENT PUNISHING SMALL BUSINESSES?

Submitted by Jim Eglinski, MP – Yellowhead

Every summer Canadians en-

joy the outdoors using the many services provided by campgrounds across the country. Unfortunately, the Liberals are

showing total disregard by ending the review of 'active' versus 'passive' business-income rules that would have allowed small

businesses like campgrounds to access the small business tax rate.

The Liberals are unfairly targeting campground owners and other small operations by saying that they are too small to be classified as a 'small business'. Campground owners, they say, don't have enough full-time employees to qualify. They are doing this because they think that owning a campground is 'passive,' not 'active'. What the Trudeau Government is actually saying is that campground owners don't have to work to maintain their property.

I beg to differ. Campground owners wear many hats. They are landscapers, janitors, accountants and security guards, making sure they provide a safe, clean and fun atmosphere for your family to explore the outdoors.

Our Yellowhead riding is known world-wide for our natural beauty. People from all over the world visit our riding to experience the unique landscape we have to offer. Our campgrounds provide a way to interact with nature on a personal level.

Tourism is a major industry in our region. If tourism accounts for 4.3% of Alberta's economy, then why does this Federal Government want to raise taxes on campgrounds, a driving force of this industry? This will severely harm campground owners.

There are many small businesses, small family businesses, as well as mom-and-pop operations that are also being unjustly punished by the Liberals. Is this tax hike on campgrounds just a sign of what is to come for other small businesses?

RCMP STOP IMPAIRED DRIVER ON QE2

Submitted by Leduc RCMP

Leduc, Alberta – On January 1 at approximately 6:15 a.m., a Leduc RCMP member, while responding to an unrelated matter, observed a truck with a trailer driving southbound on the QE2 in the northbound lanes. After the truck failed to pull over for the RCMP, a brief pursuit ensued until the Leduc RCMP

member managed to effectively get the truck stopped near the shoulder of the median.

Investigation revealed that the truck was recently stolen out of Edmonton. Several motorists reported that while it was travelling southbound in the wrong lane it narrowly avoided collisions. At one point, a bus travelling northbound had to take extreme evasive action to avoid the truck. "This situation could

very easily have resulted in a fatal collision involving several people," said Inspector Kevin Kunetzki, Leduc RCMP, "but very fortunately it was resolved with no injury or property damage to the general public, the suspect driver, or the police."

23-year-old Jamie Michael Richard Prince of Edmonton is currently facing the following charges as a result of this incident: Dangerous operation of a

motor vehicle, Operation of a motor vehicle while impaired, Operation of a motor vehicle over .08, Possession of property obtained by crime over \$5,000 and Possession of property obtained by crime under \$5,000.

Prince has been released following a bail hearing and is scheduled to appear in Leduc Provincial Court on January 5, 2017.
