YELLOWHEAD COUNTY PLANTS 100 DONATED TREES

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

Wildwood recently got a little greener. Forestry giant Weyerhaeuser donated 100 of its nurs-

ery's Lodgepole Pine trees to Yellowhead County, and the trees are happily taking root in Wildwood.

The County's parks crew planted the trees over a couple of days in early August in Gunner Rehn Park. The trees are a welcome ad-

dition to the landscaping and privacy screening initiatives in the area—especially around Wildwood's new pump track.

For more info please call the County office at 780-723-4800 or 1-800-665-6030.

PINT-SIZED PIONEERS!

Submitted by Shayna Powell, Museum and Farmers' Market Manager

The Tipple Park Museum in Evansburg is please to announce our new program for pre-school children, Pint-sized Pioneers. We will be holding weekly classes from 11:00-12:00 every Thursday for children ages 2-5, starting on September 7th. Children and

their caregivers are invited to join us in reliving through role play, pioneer life. They will be learning all about pioneer arts and crafts, play some old-fashioned traditional games and help create some old-time recipes. Classes are \$4.00/ each to help cover the cost of supplies. Please call Shayna @780-727-2240 for more details. Limited space is available so be sure to register early!

MAJOR FUNDING BOOST FOR STONY PLAIN-AREA PROVINCIAL PARK

Submitted by Kat Heaney | Alberta's NDP Caucus

A popular provincial park in the Stony Plain region is getting \$750,000.00 in capital funding for much-needed upgrades and improvements

"I am proud of the investment we are making in our park system. Local residents and visitors use Wabamun all year, and investments like this make our park more sustainable today and in the future." - Erin Babcock, MLA for Stony Plain

The funding is part of the Gov-

ernment of Alberta's five-year, \$239-million plan to revitalize and expand the provincial parks system after years of underfunding that left shelters, roads and sewers in disrepair.

Major Funding Boost For Stony Plain-Area Provincial Park

Continued From Page 1

"Families have been coming to Alberta's provincial parks to hike, camp and make memories for 85 years now. This investment will help undo years of neglect and ensure Albertans and visitors can enjoy our fabulous parks for many

years to come."

- Shannon Phillips, Minister of Environment and Parks

The funding is part of the Government of Alberta's five-year, \$239-million plan to revitalize and expand the provincial parks system after years of underfunding that left shelters, roads and sewers in

disrepair. This year, the biggest funding boost is to the maintenance program, which will receive \$29 million, nearly double the amount invested in 2016-2017. Maintenance funding supports the upkeep of essential parks features like picnic tables, fire pits, washrooms, roads and trails.

JOKE OF THE WEEK

Two little boys stole a big bag of oranges from a neighbor. They decided to go to a quiet place to share the lot equally. One of them suggested the nearby cemetery. As they were jumping over the gate to enter the cemetery, two oranges fell out of the big bag but they didn't bother to pick them since they had enough in the bag. A few minutes later, a drunk man on his way home from a bar passed near the cemetery gate and heard a voice saying: "One for me, one for you. One for me, one for you. One for me, one for you." He immediately sobered up and ran as fast as he could to a church nearby. "Father, please come with me. Come and witness God and Satan sharing corpses at the cemetery." They both ran back to the cemetery gate and the voice continued: "One for me, one for you. One for me, one for you. One for me, one for you." Suddenly, the voice stopped counting and said: "What about the two at the gate?"

FUNDING TO PROTECT LOCAL BATS

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the Wildlife Conservation Society (WCS) Canada has been approved to receive \$30,000 towards a project to protect local bats. The funding is being delivered through the Habitat Stewardship Program Species at Risk Stream, which is administered by Environment and Climate Change Canada.

The project will locate critical and important bat habitats to address the threat of a fungal disease called White Nose Syndrome in two species listed as Endangered on the Species at Risk Act – the Little Brown Myotis and the Northern Myotis.

White Nose Syndrome propagates in cool, humid conditions, and grows on bats while they hibernate in caves. It induces them to come

out of hibernation, groom, and fly more than they would naturally in the winter, expending the valuable energy that they need to survive and causing massive die-offs.

The project will take place across Alberta where the bats have been documented, including two national parks. WCS will engage the local caving community to locate bat habitats and refine a database of potential hibernation habitats to serve as the foundation for an action plan to address White Nose Syndrome.

"Though we rarely see them, bats play important roles in our local ecosystem, eating insects and pollinating plants. I am pleased to see investments being made towards the protection of our local wildlife populations," concluded MP Eglinski.

For more information on WCS and their bat conservation efforts, visit: <https://www.wcsCanada.org/Wildlife/Bats.aspx>

BACK TO SCHOOL

Below are tips to help your child start the school year well rested and back on their regular schedule.

1. Start early. Begin the transition to a regular sleep schedule a couple of weeks before school starts.
2. Shift times in small increments.
3. Be prepared for some resistance.
4. Limit the use of electronics before bedtime.
5. Use a different approach for adolescents.
6. Once the routine is established, don't backslide. Once your child or teen is in a good sleep routine, maintain this routine throughout the week.

P.V. DAZE 2017 - ALWAYS A FUN TIME

Submitted by Al Hagman

The 2017 edition of Pembina Valley Daze was a huge success and the weather played its part in serving up a gorgeous weekend. The celebration began with the activities at the Legion including Ladies Auxiliary barbeque and meat draws. The Louisiana Hayride, sponsored by SERVUS Credit Union, was a remake of a 1940's radio and it was a huge hit. Thanks to XM105 for running ads for us. Ken Tetz won the 50/50 draw of \$390.00, and donated much of it back to us. A spectacular fireworks display capped off an almost perfect start to PV Daze.

Saturday morning began with a huge crowd (264) slurping the syrup at the pancake breakfast. Thanks go out to the local churches for manning the event. The new grouch, Susan Cameron was crowned and will fulfill the duties as town grouch for 2017-2018. Thanks to everyone who participated and helping to raise \$720.44 during the campaign. The Farmers' Market and the Mainstreet

Market both did very well.

At 11:00 a.m. the parade began. Thanks to all who participated in making the parade a huge success. After the parade, Main Street was transformed into a party, as the street filled with people enjoying the Kid's Zone, a Bounce House and great festival eats. The Funny Farm Petting Zoo was kindly sponsored by P & E Ventures, and it was a huge hit. Yoona entertained everyone at the Family Foods stage.

The main event, the "39th Forever" annual Lone Wolves River Run Show and Shine had a nice turnout—though we will work hard to draw more vehicles next year. Prizes were awarded for High Miler (Tom and Diane Hughes of Ponoka), Judge's Choice (Yvonne Hoines of Gainford with a '48 Pontiac coupe) and Peoples' Choice (Merlin Chambers of Drayton Valley with his '70 Ford Mach 1). A poker walk was also run for the ladies who entered vehicles. Our thanks go out to the organizers of the River Run for bringing in visitors from

all over. Thanks to Family Foods for providing food and drink for the car entrants.

Huge thanks to everyone who helped in running the kid's games. At the Wesland- Woodland- Foley Trail-Pioneer Stage, patrons were treated to the Cynthia Hamar and Matt Kolodyluk, both local talents.

New this year to PV Daze events was a 3 ON 3 Basketball Tourney. The first year saw lots of teams participate, and all were winners. The Legion Car Rally was run on Saturday this year, and the winning entry in the rally/ hunt was the car entered under ?????

At the main stage, the Lions drew the winning tickets for the Annual Evansburg Raffle. This year's first place winner of \$1000.00 was Barb Kjelland. \$500 was won by Holly Dopking, Sam Keewatin won \$300, and Ray Goodale and Kathy Stout each won \$100.00. The winner of the 50/50 was Mayor Gerald Soroka, who donated his winnings back to the Lions.

People were enjoying the entries

in the 7th annual Chili Cook-off. This year, Amy Rowat (#3) won the competition over the other entrants and donated her winnings back.

Activities moved off of main, and back to the Legion for a pig roast, meat draws and the evening's entertainment, Runaway Train. At the Evansburg Inn, a comedy show rounded out the evening.

The weekend closed on Sunday, with two new events, a 5k fun run and a kids' run. There were 38 runners in the inaugural race. Jeremy Gylander took top honors in the mens, and Sadie McCracken took first in the ladies event. Ceisten Nagy and Tyson Ekroth won in the kids categories.

The weekend was filled with fun and activities, and many people offered their appreciation to the countless volunteers that work together to make this weekend a success. We are on the hunt for new volunteers, new ideas and new energy. If you are interested, please act upon it, and give us a call. Phone 780-727-3526.

FARMERS FACING WEATHER CHALLENGES AGAIN

Submitted by Mustafa Eric, Media Coordinator | Agriculture Financial Services Corporation

Weather has been variable throughout Alberta this spring and summer with continuing wet conditions in the north central region, and drier than normal conditions in the south. There are concerns about the yield and quality of all crops, including hay and pasture.

Agriculture Financial Services Corporation (AFSC), the provincial Crown corporation that delivers Business Risk Management programs for producers, reminds clients to carefully assess their options to get the most out of their insurance coverage.

"AFSC has two types of insurance programs in place to protect insured clients who are experiencing either dry conditions or excess moisture," said Nancy Smith, Coordinator of Insurance Products at AFSC.

"Production-based programs for crops and hay provide protection from an individual production shortfall or reduction in quality. Area-based programs protect clients' crops and pasture based on events that happen in a geographical area near the client's farm."

Production-based insurance programs

Crop Insurance provides coverage for losses in both production and quality on insured crops. When the losses are due to an insurable risk, claims are calculated and paid based on the client's actual production. The list of risks covered includes drought on dryland crops, as well as excessive moisture.

Two separate hay insurance programs provide production coverage for hay crops that are intended for both feed and export. Hay Insurance provides production coverage for hay crops that are intended to be harvested for feed; it does not compensate clients for quality loss. Export Timothy Hay Insurance provides coverage for insured pure timothy hay stands intended for export and adjustments to yields are made when the grade falls below Choice.

Smith says it is extremely im-

portant for clients with production-based insurance to contact AFSC prior to putting their insured crops to another use such as silaging, pasturing or plowing down, to ensure insurance coverage is not negatively impacted.

Area-based insurance programs Smith says AFSC also offers area-based programs where indemnities are calculated based on events that occur in a geographical area near the client's farm.

The area-based programs for annual crops are Silage Greenfeed

Lack of Moisture Insurance and Silage Greenfeed Barley Proxy Insurance, and for pasture the programs are Moisture Deficiency Insurance and Satellite Yield Insurance. Details of the insurance coverage under these programs can be found at www.AFSC.ca

Clients can choose in advance to defer a potential payment prior to it being calculated by contacting either their Branch or Central Office.

AgriStability

Clients who are enrolled in

AgriStability have protection for their whole operation against large margin declines. The program is funded by both federal and provincial governments and provides assistance when participants experience margin declines greater than 30 per cent.

Smith says clients who are in search of more detailed information on their insurance coverage options are encouraged to contact their local AFSC branch office, call toll free 1-877-899-2372 or email info@afsc.ca.

DID YOU KNOW?

- Red means STOP. The penalty for passing a school bus with its alternating flashing red lights activated is \$402 and six demerit points.
- School buses in Alberta transport nearly 250,000 youngsters twice a day.
- Transport Canada reports that school bus travel in Alberta is 16 times safer than commuting in the family vehicle.
- The biggest bus danger to children is when they are getting on and off the bus.
- More than 6,300 school buses are driven by conscientious, dedicated drivers every school day in Alberta.

BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR CHIP LAKE

Submitted by **Alberta Health Services -- Health Advisory**

EDMONTON ZONE – A blue-green algae (cyanobacteria) bloom has been identified in Chip Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-

green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.

- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human con-

sumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, including Chip Lake, at any time. Boiling of this water

will not remove the toxins produced by blue-green algae (cyanobacteria). An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae (cyanobacteria) is naturally occurring, and often become visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, blue-green algae (cyanobacteria) can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae (cyanobacteria), or who ingest water containing blue-green algae (cyanobacteria), may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Chip Lake, until further notice.

Please note that areas of Chip Lake in which the blue-green algae (cyanobacteria) bloom is NOT visible can still be used for recreational purposes, even while this Blue-green Algae (Cyanobacteria) Advisory is in place.

If you suspect a problem related to blue-green algae (cyanobacteria), or if you require further information on health concerns and blue-green algae (cyanobacteria), please call Health Link at 811. Additional information is also available online, at www.ahs.ca/bga.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

WHATS YOUR ROLE?

- Motorists must watch for children crossing roads, and prepare to slow down and stop.
- No Matter what direction motorists are traveling, they must STOP when approaching a stationary school bus with alternating flashing red lights - unless the bus is on the opposite side of a divided highway.
- Always be aware of and respect "Point, Pause and Proceed", used by Alberta school children when crossing roads. Stop for pedestrians.
- Parents should plan to have a safe place for kids to go in case they miss the bus. Remind them to never take rides from strangers.
- Take the time to discuss school bus safety with your children. Teach them how to be street smart and ride safe.
- Alternating flashing amber lights means a bus is slowing down to stop. Slow down and prepare to stop too.

PLEASE DRIVE CAREFULLY!

SCHOOL BUS SAFETY

1. Always listen to the school bus driver 2. Always stand in a group while waiting for the bus. No pushing or shoving. 3. Always stay out of the DANGER ZONE until the bus driver says its ok to get on. You are too close if you can touch the bus. 4. Always remember to wait until the bus stops before standing up and leaving your seat. You move away from the bus and out of the DANGER ZONE right away when you get off the bus.

DEVON RCMP INVESTIGATE GUNSHOT FIRED

Submitted by Devon RCMP

Devon, Alberta – on August 18, a single gunshot was fired at a vehicle which was stationary at a gas station in Devon. The single round struck the frame of the gas pump and no one was injured in this incident. RCMP are looking for public assistance in identifying the culprit.

Shortly after 2:30 a.m., a blue Toyota Tundra was driving by a stopped vehicle when a male allegedly pointed a firearm and fired one round at the stopped vehicle. The Tundra then fled the location in an unknown direction.

The Toyota Tundra was later found abandoned on Highway 60 south of Devon. Police Dog Services attended the location of the truck, however, no track was initiated. The truck was determined to have been stolen earlier out of Wetaskiwin.

Several RCMP units are actively engaged in this investigation including Wetaskiwin General Investigation Section, Forensic Identification Section and Edmonton RCMP Serious Crimes Branch.

Preliminary investigation suggests that this was not a random incident.

The RCMP are looking for anyone travelling on Highway 60 south of Devon who may have seen the blue Tundra or its occupants or any other suspicious vehicles in the vicinity. As well, anyone who may have information about this incident is asked to call the Devon RCMP Detachment at 780-987-3414 or call your local police detachment. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), by internet at www.tipsubmit.com, or by SMS.

THANK YOU!

Submitted by Al Hagman

The Pembina Valley Daze Committee would like to thank everyone who made this edition of the festival a success. Thank you to the sponsors that made monetary contributions.

MAJOR CONTRIBUTIONS WERE MADE BY:

EVANSBURG LIONS, YELLOWHEAD COUNTY, PEMBINA AGRICULTURE AND RECREATION SOCIETY, SERVUS CREDIT UNION, P & E VENTURES, WOODLAND, WESLAND, PIONEER BUILDERS AND FOLEY TRAIL.

Thanks as well to the businesses and people that donated in other ways:

The Evansburg Legion--for the use of their hall and the cooperation. Vimar Books for subsidizing the costs of printing and advertising, XM105 for the radio ads, Grande Yellowhead for allowing the fireworks to be lit on the soccer pitch, the Fire Dept. for watching over the fireworks, Yellowhead County for setting out the barricades, and for the Bouncy House, and to those who donated back their winnings.

Thanks also to Liz Lauer and all the helpers at the pancake breakfast, Randy Trydal and Denys Ambrose for running the Grouch Campaign, the candidates that ran for Grouch, the RCMP and the Color Party for the parade, Denys again, for marshalling the parade, the Evansburg Lions for giving us this year's raffle and for setting up the barricades and garbage and recycling bins. Thanks to those who controlled traffic and help with the parking of cars. Thanks to Bill and Lisa and all the Lone Wolves for hosting entrants and all they do, to Lynette Nienaber and her crew for organizing the car awards and the Poker Walk, to the people who set up and took down the Bouncy House and tents, to those who helped the Petting Zoo, to Jennifer Yakimchuk for organizing and donating supplies for the

Chili Cook-off, and to those who entered a chili, to Michelle Willett who delivered the sandbags needed.

Thanks to everyone at Family Foods for donating food to the car entrants, for allowing us to hear Yoona, to Wendy and Lucas Fausak for setting up the kids' games and the main stage. Thanks to Cynthia Hamar and Matt Kolotyluk for entertaining us this year and providing the sound system. Thanks to Bobby and Kim Manary and all their crews for introducing our new-

est events including the 3 on 3, and the Fun Runs.

Thanks to the staff of V & S, and Family Clothing for selling the Hayride tickets and a large share of the raffle tickets, to all those who helped sell the raffle tickets, to those who bought the tickets and continue to faithfully support our fest, to Ryan Wildeboer and his Grandpa for moving chairs and tables, and garbages.

Thanks to the committee members: Chuck Tierney, Ryan Wildeboer, Ashley Johnson, Janice

McKinnon, Gisele Hagman, Lynette Nienaber, and Wendy Fausak and their spouses, for another year. If you would like to join our team, call Al @ 780-727-3526 or come to the organizational meeting on Wednesday, August 23. Call for details. We would welcome new members and new ideas.

I am sure that I have forgotten someone, and that is the risk of going this way, but we want to say thanks to everyone—even if I missed it here.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

1	3	8	2	4	6	9	5	7
6	7	2	9	8	5	1	4	3
5	9	4	7	3	1	6	2	8
2	6	1	5	7	8	4	3	9
7	5	9	4	6	3	2	8	1
4	8	3	1	9	2	7	6	5
3	2	7	6	5	9	8	1	4
9	1	5	8	2	4	3	7	6
8	4	6	3	1	7	5	9	2

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
