# REDUCE THE RISK: UNPLUG SMALL APPLIANCES WHEN NOT IN USE

**Submitted by Mariann McLaughlin, Corporate Communications | City of Leduc**

Fire safety is paramount throughout the home, especially in the kitchen when working with small appliances. Leduc

Fire Services is reaching out to citizens online to raise awareness on the importance of keeping small appliances unplugged when not in use.

“We suggest people to think of it this way...any small appliance that produces heat, such as

toasters, microwaves, counter-top kettles and portable dishwashers, should always remain unplugged when they aren't in use,” says Deputy Fire Chief Gerry Kelly, with Leduc Fire Services.

# RCMP INVESTIGATE BREAK AND ENTER

**Submitted by Breton/Thorsby RCMP**

Winfield, Alberta - On March 24, 2018 Breton RCMP responded to a report of a break and enter to the Winfield Arena.

Investigation into the matter re-

vealed that the incident occurred between 2:00 and 2:40 a.m.

Entry was gained through the back emergency door. The suspects caused extensive property damage and made off with several items including food, a power Delta mitre saw, hand tools and

chemicals. The total loss has reached a substantial value.

If you have any information that could assist in this investigation, please contact the Breton RCMP at 780-7696-3920; or Crime Stoppers at 1-800-222-8477 or [www.crimestoppers.ab.ca](http://www.crimestoppers.ab.ca).

# LEDUC RCMP AND MAJOR CRIMES UNIT INVESTIGATING MAN'S DEATH

**Submitted by Leduc RCMP and Major Crimes Unit**

Update: RCMP have charged Hossein Ayaghchi (59) of Leduc County, with second degree murder and indignity to human remains in relation to the homicide of his son Mohammad Ayaghchi (32).

An autopsy conducted at the Chief Medical Examiner in Edmonton today determined that

the manner of his son's death was homicide.

Hossein Ayaghchi was remanded into custody after a judicial hearing and will be appearing in Leduc Provincial Court on March 29, 2018.

Given that this matter is now before the courts, the RCMP will not be providing additional information in relation to the present charges. Should new details surface, they will be provided

by means of an updated media release.

Background:  
On March 15, 2018 at approximately 10:40 p.m., Leduc RCMP responded to a report that a male had been shot at a rural residence in Leduc County.

Members arrived on scene and found a deceased adult male outside of the home. The father of the victim was arrested and taken into custody.

# RCMP INVESTIGATE BREAK AND ENTER

**Submitted by Thorsby/  
Breton RCMP**

Wetaskiwin County, Alberta – On March 13 the Thorsby/Breton RCMP responded to a report of a break and enter to a residence on Range Road 281 near Pigeon Lake. The RCMP is seeking public information in relation to this incident.

At approximately 9:30 a.m., a property representative reported that an alarm at the residence had been activated. The front door of the residence was damaged during entry, however it does not appear that the culprits stayed following the alarm activation. The unknown suspects were seen leaving the residence driving a dark coloured SUV or mini van.

If you have any information that could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951 or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous. If you see suspicious people or activity in your community, please contact your local RCMP Detachment.

# RCMP SEEK TO RECOVER SPECIAL STOLEN ITEMS

**Submitted by Thorsby/  
Breton RCMP**

Thorsby, Alberta - On March 22, 2018 the Thorsby/Breton RCMP received a report of theft from a vehicle parked at the Arctic Spas facility employee parking lot. Several special items were taken, and the RCMP are looking for assistance to recover those items.

At 5:00 p.m., the RCMP received the report of this theft.

It is believed to have occurred sometime between 1:00 – 4:00 p.m. on the 22nd. An unknown suspect took some personal belongings out of the vehicle including a white “Roxy” backpack with pink/purple/blue paint splatter designs. Inside the back pack were 3 rings; an engraved garnet grad ring, a black men’s Onyx ring with 2 small diamonds and a daughter’s pride ring amongst other things.

These items are most especially of sentimental value to the owner and the RCMP is seeking public assistance in identifying the culprit responsible, and having those items recovered and returned. If you have any information that could assist in this investigation, please contact the Thorsby RCMP at 780-789-3951, or Crime Stoppers at 1-800-222-8477 or www.crimestoppers.ab.ca if you wish to remain anonymous.

# THORSBY RCMP PREVENT BREAK AND ENTER IN PROGRESS

Submitted by Thorsby RCMP

Leduc County, Alberta – On March 18, the Thorsby RCMP observed a suspicious vehicle parked in a driveway which ultimately led to arrests and the recovery of stolen property.

At approximately 7:00 p.m., while on patrol in the rural area,

Thorsby RCMP members spotted what appeared to be a suspicious vehicle parked on the driveway of a residence near Township 480 and Highway 778. The RCMP determined that the vehicle had a fake licence plate. A male and female were arrested outside the residence, and further investigation revealed a break and enter in progress within that residence.

42-year-old Kirk Kuske and 29-year-old Marcia Gold have both been charged with numerous offences including breaking and entering, possession of stolen property and other offences related to failing to comply with conditions of their prior releases. A search of the vehicle revealed other stolen property from other detachment areas.

Both Kuske and Gold remain in custody and are scheduled to appear in Provincial Court of Alberta in Leduc on March 22nd, 2018.

Partnerships with community members are important to the RCMP in ongoing crime prevention. If you see something or someone suspicious, report it to your local detachment.

## Reduce The Risk: Unplug Small Appliances When Not In Use

Continued From Page 1

“This also includes irons and hair styling tools, like hair dryers, curling irons, flattening irons, etc.”

Leduc Fire offers a few helpful tips to keep in mind:

- If there is no power, it won't cause a fire. Keep items unplugged unless in use
- Always check for recalls on the product
- Inspect your small appliances, including the cords, for anything out of the ordinary
- Maintain and care for your appliances, this includes the cords
- Test ground fault circuit interrupter (GFCI) protection anywhere water and power are within six feet of each other
- Only use approved appliances. For example, items marked Canadian Standards Association (CSA) and Underwriters Laboratories Canada (ULC)
- Follow the instructions on your small appliances
- Extension cords aren't to be used as permanent power sources
- Don't overload your electrical outlets

Courtesy of <http://www.ofc.alberta.ca>

“Many people rely on appliances that have an automatic shut-off feature, however sometimes those don't always work and that appliance becomes a fire hazard,” says Kelly.

For more information, visit the Officer of the Alberta Fire Commission ([ofc.alberta.ca](http://ofc.alberta.ca)) or follow Leduc Fire on Facebook.com/LeducFireServices, Twitter (@LeducFire) or call 780-980-7177.

# CALL FOR PROPOSALS – ENGAGING YOUTH

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for proposals through the Canada Service Corps.

The call is for projects that benefit young people and allow them to grow on a personal level

by building relationships, learning new skills, and creating a lasting impact on the communities they serve.

Specific funding is also available for projects that are focused on reconciliation with Indigenous Peoples. This funding will support project proposals that bring together Indigenous and non-Indigenous youth—allowing them to work together to

learn about the process of reconciliation, as well as identify and address social issues in the community.

Eligible organizations include: not-for-profit organizations; Indigenous organizations; research institutes; municipalities; and schools. The deadline to apply is April 3, 2018.

“This is an opportunity for

local organizations to engage young people and involve them directly in meaningful service opportunities. I encourage all interested organizations to apply,” concluded MP Eglinski.

For more information and to apply for funding, please visit <http://canada.ca/canadaservice-corps>.

# RIDING UPDATE – WEEK OF MARCH 12, 2018

Submitted by Jim Eglinski, MP – Yellowhead

As stated at the end of my last update, I took a week off in lieu of a winter vacation. Upon my return to the riding, I got right back to work. Over the week, I met with several constituents throughout the riding, returned emails and phone calls, and participated in meetings.

I spent Monday in my Edson office, where I answered emails and met with constituents concerning issues in the riding.

On Tuesday, I had a meeting in Edson regarding Kinder Morgan’s Trans Mountain Pipeline Project. After my meeting, I drove to Jasper where I participated in the Jasper National Park Annual Forum, a public forum where the Park’s yearly report is discussed. This year, it was also an opportunity to ask Park staff about Jasper’s wildfire preparedness and the spread of the mountain pine beetle.

On Wednesday, I stopped in Nordegg to meet with a constituent while on my way to Rocky Mountain House, where I spent some time in the office. After meeting with residents the following day, I drove to Drayton Valley for more meetings with constituents and business leaders, and later returned to Edson.

On Friday, I attended the Peers Play School Ukrainian Supper and Dessert Auction.

I will spend Saturday celebrating St. Patrick’s Day with friends and family before heading back to Ottawa on Sunday. The House of Commons will sit for two weeks before the Easter holiday. Look for my update next Friday on the happenings of Parliament.

# HEMPWORX PURE HEMP HERBAL DROPS

## The World's Purest CBD Oil

Our CBD Herbal Drops utilize Hemp-Derived Full Spectrum CBD grown on Kentucky Farms.

Hemp Worx's CBD Herbal Drops are in a class of its own - affordable, high quality, and convenient!

## WHAT IS CBD?

**Cannabidiol (CBD)** is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychoactivity (typically associated with marijuana products and high THC).

**HempWorx CBD** products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain ZERO THC.

## Benefits of CBD Herbal Drops

- Reduce Nausea & Vomiting
- Suppress Muscle Spasms
- Reduce Seizures & Convulsions
- Promotes Health
- Promotes Brain Tissue & Bone Growth
- Fibromyalgia Pain
- Reduces Blood Sugar Levels
- Antibacterial
- Anxiety & Depression
- Reduces Nicotine Cravings
- Digestive Aid
- Anti-Psychotic
- Ringing Ears - Tinnitus
- Inhibits Cell Growth in Tumors

## CBD HEALTH BENEFITS

### Mental & Brain Health

CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

### General Health

Cannabidiol has incredible medicinal benefits and will improve overall wellness.

### Healthy Balance

Cannabidiol helps restore healthy balance to the endocannabinoid system.

# CENTRAL ALBERTA DISTRICT ICRU INTERRUPTS CRIMINAL ACTIVITY

Submitted by Central Alberta District ICRU

While conducting patrols through areas of known criminal activity in Leduc, the Integrated Crime Reduction Unit (ICRU) located a stolen truck, and ultimately arrested the driver who was subject of a Conditional Sentence Order.

On February 14 in the early afternoon, the ICRU team located a truck which had been stolen out of Leduc on February 9. Just before 6:00 p.m., 25-year-old Jesse Beaudry of Leduc was arrested, without incident, for possession of stolen property.

As a result of this arrest, Beaudry is facing new charges of possession of stolen property as well

Breach of Undertaking charges and Breach of Conditional Sentence Order (x 6). He remains in custody with a scheduled court date of February 22 in the Provincial Court of Alberta in Leduc.

The truck will be returned to its rightful owner.

“The strategy of the ICRU is to gather intelligence on crime hotspots and repeat offenders”

says Corporal Pete MacMillan of the ICRU. “From our inception, our ongoing goal has been to proactively intervene in criminal activity, thereby reducing calls for service on the frontline members.”

Citizens are encouraged to be aware of their surroundings and to report suspicious activity in your neighbourhood.

# LEDUC RCMP CHARGE MAN WITH CHILD ABANDONMENT

Submitted by Leduc RCMP

Leduc, Alberta - On March 16th, 2018 shortly after 1030pm, Leduc RCMP were called to a complaint of a possible impaired driver in Calmar. A witness found the driver who appeared intoxicated, pulled over on the side of the road near a Calmar bar. The driver left his vehicle parked, abandoning his child who was not dressed for the weather, while he went into the

bar. After being in the bar for a period of time, the driver disclosed that he had a child with him. A concerned citizen went out to his car and found the two-month old child alone, cold, and in distress. The child was cared for by some concerned citizens until police arrived and was taken via ambulance to the Leduc Hospital.

Leduc RCMP partnered with Child and Family Services (CFS) and were able to identify the child's mother who came to the

hospital. The child did not suffer any adverse affects from this incident. The male left the bar and drove away before police arrived.

The child's father, a 33-year-old man from Drayton Valley was located, arrested and charged with:

- One count of abandoning a child
- One count of causing a child to be in need of intervention
- One count of impaired operation of a motor vehicle
- One count of impaired operation

over 80mg%

- One count of breach of a Recognizance

The accused was released on his own Recognizance and is scheduled to appear in Leduc Provincial Court on Thursday March 22, 2018.

The quick thinking of and care provide by concern citizens helped bring this incident to the attention of the Leduc RCMP. As this matter is now before the courts no further information is available.

# Spring 2018 HomeRENO

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

## COMPLETE THESE HOME IMPROVEMENTS OVER THE WEEKEND

Home improvement projects ramp up when the weather warms up, as homeowners channel the rejuvenating feelings of spring and tackle their home to-do lists. Large-scale renovations can greatly affect a home, but smaller projects can yield impressive results and be completed over the course of a single weekend.

If time is of the essence, these weekend or one-day projects may satisfy homeowners' desires to fix up their homes.

- Create an accent wall. Painting a focal wall in a home can create a serious impact. The bonus is it will not take as long or require as many materials as painting an entire room. Accent walls frequently feature a bold color, so decide on placement and tackle this project in

less than a day.

- Install stair runners. Dress up hardwood stairs with decorative carpet runners. Runners come in elongated pieces of carpeting or individual pieces that can be placed on each step. If carpeting doesn't fit with the home's design, painting individual stair treads also can create visual appeal.

- Dress up the entryway. An entryway is a guest's first impression of a home. Many entryways can use a minor overhaul, both inside and outside. Paint the front door a different color so it pops from the curb. Install a new mailbox or decorative house numbers. A new welcome mat can change the look as well. Inside, consider laying a new floor. Resilient vinyl tiles come in many different patterns and can

mimic the look of wood, travertine or marble. Installing a floor can take a day or two.

- Install a new faucet. Instantly improve a kitchen or a bathroom with new fixtures. New faucets can provide aesthetic appeal and low-flow faucets can help conserve water.

- Create a gallery on the staircase. Gather and arrange framed photos, artwork or wall accents so that they ascend the wall of a staircase. This creates a designer touch and can dress up an often barren area of wall space.

- Install a fresh light fixture. Improve drab spaces with a little illumination. Better Homes & Gardens suggests replacing an existing fixture with something new and vibrant. If hanging a new fixture is not

within one's skill set, free-standing table or floor lamps also can cast a new glow on a space.

- Add molding. Molding can add instant aesthetic appeal to a room. Molding is appropriate near the floor, at the top of walls where they meet the ceiling, or even mid-wall as a chair rail. Some homeowners like to create framed molding on walls in formal living spaces.

- Update kitchen or bathroom hardware. Replacing hardware is a fast and easy project, but one that can have immediate impact. Swap out tired or outdated hardware for newer brushed metals and more impactful shapes and designs.

Home renovations do not need to take weeks or months. Many projects can be completed over the course of a weekend.

## AWNINGS CAN MAKE OUTDOOR SPACES MORE COMFORTABLE

Many homeowners are eager to step outdoors upon the return of warm weather. Outdoor entertaining areas can be great, but such spaces may go unused when summer sun makes it uncomfortable to spend time outdoors. But a retractable awning can change all that. Homeowners often find awnings can be worthwhile investments that can be beneficial both inside and outside of the home.

Increase usable yard space  
Awnings can create privacy and establish boundaries for outdoor living areas. Place an awning over a deck, tables and chairs, or an entire patio area. Some people like to install awnings over a portion of their pools to provide shade for those who want to escape the sun's rays. Motorized awnings can be retracted with the push of a button, which can help homeowners with physical limitations.

Protect against sun damage  
Awnings provide excellent protection against sun damage, as they can shield outdoor furniture from direct sunlight, helping to reduce the chances for discoloration or fading.

Reduce air conditioning costs  
In addition to shading outdoor living areas, smaller awnings can be placed over southern- and western-facing windows, shielding interiors against the sun's rays. In turn, this may reduce reliance on air conditioners.

Expand gardening possibilities  
Some plants require very specific light conditions to grow. Awnings can protect shade-loving plants from harsh sunlight and filter the sun for plants that require indirect light. They can be placed over a patio container garden or permanent garden structure.

Add value for buyers

For those who may be selling their homes soon, awning may help them receive top dollar. Today's buyers want houses that have attractive and functional exteriors, and an awning can provide that

competitive advantage over similar homes in the neighborhood.

When renovating outdoor areas, homeowners should not overlook awnings that can make outdoor living spaces more livable.

## IS IT TIME TO UPDATE YOUR HOME'S ELECTRICAL SYSTEM?

The invisible systems in a home often are taken for granted. When such systems are working as expected, daily life moves along smoothly. However, when a system goes awry, it can negatively impact routines and may create a dangerous home environment. This is especially true when something goes wrong with a home's electrical system.

Faulty wiring is a leading cause of residential fires. Many homeowners, particularly those who live in older homes, might be living in properties that have outdated electrical systems. The experts at Lowes ProServices state that having old wiring and/or insufficient amperage in a house can endanger residents. It

also may damage appliances and make it difficult to sell a property in the future.

It can be difficult to gauge exactly when to overhaul an electrical system. Unless circuits routinely trip or lights often dim, homeowners may put off the work. But degrading wires or overextended circuitry can pose a fire risk, so it is best to address electrical systems promptly.

Home inspections may uncover electrical problems. Some homeowners may discover potential trouble while making renovations that require opening up walls or tearing them down, exposing the wires. Still other homeowners learn about electrical systems when they're adding new, large

appliances or other gadgets that consume more power than existing items. These devices may continually cause power outages in the house, such as tripping the circuit breaker or popping a fuse.

When it comes time to update the electrical system, it is always best to work with licensed and bonded electricians who have the expertise to work with electrical wiring without getting injured. This is not a do-it-yourself type of job since it requires specialized training.

Electricians likely will recommend upgrading the electrical panel to bring more power from the utility poles into the home. This can include replacing the existing meter and circuit breaker box to allow it to handle more power or replacing items that are obsolete or dangerous.

Many older homes are only

capable of handling a minimum number of amps, utilizing just a few circuits. But nowadays, when homeowners have far more electronics in their homes than they once did, increased demand on electricity can overload a circuit (all of the outlets linked on one wire). Tripping a circuit breaker is a safety measure to prevent the wire from becoming overheated and causing a fire. However, in some old systems, the circuit breaker will not trip, and this can be problematic.

Rewiring a home is another step. Wire insulation can deteriorate over time, and new wires may be needed. This can be messy and time-consuming, but it's a small price to pay for safety. When rewiring an electrician also may suggest new outlets. Many home building codes now require outlets with ground fault interruptors, or GFIs, in kitchens, bathrooms and other rooms exposed to moisture. Some older homes may not even have three-pronged outlets, so this will necessitate an update as well.

Electrical systems are the heart of a home, delivering power where it is needed. It is essential to keep such systems up-to-date so they can handle the power demands of everyday life.

# PARLIAMENT UPDATE – WEEK OF MARCH 19, 2018

**Submitted by Jim Eglinski, MP – Yellowhead**

This week, debate was largely focused on Budget 2018. We also covered topics including distracted driving, Latin American heritage, and the invitation of an attempted assassin to a state dinner with the Prime Minister.

The following was debated in the House:

- Budget 2018
- Bill C-373, an act respecting a federal framework on distracted driving (Second Reading)
- Bill S-218, an act respecting Latin American heritage month (Second Reading)
- Opposition Motion—National Security Advisor to the Prime Minister

On Tuesday, I participated in debate on Bill C-373, which would implement a national framework on distracted driving. You can read all debates in the House on the corresponding day's Hansard at [www.ourcommons.ca/en](http://www.ourcommons.ca/en).

Also on Tuesday, the Liberals introduced new firearms legislation, Bill C-71. I believe that the safety of Canadians should be the number one priority of any government. This issue is especially important to our riding due to the increase in rural crime in the region. Unfortunately, this legislation has no new measures to combat escalating crime rates in our rural communities, or to reduce gang violence in Surrey and Toronto. Bill C-71 will be debated next week and I expect to speak on the legislation on Tuesday.

I was unable to attend two events in the riding this weekend as we had a marathon voting session that began on Thursday evening and continued well into Friday. The Liberals were given the choice to be transparent with Canadians and allow the National Security Advisor to brief Parliamentarians about the Prime

Minister's trip to India, or face up to 40 hours of voting in the House of Commons.

The Prime Minister failed to be honest with Canadians about the Atwal affair. He embarrassingly continues to support a conspiracy theory that the Indian Government tried to sabotage his trip.

It is imperative that the National Security Advisor provide

Members of Parliament with the same information provided to journalists on February 23, 2018. This will help Canadians understand if the Prime Minister is telling the truth.

In the Standing Committee on Canadian Heritage (CHPC), we continued our study on the state of Canadian museums. For more information on these meetings,

visit the CHPC Committee website at [www.ourcommons.ca/Committees/en/CHPC](http://www.ourcommons.ca/Committees/en/CHPC).

This week, I attended nine meetings, three events, and taped one video message. Next week, the House will sit from Monday through Thursday before the Easter holiday. Look for my next update on Thursday on the happenings of Parliament.

## PROTECT VEHICLE PAINT FINISH

Perhaps nothing ages a car or truck more than a lackluster exterior finish. Even if vehicles are only a few years old, failure to maintain the paint, tires and chrome accents can make them look worn beyond their years, potentially affecting resale value.

The environment can be a vehicle's worst enemy. Protecting a car means being mindful of substances and habits that can compromise the exterior finish.

Seek shade

Over time, the sun can damage a vehicle's paint job through oxida-

tion and premature fading. People who live in areas with especially warm climates may see the paint on their vehicles suffer considerable damage thanks to the sun.

One of the easiest ways to protect a vehicle from the sun is to use sheltered parking or park in the shade whenever possible. This can help protect the paint, headlights and trim. Drivers should store their cars in their garages overnight and during daylight hours when they are home.

Wash and dry

It's important to routinely wash vehicles to protect their exterior finish. Use a mild cleanser designed for automobiles and a clean rag or sponge so as not to cause scratches that can cause further damage. Because minerals in tap water can be left behind through evaporation and may oxidize and damage the paint, it's best to wipe

away as much residual moisture as possible with a chamois.

Paint protection

Waxing can prevent bird droppings, berries, splattered bugs, and more from sticking to the paint and wearing down the finish. Waxes come in paste, liquid and spray. Each type has a different reapplication schedule, so drivers should consult the product instructions.

Vehicle owners also can invest in spray films to further protect painted surfaces. Do-it-yourself products are applied like a spray and then dry to an invisible, durable film. This helps protect against insects, gravel, sand, winter salt, and even road grime. Different manufacturers offer protection films.

It is important to safeguard the exterior of a vehicle to help it look newer longer, protecting the value of the car or truck while also protecting it against the elements.
