KINDERGARTEN AND GRADE ONE COMMUNITY EXPERIENCE

Submitted by Jonie Gerspacher, ECS and Grade One Teacher | Wildwood School

Our latest Kindergarten and Grade One community experience

here at Wildwood School was... we went curling for three days this past month at the Wildwood Complex! The students were guided and supported by a number of parent volunteers and members of

the Wildwood Curling Club each day. We would like to thank all those that could take time from their busy schedules to help us learn more about this community experience.

QUICK RESPONSE DETERMINES ODOUR NOT A THREAT

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

On April 10, 2017, at 10:00 pm, the Yellowhead County Fire Department (YCFD) was dispatched to an ammonia odour in the vicinity of 56 Avenue and 50th Street in Wildwood and performed a brief perimeter evacuation while the cause of the smell was determined.

The ammonia detected in the air was determined not to be a leak, but was caused by residual amounts from standard maintenance performed earlier that day

at the Wildwood Rec-Plex and carried into the air through the facility's venting system.

YCFD firefighters from several stations used gas-detection equipment and computerized plume-modeling to determine the amount of the ammonia in the air. They were able to declare the area safe and allow residents to return to their homes by 1:00 am. Specialized hazardous materials technicians from Edmonton were called in to assist YCFD to ensure the area was safe.

The vapour was caused by residual ammonia left in the ice-plant system at the Rec-Plex

earlier that day that eventually boiled-off and vented through the high-purge system. The heavy night air likely carried the ammonia vapour down, causing it to be noticed in the nearby area.

Although the ammonia vapour was enough to be a cause for a response, the quantities in the air were low, and not enough to cause harm or be considered a threat to the well-being of nearby residents.

The initial actions to evacuate were focused on the safety of the general public and to mitigate any potential risks to the public.

LIBERAL FEDERAL GOVERNMENT MUST APPOINT MORE JUDGES

Submitted by Jim Eglinski, MP – Yellowhead

On March 24th, three appointments under the new judicial application process were announced to the Justice of the Court of Queen's Bench in Alberta. The appointments went

to:

The Honourable Marilyn Slawinsky, in Red Deer; Ritu Khullar, Q.C., in Edmonton; Michele H. Hollins, Q.C., and William T. deWit, Q.C., both in Calgary.

The number of federally appointed judges per province, as

of March 1, 2017, can be found at:

<http://www.fja-cmf.gc.ca/appointments-nominations/judges-juges-eng.aspx>

This is good news for Alberta's judicial system. Filling vacancies in a timely manner ensures that criminal cases, especially the most serious cases, are properly addressed by the courts. Our Conservative Party believes that criminals, not their victims, should be punished for their crimes.

However, there are more vacancies that must be filled. Serious criminal cases are being thrown out due to delay and thousands of more cases across Canada could be tossed out.

The Minister of Justice owes it to victims of crime, and indeed all Canadians, to act now and fill the vacancies.

TWIN FIDDLE EXPRESS

Submitted by Corrine Paradis

Renowned Canadian Fiddle Champion Scott Woods and his band present Twin Fiddle Express! This uplifting 2 hour Branson-style live show celebrates the wonderful sound of two fiddles played sweetly in harmony – with lots of Traditional Country, Western Swing, Country Gospel and Old Time Fiddle tunes. Enjoy sensational step dancing, wholesome family humour and Scott's famous trick fiddling – somersaults & walking on a barrel – all while playing his fiddle!

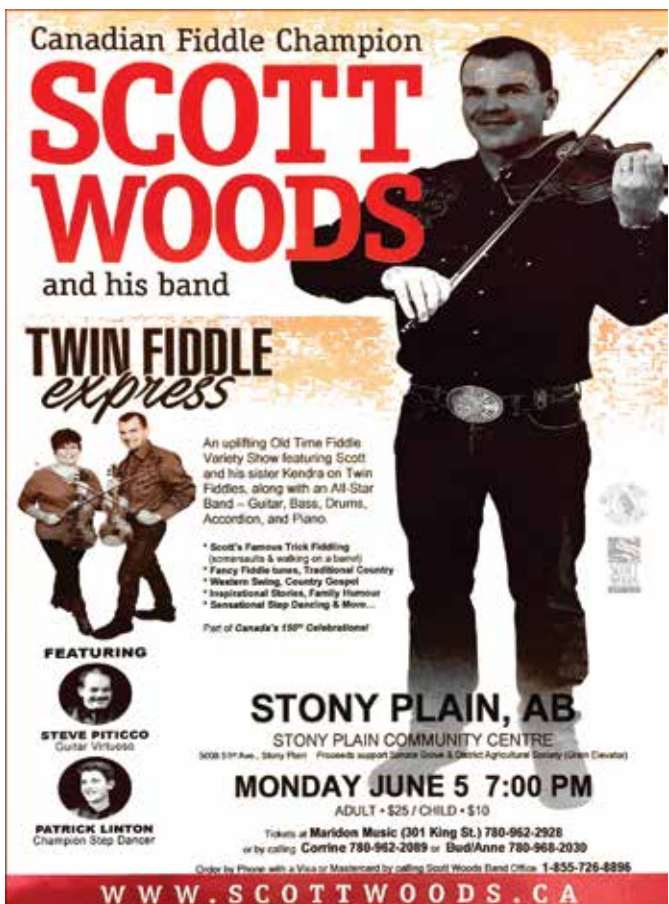

Joining Scott onstage in Twin Fiddle Express is:

His sister, Kendra (Woods) Norris – a multi-instrumentalist and certainly no stranger to old time fiddling, having won the Canadian Duet Fiddle Championship title 3 times with Scott as well as several solo wins in various classes including the 2016 Canadian Open (19-55 division). Also onstage are Canadian Country Music Award Winner and Guitar Player of the Year, Steve Piticco; Bass Player, Step Dancer and Vocalist, 18-year-old Patrick

Linton and keeping the band in time is drummer / vocalist Bill Carruthers.

Scott Woods is a two-time winner of the Canadian Open Fiddle Contest, two-time winner of the Canadian Grand Masters Fiddle Championship as well as Fiddle Entertainer of the Year. He is known affectionately as 'The Flippin' Fiddler' and tours extensively across Canada and the USA every year raising funds for churches, charities and community service organizations.

The show takes place on Monday, June 5th, 2017 at 7:00 p.m. at the Stony Plain Community Centre, 5008 – 51 Ave., Stony Plain. Concert proceeds support Spruce Grove & District Agricultural Society (Grain Elevator). Tickets are \$25 for adults, \$10 for children (ages 6-12) and children 5 and under get in free. Advance tickets are on sale now at Maridon Music (301 King Street Spruce Grove – 780-962-2928) or call Corrine at 780-962-2089, Bud & Ann at 780-968-2030 or toll-free 1-855-SCOTTWOODS (1-855-726-8896) to charge by phone. See www.scottwoods.ca for a complete tour schedule.

FUNDRAISER GALA AN AMAZING SUCCESS

Submitted by Emily Barlow-Bolch

On Saturday April 1st, The Lac Ste. Anne Refugee Partners held a Gala in order to raise money to support a refugee family coming from Iraq. An amazing crowd of people turned out both to help with the event, as well as to attend and support our family.

The Gala was a huge success,

and it would not have been possible without all of our amazing volunteers who helped to put it all together. Food and drink was provided by the St. John the Divine Anglican Church, Zion United Church, Onoway Baptist Church and Lima Catholic Church. Elaine Dickie from the St John the Divine Anglican Church kindly provided the table cloths and runners, wine glasses, table numbers, and

organized her church ladies for the food.

The servers- young people and friends from the local churches- did a fantastic job throughout the evening. Thank you Hailey Hill, Darian Wagner, Gabrielle Kramer, Kateri Kramer, Kyla Milne, Tayah Ratsoy, Nasha Ratsoy, Fiona Kelly, Jean Luc Pipkin, Eleanor Pipkin, and Alby Parokkaran for all of your hard work.

The volunteers in the kitchen worked hard all day, some of them around the clock from 10:30AM until 11PM. Kitchen operations were smooth and orderly under the guidance of Pat Doyle (or Grandma Pat), assisted by Percy, Andrew, Emily, Betty, Dianne, Glenda, and Donovan Wagner, who according to Percy, "worked like a slave" all evening. Kathleen and Victor and their children helped out for most of the day and managed the beverages for the evening.

Advice on food and event planning was given by Janet Barlow,

a fabulous cook and supporter, and Heather Brietkreuz, an events manager, which was invaluable.

The hall rent was generously donated by the Alberta Beach Lions Club, who have been a great supporter for the past year.

Dolaine Veldhuis and Rian Sullivan gathered teams to set up and decorate the hall, with Dolaine making the floral arrangements for the tables and everyone cutting pussywillows. The effect created was utterly transforming, and several guests commented on how well done the decorations were.

An extra special thank you to our MC, Pastor Rick Foster, who filled in when our planned MC was too sick to come to the event. He did an excellent job and we would have been lost without him.

Our amazing door prizes were donated by members of the community. Beautiful flowers were donated by Lisa from Dosie Dotes and Greens, foot care from Studio 31, specialty hair care from

Fundraiser Gala an Amazing Success

Beachcomber Hair, a handmade birdhouse from Marvin Eckert, chocolates from Terry Slemko, solar light fairies from Rosies Greenhouse, an outdoor garden statue from Jocelyne April, a \$25 gift card from Superstore, a \$50 gift card from Save On Foods, and donations from The Little Cookie and Bread Shop in Onoway and from Cat and the Fiddle Bakery soon to open in Alberta Beach.

Thank you to all of our incredible performers, The Joe Saumer Big Band with guest vocalist Alex Vissia, who is appearing at the Elks Hall in Spruce Grove on April 28th, gave a stunning performance. R.J. Chambers sang show tunes with his wonderful voice, Bod Jervis played and sang 40/50/60s music, and the Lac Ste Anne Community Choir sang a few lovely songs (please check their website for upcoming concerts in May and June). Garner Butler performed a number of favorites from his and his brother's original works, as well as some Johnny Cash pieces. Special guest, 94 year old Ruth Schultz, recited a number of poems, and was called up for an encore, which she recited from memory. Thank you to all of the performers who donated their time and talent to make the evening such a success.

The Lac Ste. Anne Refugee Partners are so grateful to all those who made this evening so wonderful and especially to all those who bought tickets and came to the Gala. We hope that this grand and classic event is remembered by our guests for a long time to come. We now have raised over \$31,500, enough to support our sponsored family for a year. At this time we are impatiently awaiting their arrival- the paperwork is in, we are simply waiting for everything to go through. Some estimates put the wait time at as long as 4-5 months, however we are holding out hope that they will be here sooner.

Our apologies if any of our volunteers were missed in the writing of this article- we were overwhelmed with support for this event, and are so moved by how the community has come together to make this happen. Thank you for making the Gala such a resounding success!

MANAGING UNHARVESTED CROPS WORKSHOP

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

Due to the very wet fall of 2016 many producers had significant acres of unharvested crops. Deciding how to best deal with these unharvested crops can be

difficult. Yellowhead County invites producers to come and learn how to proceed with managing the un-harvested crops including harvesting options, residue management, burning as well as potential insurance implications.

April 25, 2017 from 10AM-2PM at the Wildwood Commu-

nity Hall!

Representatives from Alberta Agriculture and Forestry, Alberta Environment and Parks and Agriculture Financial Services Corporation (AFSC) will be available to answer questions that will help you make the best decision for your operation.

To Register please call Yellow-

head County at 1-800-814-3935 or 780-325-3782 or in person at either the Edson or Wildwood County Offices.

REGISTRATION DEADLINE IS APRIL 24TH, 2017
REGISTRATION IS \$5
LUNCH IS PROVIDED

CANADA SUMMER JOBS 2017

Submitted by Jim Eglinski, MP - Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead is pleased to advise that the Canada Summer Jobs program provided \$499,141 throughout the riding in investment to support our students.

"I am pleased that students in the riding of Yellowhead will benefit from this program. Summer work experience helps to equip young people with the skills and experience they need to enter the workforce once they have completed their studies," stated MP Eglinski.

While providing funding to help employers, the program creates summer job opportunities for students. Canada Summer Jobs (CSJ) provides funding to not-for-profit organizations, public-sector employers and small business with 50 or fewer employees to create summer job opportunities for young people aged 15 to 30 years who are full-time students intending to return to their studies in the next school year.

This year, Yellowhead is receiving almost double the amount of funding it received in 2015. It will employ 117 students at 44 businesses and organizations throughout the riding.

"This is a worthwhile investment into our local businesses, as well as our students. It is great to see our riding receiving more funding than previous years, and I know it will benefit many," concluded MP Eglinski.

Growing for the Future:
The importance of farming for urban life

FREE EVENT

Doors Open 6:30 p.m. **Presentation 7:30 p.m.**

What is the future of agriculture in Parkland County?

Agriculture is the heart of our community and is a priority for Parkland County. We have invited local producers and agricultural organizations as well guest speaker former Deputy Minister of Agriculture, Mr. John Knapp. He sees the work of Parkland County and other municipalities playing a vital role to creating the framework for Alberta's agriculture industry to grow and prosper.

Global Macro Trends and the Future of Agriculture in Alberta

John Knapp, former Deputy Minister of Agriculture, John's lifelong passion has been the advancement of agriculture — an industry he believes will form a progressively larger part of Alberta's future economy.

EDSON URBAN FRINGE PLANNING NOW UNDERWAY

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

The Town of Edson and Yellowhead County have begun work on updating the Edson Intermunicipal Development Plan (IDP) for the area surrounding Edson and will be hosting open houses and have a short survey to gather residents' input.

The Intermunicipal Development Plan is an agreement between the two municipalities and defines what will be allowed for future development in the area where the two municipalities meet, known as the Edson Fringe area. The resulting plan will be used to guide future growth and development within this area and along the future highway Edson bypass.

"We have a great opportunity to consider again how we can best plan for the fringe area and take advantage of the bypass in a way that will benefit both communities," says Edson Mayor Greg Pasychny.

By initiating the update of this plan, the two municipalities recognize that growth must continue to be properly planned and managed so that municipal infrastructure and other investments can be managed.

"Through public input, landowners in this area will be able to let their councils know how they would like to see future growth develop in this area and what changes might be needed to accommodate that growth," says Yellowhead County Mayor Gerald Soroka.

The current plan was approved in 2007 and is due to be updated to reflect ever-changing conditions. The IDP looks at the needs of both municipalities to help provide a variety of business opportunities and lifestyle options. The current plan, which the new plan will be based on, is available on both the Town and County's websites.

Some of the factors that the IDP will consider are long-term water supply sources, logical annexation

areas, the potential for extending municipal services to allow for new growth, the impact of the many sour gas lines in the region on development, and a closer look at a highway development beautification strategy.

Two open houses will be held to hear from both Town and County ratepayers. The first open house will be in May and will be an opportunity for interested area residents, landowners, and busi-

nesses to provide direct input to the planning process. The second open house will be held early in September to present a draft of the updated IDP. The first open house will be Wednesday, May 17 at the Galloway Museum. The survey is available at www.bit.ly/EDYC-FringeIDPsurvey or on both municipalities' websites.

Lovatt Planning Consultants and Al-terra Engineering have been hired to prepare the plan under the

direction of a steering committee. The plan will be completed by September.

Affected landowners will be contacted directly and encouraged to provide their ideas and concerns. For more information, contact Ann Dechambeau at the Town Office at (780) 723-4401 or Brent Shepherd at the County Office at (780) 723-4800 or send an e-mail to Olga Lovatt, Lovatt Planning Consultants at lovattplanning@telus.net.

ENVIRONMENT STANDING COMMITTEE RELEASES ITS REPORT

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: As Vice-Chair of the Standing Committee on the Environment and Sustainable Development (ENVI), MP Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the Committee has released its unanimous report entitled: "Taking Action Today:

Establishing Protected Areas for Canada's Future." The report centers on an international commitment Canada made in 2010 – known as "Aichi Target 11" – under the Convention on Biological Diversity to protect 17% of terrestrial and inland water, and 10% of coastal and marine areas by 2020.

The report is calling on the federal government to lead an

effort to rapidly establish more terrestrial and marine protected areas to safeguard biodiversity and Canada's natural heritage.

The Committee made 36 recommendations to the federal government, including to lead the coordination and planning of a national network of protected areas; accelerate, coordinate and fund the establishment of these areas; and partner with Indigenous peoples in the process.

Chaired by Deb Schulte, M.P., during the study the Committee was comprised of: Liberals John Aldag, William Amos, Mike Bossio, Darren Fisher and Mark Gerretsen; Conservatives Jim

Eglinski, Ed Fast, Joël Godin, and Martin Shields; and from the New Democratic Party, Wayne Stetski.

"The conservation and protection of our land benefits all Canadians now and in the future. I am also pleased that our committee worked so well together on this report," concluded MP Eglinski.

A copy of the report can be found at:

http://www.parl.gc.ca/Content/HOC/Committee/421/ENVI/Reports/RP8847135/421_ENVI_Rpt05_PDF/421_ENVI_Rpt05-e.pdf

JOKE OF THE WEEK

Four high school boys afflicted with spring fever skipped morning classes. After lunch they reported to the teacher that they had a flat tire. Much to their relief she smiled and said, "Well, you missed a test today so take seats apart from one another and take out a piece of paper." Still smiling, she waited for them to sit down. Then she said:
 "First Question: Which tire was flat?"

HOW TO FIND THE RIGHT REPLACEMENT WINDOWS

Replacing old windows is often a worthwhile investment for homeowners. Energy-efficient windows can prevent heating

and cooling loss and keep homes more comfortable throughout the year. Such windows also can improve a home's resale value,

proving a good return on investment for homeowners who want to upgrade their homes before putting them on the market.

According to the U.S. Department of Energy, homeowners might find it more cost-effective to replace very old and/or inefficient windows to improve their energy efficiency. Such an upgrade can save homeowners substantial amounts of money on heating and cooling costs.

Window replacement projects can be costly, so it pays to get the job right the first time. Before beginning a window replacement project, homeowners should research which windows will meet their specific needs, learning the subtleties between

finishes and features, as well as comparing prices for the windows and installation.

Choose the right time of year

The best time of year to plan window replacement is when the weather will be warm, ideally in the spring or early summer. However, homeowners do not want conditions to be too warm, as each room where new windows will be installed will temporarily be exposed to the elements. Furthermore, caulk adheres better in warmer weather and will dispense easily.

Consider available features

When replacing windows, homeowners may want to install the same style windows they currently have. But the

How To Find The Right Replacement Windows

problems that led to the need to replace windows may still exist even when new windows are installed. When replacing windows, consider energy performance ratings based on the locations of the windows in the house. To make sure they make the most educated decision, homeowners can investigate the solar heat gain coefficient, U-factor, visible transmittance and light-to-solar gain. Explanations of these ratings are available at Energy.gov.

Don't ignore maintenance needs

Maintenance costs involved with cleaning, repairs and painting can add up. When shopping for windows, consider the amount of maintenance they will need. Wood-framed windows

may require more upkeep than aluminum, fiberglass or vinyl. Also, consider if certain window types, such as double-hung windows, casement windows, awning windows, or slider windows, would be practical.

Keep home style in mind

A poor match between windows and the style of the home can produce unwanted changes in the appearance of the home. Replacement windows should match the style and appearance desired.

Expect minimal disruption

When homeowners hire professionals who are good at their craft, window replacement projects should not be a terrible inconvenience. According to American Window Products, Inc., seasoned professionals will

be able to complete a replacement window upgrade in a short amount of time depending on the size of the home and the number of windows being replaced.

Replacing windows can be

a costly task, but one that will provide a more energy efficient home that can help homeowners save money in the long run.

FACTORS TO CONSIDER WHEN CHOOSING CARPETING

When the time comes to choose flooring for their homes, homeowners may be overwhelmed by the vast array of options at their disposal. The choice between carpet and hardwood flooring, laminate or tile is a matter of personal preference. People have long extolled the virtues of hardwood

flooring, but carpeting can be just as stylish and provides a host of other benefits as well.

Carpeting insulates rooms in the summer and winter, adding that extra level of protection against the elements. Carpeting also absorbs sound in a home. Many appreciate

the warmth and cozy feeling of carpet, especially when stepping out of bed. Carpeting also can increase the level of safety at home. According to the Carpet and Rug Institute, carpeting makes areas of play safer and may also reduce the severity of an injury in the event of a fall.

Today, there are many different types of carpeting available. Selecting the right carpeting for a room comes down to identifying the level of traffic in a particular room, the attributes homeowners would like the carpet to have and any other needs that fit with their lifestyles. The following guidelines can make carpet shopping a bit easier.

Type of carpeting

There are many different types of carpeting, some of which are best suited to certain situations. For example, plush and saxony carpets are better in low-traffic areas. These carpets may show footprints and also vacuum tracks and dirt, but they're higher on the comfort spectrum than other types of carpet. Berber, which is more flat and dense, helps mask stains and tracks. It is durable in high-traffic areas. Textured carpets like frieze are cut from fibers of different heights, so they mask stains and are also softer on the feet than berber.

Padding

Padding can impact the way carpeting feels and how long it lasts. It isn't always necessary to purchase the most expensive or thickest padding. However, it is wise to pick a pad that matches the type of carpeting you're selecting and one that aligns with how you plan to use the room. You may be able to go with a thinner pad in low-traffic rooms and beneath dense carpeting like berber. In high-traffic rooms, choose a thicker, more durable padding. Padding prevents carpet backing and fibers from coming apart over time. It pays to invest in a padding that will last as well.

Installation

Select a reliable carpet retailer and installer for your business. Competent installers will lay the carpeting in the correct manner so that it will look beautiful and maintain its durability for the life of the product. Shop around to find the right installer or even do the work yourself if you feel capable.

Take time when shopping for carpeting, which is a substantial investment that can last for many years if the right material is chosen and installed correctly.

EXPECT THE UNEXPECTED WHEN RENOVATING A HOME

According to projections released in 2015 by Harvard University's Joint Center for Housing Studies, a growing number of people in the United States planned to renovate their homes in 2016. The report estimated that spending on remodeling and repairs in 2016 would climb 8.6 percent to \$310 billion, a figure that is close to the peak reached in 2006.

While it is still too soon to tabulate all of the figures from 2016, a quick glance at the data indicates renovations have increased across the country. And one only need travel through communities to see a greater number of contractors and homeowners working on homes.

Tackling any renovation project is an exercise in patience. Renovations can impede on daily activities and cause a certain level of upheaval in homeowners' lives. Homeowners planning renovations also may find that they must have some wiggle room when it comes to both their budgets and their expectations. Remodeling, particularly with regard to older homes, may unveil unforeseen issues that only arise in the face of the renovation.

So what can homeowners expect during a renovation? The following are a few issues that might arise during home improvement projects.

- **Dirt and noise:** Homeowners can count on dust, debris and noise throughout the renovation process. Dust appears when walls come down or go up, and construction teams typically erect temporary walls or tarps to contain the debris. Air filtering systems also can limit dust particles. Noise is unavoidable. If it becomes troublesome, arrange to be outside of the home when the bulk of the construction is taking place.

- **Delays or schedule changes:** Even the best contractors cannot control every aspect of the job. They rely on subcontractors and vendors to do portions of the work. Materials may not always arrive on time, or they may fall short of homeowners' expectations. This can push back the project schedule. Homeowners should hope for everything to be done on time, but it can be less stressful if homeowners anticipate delays

and be a pleasant surprise if there are no delays.

- **Hidden issues:** Contractors may uncover all sorts of issues that need to be addressed before a project can progress. Examples include the presence of asbestos (common in older homes), plumbing

problems, incorrectly wired electrical systems, and leaks or moisture issues. These problems also can impact the cost of the project, so set aside some money in the budget for unforeseen expenses. Chances are you are going to need some extra money to handle a few surprises during the project.

it's important to expect the unexpected when embarking on home renovations. Budgeting for hidden costs, expecting delays and coping with the upheaval to daily schedules are par for the remodeling course. However, the end result is often well worth the time and effort.

6 EASY SPRING CLEANING PROJECTS

Warmer days are here and what better way to spend them than cleaning? Although enjoying the great outdoors is probably high on many a to-do list come spring, by the end of winter, homes can probably do with a much-needed overhaul. Owners and renters can rely on temperate days to throw open the windows and engage in some easy spring-cleaning projects. The earlier one begins spring cleaning, the more quickly he or she will be able to head outside and bask in the warm spring sun. Spring cleaning tasks can be stretched out across several days to make the jobs more manageable. While certain spring cleaning tasks can be time-consuming, many projects can be started

and completed in 30 minutes or less.

1. Look up

Start by looking up at ceilings, molding and ceiling fans. Chances are strong that some cobwebs and dust have formed in these areas. Always begin cleaning by working from the top downward so you don't have to clean any tables countertops or floors twice. Static-charged dusting cloths work well to catch and contain dust. Use a pillowcase on ceiling fan blades to clear the dust and keep it from cascading to the floor.

2. Blinds and curtains

Heavy window treatments can be removed and replaced with more gauzy fabrics. This lets in more light and warmth from the

6 Easy Spring Cleaning Projects

sun. Many curtains can be freshened up right in the laundry, but blinds may require a bit more effort. If the blinds can be snapped out of the brackets, place them in a tub full of vinegar, dish soap and water. Allow them to soak and then rinse with the shower nozzle. Stationary blinds can be cleaned with using an old sock over your hand dipped in a vinegar-and-water solution.

3. Change linens

Remove and launder bed linens. While the linens are in the wash, thoroughly dust all furniture and vacuum the carpets. Move furniture so you can reach areas where dust gathers, such as under the bed or dresser.

4. Grout cleaner

Grade school science lessons can be put to use as you look to remove stubborn dirt. Com-

binning baking soda and vinegar produces a reaction that causes the formation of gassy bubbles. These bubbles can help to break up dirt that clings to crevices, such as grout between tiles. Some light scrubbing and then subsequent rinsing can rid surfaces of hard-to-remove dirt.

5. Vacuum vent intakes

Many houses are heated by forced-air systems. The air intake vents can become clogged with dust and other debris. Vacuum these vents so that air flow is not impeded. Let the heat run for a few minutes to catch any small particles that become dislodged, and then change the furnace filter.

6. Clean out the refrigerator

Now is a great time to remove any of those mystery containers growing fuzzy experiments in

the back of the refrigerator. Take the food out of the refrigerator and use a food-safe cleaner to scour the shelves and inside of crisper drawers

Spring cleaning is a necessary

task, but it doesn't have to be a headache. Break up the work into manageable chunks of time, and projects won't feel like such a hassle.

DOS AND DONTs FOR 2ND FLOOR LAUNDRY ROOMS

Laundry can be a cumbersome chore. In homes with more than one story, clothes are put in a hamper, carried down to the washer and dryer, where they are then cleaned, dried, folded, and taken back upstairs to be put away. The entire process can be inefficient,

which may contribute to why so many people delay doing laundry for as long as possible.

As unenjoyable as it can be, doing laundry is a necessity. Fresh clothing not only looks and smells good, it is essential to personal hygiene. One way to make the

process of doing laundry go more smoothly is to consider moving the location of the laundry area. According to the National Association of Home Builders, more homeowners are moving their laundry rooms upstairs so they don't have to transport laundry baskets up and down the stairs.

Before moving their laundry rooms, homeowners should take steps to safeguard their homes, and that may involve finding the ideal location for the new room. Find space for an upstairs laundry room and then consult with an engineer to be sure that the plan is feasible. An engineer and an architect can assess if a home is structurally sound enough to handle the weight and vibration of an upstairs laundry.

One of the biggest concerns with regard to moving a laundry room upstairs is the fear of flooding or leaks. There are certain steps to

take to minimize these risks. Experts advise installing an easily accessible water shut-off valve. Turn off the valve when the washer is not in use. Also, steel-braided washer hoses are more sturdy than standard hoses and are less likely to burst. Homeowners also can place the washer in a drain pan, which will catch overflowing water and drain it through a pipe. Some areas may require a floor drain as an alternative.

Homeowners also must recognize that noise can be a problem with upstairs laundry rooms. Front-loading appliances may cause more vibration and movement than top-loaders. However, some front-loaders are designed to be quiet. Antivibration pads may help with vibration issues.

Before moving their laundry rooms, homeowners should consult with contractors to ensure things go smoothly.

LIBERAL BUDGET 2017

Submitted by Jim Eglinski, MP – Yellowhead

On March 22nd, Finance Minister Bill Morneau presented the Liberal Government's 2017 Budget. The Liberals plan to spend outrageous sums that Canadians don't have by mortgaging our children's future with no guarantee that there will be any benefit. The 2017 Budget is projecting a \$23 billion deficit in 2016/2017 and a \$28.5 billion deficit the following year.

Eliminated:

Public Transit Tax Credit – This 15% federal tax credit in respect of the cost of eligible transit passes will be eliminated effective July 1, 2017.

Ride Sharing Services to charge GST/HST - Effective July 1, 2017, providers of ride-sharing services where the transportation is arranged for or coordinated through an electronic platform or system will have to register for and charge GST/HST on their fares in the same manner as taxi operators.

Proposals Impacting Business Owners -- proposes to eliminate the ability for taxpayers in these designated professions to elect to use billed-based accounting effective for taxation years that begin on or after March 22, 2017, subject to certain transitional rules.

The only thing that this 2017 budget proves is that Justin Trudeau and his Liberal Government's priorities are not the priorities of ordinary hard-working Canadians. The deficit projected for this year: \$23 billion.

What this budget boils down to is less stability in Canada's economy, higher taxes, less money for social programming, higher taxes on the oil sector, public transit users, and small business owners, to name a few.

It is estimated that the budget will not be balanced until 2050, which means we have placed the burden on our future generation – our children and their children. Not only are there no new jobs, but growth in our GDP has drastically slowed down and risks coming to a complete stop.

Table 1: Forecasted federal budget deficit (\$ billions)

	16/17	17/18	18/19	19/20	20/21	21/22
Liberal platform	-9.9	-9.5	-5.7	1	-	-
Budget 2016	-29.4	-29	-22.8	-17.7	-14.3	-
Fall Economic Statement	-25.1	-27.8	-25.9	-19.3	-16.8	-14.6
Budget 2017	-23	-28.5	-27.4	-23.4	-21.7	-18.8

Albertans need an economic environment that fosters economic growth with lower taxes and few-

er regulations. Instead, this budget introduces a huge subsidy for Bombardier, while increasing tax-

es on the oil and gas industry. This budget is ideologically motivated and Alberta is paying the price.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

QUALITY SALES & SERVICE OF:

The Easter Bunny is proud to announce the winners of the Easter Colouring Contest!

Our contest was a huge success! There were so many great entries that it was difficult to choose the winners, but after careful deliberation, we made our decision.

Each winner received a gift bag.

PROVINCIAL GUIDE INCLUDES TIPS FOR BURNING UN-HARVESTED CROPS

Submitted by **Stefan Felsing, Communications Coordinator | Yellowhead County**

Unfortunately, some Yellowhead County farmers may need to consider burning crops that

were left on their fields due to the excessively wet conditions and early snowfalls last year. Alberta Agriculture's Spring Management Options for Un-harvested Crops guide gives some straightforward information for agricultural producers dealing

with these un-harvested crops.

The guide looks at insurance considerations, the possibility of salvaging a crop, and other options including burning crops in the safest way possible.

For more information contact the Yellowhead County Agri-

cultural Services Department.

The guide can be found at on the Yellowhead County website at www.bit.ly/YCunharvestedcrops or contact the Alberta government's Ag Info Centre at 310-FARM or visit agriculture.alberta.ca/unharvestedcrops.

YELLOWHEAD COUNTY WILLS AND ESTATES WORKSHOP

Submitted by **Stefan Felsing, Communications Coordinator | Yellowhead County**

Shari Boisvert from the Boisvert Law Group in Edson will be presenting at the Peers Multiplex on May 3, 2017 from 6:30 p.m. to 8:00 p.m. regarding the importance of making a will and the legalities around the assets in a person's estate.

It is very important to have advance planning in place. This advance planning should include the development of a Will, Personal Directive and Power of Attorney.

Participants at this workshop will be receiving a Personal Directive Information Kit prepared by the Office of the Public Guardian and Office of the Public Trustee.

A Personal Directive is a legal

document under the Personal Directives Act that allows you to name the person(s) you trust to make decisions on an individual's behalf should they lose mental capacity and lists the areas in which they have decision making authority (ex: health care, residential issues).

An Enduring Power of Attorney is a legal document you can use to appoint someone to make financial and legal decisions on

your behalf should you become ill or suffer a disability and as a result become unable to manage your own affairs.

Come and attend this informative workshop that will give you details regarding a will, personal directive and power of attorney.

Please register before April 26, 2017 by calling the Yellowhead County Wildwood Office at 780-325-3782 or 1-800-814-3935.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

9	2	1	6	7	8	5	4	3
6	8	5	3	4	9	2	1	7
7	4	3	2	5	1	8	9	6
8	9	4	1	2	7	3	5	6
3	6	7	4	9	5	8	2	1
1	5	2	8	3	6	4	7	9
4	1	8	9	6	2	7	3	5
2	7	6	5	1	3	9	8	4
5	3	9	7	8	4	1	6	2

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

	2					5	4	3
6	8				9		1	
			2					
	9	4						
3					5	8	2	1
1					6	4		9
	1		9	6				
2	7		5		3	9	8	
5			7		4	1		2
