September 12, 2017

WABAMUN LAKE CAMPING SEASON EXTENDED

Submitted by Doug Neuman, Communications Officer | Alberta's NDP Caucus

Campers in the Stony Plain region will have more chances to get out in nature with their friends and family this fall for some late-season recreational opportunities.

Following a successful 2016 pilot that saw several provincial

campsites get extended seasons, Alberta Parks is extending this opportunity to more Albertans. The campgrounds at Wabamun Lake, including several group-camping sites, will be open for residents and visitors to enjoy until October 31 this year.

"Extending our camping season at Wabamun Lake will give visitors and residents the chance to enjoy the natural beauty of

this region for much more of the year. I look forward to getting out there with my family, and I hope others will do the same." - Erin Babcock, MLA for Stony Plain

Alberta's 298 provincial campgrounds close at different dates, with most closing in early to mid-October. Wabamun Lake is one of 82 that will stay open until the end of October this year.

WILDWOOD FAIR NEWS

Submitted by Carol Riehl

Wow, what beautiful weather we are having. I hope you all have a bountiful harvest. Not me, the grasshoppers really liked my garden. Wasn't the fair amazing? My goodness --- there was activities and children all over the place.

Everyone who came needs to be thanked for coming. Without you the fair would not be a success. The volunteers we have are outstanding in their field. So are the farmer's LOL. Thank you to the fire fighters who handed out hats to the children—they were so impressed. More excitement for them when the peace officer came back around and some got to sit in the cruiser—can't get much cooler than that. Then when they got to the fairgrounds, there were bouncy houses, kid's games, face painting, a clown, bird houses to build, jello and watermelon to eat, a pig to catch,

a chicken to poop, animals to watch, and probably more things that I am forgetting to mention.

I don't know for sure if the bench exhibits were plentiful or not but I do know they would be amazing even though I didn't get a chance to see them — they always are.

Elmer and his friends, once again, entertained the crowd with their amazing talent. It was so great to have Ed {from Bonnyville} with his banjo, Jim {from Rochester}, with his rhythm guitar, Dave {from Niton} with his fiddle, and Diane to supply wonderful music and song that made your feet just want to get up and dance. There were a few requests for a dance floor for next year—we'll see what we can do about that!!!!

And, oh my goodness, the smell of food cooking everywhere you went, was very enticing. Everything I tried [and I tried several things] were all de-

licious. So with that said, I know everyone who attended had a marvelous time.

The society will be hosting the awards night on Saturday, October 21, 2017. There will be a supper followed by the awards and then some entertainment. If you plan to come for supper, please let Wilma know by calling her at 780-325-2424. We need to know how much food to prepare. Thanks in advance for doing that. Also, Sylvia has planned a fun gymkana for September 24, 2017. Gates open at 11 a.m. and games start at 1 p.m. Call her at 789-325-3817 for more information and to register. Please pass the news around about these two upcoming events. Hope to see you at awards night. Have a wonderful time enjoying this marvelous weather. We are so blessed to be living in Alberta and not Texas.

EVANSBURG DETACHMENT INVESTIGATE SEXUAL ASSAULT

Submitted by Evansburg RCMP

On September 8, 2017 Evansburg RCMP arrested and charged 69 year-old John Hansen of Sanguido with Sexual Assault and

Breach of Trust. The charges stem from allegations of an offence which occurred on September 5, 2017 while Hansen, a civilian guard was on duty at the Evansburg RCMP Detachment. Hansen will appear in the

Evansburg Provincial Court on September 11, 2017 at 10:00 am.

As this matter is before the courts, the RCMP will not be providing further comment.

ALBERTA RCMP OUT PATROLLING ROADS THIS PAST LONG WEEKEND

Submitted by Alberta RCMP

While many Albertans were enjoying time with family friends over the Labour Day long weekend, the RCMP and Alberta Sheriffs were on duty patrolling the roads and highways across the province.

Although, some investigations are still underway and not all the data from police has yet been tallied, below is a comparison between the number of traffic infractions and traffic-related criminal offences in RCMP jurisdictions within Alberta during

the September long weekend 2016 and 2017.

Labour Day weekend 2016 (Sept 2-5)

- 2 people died in motor vehicle collisions while 49 people were injured.

- 6 motorcyclists were involved in injury collisions

- 90 people were charged with impaired driving

- 4 people were injured in off-road collisions while 1 person died

Labour Day weekend 2017 (Sept. 1-4)

- 8 people died and 18 were in-

jured in motor vehicle collisions

- 1 motorcyclists died and 4 were injured in collisions

- 46 people have been charged with impaired driving, while 27 investigations remain open

- 4 people were injured in off-road collisions

The RCMP remind drivers that sharing the road is key to traffic safety. With the back to school season underway, motorists are asked to be mindful of their speed in school zones and to watch out for increased number of pedestrians and buses as students head back to class.

JOKE OF THE WEEK

Early one morning, a mother went in to wake up her son. 'Wake up, son. It's time to go to school.' 'But why, Mom? I don't want to go.' 'Give me two reasons why you don't want to go.' 'Well, the kids hate me for one, and the teachers hate me, too!' 'Oh, that's no reason not to go to school. Come on now and get ready.' 'Give me two reasons why I should go to school.' 'Well, for one, you're 52 years old. And for another, you're the Head teacher!'

NOTICE OF PUBLIC HEARING

In accordance with the requirements of Section 606 of the Municipal Government Act, as amended, the Council of Parkland County has scheduled a Public Hearing regarding the proposed adoption of the following Bylaw:

Purpose of Proposed Bylaw No. 2017-18: To update Parkland

Date:
September 26, 2017

Time:
11:30 a.m.

Location:
**County Council
 Chambers**
 53109A Hwy 779,
 Parkland County,
 Alberta

County's Land Use Bylaw

Proposed Bylaw 2017-18 will replace the County's existing Land Use Bylaw 20-2009. The proposed new Land Use Bylaw is a significant update to the current document's administrative and interpretive provisions. The County's Land Use Bylaw was last adopted in 2009. This update is the first phase to ensure that the Land Use Bylaw effectively regulates development and facilitates good decision-making.

Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may be submitted to Planning & Development Services by 4:00 pm, September 19, 2017 or submitted at the commencement of the Public Hearing. Anyone wishing to make a verbal presentation must notify Planning & Development Services by 4:00 pm, September 25, 2017. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes. Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

Copies of Proposed Bylaw

Copies of the proposed Bylaw are available for viewing during regular business hours (8:30 am to 4:30 pm, Monday to Friday) from Planning & Development Services at the Parkland County Centre. You can also view the proposed Bylaw on our website at www.parklandcounty.com/lub-refresh.

If you have any questions or wish to present a written or verbal submission, please contact Feinan Long, Development Planner with Planning & Development Services at 780-968-8443.

GYPSED SEPT SCHOOL NEWS - WELCOME BACK!

**Submitted by Nikki Gilks,
Manager, Communications
Manager | Grande Yellow-
head Public School Division**

LOBSTICK ZONE

Grand Trunk High School, Evansburg

The Grand Trunk High School staff hopes everyone had a safe and happy summer break!

The first day of school was Tuesday, September 5th following the Labour Day long weekend. School pictures are scheduled for Monday, September 18th – so dress your best on that day! If you are a high school student interested in trying out for the volleyball teams, make sure you come ready for tryouts during the first days of school. The senior high seasons will be off to a fast start this year. For any junior high students wanting to play volleyball, information on tryout dates and practice times will be available during the first couple weeks of September so stay tuned.

The School Council's Annual General Meeting will take place on Monday, September 25th at 5pm. We encourage all parents and guardians to come out and get involved in our School Council. Sports fees and any other applicable fees can now be paid by e-transfer to the email address: paygt@gypsd.ca.

Through the work of last year's GYPSED Youth Symposium, students will be taking on the project of creating a living wall in the student lounge as well as investigating other project ideas to help brighten up our school environment.

Our graduation ceremony will take place on Saturday, September 23rd at 3:30pm at Grand Trunk with a banquet to follow at the Wildwood Hall starting at 5:30pm. The Grand Trunk High School Awards' ceremony will take place on Thursday, September 28th in our Theatre Hall at 1:45pm. Both our graduation and awards ceremonies celebrate the accomplishments of our students from the past school year.

Evansview School, Evansburg

Welcome back to all our students, valued parents and supportive community members! We hope you all had a safe and enjoyable summer, and are ready for another exciting and event-filled year of learning. This fall we welcome a new, passionate Grade 5 teacher to join our

strong team, as well as see some returning faces to start a fresh new year. We are excited to see our classrooms come alive with enthusiastic, engaged learners.

Evansview School staff will be using our school's hand logo to introduce student attributes that will guide our focus and activities this year, along with a growth mindset theme. Staff will also continue to promote and encourage the love of reading in our students and we

all gratefully appreciate the support of our volunteer community readers. Invited parents and community members come to our school to read with students who teachers feel would benefit from having some one-on-one reading time. This program has been quite successful in the past and we look forward to its continued impact of building strong readers, solid relationships, and a developed love of reading.

Evansview staff will continue to focus on academic reading school-wide, but we are also increasing efforts to improve math results this year. With a focus on timely interventions for students who need them, in a daily Response to Intervention period, students will be fully supported at their individual levels to promote growth and mastery of academic skills.

PUBLIC NOTICE

Office national
de l'énergieNational Energy
Board

Notice of Detailed Route Hearings
Hearing Order: MH-003-2017 to MH-030-2017
Trans Mountain Pipeline ULC,
Trans Mountain Expansion Project Certificate OC-064
Detailed Route Hearings for Segment 1 and Segment 2

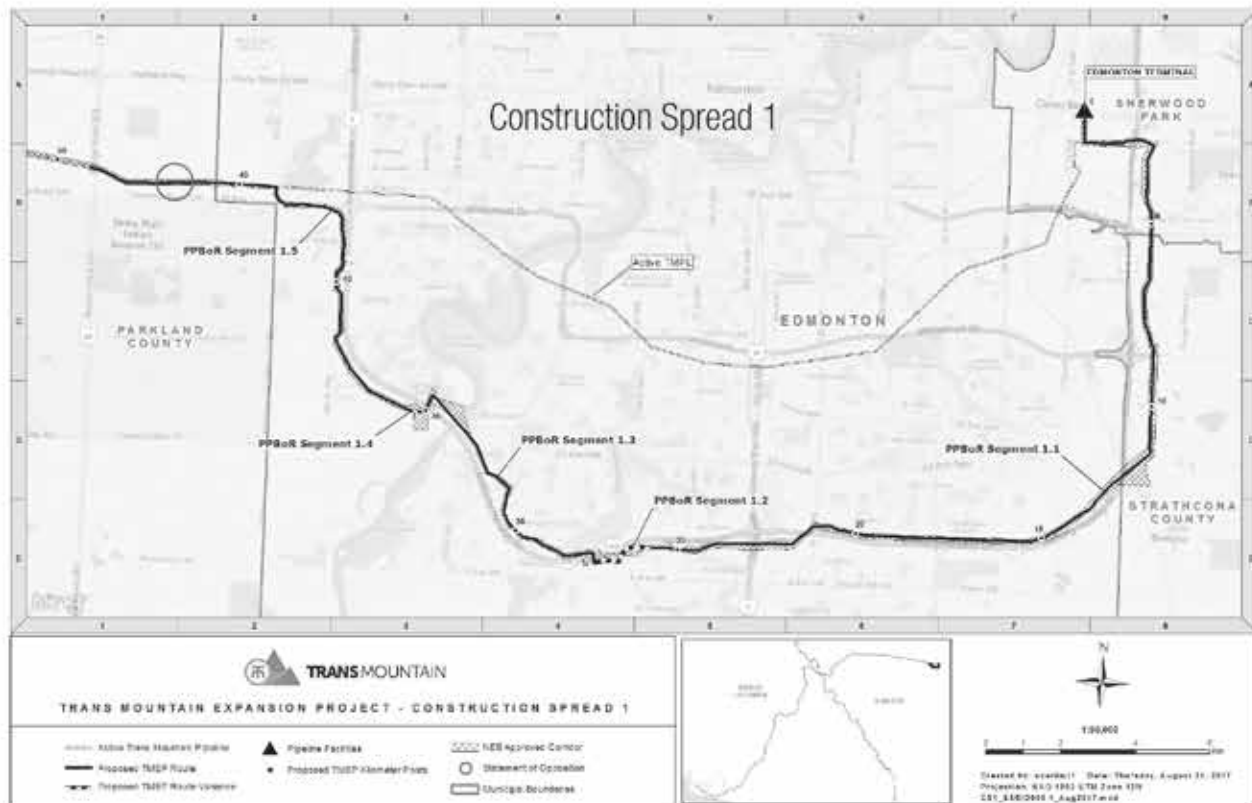

The National Energy Board (Board) will hold detailed route hearings in response to written statements of opposition concerning portions of the proposed detailed route of the Trans Mountain Expansion Project (TMEP) in relation to Segment 1 and Segment 2. The hearings for the statements of opposition identified in this notice are scheduled to take place in November and December in

Edson, Hinton and Spruce Grove, Alberta. Additional information about the schedule, exact location and timing will be announced in a future procedural update.

All documents relating to the application for the detailed route are available for viewing at the Board's website at: www.neb-one.gc.ca (click on "Quick Links" in the right column and click on "Trans Mountain Expansion"), and at the following locations:

- City of Spruce Grove
- Edmonton Public Libraries: Lois Hole, Mill Wood, Riverbend, Stanley S. Milner (Main)
- Edson & District Public Library
- Entwistle Public Library
- Evansburg Public Library
- Hinton Municipal Library
- Jasper Municipal Library
- Seba Beach Library
- Spruce Grove Public Library
- Stony Plain Public Library
- Strathcona County Hall
- Strathcona County Library
- Town of Hinton
- Town of Stony Plain
- Village of Wabamun
- Wabamun Public Library
- Wildwood Public Library
- Yellowhead County Administrative Office

The Board will not reconsider matters that were addressed in the certificate hearing, such as the need for the TMEP. The Board will hear matters relating to the best possible detailed route of the pipeline and the most appropriate methods and timing of constructing the pipeline in relation to the following legal description:

The Board hearing process in relation to the application filed by Trans Mountain Pipelines ULC for approval of its detailed route is the only process that will deal with the determination of the detailed route. The Board will make the final decision as to whether it is the best possible detailed route, and the most appropriate methods and timing of construction.

Any person (other than those Landowners or Affected Persons whose statements of opposition have been accepted by the Board for a detailed route hearing as noted in Appendix I of the Board's Hearing Order) who wishes to participate in a hearing related to the opposed portions in Segment 1 and Segment 2 of the detailed route should consult the Board's Hearing Order.

Applications to participate as an Intervenor or Commenter must be completed and filed through the Application to Participate portal found at the Board's website **no later than 4:00 pm Mountain Time, 21 September 2017.**

Your application to participate must clearly explain how your participation will assist the Board in making its decision, and be complete in order for the Board to make its determination on your application. Failing to provide the requested information may result in an unsuccessful application. Additional information on applying to participate is available in the Board's Hearing Order, section 3.

For a copy of the Hearing Order or for further information, please contact Courtney Post, Process Advisor, toll-free at 1-800-899-1265 or at TMX.ProcessHelp@neb-one.gc.ca, or view the Board's website at www.neb-one.gc.ca/transmountainexpansion.

YOUR DIGITAL AND ALL-CERAMIC SPECIALISTS

Cera-Tech 3D Dental Lab is the only dental laboratory in the Spruce Grove/Stony Plain Area. We mainly offer services to local dentists and denturists. We specialize in the fabrication of crowns, bridges, veneers and implant cases. These services are provided directly to your dentist by prescription. We also offer denture repairs, custom sport guards, night guards, bleaching trays and teeth whitening. Most of these services will be provided directly to the public by our provincially licensed staff.

Did you know that you are able to request which lab you would like your crowns, bridges and other dental prostheses to be made at. If you know a laboratory that does great quality craftsmanship, uses approved materials and cares about the fine details like Cera-Tech, you are welcome to request us to your dentist.

The advantages to this local lab include custom shade matching to your existing teeth, faster completion times, the latest digital technology and high quality materials ensuring the best results for your oral health and individual smile. We are able to digitally analyze your case on

a specialized computer to make sure you get the best fit and most natural look for your crowns. Your case is completed and customized by hand using specific porcelains and characteristics for your individual mouth.

Our owner has more than 20 years of experience including instructing at Nait as well as serving on the provincial College of Dental Technologists. We have two other team members which gives us over 35 years of combined

experience. Our goal is to provide you with quality prosthetics- using skilled registered technologists, state of the art equipment and the most advanced technologies and materials in order to provide the best quality products and care.

The next time you need a crown or other dental services please recommend us to your dentist or give us a call.

GYPsD Sept School News - Welcome Back!

Continued From Page 5

Self-regulation will also be a focus this year as our school learns and promotes growth in supporting and encouraging students to regulate their own behavior to independently plan, monitor, and successfully assess their own learning and actions.

We are also pleased to provide additional Levelled Literacy Intervention for one hour per day as well as the continued support of a Learning Support Teacher to assist with success for all students. Kindergarten students will have an incredible opportunity each week to spend a day in the outdoor environment and jump into a journey of learning with nature. We are excited to see where this will lead our school.

Evansview students will once again have the chance to be involved in some extracurricular programs and leadership opportunities. Cross-graded opportunities and activities where students can experience as many new learning activities as possible are guiding principles for our staff at Evansview this year. We look forward to seeing the excitement and wonder in each and every student as they take on new challenges.

We are extremely grateful to our strong School Council group for continuing to support us throughout the year, and we look forward to the partnering with them to ensure students receive every opportunity available to them. Evansview staff is enthusiastic to move into a new year where student success and growth is encouraged, guided, and supported in an actively engaging learning environment.

Join us...we anticipate a rewarding year and want to wish our family community a wonderful 'back to school' experience. We look forward to working with you and your child!

EVW Events for September

- September 15 - Presentation
- September 18 - No School for Students

- September 20 - Individual and Group Photos

- September 28 - Terry Fox Walk and Run

Wildwood School, Wildwood

The new school year is upon us and we are excited to begin. We welcome a new principal, Mr. Mike Gray, and invite everyone to keep informed about our many events and celebrations throughout the year so you can enjoy with us the great things that happen at our school. Welcome back!

Niton Central School, Niton Junction

As we gear up for what promises to be another terrific year, we are very excited to welcome Jacey Bura as a new member of our school team. Jacey came to us last January and quickly became part of our team. Her role consisted of teaching both junior high and elementary classes. This year, she will be an integral part of our junior high team. We were very happy to welcome her back, along with all other returning staff members.

After having a very successful Welcome Back BBQ last year, we have decided to make it an annual event. This is a great way to bring parents

and teachers together in the first week of school, to kick off the year, start on the right foot and open positive lines of communications. We have many newer teachers at our school, so it is a great way to introduce them to the families of the students they will be teaching, as well as to give parents the opportunity to get to know their child's new teacher. It is also a wonderful way to show how much we appreciate all of our families and all they do to help make our school, and our students, successful.

To round off the month, our Grade 2/3 class will be hosting our annual Terry Fox Run. Every year we spend the month of September learning

about Terry Fox, his childhood, what led to him running across Canada, and what his memory represents. Then we create a Terry Fox banner and each child colors an Adidas running shoe to add to the banner, in order to unite our students for the cause. In the afternoon, we set out for a 45-minute run/walk. This event is near and dear to many, so it is a great way to start the year and a great way for students to work together for a good cause.

Niton Events for September

- September 11-29 - Aimsweb/HLAT/Mathletics Assessments
- September 22 - Terry Fox Walk and Run

DDRA REGISTRATION NIGHT GETTING READY FOR WINTER

**Submitted by Lorne Ross
| Darwell District Recreation Association**

It's time to register for that fall activity that is going to keep you busy through the cold fall and winter days. The Darwell District Recreation Association is hosting its annual registration

night on Tuesday September 12th between the hours of 5:30 and 7:30 at the Darwell Centennial Hall. A variety of area clubs and organizations will be present to invite new members to participate in their activity. Area residents will be given the opportunity to check out such organizations as the Darwell Ag.

Society and the Darwell Recreation Society. These groups are always in need of new members to participate in their programs. Other groups such as Pickleball and Zumba will be on hand to welcome new participants. There will be something for all ages. Take time to find out what is available. If your favorite ac-

tivity is not represented possibly you would like to examine the opportunity to start a new interest group. See you at the registration night. If you need more information please contact Lorne at 780-892-4543.

RIDING UPDATE – MONTH OF AUGUST

Submitted by Jim Eglinski, MP – Yellowhead

This summer has been busy meeting with constituents, attending events and holding roundtable meetings.

In the first week of August, I attended roundtable discussions with MP Randy Hoback on the softwood lumber dispute in Rocky Mountain House, Drayton Valley, Hinton, and Edson. That weekend, I participated in Peers' Annual Gold Dust Daze.

I held several meetings in my

Edson office with industry representatives and constituents all throughout the second week of August. On the weekend, I attended the Pembina Valley Days, enjoying a pancake breakfast and riding in the parade.

The following week was spent travelling around the riding in between meetings with constituents in my Edson office. I attended a Rotary lunch in Edson to discuss what is happening in Ottawa. On the Wednesday I travelled to Jasper, and the next day I was given a tour of the Genessee

Power Plant near Warburg. That same day, I also attended the Cloverleaf Manor Annual BBQ in Warburg.

In the last week of August, I took some time for myself before the busy Fall Session in Parliament resumes next month. On the Tuesday, I attended a BBQ in Edmonton with our new Conservative leader, Andrew Scheer, along with his family. I also recorded a radio message, as well as enjoyed the Canada 150 Celebrations in Sangudo, including a parade, dancing, a pie eating

contest, and a car show.

August was an eventful month meeting with constituents and attending events across our beautiful riding of Yellowhead. I will be attending our Conservative Caucus Retreat in Winnipeg at the beginning of September before Parliament resumes on the 18th. As your voice in Ottawa, I look forward to bringing all of your concerns to the House of Commons in the coming Fall Session.

PICKLING AT DARWELL PICKLEBALL FALL REGISTRATION

**Submitted by Lorne Ross
| Darwell District Recreation Association**

The fall pickle ball season for the Darwell Pickleballers has started and all players are urged to register for

the fall season at Darwell's registration night September 12th between the hours of 5:30 and 7:30 at the Darwell Centennial Hall.

Play has continued throughout the summer both in the hall and on the outside court at the Darwell School.

Play on the outside court will continue as weather permits to accommodate new comers to the game an introductory session after registration has been completed will be held. Fees for the fall season are set at \$25.00. Pickleball is played Monday

mornings 9-11, Thursday night 7-9 and Saturday morning 9-11.

Pickleball is a fun and exciting game that can be played by all ages and interested persons are encouraged to drop in to see what it is all about.

BACK TO SCHOOL LUNCHES

Submitted by Alberta Health Services

Healthy school lunches and snacks give children and youth energy and the nutrition they need for proper growth and development. Without healthy food, children may feel tired, have difficulty concentrating and may not have the energy they need to learn and play at school.

Here are some tips to make healthy school lunches to fuel your child throughout their day.

1. Involve your kids. Let them help plan and prepare their lunches. Your kids learn how to make a healthy lunch and they will be more likely to eat the foods packed.

- Set aside time to make lunches a team effort. Making lunch can be fun and allow time to spend together. This can be a part of your family's routine; once the kids are home from school, or right after supper.

2. Bored with sandwiches? Switch it up. Use the same filling, but change the grain product. You can have more than a week's variety!

- Try using whole grain wraps, pitas, small bagels, English muffins, flatbread, naan bread or buns. Having some of these choices in the freezer can make it easy to switch up and help with reducing food waste.

- Use hummus, tzatziki (cucumber yogurt spread), guacamole, or salsa as a sandwich spread to add flavour and variety.

3. Are sandwiches not an option? Try these instead:

- Chili or stew (in insulated container) with grated cheese
- Whole grain crackers, cheese, and carrot sticks and snap peas with hummus.
- Oatmeal with fruit and nuts
- Salad with meat or beans and grated cheese.
- Fruit salad with cottage cheese and whole grain roll.

4. Make vegetables and fruit easy to eat. Prepare enough vegetables and fruit for a few days or the week instead of doing this every day. Some

kids enjoy dips with their vegetables or fruit. Try:

- Carrots, cucumbers, peppers, grape tomatoes or celery with hummus dip.

- Bananas, pineapple or apples with a yogurt dip.

5. Include at least three of the food groups from Canada's Food Guide

Aim to include a food choice from

at least three of the four food groups from Eating Well with Canada's Food Guide for a balanced and healthy meal. Keep servings sizes appropriate for your child's age/appetite.

GRANDE YELLOWHEAD PUBLIC SCHOOL DIVISION No. 77

TENDERS FOR

EVANSVIEW SCHOOL MECHANICAL UPGRADE

EVANSBURG, ALBERTA

Sealed Tenders for the **Evansview School Mechanical Upgrade** located in Evansburg, Alberta will be received until 14:00 hours, Thursday September 14th, 2017 at the offices of The Workun Garrick Partnership Architecture and Interior Design Inc., Suite 1200, 10117 Jasper Avenue, Edmonton, Alberta, T5J 1W8. A public opening of the tenders is scheduled for 14:05 hours, of the same day, in the boardroom of The Workun Garrick Partnership Architecture and Interior Design Inc.

The general scope of work included in the project is as follows:

- Partial replacement of existing heating system with new roof mounted ventilation equipment.
- Structural modifications to existing roof structure to accommodate new roof top mounted ventilation equipment.
- Modifications to existing roofing to accommodate new roof top mounted ventilation equipment.
- Associated electrical work.

Plans and specifications may be obtained upon the deposit of a \$100.00 cheque per set by General Contractors and Prime Mechanical and Electrical Contractors at the offices of The Workun Garrick Partnership Architecture and Interior Design Inc., Suite 1200, 10117 Jasper Avenue, Edmonton, Alberta, T5J 1W8 on or after Tuesday August 29th, 2017.

Those contractors that are members of the Plan Deposit Guarantee Program in Edmonton do not require a deposit cheque.

A pre-bid meeting will be held at Evansview School in Evansburg, Alberta on Thursday September 7th, 2017 @ 3:30 p.m.

Tenders shall be accompanied by a Bid Bond in the amount of ten percent (10%) of the Base Bid submitted and a "Consent of Surety". In addition, the successful contractor will be required to provide a Performance Bond and a Labour and Materials Payment bond, both in the amount of fifty percent (50%) of their tender quotation.

The lowest or any tender will not necessarily be accepted.

HOME IMPROVEMENT PROJECTS FOR YOUR FALL TO-DO LIST

Homeowners know that maintaining a home can be a year-round job. No home is immune to wear and tear, and homeowners who want to protect their real estate investments should try to stay two steps ahead to ensure their homes do not succumb to the elements or become outdated and unappealing to prospective buyers.

Fall has become a season that's synonymous with home improvement, but homeowners need not wait until the leaves begin changing colors to start planning their next projects. The following are a few items homeowners can add to their fall home improvement to-do lists.

Roof inspection

Less precipitation tends to fall during the warmer months than

during the late fall and winter. As a result, homeowners may not be aware of leaky roofs until autumn has come and gone. But waiting until winter to inspect the roof can prove disastrous, as weather conditions will not be conducive to inspection and increased precipitation may result in potentially costly damage. Leaky roofs can be easily identified by looking for water stains on interior ceilings. Once you see a stain, you can climb onto the roof to identify the location of the leak and fix it before winter rains and snowfall turn the problem into something much larger. Inspect your ceilings for signs of leaking after a strong rainfall, and then address any leaks immediately.

Gutter cleaning

While some homeowners prefer

to delay their gutter cleaning projects until late fall, those whose homes are surrounded by trees may need to schedule two such projects. Gutters clogged with leaves

and other debris can cause serious roof damage, and that damage can extend all the way inside a home.

THE IMPORTANCE OF CLEAN GUTTERS

Every autumn, trees and shrubs take on their brilliant display of reds, oranges, purples, and yellows that mark the end of the growing season. Fall foliage may make for ideal photo backdrops and scenic days in the countryside, but closer to home leaves may be more of a hindrance than an aesthetic pleasure.

The hundreds of leaves that adorn the maples, oaks and other trees near homes will eventually fall as autumn turns into winter. Some will float down to lawns, while others will get lodged in gutters and downspouts, posing problems that can cause substantial and potentially costly problems for homeowners.

Homeowners know that gutter cleaning is an important part of fall home maintenance, but they may not completely understand why. Gutter cleaning can

be a messy and time-consuming project, making it a project many homeowners are apt to put off. Waiting to clean gutters can lead to considerable problems, so it's best to tackle the job well in advance of the winter.

Gutters guide rainwater and runoff from the roof so it drains properly away from homes. When gutters are clogged with leaves, a number of problems can occur.

- **Leaks:** Water will take the path of least resistance. When clogged gutters do not allow the water to drain away properly, water will find other ways to the ground. It may work itself right into the walls and ceilings of the home. In addition to damaging walls and ceilings, moisture inside the home can promote mold growth. It also makes interior spaces more appealing to pests.

- **Excess weight:** Gutters are meant to hold the weight of traveling water and not much more. Gutters filled with leaves and other debris can quickly become heavy. This stresses the entire gutter system and can cause the gutters to fall off of the home entirely.

- **Nesting areas:** Clogged gutters can serve as nesting areas for insects and birds. Mosquitoes and other insects lay eggs in pooling water. Gutters can quickly become breeding spots for harmful pests. Furthermore, birds may nest in gutters, creating unsightly messes and more damage. Seeds that sprout in clogged gutters can grow unchecked.

- **Ice-damming:** Left untreated, pooled water and leaves in gutters can freeze over. Blocked water can back up and push against the roof, lifting shingles and destroying the roof in the process.

gutters and destroying the roof in the process.

- **Foundation trouble:** Clogged gutters also may contribute to flooded basements and cracked foundations. Leaking water will pool around the foundation, expanding when frozen and causing cracks in basement and crawlspace walls. It also can cause driveways and other cement areas around the home to sag and crack.

Gutter cleaning should be scheduled in the spring and fall of each year. Homeowners can hire gutter-cleaning services to handle the job or do the job themselves. Rinse the gutters with water from the hose afterward to ensure good run-off. Take the time to seal any leaks as well. This routine maintenance can save homeowners many headaches and prevent some very expensive repairs.

Home Improvement Projects For Your Fall To-Do List

Continued From Page 13

In addition, clogged gutters make great nesting areas for insects or critters. Always stand on a ladder when cleaning gutters, wearing gloves to remove items by hand and dropping leaves and debris into a trash can below. Standing on the roof and leaning over gutters greatly increases your risk of injury. If the gutters are clear when you first examine them in early fall, you can wait until later in the season to give them a complete and thorough cleaning. Once you have finished clearing the gutters, you can use a hose to run water through them and the downspouts to confirm everything is functioning properly.

Window and doorway inspection

Before temperatures start dropping once again, homeowners will want to inspect their windows and doorways for leaks. Over time,

cracks can develop around windows and doorways, and while such cracks are rarely noticeable when the weather outside is warm, they can be quite obvious and very costly if they remain unsealed come the start of winter. Cold air can enter a home through cracks around windows and doorways, and many homeowners who don't suspect leaks may respond by turning up the thermostats in their homes. That can prove quite expensive over a full winter. Choose a windy autumn day to place a hand by windows and external doorways in your home to see if you can feel drafts. If you can, seal these cracks as soon as possible.

Patio cleanup

Patios are popular hangouts during spring and summer, and that can result in a lot of wear and tear. Once you store patio furniture for the winter, inspect your entire

patio to determine if it needs any refurbishing. While certain patio projects may be best left for spring, you can still clean any stained areas around the grill and look for cracks in the sidewalk that need to be addressed.

Preparing for fall home improvement projects ahead of time can help homeowners complete projects in a timely manner and ensures they won't be forced to brave the winter elements when refurbishing their homes.

STEPS TO A MORE ORGANIZED, FUNCTIONAL GARAGE

Organization can help homeowners transform their homes into less cramped, more spacious oases without forcing them to finance potentially expensive expansion projects.

Homeowners who park in their driveways may find that their garages have become crowded, cluttered spaces

in which searching for tools can feel like scouring a haystack in search of a needle. Organizing a garage can create extra room in a home while affording homeowners the chance to protect their vehicles from the elements. Homeowners who want to turn their garages into something more than

cluttered storage units can employ the following strategies to transform these largely overlooked areas into more valuable spaces.

- Choose the right day. Garages tend to be separate from the rest of the homes they're a part of, meaning the only way to organize a garage is to

first remove all items from the garage and into the driveway. Because items removed from the garage will be exposed to the elements, homeowners should choose a day that's temperate and sunny to clean their garages. If possible, homeowners should opt to organize their garages in late spring, summer or early fall when there are additional hours of daylight. This protects homeowners from having to work in the dark should the job take longer than they initially anticipated.

- Discard or donate duplicate items. Duplicate items are some of the main culprits behind cluttered garages. As garages gradually become more cluttered, homeowners may buy tools they already have simply because they cannot find their original tools. When organizing the garage, create separate piles for duplicate tools, placing still-useful items in a pile that can be donated to neighbors, local charities or organizations and another pile for old tools that are no longer useful.

- Host a garage sale. Homeowners who want to organize their garages and make a buck at the same time can host garage sales. Make only those items that are still functional available for purchase, and let neighbors and bargain hunters do the bulk of your organization work for you.

- Designate areas of the garage for certain items. Once the items that won't be going back into the garage have been sold, donated or discarded, organize the garage by designating areas for certain items, making sure to separate items that can pose safety risks. For example, store kids' bicycles and outdoor toys in a corner of the garage that is opposite the corner where potentially dangerous items such as power tools and gas cans will be stored. Keep the center of the garage open for vehicles.

- Periodically park cars in the garage. Homeowners who are comfortable parking their vehicles in their driveways can improve their chances of maintaining organized garages over the long haul by periodically parking in the garage. Doing so not only prevents the gradual buildup of clutter that can slowly take over a garage, but also protects homeowners' automotive investments.

Maintaining an organized garage can help homeowners make more practical use of the space in their homes.

PETERSON VOWS TO OPEN CONSERVATIVE PARTY OFFICE IN STURGEON RIVER – PARKLAND

Submitted by Susan Hemeier, Communications Director for Rick Peterson

Spruce Grove, AB, September 9, 2017 - Conservative nomination candidate Rick Peterson announced today that he will open a local Conservative Party constituency office if elected Member of Parliament for Sturgeon River – Parkland.

Peterson said that grassroots Party members in the area have told him they would clearly benefit from having a base where they can organize membership drives and local events and deal with Party issues that cannot be handled inside the non-partisan offices of a Member of Parliament.

“A local Party office staffed with a full-time outreach coordinator would be a powerful tool to help grow our local membership and raise Sturgeon River – Parkland’s profile and impact locally as well as in Ottawa,” said Peterson, a Spruce Grove businessman and 30-year Party member who was also a candidate in the Conservative leadership contest that elected Andrew Scheer in May.

“As the Conservative MP for Sturgeon River – Parkland, I will find individual, private-sector donors to support our Electoral District Association by having a full-time office opened and staffed.”

Peterson’s announcement coincides with the release of a strong endorsement from Vancouver Centre EDA president Roy Grinshpan, who said Peterson is “a breath of fresh air into the Ottawa bubble of political insiders,” noting his private-sector experience, ability to communicate fluently in both French and English, as well as his proven debating and media skills.

“I can personally attest to Rick Peterson’s support of the grassroots. Of all the former leader-

ship candidates, Rick had the most transformational policy proposals for EDAs... which provides a glimpse into the devoted constituency work that voters of Sturgeon River – Parkland can expect from Rick if they elect him.”

“Rick is optimally positioned to deliver Andrew Scheer’s mes-

sage to both grassroots and media, with exceptional impact, in both official languages. This in turn will help augment the voice of Sturgeon River – Parkland’s electors on the national stage.”

The Sturgeon River – Parkland Conservative nomination meeting is scheduled to take place on Friday, October 13th in Morin-

ville, AB and on Saturday, October 14th in Spruce Grove, AB.

Residents in the EDA who purchase Conservative Party memberships before midnight on September 18th will be eligible to vote in the nomination contest. Memberships may be purchased online at <https://www.rickpeterson.ca/membership>.

GOLFER'S GUIDE

FIVE TOP GOLF TIPS TO HELP BOOST YOUR GAME

(NC) When it comes to golf, it's the little things that can have the biggest impact on your game. Whether it's your first attempt, or 10th season, golf expert Bob Weeks has got you covered at the links this summer with these five tips:

Choose the right clubs: Regardless of your experience or skill level, choosing the right equipment can be the difference between duffing it and striking the ball straight down the fairway. It's important to work with a professional to get the clubs best-suited to your game and then, to have them custom fit. You should be fit for the length, loft, lie angle, shaft flex and even the grip size. If your clubs aren't custom fit, it will be like

walking around in shoes that are the wrong size.

Get on the ball: Choose the right kind of golf ball for your game. While golf balls all look the same, it's what's inside that determines if it's right for you. Golf balls fall into two categories: distance or control. Distance balls are generally two-piece balls with a large core and a cover. They are harder and better suited for higher handicappers or beginners. Control balls, usually three- or four-piece balls, are softer and spin more meaning they will land on the green and stop. More skillful players should use these.

Consider the elements: Weather is always a factor in golf and dealing with it must always be

considered. For instance, in cold temperatures, the ball will travel shorter distances, so take more club. The opposite is true for warmer temperatures. If you're playing into the wind, swing easy as that will keep the ball from spinning too much and rising up into the breezes. And downwind, make sure to judge the intensity of the breezes so you can choose the proper club. Your ball will roll further than normal on a downwind shot so take that into account.

Putting and chipping is priority: Lots of players like to boom their drives and will spend a lot of time on the range hitting their drivers. But if you want to improve your scores, you should spend more time working on

your putting and chipping. Since most average players miss a lot of greens, the best way to save strokes is by chipping it close and making more putts. Focus more on your short game than your drive and you will improve.

Play the 19th hole: Win or lose, there's no better way to celebrate than hitting the 19th hole. Less is often more in golf and the same applies when considering what to eat and drink after a round. Molson Canadian 67 for example is specially brewed with 67 calories and an ABV of 3% per 341ml, offering a light, refreshing alternative for active players.

GOLFER'S GUIDE

HOW TO MAKE THE MOST OF YOUR DAY ON THE COURSE

(NC) Most great golf games are filled with sun, competition and camaraderie, but you can enhance the experience with a few tips that have less to do with your swing, and a lot to do with your 18-hole enjoyment:

Dress for success: The right golf apparel can be as important as the clubs you carry. Check the weather in advance to make sure you'll be as comfortable as possible during play. Determine if you're dressing to impress or to elevate your game. Light, non-restrictive clothing will allow you to swing freely and keep you comfortable and cool in the heat, or warm if the temperature drops. If you're a guest, always check out the dress code at the club you'll be visiting to ensure you comply with the rules.

Choose your company carefully: Your playing partners can have a lot to do with how you play and how you socialize on the golf course. If you're out with friends, you can relax and enjoy the day knowing what to expect. But if it's a game with your boss or clients, always make sure to test the waters. Will they play by the rules or is it just a relaxed day? Are your clients there to play golf or do business? Understanding the landscape on the first tee will alleviate any awkward moments later on.

Create friendly competition: Sure, there's already a scorecard, but you can add more competitive fun to your game by creating a little friendly rivalry. For example, try a little Bingo Bango Bongo - a points based game that awards a total score based

on three kinds of achievement: Bingo – first person on the green gets a point; Bango – the player whose ball is closest to the pin when all balls are on the green gets a point; Bongo – the player who is first to hole out gets a point. Add up the points and the person with the highest total for the round wins.

Walk it off : Make a small 'healthy' tweak to your game by walking vs. taking a cart. When you choose to walk rather than drive 18 holes, you'll cover approximately six kilometres and burn around 1,500 - 2,000 calories. Golfers that ride carts will burn only about 1,100 - 1,300 calories.

Say cheers and enjoy: The 19th hole remains one of the best holes on the course. Cap off a great day by enjoying a light meal or a light beer such as Molson Canadian 67, which is brewed to 67 calories per 341ml bottle and 3% ABV. This crisp, refreshing beer can be paired nicely with a protein boost of chicken or fish.

ALZHEIMER'S AWARENESS MONTH

Submitted by Alberta Health Services

September marks Alzheimer's Awareness month, a time designated to raise awareness of the effects and signs of Alzheimer's disease in our loved ones and what we can do to support them.

Alzheimer's disease is the most common type of dementia, a syndrome that affects memory, thinking, orientation, judgment and ability to carry out everyday tasks. It is estimated that by 2038, about one in ten Albertans over the age of 65 and nearly half

over the age of 90 will be living with some form of dementia.

Certain problems can be warning signs of dementia. Contact your doctor if you notice a loved one having increased difficulty with any of the following:

- Learning and retaining new information
- Handling complex tasks, like balancing a cheque book
- Knowing what to do when problems come up
- Finding his or her way around familiar places, driving to and from places he or she knows well
- Finding the right words to say

what he or she wants to say

- Understanding and responding to what he or she sees and hears

- Acting more irritable or suspicious than usual, or withdrawing from conversation and activity

Finally, here are some tips in communicating with anyone who may have dementia:

- First, make sure the person does not have a hearing or vision problem. Sometimes a person may not respond to you because he or she cannot hear you. Not being able to see well may make the person more confused, agi-

tated, or withdrawn. If you suspect a problem, have a health professional evaluate the person's hearing and vision.

- Don't argue. Offer reassurance, and try to distract the person or focus his or her attention on something else.

- Use short, simple, familiar words and sentences. Present only one idea at a time. And avoid talking about abstract concepts.

- Explain your actions. Break tasks and instructions into clear, simple steps, offered one step at a time.

- Pay attention to your tone of voice. Be calm and supportive. A person with dementia is still aware of emotions and may become upset upon sensing anger or irritation in your voice.

- Maintain eye contact and use touch to reassure and show that you are listening. Touch may be better understood than words. Holding the person's hand or putting an arm around his or her shoulder may get through when nothing else can.

- Pay attention to the person's tone of voice and gestures for clues as to what the person is feeling. Sometimes the emotion is more important than what is said.

- Do not confront the person about his or her denial of the disease. Arguments will not help either of you.

- Continue to treat the person with dignity and respect.

- Allow choices in daily activities. Let the person select his or her clothing, activities, and foods. But too many choices can be overwhelming. Offer a choice of 2 to 3 options, not the whole range of possibilities.

In Alberta, services are readily available for both those suffering from any form of dementia and their caregivers. The Alzheimer Society of Alberta and the Northwest Territories provide education and ongoing support. As well, Albertans can receive advice by calling Health Link at 811. Health Link will assess the needs of the person and provide immediate advice for their concerns, 24/7. When needed, callers can be referred to Dementia Advice, which is staffed by specialized dementia nurses.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

RE/MAX[®]

REAL ESTATE

Roger Hawryluk

Tanner Hawryluk

Only minutes east of Wildwood, 157.95 acre hobby farm! Approx 148 acres cultivated with approx 10 acres of trees. Beautifully manicured yard site with numerous out buildings. Large 26' x 36' detached garage currently used as a workshop, completely finished 40' x 42' shop with in-floor heat and on demand hot water with 14' high O/H doors with remotes, 3 sided metal beam 34' x 60' machine shop, pole shed for hay and also a cattle shelter. There is a beautifully upgraded 3 bedroom bungalow, w/ main floor laundry, upgraded windows, vinyl plank flooring, new kitchen, s/s appliances and vinyl siding w/ extra insulation. Fully developed basement with newer high efficiency furnace. The yard site is very private and surrounded by 30-40 ft. planted spruce. The water source is a RARE artesian well with plenty of water. Even potential of two outside watering stations for livestock with power ready to hook up. A seasonal creek runs through the land and the property is a half mile south of hwy. 16 and RR 90. Less than 1 hour from Edmonton!

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

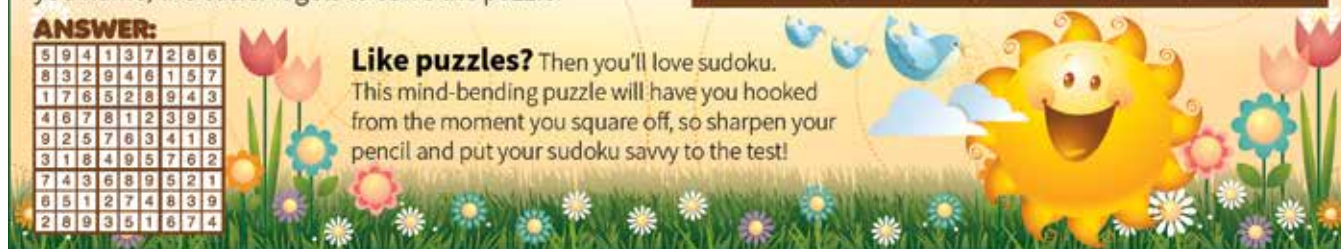

ANSWER:

5	9	4	1	3	7	2	8	6
8	3	2	9	4	6	1	5	7
1	7	6	5	2	8	9	4	3
4	6	7	8	1	2	3	9	5
9	2	5	7	6	3	4	1	8
3	1	8	4	9	5	7	6	2
7	4	3	6	8	9	5	2	1
6	5	1	2	7	4	8	3	9
2	8	9	3	5	1	6	7	4

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
