FAMILY DAY 2018

Submitted by Melissa Killion | Tipple Park Museum

Wow, what a great turnout for Family Day. Thank you to all the families who braved the cold and attended. Between the pan-

cake breakfast and the festivities held at Tipple Park Museum, we had 600 guests between both locations.

Thank you to all our volunteers or vendors who helped out and made the day a huge suc-

cess. Between the bon fire, stool building, sleigh rides, snow toffee and pancake breakfast everyone did such a great job making everyone feel welcomed.

TIP FROM PUBLIC LEADS TO ANIMAL CRUELTY CHARGES

Submitted by Stony Plain/Spruce Grove/Enoch RCMP

On February 25, 2018 Stony Plain RCMP received numerous complaints of a male physically abusing numerous dogs with a hard plastic PVC pipe in the

parking lot of a local business. Members subsequently located and arrested Garry OWEN.

Five Golden Retrievers were seized by Parkland County Enforcement. The dogs have been examined by a veterinarian and are healthy and safe.

OWEN was charged with two counts of Injuring or Endangering Animals. He was released from custody with the conditions not be alone with animals. OWEN will appear in court March 7, 2018 in Stony Plain.

Assistance To Locate Wanted Man

Continued from Page 1

All of the charges against Burchill are property related and include Theft, possession of Stolen Property, Fraud and Failing to Attend Court.

The SACRT has been unable to locate Mr. Burchill and is now asking for the public's assistance to determine his whereabouts. Burchill is of no fixed address but is believed to still be in the Province of Alberta. Burchill is described as:

- White male
- 6'1" tall (185cm)
- 245 lbs (111kg)
- Brown Hair
- Hazel Eyes

A photo of David Burchill is shown

Anyone with information on the whereabouts of David Burchill is asked to contact the Strathmore RCMP at 403-934-3535.

Family Day 2018

Continued From Page 1

Families also enjoyed making homemade stools thanks to Jeff's Plumbing and Heating, Pembina River Tubing and Woodland Lumber.

It was nice to see some old Family Day traditions come back including the most delicious snow toffee and cozy sleigh rides. Traditions are always nice to keep going, and hopefully we can incorporate more next year.

We had a coloring contest competition in the Museum. There were three age category winners. Congratulations Mqhksh Parman, Sharlette and Brianna Big John who won!

Next year it would be nice to start a Family Day Committee. Advertising for the committee will be posted this winter season. Stay tuned for more information.

Once again thank you to everyone who made Family Day a huge success.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

JOKE OF THE WEEK

Phil, a smart and handsome young man, dressed in the latest fashion, walked into this local pub. He noticed a woman gazing at him without blinking her big eyes. Phil felt flattered so he walked up to the woman and said in his deepest voice, 'I'll do anything you wish, beautiful lady, for just \$10 but on one condition.' The woman appeared to be trapped in the moment and asked as if in a trance, 'What's your condition?' Phil answered, 'Tell me your wish in just three words.' There was a long pause, the woman opened her purse, counted out the money and handed it to the man along with her address. She then looked deeply into his eyes and whispered, 'Clean my house.'

WHY IS THE PM FRIENDLY WITH TERRORISTS?

Submitted by Jim Eglinski, MP – Yellowhead

On February 28th, in the House of Commons, Jim Eglinski, Member of Parliament for Yellowhead,

asked the Prime Minister why he had met with Jaspal Atwal, a convicted attempted assassin. He asked:

“Mr. Speaker, In 1986 I was one of the first of-

ficers on the scene of the shooting of Indian Minister Sidhu. I helped him and his wife into the ambulance. I will never forget that day. Jaspal Atwal was convicted of attempted murder in that shooting.

The victims of terrorism have names. They have faces and they have families.

To the Prime Minister: why would he ever meet with Jaspal Atwal?”

LIBERAL BUDGET 2018

Submitted by Jim Eglinski, MP – Yellowhead

On February 27th, Finance Minister Bill Morneau presented the Liberal government’s 2018 Budget. This year’s deficit: \$18.1 billion.

“The Liberals’ recent budget is a failure to deliver for Canadian families. Instead of getting their spending under control, they plan to borrow more money from hardworking Canadians – adding billions more to the national debt,” stated MP Eglinski.

The deficit for this fiscal year is \$18 billion, which is three times higher than what Justin Trudeau promised during the 2015 election. With the budget not projected to be in balance again until 2045, these additional deficits will add \$450 billion to Canada’s national debt over the next 27 years.

Under the Trudeau Liberals, government spending has increased by 20%, which is three times faster than inflation and population growth combined.

Over 90% of Canadian families are paying more in taxes, and after this budget, they will be paying even more. Despite a strong global economy, the Liberals refused to scale back taxes and deliver the help for the middle class that they promised.

The Budget also did not contain any major farm programs or funding.

“How does this help Albertans? The Liberals are giving billions of dollars to help foreign countries combat climate change, but there is no support for Albertans. What about the workers who have lost their jobs in the oil and gas or coal industries? What about our embattled forestry sector? And where is our funding to battle the pine beetle?” asked MP Eglinski.

On the business side, the Finance Minister retreated sig-

nificantly on taxing passive investment income. Instead of the proposed 73% tax, the government will gradually withdraw eligibility for the small business tax rate for those companies with investment income greater than \$50K. Once investment

income reaches \$150K, the business would no longer be eligible for the small business tax rate. This means that thousands of local businesses will no longer qualify for the small business tax rate or will see it reduced.

“Justin Trudeau is good at

making big promises. But when he says that he wants to help middle class families, we just don’t believe him,” concluded MP Eglinski. “Canadians deserve better. They deserve a Conservative government that puts people before government.”

SUSPECT CHARGED IN RURAL BREAK AND ENTER

Submitted by Stony Plain/Spruce Grove/Enoch RCMP

Acheson, Alberta – Charges have been laid against a Stony Plain woman in relation to a break and enter to an Acheson Business.

On February 25 at 9:00 pm, RCMP responded to a break and enter in the Acheson industrial area. A security system at the business captured video surveillance of a female inside the business. Members of the Stony Plain/Spruce Grove/Enoch RCMP attended and located a

female, matching the description provided, walking a short distance away.

The RCMP Police Dog Service (PDS) attended and the police dog was able to track the suspect from the business to the location where the female was found walking.

36-year-old Shari McCallum has been charged with Break and Enter and failing to comply with conditions of an Undertaking.

McCallum has been remanded into custody and is scheduled to appear in Stony Plain Provincial Court on February 28, 2018.

ALBERTA RCMP PARTNER WITH EPS FOR FRAUD PREVENTION MONTH

Submitted by Alberta RCMP

online at: <http://www.antifraud-centre-centreantifraude.ca/index-eng.htm>.

Edmonton, Alta. – At 10:00 a.m. on March 1, 2018 at MacEwan University, Alberta RCMP and the Edmonton Police Service will be partnering at the March Fraud Prevention Month campaign kick-off event. For four weeks the Alberta RCMP will join their partners, the Edmonton Police Service, the Calgary Police Service, Service Alberta, the Canada Revenue Agency, Competition Bureau, Interac and Better Business Bureau with a focus on different types of frauds and scams each week.

“We’re focusing on educating Albertans on types of fraud, what they can do to protect themselves and how to report it if they become victims,” says Cpl. Laurel Scott, Media Relations Officer. “If you have been the victim of a fraud, you’re not alone. Fraud can happen to anyone.”

Here are some tips for protecting yourself against fraud:

- Don’t leave your personal identification in your car
- Create a strong password
- Ask yourself, can you purchase that item from a reputable source instead?
- Reputable companies will not ask for your personal information through an email
- Be wary of e-transferring money
- If it sounds too good to be true, it probably is

If you or someone you know has been the victim of a scam or fraud, report the incident to your local police detachment and the Canadian Anti-Fraud Centre by calling 1-888-495-8501 or

Farm Safety Tips

When farming please follow these precautions in order to keep yourself, your family and your workers safe:

- Decrease your risk of being crushed by using lockout procedures before beginning any maintenance or repair work. Lockout means to physically neutralize all energies in a piece of equipment. Machines, devices or power transmission lines can be de-energized by applying blocks to all parts under tension or pressure, bleeding the hydraulic pressure from the lines or by releasing pressure from a coil or spring.
- Provide a safe, fenced play area for all children and supervise closely. The working area of the farm is not a playground any more than a construction site or other industrial area would be a play area. Review the safety rules on your farm with your family often. Fence off all manure, retaining ponds and dugouts, and lock buildings containing hazardous goods.

PARLIAMENT UPDATE – WEEK OF FEBRUARY 26, 2018

Submitted by Jim Eglinski, MP – Yellowhead

This week, we covered topics including Budget 2018, the Canada Summer Jobs Program, the ongoing Phoenix Pay System issues, and the Prime Minister’s failed trip to India.

The following was debated in the House:

- Budget 2018
- Bill C-69 – An Act to enact the Impact Assessment Act and the Canadian Energy Regulator Act, to amend the Navigation Protection Act and to make consequential amendments to other Acts (Second Reading)
- Bill C-364 – An Act to amend the Canada Elections Act and to make a consequential amendment to another Act (political financing) (Second Reading)
- Bill C-374 – An Act to amend the Historic Sites and Monuments Act (composition of the Board) (Committee Stage)
- Bill C-375 – An Act to amend the Criminal Code (presence report) (Second Reading)
- Bill S-210 – An Act to amend An Act to amend the Immigration and Refugee Protection Act, the Civil Marriage Act and the Criminal Code and to make consequential amendments to other Acts (Second Reading)
- CPC Opposition Motion – Canada Summer Jobs Program
- NDP Opposition Motion – Phoenix Pay System

On Monday, I participated in debate on Bill C-374, which seeks to update and amend the Historic Sites and Monuments Act. Specifically, the bill would ensure that Indigenous Canadians are represented on the Historic Sites and Monuments Board.

Also on Monday, I had the pleasure to meet with a young constituent from Grande Cache, Allyson Busch. She was visiting Ottawa as part of the Grande Yellowhead Public School Division’s Superintendent’s Youth Council to attend a conference

by an organization called Encounters With Canada.

I also had the privilege of opening Question Period on Wednesday, asking the first question of the day. I asked the Prime Minister why he would ever meet with Jaspal Atwal in India, a convicted attempted assassin. I was one of the responding RCMP officers when Atwal attempted to murder an Indian Minister in 1986. I want to know how this convicted criminal was

invited to a state dinner.

You can read my questions and comments in the House on the corresponding day’s Hansard on the House Publications page at www.ourcommons.ca/en.

In the Standing Committee on Canadian Heritage (CHPC), we continued our study on the state of Canadian museums. For more information on these meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended seven meetings, two events, and gave numerous interviews and one taping. I returned to the riding on Wednesday night to attend meetings in the riding on Thursday and Friday. As I did not take time off over the Winter Break, I will be taking next week off and returning the following week to get back to work in the riding before Parliament resumes on March 19. Look for my next update in two weeks.

Farm Safety IS EVERYONE'S BUSINESS

Farm Safety Tips

Yellowhead County Agricultural Services Department

- Never adjust machinery when it's powered.
- Don't wear loose fitting clothing around moving machinery parts.
- Obtain proper training for the machinery you are using – and know its limitations.
- Go over basic farm safety knowledge with your kids regularly.

Remember, Yellowhead County's Ag Services offers farming related workshops and information throughout the year.

Call 1-800-814-3935.
Don't forget about the County's Ag Recycling Project.

FARM SAFETY WEEK

Preventing Crushes

- From rolling machinery to falling front-end loaders there are countless crush hazards on a farm. While farm operators and workers can't prevent every hazard on a farm, they should prevent every hazard they can by taking simple preventative measures while working.
- Failure to block-up equipment safely can result in a fatal crushing injury. A jack may slip, a hose or overhead support may break, or the equipment may roll. Always take the precaution of placing support blocks under the equipment prior to working with raised machinery for any reason.

FARM SAFETY & HEALTH WEEK

MARCH 11 - 17, 2018

Keep an eye for safety

The type of safety eye protection you should wear depends on the hazards in your workplace. If you are working in an area that has particles, flying objects, or dust, you must at least wear safety glasses with side protection (side shields). If you are working with chemicals, you should wear goggles. If you are working near hazardous radiation (welding, lasers, or fibre optics) you must use special-purpose safety glasses, goggles, face shields, or helmets designed for that task.

YOUR VEHICLE HAS A RECALL. NOW WHAT?

Vehicles are expensive. When motorists drive their vehicles away from a dealership, they hope to travel many miles before they need to come back for maintenance. But manufacturers sometimes issue recalls that can affect drivers of both new and old vehicles.

Recalls are safety precautions taken should a portion of a vehicle or the entire car or truck not operate in the manner it was intended. In many instances, auto manufacturers will directly contact customers who are affected by a recall via a letter, email or both. Individuals also can stay current on recalls by visiting the National Highway Traffic Safety Administration's website (www.NHTSA.gov).

According to AutoTrader, re-

calls are becoming more common because of the complexity of modern vehicles. NHTSA flagged nearly 22 million vehicles for safety issues in 2013, and that number is on the rise. Drivers can follow these important steps if they learn of a recall.

- Don't panic, but don't ignore recalls. The experts at Kelley Blue Book say recalls often occur due to a problem in the manufacturing process in similar models, and this issue may surface in other vehicles. Recalls do not guarantee vehicles will malfunction or break down. However, consumers are urged to take recalls seriously, adopting a "better safe than sorry" approach when recalls are announced.

- Follow the instructions. A re-

call notice should come with instructions. Instructions often advise drivers to take their vehicles to the dealership where the cars were purchased. Notices may provide information regarding nearby dealerships for drivers who have moved since buying their cars or trucks.

- No payment should be necessary. The cost of repairing the recalled part should not fall on your shoulders. Such repairs are paid by the manufacturer. The financial resource Bankrate.com notes that, "if you had the repair made before the recall was issued (up to a full year), the automaker is legally obligated to reimburse you, as long as you had the work done at one of its franchised dealers." Save all receipts for the work. If work

was done by a private mechanic, drivers still may be eligible for reimbursement.

- Be patient. Dealerships are not responsible for making repairs until the date indicated on the recall notice, so motorists may need to wait before having their vehicles repaired.

- Request a loaner vehicle. In some instances, recalls may take a few days to fix. Although not every dealership may make loaner vehicles available, it's still worth requesting one so you are not inconvenienced.

Anyone having difficulty with a recall can contact the NHTSA online, by phone or by mail. Those who suspect a safety problem also can contact the agency and report their concerns.

HOW TO AVOID AND REPAIR FLAT TIRES

Nothing can delay road trips more suddenly than flat tires. Unfortunately, because tires are the only part of the vehicle constantly in contact with the road, wear and tear is to be expected.

The National Highway Traffic Safety Administration says that flat tires and blowouts are a leading cause of highway traffic accidents. Even though flats cannot be prevented, there are ways to make tires less vulnerable and make vehicles safer along the way.

Flat tire avoidance

Routine inspection and tire maintenance is essential to their performance. In addition, paying attention to road hazards and avoiding them when possible can prolong the life of tires.

• Tire pressure: Tires should be maintained at the correct air pressure indicated on the side-

wall or as advised by the manufacturer. Tires with too much air can be damaged by bumpy roads and potholes. Tires that are not inflated enough may increase friction on the roadway, resulting in a blowout. Check tire pressure routinely, and do so when the tires have rested for three hours. Many vehicles now monitor tire pressure automatically and alert drivers through a signal on the dashboard.

• Tire wear: The advisors at Select Auto Imports say that inspecting tires for uneven wear should be a routine part of maintenance. If tires show uneven wear, they may be more susceptible to flats or blowouts. Tire rotations can help alleviate uneven wear. The NHTSA recommends tires be rotated every 5,000 miles.

• Tire treads: The Allstate In-

urance company says to look for worn tire treads. Check for wear bar indicator marks located between the tread pattern of the tires. If the wear bar is level with the treads, it's time for new tires. Otherwise, place a quarter between the grooves of the tire. If the tread doesn't extend beyond the top of Washington's head, it's a good idea to replace the tires.

• Construction sites: Drivers should try to avoid areas under construction. Rocks, nails, metal shards, glass, and divots in the roads can cause punctures and eventually flats.

Flat tire repair

When flats occur, having the right tools and understanding the procedure for fixing the flat is key.

Drivers will need an inflated spare tire, a jack, a lug wrench,

bracing material (to keep the vehicle from rolling, such as a brick or piece of wood), and the vehicle's owner's manual. Goodyear says it is essential to fix the flat in a safe area away from traffic and on a flat surface.

• Use the owner's manual to find the correct position to place the jack to lift the car.

• Remove hubcaps or center covers to access the lug nuts. With the lug wrench, loosen lug nuts in a counterclockwise direction.

• Take off the tire and put on the spare. Replace and tighten the lug nuts. Replace hubcaps or covers.

• Slowly lower the vehicle and drive cautiously to ensure the spare is in working order.

• Purchase a new tire or have a hole plugged or repaired at a tire center.

ANIMAL RELATED INCIDENTS

A study reveals significant patterns in the types of animal-related incidents. For example, almost half (46.5 per cent) of horse-related injuries happen to women, age 16 to 59, and are caused primarily by falls when riding. Men, age 16 to 59, are most frequently (68 per cent) injured by cows during the calving season of February to June. Men aged 60 and older are most frequently (57 per cent) killed by bulls in the month of August as the breeding season starts.

Farm Safety Tips

When farming please follow these precautions in order to keep yourself, your family and your workers safe:

- When moving large machinery, be sure to check the location of power lines. Make arrangements with your service provider to ensure a safe route along a route you will travel between fields with large implements in travel mode.
- When working with livestock always ensure you have an escape route planned and that you are wearing the appropriate gear for the job. For example – wear a helmet and appropriate footwear when riding a horse.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
