## LEDUC DRUG UNIT MAKES THIRD SIGNIFICANT DRUG BUST OF 2018

Submitted by Leduc RCMP

On Wednesday January 17, 2018 Leduc RCMP's Drug Unit laid several Criminal Code and Controlled Drugs & Substances Act charges as a result of search warrant. This is the third major drug bust by the Drug Unit in Leduc this year. Police executed a search warrant at a local residence seizing large amounts of methamphetamine and hashish. Police also found weapons, cash and other items related to the drug trade.

During the takedown 11 people were taken into custody. Six were released without charge and five are facing charges.

22 year old Allyssa BOULIANNE and 23 year old Steven BABYCH

are jointly charged with possession of methamphetamine and hashish for the purpose of trafficking, possession of property obtained by crime, and weapon offences.

18 year old Brandon MCGREGOR is facing 2 counts of trafficking methamphetamine.

28 year old John HEITZMAN has been charged with possession of methamphetamine.

28 year old Travis CARR, who was also wanted on a warrant for being unlawfully at large, faces a charge of possession of methamphetamine.

All five individuals will be appearing on various dates in Leduc Court. BABYCH, BOULIANNE and CARR remain in custody, HEITZ-

MAN and MCGREGOR have been released on conditions.

Leduc RCMP Operations NCO Staff Sergeant Chad ORR commented on the bust: "We have organized a unit of highly trained, and highly skilled drug investigators with a mandate to disrupt drug trafficking operations that attempt to set up shop in our community. The Drug Unit's overwhelming success not only keeps these dangerous substances out of the hands of the public but also makes a huge impact on other crimes. The drug subculture contributes to all crimes ranging from violent assaults to routine property crime and by removing major players involved in drug trafficking we can help prevent future crime across the board."

**JOKE OF THE WEEK**

Jim asked his friend, Tony, whether he had bought his wife anything for Valentine’s Day.

‘Yes,’ came the answer from Tony who was a bit of a chauvinist. ‘I’ve bought her a belt and a bag.’

‘That was very kind of you,’ Jim added. ‘I hope she appreciated the thought.’

Tony smiled as he replied, ‘So do I, and hopefully the vacuum cleaner will work better now.’

On Tuesday, I gave a statement in the House, congratulating Grande Cache on the sale of their steelmaking coal mine. The new owners plan to restart operations after the purchase closes later this spring.

On Thursday, I participated in debate by asking a question on Bill C-62, which deals with the collective bargaining process for civil servants.

On Friday, I participated in debate by speaking on M-148, which is a motion to establish National Impaired Driving Prevention Week in the third week of March each year; I

asked a question on Bill C-50, which changes the rules around cash-for-access political fundraisers; and, I gave a statement in the House on the Prime Minister's refusal to provide funding for injured veterans.

To read my comments on any of the above, visit the corresponding day's Hansard on the House Publications page at [www.ourcommons.ca/en](http://www.ourcommons.ca/en).

As announced earlier this week,

I have been named as a member of the Standing Committee Canadian Heritage (CHPC). For more information on these meetings, visit the CHPC Committee website at [www.ourcommons.ca/Committees/en/CHPC](http://www.ourcommons.ca/Committees/en/CHPC).

As CHPC did not sit on Thursday, I had the opportunity to attend the Standing Committee on Industry, Science and Technology (INDU) where we continued to hear witness-

es on the broadband study.

I also sat on the Standing Committee on Public Safety and National Security (SECU) on Tuesday, where we heard witnesses on Bill C-59 which overhauls our national security and intelligence agencies.

This week, I attended five meetings and two events. I will remain in Ottawa over the weekend. Look for my update next Friday on the happenings of Parliament.

# FUNDING AVAILABLE FOR ENERGY EFFICIENCY RESEARCH

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for Expression of Interest (EOI) under the Energy-Efficient Buildings RD&D Program.

The \$48.4 million program is provided through Natural Re-

- Accelerate development and adoption of technologies, design and construction
- Provide more cost-effective solutions

- Validate locally with real-world demonstrations
- Build confidence for adoption of updated codes

Only Canadian organizations are eligible and the repayable contribution is expected to range from \$250,000 to \$5 million per project. The deadline is February 21, 2018.

“Energy conservation is very im-

## PLANNING TRICKS THE PROFESSIONALS USE

Wedding planning can be an exciting undertaking, but couples who have already walked down the aisle can attest that wedding planning also can be stressful. Ensuring all of the details come out right can prove overwhelming at times.

Hiring a wedding planner is one way to alleviate some of the stress associated with wedding planning. Couples who do not have the money to hire wedding planner can borrow some of the tips and tricks professionals rely on when planning weddings.

**Make guests the first priority**

Even though it may seem like weddings should be geared around couples tying the knot, many wedding planners advise couples to focus on accommodating their guests. Having a handle on the number of people

who will be attending, any of their specific needs (allergies, mobility issues, etc.), providing a comfortable environment (addressing bugs, weather, seating shortages), and knowing how much space guests will require can make choosing a venue that much easier.

**Rent what you don't have**

Renting rather than purchasing items can save couples money. Wedding planners do not stockpile items such as tables, chairs and decorations. Instead, they rely on rental companies to provide what is necessary. According to Minneapolis-based professionals The Wedding Guys, even couples working with small budgets can enhance or elevate their weddings by working with rental companies.

**Flush out foliage**

Wedding planners know that flowers cost a great deal of money, especially flowers that are not native to the region where couples are getting married. The process of making arrangements can be time-consuming. Also, many flowers no longer produce strong scents because they're bred for longer stems and a lengthy vase life. Interspersing potted plants with arrangements that are lighter on blooms and heavier on filler can help cost-conscious couple stick to budget.

**Trust vendors' advice**

Wedding vendors tend to know one another and can be good sources of information. A wedding photographer, for example, may be able to tell couples which reception venues photograph particularly well, and a

reception manager may know which DJs or bands are best at getting guests on the dance floor.

**Negotiate before signing the contract**

Wedding planners understand that vendors may be more willing to offer perks or extras rather than adding up a la carte pricing before the contract is signed. This way they secure the reservation on good will. Negotiating for more later on may be difficult.

**Get organized**

Organization is key. Brides and grooms-to-be may want to enlist friends or relatives with a flair for organization to help with details.

Borrowing tricks from wedding planners can help couples save money and avoid stress.

# CALL FOR CONCEPTS – ORGANIZATIONS WORKING WITH VICTIMS OF GENDER-BASED VIOLENCE

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform local residents of funding opportunities available through a “call for concepts” for projects that support survivors of gender-based violence (GBV) and their families.

Some populations living in Canada experience disproportio-

tionate levels of violence and face challenges to accessing services. These populations include children and youth, Indigenous women, non-status/refugee/immigrant women, seniors, and women living in northern/rural communities.

“Gender-based violence continues to have devastating impacts on Canadian individuals, families and communities. The effects of such violence can be long-lasting and profoundly af-

fect many aspects of a person’s life,” stated MP Eglinski.

Through this call for concepts, targeted funding opportunities will be provided to organizations working in the GBV sector to support population-specific survivors and their families.

The deadline to submit a concept is 12:00 p.m. (PT), on March 1, 2018. Projects can be funded for a period of up to five years, and the maximum funding amount has been increased to \$1

million per project.

Organizations can submit an application to the call for concepts by visiting [www.women.gc.ca](http://www.women.gc.ca). The direct link is: [cfc-swc.gc.ca/fun-fin/cfc-adc/2018-1/index-en.html](http://cfc-swc.gc.ca/fun-fin/cfc-adc/2018-1/index-en.html)

“I encourage local organizations, including our women’s shelters, to make a submission for access to these funds,” concluded MP Eglinski.

# CALL FOR PROPOSALS – OPPORTUNITIES FUND FOR PERSONS WITH DISABILITIES

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform constituents of a Call for Proposals through Employment and Social Development Canada’s Opportunities Fund for Persons with Disabilities.

“People with disabilities are under-represented in the workforce, despite having much to offer their communities,” stated MP Eglinski. “This call for proposals provides an important opportunity to make sure that all residents in our riding of Yellowhead, regardless of their abilities, feel welcome in their workplaces and communities.”

There are two separate calls for

proposals:

1. The Skills and Employment Stream is local and offers funding for projects that provide people with disabilities with work experience and training to develop employment-related skills.

2. The Working with Employers Stream is national in scope and provides funding for projects that raise awareness and help employers create inclusive workplaces.

Both regional and national applicants can apply for the Skills and Employment Stream. National applicants can also apply for the Working with Employers Stream.

The fund supports a broad range of activities, including wage subsidies, skills development, self-employment assis-

tance, and employer awareness.

The deadline to submit proposals is Tuesday, March 6, 2018.

“I encourage all organizations interested in the program to apply for funding,” concluded MP

Eglinski.

For more information, visit: [www.canada.ca/en/employment-social-development/services/funding.html](http://www.canada.ca/en/employment-social-development/services/funding.html)

# VARIOUS FUNDING OPPORTUNITIES OPEN

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to make constituents aware of multiple funding opportunities for projects related to the environment.

On February 1, 2018, the Government of Canada announced an annual call for proposals for seven

existing environmental funding programs that will address conservation and water protection. The seven funding programs are:

1. Habitat Stewardship Program for Species at Risk
2. Aboriginal Fund for Species at Risk
3. EcoAction Community Funding Program
4. Environmental Damages Fund

5. Atlantic Ecosystems Fund
6. Great Lakes Protection Initiative
7. Lake Winnipeg Basin Program

Relevant to the Yellowhead riding, the Habitat for Stewardship Program (HSP) for Species at Risk aims to contribute to the recovery of endangered, threatened, and other species at risk, and to prevent other species from

becoming a conservation concern, by engaging Canadians in conservation. The optional Expressions of Interest are due February 23, and the deadline to apply for funding is March 19, 2018.

The Aboriginal Fund for Species at Risk supports the development of Indigenous capacity to participate actively in the implementation of the Species at Risk Act (SARA). The deadlines are the same as the HSP for Species at Risk, above.

The EcoAction Community Funding Program is available for new projects that engage Canadians and clearly demonstrate measurable, positive environmental results related to clean water or climate change. The deadline to apply is March 21, 2018.

The Environmental Damages Fund has two streams in Alberta. The first has \$170,000 available for the conservation and protection of fish and fish habitat. The second has \$200,000 available for projects that protect, conserve, or restore the environment. Preference for both streams will be given to projects in our North Saskatchewan River watershed. The deadline is February 23, 2018.

“I encourage all those interested in these programs, especially those along the North Saskatchewan River, to apply. Let’s ensure that our riding of Yellowhead continues to represent the best of Alberta’s beauty,” concluded MP Eglinski.

For more information and links to each funding program, visit the department’s website at [www.canada.ca/en/environment-climate-change.html](http://www.canada.ca/en/environment-climate-change.html).

# SUPPORT OUR VETERANS!

Submitted by Jim Eglinski, MP – Yellowhead

On February 2, Jim Eglinski, Member of Parliament for Yellowhead, gave the following statement in the House on the Prime Minister's refusal to keep his promise and provide funding for injured

veterans.  
He stated:  
"Mr. Speaker, last night at a town hall meeting in Edmonton the Prime Minister said his government is fighting some Canadian veterans in court because they are asking for more money than the federal government can afford.

Mr. Speaker, our veterans put their lives on the line to give Canadians the freedom we enjoy, whether it was World War I, II or any other conflicts our troops are sent into. If any of our Veterans are injured, resulting in a disability, we MUST ensure they continue to have a quality of life they so richly deserve.

If this Liberal government can spend 10 million dollars for Khadr and install a rink on Parliament Hill for 5.5 million dollars, then why are they treating our veterans so poorly?  
Remember, Mr. Speaker, they fought for us! We owe them!"

I also had the opportunity to sit on the Standing Committee on Industry, Science and Technology (INDU) where we continued

to hear witnesses for the study on broadband access in rural Canada. This was the last week of witnesses for the study, and I expect to see a finished report shortly. For more information on these meetings, visit the INDU Committee website at [www.ourcommons.ca/Committees/en/INDU](http://www.ourcommons.ca/Committees/en/INDU).  
This week, I attended eight meetings and six events. I will remain in Ottawa over the weekend to attend the Manning Networking Conference. Look for my update next Friday on the happenings of Parliament.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

5	4	3	7	8	6	1	2	9
1	7	9	2	3	4	8	5	6
8	2	8	5	9	1	4	7	3
7	8	2	3	5	9	6	4	1
3	1	5	6	4	7	2	9	8
9	6	4	8	1	2	5	3	7
8	9	1	4	2	3	7	6	5
4	3	6	1	7	5	9	8	2
2	5	7	9	6	8	3	1	4

5		3			6			9
			2		4			6
6					1	4		3
	8	2	3					1
3		5	6				9	8
9			8		2			7
	9			2				
			1			9	8	2
5		9	6			3	1	

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
