BRETON RCMP INVESTIGATE BREAK AND ENTER

Submitted by Breton RCMP

Breton, Alberta - In the early morning hours of March 24 2018 the Breton RCMP were notified of a break and enter to the Breton ESSO. Upon review of video footage, it was noted that a newer white GMC or Chevrolet Crew Cab pickup truck had

attended the location.

Three suspects, two males and one female exited the truck and gained access by breaking the front window and sending the female through to unlock the back door. The suspects left after obtaining several food items and a knife display case.

The truck appears to have dam-

age to the rear driver side of the tailgate and several small dents in the passenger side of the box.

If anyone has any information regarding the persons involved, please contact the Breton RCMP at (780) 696-3502 or Crime Stoppers at 1-800-222-8477

4-H FOUNDATION OF ALBERTA SET TO DELIVER \$80,000 IN SCHOLARSHIPS IN 2018

Submitted by Bianca von Nagy, Director, Philanthropy and Planned Giving | 4-H Alberta | 4-H Foundation of Alberta

The 4-H Foundation of Alberta is proud and thrilled to announce the largest monetary scholarship in 4-H Alberta's history: in 2018, the Elmer and Ona Hansen Memorial Scholarship fund will award \$80,000 to ten (10) Alberta rural farm youth (25 years of age and younger) who have

completed high school and are enrolled as a first-year student at an acknowledged post-secondary institution.

"At 4-H Alberta, we are all about youth and fostering the future leaders of our communities and Alberta. Providing scholarships is one of the many ways we are setting our members up for success. This is one of the reasons why we were beyond thrilled to increase the existing scholarship award monies to the highest paying scholarship

in 4-H Alberta's history," says Leah Jones, Chief Executive Officer of the 4-H Foundation of Alberta.

The scholarship is designed to help rural farm youth who must leave home to pursue a post-secondary education or trade. The following monetary amounts will be awarded in 2018:

- First place: One (1) \$20,000 scholarship
- Second place: One (1) \$15,000 scholarship

MAYOR YOUNG ISSUES STATEMENT ON THE HUMBOLDT BRONCOS

– Offers condolences on behalf of the City of Leduc and residents

Submitted by Nikki Booth, Corporate Communications | City of Leduc

City of Leduc Mayor Bob Young has issued the following statement regarding the tragedy involving the Humboldt Broncos:

“To the players, Broncos organization, families and friends, fans and billet families, know that the City of Leduc holds you in our thoughts and our hearts ache deeply for you. We are so sorry for the loss of the members of the team. We also wish the surviving members a strong recovery over the coming days, weeks and months.

Hockey is part of the fabric of communities across our country and many young players head off to communities as part

of their passion for the sport. Leduc is no different, as such we are deeply affected by the tragic situation involving the Humboldt Broncos. Words cannot capture the magnitude of this loss but it is felt in communities where these young men were born and raised, including Leduc, which some of the Broncos have called home as a part of the Leduc Junior Athletic Club and Leduc Minor Hockey Association. While this has occurred a province away it feels so close to home.

In the midst of this tragedy there is a beacon of light in Humboldt and across Saskatchewan as communities quickly set up reception centres, delivered services for families, friends and others and provided emotional and physical support. They

did what those of us who are so far away couldn't do - embracing those immediately affected by this tragedy. To Mayor Rob Muench, we are inspired by your community's response and are here to support should you require it.

Lastly, we want to acknowledge the work done by all emergency services personnel. From those that were first on scene who witnessed the unbelievable to the medical professionals at the hospitals across Saskatchewan, thank you for everything you have done to help the victims of this tragedy. Our thoughts are with you as you process all that you witnessed.

The City of Leduc is here to support in any way possible and know we are just a phone call away.”

JOKE OF THE WEEK

Today I went to a barber's shop for a shave. The barber asked me to put a small wooden ball in my mouth so he could get a closer shave around my cheeks.

I asked: "But what if I swallow the ball?"

He replied: "No problem sir, you just bring it back tomorrow like everybody else."

MP EGLINSKI CONGRATULATES LOCAL ORGANIZATIONS APPROVED FOR FUNDING UNDER THE NEW HORIZONS FOR SENIORS PROGRAM

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to announce a total of \$144,674 in funding for Yellowhead organizations through the New Horizons for Seniors Program.

Since 2004, the Employment and Social Development Canada program has helped to ensure seniors benefit from, and contribute to, the quality of life in their communities through active living and participation in social activities. The selected projects are either led or inspired by seniors.

The projects include:

The Town of Mayerthorpe will receive \$8,600 for their community garden to build raised planter beds, a sun shelter, and a cement pad for seniors with disabilities so that they can continue to harvest and distribute produce.

The Thorsby Seniors Citizen Club will receive \$23,500 to upgrade their activity center. This will include purchasing a greenhouse for gardening, leather working tools for leather working, and kitchen equipment for cooking classes.

The Edson and District Recycling Society will receive \$25,000 for their Senior Mentorship Program's community garden. Seniors involved with the organization will mentor youth and community members through workshops on garden maintenance, pruning and harvesting.

The Warburg Cultural Society will receive \$25,000 to make improvements to their Cultural Centre. This will include renovating the kitchen and craft area to allow seniors to participate in activities such as quilting and cooking classes.

The Cadomin Legion Branch 124 will receive \$24,054 to repair their damaged roof to allow seniors to continue participate in activities such as darts, foosball and air hockey.

The Alberta Beach and District Active 50+ Club will receive

\$25,000 to purchase and install outdoor exercise equipment and benches to allow seniors to participate in exercise and have a place to socialize.

The Evansburg Senior Citizens Society will receive \$13,520 to

purchase curling equipment, chairs and a vacuum cleaner to allow seniors to continue floor curling, card games and socializing in a comfortable, well-kept facility.

“As a member of the Parliamentary All-Party Seniors Caucus and

being a senior myself, I am convinced that a high quality of life for seniors requires helping them stay active, engaged and informed. I am pleased to see these outstanding projects in our communities receive funding,” concluded MP Eglinski.

PARLIAMENT UPDATE – WEEK OF APRIL 16, 2018

Submitted by Jim Eglinski, MP – Yellowhead

This week, we covered topics including Budget 2018 and the ongoing Trans Mountain Expansion Project crisis.

The following was debated in the House:

• Bill C-25 – An Act to amend the Canada Business Corporations Act, the Canada Cooperatives Act, the Canada Not-for-profit Corporations Act, and the Competition Act (Consideration of messages between the Senate and the House of Commons)

• Bill C-74 – Budget Implementation Act, 2018, No. 1 (Second Reading)

• Bill C-330 – An Act to amend the Controlled Drugs and Substances Act (landlord consent) (Second Reading)

• Bill C-395 – Opportunity for Workers with Disabilities Act (Second Reading)

• Bill C-396 – An Act to amend the Department of Industry Act (financial assistance) (Second Reading)

• Bill S-210 – An Act to amend An Act to amend the Immigration and Refugee Protection Act, the Civil Marriage Act and the Criminal Code and to make consequential amendments to other Acts (Second Reading)

• Emergency Debate – Trans Mountain Expansion Project

On Monday, I had the pleasure of meeting with Avery Pelz, a young constituent and student from Edson. She was visiting Ottawa as a participant of Encounters with Canada.

On Tuesday, in the House of Commons, I had the opportunity to recognize a local constituent. Ciera Knight, a 24 year-old from Edson, is currently at the base camp of Mount Everest and will attempt to summit the mountain between May 20 and 26. You can read comments, speeches, and debates in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

In the Standing Committee on Canadian Heritage (CHPC), we

continued our study on cultural hubs and cultural districts in Canada. We also continued our study on the state of Canadian museums. For more information on these meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended seven meetings four events. I will return to the riding on Thursday to attend an event in the riding. The House will not sit on Friday to accommodate the Liberal national convention that kicked off Thursday in Halifax. I will return to Ottawa on Sunday as the House will resume on Monday. Look for my update next Friday on the happenings of Parliament.

RIDING UPDATE – WEEK OF APRIL 2, 2018

Submitted by Jim Eglinski, MP – Yellowhead

I enjoyed the Easter holiday with friends and family, including a road trip from Edson through Jasper National Park and back around through Nordegg. We truly live in one of the most beautiful ridings in Canada! After the weekend, I got back to work. I met with constituents and stakeholders, visit-

ed students, and participated in events around Yellowhead.

On Tuesday, I worked in the office for a few hours before heading out to Peers to attend a public BBQ in the afternoon.

I visited a grade nine class at Niton Central School on Wednesday morning. I then returned to Edson for meetings in my office with local stakeholders and educators.

On Thursday, I spent some

time in my Edson office before driving to Rocky Mountain House where I met with Clearwater County residents to address some of their concerns. On my way back to Edson, I stopped in Gainford to visit constituents. I spent Friday in my Edson office.

On Saturday afternoon, I participated in the annual general meeting of the Yellowhead Electoral District Association

(EDA). Afterwards, I drove to Warburg to visit with constituents before continuing on to Red Deer to attend their local Safari Club International annual banquet and auction.

I will remain in the riding next week, as Parliament will still be on recess. Look for my update next Friday on my travels throughout our beautiful riding of Yellowhead.

4-H Foundation of Alberta Set to Deliver \$80,000 in Scholarships in 2018

Continued From Page 1

- Third place: One (1) \$10,000 scholarship
- Fourth to tenth place: Seven (7) \$5,000 scholarships

The Elmer and Ona Hansen Memorial Scholarship will be an ongoing scholarship and award \$80,000 or more every year going forward.

“We are very grateful for the generous investment through the Hansen Ness estate bequest. It is

because of the generosity of our community partners and donors that we are able to provide our outstanding 4-H Alberta Programs and that we have the opportunity to inspire, educate, and develop outstanding rural and urban youth, future leaders, and citizens,” adds Ms. Jones.

The application period for the Elmer and Ona Hansen Memorial Scholarship is May 1 – June 30, 2018. The application forms will be posted on the 4-H Alber-

ta website on May 1, 2018: www.4h.ab.ca.

About 4-H Alberta

4-H is a leading youth organization committed to developing outstanding leaders with indispensable skills to succeed in today’s society. Through the efforts of a dedicated provincial network, 4-H offers programs, trips, awards and scholarships for members, volunteer leaders, and families. 4-H Alberta | 4-H Foundation of Alberta RR1.

Westerose, AB. T0C 2V0

About the 4-H Foundation of Alberta

The 4 H Foundation of Alberta was formed in 1977 as a non-profit charitable foundation to build and operate the Alberta 4 H Centre. Today, a big part of the work of the 4-H Foundation of Alberta includes the overview and management of scholarships as well as fundraising efforts to support the 4-H Alberta’s outstanding youth programs and events.

SUDOKU OF THE WEEK

Fun By The Numbers

Here’s How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

3	4	8	5	6	1	7	2	9
1	5	2	9	8	7	4	6	3
9	7	6	2	4	3	8	1	5
2	1	5	8	7	9	3	4	6
7	8	4	6	3	5	2	9	1
6	3	9	1	2	4	5	8	7
5	6	3	4	9	8	1	7	2
8	2	1	7	5	6	9	3	4
4	9	7	3	1	2	6	5	8

Like puzzles? Then you’ll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

		8			1		2	9

PURE POTENT CBD DROPS

The World's Purest CBD Oil

• 500mg • 750mg

Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychoactivity (typically associated with marijuana products and high THC).

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

Benefits of CBD Oil

- Reduce Nausea & Vomiting
- Suppress Muscle Spasms
- Reduce Seizures & Convulsions
- Promotes Health
- Promotes Brain Tissue & Bone Growth
- Fibromyalgia Pain
- Reduces Blood Sugar Levels
- Antibacterial
- Anxiety & Depression
- Reduces Nicotine Cravings
- Digestive Aid
- Anti-Psychotic
- Ringing Ears - Tinnitus
- Inhibits Cell Growth in Tumors

CBD HEALTH BENEFITS

Mental & Brain Health

CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

General Health

Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance

Cannabidiol helps restore healthy balance to the endocannabinoid system.

Spring 2018 HomeRENO

The Businesses in the following Guide can be your One Stop Solution to all your Renovation Needs!

HOME SECURITY FOR THE DO-IT-YOURSELFER

Feeling secure at home is a priority for many people. Many people consider installing security systems in their homes to improve their sense of well-being. Whether one owns or rents, individuals may be surprised to learn that do-it-yourself security systems can be savvy investments.

The right system can help people protect their belongings and their families, but sorting through the various security systems on the market can be a daunting task. While full-service setups that include professional installation and monitoring are available, some homeowners may want to investigate the highly customizable DIY kits now available. Some include personal monitoring, while others are self-install technologies with professional monitoring.

Before getting started, homeowners and renters can ask themselves a

few questions to help narrow down their options.

- What is your budget? Professional installation and monitoring will likely cost more than DIY kits.
- How large is the home?
- Are you tech-savvy?
- How frequently are you out of the home on vacation or extended trips?
- Do you desire emergency response?
- Do you want an entire package or just some deterrent devices?

Once men and women have answered these questions, it's time to start shopping. Here are some DIY security system items that may be of interest.

Smart home security systems These home security systems connect to a home's Wi-Fi network so they can be monitored and controlled using a smartphone app. Others may be accessed through an

application on the internet. It is important to look for a system that has the extra security of technology that is not easily hacked.

Security cameras

Some people may only want to watch the inside and outside of their residences. It can take mere minutes to set up wireless security cameras around the house. These devices connect to a Wi-Fi network and give customers free access to a constant stream of video. Some systems make it easy for homeowners to listen in on what's going on at home and even talk to anyone within the camera's range. Others can be paired with cloud storage for recording video.

Professionally monitored

Residents who are away from home frequently or are too busy to constantly monitor security systems may like the peace of mind of professionally monitored kits. Services

like Frontpoint®, Link Interactive® and Scout® are just three that have affordable starter kits and video monitoring. Monitored alarm systems can be set to call the police or other emergency services if necessary.

Entry-level or advanced systems

Entry-level systems typically include a few door and window sensors, a motion detector and a hub that communicates with these sensors. This may be enough for someone in an apartment or small house. More extensive systems may include additional sensors, door locks, garage door openers, surveillance cameras, lights, sirens, and even water and smoke detectors.

Do-it-yourself security systems represent a new wave to safeguard one's belongings and family. Kits continue to evolve and have become more seamless than ever.

HOW TO AVOID ELECTRICAL MISHAPS AROUND THE HOUSE

Accidents around the home happen. Some are minor and easily brushed off, while others can lead to serious injury or financial peril.

Many accidents, even those that are relatively minor, can be prevented. Such is often the case with electrical accidents, which may be more common than many people think. According to the Electrical Safety Foundation International, home electrical fires account for an estimated 51,000 fires each year, resulting in roughly 500 deaths and more than \$1 billion in property damage.

Homeowners who want to do all they can to reduce the likelihood of electrical mishaps at home can employ various strategies.

- Be mindful of cords and plugs. Cords and plugs can be found throughout the typical

home. While few people may perceive cords and plugs as threats, they can serve as catalysts for accident and/or injury. Cords and plugs should always be kept clear of heat and water sources, and cords should not be placed in areas where they can pose any tripping hazards. Even if residents grow accustomed to cord locations and know to maneuver around them, guests won't be as familiar. When pulling plugs from outlets, always pull the plug, and not the cord, to reduce injury risk.

- Periodically take inventory of electrical appliances and components. Some electrical appliances age well, while others may not. Periodic inspections of appliances and their components, such as their cords, can reveal wear and tear that can lead to fires

or injuries. Replace any items that pose a threat and stop using these items immediately.

- Avoid DIY electrical work. Many homeowners are handy with hammers and other tools, but professionals are better trusted to perform electrical work on a home. The risk of accident or injury when working with wiring and other electrical components is simply too great for untrained homeowners to do on their own.

- Unplug appliances before flipping a fuse. Fuses blow from time to time. Some may be knocked out by especially powerful storms, while others may blow because they're overloaded. Regardless of why fuses blow, homeowners should turn off appliances on blown fuses before flipping those fuses back on.

Leaving appliances running when flipping a fuse can increase the risk of fire or accident. Turn off appliances, unplug them and then turn them back on one by one after the fuse has been flipped.

- Be especially cautious if anyone smells gas. Gas leaks are often detected by the aroma of the gas in the air. When such leaks are detected, homeowners should not touch or turn any electrical switches. Doing so may create a spark that can react with the gas in the air, leading to fire. If a gas leak is detected, go outside and contact a local emergency service.

Many home electrical mishaps can be prevented if homeowners exercise caution and hire certified electrical contractors to handle wiring and other electrical tasks around their homes.

TRANSFORM BATHROOMS WITH TECHNOLOGY

Technology is infiltrating every room of the house. Many new home buyers are millennials, and this tech-savvy demographic covets technological innovations.

A recent survey by Better Homes & Gardens Real Estate indicates 77 percent of Generation X and Y home buyers want their homes equipped with the tech capabilities they have grown accustomed to. Many of these involve smart innovations, including those that can transform one of the most private rooms in the house - the bathroom.

Automated home theater rooms and Wi-Fi-enabled home security systems have become the norm, but what tech improvements are available to make the powder room more in touch with today's digital lifestyle? According to the home improvement resource The

Spruce, bathrooms have the most potential of any rooms to be improved with technology. The following are just some of the bathroom gadgets and gizmos no one should resist before giving a try.

- **Automatic faucets:** Infrared sensors have been helping keep public restrooms more hygienic for years. The same technology can be used in home bathrooms to curtail water waste and keep faucets and sinks from becoming infested with germs. In addition, faucets with built-in timers can be programmed to set tasks for brushing teeth or washing your face.

- **Musical shower:** Instead of having to blast the volume on the portable speaker you use in the bathroom, a wireless speaker is built into some shower-

heads. This enables those who like to sing in the shower or listen to podcasts while washing up to enjoy this luxury effortlessly.

- **Smarter weight management:** Bathroom scales have gone high-tech as well, with various options enabling users to measure weight, BMI and body fat percentage before sending the data wirelessly to a phone, tablet or computer. This can put you in greater control of fitness goals.

- **High-tech toilets:** Borrowing ideas from bidets and trends around the world, modern toilets do not require hands or paper. These toilets have temperature-controlled water, spritzing wands and air dryers to clean and sanitize. Self-cleaning toilets help busy professionals save time and are ideal for those who always

want their bowls as clean as possible. And if you desire extra comfort, toilet seat warmers are available, while LED lights can make nighttime restroom visits easier.

- **Soaking tubs:** As fast as stand-alone showers were introduced to the modern bathroom, tubless designs have been replaced with streamlined soaking tubs. Tubs come with different features, including chromotherapy, which employs colored lights to enhance mood. Air baths are controlled electronically and provide different levels of sensation for those who are skipping the hot tub.

Round out these innovations with automated lights, chilled medicine cabinets and aromatherapy, and your bathroom will indeed become a technological spa.
