## ALBERTA SUPPORTS B.C. WILDFIRE RESPONSE

Submitted by **Tim Seefeldt, Communications Director, Municipal Affairs | Government of Alberta**

The Government of Alberta is providing support as British Columbia deals with wildfires. It is also encouraging Albertans to stay safe by being aware of air-quality advisories. And it is advising people to make financial donations to a recognized non-profit organization of their choice instead of providing material donations.

Air quality

• Air quality is expected to vary across the Central, Edmonton and North Zones of Alberta Health Services.

• Alberta Health Services has issued precautionary air-quality advisories for the following areas:

• Jasper, Hinton and Edson areas of the North Zone

• All of Edmonton Zone and Central Zone

• Because air quality is expected to be variable, this advisory will remain in effect until further notice.

• Residents of, and visitors to,

these areas are advised to be aware of air conditions and to take precautions against potential health concerns that can be associated with smoky air.

• Information about the air quality in many areas of Alberta is updated hourly on the Alberta Environment Air Quality Website: <http://airquality.alberta.ca>. For hourly air quality readings and daily forecasts, download the Air Quality Health Index (AQHI) Canada app at <https://open.alberta.ca/interact/aqi-canada>

## PRECAUTIONARY AIR QUALITY ADVISORY ISSUED FOR EDMONTON ZONE OF ALBERTA HEALTH SERVICES

Submitted by **Alberta Health Services**

EDMONTON – Due to wildfires burning in British Columbia, air quality is expected to be variable across much of the Edmonton Zone of Alberta Health Services (AHS) over the coming days and potentially, weeks.

As such, AHS is issuing a precautionary air quality advisory for the entire Edmonton Zone of AHS.

Residents of the Edmonton Zone of AHS, and visitors to the Edmonton Zone of AHS, are advised to be aware of air conditions and take precautions against potential health concerns that can be associated with smoky air conditions.

Although minor smoke conditions do not typically cause health concerns in healthy individuals, if smoke conditions become more severe, even healthy individuals may experience

temporary irritation of eyes and throat, and possibly shortness of breath.

If you can taste and/or smell smoke in the air:

- Monitor your symptoms.
- Minimize physical activity outdoors.
- Remain indoors with windows, doors and air circulation fans/vents closed.

# Precautionary Air Quality Advisory Issued for Edmonton Zone of Alberta Health Services

Continued From Page 1

• If you drive to another location, keep windows and vents closed. Run your car fan on re-circulate mode to avoid drawing in outdoor air.

Individuals with respiratory conditions (such as COPD and asthma), and individuals with existing cardio-

vascular conditions (such as angina, previous heart attack and congestive heart failure), may notice a worsening of symptoms in smoky air conditions. These individuals should monitor for worsening of symptoms and take the precautions routinely recommended by their physicians if a worsening of symptoms occurs.

Individuals experiencing symp-

toms can also call Health Link 24 hours a day, seven days a week, toll-free at 811, to speak to a registered nurse.

Air quality can and will vary with weather conditions and prevailing winds. Because air quality is expected to be variable, this advisory will remain in effect until further notice.

Information about the air quality in many areas of Alberta is updated hourly on the Alberta Environment Air Quality Website: <http://airquality.alberta.ca>. Air quality information is also available by phone, toll-free, at 1-877-247-7333.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than 4 million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

# Alberta Supports B.C. Wildfire Response

## Continued From Page 1

- For more information on the air-quality advisory, please visit <http://www.albertahealthservices.ca/news/air.aspx>

### How Albertans can help

- We recognize Albertans are caring and generous and want to do whatever they can to support British Columbians who have had to leave their homes due to wildfires, including donating material goods.

- We know from experience that B.C.'s priority is assessing evacuees' immediate needs and there is no request from B.C. for donations of material goods from Albertans. We ask that Albertans wait until our neighbouring province provides direction and further information about material donations.

- Consider helping by making a financial donation to a recognized non-profit organization of your choice. You may also access direct links to charities such as the Canadian Red Cross or Salvation Army through the B.C. government website at <http://www2.gov.bc.ca/gov/content/safety/wildfire-status/donate-to-the-british-columbia-fires-appeal>

### Travel information

- At this time, all highways into B.C. from Alberta are open to travel, but this could change as the wildfire situation progresses.

- For up-to-date travel information across Alberta, please check 511 Alberta and "know before you go."

- Albertans planning to travel to British Columbia are advised to monitor @DriveBC and @EmergencyInfoBC for up-to-date information on road closures and traffic impacts.

- Information for travellers and tourists visiting B.C. is available at <http://www2.gov.bc.ca/gov/content/safety/wildfire-status/in-for-for-travelers-tourists-in-bc>

### Contacting family in B.C.

- If you have been separated from your family in British Columbia, please contact the Red Cross at 1-800-863-6582 (select

language and then option 1).

### Alberta assistance

- Agriculture and Forestry has deployed 125 firefighters and support staff, five air tankers, two bird-dog planes and 3,000 lengths of hose to British Columbia.

- Alberta is responding to a request for help from British Columbia RCMP by sending 40 Alberta members from the Special Tactical Operations unit. More information: <https://www.alberta.ca/release.cfm?x-ID=48259FD713886-DFA4-7661-C7CC0C0E7DEF7DEF>

- The Alberta Emergency Management Agency has elevated the Provincial Operations Centre to Level 2 to enhance monitoring of the B.C. wildfire and, at the request of Emergency Management British Columbia, has deployed four emergency management and communications professionals to provide assistance.

- Albertans are encouraged not to travel to British Columbia on their own to provide wildfire response. All response efforts are being coordinated through Emergency Management British Co-

lumbia.

### Fire restrictions in Alberta

- After a prolonged period of hot, dry weather, a fire restriction has been put in place in the forested parts of Alberta south of Highway 532.

- Campfires within campgrounds in designated fire rings in this area are still permitted. Gas or propane stoves/barbecues and portable propane fire pits are also allowed.

- The best way for Albertans to find out if there is a fire ban, restriction or advisory in their area is to visit [AlbertaFireBans.ca](http://AlbertaFireBans.ca).

# MP JIM EGLINSKI QUESTIONS THE MINISTER ON THE MOUNTAIN PINE BEETLE

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: On June 16th, Jim Eglinski, Member of Parliament for Yellowhead, asked the following question on what the Liberal government's plans are to stop the Mountain Pine Beetle from spreading in Jasper National Park:

"Mr. Speaker, Jasper National Park, one of Canada's major tourist destinations, has been devastated by the pine beetle infestation. Much of the forest is dead or dying. The dead trees are a tremendous fuel load and present a significant risk to the community of Jasper.

Residents are concerned for their own safety and that of vis-

itors, and the security of their homes. There is a high risk of wildfire fuelled by a forest, devastated by the pine beetle.

Have the Liberals put a plan in place to protect this park?"

The Minister of Environment and Climate Change, the Honourable Catherine McKenna replied:

"Mr. Speaker, our government is absolutely committed to the ecological integrity of our national parks. That is my first priority as a minister.

We are working very hard in all of our parks, including Jasper National Park. I look forward to talking to the member further about this and seeing how we can move forward."

# MP JIM EGLINSKI PUTS FORWARD A QUESTION DURING DEBATE ON THE TRANSPORTATION MODERNIZATION ACT

Submitted by Jim Eglinski, MP – Yellowhead

On June 16th, Jim Eglinski, Member of Parliament for Yellowhead, during debate on C-49 Transportation Modernization Act, asked the following question:

“Mr. Speaker, I was very interested in a lot of what the hon. member had to say. I totally agree with him that 13 Acts on three modes of transportation is ridiculous. One would think the Liberals do not care at all

about Parliament and just want to ram this bill through. It is absolutely disgusting to see what is happening on such an important matter, whether it is air, rail, or whatever.

The member made some good points on safety. There has been no opportunity for good debate in this place, and that is what we are here for, to talk about the safety of rail transportation, but I am more interested in the safety of the communities the railways go through and safety of the people working on the

railways. We are not being given the opportunity to speak. I will give a quick example and then ask my hon. friend to comment.

In my community, there are super trains, large trains with grain bins, oil tankers, and containers. They go into small communities from one end of Canada to the other. They block crossings, and people cannot

get to and from their communities, cannot get to hospitals, and cannot get to work, sometimes for hours on end, because the trains sit while waiting for another train going east or west. I wonder if the member would comment on that situation. I know it is happening in his and all members’ ridings in this country, and it is a danger to Canadians.”

## MP Jim Eglinski Questions The Minister on the Mountain Pine Beetle

Continued From Page 4

“Please be assured that I will be following up on this issue with the minister. There must be a plan

to protect Jasper National Park, the community, residents and visitors, in the event of a possible wildfire fuelled and intensified by trees killed by the Pine Beetle,” concluded MP Eglinski.

## THINGS TO CONSIDER BEFORE UPSIZING YOUR HOME

So you're thinking of movin' on up. You feel you have outgrown your current home and are looking at upsizing. Here are some things to consider before upsizing your home.

### COST

A bigger home comes with bigger costs. You need to first decide how much you can afford with your new mortgage. Not only are mortgage payments going to be higher, but property taxes are usually higher on a larger home due to the lot size being bigger. Another cost to consider is utilities. Because you are looking into more square footage your utility costs will also rise. A larger house costs more to heat, air condition and uses more water.

A larger home will likely have more rooms you will need to furnish. Maybe you have children sharing a room with a bunk bed right now. A larger home means each child will probably have their own room,

and you will need to buy new beds. You may also now have an extra guest room, sitting room or dining room to furnish.

### LOCATION

Have you considered the type of neighbourhood you would like to live in? If you have children you may want to consider a cul-de-sac versus a busy main street. What amenities are close by that are important to you? Look around for schools, parks, playgrounds and other areas for your family to spend time. Another consideration is the people living in your new neighbourhood.

### FEATURES

Make a list of all of the things you don't like about your current home and keep that list with you when you are shopping around. A list of must-haves and nice-to-haves is also good to bring along. Your new home may have many bedrooms but does it have enough bathrooms? A bigger home is great,

but if it only has one bathroom that could be challenging.

A larger home also means more home maintenance. Do you have the extra time and money to keep up with the extra cleaning, fixing, and yard maintenance? A larger yard means a lot more upkeep, especially if you plan to spend more time outside.

Many new homes come without landscaping or fenced yards, and it is up to the homeowner to put up their fence and do the landscaping.

Making the decision to move to a bigger home can be exciting. It can also be a little overwhelming, and we're here to help.

Contact us by email at [contact\\_us@servus.ca](mailto:contact_us@servus.ca), by phone at 1.877.378.8728 or by visiting your local Servus Credit Union branch.

Have you registered the kids for the Summer Reading Club for children 6 to 13 years of age at the Darwell Public Library? Space is limited so call the library to pre-register. The program starts Thursday, July 20 from 1-3PM and will run for 6 consecutive weeks until August 24, 2017. We will kick off the program this year with A Royal Canadian Moose Party! performed by the Kompany Family Theatre at the Darwell Centennial Hall starting at 2:00 p.m. During this 45 minute, interactive production the children will be dancing and singing, many of them performing with the actors. A very exciting, memorable celebration of our Canadian heritage. This performance will be open to the community at large and is free, so mark the date on your calendar and come help us launch the Summer Reading Club and celebrate Canada Eh!

Are you interested in the library and looking for a way to contribute to your community? The Darwell Library Friends Society will be holding their regular meeting on

Thursday, July 20, 2017 at 7PM to finalize the fundraising for the summer. Drop in and find out what the library is doing, everyone is welcome.

We continue our efforts to fundraise for the completion of the library expansion and have multiple opportunities for anyone who wishes to contribute to supporting this valuable community service. Looking for some summer reading material or just like to hunt for treasure? Drop by on Tuesday afternoons from 1 to 4 pm for the used book sale. We encourage you to stop in and peruse the titles, take what you want and leave a donation of your choosing. See you there!

The donations are coming in and preparations are well under way for the Silent Auction which will be held on Saturday, August 19, 2017 from 10AM to 3PM during the Darwell Fair in the new library expansion. We are currently accepting new donated items for our event so should you have something you would like to contribute, please have your donation to us by Wednesday, August 9, 2017.

Join us on Friday, July 28, 2017 at the Lake Isle Community Hall for Family Movie Night. We will

be showing the G rated Smurf's The Lost Village starting at 7PM. The cost of admission is \$ 2.50 and a concession will be available.

Do you need some help with your resume? The folks from Alberta Works will be here to help you to put together an effective resume. Learn the top 10 things that employers hate to see and learn how to create the best first impression to get you that interview in this competitive job market. We are currently working out the details and will be holding the workshop in Mid-August, so keep checking our articles, website or Facebook for further details and registration information.

Are you wondering about Tai Chi or just want to practice over the summer? We will be holding an open practice session every Wednesday morning (weather permitting) at 10:00 AM at the Birchwood Estates Park on RR#45. There is no cost or no need to register just drop by and join us for Tai Chi in the park. If you where unable to attend the first Beginner Tai Chi session please let us know, we have a sign-up sheet at the library so leave your name, number and your preference for daytime or evening. If there is enough interest we will consider holding another

class, on a cost recovery basis, in the fall.

The next Book Club meeting will be on Monday September 11, 2017 at 7:00 p.m. to discuss "Ru" by Kim Thuy. Do you love to read? Do you like to discuss what you have read with others? We are always interested in a new perspective to add to our conversation. If you are interested in participating you can register and arrange loan of the current title by calling the library @ 780-892-3746. Our programs are sponsored by the Darwell Public Library, Darwell Library Friends, FCSS and CLSA Library Grant.

The Darwell Public Library Society will be holding their next regular meeting on Monday, September 25, 2017 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our website [www.darwell-publiclibrary.ab.ca](http://www.darwell-publiclibrary.ab.ca) or like or follow us on Facebook at [www.facebook.com/DarwellPublicLibrary](http://www.facebook.com/DarwellPublicLibrary)

Keeping You and Your Community Informed

# GOOD TO BE HOME

Submitted by Jim Eglinski, MP – Yellowhead

I am pleased to be home with my constituents where I will be spending my time in communities across this beautiful riding of Yellowhead. Returning home allows me the opportunity to meet face-to-face with you, attend events, catch up on phone calls, and answer correspondence. Meetings, events, phone calls and responding to your letters will help me represent you better when Parliament resumes in September.

The spring parliamentary session concluded on June 21, 2017. Below is a summary of hot topics:

1. Interesting how the federal government can quickly produce \$10.5 million to pay Omar Khadr, who fought against Canada, but can't seem to provide enough funding in the Veterans Affairs budget to make sure our elderly veterans are properly cared for. Mr. Trudeau was wrong to compensate Omar Khadr, and wrong to do it in a secret deal.

2. Métis commissioner, Marilyn Poitras stepped down from the five-member commission, citing issues with the "current structure" of the inquiry into Murdered and Missing Indigenous Women and Girls.

3. Prime Minister Trudeau promised to borrow only \$10 billion, and balance the budget by 2019. The Finance Department's report shows a different story. It says the deficit won't be eliminated for at least 35 years! His borrowing and spending is out of control. So much for a 'modest deficit'.

4. Thanks to this Liberal government, we won't have a softwood lumber deal anytime soon. This is one of the main industries in our riding of which I have repeatedly brought to the Government's attention.

5. The Liberal government must immediately act on the Mountain Pine Beetle infestation before it is too late. This is another issue I have repeatedly brought to the Government's attention.

6. The Trudeau Liberals have scrapped important tax credits for kids' sports and arts programs; slashed the Tax-Free Savings Account; put tax hikes

on public transit, beer and wine; and applied GST to ridesharing services like Uber.

7. Their proposed national carbon tax will increase the price of gasoline by 11 cents by 2022, costing the average family \$1,250 to \$2,500 per year.

8. Their payroll tax hikes will make it harder for companies to hire young people. So much for our farmers and our youth! This must be stopped!

9. The taxpayer-funded Infrastructure Bank has been widely criticized by industry professionals for putting tax dollars

on the line to cover risky investments made by private companies. This bank will only help a lot of well-connected insiders and lobbyists. What about building the roads and bridges communities need?

10. What about the status of the Kinder Morgan Pipeline? After all, Canadians can have jobs and a clean environment.

Trudeau's "Sunny Ways" is leading us to "Gloomy Days" as his government becomes even less transparent, less accountable, and less cooperative.

As we look ahead to the fall ses-

sion of Parliament, our new Conservative leader, Andrew Scheer, and our team will continue to stand up for everyday Canadians. We will hold this Liberal government to account for raising taxes; introducing policies that have stalled job growth; the Prime Minister's unethical behavior; the release of dangerous criminals because of judicial delay; out-of-control spending; new tax hikes on the middle class; lavish vacations; and a litany of partisan appointments, etc. All are examples of poor leadership.

# DRIVE HOME A WINNING GOLF TOURNAMENT

(NC) The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance

# GOLFER'S GUIDE

## HOW TO MAKE THE MOST OF YOUR DAY ON THE COURSE

(NC) Most great golf games are filled with sun, competition and camaraderie, but you can enhance the experience with a few tips that have less to do with your swing, and a lot to do with your 18-hole enjoyment:

**Dress for success:** The right golf apparel can be as important as the clubs you carry. Check the weather in advance to make sure you'll be as comfortable as possible during play. Determine if you're dressing to impress or to elevate your game. Light, non-restrictive clothing will allow you to swing freely and keep you comfortable and cool in the heat, or warm if the temperature drops. If you're a guest, always check out the dress code at the club you'll be visiting to ensure you comply with the rules.

**Choose your company carefully:** Your playing partners can have a lot to do with how you play and how you socialize on the golf course. If you're out with friends, you can relax and enjoy the day knowing what to expect. But if it's a game with your boss or clients, always make sure to test the waters. Will they play by the rules or is it just a relaxed day? Are your clients there to play golf or do business? Understanding the landscape on the first tee will alleviate any awkward moments later on.

**Create friendly competition:** Sure, there's already a scorecard, but you

can add more competitive fun to your game by creating a little friendly rivalry. For example, try a little Bingo Bango Bongo - a points based game that awards a total score based on three kinds of achievement: Bingo - first person on the green gets a point; Bango - the player whose ball is closest to the pin when all balls are on the green gets a point, Bongo - the player who is first to hole out gets a point. Add up the points and the person with the highest total for the round wins.

**Walk it off :** Make a small 'healthy' tweak to your game by walking vs. taking a cart. When you choose to walk rather than drive 18 holes, you'll cover approximately six kilometres and burn around 1,500 - 2,000 calories. Golfers that ride carts will burn only about 1,100 - 1,300 calories.

**Say cheers and enjoy:** The 19th hole remains one of the best holes on the course. Cap off a great day by enjoying a light meal or a light beer such as Molson Canadian 67, which is brewed to 67 calories per 341ml bottle and 3% ABV. This crisp, refreshing beer can be paired nicely with a protein boost of chicken or fish.

## Drive Home A Winning Tournament

coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

8	4	9	6	1	7	3	5	2
3	5	6	9	8	2	4	1	7
7	2	1	4	3	5	8	8	9
1	7	3	8	4	9	2	6	5
6	8	2	1	5	3	9	7	4
4	9	5	7	2	6	8	3	1
2	1	7	3	9	8	5	4	6
9	6	8	5	7	4	1	2	3
