FIRE PREVENTION WEEK: PLANNING TWO WAYS OUT COULD SAVE YOUR LIFE

Submitted by Megan Candie, Communications Coordinator | Leduc County

In a fire, seconds can mean the difference between residents in our community escaping safely or having their lives end in tragedy.

This Fire Prevention Week, running from Oct. 8 to 14, Leduc County is supporting the National Fire Protection Association's message encouraging residents to plan two escape routes from

their home to be used in the event of a fire.

It is critical that home escape planning is done proactively, because in a typical house fire, residents may have as little as one-to-two minutes to escape safely from the time the smoke alarm sounds.

"Leduc County Fire Services encourages residents to develop and practice a home escape plan, to help ensure all members of the family know how to respond when a fire alarm sounds. Prac-

tising various escape routes will help ensure families make it to safety." - David Brooks, deputy fire chief of operations and support services

A home escape plan is a map of the home, showing all doors and windows, with at least two escape routes from each room with a clear path to an outside meeting place that is a safe distance from the home.

CALMAR DISTRICT FIRE STATION NOW UNDER CONSTRUCTION

Submitted by Megan Candie, Communications Coordinator | Leduc County

Sept. 28, 2017

Construction kicked off this week for the new \$3.5-million fire station to serve the Calmar Fire District for the next 40-plus years.

"The Calmar District Fire Sta-

tion will be a vital asset to citizens in and around the Calmar Fire District today and well into the future. We look forward to the enhancements this will bring to our fire service and our communities." - Mayor John Whaley

The hall, expected to open in the second quarter of 2018, will feature five double-depth bays -- roughly double the size of

the current station -- and will be home to firefighters and apparatus responding in the Calmar Fire District and beyond.

"The Calmar Fire District is the most centralized district in Leduc County, making it the ideal location to house specialized equipment which respond across the county.

Fire Prevention Week: Planning Two Ways Out Could Save Your Life

Continued From Page 1

To ensure all occupants are alerted to a fire, homeowners are reminded to ensure a working smoke alarm is located on every level of the home and in every bedroom.

NFPA and Leduc County Fire Services offer these additional tips and recommendations for developing and practising a home escape plan:

- Draw a map of your home with all members of your household, marking two exits from each room and a path to the outside from each exit.
- Practice your home fire drill twice a year; conduct one at night and one during the day with everyone in your home, and practice using different ways out.
- Teach children how to escape

on their own in case you can't help them.

- Make sure the number of your home is clearly marked and easy for the fire department to find.
- Close doors behind you as you leave — this may slow the spread of smoke, heat and fire.
- Once you get outside, stay outside; never go back inside a burning building.

Upcoming open houses

Leduc County residents are invited to learn more about fire safety at two upcoming family-friendly open houses, which will feature a bouncy house for kids, tours of the fire station and trucks, and an opportunity to meet Sparky the fire safety mascot and district firefighters.

This will benefit all residents and businesses throughout Leduc County and the communities it services." - Fire Chief Darrell Fleming, Leduc County Fire Services

JOKE OF THE WEEK

Tom, Dick and Harry went to a party. After the party they returned to the hotel. The hotel was 600 stories high. Unfortunately for them, the elevator was not working. They made a plan for the first 200 stories, Tom will crack jokes. The second 200 stories Dick will tell a happy story and lastly Harry will tell a sad story. They then started up the steps. After 2 hours it was Harry's turn. He turned to the other two and said "Ok guys, here's my sad story. I forgot the keys downstairs."

Fire Prevention Week is October 8-14

Try these helpful tips to get you started with fire safety:

- Replace smoke alarm batteries at least once a year.
- Teach children that fire is a tool, not a toy.
- Replace old, worn or damaged appliance cords.
- Keep matches and lighters in a locked drawer or cabinet, away from small children.
- Test smoke alarms once a month.
- Plan two exits out of every room.
- Always make sure candles, matches and cigarettes are properly extinguished.
- If you believe fire may be outside the room, check the door and doorknob for heat before opening it.
- Practice fire drills at home and at school. Find the fastest, safest exit route.
- In the event of a fire, leave the house quickly and don't go back inside! Call for help from a neighbor's house.

These businesses proudly support our local fire department, and thank our firefighters for all that they do.

EDMONTON ATTACK: STATEMENT FROM MAYOR GREG KRISCHKE

Submitted by Nikki Booth, manager of Communication and Marketing Services | City of Leduc

Mayor Greg Krischke has issued the following statement after a suspected terrorist attack in Edmonton overnight:

"Last night's shocking events in Edmonton have left people in the region horrified and heart-broken. It has also rocked our sense of safety and security, leaving us feeling vulnerable and confused.

However, we are a region that bands together in good times and bad. Together we will rise up in the wake of these devastating incidents and show that the Edmonton region is not a place that tolerates hate at any level. We will not let our fear and confusion overshadow all that is good about the region that we live in. City of Leduc residents are here to support and comfort their fellow Edmontonians.

On behalf of City Council I want to send our thoughts and prayers to those injured and their loved ones. I also want to send our deepest gratitude to the first responders who worked tirelessly last night to apprehend the person responsible for this. We know that this would have been a very difficult night for them - having one of their own attacked and injured - but they rose above and beyond the call of duty to keep Edmonton and the surrounding region safe.

As we go forward, we will remain vigilant and work with our law enforcement agencies to keep our residents safe."

LOCAL ENFORCEMENT AGENCIES PARTNER TO EDUCATE PUBLIC ABOUT THEFT PREVENTION

Submitted by Mariann McLaughlin, Corporate Communications Officer | City of Leduc

Oct. 2, 2017 - Enforcement agencies in the Leduc region conducted a traffic stop Saturday as part of its anti-theft information campaign to prevent vehicle and licence plate thefts.

The traffic stop in the City of Leduc, on 50 Avenue between Alton Drive and Grant MacEwan Boule-

vard, provided police, peace officers and volunteers the opportunity to engage with the public about preventing vehicle thefts. In addition, personnel installed anti-theft licence plate screws to more than 250 vehicles at no cost.

"We've seen a 180-per-cent increase in vehicle thefts in the Leduc region compared to 2013 and so far in 2017, we've already surpassed the volume of vehicle thefts in 2016, with 334 reports of stolen vehicles.

It's important residents are informed so they can take the appropriate precautions." - Kevin Kunetzki, Leduc RCMP inspector

Participating enforcement agencies included Leduc County Enforcement Services, City of Leduc Enforcement Services and Leduc RCMP. Volunteers from Rural Crime Watch and Leduc Nighthawks also participated.

The anti-theft information campaign is a partnership between the

City of Leduc, Leduc County, Leduc RCMP, Leduc and District Victim Services, Rural Crime Watch, Leduc Nighthawks, Insurance Bureau of Canada and local vehicle dealerships.

Another traffic stop is planned for Oct. 14 from 1 to 4 p.m. at 50 Avenue between Alton Drive and Grant MacEwan Boulevard. All motorists are welcome to attend to have anti-theft licence plate screws installed at no cost.

DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources & in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.
