OPEN DOORS CELEBRATION

Rick Hansen Foundation representative Shauna Paisley Cooper outside the easily accessible doors of the Onoway Heritage Centre

Girl Guides preparing to cut the extra special cake

Submitted by Yvonne Slemko | Onoway and District Historical Guild

To celebrate and make the community aware of the improved access to the facility, the Onoway and District Historical Guild hosted a fun-filled afternoon where people of all ages were entertained, educated and treated to unique cake. Thanks to a grant from the Rick Hansen Foundation, the Guild was able to install door-opener buttons at both main doors as well as to level the sidewalk leading to the doors. This is a huge benefit to those with mobility issues and, as Tracy Alden of Moms and Tots recognized, to those who are carrying babies and big parcels or pushing buggies.

The cold and windy weather didn't stop the people from standing around outside the Heritage Centre/Alliance Activ-

ity Centre and gazing skyward. They were rewarded by specks in the sky that swirled around, grew in size and landed almost at their feet. Lyal Waddell and Shane Lystang, Eden North's skydiving pros, were the climax of the Open Doors ceremony at the Onoway Museum/Heritage Centre.

While small children lined up for facepainting and balloon art, older visitors were attracted to the display (and musket-firing demo) of the Edmonton House Brigade. Dressed in costume of the early fur traders, the Brigade members explained the many tools and trade items that were part of everyday life for the voyageurs. Music lovers were entertained by the Joe Saumer Big Band, the Baldwin fiddlers, Lac Ste. Anne Community Choir and Connie Lefebvre's young musicians. Royal Canadian Moose brought live theatre

for children. Teams of history detectives embarked on a scavenger hunt of the building looking for objects such as a manual typewriter, Onoway Jr. Sr. High Marching Band uniforms, and the animal in the school room.

The Historical Guild welcomes community members and visitors to check out the Onoway Museum or participate at a function in the Heritage Centre. Thanks to the Rick Hansen Foundation, the doors are easy to open for all!

“MEET THE CANDIDATES” LAC STE. ANNY COUNTY 2017 ELECTION

BIO FOR SARAH HEALY NOMINEE SCHOOL TRUSTEE WARD 1

Life for me began on a farm in Consort, a rural farming community in east central Alberta. I married my husband Ralph in 1973 and embarked on a course in education at the University of Alberta majoring in elementary education. After graduation in 1980, I began my teaching career in Ponoka, Alberta but family employment led me on a new adventure and pathway in my teaching career.

Onoway became my home in 1986 when I accepted a music teaching position at Onoway Elementary School. It wasn't long

before some of my other teaching loves began to emerge. As music classrooms are inclusive by nature, I had opportunity to work with all students, many with diverse and varied learning needs. Eventually, my teaching duties moved into a classroom working with diverse learners supporting their learning needs and then branched out to include facilitating supports and strategies for teachers with inclusive classrooms. In 2009, my duties expanded when I took a position at Northern Gateway Public Schools' division office as Student Services Coordinator supporting principals, teachers and students in 18 schools from Onoway to Valleyview. Providing high quality learning opportunities was always paramount in my educational journey.

In 2014, I became a Northern Gateway Public Schools retiree but soon other opportunities beckoned. In 2016, I became a member of the

Community and Social Services Appeal Panel for North Central Alberta in which I currently still serve.

I have 3 daughters, a son-in-law and grandson that are actively pursuing their own careers and interests.

In deciding to put my name forward as a nominee for school trustee in Ward 1, I realized I am still passionate about quality student-centered education and how important the role our families and communities play in that education. I bring 30 years of teaching experience to the position of trustee working with students, staff, parents, divisional leadership, governmental departments and community agencies.

I have been a community member in the Onoway area for many years and if elected as school trustee, would be accountable to the students and families that serve this community.

RIDING UPDATE – SEPTEMBER 1 – 15, 2017

Submitted by Jim Eglinski, MP – Yellowhead

The end of the summer break has been very busy with meetings and events as I prepare to head back to Ottawa for the Fall Session.

On September 1, I was pleased to attend the kickoff of this year’s Tour of Alberta, a bicycle race which departed from Jasper. Con-

gratulations to Evan Huffman for winning Stage One and the overall race. The following day, I attended an event at the Cadomin Legion before heading home to enjoy the rest of the long weekend.

Much of the first week was spent in Winnipeg for the Conservative Caucus Retreat getting ready for the upcoming fall session. Our Conservative Party is prepared to

stand up for taxpayers and promote policies that create jobs and stimulate the economy.

I spent the second week of September back in the riding. I made a trip down to Rocky Mountain House for a meeting with their Chamber of Commerce and the Canadian Association of Petroleum Producers (CAPP). I also toured a new manufacturing facil-

ity in Peers.

The entire summer break was full of meetings with constituents and attending events across our beautiful riding of Yellowhead. As Parliament resumes on September 18, I will return to weekly updates. I look forward to bringing all of the concerns I have heard this summer to the House of Commons.

RE: STRUCTURE FIRE, SUMMER VILLAGE OF SILVER SANDS

Submitted by Erik Ives, Fire Captain | ONOWAY REGIONAL FIRE SERVICES

Yesterday at 1142 AM Onoway Regional Fire Services – Canada’s first Hybrid Fire Service was dispatched to a structure fire on Hazel Avenue in the Summer Village of Silver Sands. The first units were rolling to scene within 1-minute. Upon arrival the first Onoway Regional Fire Engine crew noted flames were visible protruding from the roof and windows of the structure. Luckily the family residing in the home had safely evacuated with no injuries. Due to the fast action of the fire crews, the fire was quickly knocked down. Unfortunately, the home was severely damaged due to the intensity of the fire.

Onoway Regional Fire Services and North West Fire Rescue would like to say thank you to all services that attended this fire for doing such a great job. These include: Parkland Fire, Alexander Fire Department, Lac Ste Anne County Fire Services, Alberta Health Services, the Royal Canadian Mounted Police, Fortis, and Clearwater water haulers.

During the initial response, Onoway Regional Fire Services deployed 4-units and 13-members, with additional resources deployed from the above-mentioned fire services. The exact origin and cause of the fire is currently under investigation by the Office of the Fire Commissioner.

For more information contact Fire Chief David Ives 788-777-4688 / davidives.nwfr@gmail.com

“MEET THE CANDIDATES” LAC STE. ANNY COUNTY 2017 ELECTION

BIO FOR PENNY LESHENKO DIVISION 5

TIME FOR NEW DIRECTION IN DIVISION 5 AND A NEW FACE AT THE COUNCIL TABLE

APPROACHABLE * ACCOUNTABLE * A VOICE FOR YOU THE RATEPAYERS

Penny: is always willing to listen to people’s concerns and ideas. She has found that better decision making happens when someone is willing to listen – that someone is Penny

Penny: cares about you and your concerns. She believes that

working together; anything is possible

Penny: realizes there are always different points of view, however we are all Division 5 ratepayers working together toward a common goal of positive results and growth for our Division.

PENNY LESHENKO IS COMMITTED THE NEXT 4 YEARS FOR:

- Providing services second to none
- Ensuring Council and Staff is accountable to you and for you
- Ensuring Lac Ste. Anne County Leaders are fiscally responsible at all times
- Working to provide expected services and initiatives at a reasonable and realistic tax level
- Enduring our Seniors and Youth always has a voice in our Community.
- Improving technological communication access for cellular use and WIFI services

lar use and WIFI services

-Improving road maintenance, road upgrading, and infrastructure within Division 5 and the County as a whole

-Holding town hall meetings for ratepayers to be heard and having the opportunity to hold Penny accountable

-Fostering an atmosphere of cooperation and communication with our Educators, Health care providers Agricultural producers, Business owners, and industry leaders

-Communicate to full extent with Government agencies to seek possible grant funding to the maximum in all areas.

-Supporting Crime Prevention initiatives to decrease crime in Division 5 and to create a more safe environment for our community and our people

WHO IS PENNY LESHENKO?

*Penny has called Division 5 her home for 27 years and intends to make it her home for many more years to come

*Penny has an Education in both Community Services and Adult Continuing Education, which she received “With Distinction” in both

*Penny owns a Consulting business

*Penny has extensive experience in working and or volunteering with or on Councils, Boards, Community groups, schools and organizations within Lac Ste. Anne County, Provincially, and Federally

*Penny has extensive experience in communication, seeking grant funding, writing grant proposals, and initiating projects within the community through to completion

*Penny is a people person through and through shown through her work experiences and all her volunteer initiatives locally, provincially and federally

*Penny brought the Family and Community Support Services Funding to Lac Ste. Anne County and Municipalities within their boundaries.

*Penny was instrumental in bringing provincial lottery funds back to the community through the development of Community Lottery Boards in Alberta.

*Anyone who knows Penny knows she commits her whole heart and sole in all initiatives she is involved in, and does so for the betterment of the community as a whole.

Penny believes Lac Ste. Anne County and Division 5 has a secure future. She feels she can facilitate and foster a bond between residents, which can only foster positive growth for a great community.

Penny wants to ensure we work together in creating a more stable, friendly and safe environment for our ratepayers.

Experience had taught Penny that nothing is impossible. At times something may seem difficult, but through perseverance, any goal can be attained.

JOKE OF THE WEEK

A family moves into a new neighborhood, one day the family overslept and their six-year-old daughter missed her school bus. The father, though late for work himself, had to drive her. Since he did not know the way, he said that she would have to direct him to the school. They rode several blocks before she told him to turn the first time, several more before she indicated another turn. This went on for 20 minutes - but when they finally reached the school, it proved to be only a short distance from their home. The father, much annoyed, asked his daughter why she'd led him around in such a circle. The child explained, "That's the way the school bus goes, Daddy. It's the only way I know."

SECOND STAGE OF CONSULTATIONS ON FEDERAL FINANCIAL SECTOR FRAMEWORK

Submitted by Jim Eglinski, MP - Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the Department of Finance has launched the second stage of consultations on proposed changes to the federal financial sector legislative and regulatory framework.

The Department is seeking views on potential policy mea-

sures that aim to safeguard the financial sector, to keep it competitive and innovative, and to modernize its legislative framework. "I have already heard from constituents with concerns about the impact that some of the proposed changes could have on their small businesses," stated MP Eglinski.

Last August, the Department released the first consultation paper on the proposed changes, which laid out the landscape of

Canada's financial sector and identified key trends that may influence it moving forward. The second consultation paper, released last week, takes into account the comments and recommendations received from stakeholders through the first stage of consultations, as well as the trends and emerging issues that are reshaping the sector.

Interested individuals or organizations are invited to review the consultation paper and make

submissions to the Department of Finance by September 29, 2017. The paper, as well as information on submissions, can be found on the Department's website at: <http://www.fin.gc.ca/activity/consult/pssge-psefc-eng.asp>.

"I encourage everyone who will be impacted by the changes to participate in the consultation to ensure their concerns are made known to the Department," concluded MP Eglinski.

ONOWAY REGIONAL FIRE SERVICE ANNOUNCEMENT

PRIVATE ENTERPRISE STEPS UP FOR THE COMMUNITY!

Sadly, recent media coverage has exposed that Oneway Regional Fire Services cannot always count on the assistance of neighbouring services if / when there is a need for support. In fact, even when there is support provided from our neighbours, the costs for such are wildly unpredictable and beyond Oneway Regional Fire's control. Accordingly, North West Fire Rescue - Oneway Ltd is pleased to announce that we have further strengthened our partnership with the private water-haulers with the greater Oneway region.

Private water haulers have always been part of the Oneway Regional Fire Services response equation. These contractors have proven a level of dedication, professionalism, cooperation, and cost effectiveness that we have not yet found from the neighbouring fire services. In order to ensure rapid response, ample water supply, and reasonable firefighting costs for the municipalities we serve, Oneway Regional Fire Services is pleased to announce we have added SEVEN local water hauler contractors directly to our radio systems so as to ensure an immediate response when needed. Additionally, Ricks Water Hauling has pledged 24-7 / 365-day access to one unit dramatically improving Oneway Regional Fire's initial response capacity.

Please support local business and join us in thanking the following businesses for supporting their community

North West Fire Rescue – Oneway Ltd (operating as Oneway Regional Fire Services) remains ready, willing, and able to help our friends and neighbours when the need arises and the call comes in as evidenced by the one highway assistance provided to Parkland County and the multiple assistance calls provided to Lac Ste Anne County... all free of charge.

Thank You!

Rick's
Water Hauling

PARLIAMENT UPDATE – WEEK OF SEPTEMBER 18, 2017

Submitted by Jim Eglinski, MP – Yellowhead

This week Parliament reconvened for the fall session.

The following was debated in the House:

- Bill C-21 – An Act to amend the Customs Act (Second Reading)
- Bill S-2 – An Act to amend the Motor Vehicle Safety Act and to make a consequential amendment to another Act (Sec-

ond Reading)

- Bill S-231 – An Act to amend the Canada Evidence Act and the Criminal Code (protection of journalistic sources) (Report Stage)
- Private Motion No. 126 – Portuguese Heritage Month
- Bill C-47 – An Act to amend the Export and Import Permits Act and the Criminal Code (amendments permitting the accession to the Arms Trade

Treaty and other amendments) (Second Reading)

- Bill C-338 – An Act to amend the Controlled Drugs and Substances Act (punishment) (Second Reading)
- Bill C-58 – An Act to amend the Access to Information Act and the Privacy Act and to make consequential amendments to other Acts (Second Reading)
- Bill C-326 – An Act to amend the Department of Health

Act (drinking water guidelines) (Second Reading)

On Monday, I participated in debate on Bill C-21, which builds on an agreement between former Prime Minister Stephen Harper and former President Barack Obama to strengthen the security and economic competitiveness in both countries.

On Tuesday, I participated in debate on Bill S-2, which includes amendments that would give the Minister of Transport the power to order companies to issue recall notices and make manufacturers and importers repair recalled vehicles at no cost to consumer.

On Thursday, I participated in debate on Bill C-47, which would officially bring Canada into line with the UN Arms Trade Treaty. To read my comments on any of the above bills, visit the corresponding day's Hansard on the House Publications page at www.ourcommons.ca/en.

As announced earlier this week, I have been named as a member of the Standing Committee on Industry, Science and Technology (INDU). This week, we began consideration of a draft report for a study on intellectual property and technology transfer. For more information on these meetings, visit the INDU Committee website at www.ourcommons.ca/Committees/en/INDU.

This week, I attended seven meetings and one event. I also taped a message for local radio. I will be back in the riding for the weekend to attend two events in the area. Look for my update next Friday on the happenings in Parliament.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

QUALITY SALES & SERVICE OF:

• DISTILLERS	• CHEMICAL-FREE IRON FILTERS
• SUBMERSIBLE PUMPS	• SOFTENERS
• SEPTIC & JET PUMPS	• CHLORINATION SYSTEMS
• PIPE, WIRE & FITTINGS	• MOBILE SHOCK CHLORINATION
• BOTTLE BUSTER (R.O. WATER COOLER)	• SEDIMENT, TASTE & ODOR FILTERS
• CHLORINE BLEACH, CHEMICALS & SALT	• REVERSE OSMOSIS FILTERS (R.O.'s)
• 3 MOBILE SERVICE VEHICLES	• HOT TUBS & JETTED TUBS
	• POOL & SPA FILTERS & CHEMICALS
	• FREE WATER ANALYSIS •

OUR WORKMANSHIP IS GUARANTEED!

The benefits and savings provided by Elite conditioned water will make a wonderful difference in your life.

“MEET THE CANDIDATES” LAC STE. ANNE COUNTY 2017 ELECTION

BIO FOR MEL FUNDYTUS DIVISION 2

My name is Mel Fundytus and I am seeking a seat on Lac Ste. Anne County Council, Division 2

I am married with 2 children and 3 grandchildren. I have lived all of my adult life in rural Alberta, First in Sturgeon County and now in Lac Ste. Anne County

I have owned and managed my own businesses since 1989, as well as coaching and volunteering on various boards. I have also been involved with negotiating contracts, organizing personnel, developing, and implementing projects to completion.

Over the last number of years I have seen and been involved with a number of things that disappoint and concern me greatly. I am very tired of getting a different answer for the same question. As a ratepayer we see and experience things that are out of our control. Council should no longer be making decisions without actively listening to, or ignoring the very source that matters.

Lac Ste. Anne County Council should be:

- Listening to the concerns and needs of residences and ratepayers.
- Obtaining complete and accurate information from other sources before making a decision.
- Asking the right questions and more importantly, listening to the answers.
- Developing good clear policies and directions so council’s employee, “The Chief Administration Officer”, can use these tools to direct the many good people within the administration and employees of

this County.

We as a County, through the better leadership of council, have to create change for fairness and prosperity. As we see more and more people moving to this County seeking a rural lifestyle, we have to create and implement plans to give everyone a quality of life, for both Division 2 and for Lac Ste. Anne County without increasing taxes.

- We have to attract businesses to come here
 - We have to make this County a desirable place to live. Transparency and Consistency Fairness and Accountability
 - We have to sustain or improve conditions for agriculture.
 - We have to attract Industry to locate here.
- We must Spend Less and Spend Smarter
- We have to Manage and reduce the huge debt
 - We require Better Infrastructure
 - We need to Improve Services
 - We need Less Rules and Regula-

tions

This is a huge undertaking and I believe I can help do this.

I am in a position to devote the time required to work hard for the Ratepayers and, along with the rest of Council, help Lac Ste. Anne County grow, change, and become a better place for all concerned.

Transparency and Consistency Is the Start Towards Fairness and Accountability

My short term goal is to meet as many of Division 2 residents as I can. I will also be respecting your privacy and not entering a property with a closed gate, but will leave my literature if possible.

My long term goal, if elected, is to pursue change.

Feel free to contact me with your concerns:

Email: melfundytus@gmail.com
Phone: 780-937-5440

Please help me - help you. Come vote on October 16, 2017

Vote for: Fundytus, Mel

BIO FOR CORINNE FETH NOMINEE SCHOOL TRUSTEE WARD 1

My name is Corinne Feth and I am here to ask you to let me serve as your Ward 1 Northern gateway Trustee. I was raised in Onoway and graduated from Onoway High School in 1984. I have two boys who also attended Onoway school. Like all of you, I have a great interest in the success of our school district.

A key issue for school boards is to create a long-term vision, that provides the essential opportunities

students need to reach their full potential. I believe that northern gateways has amazing teachers and staff working with your children. Education takes place in the classroom and the boards efforts must focus on enhancing and enriching what goes on there.

As a school board we must be receptive and responsive to students, parents ,staff and the community at large. As a trustee I promise to be accessible and willing to take input

from all groups and weigh all the facts before making decisions.

I know I will have a lot to learn and become familiar with Division policies and procedures and to Stay current with educational issues and trends. I like to thank you all for coming out and take the time to get to learn about your future Trustees.

BIO FOR TERRY NELSON DIVISION 6

includes previous municipal government experience, 4-H Clubs, and President of the Mayerthorpe Legion. Currently, I co-manage a multi-generational farm with my son, Jeff.

We need to make substantial changes to meet the challenges of our future. My hope is to wisely manage our growth in Lac Ste Anne by:

- Bringing democracy back to the municipal level where resident’s ideas and concerns are heard and listened to. One example would be

to reinstate the Divisional Ratepayer and Annual County Ratepayer meetings.

- Taking back control of the decision-making process.
- Dialoguing and improving intra-municipal cooperation within the county. The past history of confrontation and posturing must stop.

We need to address infrastructure concerns; i.e. road conditions and maintenance, overhead costs and redundancy in personnel positions. We need to seek out advice from experts who are available to us rather

than hiring consultants. In short, we need the county to work harder and smarter.

Council must take the lead and earn back the trust of our residents by openness and clarity. I intend to work hard to meet these goals. I will endeavor to be a strong voice on County Council and for Division 6.

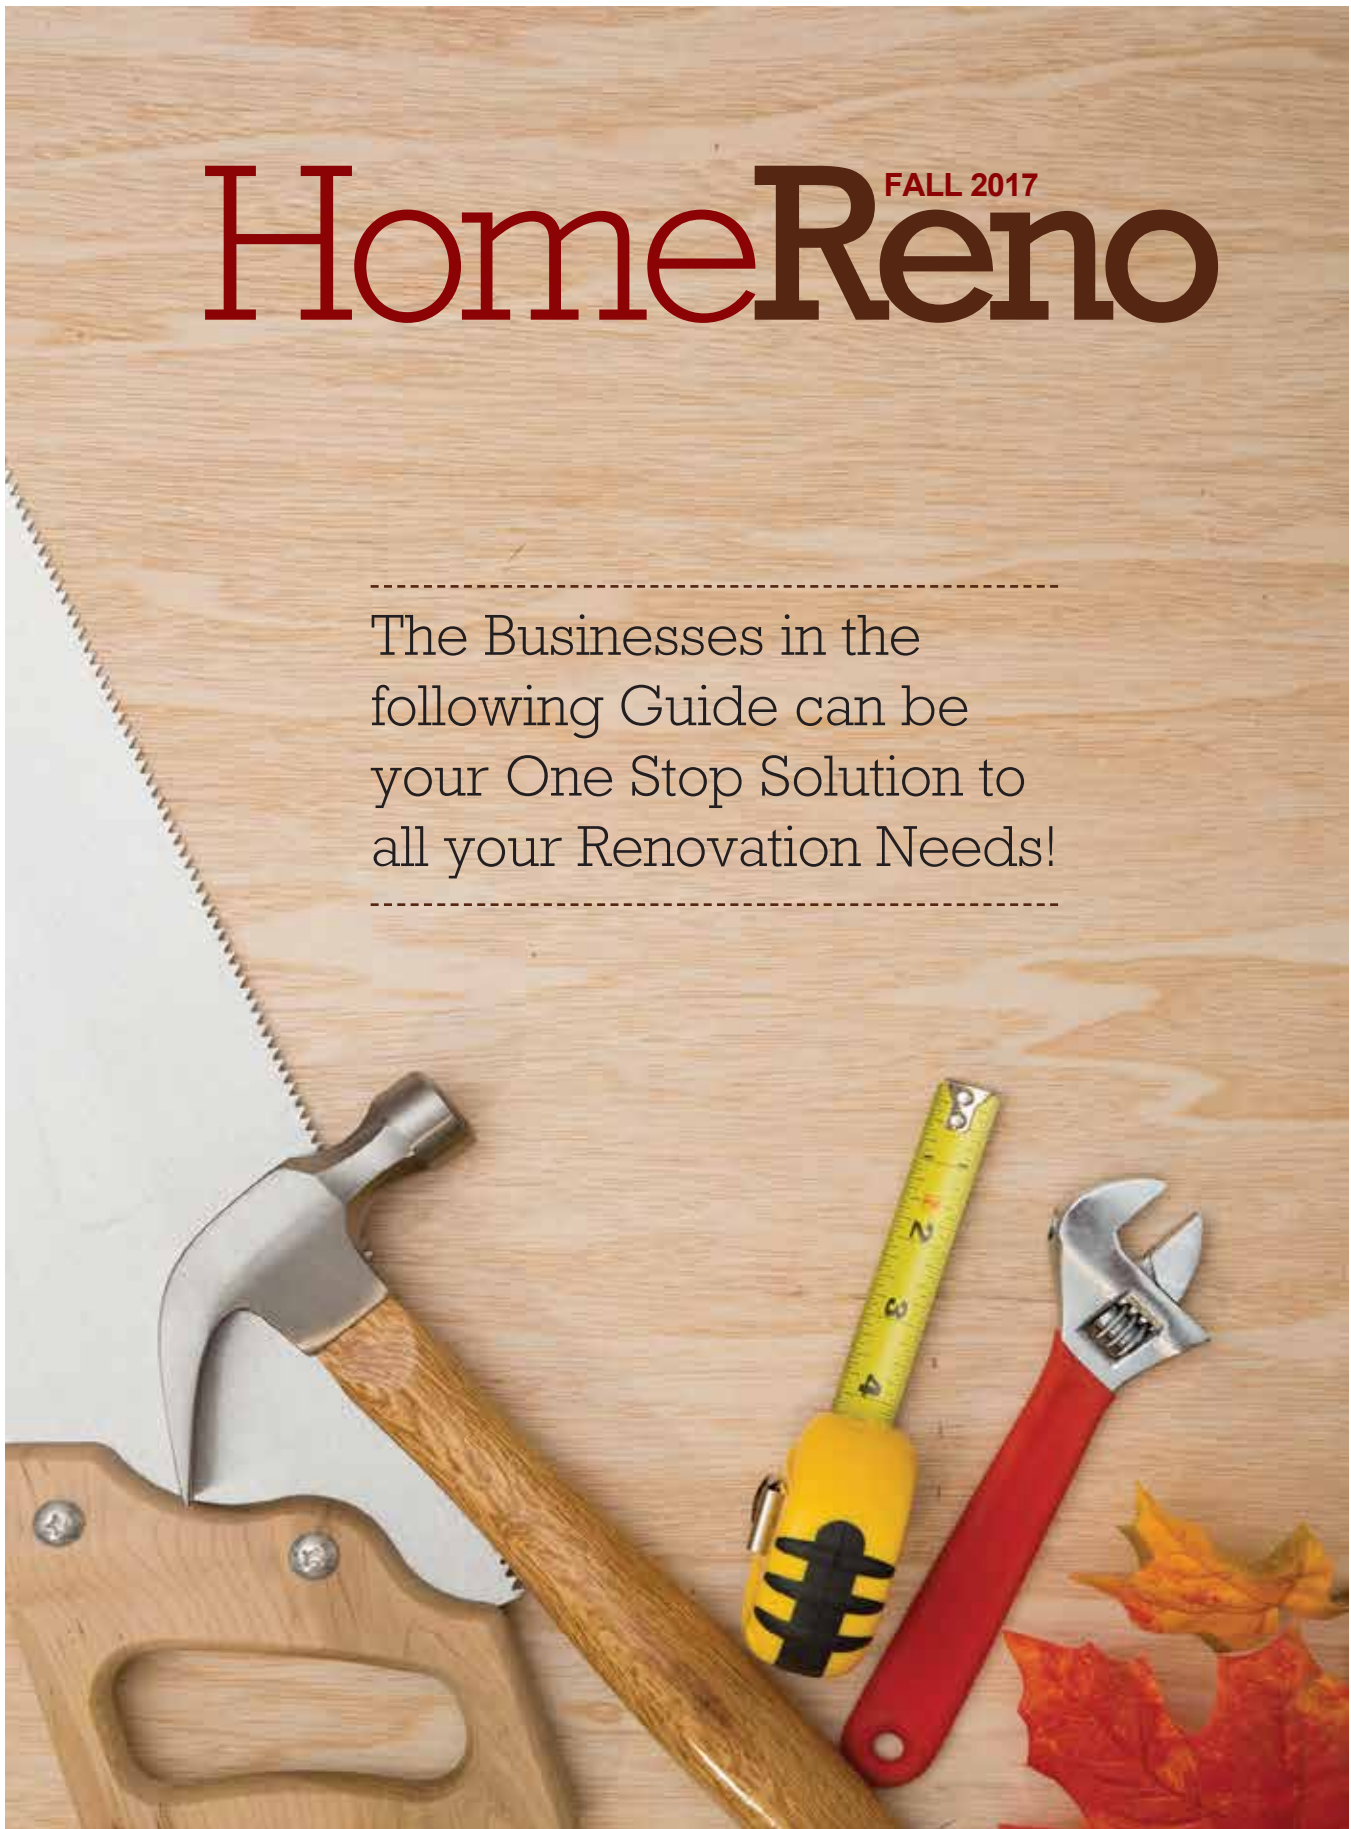

I appreciate your consideration, but more importantly, I urge you to vote and be part of the democratic process.

Thank you.

I have been an active community-minded resident of Lac Ste Anne all of my life. This involvement

SIMPLIFY PAVING STONE INSTALLATION

Paving stones can add beauty to walkways, driveways and backyard patios, providing that eye-catching finishing touch to a property while enhancing its curb appeal.

Even though the installation of pavers can be a labor-intensive process, with the right tools and tips, this can be a do-it-yourself project for homeowners with renovation experience. Consider these tricks and how-to tips courtesy of The Home Depot, DIY Network and Unilock.

Get your supplies

To begin a paver project, homeowners will need to stock up on some supplies they may not already have at home. Marking paint, mason line, wooden stakes, leveling sand, paver base, and more will be required.

A manual tamper can be used. However, for larger areas, it can be worth the cost to rent a plate compactor.

Measure the area

The number of bags of sand, paver base and paving stones needed for the project depends on the size of the area. For example, according to the Home Depot, for 60 square feet, homeowners will need about 30 12 x 12-inch paver stones, 40 bags of paver base and 12 bags of paver leveling sand.

Spray or mark the area where the paving stones will be laid. Measure carefully so you can order exactly how many stones you will need. Have the materials delivered to reduce heavy lifting and trips to the store. Be sure to have all utility lines marked prior

to excavation to avoid damage.

Prepare the base carefully

One of the most important aspects of paver installation involves preparing the base. If you cut corners in this process, the finished results can be sloppy, weeds can grow through and/or stones may loosen.

It's essential to grade the area away from the house. That means that the highest point of the patio or walkway should be closest to the house and then the incline gradually flattens out as it moves away from the home. This allows proper water runoff. Mark the height on the stakes and adjust the mason line. Remember to slope the area away from your home with a drop-off of about one inch for every 8 feet.

The base of many DIY applica-

tions should be between four and six inches deep. Work incrementally, raking and tamping until the base is firm. Lightly wetting the material can help it solidify.

Sand helps inhibit weed growth and anchor the pavers together. Plastic lining will not be practical.

Installation

Use edge restraints and a string line to keep the design straight. Do not hammer the pavers together. Paver sand will need to be swept over and settled between the stones to help set them in place.

It helps to read tutorials and watch videos on paving stone installation prior to beginning the project. With practice, the installation will go more smoothly.

PREPARING YOUR FIREPLACE OR STOVE FOR THE SEASON

Fireplaces and wood-burning stoves not only can be beautiful focal points within a home, but they also provide an additional

source of heat and can be used to keep rooms or entire homes comfortable without the need for additional and potentially costly

heating sources.

Just like more modern home heating systems, stoves and fireplaces need to be maintained, and that maintenance includes readying them before winter when they are used more heavily. Ensuring a fireplace or stove is in good working order helps to guarantee efficiency of use and safety during the winter months.

Open-flame heating sources carry with them certain risks. The National Fire Protection Association states that, between 2009-2013, American fire departments responded to 56,000 home structure fires that involved heating equipment. The NFPA notes that the leading fac-

tor contributing to home-heating fires is a failure to keep things clean, principally from solid-fueled heating equipment. The following are a handful of ways to stay safe as you get ready for another cozy season around the fire.

- Start with the chimney. Begin by having your chimney thoroughly cleaned and inspected. Creosote can build up inside of the chimney. Creosote is highly flammable and becomes more difficult and expensive to clean the longer it builds up inside your flue lining. In addition, animals may have created nest inside of the chimney since the last time the fireplace was

Preparing Your Fireplace Or Stove For The Season

used. A professional chimney sweep should be hired in this situation. He or she will be able to effectively clean the chimney in a manner that is the least messy and disruptive to residents.

- Install or check smoke and carbon monoxide detectors. Operational alarms are essential to preventing injury or death resulting from smoke or carbon monoxide inhalation. Such detectors are inexpensive safeguards that should be installed on every floor of the house. Batteries should be replaced every six months, and the alarms themselves should be changed every five to 10 years.

- Inspect the chimney from outdoors as well. Inspect the mortar around any bricks in the chimney and surrounding

areas for cracks. If left unaddressed, these can cause dangerous fires. If there are serious cracks, a professional may need to make repairs or the chimney may need to be replaced. You also can have the chimney capped with a screen to keep animals and debris from entering.

- Inspect the damper. A damper is a valve or plate that stops or regulates the flow of air inside a chimney. It should be checked prior to the first use of a stove or fireplace so homeowners can be certain it opens and closes smoothly.

- Clear out flammable items. Move flammable items away from the front of a fireplace or stove. Be sure curtains or other home furnishings are far enough away that they will not

catch fire from any errant sparks or flames.

- Order wood now. Be sure there is plenty of wood for the season. Ask a wood supplier to estimate just how much will be needed, and double-check

that the wood will arrive in time for the start of the season.

By preparing for fireplace and wood stove use now, homeowners can ensure their winters are comfortable and safe.

CORRAL ENTRYWAY CLUTTER

The entryway to a home is the first thing guests experience when coming inside. It also can be the first place residents drop their belongings after long days at school or work. As a result, entryways can quickly be consumed by clutter. Taming such messes takes a mixture

of ingenuity and planning. Homeowners hoping to clear their entryways of clutter must first decide what they want to get out of the space. Will it simply be a decorative spot with photos and other home decor on display? Or is functionality the primary goal?

Once that decision has been made, take inventory of which items, such as shoes, keys, umbrellas or coats, need to be in the area, which don't (i.e., old mail). To make things more organized, rearrange the former while removing the latter.

Next it is time to assess storage needs and what's already available. User-friendly storage items may need to be purchased to make the room as functional as possible. The following ideas also can help bring order to the space.

- Create a command center. Create a central location where items are neat, orderly and within reach. Use a bulletin board, dry-erase calendar or something that can house schedules and important notices. Hooks can hold keys, chargers and more.

- Keep it covered. Covered bins can serve as a seating area and also a place to store shoes, hats and scarves.

- Create cabinet space. Store items in cabinets so they are organized but out of sight. This way belongings are not just left on an entryway table.

- Create another drop zone. If the entryway is too small to serve its purpose, outfit another room or area that also can do the job. This can be a laundry room or mudroom area. Install shelves, a bench, cabinets and hooks. Just be sure this space is close enough to the entryway to make it useful.

- Go vertical. An easy way to keep things neater is to remove items from the floor and embrace vertical storage. Shoe racks, hooks for purses and a cabinet for coats may do the trick.

Clutter can accumulate in entryways. But some simple adjustments can quickly revamp the space to make it neater and much more functional.

FALL LAWN CARE TIPS

Spring and summer may be the seasons most often associated with landscaping and lawn care, but tending to lawns and gardens is a year-round job. If lawn and garden responsibilities dip considerably in winter, then fall is the last significant chance before the new year that homeowners will have to address the landscaping around their homes.

Fall lawn care differs from spring and summer lawn care, even if the warm temperatures of summer linger into autumn. Homeowners who want their lawns to thrive year-round can take advantage of the welcoming weather of fall to address any existing or potential issues.

- Keep mowing, but adjust how you mow. It's important that homeowners continue to mow their lawns so long as grass is growing. But as fall transitions into winter, lower the blades so the grass is cut shorter while remaining mindful that no blade of grass should ever be trimmed by more than one-third. Lowering the blades will allow more sunlight to reach the grass in the months ahead.

- Remove leaves as they fall. Much like apple-picking and foliage, raking leaves is synonymous with fall. Some homeowners may wait to pick up a rake until all of the trees on their properties are bare. However, allowing fallen leaves to sit on the ground for extended periods of time can have an adverse effect on grass. Leaves left to sit on the lawn may ultimately suffocate the grass by forming an impenetrable wall that deprives the lawn of sunlight and oxygen. The result is dead grass and possibly even fungal disease. Leaves may not need to be raked every day, but homeowners should periodically rake and remove leaves from their grass, even if there are plenty left to fall still hanging on the trees.

- Repair bald spots. Summer exacts a toll on lawns in various ways, and even homeowners with green thumbs may end up with a lawn filled with bald spots come September. Autumn is a great time

to repair these bald spots. Lawn repair mixes like Scotts' PatchMaster contain mulch, seed and fertilizer to repair bald spots, which can begin to recover in as little as seven days. Before applying such products, remove dead grass and loosen the top few inches of soil. Follow any additional manufacturer instructions as well.

- Aerate the turf. Aerating reduces soil compacting, facilitating the delivery of fertilizer and water to a lawn's roots. While many homeowners, and particularly those who take pride in tending to their own lawns, can successfully aerate their own turf, it's best to first have soil tested so you know which amendments to add after the ground

has been aerated. Gardening centers and home improvement stores sell soil testing kits that measure the pH of soil, but homeowners who want to test for nutrients or heavy metals in their soil may need to send their samples to a lab for further testing.

Fall lawn care provides a great reason to spend some time in the yard before the arrival of winter.

4 SIMPLE WAYS TO WINTERIZE YOUR HOME

Trimming hanging branches and removing debris from their yards is one simple way homeowners can prepare their properties for winter.

As winter approaches, homeowners know they must do certain things to ready their homes for the coming months. Wrapping up the grill and closing the pool are no-brainers, but homeowners also must prioritize winterizing their

homes to ensure homes withstand the winter.

Winterizing tasks range from small to big, but each can protect a home and its inhabitants and some can even save homeowners a substantial amount of money. The following are four simple ways to winterize your home.

1. Plug leaks
Leaky windows and doorways

can cost homeowners money year-round, allowing cold air to escape on hot summer afternoons and letting cold air in on brisk winter nights. When such leaks aren't fixed, homeowners are more liable to turn up their air conditioners or heaters, unnecessarily padding their energy bills along the way. Before winter arrives, check areas around windows and door frames

for leaks, as well as any additional openings, such as chimneys, that may allow cold air in. Use caulk or weather strips to plug these leaks, and enjoy your warmer home and lower energy bills as winter weather gets colder and colder.

2. Inspect your chimney

If your home has a chimney, chances are you have not used it since last winter. During that time, the chimney has likely accumulated some dirt and grime, and may even have served as home to some uninvited critters. As the season for fireside chats approaches, have your chimney serviced by a professional so it's ready for use and you are not greeted by some unwanted guests upon lighting your first fire.

3. Clear the yard

Autumn days, particularly late autumn days, can be gusty, and strong winds can cause branches to fall off trees. Branches big and small can cause damage to cars, siding and roofs, and smaller branches can get clogged in gutters, potentially causing gutters to back up and leading to leaky roofs that damage a home's interior. Take a walk around your property at least once per week during the fall, clearing any fallen limbs and trimming branches that appear one strong gust away from falling off of trees. Remove any branches that are hanging over your home and driveway so they don't pose a threat to your house or vehicles.

4. Turn off outdoor water supplies

When temperatures get especially low, pipes with water still in them can freeze and burst, potentially leading to significant water damage. When you no longer need to water the lawn and when temperatures get too cold to wash your car in the driveway, be sure to shut off the water supply to outdoor spigots and sprinkler systems. Once you do that, drain them so no water is sitting in the pipes when temperatures dip.

There are many ways to winterize a home, and homeowners should take every precaution necessary to ensure their homes are safe and warm as the cold weather season approaches.

EXTERIOR PAINTING POINTERS

A fresh coat of paint on a home's exterior can give a property a vibrant new look. Whether you decide to go with a bold new color or repaint a house in an existing color, new paint can add some life to the exterior of your home.

Summer has long been considered the ideal season to paint home exteriors, but advancements in technology have made it easier to paint home exteriors later in the year. According to paint manufacturer Sherwin-Williams, traditional latex-based paints need temperatures above 60 F to cure properly. Sherwin-Williams also notes that one of the more common mistakes homeowners make when painting their homes' exteriors is to paint during times of the year when temperatures fluctuate greatly between the days and nights. When night-

time temperatures dip considerably lower than they were in the afternoon, dew will form and the paint can stop coalescing. When that happens, moisture gets into the uncured paint and surface staining and adhesion problems may result. So even if the temperature is a comfortable 60 F during the day, homeowners should avoid painting if the nighttime temperatures figure to drop considerably.

In addition to choosing the right time of year to paint, consider the following painting pointers to ensure your home's exterior gets the fresh look you are aiming for.

- Monitor weather reports. It's not just the temperature at night after you paint that should be monitored. Sherwin-Williams advises that the temperature should be in the suggested range and above the dew point for at

least 48 hours after application so the paint film can form properly. So applying a fresh coat of paint on a beautiful autumn Saturday is not ideal if Sunday figures to bring the first hints of winter.

- Don't skimp on quality. Some paints are cost more than others, and homeowners working on a budget may be tempted to choose the least expensive option available. While price and quality are two different things, it's important that homeowners avoid choosing a paint solely because it is the least expensive option. Research paints before buying a particular one, emphasizing quality over cost. Today's paints last longer than the paints of yesteryear, so you likely won't need to paint your home's exterior again for a long time. A budget-friendly yet low-quality paint will not only make your home less ap-

pealing, but you will likely need to paint again sooner than you will if you go with a higher quality paint.

- Don't paint to cover up a problem. Rotting wood or siding is unsightly, and some homeowners think paint can cover up such a problem. But paint will not stick to rotten wood and siding, and the problem will still be noticeable after you paint. A fresh coat of paint is not the solution to rotten wood or siding. Consult a professional contractor if your home is experiencing such a problem.

A fresh coat of paint on your home's exterior can be a great way to improve your home's curb appeal. But it's important homeowners follow some of the same rules the pros adhere to when painting the exteriors of their homes.

BRAD (780) 699-1880

“MEET THE CANDIDATES” LAC STE. ANNY COUNTY 2017 ELECTION

BIO FOR AMY PAS DIVISION 7

My name is Amy Pas. I was born and raised in the Mayerthorpe area. A strong work ethic was instilled in me at an early age. I graduated high school, attended college and I am a red seal journeyman. I am a long term resident of Lac Ste. Anne county and have lived in this electoral division for the past 13 years. I have owned my own business and had the pleasure

of working for others in various locations (Jasper, Whitecourt and Mayerthorpe). My volunteer experience includes School Council-5yrs, School Hot Lunch Co-Coordinator-5yrs and Mayerthorpe Curling Club Executive-6yrs. In addition I enjoy helping with a host of children’s activities such as 4H beef and junior curling to name a few.

My family runs a 120 cow dairy farm including a small beef herd. We are proud to be raising our four children in a rural agricultural setting. They will be the third generation of Pas Cattle Company. Agriculture is our livelihood and we believe in maintaining an ethical, responsible and sustainable operation.

We have a vested interest in our county so attracting and retaining residents is paramount. When families settle in our

county the economy is stimulated.

I have a keen interest in understanding municipal government and will do my research. I will work hard to ensure the voice of my constituents is heard in council chambers.

I believe that keeping the family farm alive is the key to feeding world and sustaining the economies of small town Alberta. Keeping prime agricultural land available to farmers is one way to achieve and sustain a good agricultural base.

With such a diverse county we need to listen to all residents/land owners. Maintaining a good balance between acreage, residential, industrial and agricultural issues are paramount to making our county flourish.

With 78% of county income coming from Municipal tax-

ation, finding new ways to make this go further is absolutely necessary.

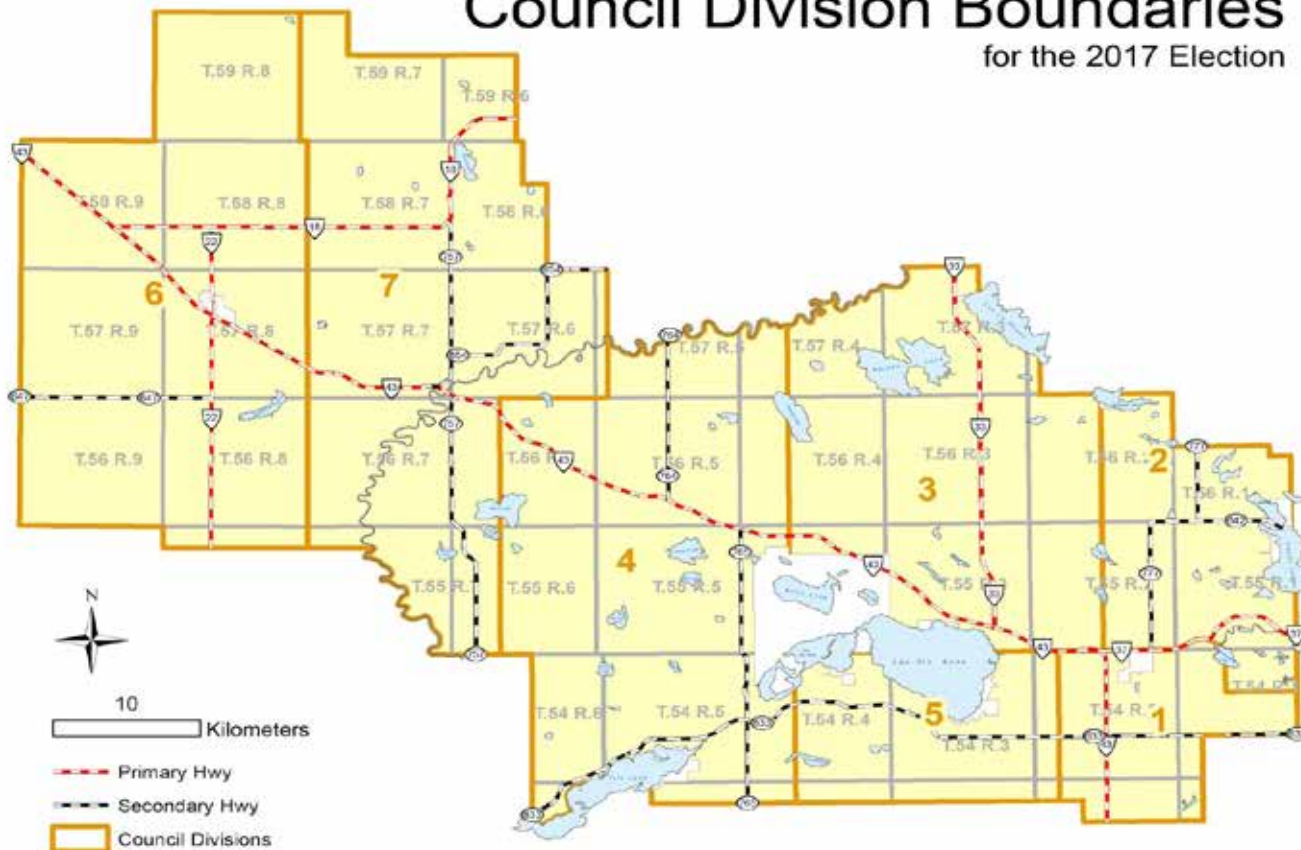

Public Works (Roads and Utilities) make up 45% of the county expenses. Finding better ways to cost effectively maintain our infrastructure is something I believe we need to look at.

I see a great county with a lot of potential. Let’s use what we have effectively and find ways to stimulate Lac Ste. Anne economy.

For integrity, accountability and family focused leadership vote Amy Pas for Lac Ste. Anne Division 7!

GREETINGS FROM THE ONOWAY LEGION

Submitted by Lorinda McCool | Onoway Royal Canadian Legion

Monday September 18, 2017

I don't know what kind of sign this is but there were several large flocks of Sandhill Cranes making their trip out of Alberta today. The pine siskins are eating like crazy and even though the hummingbirds are gone, fresh nectar is still in the feeders in case of weary and hungry travellers heading south.

Early winter???

It is so exciting to see the improvements to the front entrance made possible by the donations from our Corporate Sponsors. The new doors and handi-cap ramp will make access to the Legion so much more convenient. When the steps arrive and the landscaping is completed we will only be waiting on installation of the updated cenotaph to finish the current renovations. Next on the list...the bar.

Speaking of Corporate Sponsors,

Norm Blakeman's Drilling Ltd., WJB Consulting and Wildwillow Enterprises Ltd. will be donating all of the steaks for the September 22nd Corporate Sponsored Supper. Bob Clark with Lorne Olsvik will be taking time from their respective campaigns and join their crew to barbeque, prepare and serve this supper as it is another corporate sponsored meal. As with all suppers, if you wish to secure your plate please phone 780-967-3640 before 3:00 pm on the date of the meal or the Legion at 780-967-5361 after 3:00 pm. Reservations are highly recommended, as this meal has always been sold out, and plates are limited to 100 at the price of \$17.00 per person.

Louise Bambrick and her crew of Joanne G., Neil G., new volunteer Rhonda Hollinshead, Pat St. H., Val O'T., Randy W., and Liane W. worked hard in the kitchen to prepare and serve the traditional Jigg's Dinner on September 8th. Terry S. and new volunteer Rod Rideout looked after bar as Louise was busy in the kitchen but huge thanks to Scott S. for taking over

when Rod had to leave due to illness. According to Louise, out of town Newfoundlanders especially enjoyed the meal! Thanks to Carol V. for selling meal tickets and congratulations to Bill Hodgson for winning the free meal voucher, Bernice Henry the meat draw and Pat St. Hilaire the 50/50 winner.

Darts have begun again and twenty four players showed up for the first night including Gloria Apperley, who has been absent for a while, and new member Don Fehr. The three dollar fee allows for two dollars to go to the dart club and one dollar to go into the fund that sends players to Legion dart tournaments. Drop-in darts and pool are a great way to meet friends and enjoy an evening out while competing in a friendly game. You do not need to be experienced as everyone is ready to help you if assistance is required. Snacks are potluck or you can order food from the bar. Please consider joining us for a fun dart night on Tuesday or pool night on Wednesday. Don't forget about the Friday suppers and while you are there, pick up

Greetings from the Onoway Legion

your new plastic laminated membership cards for the early bird price of \$45.00.

Monday September 25, 2017

Great news! We have a Corporate Sponsor for the Christmas in October Fundraiser. Thanks to TYSCHUK CONSTRUCTION LTD. all of the proceeds from meal sales on October 20th will go directly to The Lac Ste. Anne East Food Bank. Food and cash donations will also be accepted at the Legion and forwarded to the food bank after the meal. Bob Clark and Lorne Olsvik, assisted by their crew, will be preparing and serving this supper as it is a Corporate Sponsored Meal.

Crew leader Glo Jahelka along with Doug J., Neil G., Joanne G., Pat St. H., Louise B., Scott S., Kristina H. and Kyle H. prepared and served the Alice Spring Chicken Supper to a very appreciative crowd. Shannon Branconnier won the free meal voucher, Sheila Miller the meat draw and Val O'Toole took home the 50/50 draw.

Submitted by The Onoway Legion Social Committee: "Upcoming Events: October 27th – Friday night dinner, silent auction and horse races; November 11th – Remembrance Day ceremonies followed by light lunch and music; November 17th – Friday night dinner and horse races; December 3rd – Sunday evening choir with refreshments and treats; New Year's Eve – Celebration, DJ, dance, buffet and champagne; February 10th – Box Social dinner." Please mark these dates on your calendar and plan to attend some or all of the above entertaining events.

A presentation was given at the last General Meeting and the Legion is proud to support the following initiative: Submitted by Lisa Bakos, Communications Officer of Northern Gateway Public Schools: "Connecting STUDENTS to a Brighter Future! Give youth the skills, attitudes, values and beliefs they need to thrive through personal webs of support. We all have people who impact our lives for the better – people who along the course of our personal journeys have helped us along the way – coaches, pastors, mentors, family members and members of our community. These people are our anchors and we need them to thrive and succeed. Our kids need

those anchors too! Together, our anchors form our own personal web of supports to cushion our fall, point us in the right direction, advocate on our behalf or lift us back up when needed. Join us for this special community presentation with child/youth champion and advocate Derek Peterson as we learn how to foster resiliency and prepare our kids with the tools they need to develop their own personal village of supports on October 5, 2017 at the Onoway Jr/Sr High School. Doors open at 6:00 pm with the Presentation from 6:30 pm to 8:30 pm. Visit

<http://bit.ly/webofsupports> to register or contact Onoway Elementary School or Onoway Jr/Sr High School for more information!"

UPCOMING EVENTS:

September 26 – Fun Dart Night – Drop in darts. Registration from 6:45 to 7:15 pm. Play @ 7:30 pm. You do not need to be a member to play.

September 29 – Friday Night Supper – Homemade Lasagna and Garlic Toast presented by Sherry Brown and Crew

October 2 – General Meeting beginning at 7:00 PM

October 6 – No Friday Night

Supper

October 7 – The Larry Miller Memorial Dart Tournament

The Legion phone number is 780-967-5361. Please contact Ted Latimer @ 780-967-4980 for hall rentals; Lorinda McCool @ 780-967-3640 to reserve your plate for the Friday Night Supper or to place information in the Legion newsletter; Cheryl Sadler @ 780-967-4146 for membership; Joanne Gorman @ 780-960-4160 to volunteer in the kitchen; Neil Gorman @ 780-960-4160 for sports. See you at the Onoway Legion and have a great week!

STUDENT OPPORTUNITIES OFFERED AT OJSH

Submitted by Wanda Pederson | Onoway Junior Senior High School

NGPS arranged for a variety of one or two-week 'boot camps' that were held in Whitecourt over the summer. The boot camps focussed on a variety of trades. The camps were open to students in Grade 9 to 12 from anywhere in the division.

OJSH student Jacob Tracy, who is in Grade 12 this year, attended one such boot camp in July. Ja-

cob attended the two-week construction camp. Jacob said the instructors gave a comprehensive introduction into the trade and attendees learned basics such as framing, roofing, window installations and how to construct a floor properly.

Jacob said that the course was quite interesting and it definitely piqued his interest in entering the trades after graduation. He also said that he can recommend the boot camps for interested students as the camps give participants a

better understanding of what the trades are actually about.

OJSH also offers other career opportunities for students to take advantage of throughout the school year.

One program for students interested in the trades is RAP. The Registered Apprenticeship Program is set up to allow students to be both full-time students and registered apprentices, dividing their time between an approved work site and their high school studies. The time a RAP student

spends at school and on the work site can be quite flexible since the student, school and employer jointly agree on a suitable schedule. The RAP apprenticeship ends when the RAP apprentice finishes high school. The RAP apprentice is then automatically registered as a regular apprentice and the credit earned while in the RAP program is applied to his or her apprenticeship through the Alberta apprenticeship program.

Last school year, OJSH had five students graduate with their RAP apprenticeship in welding, heavy duty mechanic technician, and cooking. For more information, please contact Ms. Shawna Swerda at 780-967-5518 (Outreach).

Another opportunity that many students find valuable is the Green Certificate agricultural training program. The Green Certificate program uses an apprenticeship style of delivery in which students learn by being in the barn, field or corral. Students are paired with knowledgeable trainers.

The Green Certificate is an approved complimentary program of study available to all Alberta high schools. Becoming a competent farm production technician (completing a Level I Green Certificate) requires taking three courses and upon completion, receiving 16 credits.

The Program provides trainees with opportunities to enter a variety of agriculture-related, structured learning pathways as a part of their senior high school program, and to earn a credential leading to a career in agribusiness.

The Green Certificate Program currently consists of eight specializations: cow calf beef production, dairy production, feedlot beef production, field crop production, irrigated field crop production, sheep production, swine production, beekeeper production, equine production, and greenhouse production.

Since last school year we have eight students enrolled in the Green Certificate Program. For more information, please call Ms. Lisa Dundas at the school: 780-967-2271.

OJSH HOLDS ASSEMBLY AND HOT DOG LUNCH

Submitted by Wanda Pederson | Onoway Junior Senior High School

On Friday, September 15th, students and staff were called to the gymnasium just before the lunch break for the school year's first Assembly. Our new mascot, Ojshee – pronounced Aw-shee – took to the front stage as Principal Lobo introduced him to the students. Mr. Lobo also introduced Mr. Ryan Siemens, one of two new teachers this year, bringing him up on stage. Once introductions were over, Mr. Lobo gave a brief overview of school activities and clubs that students can participate in, as well as encouraging students to participate in the Student Council elections coming up later this month for class representatives. Although it was not a long assembly, it was a loud, happy and enthusiastic one!

After the assembly, students and staff streamed out of the gym to see long lunch tables specially set up in the spacious, sun-lit foyer. Everyone was eager to eat their "Welcome Back" hot dog lunch. The "cost" for a hot dog, chips and a drink was a donation to the food bank or a loony donation to the Red Cross hurricane and fire relief funds. A big thank you goes to the Kitchen Café manager Mr. Murray Galliford and his staff for setting-up and preparing for the hot dog lunch and to the Student Council which organized and helped serve the lunch to students and staff.

The Hot Dog Lunch raised almost \$400.00 that will be donated to the Red Cross fund for their wild fire

and the hurricane relief efforts. In addition, about 30 lbs. of non-perishable food was donated by students and will be given to the local food bank.

It was an exciting and fun way for students to finish off the first full week of school and, as well, help the wider community by donating loonies and food.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

4	9	1	3	7	5	2	8	6
8	3	5	4	2	6	1	7	9
7	8	2	8	1	9	5	4	3
6	5	9	2	8	1	4	3	7
3	1	4	9	5	7	6	2	8
2	8	7	6	3	4	9	5	1
5	4	6	7	9	8	3	1	2
9	7	3	1	4	2	8	6	5
1	2	8	5	6	3	7	9	4

	9		3	7		2		6
8				2		1	7	
7				1		5		3
						4		7
	1			5	7		2	8
2				3	4	9		1
	4	6		9				
		3	1				6	
		8			3	7	9	4

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

BILL HEGY: a proven, effective leader for Division 2 taxpayers.

LET'S CONTINUE THE MOMENTUM

As a County resident for more than 40 years, I share your love for our region, and I have a vested interest in shaping its future while safeguarding its heritage.

In my past term as Mayor and Councillor for Division 2, the County has progressed dramatically. We've helped foster more progressive yet practical environmental protections. We've implemented a sustainable road improvement strategy. Perhaps most importantly, I've introduced informed, constructive Council-based decision processes designed to get things done.

Under my watch, County Council has moved forward in a very positive, progressive manner. I'd like to invest my next four years in continuing this momentum, and I'd like to ask for your support to allow me to do so.

As your Division 2 candidate, I pledge to dedicate the next four years to working hard on behalf of my constituents. Up to the election, I plan to visit homes across Division 2 to discuss my track record, my qualifications, and my vision for a better County.

COUNCIL'S 4 YEARS OF PROGRESS

- Residential tax rates maintained below the average of similar counties
- Policies that vastly improve the quality of budgets, and that enhance Council and public engagement in the process
- A ten-year Capital Infrastructure Plan that gives Council a long range look at infrastructure priorities and planning
- Policies to preserve agriculture lands
- Increased public engagement through open houses on budget and key issues
- Rekindled relationships with our urban neighbours, including completing IDPs and working on pending required ICFs
- Significant improvements to land use development process, including time limitations on repetitive applications

A PRACTICAL PLAN FOR THE FUTURE

- Continued protection and restoration initiatives for riparian areas to help safeguard the health and beauty of our region for generations to come
- A long-term master plan that supports diverse agri-business, and that helps preserve agricultural lands to keep youth on the land and in the industry
- Exploring the feasibility of developing an agriculture-based commercial park
- Continued work on Intermunicipal Collaborative Frameworks with our neighbours to develop projects and agreements of mutual benefit
