APPRENTICES AND TRADESPEOPLE – CALL FOR PROPOSALS NOW OPEN

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the call for proposals for new Union Training and Innovation Program launched today.

Successful applicants will receive financial support to purchase up-to-date training equipment and materials so workers can get the skills they need on the job site. Successful applicants will also receive funding to support approaches that

will break down barriers facing women and Indigenous people who want to enter the skilled trades.

The program will include two streams of funding:

- Financial support for unions to purchase up-to-date training equipment and materials to help unions keep up with constant technological change and meet industry standards

- Funding for innovative approaches to break down barriers facing women and Indigenous people who want to enter the skilled trades.

“This will help apprentices and tradespeople in my Yellowhead riding to obtain the skills they need to pursue a career in a skilled trade. I encourage eligible organizations to apply for funding to support apprentices in completing their training,” concluded MP Eglinski.

The deadline to apply is September 5, 2017. For more information on how to apply, visit: <https://www.canada.ca/en/employment-social-development/programs/union-training-innovation.html>

FIRST INSTALLMENT OF FEDERAL GAS TAX DELIVERED TO PROVINCE

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the Federal Government has delivered the first of two annual \$109.5 million federal Gas Tax Fund (GTF) installments to Alberta.

In total, the province will be provided with over \$219 million this year through the fund. The Federal Government has announced that the funding, which flows through the provincial government to all of its municipi-

palities, is now available to support community infrastructure projects.

“Community infrastructure helps to connect people to jobs and it provides access to better community services, attracts new businesses and creates economic growth,” stated MP Eglinski.

GTF funding is allocated to municipalities on a per capita basis. Municipalities can pool, bank and borrow against this funding, providing significant financial flexibility. Unspent capital funds may be carried forward

a total of five years.

Based on previous years, GTF funding supports approximately 250 local infrastructure projects across Alberta each year. The allocations in the riding of Yellowhead are as follows:

Towns
 • Drayton Valley: \$380,033
 • Edson: \$466,132
 • Grande Cache: \$232,850
 • Hinton: \$519,721
 • Mayerthorpe: \$75,370
 • Rocky Mountain House: \$389,252

LOCAL ATHLETES COMPETING IN 2017 CANADA SUMMER GAMES

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is excited to cheer on local athletes participating in the 2017 Canada Summer Games. In one week, Winnipeg will host athletes, coaches, and visitors from across Canada who are coming together to take part in our largest domestic multisport event.

"Canada's next generation of national team members at the Olympic and Paralympic Games often get their start at the Canada Games. This is an exciting opportunity for young competitors to showcase their skills on a national stage," stated MP Eglinski.

This will be the 50th anniversary of the Games, which are held every two years and alternate between winter and summer events. More than 20,000 visitors are

expected to watch the 3,900 athletes, who will participate in 16 sports and more than 250 events from July 28 to August 13.

Five local athletes from the riding of Yellowhead will be competing in the 2017 Canada Summer Games:

- Town of Drayton Valley - Mr. Royden Radowits - Athletics
- Town of Drayton Valley - Ms. Avery Wiseman - Swimming
- Town of Edson - Ms. Xana Beran - Wrestling
- Parkland County - Ms. Mikhayla Doroshuk - Softball
- Yellowhead County - Ms. Tiana Bryant - Wrestling

"I want to encourage residents to tune in to the games and join me in cheering on these talented individuals as they represent our local communities!" concluded MP Eglinski.

For more information on the Games, including the competition events schedule, visit <http://canadagames.ca/2017/>.

JOKE OF THE WEEK

A sales rep, an administration clerk, and the manager are walking to lunch when they find an antique oil lamp. They rub it and a Genie comes out. The Genie says, 'I'll give each of you just one wish.' 'Me first! Me first!' says the admin clerk. 'I want to be in the Bahamas, driving a speedboat, without a care in the world.' Puff! She's gone. 'Me next! Me next!' says the sales rep. 'I want to be in Hawaii, relaxing on the beach with my personal masseuse, an endless supply of Pina Colodas and the love of my life.' Puff! He's gone. 'OK, you're up,' the Genie says to the manager. The manager says, 'I want those two back in the office after lunch.'

MP EGLINSKI HIGHLIGHTS SMALL BUSINESS TOOL

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to remind local entrepreneurs and business owners of BizPal, an online service that benefits Canadian businesses by helping them identify which per-

mits and licences they require and how to obtain them.

"Looking to start or grow your business? BizPal is an excellent source for Online Business Permit and Licence information. This one-stop service gives entrepreneurs and business owners a single point of contact to simplify the process," stated MP Eglinski.

BizPal's website (www.bizpal.ca) is easy and convenient,

available anytime and guides users through a simple process. Entrepreneurs simply select the business activities they plan to undertake, and BizPal automatically generates a list of required permits and licences from all levels of government, along with basic information on each. The list also includes links to the various

government websites where entrepreneurs can learn more and, in some cases, apply online.

"Manufacturing, small businesses, and entrepreneurs are cornerstones of our riding's economy. I encourage all new business owners to utilize this tool to ensure they are set up for success," concluded MP Eglinski.

SUMMER, WHAT A TIME TO CONNECT!

Submitted by Jim Eglinski, MP – Yellowhead

July 31, 2017

I enjoy being in the riding during the summer where I can reconnect with my constituents. After Parliament adjourned for the summer, I began my travels throughout the region.

At the end of June, I hosted a roundtable discussion with local officials regarding freshwater lakes in Yellowhead. I also attended the Hinton Beaver Boardwalk, as well as a geothermal energy information session.

While in Ottawa for the first week of July, I met with nine constituents who were visiting the capital. Also that week, I participated in events at Parliament Hill and the United States Embassy. I was back in the riding at the end of the week to attend Edson's Great Canadian BBQ in the Park, as well as plant a commemorative tree at the George Pegg Historical Garden in Glenvis.

For the week of July 10, I spent time in my Edson office meeting with constituents regarding various issues such as veterans and softwood lumber. I also participated in the Edson Summer Festival, handing out flags and conversing with local residents.

The following week, I attended Edson's Rotary Club meeting and later participated in a conference call. Midweek, I made a trip up to Grande Cache to attend several meetings regarding local issues and later attended the Town Council meeting. On Thursday, I was in my Rocky Mountain House office where I met with constituents and walked around the Market on Main in the evening. On the weekend, I visited Bench Creek Brewery in Edson before going

to the "Got Your Six" shooting competition, which was a local fundraiser to raise awareness of PTSD.

For the last week of July, I met with constituents in my Edson office. I also met with a local radio station and recorded two messages. On the Thursday, I participated in TransAlta's tour of their Brazeau Hydro Plant and coal facilities in Wabamun.

August promises to be another good month where I can meet up with many of my constituents before heading back to Ottawa in September.

Family run, local business, we care!

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for

parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start

their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no

matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

SIX GOLF PERSONALITIES THAT WILL MAKE OR BREAK YOUR GAME

(NC) From the rules drill sergeant, to the etiquette obsessed, no one likes to be on the course with that person. Here are a few of the personalities you should be keenly aware of when creating the perfect 18-hole pairing.

The Natural – They've had no lessons, no warm-up, old clubs but can consistently hit them long and straight every day.

Play with this person if... you crave a smooth, competitive game.

The Iceman – never phased by a shot that's off or a disgruntled competitor, the Iceman always keeps everyone's emotions in check.

Play with this person if... you want to cool down fired up players.

The Socialite – forget the game, this person is out for a good time.

With positive vibes, and stories for days, this person is only interested in one hole: the 19th.

Play with this person if... your scorecard is the last thing on your mind

The Personal Trainer – will gladly walk the length of the course with a 50 pound golf bag in tow. The PT prefers post-game chicken breasts over hot dogs, and comes equipped with a crisp low calorie light beer, such as Molson Canadian 67.

Play with this person if... you're an active calorie calculator who wants to tone up while having a good time on the greens.

The Chauffeur – likes driving the cart more than swinging the club and is happy to drop you off at every hole.

Play with this person if...the Personal Trainer has worn you out.

The Slicer – no matter how many lessons he's taken or how new his clubs are, he consistently hits his

shots in the woods.

Play with this person if... you want to win!
