March 27, 2018

MLA CARLIER AND RCMP WILL ATTEND APRIL 5 RURAL CRIME WATCH MEETING IN ONOWAY

Submitted by Amber Goselin | Rural Crime Watch Board, Lac Ste. Anne Northeast

Unfortunately, Onoway and area is no stranger to the recent rash of property theft/damage in rural Alberta. Individual responses to date involve erecting gates, putting up security cameras, and installing security systems. But a community response is wholly more effective. For efficacious and long-standing change, we need to come together to influence public pol-

icy at the provincial and federal levels. Thankfully, Onoway and the surrounding community has a pre-existing grassroots mechanism for channeling local concerns to Edmonton and Ottawa: The Lac Ste. Anne North East Chapter of the Rural Crime Watch Board.

Provincially, the government recently announced \$10 million to be spent on hiring more RCMP officers, civilian staff and Crown prosecutors to deal with rural crime. At the provincial level, we are pleased to advise that Honourable Oneil Carlier,

MLA for Whitecourt-Lac Ste. Anne, will be in attendance at our next Rural Crime Watch board public meeting, April 5, 2018 at 7 p.m. in Room 3 at the Heritage Centre, in Onoway, to speak to the Government of Alberta's seven-part strategy.

Federally, MP Dane Lloyd, Sturgeon River-Parkland, won the October 23, 2017 byelection, and promptly reached out to our board for feedback on rural crime.

ANOTHER SUCCESSFUL YEAR FOR THE GUILD

Submitted by Yvonne Slemko | Onoway and District Historical Guild

Onoway and District Historical Guild members were smiling as President Hazel Bourke summarized the Guild's accomplishments at the recent Annual General Meeting.

A highlight of the year was achieving Recognized Museum status for the second consecutive term. This means that the Onoway Museum meets the exacting standards set by the Alberta Museums Association – not an easy task!

Thanks to several grants, major changes were made to the build-

ing that is the Onoway Museum/Heritage Centre. The very vital re-shingling of the museum roof and replacement of flooring in the museum hallway mean that artifacts and exhibits are now securely sheltered from leaks in the roof of the 1921 building. Installation of automatic door openers, thanks to a Rick Hansen Grant, has made building access much easier for those with mobility problems.

The Guild hosted a couple of major exhibits, both art oriented. An art showcase in spring made the community aware that Onoway is home to many talented artists who work in different media. A unique exhibit, "Da-

guciyami", featured artworks by Alexis Sioux Nation members Eugene Alexis and Chloe Bluebird Mustooch who both attended school at Onoway. It was kicked off with a cultural celebration to be remembered!

The Museum/Heritage Centre continues to be busy – 38,943 people visited the facility in 2017 to participate in club/organization activities, attend Play-School, visit Onoway Public Library, take music lessons or be part of many different activities sponsored by groups and individuals.

MLA Carlier And RCMP Will Attend April 5 Rural Crime Watch Meeting In Onoway

Continued from Page 1

As one of a dozen rural MPs looking to launch a rural crime task force, Lloyd indicated he was interested in stakeholder input. He posed pointed questions around crime prevention, investigation, prosecution and punishment, such as “what measures are currently being taken to prevent rural crime,” and “what efforts and best practices are working?”

Mrs. Lisa Johnson, Treasurer, Rural Crime Watch Board, Lac Ste. Anne North East Chapter, took Lloyd up on his invitation, and had a candid conversation with the MP about her concerns specific to our region, such as RCMP response times, lack of communication between local detachments, and the need to establish meaningful relationships between the RCMP and local residents. To weigh in with

Lloyd, please write him at House of Commons, Ottawa, ON, K1A 0A6; email dane.lloyd@parl.gc.ca; or contact his Stony Plain constituency office at 780-823-2050.

Constable Shelley Nasheim, Crime Prevention and Victim Services, Spruce Grove/Stony Plain RCMP, will also be in attendance at the April 5, 2018 meeting to field Q and A’s and speak to specific initiatives in the area. Memberships will be available for \$25, and members will receive access to our Facebook group and RCMP fanouts about specific area crimes.

To report suspicious activity, please dial the Stony Plain RCMP at 780-968-7267. To report suspicious hunting and fishing activity, dangerous wildlife encounters and serious public lands abuse, please dial Report A Poacher at 1-800-642-3800.

As the eyes and the ears of the RCMP, it is integral that we as Lac Ste. Anne ratepayers take every opportunity to fight back. We will not be overcome by the darkness!

“PAC THE RINK” IN STONY PLAIN

Submitted by Leighann Wolkowski, Chair, Marketing & Media Relations | 2018 Hockey Alberta Midget AA Provincial Championships Committee

STONY PLAIN – The Parkland Athletic Club (PAC) invites all current and former players to come ‘PAC the RINK’ and cheer on the PAC Midget AA team during their Provincial Championship game on Friday, March

30, 2018, 6:30 p.m., at the Glenn Hall Centennial Arena, Stony Plain, Alberta.

Admission is free, and former and current PAC players that attend the game will have a chance to win a door prize. Everyone is also encouraged to wear their PAC jerseys or athletic wear to show their support.

RSVP to the “PAC the Rink” event on Facebook and follow our Twitter, @PACMidgetAA,

for current news and interesting information about the Hockey Alberta Midget AA Provincial Championships.

The tournament starts on Thursday, March 29, and continues through Sunday, April 1. Games will be played at the Glenn Hall Centennial Arena, located at 5300 - 52 Street, Stony Plain, Alberta. The full schedule of games and updated results throughout the weekend

can be found at: www.haprovincial.ca/haprov/login/

The Midget AA Provincial Championships are being proudly supported by a number of local sponsors, including: The Town of Stony Plain, Angela DeBlois Realty Team with ReMax, The Canadian Brewhouse, Freson Bros., United Cycle, Main Street Financial, A&B Concrete Pumping, Sound Scaffolding, and Creative Color.

Another Successful Year for the Guild

Continued from Page 1

It was sad to see Rock Victory Church leave – Pastors Kelly and Bernie Riopel contributed much to our community.

Guild members and volunteers work hard to keep the exhibits changing, accept and process the objects and documents that are donated to the museum, and keep the building safe.

Work is in progress on revitalizing the Farm exhibit area: watch for a special opening in spring. The Threshing Bee is again a go – mark September 22 on your calendar.

As a special treat this year’s AGM, members of the Guild performed Readers Theatre using a radio script (from the Museum Archives) that had played in 1951-52 entitled “Trails of the Pioneers – Chapter 9 – The Trail to Onoway”. Thanks go to musical director Lucy and readers Brian T., Jim, Terry and Yvonne.

Regular meetings of the Guild are held on the third Wednesday of the month – everyone is welcome! And if you have some extra time on your hands, check out the volunteer opportunities at the Museum – no talents are wasted!

PARLIAMENT UPDATE – WEEK OF MARCH 19, 2018

Submitted by Jim Eglinski, MP – Yellowhead

This week, debate was largely focused on Budget 2018. We also covered topics including distracted driving, Latin American heritage, and the invitation of an attempted assassin to a state dinner with the Prime Minister.

The following was debated in the House:

- Budget 2018

- Bill C-373, an act respecting a federal framework on distracted driving (Second Reading)

- Bill S-218, an act respecting Latin American heritage month (Second Reading)

- Opposition Motion—National Security Advisor to the Prime Minister

On Tuesday, I participated in debate on Bill C-373, which would implement a national framework on distracted driv-

ing. You can read all debates in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

Also on Tuesday, the Liberals introduced new firearms legislation, Bill C-71. I believe that the safety of Canadians should be the number one priority of any government. This issue is especially important to our riding due to the increase in rural crime in the region. Unfortunately, this legislation has no new measures

to combat escalating crime rates in our rural communities, or to reduce gang violence in Surrey and Toronto. Bill C-71 will be debated next week and I expect to speak on the legislation on Tuesday.

I was unable to attend two events in the riding this weekend as we had a marathon voting session that began on Thursday evening and continued well into Friday. The Liberals were given the choice to be transparent with Canadians and allow the National Security Advisor to brief Parliamentarians about the Prime Minister's trip to India, or face up to 40 hours of voting in the House of Commons.

The Prime Minister failed to be honest with Canadians about the Atwal affair. He embarrassingly continues to support a conspiracy theory that the Indian Government tried to sabotage his trip.

It is imperative that the National Security Advisor provide Members of Parliament with the same information provided to journalists on February 23, 2018. This will help Canadians understand if the Prime Minister is telling the truth.

In the Standing Committee on Canadian Heritage (CHPC), we continued our study on the state of Canadian museums. For more information on these meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended nine meetings, three events, and taped one video message. Next week, the House will sit from Monday through Thursday before the Easter holiday. Look for my next update on Thursday on the happenings of Parliament.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

HEMPWORX PURE HEMP HERBAL DROPS

The World's Purest CBD Oil

Our CBD Herbal Drops utilize Hemp-Derived Full Spectrum CBD grown on Kentucky Farms.

Hemp Worx's CBD Herbal Drops are in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychoactivity (typically associated with marijuana products and high THC).

HempWorx CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain ZERO THC.

Benefits of CBD Herbal Drops

- Reduce Nausea & Vomiting
- Suppress Muscle Spasms
- Reduce Seizures & Convulsions
- Promotes Health
- Promotes Brain Tissue & Bone Growth
- Fibromyalgia Pain
- Reduces Blood Sugar Levels
- Antibacterial
- Anxiety & Depression
- Reduces Nicotine Cravings
- Digestive Aid
- Anti-Psychotic
- Ringing Ears - Tinnitus
- Inhibits Cell Growth in Tumors

CBD HEALTH BENEFITS

Mental & Brain Health

CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

General Health

Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance

Cannabidiol helps restore healthy balance to the endocannabinoid system.

Experience the HempWorx difference

Spring 2018 HomeRENO

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

CHOOSE THE GREENEST BUILDER AVAILABLE

(MS) - As building codes enforce tightened minimum standards for eco-responsibility, the more progressive builders are illustrating their own accountability by using and producing materials that are even more efficient than mandates demand. This is great news if you

are currently designing, planning or simply getting ready to buy a new home - your investment will likely deliver greater environmental conservation, lower occupant costs and increased property value.

Building code revisions worldwide are ushering a whole new

generation of structures that are between 35 and 40 percent more environmentally responsible. The improved practices in construction are showcasing advancements in wall building, windows, insulation and air-infiltration.

“Switching from wood-framing to concrete walls, for example, has so many spin-off benefits,” explains Natalie Rodgers of Nudura, the manufacturer of an advanced building method called the insulated concrete form (ICF). “Solid, air-tight concrete walls would initially lower your energy bills. You’ll live in a stronger, more comfortable home while the investment grows in resale value. As importantly, your home would create far lower demand on natural resources.”

Designed like Lego, the interlocking Nudura forms are designed with monolithic concrete sandwiched between two continuous layers of expanded polystyrene (EPS) foam.

“The foam material isolates the

concrete and significantly reduces the flow of heat through the wall,” says Rodgers. “It stabilizes the internal temperature from day to night fluctuations and provides a largely self-regulating environment. This faster method of construction creates one solid concrete wall.”

As a result, you will need less energy for mechanical heating and cooling, delivering cost savings throughout the year. A home built with this concrete system is stronger, provides greater safety, offers greater sound and fire resistance, and would be far less prone to mold, cold spots and drafts.

“Benefits are plentiful to builders, too,” says Rodgers. “The patented hinged web allows the forms to fold flat, requiring smaller shipping space and less manpower than other methods.”

If you want your builder to use insulated concrete forms, be sure to make the request well before construction gets underway.

LAUNDRY ROOM RENOVATION IDEAS

To former apartment dwellers or those who have never enjoyed the benefit of a dedicated laundry area, even the smallest washer and dryer space can seem like a luxury.

The benefits of dedicated laundry rooms abound. However, disorganized laundry rooms can nullify such benefits. Depending on the needs and preferences of each homeowner, laundry room designs can be customized for convenience.

Employ vertical space

Floor space may be at a premium in a laundry room, especially for those who want to devote as much space as possible to bulk-size washer and dryer units. Therefore, utilizing wall space is key. Use shelving, wire racks, hooks, and other organizational tools to store items on the wall. Shelves can be tucked into just about any space, and there are different options that can fit into corners or shallow areas. These are a great option for keeping detergent or other laundry essentials nearby.

Clean designs reduce clutter

Simple, clean designs can be an asset in a laundry room. If budget and space permits, cabinetry built into the design will help keep items out of sight in the laundry room. Cabinets hung directly above the appliances can store detergent, bleach and fabric softener. Use cabinets elsewhere in the room as catch-alls for cleaning supplies used in various other rooms around the house.

Incorporate a sink in the design

Some older laundry room setups have a slop sink to drain discharged water from the washing machine. However, newer homes may have plumbing installed directly through the floor or walls. It is still a worthwhile idea to have a sink in the laundry room for rinsing out stains, handwashing items and having a go-to sink for messier cleanup.

Utilize a tension rod

A rod installed between two cabinets or across a narrow width of space in the laundry room is a handy spot to hang shirts or pants

to prevent wrinkling. Repurposing a ladder and suspending it from the ceiling also creates a spot to hang clothes.

Consider laundry room flooring

It's important to select flooring materials that will not be damaged by contact with moisture or spills. Vinyl, tile and some composite products often make good laun-

dry room floor materials. Resilient flooring that mimics the look of hardwood may add a classy touch, and give the appearance of wood without having to worry about damage. To alleviate fatigue while spending long moments in the laundry room, invest in a memory foam mat that can be placed underfoot.

Keep lighting in mind

Lighting can be important in the laundry room. Rely on task lighting, under-cabinet strip lighting and overhead lights as needed for efficiency.

Laundry room design can maximize the space available and make it more convenient to launder and sort clothes.

HOME SECURITY FOR THE DO-IT-YOURSELFER

Feeling secure at home is a priority for many people. Many people consider installing security systems in their homes to improve their sense of well-being.

Whether one owns or rents, individuals may be surprised to learn that do-it-yourself security systems can be savvy investments. The right system can help

people protect their belongings and their families, but sorting through the various security systems on the market can be a daunting task. While full-service setups that include professional installation and monitoring are available, some homeowners may want to investigate the highly customizable DIY kits now available. Some include personal monitoring, while others are self-install technologies with professional monitoring.

Before getting started, homeowners and renters can ask themselves a few questions to help narrow down their options.

- What is your budget? Professional installation and monitoring will likely cost more than

DIY kits.

- How large is the home?
- Are you tech-savvy?
- How frequently are you out of the home on vacation or extended trips?
- Do you desire emergency response?
- Do you want an entire package or just some deterrent devices?

Once men and women have answered these questions, it's time to start shopping. Here are some DIY security system items that may be of interest.

Smart home security systems These home security systems connect to a home's Wi-Fi network so they can be monitored and controlled using a smart-

Home Security For The Do-It-Yourselfer

phone app. Others may be accessed through an application on the internet. It is important to look for a system that has the extra security of technology that is not easily hacked.

Security cameras

Some people may only want to watch the inside and outside of their residences. It can take mere minutes to set up wireless security cameras around the house. These devices connect to a Wi-Fi network and give customers free access to a constant stream of video. Some systems make it easy for homeowners to listen in on what's going on at home and even talk to anyone within the camera's range. Others can be paired with cloud storage for recording video.

Professionally monitored

Residents who are away from home frequently or are too busy to constantly monitor security systems may like the peace of mind of professionally monitored kits. Services like Frontpoint®, Link Interactive® and Scout® are just three that have affordable starter kits and video monitoring. Monitored alarm systems can be set to call the police or other emergency services if necessary.

Entry-level or advanced systems

Entry-level systems typically include a few door and window sensors, a motion detector and a hub that communicates with these sensors. This may be enough for someone in an

apartment or small house. More extensive systems may include additional sensors, door locks, garage door openers, surveillance cameras, lights, sirens, and even water and smoke detectors.

Do-it-yourself security systems represent a new wave to safeguard one's belongings and family. Kits continue to evolve and have become more seamless than ever.

LOCAL ATHLETES STAND UP PADDLEBOARDING FOR A CAUSE

Submitted by **Edmonton 24 Hour Team**

We are so excited to have this opportunity to represent and help Alberta families battling with cancer.

The event takes place April 14 starting at 8am and we paddle on our Stand Up Paddleboards (SUP) and we change out among our team members for the duration of 24 hours to ensure safety and breaks finishing 8 am on April 15.

It is not a registered charity. It is a grass roots fundraiser that started 4 years ago in Seattle with one team and has grown across North America to last year having 22

teams, this year there are even more. We have 2 teams in Alberta! It is based on people helping people, we have a go fund me page and also accept private donations with 100% of what WE make going to help Alberta families. However we believe exposure would help us draw support for all teams across North America participating and helping raise funds for their communities in this special event for this year, and future years to come.

Every member of our Edmonton team is very skilled and holds some sort of professional position in the sport, from being professionally trained and certified SUP teachers, SUP Race and SUP Surf Event organizers with nothing less than 5 years of paddling experience, to myself having represented for Team Canada at ISA World competitions.

Hawrelak Park would be a great place for exposure and support and that is our first option. If the location is still covered in ice our team will travel to Canmore to join the southern Alberta Team on a small open lake there.

We collect funds before the event however anything donated during or shortly after will also be included in us having the opportunity to help as many families as we can.

We are just trying to get the word out. we will be very happy to answer any other questions you may have or provide anything else required. Thank you for your time much appreciated.

Sincerely the Edmonton 24 Hour Team:

Ryan Knysh, Kim Sosnick, Adam Cole, Trevor Peterson, Jolena Hove, Corey Jespersion

DID YOU KNOW? CLEAN AIR FILTERS

Cars and trucks can benefit greatly from clean air filters. Many drivers are aware of the need to change the oil in their vehicles according to the intervals designated in their owners' manuals, but few may be aware of the many benefits of changing air filters. One such benefit pertains to fuel efficiency. The automotive website CarsDirect.com notes that studies have shown that changing clogged air filters can improve fuel efficiency by as much as 10 percent and save drivers as much as 15 cents per gallon of fuel. Clean air filters also can benefit the environment. When vehicle air filters are clogged, air flow to the engine is reduced, adverse-

ly affecting vehicle emissions. Clean filters increase air flow to the engine, reducing vehicle emissions as a result. Clean air filters also can help drivers get more out of their vehicle investments. Designed to trap dirt and debris, clean air filters prolong engine life by preventing such particles from damaging engine components. Drivers can check their owners' manuals for air filter replacement guidelines, but manufacturers generally advise drivers change their air filters every 12,000 to 15,000 miles. Such a repair is inexpensive but can go a long way toward ensuring vehicles operate as efficiently as possible.

SOME TELLTALE SIGNS OF ENGINE TROUBLES

Engine troubles are many drivers' worst nightmares. Whether they occur out on the road or they prevent drivers from leaving their driveways in the morning, engine troubles can quickly derail plans and cost drivers substantial amounts of money.

Thankfully, engine troubles are often noticeable long before cars break down. Drivers who learn to recognize the signs that suggest engines might be in need of work can avoid being stranded on the road or at home.

- **Vehicle shaking:** One telltale sign of engine trouble is when a vehicle shakes while it's moving. Drivers of old cars and trucks may not expect the smoothest of rides, but cars that shake, sometimes violently, could be experiencing problems. Sometimes a car might shake if its spark plugs need replacing. That's an easy, inexpensive fix that drivers can do on their own in a matter of minutes. A more serious cause of the vehicle

shaking could be problems with its timing belt or fuel intake system. Drivers who inspect and/or replace their spark plugs but notice their vehicles are still shaking should take their cars into their mechanics immediately.

- **Sudden gas mileage reduction:** Drivers who notice they're not getting as much bang for their gas bucks as they used to might have engine troubles to blame. According to Pep Boys, a dropoff in gas mileage might be indicative of an issue in the compression stroke of the engine. Such an issue can typically be fixed by having the fuel system serviced, which will clean the fuel system and can help restore the vehicle's performance and reduce emissions.

- **Noises:** If driving has become as noisy as a rock concert, drivers should take heed that this could be indicative of engine trouble. Pep Boys notes that noises typically indicate abnormalities in the combus-

tion flow. Such noises may include knocking, hissing and popping. Vehicles making these noises should be taken to a mechanic immediately.

- **Stalling:** Vehicles that jerk or stall also may be experiencing engine troubles. While old spark plugs might be the culprit, stalling or jerk-

ing may indicate clogged fuel lines or fuel filters. Such issues may also be traced to issues with the vehicle's computer system. Bring such issues to the attention of a mechanic, and reduce their frequency with regular oil changes.

RESTORATION WORK UNDERWAY AT THE FOREST INTERPRETIVE CENTRE

Submitted by Tara Galant, Legislative Manager | Town of Whitecourt

Restoration of the Forest Interpretive Centre is underway due

to water damage stemming from a water line break on March 20.

The Forest Interpretive Centre is closed until further notice.

All bookings up to and including Sunday, April 8 will be can-

celled. For further information on bookings for this facility, please contact the Town Office at 780-778-2273.

Whitecourt Town Council's Regular Meeting scheduled for

March 26 and the Special Meeting scheduled for April 3 will be held in the large boardroom at the Town Office.

CALL FOR PROPOSALS – ENGAGING YOUTH

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for proposals through the Canada Service Corps.

The call is for projects that benefit young people and allow them to grow on a personal level

by building relationships, learning new skills, and creating a lasting impact on the communities they serve.

Specific funding is also available for projects that are focused on reconciliation with Indigenous Peoples. This funding will support project proposals that bring together Indigenous and non-Indigenous youth—allow-

ing them to work together to learn about the process of reconciliation, as well as identify and address social issues in the community.

Eligible organizations include: not-for-profit or for-profit organizations; Indigenous organizations; research institutes; municipalities; and schools. The deadline to apply is April 3,

2018.

“This is an opportunity for local organizations to engage young people and involve them directly in meaningful service opportunities. I encourage all interested organizations to apply,” concluded MP Eglinski.

For more information and to apply for funding, please visit <http://canada.ca/canadaservicecorps>.

ALBERTA BEACH MUNICIPAL LIBRARY SPRING NEWS!

Submitted by Cathy Brennan, Library Manager | Alberta Beach Municipal Library

Happy Spring to all! We've got a busy couple of months coming up.

The library is hosting a Community Meeting with our MLA Oneil Carlier on Tuesday, March 27 from 6:30pm – 7:30pm. Come out and join us in talking about our community.

Story Time is back! Children 3-8 years old are invited to hang out with Miss Rena Saturday mornings starting April 7 (ex-

cept April 21) and running until May 12. The one hour session starts at 11:15 am. Join us for some stories, fun activities, and snacks!

The Adventure Bus is making a stop at the library on Tuesday, April 17. The Adventure Bus is a full sized school bus that has been converted into a mini gym. The Bus is equipped with a variety of fun equipment including a zip line, monkey bars, rock climbing wall, mini-trampoline, rings, bean bags, you get it.... lots of fun! There are two sessions to choose from: 3:15 pm

to 4:00 pm and 4:00 pm to 4:45 pm. The activities on the bus are best suited for kids age 2 to 11. Space is limited and pre-registration is required by e-mailing ablibrary@yrl.ab.ca or calling 780-924-3491. There is no cost for this program and we thank FCSS for providing funding to bring the Bus out to our library.

The Library Art Wall also has a new display. Mrs. Walker, the art teacher from Onoway Junior Senior High school has lent us some great art pieces from her grade 10 students. The theme of the display is “Hands” and these

hands will hang in the library until the end of April so stop in to check them out.

The book club is going strong and meets on the last Thursday of each month. New members are always welcome. April's book is “A House in the Sky” by Amanda Lindhout.

For more information about programs or events at the library please contact us at 780-924-3491, ablibrary@yrl.ab.ca or on facebook at “Alberta Beach Municipal”

RCMP BEATS

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

	6	9	4	7	5		8	
	7		9	1	2	4	3	6
	1		3	8			7	
	5			6			2	
	3		5	4	1			9
	8		2		9			
1								7
8	9	3			4		1	2
	2							8

ANSWER:

3	6	9	4	7	5	2	8	1
5	7	8	9	1	2	4	3	6
4	1	2	3	8	6	9	7	5
9	5	4	8	6	7	1	2	3
2	3	7	5	4	1	8	6	9
6	8	1	2	3	9	7	5	4
1	4	5	6	2	8	3	9	7
8	9	3	7	5	4	6	1	2
7	2	6	1	9	3	5	4	8

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
