ACCIDENTAL BEARSPRAY CONTAMINATION RESULTS IN TERMINAL EVACUATION

Submitted by Edmonton Airport RCMP

Leduc, Alberta - An apparent accident led to the four people being exposed to bearspray and an area of Edmonton International Airport being evacuated on July 8, 2017

At approximately 8:30 pm, Edmonton Airport RCMP were called to a waiting area in the airport for reports of a contaminant in the air. Investigators responded and located a

man coming out of a washroom who was suffering the effects of having been exposed to bearspray. After interviewing the man and reviewing security footage, the investigators have determined that the man found a can of bearspray in a liquids disposal receptacle at the check in area. The man, unaware of what the can was, sat in a waiting area and inadvertently released some of the spray onto himself and into the air. The man then went to a washroom

to decontaminate himself and was quickly found by officers.

One child and 3 adults were treated for exposure to the bearspray in addition to the individual that had sprayed himself. Due to the bearspray contaminating the air, a portion of the airport was evacuated, causing some disruption to airport operations.

At this time, investigators do not believe this was a criminal act and charges are not anticipated.

THEFT OF MAIL

Submitted by Thorsby/Breton RCMP

File number: 2017-892072

On July 11, 2017 the Thorsby/Breton RCMP was notified of theft of mail from rural mail boxes on

Range Road 10 near Twp Rd 474 in Leduc County.

A witness to the thefts saw a dark coloured truck following the mail delivery vehicle and opening mail boxes at approximately 10AM.

If you have any information that

could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951; or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

DEVON DRUG SEIZURE

Submitted by RCMP Devon

On July 11th, 2017 Devon RCMP and the Leduc RCMP Drug Unit concluded a joint investigation into street level drug trafficking in the town of Devon. As a result of this joint investigation police arrested 28 year old Dallas HALLADAY, of Devon, Alberta. Upon his arrest police found HALLADAY in possession of approximately \$3000 worth of illicit drugs including cocaine, methamphetamine, MDMA (Ecsta-

sy), Oxycodone, and marihuana. He was also in possession of two prohibited knives, bear mace, and a 12 gauge shotgun with ammunition.

He now faces a staggering total of 23 charges under the Criminal Code and the Controlled Drugs and Substances Act. The charges are for trafficking methamphetamine, possession of various controlled substances for the purpose of trafficking, multiple firearms and weapons offences, as well as several charges relating to the violation of previous bail conditions.

HALLADAY has been remanded into custody with his first court appearance set for July 14th, 2017.

This investigation is a significant achievement in the RCMP's ongoing commitment to provide safer communities in the Province of Alberta, and specifically in the Devon and Leduc areas.

Police ask that anyone who may have information on drug activity in any community please contact your local police detachment or Crimestoppers at 1-800-222-TIPS(8477).

POVERTY REDUCTION STRATEGY CONSULTATION

Submitted by **Jim Eglinski, MP – Yellowhead**

Jim Eglinski, Member of Parliament for Yellowhead, is encouraging residents to participate in a nation-wide consultation process to support the development of Canada's Poverty Reduction Strategy, which will be aimed at reducing poverty and improving the economic well-being

of all Canadians so they have a fair chance to succeed.

In order to support the development of the Strategy, the government launched online and in-person consultations with Canadians to discuss key issues related to poverty. All Canadians are invited to participate in the online consultation, which will run until June 2017. The consultation can be found at: esdc-consultations.canada.ca/poverty-reduction-strategy

[canada.ca/poverty-reduction-strategy](http://esdc-consultations.canada.ca/poverty-reduction-strategy)

"To address such an issue as complex as poverty, all levels of government, as well as community and not-for-profit organizations, need to work together. By participating, residents of Yellowhead will have the opportunity to have their say on reducing poverty, including discussion forums and online town halls," concluded MP Eglinski.

WHAT DOES THE 2017 FEDERAL LIBERAL BUDGET SAY TO SENIORS?

Submitted by **Jim Eglinski, MP – Yellowhead**

For the first time, the number of seniors in Canada exceeds the number of youth. Right now, one in six Canadians is a senior. In 12 short years that number will be one in four. You would think there would be something in the 2017 Budget for our seniors. Disappointingly, there is not!

Instead, Budget 2017 is hiking taxes and making life more expensive for Canadians; it should have intro-

duced tax measures that would have helped make life more affordable for those living on a fixed income.

There are several features in the Budget that will hurt Canadian seniors:

- Scrapping the Public Transit Tax Credit
- Eliminating the Family Caregiver Tax Credit
- The Prime Minister's refusal to appoint a Minister for Seniors.

I have presented in the House petitions calling for national strategies

for seniors and palliative care. I have also presented a petition calling on the Prime Minister to appoint a Minister of Seniors.

Budget 2017 contained little more than buzzwords and re-packaged ideas. Catch-all policies with the word "senior" stamped on them are not enough to address the very real needs of our aging population. This budget begs the question - why are Canadian seniors being ignored by the Prime Minister?

BREAK AND ENTER - MULHURST

Submitted by Thorsby/Breton RCMP

File number: 2017-895548
On July 12, 2017 the Thorsby/Breton RCMP received a complaint of a break and enter

to a residence in Mulhurst Bay. A garage on a property located on 53 Ave in Mulhurst Bay was entered sometime between 11:00PM and July 11 and 7AM on July 12.

Entry was gained through an

unlocked door and several tools were stolen from the garage. Items that were stolen include a Campbell Hausfeld compressor, 2 DeWalt 18V drills and a Yard Machines Y2500 trimmer.

If you have any information

that could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951; or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

THEFT OF BOAT/BREAK & ENTER

Submitted by Thorsby/Breton RCMP

Mulhurst
On July 13, 2017 the Thorsby/Breton RCMP received a complaint of a break and enter to a shed in Mulhurst Bay. Sometime between July 9th at 5PM and July 13 at 9PM a shed on a property on Bonnie Drive was entered and several items stolen.

Stolen from inside the shed was a Stihl line trimmer, a generator and a chainsaw and other items.

Sunset Harbor
On July 12, 2017, a 2005 20 foot Tuscany 2286 platoon

boat on a 2005 EZ loader trailer was stolen from the subdivision of Sunset Harbor. Likely stolen overnight.

Picture shown of similar boat.
If you have any information that could assist in this investi-

gation, please contact the Thorsby RCMP at 780-789-3951; or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

THEFT OF TRUCK

Submitted by Thorsby/Breton RCMP

File number: 2017-854672
On July 4, 2017 the Thorsby/Breton RCMP was notified of a theft of a red, 2007 Dodge Ram 1500 from a residence on Range Road 31 north of Hwy 39.

The truck was stolen between 10 and 10:30 PM. The truck has grey pin striping and a dent on the front passenger side of the truck.

A second truck was involved in the theft, it is described as a red flat deck truck. Shortly after the theft, the flat deck truck stopped at a residence on Range Road 14 near Twp Rd 490 asking for directions.

If you have any information that could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951; or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

GOOD TO BE HOME

Submitted by Jim Eglinski, MP – Yellowhead

I am pleased to be home with my constituents where I will be spending my time in communities across this beautiful riding of Yellowhead. Returning home allows me the opportunity to meet face-to-face with you, attend events, catch up on phone calls, and answer correspondence. Meetings, events, phone calls and responding to your letters will help me represent you better when Parliament resumes in September.

The spring parliamentary ses-

sion concluded on June 21, 2017. Below is a summary of hot topics:

1. Interesting how the federal government can quickly produce \$10.5 million to pay Omar Khadr, who fought against Canada, but can't seem to provide enough funding in the Veterans Affairs budget to make sure our elderly veterans are properly cared for. Mr. Trudeau was wrong to compensate Omar Khadr, and wrong to do it in a secret deal.

2. Métis commissioner, Marilyn Poitras stepped down from the five-member commis-

sion, citing issues with the "current structure" of the inquiry into Murdered and Missing Indigenous Women and Girls.

3. Prime Minister Trudeau promised to borrow only \$10 billion, and balance the budget by 2019. The Finance Department's report shows a different story. It says the deficit won't be eliminated for at least 35 years! His borrowing and spending is out of control. So much for a 'modest deficit'.

4. Thanks to this Liberal government, we won't have a softwood lumber deal anytime

soon. This is one of the main industries in our riding of which I have repeatedly brought to the Government's attention.

5. The Liberal government must immediately act on the Mountain Pine Beetle infestation before it is too late. This is another issue I have repeatedly brought to the Government's attention.

6. The Trudeau Liberals have scrapped important tax credits for kids' sports and arts programs; slashed the Tax-Free Savings Account; put tax hikes on public transit, beer and wine; and applied GST to ridesharing services like Uber.

7. Their proposed national carbon tax will increase the price of gasoline by 11 cents by 2022, costing the average family \$1,250 to \$2,500 per year.

8. Their payroll tax hikes will make it harder for companies to hire young people. So much for our farmers and our youth! This must be stopped!

9. The taxpayer-funded Infrastructure Bank has been widely criticized by industry professionals for putting tax dollars on the line to cover risky investments made by private companies. This bank will only help a lot of well-connected insiders and lobbyists. What about building the roads and bridges communities need?

10. What about the status of the Kinder Morgan Pipeline? After all, Canadians can have jobs and a clean environment.

Trudeau's "Sunny Ways" is leading us to "Gloomy Days" as his government becomes even less transparent, less accountable, and less cooperative.

As we look ahead to the fall session of Parliament, our new Conservative leader, Andrew Scheer, and our team will continue to stand up for everyday Canadians. We will hold this Liberal government to account for raising taxes; introducing policies that have stalled job growth; the Prime Minister's unethical behavior; the release of dangerous criminals because of judicial delay; out-of-control spending; new tax hikes on the middle class; lavish vacations; and a litany of partisan appointments, etc. All are examples of poor leadership.

BETTER QUALITY OF LIFE
and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

ENVIRONMENTAL DAMAGES FUND

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA - Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for applications to the new Environmental Damages Fund through Environment and Climate Change Canada. The program is making \$130,741 available in Alberta to support projects that help to restore or enhance the environment, conduct environmental research, and provide public education on environmental issues.

In Alberta, there are two types of funding available. The federal government has made \$20,000 available for projects aimed at preventing pollution and/or protecting the environment.

Additionally, \$110,741 is available for projects which promote the proper management and control of fisheries or fish habitat, and/or the conservation and protection of fish or fish habitat in Alberta. Preference for this funding will be given to projects in the Athabasca

watershed or adjacent watersheds in Alberta, and in the North Saskatchewan River Watershed.

"I am pleased to see the federal government investing in areas of our riding where environmental damage may have occurred along the North Saskatchewan River Watershed," stated MP Eglinski.

Eligible applicants include: non-governmental organizations; academic institutions; indigenous organizations; and provincial, territorial and municipal governments. The deadline for projects in Alberta is July 28, 2017. Priority funding will be given to projects that restore the natural environment and conserve wildlife.

"I encourage all those interested in this program, especially those along the North Saskatchewan River, to apply. Let's ensure that our riding of Yellowhead continues to represent the best of Alberta's beauty," concluded MP Eglinski.

Information on the application process can be found at www.ec.gc.ca/edf-fde/

JOKE OF THE WEEK

A young city couple are driving down a country lane on their way to visit some friends one day. They suddenly come to a muddy patch in the road and don't stop in time, so the car becomes bogged down and stuck. After a few minutes of trying to get the car out by themselves, they see a young farmer coming down the lane, driving some oxen in front of him. The young farmer stops when he sees the couple in trouble and offers to use the oxen to pull the car out of the mud for \$50. The husband accepts and a few minutes later the car is free. Afterward, the farmer says to the husband, "You know, you're the tenth car I've helped out of the mud today." The husband looks around at the fields and asks the farmer, "When do you have time to plow your land? At night?" The young farmer says, "Oh no. Night is when I put the water in the hole."

NEW REGIONAL ON-RESERVE WATER LINE

Submitted by Jim Eglinski, MP - Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of an investment for a new regional on-reserve water line and water infrastructure.

The investment, which is made in partnership with all three lev-

els of government, will connect the Alexis Nakota Sioux Nation to the West Inter Lake District regional water supply system, as well as construct a potable water supply line, pumphouse, and treated water reservoir. The federal government plans to invest approximately \$10 million to support the completion of the project, which is part of a com-

mitment of \$1.8 billion over five years for water and wastewater.

The Alberta government is investing \$7.15 million to complete the Alexis Nakota Sioux water tie-in project connecting the regional water system to the reserve. This project is part of Alberta's \$100 million commitment over four years to ensure Alberta First Nations have ac-

cess to clean and safe drinking water.

"Everyone should have access to safe running water. I am proud to see investments being made to support one of our local Indigenous communities, promoting the health and wellbeing of the community," concluded MP Eglinski.

INVESTMENTS IN LOCAL WATER INFRASTRUCTURE

Submitted by Jim Eglinski, MP - Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of further investments

in local water infrastructure.

A new project in Parkland County has been approved under the Government of Canada's Clean Water and Wastewater Fund (CWWF). The federal government is providing over \$6.3 million, while the Capital Region Parkland Water Services Commission will fund the remainder of the nearly \$24 million project.

The water commission will now be able to begin work on a multi-phase system twinning project. The first phase will involve the construction of approximately four kilometers of new waterline from the EPCOR Utilities supply point to Acheson Industrial Park. This project will help meet the increased water demands of the Capital Region Parkland Water Services Commission as well as the West Inter-Lake District Water Commission and the Paul First Nation and Alexis Nakota Sioux Nation.

In addition to this project, federal funding through CWWF has been announced for the following communities in Yellowhead:

- Brazeau County - Project name: New Sewage Trunk Line - Federal funding: \$165,000 - Municipal funding: \$165,000
- Clearwater County - Project name: Lift Station Rehabilitation - Federal funding: \$290,000 - Municipal funding: \$290,000
- Mayerthorpe - Project name: Water Treatment Plant Improvement Project - Federal funding: \$634,000 - Municipal funding: \$634,000

"I am proud to see investments in Yellowhead's infrastructure so that local residents and their families have access to modern, reliable water and wastewater services that meet their needs," concluded MP Eglinski.

BLUE-GREEN ALGAE BLOOM ADVISORY ISSUED FOR WIZARD LAKE

Submitted by Alberta Health Services

EDMONTON – A blue-green algae (cyanobacteria) bloom has been identified in areas of Wizard Lake, located southwest of Leduc. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacte-

ria) blooms. If contact occurs, wash with tap water as soon as possible.

- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this

lake, as it is known that fish may store toxins in their liver. (People can safely consume fish filets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Wizard Lake, at any time. Boiling of this water will not remove the toxins produced by blue-green algae (cyanobacteria). An alternate source of drinking water

should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Wizard Lake, until further notice.

Please note that areas of Wizard Lake in which the blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-green Algae (Cyanobacteria) Advisory is in place.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria), please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

APPRENTICES AND TRADESPEOPLE – CALL FOR PROPOSALS OPENING JULY 24, 2017

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the Government has announced \$85 million to support training in the skilled trades.

This plan will support the next generation of apprentices and

tradespeople - particularly women and Indigenous people – get the skills they need to succeed in a changing economy. The Government of Canada will launch the program through a call for proposals beginning on July 24th. Apprentices and tradespeople will benefit from this new program that supports apprenticeship training, innovation and

enhanced partnerships.

The program will include two streams of funding:

- Financial support for unions to purchase up-to-date training equipment and materials to help unions keep up with constant technological change and meet industry standards
- Funding for innovative approaches to break down

barriers facing women and Indigenous people who want to enter the skilled trades.

“This will help apprentices and tradespeople in my Yellowhead riding to obtain the skills they need to pursue a career in a skilled trade. I encourage those interested in this program to apply once this program is launched on July 24th,” concluded MP Eglinski.

HAVE YOUR SAY ON CANNABIS LEGALIZATION

Submitted by Veronica Jubinville, Press Secretary, Justice and Solicitor General | Government of Alberta

Albertans are invited to participate in an online survey to provide feedback on how the province will adapt to cannabis legalization.

The survey, along with a series of stakeholder engagements, will help guide how Alberta will adapt to proposed federal legislation that would legalize cannabis by July 2018. Albertans are asked to visit alberta.ca/

cannabis to learn more about cannabis legalization and participate in the survey, which will run until July 31, 2017.

“I encourage everyone to share their views on this issue as we develop a Cannabis Framework that works for our province. Feedback from Albertans is an important part of the process. Our priorities are to keep profits away from criminals, keep cannabis out of the hands of children and protect Alberta’s roads and workplaces.”

Kathleen Ganley, Minister of Jus-

tice and Solicitor General

In April, the federal government tabled proposed legislation which would legalize, regulate and restrict access to cannabis. The Government of Alberta has committed to engaging with Albertans. The online survey is designed to gather input on:

- Alberta’s cannabis goals
- purchasing cannabis
- using cannabis in public
- setting the legal age
- protecting roads and workplaces
- economic implications and opportunities

The government will also be conducting stakeholder roundtable meetings, sector-specific meetings and surveys at public events across Alberta.

Once the public and stakeholder engagement is complete, the input will be used to help form a Cannabis Framework, which will outline proposed next steps for Alberta. Albertans will have another opportunity to provide their feedback on the framework and the direction government will take.

SUDOKU OF THE WEEK

Fun By The Numbers

Here’s How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

8	4	9	6	1	7	3	5	2
3	5	6	9	8	2	4	1	7
7	2	1	4	3	5	6	8	9
1	7	3	8	4	9	2	6	5
6	8	2	1	5	3	9	7	4
4	9	5	7	2	6	8	3	1
2	1	7	3	9	8	5	4	6
9	6	8	5	7	4	1	2	3
5	3	4	2	6	1	7	9	8

		9	6	1				2
	5			8	2			
7					5	6	8	9
						2	6	
6			1	5				
4		5		2		8		1
	1	7		9	8			
		8		7		1		
							9	

Like puzzles? Then you’ll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
