SUMMER VACATION CRIME PREVENTION TIPS

Submitted by St. Albert RCMP

St. Albert RCMP is hoping all residents have a fantastic summer, enjoying the longer days and warm weather but they also want to remind the Community to be safe. Criminals do not take vacations so protect yourself when you do.

Here are some tips to keep your property safe while you are away:

- Seek the assistance of your neighbours to keep an eye on your house while you're away. Request that they drive by once every day or two and provide

them a key in order for them to check inside as well. Request that they park their secondary vehicle in your driveway so it appears someone is home during the overnight.

- Don't announce vacations on Social Media sites such as Facebook or Instagram. Many people announce their excitement for a two week vacation online, check in on Facebook from the airport and then proceed to post photos from their destination. This is a criminal's dream come true as you have given them your complete itinerary and a golden opportunity to burglarize your

home.

- Keeping your blinds/curtains drawn shut while you're away obviously defers criminals from peering inside your home, however if your blinds/curtains are usually always open then this could be perceived as uncharacteristic for your home. Should you choose to leave your blinds/curtains open while away, ensure all valuables such as jewelry and computers are out of sight from the window. Also ensure all windows are left closed and locked - even second floor windows.

JOKE OF THE WEEK

Walking up to a department store's fabric counter, the pretty girl said, "I would like to buy this material for my new dress. How much does it cost?"

"Only one kiss per yard," replied the male clerk with a smirk on his face.

"That's fine," said the girl. "I'll take ten yards."

With expectation and anticipation written all over his face, the clerk quickly measured out the cloth, wrapped it up, then teasingly held it out.

The girl snapped up the package, pointed to the old man behind her, and smiled, "Grandpa's gonna pay the bill."

WORD IS

You Graduated!

Congratulations to the Class of 2017!
We hope the future spells out continued happiness and success for you.

Summer Vacation Crime Prevention Tips

Continued From Page 1

- Leaving lights on in the home while you are away makes it appear as if someone is home, however there's no need to leave every light on while you're away. Consider purchasing a light timer to make it appear as if someone is inside. It will also be easier when your electric bill comes in the mail. Timers can be purchased online that can be controlled via your smartphone to manually turn lights on/off while you're away avoiding a simple pattern found in basic timers. Consider having that neighbour also retrieve your mail and flyers. An overflowing mailbox with last weeks flyers is a clear indicator that nobody's home. If you're out of town for an extended period of time consider having Canada Post either redirect or stop your mail during that time.

- Make sure your residence appears that it's owners are still

home while you're away. Ensure that you landscape the day before you leave, cut your grass lower to ensure it will last looking kempt for the duration of your vacation. If you leave a key hidden outside under a mat or plant in the event you misplace your keys, first of all, find a better hiding spot, secondly, make sure you place that key inside while you're away. If a criminal manages to confirm that you are out of town they have all of the time in the world to search for an outside key for easy

If you have information about any crime, please call the St. Albert R.C.M.P. at 780-458-7700 or call your local police. GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool | Onoway Royal Canadian Legion

Monday July 3, 2017

This is not directly involving the Legion but we would like to congratulate Morand Industries Ltd. located on the corner of Secondary Highway 777 and Highway 37 for their tremendous display of 150 Canadian Flags circling their shop and yard. Many hours must have gone into the planning and execution of this very impressive presentation in honor of Canada Day. Thank you Morand Industries Ltd.!

Roast Beef is always a popular choice for Friday Night's Supper and June 23rd's meal was no exception. Bob C., Ron W., Jay K., Mary R., Marcelle J., Wayne H., Dee H., and Meila S. pitched in to prepare and serve the sold out dinner with Cadets Samantha, Emma and Ben Jorgensen along with Zakk Geortzen doing a great job of clean-up and dish washing duties. Tonno Breland won the free meal voucher, Deb Farkas the meat draw and Ric Moses pocketed the 50/50 winnings. Regarding the draws, District Commander Dave Velechko sent notice to the Legion that "AGLC has reviewed the progressive gaming licences in Alberta and have changed the rules to accept Progressive Raffles up to a maximum of \$10,000." Very good news indeed and hopefully we will once again be able to enjoy searching for the Queen!

Submitted by Larry Villneff: "Our June 24th pool tournament kicked off our summer series of tournaments with the introduction of another 4x8 pool table acquired through the tremendous efforts of many volunteers and Legion members. This allows the players to expand the number of games in any "one on one" round robin play. We have also upgraded one of our existing tables to make it "moveable" to any location in the hall. The top five players on Saturday were: 1 – Peter Menzel; 2 – Robin Hryniuk; 3 – Kim Koroll; 4 – Lou Giroux; 5 – Bill Buhr. Special thanks to Kelsey Wellon (bar) and Peter Menzel for volunteering and organizing the tournament."

Our new ramp has gone past the planning stage and, with approval

at the Special General Meeting on July 4th, will probably be installed around the middle of August with the upgrades and relocation of the cenotaph around the first part of September. This will make a remarkable difference to those requiring a handicap entry as well as the overall appearance of our front entrance.

Posted From the Royal Canadian Legion Dominion Command: "Thank you to all our members who make it possible for the Legion to support Veterans and their families. Together we are making a difference! Read our latest mem-

ber newsletter to learn about some of the things we've been up to. If you're a member, stay informed throughout the year. Provide your membership number and email address to membership@legion.ca and ask to receive our member newsletter. Not a member? Join today: Let's celebrate the difference we make together."

UPCOMING EVENTS:

July 4 - Special General Meeting – All members please attend if possible

July 7 - Friday Night Supper – Ham with Scalloped Potatoes

July 11 - Pub and Games Night

July 14 - Friday Night Supper

DIRECT ENERGY EMERGENCY FUND PROVIDES RELIEF FOR UTILITY BILLS

Submitted by Gillian Ruth-erford, Communications | United Way of the Alberta Capital Region

EDMONTON, AB – Direct Energy is donating \$250,000 over three years to create an emergency fund for people in the Alberta Capital Region who are experiencing utility-related acute financial crises.

“Unemployment rates are higher in this region than they have been in 25 years and we

know that families and individuals are struggling,” said Anne Smith, President and CEO of United Way of the Alberta Capital Region. “Partners like Direct Energy make it possible for United Way to provide support and address these needs in our community.”

Effective Thursday, June 22, people can learn more about the fund by calling the 211 phone line, which refers Albertans to community and social services.

“Last year, 798 people reached

out to 211 looking for assistance to pay a utility bill,” said Emma Potter, Acting Manager of Help Lines for 211 in Edmonton. “That number continues to rise in 2017.”

Emergency grants will be provided to those who are in crisis and at risk of falling into poverty due to utility bills in arrears or a disconnection notice. Funds will be available through agencies in six communities: Edmonton, Fort Saskatchewan, Strathcona County, Parkland County, Leduc

(City and County), and St. Albert.

“We serve almost one million Alberta customers and often hear first-hand about their financial challenges,” said Tanis Kozak, Vice President and General Manager, Canada, Direct Energy. “Through the new Direct Energy Emergency Fund, we are proud to further assist Alberta’s most vulnerable customers with their natural gas and electricity bills and help families avoid or rebuild from a financial crisis.”

Direct Energy has donated another \$250,000 to the United Way of Calgary to address similar needs there.

WHAT DOES THE 2017 FEDERAL LIBERAL BUDGET SAY TO SENIORS?

Submitted by Jim Eglinski, MP – Yellowhead

For the first time, the number of seniors in Canada exceeds the number of youth. Right now, one in six Canadians is a senior. In 12 short years that number will be one in four. You would think there would be something in the 2017 Budget for our seniors. Disappointingly, there is

not!

Instead, Budget 2017 is hiking taxes and making life more expensive for Canadians; it should have introduced tax measures that would have helped make life more affordable for those living on a fixed income.

There are several features in the Budget that will hurt Canadian seniors:

- Scrapping the Public Transit

Tax Credit

- Eliminating the Family Care-giver Tax Credit

- The Prime Minister's refusal to appoint a Minister for Seniors.

I have presented in the House petitions calling for national strategies for seniors and palliative care. I have also presented a petition calling on the Prime Minister to appoint a Minister of Seniors.

Budget 2017 contained little more than buzzwords and re-packaged ideas. Catch-all policies with the word "senior" stamped on them are not enough to address the very real needs of our aging population. This budget begs the question - why are Canadian seniors being ignored by the Prime Minister?

LIBERALS FAIL ON SOFTWOOD LUMBER

Submitted by Jim Eglinski, MP – Yellowhead

On April 25th, the U.S. Department of Commerce imposed countervailing duties as high as 24% on Canadian softwood lumber imports.

During the last dispute, over 15,000 jobs were lost and the Canadian forestry industry had to pay \$5.4 billion in duties. It was our previous Conservative government that negotiated an

agreement to end that dispute within three months of coming into office in 2006, as well as negotiated the 2012 extension of the deal through to October 2016.

In Alberta, the forest industry employs over 19,000 people, the majority of which are in our riding of Yellowhead, and in Canada, 370,000 jobs are directly or indirectly tied to the forestry sector. It is upsetting to me that, even with all those jobs at stake,

negotiating a new softwood lumber agreement has never been a priority for this Liberal government.

Last Fall, I asked the government what action they were taking to ensure stability and predictability for Canadian forestry workers with the response that they will “defend our Canadian workers.” They have known since November that the United States was planning to launch trade action against Canada. Yet,

instead of proactively defending hardworking Canadians, the Liberals failed to negotiate a new Softwood Lumber Agreement and are putting almost 400,000 jobs across the country at risk.

The Liberal government is failing to create jobs and grow the economy, and have now failed forestry workers and their families, jeopardizing their livelihoods.

CANADA SUMMER JOBS 2017

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead is pleased to advise that the Canada Summer Jobs program provided \$499,141 throughout the riding in investment to support our students.

“I am pleased that students in the riding of Yellowhead

will benefit from this program. Summer work experience helps to equip young people with the skills and experience they need to enter the workforce once they have completed their studies,” stated MP Eglinski.

While providing funding to help employers, the program creates summer job opportunities for students. Canada Summer Jobs (CSJ) provides funding

to not-for-profit organizations, public-sector employers and small business with 50 or fewer employees to create summer job opportunities for young people aged 15 to 30 years who are full-time students intending to return to their studies in the next school year.

This year, Yellowhead is receiving almost double the amount of funding it received

in 2015. It will employ 117 students at 44 businesses and organizations throughout the riding.

“This is a worthwhile investment into our local businesses, as well as our students. It is great to see our riding receiving more funding than previous years, and I know it will benefit many,” concluded MP Eglinski.

**ONOWAY
JUNIOR/SENIOR
HIGH SCHOOL**

Celebrates on June 21st

Submitted by Wanda Pederson | Onoway Junior Senior High School

Although the last few days of a school year are usually filled with completing assignments, studying and writing final exams, this year these days were also filled with fun and entertainment and celebration. On June 21st - the first full day of summer - OJSH celebrated! We celebrated the first year in our new facility, we celebrated the last day of regular classes for senior high students, we celebrated Canada's 150th Birthday, and we celebrated National Aboriginal Day.

The day began with Principal Lobo making a school-wide announcement acknowledging that we are on Treaty 6 Territories, "The traditional meeting grounds, gathering place and travelling route to

the Nakota Sioux, Cree, Saulteaux, Blackfoot and Dene." On behalf of the school, he thanked the Nakota Sioux Nation on whose traditional lands we are now gathered. Mr. Lobo also acknowledged all the many First Nations, Metis and Inuit "whose footsteps have marked these lands since time immemorial".

Later in the morning, three members of the Royal Canadian Legion Branch 132 (Onoway) presented awards to students who had won awards in the Legion's Annual Literary and Poster Contest. Legion members Jay Krause, Louise Bambrick and Ted Latimer presented Brianna Carter, Ceinan Boileau and Mikailie Kootenay with certificates and cheques. Brianna was awarded first place in the black and white poster category at the Branch level. Ceinan was awarded second

place in the black and white intermediate level. Mikailie won first place in the black and white poster (senior division).

Throughout the day, a special large barn board painting of the Canadian flag was on display in the foyer. Everyone who was in the school - students, staff, parents and community members - were encouraged to sign the painting as a salute to Canada's 150th Birthday.

Excitement grew as a very special lunch hour loomed. Mr. Lobo arranged for food trucks, including two dessert trucks, to come to our school. They lined up along the sidewalk in front of the school, opening their awnings, firing up their stoves, and setting out their menu boards. At 11:30, students and staff streamed outside to discover what

most appealed to their taste buds. Line-ups developed in front of every truck - The Dog, The Hop, Soner's Donairs, BeaverTails, and GoNuts4Donuts - as customers made their decisions. There was much laughter, much chattering and much enjoyment as everyone got their lunch.

After lunch and just before the afternoon blocks started, there was some very special entertainment. OJSH student Daylynn Paul performed several Native Dances in her beautiful regalia that is based on traditional designs. She was accompanied by her very sweet but very shy niece, Payton. The students and staff of OJSH were very impressed with the talent of Daylynn as well as appreciating the traditions Daylynn is carrying forward.

The Registered Apprenticeship Program (RAP) is an apprenticeship program especially for high school students. Usually, trade apprenticeships in Alberta began after students have graduated from high school. But since some students are ready to learn and practice their chosen future trade while still in high school, RAP is an ideal program for them.

RAP students are full-time high school students and are also registered apprentices. They must divide their time between an approved work site and their regular school classes. Fortunately, the time a RAP student spends at school and on the work site can be quite flexible - the student might work as a RAP apprentice for a semester, for half of each school day, or for one or two days per week, or during summers, holidays and weekends.

The RAP apprenticeship ends when the RAP apprentice finishes high school. At that time, the student is automatically registered as a regular apprentice and the credit earned while in the RAP program is applied to his or her apprenticeship.

This year, at OJSH, six graduating students successfully completed their RAP apprenticeship. Konor Halyk, Lane Hapienko, and James Stirling completed their RAP welder apprenticeship with Academy Fabricators. Also completing her welder's RAP apprenticeship was Ashleigh Lindemann with Stenger Welding Ltd. Mark Kosik completed his RAP apprenticeship in the

SPECIAL GUEST SPEAKS TO DRAMA CLASS

Submitted by Wanda Pederson | Onoway Junior Senior High School

On Thursday, June 8, Mr. Frederick's Drama 20/30 class had a very special guest come and speak to the class from the stage of the OJSH theatre.

Long-time local resident, Mrs. Ruth Schultz, aged 95, recited poetry and literature that she had learned as a young girl going to school in Onoway. Ruth attended Onoway school in 1929; she had to leave school after Grade 8 to help her father on the farm since her mother was in poor health. Mrs. Schultz's recall, enunciation and stage presence was amazing. Her poetry – some of it from World War I - and stories from times past were well-received and appreciated by the Drama students and their teacher.

Of special note, Max Westerlund, a grade 12 student who will be graduating later this month, attends OJSH. He was in his Physics class when he was called out of class to the office – after being directed to the stage area, he was completely shocked and pleasantly surprised to see his great-grandmother up on stage giving a recitation to a class. He gladly joined her on stage for the remainder of her presentation. Max is no stranger to the stage: he recently acted in OJSH's dinner theatre production of Rocky of the Rainforest.

Mrs. Schultz's recitation was testament to the power of literature in education.

Her visit was facilitated by Mrs. Lou Hansen as part of the initiative to promote the positive interactions between youth and seniors.

ALBERTA RCMP AND ALBERTA CITIZENS ON PATROL ASSOCIATION SIGN OFFICIAL PARTNERSHIP

Submitted by RCMP Alberta

The Alberta RCMP has been

proud to support the Alberta Citizens On Patrol Association for numerous years and today Deputy Commissioner Todd She-

an, Commanding Officer of the RCMP in Alberta and Ms. Beverley Salomons, Chair of the Alberta Citizens On Patrol Associa-

tion (ACOPA), signed an official memorandum of understanding (MOU) which outlines the partnership that has been fostered between the two organizations.

Citizens On Patrol is a police supported, community led program aimed at reducing crime in the community through the active participation of citizens in crime prevention and patrol activities. When a crime, or suspicious behaviour, is observed, Citizens On Patrol members will immediately contact their local RCMP detachment.

"Citizens On Patrol members help us see a little farther, hear a little more and ultimately help make our communities safer," said Deputy Commissioner Todd Shean, "While today's MOU signing formalizes our cooperation, it's the countless volunteer hours spent by community-minded citizens that are most vital to this program's continuing success. Thank you for your selfless dedication to serving and protecting your communities."

Apart from patrol activity, Citizens On Patrol may also be involved in crime prevention activities relating to the awareness and prevention of community safety issues.

"Today is a step forward in sealing the relationship between the RCMP and ACOPA" said Beverley Salomons, "And the continued opportunity for citizens in communities to volunteer as extra eyes and ears in keeping their communities safer."

The relationship between Citizens On Patrol and the RCMP is one where both partners have a common goal of a safer community. As with any partnership, all partners must be actively involved in contributing to its success.

ALBERTA RCMP WARNS AGAINST BINARY OPTION SCAMS

Submitted by Alberta RCMP

Every year, thousands of Albertans fall victims to fraud, losing millions of dollars. Most people don't believe it could happen to them, but fraudsters use sophisticated ways to target people of all ages. Last year, there were a total of 8,317 cases of fraud reported in Alberta RCMP jurisdictions from January to October.

Some of the most common scams in Canada in 2016 included:

- Romance scams: Fraudsters steal photos and use dating sites and social media to lure potential victims into sending money for various reasons.

- Wire Fraud scams: Financial industry wire fraud occurs when Canadian financial institutions and investment brokers receive fraudulent email requests from who they believe to be an existing client.

- Investments scams: An investment scam is any solicitation (telephone, mail, email, etc.) for investments into false, deceptive or misleading investment opportunities, often referring to higher than normal or true monetary returns which consumers lose most or all of their money.

- Merchandise scams: Involves deceptive websites selling counterfeit goods from existing retailers at discounted prices. They use the concept of a limited, one-time-only sale to attract online buyers.

"Fraud has a devastating impact on individuals, families, businesses and to our economy. The RCMP believes that the best way to fight these types of crime is through awareness because the more you know about a scam, the less likely you are to be victimized. Albertans should immediately report any incident to the appropriate authorities," said Inspector K.C.A. (Allan) Lai, Acting Officer-in-Charge of RCMP "K" Division Federal Policing for Southern Alberta.

Recently, scammers have also been targeting Canadians and Albertans using binary option scams. According to the Alberta Securities Commission (ASC), Albertans who fall victim to binary options scams lose, on average, more than \$20,000. Similar to gambling, binary options work much like a wager. All or nothing "bets" are invested based on

how an asset will perform within a certain timeframe. The asset could be a stock, a currency or a commodity. This type of scam is typically offered online. Binary options websites are designed to look legitimate, enticing users with promises of high rates of return and very low-risk.

Albertans should know that companies offering securities to Canadians must be registered in the province they do business. Currently, there are no registered binary options dealers in Alberta.

The following tips from the ASC

will help protect you from binary scams.

- Be cautious when asked to provide personal information and credit card details over the phone and internet.

- Do your due diligence, research an investment opportunity and seek the council of an independent third party.

- Prior to investing, ask for information on the investment. Check the registration and

- enforcement history.

- The Canadian Securities Admin-

istrator (CSA) encourages all investors to visit www.aretheyregistered.ca

If you or someone you know has been approached by a binary options company or believe you have been the target of a securities scam, you can
