RURAL WATER PROJECT RECEIVES ALMOST \$3 MILLION

Submitted by Hon. Oneil Carlier, MLA for Whitecourt-Ste. Anne

The Government of Alberta is funding critical water projects across Alberta as part of the ongoing commitment to provide clean drinking water and wastewater treatment to rural Albertans.

The more than \$131 million in funding, through the Water for Life and the Alberta Municipal Water-Wastewater Partnership grant programs, will support 29 projects across the province.

This \$2,930,598 Alberta Mu-

nicipal Water/Wastewater Partnership grant will fund lift station and force main upgrades in the Tri Village Regional Sewage Services Commission to meet Alberta Environment wastewater treatment requirements. This will support the needs of this small community today and promote future growth.

"We want residents to be able to drink local water with confidence. We also want to protect the land and the wildlife that live on it from the dangers of improperly treated wastewater. This is just one more example of how

our government is investing in the infrastructure needed to build the economy here and across Alberta to help create jobs and to make life better for Albertans." - Brian Mason, Minister of Transportation and Minister of Infrastructure

"I'm proud of the investments our government is making in clean water for Alberta's communities, and I'm pleased to see a significant grant that will benefit the villages of Alberta Beach, Sunset Point and Val Quentin.

MUSEUM HOSTS ART SHOWCASE

Submitted by Yvonne Slemko | Onoway and District Historical Guild

Onoway Museum hosted a special event to kick off an exhibit of works by local artists. The main corridor of the museum was crowded with artists, art-lovers and community members who came to the showcase of works by ten visual artists. Debra Redlick, the museum's coordinator, saw an opportunity to highlight local talent and at the same time bring people to the museum. She worked with Pat St. Hilaire, a member of the Onoway and District Historical

Guild, who began contacting different visual artists who live in the area. This resulted in an exhibit which will be on display at the museum until the end of July.

Artists whose works are on display are Mareike Clark, Alma Engler, Kathleen Gerwing, Sylvia Hafermehl, Bonnie Hood, Tammy Parks-Legge, Debbie Rutland, Pat St. Hilaire, April St. Laurent and Tammy Taylor. Works on display include diverse media including clay art, wearable art created from found objects, greeting cards as well as oil and acrylic paintings.

Onoway and District Historical Guild hosted the wine and

cheese opener and members were available for informal tours of the museum.

The evening provided an opportunity not only to make the public aware of the local art scene but it also provided a venue for networking among artists, some of whom had never met before.

Onoway Museum is operating under summer hours thus is open Monday through Friday from 10:00 a.m. until 3:00 p.m. Everyone is welcome to discover the talented local art scene and, at the same time, travel back in time and explore Onoway's history.

ENVIRONMENTAL DAMAGES FUND

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for applications to the new Environmental Damages Fund through Environment and Climate Change Canada. The program is making \$130,741 available in Alberta to support projects that help to restore or enhance the environment, conduct environmental research, and provide

public education on environmental issues.

In Alberta, there are two types of funding available. The federal government has made \$20,000 available for projects aimed at preventing pollution and/or protecting the environment.

Additionally, \$110,741 is available for projects which promote the proper management and control of fisheries or fish habitat, and/or the conservation and protection of fish or fish habitat

in Alberta. Preference for this funding will be given to projects in the Athabasca watershed or adjacent watersheds in Alberta, and in the North Saskatchewan River Watershed.

"I am pleased to see the federal government investing in areas of our riding where environmental damage may have occurred along the North Saskatchewan River Watershed," stated MP Eglinski.

Eligible applicants include: non-governmental organizations; academic institutions; indigenous organizations; and provincial, territorial and municipal governments. The deadline for projects in Alberta is July 28, 2017. Priority funding will be given to projects that restore the natural environment and conserve wildlife.

"I encourage all those interested in this program, especially those along the North Saskatchewan River, to apply. Let's ensure that our riding of Yellowhead continues to represent the best of Alberta's beauty," concluded MP Eglinski.

Information on the application process can be found at www.ec.gc.ca/edf-fde/

GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool | Onoway Legion

Monday June 5, 2017

There has been lots of interest in the TransAlta sponsored Navy Rum Ribs Dinner which will be served at the Legion on June 9th. Reservations are going quickly so I would suggest phoning very soon if you wish to reserve your plate for supper. When you are at the Legion, don't forget to get your tickets on the "your choice" raffle, book a table at the Community Garage and Craft Sale before June 8th and buy your tickets for Medieval Night before June 14th.

On May 26th we were very lucky to enjoy surprise entertainment by Leo Rainville visiting from Blezard Valley, Ontario and accompanied by his son, local musician Chuck Rainville. Rob Dunn from Sandy Beach visited to listen to the music and was persuaded to perform his realistic rendition of the Elvis song "Are You Lonesome Tonight". Most of the diners stayed to enjoy the wonderful music after the tasty Oven Barbequed Pork Chop Dinner prepared and served by Bob C.,

Lorne O., Marcelle J., Broley H. and Lynn R. Thanks to Val O'T., Larry V., Neil G. and Cheryl S. for helping with the clean up as no Scouts or Guides were available. We greatly appreciate all volunteers that stepped forward to help at the last minute, covering for those that were unable to attend. Congratulations to Val O' Toole for winning the free meal voucher, Catherine Bennett the meat draw and Cheryl Sadler the 50-50 draw. Volunteers in the kitchen are desperately needed and if you can find the time for prep or clean up, please phone Bob Clark @ 780-967-3640.

New volunteer Meila Spreen worked at the fun singles 8-ball pool tournament May 27th with Bob C. and Broley H. Even though only twelve players attended, they enjoyed breakfast sandwiches and burgers with fries for lunch. Unfortunately I have not received any of the results from the tournament but the next fun tournament will be held on June 24th.

UPCOMING EVENTS:

June 6 - Pub and Games Night - 7:00 pm until closing. Darts, cards or pool and socializing

June 9 - Heritage Days Friday Night Supper - TransAlta Corporate Sponsored Navy Rum Ribs

June 10 - Community Garage and Craft Sale from 9:00 am to 4:00 pm. Hamburger and Hot Dog Concession following the Parade. For table rental and information contact Joanne Gorman @ 780-960-4160 or e-mail gorm03@yahoo.com

JOKE OF THE WEEK

I was doing yard work after the storm this weekend and my wife was about to take a shower. I realized that I couldn't find the rake. I yelled up to my wife, "Where's the rake?" She couldn't hear me and she shouted back, "What?" I pointed to my eye, then I pointed to my knee and made a raking motion. Then my wife wasn't sure and said, "What?" I repeated the gestures: "EYE KNEE THE RAKE." My wife replied that she understands and signals back. She first points to her eye, next she points to her left breast, then she points to her bum, and finally to her crotch. Well, there is no way in hell I could even come close to that one. Exasperated, I went upstairs and asked her, "What the hell was that?" She replied, "EYE - LEFT TIT - BEHIND - THE BUSH."

Rural Water Project Receives Almost \$3 Million

Continued From Page 1

This will make a difference in the lives of people in our constituency of Whitecourt-St. Anne."

- Oneil Carlier, MLA for Whitecourt-St. Anne

Quick facts

- Budget 2017 invests \$474 million in Water for Life and Alberta Municipal Water and Wastewater Partnership grant programs over four years to support smaller communities and regional projects in rural Alberta.

- These projects are part of our government's commitment to improve the quality of life for rural Albertans.

- Today, nearly \$200 million is being invested in new and existing water projects, with \$131 million from Alberta Transportation clean water and wastewater treatment grants and more than \$632,000 in provincial Municipal Sustainability Initiatives funding:

- 22 new water projects with total eligible costs of \$194 million to be built in several provincial constituencies across most of Alberta, from Milk River (constituency - Cardston-Taber-Warner) to Dixonville (constituency - Peace River). The province will contribute more than \$127 million for these projects.

- Seven previously approved projects across southern Alberta communities that require additional funding, with total eligible costs of \$5.4 million. The province will contribute \$4.4 million for these cost revisions that are based on scope or cost changes.

- This funding is over three years, based on the construction timelines of the projects. These are pay-on-progress programs.

Project guidelines are as follows:
Alberta Municipal Water/Wastewater Partnership (AMWWP)

- AMWWP assists eligible Alberta municipalities with the construction of priority water supply and treatment, and wastewater treatment and disposal facilities.

- Under AMWWP, grant levels start at 75 per cent up to a population of 1,000 and decline thereafter to "0" at 45,000.

- The program is available to municipalities in Alberta:

- cities with an official population under 45,000;

- towns;

- villages;

- summer villages;

- eligible hamlets within counties, municipal districts, Métis settlements, the Special Areas, and improvement districts; and
- regional commissions.

Water for Life (W4L)

- Regionalization of water supply systems started in the 1960s in the Edmonton area. In 2004, Alberta Environment and Parks completed a comprehensive province wide risk assessment report of municipal waterworks systems that identified options for commu-

nities, such as individual plant upgrades, regional water pipelines, remote facility monitoring and technical support, and regional operational consortiums.

- There is a higher capital cost to implement regional systems, but in the long term, regional systems provide the best overall benefit.

- The W4L initiative was initiated on April 5, 2006 and is an ongoing program.

- The objective is to support the development of new regional water and wastewater systems under AMWWP that are more cost effective and/or environmentally desirable than independent systems.

- The W4L strategy initiative

is available only to new regional water or wastewater systems or to new extensions of existing regional water or wastewater systems (to service new customers).

- Commissions/municipalities are required to demonstrate the regional alternative is cost effective and economically justified compared to alternative facility solutions. Environmental requirements, efficiencies in management, and operational practices are also taken into account. Pipelines for new regional systems (water or wastewater) are funded at 90 per cent

TENTH ANNUAL RURAL BEAUTIFICATION CONTEST

LAC STE. ANNE COUNTY SEEKING NOMINATIONS FOR 2017

Submitted by Lorraine Taylor, Horticulturist | Lac Ste. Anne County

With plenty of moisture and sunny days gardeners have been busy planting, pruning, and mowing. The annual Rural Beautification contest is an opportunity to highlight the value of well-maintained landscapes and acknowledge residents for their part in keeping the county beautiful.

Any resident of the county is eligible to enter. The three contest classes include properties of all sizes: a. farmstead, b. small holding, and c. acreage. Prizes for first and second place are awarded in each of the categories.

Commenting on previous Rural Beautification contests, County Horticulturist Lorraine Taylor said "Over the past nine years we've seen an amazing

range of properties- from highly manicured landscapes to lower maintenance gardens using the natural features of the yard. What they all have in common are passionate gardeners who take pride in their yards."

Friends and neighbours are invited to submit nominations. Homeowners are also welcome to nominate their own yard. Nomination forms are available on the county website at www.LSAC.ca/Agriculture or from the office in Sangudo. The deadline for submissions is Monday, June 12.

Contest winners are announced during the annual Rural Beautification Tour.

Save the date for the tour- Thursday, August 3.

For more information contact Lorraine Taylor, County Horticulturist at 1-866-880-5722 or email LTaylor@LSAC.ca

PARLIAMENT UPDATE – WEEK OF MAY 29, 2017

Submitted by Jim Eglinski, MP – Yellowhead

This week in Parliament, we extended the sitting hours to midnight each day so that we can debate as much legislation as possible before the House adjourns for the summer. This week largely focused on the legalization of marijuana and related issues, such as driving under the influence of drugs.

The following was debated in the House:

- Bill C-44 – Budget Implementation Act, 2017, No. 1 (Report Stage)
- Bill C-45 – Cannabis Act (Second Reading)

• Bill C-46 – An Act to amend the Criminal Code (offenses relating to conveyances) and to make consequential amendments to other Act (Second Reading)

• Bill C-277 – An Act providing for the development of a framework on palliative care in Canada (Third Reading)

• Bill C-346 – An Act to amend the Firearms Act (licenses) (Second Reading)

• Bill C-349 – An Act to amend the Criminal Code and to make consequential amendments to other acts (criminal organization) (Second Reading)

• M-108 – Contribution of ranchers and farmers

• M-128 – Venezuela

• Government Motion No. 14 – Extension of sitting hours and conduct of extended proceedings

• Conservative Motion - Kinder Morgan Trans Mountain Expansion Project

• Estimates in Committee of the Whole – National Defence

On Wednesday, I participated in debate on Bill C-46, asking two questions on impaired driving and marijuana. On Thursday, I gave a speech on C-45, as well as asked a question on the lack of education around the use of marijuana. You can find my comments and the responses to my questions on the corresponding day's Debates Hansard

at: www.ourcommons.ca

In the Standing Committee on Environment and Sustainable Development (ENVI), we continued our review of The Canadian Environmental Protection Act, 1999 and the consideration of a draft report. For more information on these meetings, visit: www.ourcommons.ca/Committees/en/ENVI.

This week, I attended 16 meetings and four events, as well as recorded two radio messages. My next update will be on the happenings of Parliament as it continues to sit next week.

CALL FOR PROPOSALS FOR COMMUNITY-BASED PROJECTS SUPPORTING SENIORS

Submitted by Jim Eglinski, MP - Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the Government has opened up the application process for community-based projects supporting seniors through the New Horizons for Seniors Program (NHSP) 2017-2018.

The NHSP call for proposals,

open until June 23, 2017, is seeking proposals for projects led or inspired by seniors. Organizations are invited to apply for funding for projects that promote positive aging and empower seniors to initiate and participate in activities that benefit the community. Eligible organizations can receive up to \$25,000 in project funding.

Projects must address one or more of the following five pro-

gram objectives:

- promoting volunteerism among seniors and other generations;
- engaging seniors in the community through the mentoring of others;
- expanding awareness of elder abuse, including financial abuse;
- supporting the social participation and inclusion of seniors; and

- providing capital assistance for new and existing community projects and/or programs for seniors.

"I encourage organizations in my riding of Yellowhead to apply," concluded MP Eglinski.

RAIL SAFETY IMPROVEMENT PROGRAM

Submitted by Jim Eglinski, MP - Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for applications to the Rail Safety Improvement Program (RSIP) through Transport Canada. This program provides grant and contribution funding to improve rail

safety and reduce injuries and fatalities related to rail transportation.

Provinces, municipalities and other local authorities will be able to request funding for projects for 2018-2019. Projects eligible for funding include the installation of flashing lights and bells at railway crossings, the construction of full pedestrian overpasses, and pub-

lic-education campaigns.

There are two components:

- The Infrastructure, Technology and Research (ITR) Component funds projects that address the immediate rail safety needs of communities. The deadline for the ITR component is August 1, 2017.
- The Public Education and Awareness (E&A) Component

funds public education projects aimed at reducing railway-grade crossing collisions and trespassing incidents on railway property, particularly in high-risk areas. The deadline for the E&A component is September 30, 2017.

Information on the application process can be found at www.tc.gc.ca/eng/rail-safety-improvement-program.html

Testimonials

"Thank you for working on my horses at the CBHI 2016. They all benefited and were feeling great. The treatment I had myself was so amazing and beneficial. I was experiencing vertigo and feeling nauseous within a half an hour I was feeling so much better and my weekend was great. I did not feel tired and felt very energized. I did have a headache for a short time, a little ache in my shoulder area but that all was very short lived and did not interfere with my day. I really liked my treatment and as a massage therapist would highly recommend this treatment. Thank you Shirley." -Tanya Likes

"I have had BRUTAL sciatica and neck pain for years....chiropractic manages it for brief periods of time....I had one hour long treatment by Shirley Mazeppa and can honestly say I had no pain for weeks after!!!! Improved my mood and allowed me to have day to day tasks not be painful let alone ride!!!! SOOOOOOOOOOOOOOOOOOOOOO looking forward to my next treatment!!!!!!" -Jody Poulin

"I am in disbelief, Shirley Mazeppa brought her PEMF machine to Thorsby where I was competing in a horse event. I have arthritis in both my knees and I was really feeling the hurting today. Shirley hooked me up for 40 minutes on Saturday afternoon, it's now Monday evening and I am still PAIN FREE, my knees feel great. I'll be making a trip to Shirley's next time I start feeling that pain, I won't try to handle it again. Thanks so much Shirley" -Debra Rowney

"I feel Pulsed Electromagnetic Therapy may be one of the Greatest Discoveries in the History of Medicine."
