SPRUCE GROVE RESIDENT WINS \$100,000 ON SCRATCH 'N WIN

Submitted by Western Canada Lottery Corporation

Brian Leonard was stunned when he realized he had won \$100,000 his CROSSWORD SUPER BALL SCRATCH 'N WIN ticket. Just a moment before, the Spruce Grove man had thought he won \$10,000.

"I was at home when I scratched it," he said. "I uncovered nine words, and I was really happy. And then, I noticed I had missed scratch-

ing out a word."

"After that, I was completely flabbergasted! \$100,000!"

The happy winner plans to use his winnings to pay off a car he recently purchased and to invest some of the money for the future. He also plans to take his family on a vacation.

"I've always wanted to take a family trip to Ireland and Wales," he said. "It's been a dream of mine for some time, and now we can all go!"

Leonard purchased his winning CROSSWORD SUPER BALL tick-

et at the 7-Eleven located at 2 Spruce Ridge Drive in Spruce Grove.

IS YELLOWHEAD RURAL CRIMEWATCH DEAD?

Submitted by Charlotte Winters

Yellowhead Rural Crime Watch needs you! Without an elected executive, Yellowhead Rural Crime Watch is DEAD! The decision is up to you!

The present Executive will not be staying for another term. Both President and first Vice-President have held their positions for 10 years and the Treasurer for 4 years. They will work with a new executive to help with the transition, if a new executive is elected at the AGM. We have many members, but only a few are active. We hold meetings every two months and the computer fanouts are

controlled remotely. We sponsor a poster contest every year. The Executive positions seem to scare people away, but they really are not that time consuming.

The Annual Potluck Supper and Annual General Meeting will be held in the Entwistle Seniors Center on February 25, with a potluck supper at 6 p.m and meeting to follow. If we do not get a new executive, Yellowhead Rural Crimewatch will be dissolved, as laid out in our by-laws. Will the AGM be a service of remembrance or rebirth? Only you as members can keep this group alive! We are 34 years old and may be one of the oldest Crime Watch groups still active. There have been other groups that

have dissolved and then have started up again a few years later.

Back in December of 1982 our name was The Yellowhead Range Patrol Association.

Crime is still out there, area residents had, and still have a distinct advantage over the RCMP because they know their neighbours, the type of vehicles and the activities that are normal in their area. Simply reporting strange activities to the RCMP gives the RCMP a head start on catching the bad guys. By working together in this manner the fight against crime is more effective.

This is your last chance to keep Yellowhead Rural Crimewatch alive!

GET OUT OF THE DOGHOUSE

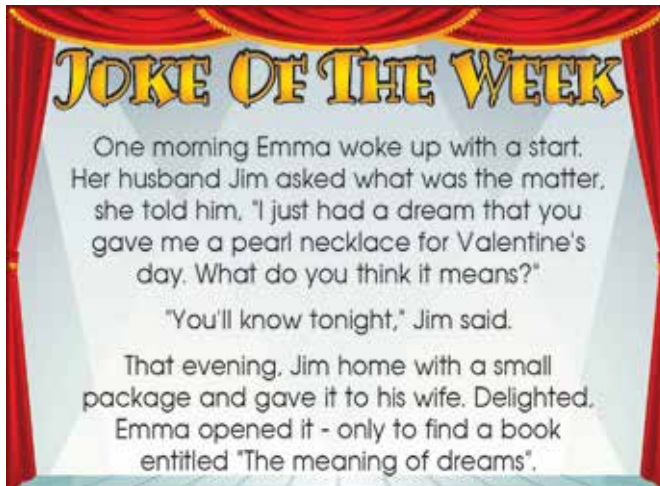

Submitted by **Shayna Powell, Museum and Farmers' Market Manager**

January flew by and we are well into February which means... Valentine's Day is fast approaching. "I'm stressing already," my husband whined when he spotted the garish display in Walmart. It was early January.

"Why would you be stressed? Just stop by the gas station on the 14th and pick something up. Isn't that what you usually do?" I groused.

"Valentine's Day is for lovers", they say. "Bunk!" I say. Valentine's Day is for people who love to plan ahead and for the rest of us it is just a bone of contention. Those of us that are procrastinators or heaven forbid the dreaded

single, are reminded once again how we don't quite measure up. Flower sales sky rocket, candy and Valentine cards fly off the shelves and Facebook is jammed with posts of 'Thank you, honey, sweetheart, baby, blah, blah, blah!' Pictures of fat laden chocolates and bountiful bouquets of flowers with the sickly, sweet praise from the beloved receiver to the giver are broadcast across the globe via the internet. Yuck! That is why we at Tipple Park Museum are not having an event on Valentine's Day, St. Patrick's Day is the day to party in our eyes. Come celebrate with us on March 17th, enjoy a beautiful gourmet dinner complete with wine and dessert. Listen to some live folk music and have a great time for only \$35.00 a plate. If you forgot to do something special for someone on Valentine's Day and are still in the doghouse, this is for you.

JOKE OF THE WEEK

One morning Emma woke up with a start. Her husband Jim asked what was the matter, she told him, "I just had a dream that you gave me a pearl necklace for Valentine's day. What do you think it means?"

"You'll know tonight," Jim said.

That evening, Jim home with a small package and gave it to his wife. Delighted, Emma opened it - only to find a book entitled "The meaning of dreams".

WABAMUN kids can catch

When: Saturday, February 18, 2017 from 10 am to 3 pm
Where: Wabamun Lake (access 50th St., Village of Wabamun)
Parking: Waterfront Park (no event parking on the ice)

Give ice fishing a try!

Always wanted to try ice fishing but just don't have the know-how? This event is for you! How does it work?

- Park at Waterfront Park located at the end of 50th Street in the Village of Wabamun.
- Bring a toboggan to pull your folding chairs, snacks and extra jackets to the event on the ice.
- Sign in at the TransAlta/ACA registration tent.
- Pick up a loaner ice fishing rod and fishing tips from Cabela's.
- Find a pre-drilled ice fishing hole and drop a line.
- Ask roving fishing mentors for help with your rod and reel, ice fishing tips, and how safely handle and release fish.

Afraid you'll get a little chilly? Warm up with free hot chocolate care of Parkland County and try fishing from inside a Cabela's ice fishing tent. There are hot dogs and snacks for hungry anglers, thanks to Wabamun Chamber and ATB. Bring your skates and hockey sticks, too. The Village of Wabamun will clear a skating oval and rink for pond hockey on the lake. The event is on Alberta's Family Fishing Weekend, so fishing licences are not required. Fishing regulations still apply. Wabamun Lake is catch-and-release. Colder than -20? We will cancel the event the day prior if Environment Canada forecasts for Stony Plain a temperature of -20 or below (with or without wind chill). Notice of cancelation will emailed to registrants and posted on albertakidscancatch.com and ACA Facebook and Twitter.

WEDDING GOOD LUCK CHARMS

Couples' wedding days are special moments, ones they hope pave the way to a life filled with happiness and good fortune. That's why the bride and groom surround themselves with close friends and family who want to celebrate and support their new life joined together.

Perhaps due to superstition or tradition, many couples employ some wedding day strategies to increase their good luck. The following are some of the symbols that couples may want to keep an eye out for on the day they walk down the aisle.

· It's good luck for the bride to see a dove on the way to the wedding because doves symbolize peace and prosperity. Because doves mate for life, this symbol is doubly beneficial on a couple's wedding day, as it can be a harbinger of a long, happy marriage and home.

· Some brides believe sugar cubes tucked into their wedding gloves leads to a sweet union.

· Hindu tradition states that rain on a wedding day is good luck. Rain is believed to be a symbol of fortune and abundance, especially after times of drought. What's more, rain can foretell a strong marriage. That's because a wet knot is more difficult to untie.

· Ancient Romans were so concerned with ensuring good luck that they actually studied pig entrails to determine the luckiest time to marry. If they consulted with the English, they might determine that a wedding shouldn't take place on a Saturday, which is unlucky. English tradition states Wednesday is the best day to get married.

· In Holland, well-wishers would plant pine trees outside of newlyweds' homes as a symbol of fertility and luck.

· Grooms may want to give a coin to the first person they see on

the way to their weddings. This is another symbol of good luck.

· Some couples plan to marry during a full moon, because that can symbolize good luck and good fortune.

· On a couple's wedding day, tears from a bride or a child during the ceremony is consid-

ered lucky. English folklore suggests that brides who discover spiders in their gowns are in for some good luck.

· The Chinese believe that lighting fireworks at their wedding ceremonies chases away evil spirits. A red umbrella also might be held over a Chinese bride to

keep bad spirits at bay.

· Many grooms do not see their brides in their wedding gowns before their wedding ceremonies, feeling it is bad luck if they do. Many brides also do not wear their complete wedding outfits prior to their big day.

UNDERGARMENTS CAN MAKE OR BREAK WEDDING LOOKS

As guests' eyes are trained on couples come their wedding days, it is no surprise that both the bride and groom want to look flawless on their big days. Men and women will spend thousands of dollars on clothing, hairstyling, makeup, teeth whitening, fitness classes, and more to ensure they look their best. While couples may be particularly concerned with their wedding day appearance, what they wear under their clothing - particularly for women - can impact how clothes fit and look.

Choosing the right bra or supportive undergarments can play a crucial role in how a gown fits and whether or not brides achieve that picture-perfect look. Wearing the wrong undergarments can negatively affect a bride's appearance and make her extremely uncomfortable. According to a study done by Swiss lingerie

company Triumph, a large number of women are choosing their bras incorrectly. The international survey of 10,000 women found that 64 percent of them are wearing the wrong size bra. If women are wearing the wrong undergarments for everyday looks, it stands to reason that their wedding choices may not be spot on, either.

Undergarments should be purchased and brought to all fittings as soon as a gown is selected. In fact, it often is a good idea to ask the bridal store employees to suggest a bra or corset that will complement the gown and remain invisible beneath the dress. Some shops will make bras available when trying on gowns. Brides are not obligated to purchase undergarments where they purchase their gowns, but take note of the brand and style and find a similar one

elsewhere that fits with your budget if you don't want to buy at the store.

Pay attention to the gown's fabric and how dense it is. Certain shapewear, including bras, that have a lot of boning in them to shape and support the body can show under bridal dresses without a lot of layers. Always try on the bra with the gown to gauge the finished look. You may opt for simpler and plain lingerie styles so that you will be guaranteed a seamless appearance. Nude-colored bras tend to be less noticeable than white. You always can purchase something with more pizzazz to change into for the wedding night. Some dresses with plunging necklines or backless designs may necessitate other options. Sew-in bra cups are another option that can lend invisible support.

Women with more ample busts

may want to select gowns that will allow for bras with supportive straps to be worn. This way there is no worry about strapless bras or other style lingerie slipping down.

In addition to bras, other types of shapewear can enhance certain areas of the body or downplay perceived flaws. Shapewear can smooth and pull in stomachs. Choose boy shorts or thong-style cuts for a seamless finish. Shapers can smooth out bulges on the back, legs and hips, too. There also are special shorts that have some padding in the rear to create a more curvy look.

Bras and other shapewear can make a world of difference in how wedding attire looks and feels. Invest in some quality pieces that will highlight wardrobes to their fullest.

CLEVER TAKES ON THE 'SOMETHING OLD, NEW, BORROWED, BLUE' TRADITION

Wedding day tokens of good luck come in many forms, but “the something old, something new, something borrowed, something blue (a sixpence in your shoe)” adage remains one of the most popular luck-enhancing wedding traditions. According to the bridal resource The Knot, this tradition stems from an Olde English rhyme. Something old represents continuity; something new is for optimism for the future; something borrowed stands for borrowed happiness; and something blue is for purity, love and fidelity. The sixpence in your shoe is a wish for good fortune and prosperity, but this is not a tradition widely celebrated outside of the United Kingdom or British territories.

These traditions can add some creative flair and personality to wedding ceremonies. There’s no end to the inventive combinations of items brides can carry to increase their good fortunes.

Something old

Something old is one of the easier mementos to obtain. There is a good chance that someone in the family is willing to pass an item down to the bride that she can include in her wedding wardrobe. It also can be something the bride may have in her own memory box. Beads taken from a grandmother’s dress or a swatch of fabric from a beloved toy doll are creative ideas that can be sewn into inconspicuous places on gowns.

Something new

Brides already purchase many new items for their wedding day looks, so “something new” should not be too hard to find. Couples may want to work together to find something new they can both carry so they have a matching set upon tying the knot. Interlocking charm bracelets or key-chains may work. What about the groom carrying a small padlock and the bride the key? Quirky couples can each wear one sock from a pair. Get clever and have fun.

Something borrowed

Much like something old, something borrowed is yet another way to pay homage to a friend or family member. It’s also one way to add a sentimental twist to everyday items.

Borrow a grandfather’s handkerchief to wrap around the stems of the wedding bouquet. Exchange vows with the original rings used by a distant relative at their own wedding. Flatter a close friend by wearing the same veil she did.

Something blue

There are many ways to incorporate “something blue” into your wedding ceremony. Brides can paint their toenails blue or wear blue shoes under their gowns. Sew a patch from a pair of denim jeans into the bodice of the dress. Paint the bottom of your shoes bright blue so they stand out when

kneeling at the altar. Blue sapphire or topaz jewelry can add an exotic look to the wedding wardrobe.

With a little ingenuity, brides can easily incorporate “something old, something new, something borrowed, something blue” into their wedding ceremonies.

MP JIM EGLINSKI PARTICIPATES IN THE TAKE-NOTE DEBATE ON JOB LOSSES IN THE ENERGY SECTOR

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: On February 8th, Jim Eglinski, Member of Parliament for Yellowhead, participated in the take-note debate on 'Job Losses in the Energy Sector'. During debate MP Eglinski asked the Leader of the NDP, the

Hon. Thomas Mulcair, the following:

"Mr. Chair, my riding of Yellowhead has not been affected as much as a lot of parts of Alberta, but some of the communities in my riding have. Two-thirds of the community of Grande Cache, a community of 4,500 people, have been without jobs for over two years. The commu-

nities of Hinton and Edson have been taking in residents from Grande Cache, assisting them in trying to find jobs. In fact, one chap worked for me for a couple of weeks until he could find some work. Yet the provincial government has not assisted them. Nor has the federal government.

Could the hon. member tell us

where he sees roles for provincial and federal governments in these communities that are being devastated?"

The Hon. Mulcair's response can be found on page 49 at:

On Monday, I had the opportunity to make a statement in the House of Commons, encouraging my colleagues to support Bill S-217 (Wynn's Law). I also made a statement on Friday congratulating Thorsby on achieving "Town" status, and wishing Drayton Valley a happy 60th birthday! On Tuesday night, an emergency debate was held concerning President Trump's executive order to impose a temporary travel ban on refugees and nationals of seven Muslim-majority countries. I encourage you to visit my Facebook page to hear a powerful speech made during the debate by our Immigration, Refugees and Citizenship Critic, the Honourable Michelle Rempel (www.facebook.com/jimeglinski.mp).

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
