## ATTACK OF THE KILLER GRASSHOPPERS

Submitted by Wanda Pederson | Onoway Junior Senior High School

A science fair has gone terribly wrong at a high school near you! However, do not worry - it is all in the name of fun and enjoyment. Onoway Junior Senior High School is once again proud to present a highly entertaining musical comedy. This year, the play "Attack of the Killer Grasshoppers" promises to entertain and delight audiences.

More than twenty students under the direction of OJSH Art teacher, Mrs. Walker have been rehearsing lines and songs, creating imaginative backdrops and props, getting fitted for won-

derful costumes and having fun while doing so. Rehearsals have been going on since well before Christmas. In true team spirit, Math teacher Mr. Blount and Principal Lobo have helped with rehearsals when Mrs. Walker could not be there. Mrs. Walker says the preparation and rehearsals for the play have been lots of fun for her and the students.

The musical comedy is set to be presented on Saturday, March 10th at Onoway Junior Senior

High School. There will be an afternoon matinee at 2pm and an evening dinner theatre performance at 7 pm. Dinner will be served at 6 by Chef Murray Galliford and his crew with mocktails starting to be served at 5:30. During the intermissions, there may be some musical entertainment from OJSH's Band program.

Be sure to watch for updates to find ticket prices, dinner theatre prices, and menu selections.

# RIDING UPDATE – WEEK OF FEBRUARY 19, 2018

**Submitted by Jim Eglinski, MP – Yellowhead**

I spent most of the week travelling through the south and east end of the riding. I had meetings with students, business leaders, and members of municipal and provincial governments. I also attended another rural crime town hall.

On Monday, I spent the day at my Rocky Mountain House office.

On Tuesday, I drove to Olds where I attended MP Earl Dreeshen's town hall meeting

on rural crime in the area. This is an issue that affects rural properties throughout Alberta, which is why I have been active as a member of the Rural Crime Task Force. I have held public meetings across our own riding (i.e. Breton, Peers, Caroline) with residents, community leaders, and local RCMP. I will continue to work towards identifying the underlying issues and bridging the gaps to ensure the safety of our rural residents.

I spent Wednesday and Thursday in Drayton Valley where

I met with MLA Mark Smith, Mayor Michael Doerksen, and Mr. Manny Deol of the community's Clean Energy Technology Centre.

On Thursday afternoon, I visited St. Anthony Catholic School in Drayton Valley. There, I met with grade six students to talk about the role of an MP and answer their questions on how the federal government works.

On Friday, I enjoyed a tour of the University of Alberta's Health Sciences Education and Research Commons where they

are developing creative and integrated technologies for delivering health care services. While there, I also attended Alberta Congress meetings over the weekend.

On Saturday, I attended an Alberta Caucus meeting before flying back to Ottawa on Sunday. The upcoming week is expected to be busy as the Liberal Government will be tabling their 2018 Budget on Tuesday. Look for my weekly update next Friday on the happenings of Parliament.

Submitted by Tara Galant, Legislative Manager | Town of Whitecourt

Restoration of the Carlan Services Community Resource Centre is underway after a flood damaged areas of the facility on January 1.

Due to the extreme weather experienced in the region over the holiday season, the fire suppression system was damaged

# LAC STE ANNE AND COMMUNITIES RATEPAYERS ASSOCIATION 2017 YEAR IN REVIEW

Submitted by Chris Yeoman | LSARA

LSARA had a busy 2017. We thought it would be a great time to reach out to the Ratepayers of Lac Ste Anne and let you know that we are an active, viable society which has gained the respect and recognition from many other associations much like LSARA. We kept all the folks who fol-

lowed us on our blog and Face Book page up to date with the ongoing issues with Lac Ste Anne County. By holding public meetings, executive meetings, director and executive meetings and finally hosting two public forums for all to meet the candidates for the 2017 election, we stayed busy in our communities.

By the way, that takes a tremendous amount of effort to source

all the information we write about. First, we have to gather, verify and then write, review, edit and publish those articles. Without the team of dedicated folks that we have, none of this information would have gotten out to you, the Ratepayers. We answered your questions or sought answers to the questions that we did not have the answers to. LSARA held public meetings for

all to attend and provide us their feedback and input. We continue to actively request information from Council and Administration. In addition, we work with Government bodies such as Municipal Government, FOIP privacy commission to name a few.

The latter part of 2017, we continued to work towards accountability with our newly elected council, Reeve and Deputy Reeve. LSARA will hold the new council and administration to the same standards we expected of the last council. It is our sincere hope that they will deliver. Additionally, all who campaigned and were elected on their platforms of "Open, transparent, fiscally responsible, economic growth, openly communicate" will be asked to live up to their campaign promises. We act with the best interest of all, for the greater good of all. We are all Ratepayers just like all of you.

LSARA, Lac Ste Anne and Communities Ratepayers Association, is a non-profit Ratepayers association that can only remain viable with your input, participation and your membership. Memberships are now due for 2018. Increasing our membership allows us to become the Official voice of the majority that can ensure that the information gets out there. Your \$20 family membership provides us the funds to utilize meeting venues, supplies, posters etc. Join us! Help us by gathering and providing that information, attending council meetings, reporting back to us. Join us as a Director. With many it takes little time. With few it takes a great deal of time.

## INCORPORATE FLOWERS IN VARIOUS WAYS

Weddings are special moments for couples and the guests they invite to share their happiness on their big days. Beautiful weddings require substantial planning, as every last detail must be considered for couples to enjoy the wedding of their dreams.

Flowers play a big role in many weddings, and couples can add beauty and ambiance to the event by using floral arrangements in various ways. Modern floral arrangements are stunning, and many couples may not know that herbs, spices and flowers have been used in weddings for centuries.

Today, flowers are used to decorate wedding venues, impart sweet fragrances and complement formal attire, but in ancient times they were used differently. Flowers were used to bestow good luck on the couple and keep bad omens away. Brides carried aromatic flowers and spices to keep evil spirits from spoiling the festivities, and some even tucked bulbs of garlic into their bouquets. In ancient Greece and Rome, both the bride and groom wore garlands made out of strong-smelling herbs flowers around their necks or heads. These wreaths were considered gifts of nature, and thus extremely appropriate for a wedding. Traditionally, bridesmaids would be responsible for fashioning these floral components. In ancient Sweden, young girls would carry small bouquets of fragrant herbs down the aisle and the groom would put thyme in his pocket. These aromatics were thought to help keep trolls at bay.

Besides warding off spirits or hungry trolls, flowers also served more practical purposes throughout history. During the Middle Ages, people bathed less frequently than they do today. Bathing might only have occurred twice a year, once during summer and then again at Christmastime. Because many weddings took place in the spring, flowers were used to mask bodily odors. Not only were flowers and herbs carried, but they also would be sewn into clothing.

Modern brides and grooms may no longer see their wedding days as times for opportunistic evil spirits. But that doesn't mean that couples cannot borrow from ancient tradi-

tions and incorporate flowers into their weddings in various ways.

- Wreaths and garlands: Ask the florist to weave small flower buds, berries and vines to a headband, wreath or piece of twine so that the bride and groom can wear these flowers in the way they were worn by ancient Greeks and Romans. When coupled with Grecian-styled wedding gowns, brides can look like

beautiful goddesses on their wedding days.

- Fragrant favors: Tuck dried rose petals and other fragrant flowers into sachets that are embroidered with the wedding date and couple's names. Guests can use these sachets to keep clothings smelling fresh in drawers or as subtle air fresheners around the house.

- Edible flowers: Ask the caterer

to make meals flower-friendly by including some edible blooms in the salad or as a garnish on meals.

- Raining petals: In lieu of bubbles or birdseed, guests can shower the newlyweds with rose petals after the ceremony.

- Memorial: Some couples like to honor departed family members. Floral arrangements with small placards can make for fitting memorials.

## DID YOU KNOW?

Wedding insurance can provide couples who are about to tie the knot with some peace of mind on their big days. Many wedding venues require couples carry liability coverage in the case of accidents, injuries or incidents. But wedding insurance policies may even sur-

prise couples with regard to what they cover. Each policy is different, and couples may be able to customize wedding insurance policies to cover a host of items. Many policies cover couples in the wake of cancellations or postponements due to weather, damage to the fa-

cility or even a change of heart on the part of the couple holding the policy. But some policies may provide coverage for couples should their photographers and/or caterers fail to appear. Policies may also cover lost, stolen or damaged items, including equipment rent-

als, bridal gowns, jewelry, and/or gifts. Couples should speak with their wedding venue representative to determine if the venue offers extended coverage and ultimately compare those offerings to policy estimates they receive on their own.

## THE STEPS INVOLVED IN SECURING WEDDING VENUES, LICENSES

Getting married is an exciting time in a couple's life together. Wedding planning is the next logical step after the engagement announcement, and while couples often get swept up in planning their dream parties, it's important to note that ultimately the ceremony is the star of the day.

Before booking a wedding reception venue or getting one's heart set on a particular date, couples need to secure their ceremony sites as well as apply for a marriage license. In some instances, ceremonies are held at the same site as the wedding reception, while some couples choose to tie the knot in their church or synagogue. Each of these types of ceremonies will be governed by the schedule of the house of worship or civil site.

### Finding a venue

Once couples choose a wedding date, it is a good idea for them to visit their ceremony site of choice to check the calendar. It helps to have some flexibility in the wedding date in case the first choice is unavailable. Although summer weddings used to be the most popular, today's couples are tying the knot more often in September and October than other times of year.

Even though a couple's wedding is special and unique to them, ceremony locations handle hundreds of weddings. Couples must recognize that competition for certain venues may be steep, so it helps to keep more than one venue in mind when planning a wedding.

### Getting a marriage license

While laws may vary from state to state within the United States, getting a marriage license generally involves filling out the application and paying a fee at the county clerk's office. Both applicants are typically required to bring identification, such as a driver's license, passport or birth certificate. There may be a waiting period between submitting the application and the license being issued. Couples

can pick up the license or have it mailed to them.

Canadian requirements vary by province. For example, in Ontario, applicants need to be at least 16 years old to marry and must show two forms of government-supplied identification to apply. The

license is valid for 90 days from when it is issued.

A marriage license is not the same thing as a marriage certificate. The marriage certificate typically becomes available after the ceremony has taken place and the witnesses and officiant have

signed off on the proceedings.

Getting married is a multistep process that begins with determining where the ceremony will take place and acquiring a marriage license. With these items in check, couples can focus on creating memorable wedding days.

## JEWELRY CARE AND CLEANING GUIDELINES

Bridal gowns and tuxedos may get their fair share of attention at weddings, but the subtle details of brides' and grooms' wedding attire also garner guests' attention.

Breathtaking jewelry worn by the bride, groom and members of the bridal party looks great on the day of the wedding and in photos couples will keep for decades to come. Nat-

urally, engagement rings and bridal bands are the shining stars of the celebration. However, other pieces of jewelry also make for cherished accessories for weddings.

Bridal jewelry is an investment worth maintaining. According to a 2013 report by the Jewelers of America, couples spend an average of \$4,000 on engagement rings and

more money on wedding bands. Considering several thousands of dollars may adorn the necks, fingers, ears, and wrists of bridal party members, individuals should learn how to keep their jewelry investments looking pristine.

Remove jewelry during hard work  
Exercise caution when wearing jewelry during strenuous activities

or when jewelry can be damaged. Also, watch when handling slippery substances such as soaps and oils, as jewelry may fall off and become lost. Instead, remove precious jewelry and store it in a safe location, such as in a jewelry chest or a drawer.

Use caution with beauty products  
Apply lotion, cosmetics, perfume, cologne, and hairspray before putting on jewelry. These substances can discolor certain metals or even damage stones. Prolonged contact with perspiration and bodily oils also can cause discoloration over time. Gently wipe down jewelry with a soft cloth after wearing it to remove oils and sweat.

Be careful around swimming pools, spas and the ocean

Couples should remove jewelry before partaking in water-based activities on their honeymoons. According to jewelry retailer Zales, chlorinated water can react with the metals found in jewelry, causing color changes and even structural changes. Don't risk jewelry falling off in the ocean. Store it in a secure location before diving in.

Beware the sun, too  
The Gemological Institute of America, Inc. states that sunlight can affect the durability and color of colored gemstones. Over time and in excess, the sun and heat can fade or damage some stones, such as amethyst, topaz and pearls. Other stones can darken with exposure to the sun.

Clean jewelry with care  
Rely on mild detergents and a light touch when cleaning jewelry. Use products specifically designed for jewelry care, and read labels to ensure safety. The International Gemological Institute says seriously soiled jewelry should be professionally cleaned.

Inspect and know your jewelry  
Routinely inspect jewelry to test for any structural issues that can result in breakage or lost stones. Make sure any suspected problems are repaired promptly.

Ensure jewelry will last for years to come. Exercise caution when wearing pieces and clean and care for them properly.

# ALBERTA BEACH LIBRARY ART WALL

**Submitted by Chaddie Langman | Alberta Beach Municipal Library**

The Alberta Beach library has been displaying interesting art pieces on its art wall for over a year now. We have seen wonderful winter art from the students at Grasmere School, beautiful needle point art, the powerful photo display Redress, and some art from several local

young artists. Currently the library is displaying some amazing art work by a local youth named Scott Webb. Scott is 16 years old and goes to high school in Spruce Grove but was once a student of our very own Grasmere School.

He's been painting since kindergarten and you can see the result of all that patience and practice in his pieces. Scott enjoys painting with

acrylics and drawing with graphite; he has focused mostly on animals but is expanding into painting people and sceneries.

Some words of wisdom from Scott to all the aspiring artists out there: "If you really want to become a better artist you have to continually paint or draw more and more".

Scott's art will hang at the library for the all February so stop in and admire some fantastic local talent.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

1	6	2					4	
5							8	
	7	8			2		6	
		6	9				7	2
	2	9	1		8		5	6
7		5			3	1		4
	5	7		3	9	6		
6				2				5
	3	4	5	1				

**ANSWER:**

1	6	2	7	8	5	9	4	3
5	4	3	8	9	1	2	8	7
9	7	8	3	4	2	5	6	1
3	1	6	9	5	4	8	7	2
4	2	9	1	7	8	3	5	6
7	8	5	2	6	3	1	9	4
2	5	7	4	3	9	6	1	8
6	9	1	8	2	7	4	3	5
8	3	4	5	1	6	7	2	9

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
