DECISION TIME FOR YELLOWHEAD RURAL CRIME WATCH

Submitted by Yellowhead Rural Crime Watch

There was very low attendance at the AGM for Yellowhead Rural Crime Watch on February 25, 2017. It was decided by the members present, to put the organization into a "sleep mode" till the September 12th, 2017 meeting. It was hoped that you, the members, would take this time to think about stepping up to form a

new executive to keep Yellowhead Rural Crime Watch alive.

We have many members, but only a few are active. With only 6 meetings a year the executive positions are not demanding. The present executive has held their positions for many years and it is time for new people to step-up to save the organization. If we do not elect a new executive, Yellowhead Rural Crime Watch will be dissolved, as laid out in

our by-laws. When the group is dissolved, all assets must be disposed of. Many people over the past 35 years have worked hard to keep Yellow Rural Crimewatch alive.

Will we have a memorial service or celebrate a new era?

The meeting September 12, 2017 will be your last chance to keep Yellowhead Rural Crime Watch alive! Mark the date on your calendar!

OLD AGE SECURITY REPORT

Submitted by Jim Eglinski, MP – Yellowhead

The old age security program: should it be revised in order to keep it sustainable? OAS is funded through annual tax revenues whereas CPP is paid through payroll deductions.

The chief actuary's report forecasts spending to hit about \$247 billion by 2060 — five times what it is slated to be this year — due to an impending retirement wave of baby boomer workers and people living longer.

Our previous Conservative government raised the age of

eligibility for OAS to 67 from 65 to save on costs by encouraging people to work longer. The Liberals reversed the decision in their first budget, saying the Tories had made the change without any data to support it.

A February presentation to a group of deputy ministers said "younger generations may be required to pay higher taxes" to cover a shortfall between tax revenues and OAS spending if the retirement age remains at 65, Canadians live longer and there aren't enough new workers to replace the ones who are going to retire.

The actuarial report suggests

that spending as a percentage of the overall economy would rise by 2030 and fall through to 2060 as economic growth and resulting tax revenues offset rising costs.

Costs to the program are also expected to be offset by an expansion to CPP that the chief actuary estimates will mean \$3 billion less in spending on the Guaranteed Income Supplement in 2060 and reduce overall spending on OAS benefits, which are scaled back above \$75,000 in annual income.

The report can be found at: <http://www.osfi-bsif.gc.ca/Eng/Docs/oas14.pdf>

YELLOWHEAD COUNTY FCSS BOARD TOOLBOX GEARS UP FOR FALL

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

Yellowhead County Family and Community Support Services (FCSS) will be offering the "Board Toolbox" drop in program once again this fall, and a new feature has been added for community groups and individuals.

The Board Toolbox is an oppor-

tunity for non-profit groups to stop in and look up information from our "tool box" on starting or managing a non-profit group, financial opportunities available from governments and foundations, and receive consultation on a variety of issues your group may be facing.

As well, the Board Toolbox is offering a new service: Access to on-line training for the Alberta Gaming and Liquor Commission's GAIN

program. Learn about the requirements for lotteries, 50/50's and more.

In addition to the regularly scheduled drop in times below, individuals can contact the County to schedule an appointment. The Board Toolbox regularly scheduled times are as follows (third Monday of each month):

- September 18
- October 16
- November 20
- December 18

The Board Toolbox program will run at the Yellowhead County Community Services Office in Wildwood, from 1:00 to 4:30 pm.

For more information, or to discuss your board/non-profit needs, contact Yellowhead County FCSS at 780-325-3782 or 1-800-814-3935.

Yellowhead County FCSS is a preventive social services program that is cost shared between the provincial government and Yellowhead County (minimum 20%).

JOKE OF THE WEEK

Old ranch owner John farmed a small ranch in Montana. The Montana Wage and Hour Department claimed he was not paying proper wages to his workers and sent an agent out to interview him. 'I need a list of your employees and how much you pay them,' demanded the agent. 'Well,' replied old John, 'There's my ranch hand who's been with me for 3 years. I pay him \$600 a week plus free room and board. The cook has been here for 18 months, and I pay her \$500 a week plus free room and board. Then there's the half-wit who works about 18 hours every day and does about 90% of all the work around here. He makes about \$10 per week, pays his own room and board and I buy him a bottle of bourbon every Saturday night.' 'That's the guy I want to talk to, the half-wit,' says the agent. 'That would be me,' replied old rancher John.

DDRA FALL REGISTRATION NIGHT

**Submitted by Lorne Ross
| Darwell District Recreation Association**

The Darwell District Recreation Association will be holding its fall registration night for all area clubs and organizations

September 12th between the hours 5:30 and 7:30 at the Darwell Centennial Hall. The registration night provides local clubs and organizations the opportunity to introduce their activities to area residents looking for something to do during the fall and

winter months. There will be a wide variety of clubs and organizations present hoping to attract new members and participants. Whether its singing in a choir, playing a sport, or just enjoying a common interest with others there will be something for ev-

eryone to do.

All area clubs and organizations are invited to join in the evening. Those that have not yet booked a table may do so by calling Lorne Ross at 780-892-4543 or Maria Smith at 780-892-3099.

2016 LIST FOR LIVESTOCK TAX DEFERRAL PROVISION RELEASED

**Submitted by Jim Eglinski,
MP – Yellowhead**

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform local farmers that the final list of designated regions for 2016 under the Livestock Tax Deferral Provision has been released from Agriculture and Agri-Food Canada.

“Our area – Parkland County in 2015, for example – has experienced local agricultural disasters in recent years. I have seen the results of drought brought on by weather conditions and the financial toll it can take on our farmers,” stated MP Eglinski.

The livestock tax deferral provision allows producers in the designated drought regions who are facing feed shortages, to defer a portion of their sale proceeds of breeding livestock to the next year. The cost of replacing the animals in the next year offsets the deferred income, thereby reducing the tax burden associated with the original sale.

Eligible producers can request the tax deferral when filing their 2016 income tax returns, or if they have already filed, submit an adjustment request directly to the Canada Revenue Agency.

A complete list of the designated regions can be found at www.agr.gc.ca/drought.

“Both past and present members of our Conservative Caucus are farmers and agricultural producers from all parts of Canada. We understand the importance of farmers and the necessity of tax relief programs, such as this, to protect them when droughts hit,” concluded MP Eglinski.

RAISING CHICKENS IN YELLOWHEAD COUNTY 101

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

"Dr. Frank Robinson, a poultry production professor for the University of Alberta has been invited to give residents some important information they will need to know when it comes to raising chickens," says Yellowhead County's Agricultural Services Coordinator Melissa Marquis. "Dr. Robinson has 40 years of experience with general poultry husbandry, and will be a great resource for everyone who attends."

Joining Dr. Robinson will be a graduate of the University of Alberta, Rachelle Davidson. Rachelle will do two short talks on Poultry behavior and biosecurity for small flocks. Dr. Robinson will be covering chicken anat-

omy; where eggs come from, chicken feeds and feeding, and poultry housing for small flocks. There will be time at the end of the workshop for questions and one-on-one discussions. This workshop is intended for residents who own a small flock or are thinking of raising chickens. Aspects of owning a large flock for commercial production will not be covered at this event.

The event is being hosted at the Peers Multiplex on September 28, from 6:00 p.m. - 9:00 p.m. Snacks and refreshments will be provided. The cost to attend this event is \$5.00 per person and must be paid before the registration deadline of September 20.

For more information or to register please contact the Yellowhead County Wildwood Office at 1-800-814-3935 or 780-325-3782.

KEY MESSAGES FROM GYPSD'S PUBLIC BOARD MEETING

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

August 23, 2017

Our Board of Trustees is comprised of Brenda Rosadiuk, Chair, Joan Zaporosky, Vice Chair, Shirley Caputo, Betsy DeClercq, Carol DeMong, Ken Fate, and John Stitzenberger

Capital Projects Update

Facility Services updated the Board on two current capital projects in the division: the modernization project for Grande Cache Community High School (GCCHS) and Mary Bergeron Elementary, the new K-5 replacement school in Edson.

Grande Cache:

The final work is being completed on the full modernization project at Grande Cache Community High School! Exterior work is mostly completed with the construction area now cleaned up and new sod

was installed over the summer months. The project was approved by the Province in January of 2014, and after the last three years of hard work, the community is very pleased with their modernized building which also houses their new community/ school library.

Edson:

Construction work on the new replacement school in Edson has been full steam ahead over the summer months in order to open the doors to students and staff in time for the beginning of the 2017-18 school year. Interior work on the classrooms and administration area is almost complete. The gym and learning commons are scheduled for completion in late September/October and the playground is scheduled to start installation on August 28th. The furniture and equipment from both Evergreen and A.H. Dakin schools are being moved this week. The facility's exterior paneling and stucco work was started last week, and the parking lot and drop off loop is scheduled to be completed

before the start of school. The school will be open to the public for registration on Monday, August 28th. A public open house and tour of the new school will be scheduled once the construction is complete, approximately late October.

Other News in Brief

- During the 2016-17 school year, the local RCMP detachment in Edson piloted a School Resource Officer program in Edson schools aimed to bridge the gap between the youth and the RCMP. For the pilot year, the project was fully funded under the Community Policing Agreement, reducing the number of officers serving the community and allocating that officer to the school program. Due to the pilot's success, Staff Sergeant P. King approached members of the community to seek supports to continue the program. The Town of Edson, Grande Yellowhead Public School Division and Living Waters Catholic Schools were invited to collaboratively fund the program moving forward which is approximately \$107,000. The

Board approved a one-time financial contribution of \$30,000 to support the continuation of the program for the upcoming school year.

- Trustees approved the 2017-18 Schedule of Superintendent and Monitoring Reports which outlines when information on the division's various initiatives and results is brought forward for discussion throughout the year.

- As per Policy 19 - Staff Recognition, the Board was very pleased to learn that a total of 88 staff will be receiving continuous long service awards at this year's Welcome Back staff events. Celebrated annually throughout the division in the communities of Wildwood, Edson, Hinton, Grande Cache and Jasper, staff service awards are recognized in increments of 5 years - congratulations to all this year's recipients!

- Amendments to Policy 21 - Professional Growth of Support Staff were approved at today's meeting as per the recommendations brought forward from the C.U.P.E. Professional Growth Committee.

TEACHER ASSISTANT III FNMI Facilitator Competition #S1703

Applications are invited for the position of Teacher Assistant III – FNMI Facilitator for the Lobstick area. Duties will commence as soon as possible until June 29, 2018.

This competition will remain open until **September 11, 2017**

Grande Yellowhead Public School Division appreciates all interest in this position, however, only those short-listed for an interview will be contacted.

SECOND STAGE OF CONSULTATIONS ON FEDERAL FINANCIAL SECTOR FRAMEWORK

Submitted by Jim Eglinski, MP - Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the Department of Finance has launched the second stage of consultations on proposed changes to the federal financial sector legislative and regulatory framework.

The Department is seeking views on potential policy mea-

sures that aim to safeguard the financial sector, to keep it competitive and innovative, and to modernize its legislative framework. "I have already heard from constituents with concerns about the impact that some of the proposed changes could have on their small businesses," stated MP Eglinski.

Last August, the Department released the first consultation paper on the proposed changes, which laid out the landscape of

Canada's financial sector and identified key trends that may influence it moving forward. The second consultation paper, released last week, takes into account the comments and recommendations received from stakeholders through the first stage of consultations, as well as the trends and emerging issues that are reshaping the sector.

Interested individuals or organizations are invited to review the consultation paper and make

submissions to the Department of Finance by September 29, 2017. The paper, as well as information on submissions, can be found on the Department's website at: <http://www.fin.gc.ca/activty/consult/pssge-psefc-eng.asp>.

"I encourage everyone who will be impacted by the changes to participate in the consultation to ensure their concerns are made known to the Department," concluded MP Eglinski.

GRANDE YELLOWHEAD PUBLIC SCHOOL DIVISION No. 77

TENDERS FOR

EVANSVIEW SCHOOL MECHANICAL UPGRADE

EVANSBURG, ALBERTA

Sealed Tenders for the **Evansview School Mechanical Upgrade** located in Evansburg, Alberta will be received until 14:00 hours, Thursday September 14th, 2017 at the offices of The Workun Garrick Partnership Architecture and Interior Design Inc., Suite 1200, 10117 Jasper Avenue, Edmonton, Alberta, T5J 1W8. A public opening of the tenders is scheduled for 14:05 hours, of the same day, in the boardroom of The Workun Garrick Partnership Architecture and Interior Design Inc.

The general scope of work included in the project is as follows:

- Partial replacement of existing heating system with new roof mounted ventilation equipment.
- Structural modifications to existing roof structure to accommodate new roof top mounted ventilation equipment.
- Modifications to existing roofing to accommodate new roof top mounted ventilation equipment.
- Associated electrical work.

Plans and specifications may be obtained upon the deposit of a \$100.00 cheque per set by General Contractors and Prime Mechanical and Electrical Contractors at the offices of The Workun Garrick Partnership Architecture and Interior Design Inc., Suite 1200, 10117 Jasper Avenue, Edmonton, Alberta, T5J 1W8 on or after Tuesday August 29th, 2017.

Those contractors that are members of the Plan Deposit Guarantee Program in Edmonton do not require a deposit cheque.

A pre-bid meeting will be held at Evansview School in Evansburg, Alberta on Thursday September 7th, 2017 @ 3:30 p.m.

Tenders shall be accompanied by a Bid Bond in the amount of ten percent (10%) of the Base Bid submitted and a "Consent of Surety". In addition, the successful contractor will be required to provide a Performance Bond and a Labour and Materials Payment bond, both in the amount of fifty percent (50%) of their tender quotation.

The lowest or any tender will not necessarily be accepted.

TELEVISION SERVICE PROVIDER CODE TAKES EFFECT

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: MP Eglinski is pleased to inform residents that, as of September 1, 2017, the Television Service Provider Code will come into effect. The Code was created to help Canadians make informed choices about their television service provider and resolve disputes in a fair and effective manner.

"During last year's Let's Talk TV proceedings, many people expressed their frustrations over television service providers not providing adequate information about service packages and pricing," stated MP Eglinski. "Now,

consumers will not only have access to that information, but they will also have access to an effective platform to make complaints about the delivery of service."

Starting in September, television service providers must:

- Provide customers with a Critical Information Summary and a copy of the agreement which includes a list of channels or packages they subscribe to, their monthly charges for services, the commitment period and how to file complaints.

- Clearly set out the duration of promotional offers, the regular price once any discounts end, and any obligations placed on a consumer if they accept the offer, such as a minimum commitment period.

- Provide customers with a timeframe and information on any potential charges regarding service calls for installations and repairs.

- Give thirty days' notice to consumers in the event of a change in price of channels, bundles of

channels or rental equipment.

The Commission for Complaints for Telecom-television Services (CCTS) will administer the Code. Complaints can be filed using an interactive questionnaire at www.ccts-cprst.ca.

"When it comes to television services, Canadians should have flexibility and choice in their programming – programming with reasonably priced services that meet the diverse interests of Canadians and protect Canadian jobs," concluded MP Eglinski.

TRANSFORM SPACES INTO COZY RETREATS

Cool weather often drives people to spend more hours indoors than they do during the warmer months. Autumn is a time to winterize gardens, put away lawn furniture and prepare for the holiday season. Autumn also pro-

vides the perfect opportunity to begin home interior projects.

Many people decide to redecorate their homes to reflect each season. When temperatures change, it's time to transition from the light colors and breezy

fabrics symbolic of summer to thicker, darker materials that evoke coziness.

With some inspiration and a little know-how, any homeowner or apartment dweller can cozy up a space in time for fall and winter.

- Invest in area rugs. While wood floors can look beautiful and work well with many different design styles, wood can feel chilly underfoot. Thick area rugs add warmth to a room and can help it look more lived-in. Area rugs also help a room appear more cohesive, coordinating with other colors in a space and providing a visual border.

- Practice layering in rooms. An affordable and relatively easy way to make a room seem more cozy is to layer fabrics and other accents. Layers

can include throws and blankets. Remove place mats from the dining room table and use them on accent tables or an ottoman in the living room. Table runners also can add a splash of color to the top of bedroom dressers.

- Play with texture. Look for fabrics that boast texture and can add a tactile feel to spaces. When used on throw pillows or small accents, faux fur can create that cozy cabin feel. Draperies made from nubby fabrics or those with grooves and ridges can add dimension to a room as well. Even a lampshade made of an unusual fabric, such as a waffle-patterned material, can add a little depth and warmth to a space.

COMPOSITE DECKING CAN BE A SMART CHOICE

Decks add character and functionality to a home, increasing outdoor entertaining space and often-times improving the resale value of a home. Homeowners have various options when choosing decking materials, but one such option, composite decking, is growing in popularity.

Decks used to primarily be made from pressure-treated lumber. While lumber remains a popular material, more and more homeowners are opting for composite decking products. As anyone who has pressure-washed, stained and sealed wood decks can attest, such spaces require lots of upkeep to look new year after year. Composite decks require much less maintenance, making them highly attractive to homeowners who

would rather spend time using their decks instead of maintaining them.

Composite decking is any type of decking material that is formulated from different recycled materials. The majority of these materials include hard plastic and wood shavings of pulp. Unlike wood, which can fade, crack and rot, composite decking, which has been available for roughly a decade, does not degrade quickly and requires very little upkeep.

Available in a variety of wood colors to match outdoor decor, composite decks also can feature artificial wood grains to make them look similar to wood planks. Although composite decks are not completely impervious to the elements, with some occasional

washing to impede mold growth and new technology that has improved stain-resistance, many of the pitfalls of other materials can be avoided with composite decks.

Composite decking fits in with eco-friendly lifestyles. The planks are made from recycled materials that would normally end up in landfills. Products from Trex, a popular composite decking manufacturer, are made from 1.5 million shopping bags and wood mill waste. As composite decks do not rot away and are long-lasting, they will not need to be replaced frequently, which is another eco-friendly benefit.

When comparing composite decking brands, look mainly at the colors, materials used in the composition and the fastening sys-

tems. Many are fastened with regular deck screws, offers This Old House. The newer systems have channels for hidden fastening, and the composite deck tiles snap into place.

Composite decks do have a few drawbacks. They can be expensive Ñ nearly double the initial cost of wood decks. And although they don't rot, composite planks can scratch. Without refinishing, damaged boards will need to be replaced. Harsh chemicals may fade color and damage the composite materials, so caution is needed.

Composite decking remains an in-demand choice for outdoor spaces. Low-maintenance and long-lasting, these decks have quickly become favorites among homeowners.

Transform Spaces Into Cozy Retreats

Continued From Page 12

- Reevaluate your lighting. Lighting a space is more than just flipping on a switch. Finding the right balance of lighting fixtures can instantly

transform the feel of a room. Create more warmth and a cozy feel by switching out bulbs from cooler shades to warmer ones. Those that give off yellow and pink hues rather than cool blues.

Accent lighting helps establish a comfortable space for curling up and reading a good book. Spot lighting, such as fixtures that are trained on artwork or inside of a curio or china cabinet, also can set a more welcoming mood.

- Install a bookshelf and start a book collection. Piles and stacked books can add warmth to any space. Books evoke the hallowed halls of schools and quiet nooks in the library. Fill shelves with books interspersed with additional design accents, and you will instantly make a room feel more inviting.

- Choose dark paint. Do not feel nervous about incorporating deeper shades in rooms. Dark colors give rooms a more enclosed feel than lighter colors,

and that can create a warm and cozy feeling. This works particularly well in larger spaces that feel vast and empty. If you're scared to paint all of your walls, try a darker shade below a chair rail or just paint one accent wall.

Add architectural elements. Think about adding rich moldings to crown the ceilings or to frame doorways. If you have the space for a nook, create a window seat beneath a picture window or add a bench and cushions in a corner for a nice escape spot.

Use the colder weather as an opportunity to reinvent some of the rooms in your home. With paint, texture, fabric, lighting, and more, rooms can be quickly transformed into cozy respites from the cold.

GET YOUR HOME FALL- AND WINTER-READY WITH 5 SIMPLE PROJECTS

(MS) - If boots, a warm hat and a tuned-up snow blower are the only items on your winter preparation list, your home maintenance plan may need a makeover. These simple home maintenance projects can help lower your energy bills, prevent more costly repairs and/or increase the lifespan of your home.

1. Heating & Ventilation - Examine your fireplace and chimney system to ensure that no soot or creosote has collected. Any cracks or voids could potentially cause a fire. Before you turn the furnace or boiler on, replace the air filter and hire a professional to inspect the unit more thoroughly. These steps will improve the efficiency and life of your furnace and will ensure stable indoor air quality.

2. Seal Windows and Doors - If not properly sealed, windows and doors can be a major culprit for heat loss. To keep the warm air inside, inspect the weather-stripping around your home's windows and doors for leaks, rot or decay. Repair or replace structural framing, and caulk inside and out, if necessary.

3. Insulate well - One of the easiest and most effective defenses against heat loss is proper insulation. Prevent cold drafts from entering and the loss of heated air through basement headers, which, when left exposed, can make your furnace work harder. Look for a moisture-resistant product offering high thermal performance, such as Roxul Comfortbatt insulation. This type of mineral wool insulation makes installation simple. All that's needed is a serrated blade or bread knife. Cut the batt to fit the cavity and press into place. The insulation will help improve energy efficiency as soon as it's in place and provide savings over the lifetime of your home. Comfortbatt can also be used to top or replace old attic insulation. Aim for an R-50 or a depth of 16 inches.

4. Backyard Care - Save your property from potential damage by trimming overgrown trees and shrubs to prevent ice-laden branch-

es from thrashing against electrical wires and your home's exterior. Drain/shut off any exterior faucets and sprinkler systems to prevent freezing. Ensure rain or snow drains away from the house to avoid foundation problems.

5. Roof and Gutters - Inspect your

roof for shingles that are warped, damaged or even missing to prevent a future leak. Use roofing cement and a caulking gun to seal joints where water could penetrate, such as around the chimney, skylights or vent pipes. Make sure that your gutters and downspouts are securely

fastened. Downspouts should extend at least five feet away from the home to prevent flooding.

When it comes to preventative maintenance, a little time and effort can save thousands in energy costs and repair bills over the lifetime of your home.

outdoors in a manner that is safe and respectful both to the wildlife and other visitors/locals.

Yellowhead County's "Welcome to our Backyard" signs are meant to encourage visitors and residents to keep the County's natural areas clean and provide a landmark for County Protective Services to assist in emergencies. Please do not vandalize or damage the signs.

dalized, those in an emergency situation may go without an additional safety precaution. Each sign is numbered, and anyone needing help on the river (where the signs are posted) can reference the last numerical sign they saw if they need to call 9-1-1 for help. That number will give first responders a better idea of where they are stranded on the river and help to reduce the time for first responders to locate the source of the distress call.

and residents to respect the signage, as they may be important to someone needing emergency aid. The signs also represent the County's commitment to keeping our backyard clean and making sure that visitors leave our wilderness just as they found it.

If you see someone damaging or vandalizing a sign, or to report a damaged or vandalized sign, please call 780-723-4800 or 1-800-665-6030.

Testimonials

"Thank you for working on my horses at the CBHI 2016. They all benefited and were feeling great. The treatment I had myself was so amazing and beneficial. I was experiencing vertigo and feeling nauseous within a half an hour I was feeling so much better and my weekend was great. I did not feel tired and felt very energized. I did have a headache for a short time, a little ache in my shoulder area but that all was very short lived and did not interfere with my day. I really liked my treatment and as a massage therapist would highly recommend this treatment. Thank you Shirley." -Tanya Likes

"I have had BRUTAL sciatica and neck pain for years....chiropractic manages it for brief periods of time....I had one hour long treatment by Shirley Mazeppa and can honestly say I had no pain for weeks after!!!! Improved my mood and allowed me to have day to day tasks not be painful let alone ride!!!! SOOOOOOOOOOOOOOOOOOOO looking forward to my next treatment!!!!!!" -Jody Poulin

"I am in disbelief, Shirley Mazeppa brought her PEMF machine to Thorsby where I was competing in a horse event. I have arthritis in both my knees and I was really feeling the hurting today. Shirley hooked me up for 40 minutes on Saturday afternoon, it's now Monday evening and I am still PAIN FREE, my knees feel great. I'll be making a trip to Shirley's next time I start feeling that pain, I won't try to handle it again. Thanks so much Shirley" -Debra Rowney

"I feel Pulsed Electromagnetic Therapy may be one of the Greatest Discoveries in the History of Medicine."

YOUR DIGITAL AND ALL-CERAMIC SPECIALISTS

Cera-Tech 3D Dental Lab is the only dental laboratory in the Spruce Grove/Stony Plain Area. We mainly offer services to local dentists and denturists. We specialize in the fabrication of crowns, bridges, veneers and implant cases. These services are provided directly to your dentist by prescription. We also offer denture repairs, custom sport guards, night guards, bleaching trays and teeth whitening. Most of these services will be provided directly to the public by our provincially licensed staff.

Did you know that you are able to request which lab you would like your crowns, bridges and other dental prostheses to be made at. If you know a laboratory that does great quality craftsmanship, uses approved materials and cares about the fine details like Cera-Tech, you are welcome to request us to your dentist.

The advantages to this local lab include custom shade matching to your existing teeth, faster completion times, the latest digital technology and high quality materials ensuring the best results for your oral health and individual smile. We are able to digitally analyze your case on

a specialized computer to make sure you get the best fit and most natural look for your crowns. Your case is completed and customized by hand using specific porcelains and characteristics for your individual mouth.

Our owner has more than 20 years of experience including instructing at Nait as well as serving on the provincial College of Dental Technologists. We have two other team members which gives us over 35 years of combined

experience. Our goal is to provide you with quality prosthetics- using skilled registered technologists, state of the art equipment and the most advanced technologies and materials in order to provide the best quality products and care.

The next time you need a crown or other dental services please recommend us to your dentist or give us a call.

2017 HERITAGE BUS TOUR REGISTRATION OPENS!

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

This year's Heritage Bus Tour will take place on Friday, September 22, and will see tour stops

in Mercoal, Cadomin, Mountain Park, Luscar, and Robb. Registration is \$40. Pick-ups at Evansburg (8:00 am), Niton Junction (8:40 am), and Edson's Galloway Museum (9:20 am).

After pick-up, the tour will start

in Mercoal, a once booming coal haven; then onto lunch at Cadomin's Legion, catered by the Hole in the Wall Cafe; followed by a tour of Mountain Park Cemetery; then Luscar, another gem of the Alberta Coal Branch; and

lastly, get to know Robb (more) intimately and refresh with snacks at the multiplex.

Please register in person at the Edson or Wildwood Office, or call 780-723-4800 (Edson), 780-325-3782 (Wildwood).

CONSULTATION ON ACCESS TO WIRELESS SERVICES

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a consultation recently launched by Innovation, Science and Economic Development Canada for a 600 MHz spectrum auction to support high-quality networks and business opportunities.

The proposed auction would target improved wireless mobile services in both rural communities and urban centers. Low band spectrum, such as the 600 MHz band, is well suited to carrying signals over long distances. It is also less affected by building structures than higher frequency bands, making it ideal for next-generation wireless services in both urban and rural settings.

"As I've said before, there are still many regions, especially those in the rural areas of our Yellowhead riding, that do not have access to services that are comparable to those offered to the vast majority of Canadians in terms of speed, capacity, quality and price," stated MP Eglinski.

The consultation is looking to hear from interested Canadians, as well as telecommunication service providers and consumer groups. Interested parties will have until October 2, 2017, to comment on the proposals outlined in the Government of Canada's consultation paper, which can be found at: <http://www.ic.gc.ca/eic/site/smt-gst.nsf/eng/sf11316.html>.

"I encourage residents and

businesses in Yellowhead to participate in this consultation

to help ensure wireless services are more adequately delivered

in our riding," concluded MP Eglinski.

Lose up to 5 lbs or more in just 3 days!! Yes It Really Works!!

"I've lost 30 Pounds in 45 days - I've tried all kinds of products and so happy to find one that actually works!" - **Elaine Spruce Grove**

RCMP POLICE SERVICE DOGS WORK HARD IN THE FIGHT AGAINST FENTANYL

Submitted by Sergeant Gary Creed, Senior Training Officer | Police Dog Services

Edmonton, Alta. – On August 22, 2017, Kathleen Ganley, Minister of Justice and Solicitor General and Deputy Commissioner Todd Shean, Commanding Officer of the Alberta RCMP, in collaboration with the National Police Dog Service Training Centre hosted a special RCMP police dog services demonstration in Innisfail, Alberta. The demonstration focused on police dogs trained to detect fentanyl.

“As Alberta’s provincial police force, the RCMP plays a vital role in keeping Albertans safe,” says Minister Ganley. “Training police service dogs to detect fentanyl will help authorities intercept this drug before it makes it onto our streets, as well as protect police officers and members of the public from dangerous overdoses through accidental contact. I applaud the RCMP for this initiative, and Alberta is proud to be the home of its national police dog training program.”

The demonstration featured police service dog Eve, a purebred German shepherd, led by her handler, Corporal Dan Block, through a series of challenges. When Eve, recognized the odour, she provided a sit confirmation to signal her discovery to Cpl. Block. For the purpose of this demonstration and for safety precautions a diluted form of fentanyl was used.

In recent years, Canadian law enforcement agencies have reported significant increases in fentanyl related seizures and a high occurrence rate of fatal overdoses. In 2016, Alberta Health Services reported 368 fentanyl-related deaths and 241 in 2017, from January 1 to June 30.

“Fentanyl has had a devastating impact on families and communities across the country and in Alberta,” says Deputy Commissioner Shean. “The training given to police service dogs at the National Police Dog Service Training Centre is one of the ways that the RCMP is working to counter the presence of illicit drugs in our communities, ensuring the safety

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

"We're recommended the MOST as the company that knows the MOST"

RCMP Police Service Dogs Work Hard In The Fight Against Fentanyl

of Albertans and Canadians.”

Police service dogs, who have been a valuable asset to the RCMP since 1908, play a critical role in keeping Canadians safe. The canines are trained in a variety of capacities, including: locating lost persons; tracking criminals; searching for narcotics, explosives, illicit alcohol.

The issue of fentanyl and illicit opioids remains a top concern for the RCMP nationally and within the province. To that end, the RCMP will continue to collaborate with domestic and international law enforcement partners to pursue criminal networks fueling this public health epidemic and keep Canadians safe.

ROCKY MOUNTAIN HOUSE RCMP LAY ROBBERY AND FIREARMS CHARGES

Submitted by Rocky Mountain House RCMP

Rocky Mountain House, Alberta – RCMP have laid several charges against three different males following a lengthy incident which started with a firearms disturbance at a residence, followed by a pursuit, a robbery then another pursuit.

On August 20, 2017, several males brandished firearms at a res-

idence on the Sunchild First Nation, threatened the occupants, then left in a vehicle. Rocky Mountain House RCMP members responded from the Sunchild Nation and located the suspect vehicle. The vehicle fled from police, who pursued the vehicle north of the Sunchild Nation. The suspect vehicle rammed a police vehicle during the pursuit, and after fleeing the scene, the suspects attempted to steal a vehicle in

the area, but were unsuccessful. A short while later, the suspects rolled their vehicle into the ditch and departed unharmed.

An uninvolved vehicle with a female driver stopped to render assistance to the suspects, and was then assaulted by them, and her vehicle stolen. RCMP members located her stolen vehicle on the O'Chiese First Nation, managed to disable it, then arrested three male occupants

without incident.

RCMP members and the suspects were uninjured during this event. The female driver attended the hospital to receive treatment for her injuries. Other assisting RCMP Units involved with this incident were the Edson Integrated Traffic Unit, Drayton Valley RCMP, and Evansburg RCMP.

Taylor Bremner, 24, and Dallas Bremner, 25, have been charged with multiple offences under the Criminal Code, including: Break and Enter, Assault with a Weapon, Assault, Uttering Threats, Flight, Dangerous Operation of a Motor Vehicle, and Robbery.

Cruz Bigchild, 21, has also been charged with numerous offences, including: Robbery, Possession of a Controlled Substance, Breach of Probation, Dangerous Operation of a Motor Vehicle, and Impaired Operation of a Motor Vehicle.

The three males face, in total, 31 Criminal Code Charges.

Taylor Bremner, Dallas Bremner, and Cruz Bigchild will appear in Rocky Mountain House Provincial Court on September 13, 2017.

Obituaries

Brown, Isabella Margaret, age 75, of Magnolia, Alberta passed away Sunday, August 27, 2017. She was born October 27, 1941 in the Shepherd's Cottage of Hopecarton by the River Tweed in south central Scotland to Alexander (Sandy) and Isabella (Isa) Brown.

She was predeceased by her parents, sister Betty in 2006 and brother Jim in 2014.

She is lovingly remembered by her husband of 44 years, Eric, her sons John (Lisa) and Colin (Jennifer), brother, Alex (Christine), Sisters Mary, Christine & Ann (Jim), grandchildren Joe, Sierra, Mitchell, Duncan and Eric, step-grandchildren Katie, Emmalee, David, Justin and Jenna, step-great-grandchildren Jordyn, Alden, Kayden, Jeremiah, Matthew, Reagan,

Grayson, Malias, Leo, and Kimberly, several nieces and nephews all of whom were special to her.

A Celebration of Life will be held on Saturday, September 9, 2017 at 2pm at the Magnolia Community Hall in Magnolia, Alberta.

The family asks that in lieu of flowers, a donation be made to the Magnolia Community Hall. (1) 05-09

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

3	7	6	9	5	4	2	1	8
8	2	1	7	3	6	4	5	9
9	5	4	2	1	8	6	3	7
6	1	8	5	7	2	3	9	4
7	3	9	6	4	1	8	2	5
2	4	5	3	8	9	1	7	6
1	6	7	4	2	5	9	8	3
5	9	2	8	6	3	7	4	1
4	8	3	1	9	7	5	6	2

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
