SENIORS WEEK JUNE 3-9, 2018

Submitted by Alberta Health Services

Seniors make a difference in our communities every day. From assisting and helping family members and neighbours to being active and volunteering throughout the community. They are very passionate and their contributions have and continue to benefit all Albertans.

Every year, Albertans celebrate our seniors and you are encouraged to join those festivities across the province. Your participation in Seniors Week helps highlight and show appreciation for the Alberta seniors who have helped shape where we live, work and play.

Do you have Seniors Week events happening in your community? Register them with the

Alberta Government's Seniors and Housing Events Calendar: <http://www.seniors-housing.alberta.ca/events/>.

Communities are also encouraged to show their support for seniors in their areas by officially declaring Seniors Week each year. To register your declaration, email seniorsinformation@gov.ab.ca.

DESSERT & ENTERTAINMENT NIGHT A HUGE SUCCESS

Submitted by Lorne Ross | Darwell District Recreation Association

Earlier this spring the Darwell's Centennial Hall was the venue for the second annual Dessert and Entertainment Evening hosted by the Darwell District Recreation Association. It was a most enjoyable evening with a variety of performances that provided great entertainment.

Headliners for the evening were the Darwell School Choir, the Darwell School Bucket Drummers and the Rural Route Actors Troup. They were joined by a number of youngsters performing solos and duets. The evening provided a great opportunity for all participants to showcase their talent. In addition to the performances there was a display of artwork done by the students.

Adding to the success of the

evening was the support of the following generous sponsors: the Onoway Bigway, Stony Plain Safeway, Freson Brothers Stony Plain, Scobey's Spruce Grove and Save On Foods Spruce Grove. Members of the DDRA are already looking forward to next year when local artists and performers will have the opportunity to once again to display their talents.

The program, which is funded in part by the Government of Alberta's Community and Regional Economic Support (CARES) Grant, will provide support over a two-year term to assist entrepreneurs in creating and sustaining profitable businesses, and will help revitalize our downtown core. Further information on member recruitment for the Committee has been posted to

the Whitecourt website and can be found by searching "How To Get Involved."

Council has adopted a Public Participation Policy. The new policy outlines approaches the municipality will take to engage the public, and the circumstances of when the municipality will engage stakeholders. The policy outlines the important role citizens play in decision making, and is available for viewing on www.whitecourt.ca.

Twenty-five new street lights will be installed along 51 Street from the Whitecourt Fire Hall to Rotary Park, and within the Rotary Park parking lot.

WOODHAVEN MIDDLE SCHOOL SAYS HELLO TO MIKE BOLDT

Submitted by Bre-anna Babich and Maddison Jones, Students | Woodhaven Middle School

because he wanted to be an animator for Disney, but Disney wasn't hiring. So, in the end, after studying animation at a university in Edmonton, he then started his journey as an author and illustrator, working on books like How to Grow a Dinosaur. He not only answered the students' questions but asked them some questions that made them think about their own stories. Mike always finds a way to connect with the children and see from their point of view. Thank you to the Canadian Authors Writers in School program, for giving Woodhaven students' this opportunity to learn.

Mike Boldt, an author and illustrator, recently visited Woodhaven Middle School. He taught a group of students how to create their own storyline for a short comic strip, using different shapes and sizes making it easier to draw characters. He told them about how he met some popular comic book authors and illustrators such as Raina Telgemeier. He also told them about how he wanted to get into animation school

CHANGES TO CANADA STUDENT LOANS

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is informing residents of recent changes to Canada Student Loans that will take effect in Fall 2018.

A new Skills Boost grants program has been announced. The \$287.2-million three-year pilot project will offer a \$1,600-per-year federal student grant for adults who have been out of school for more than ten years.

In addition, a person's eligibility for a Canada student grant will be based on their current year of earnings, rather than their previous year of earnings. This change is intended to better reflect the financial need of individuals, especially if they have experienced a reduction in hours or been laid off.

There have also been complementary changes to the employ-

ment insurance (EI) program to support those wanting to return to school. Recipients of EI are required to be ready and available for work as a condition of receiving the funds, and enrolling in a program of study used to put an individual's EI claim at risk. With the new changes, recipients of EI will now remain eligible if they enroll in an educational program.

"Due to recent layoffs of coal miners in our riding, I am hopeful that these changes will benefit many in Yellowhead. I encourage anyone interested in pursuing a new career, or brushing up on their current skills, to ensure they take full advantage of the Skills Boost grant program," concluded MP Eglinski.

Local Counties Announced as Finalists in Smart City Challenge

Continued From Page 1

For more information, visit: <https://impact.canada.ca/en/challenges/smart-cities>

“I was excited to learn that four of our very own counties have been selected to move on to the next step of the challenge,” stated MP Eglinski.

Parkland, Brazeau, Lac Ste Anne and Yellowhead Counties all teamed together to submit a proposal that would help their “agricultural community to revitalize and grow through the connection of people to the land and food while attracting citizens to share in its prosperous, innovative and resilient way of life.”

The counties’ submission is one of ten in the prize category for up to \$10 million that was open to communities with populations under 500,000 people. Out of the ten finalists in this category, two will be selected.

In the next and final stage, each applicant group will receive a \$250,000 grant to help develop its final proposal that outline all design, planning, privacy, data protection and project management components of their plans. The grant can be used for activities such as staffing, professional services, feasibility assessments, capacity building, pilot projects, community engagement and communications, data, and relevant training.

The winners are expected to be announced in the spring of 2019.

“Congratulations to our counties on their grant and the best of luck in this final stage of the challenge!” concluded MP Eglinski.

PARLIAMENT UPDATE – WEEK OF MAY 25, 2018

Submitted by Jim Eglinski, MP – Yellowhead

This week, we covered many topics including national security, sustainable development, the justice system, and the rights of Indigenous Peoples.

The following was debated in the House:

- Bill C-47 – An Act to amend the Export and Import Permits Act and the Criminal Code (amendments permitting the accession to the Arms Trade Treaty and other amendments) (Time Allocation and Report Stage)
- Bill C-57 – An Act to amend the Federal Sustainable Development Act (Time Allocation and Third Reading)
- Bill C-59 – An Act respecting national security matters (Report Stage)
- Bill C-74 – Budget Implementation Act, 2018, No. 1 (Time Allocation and Report Stage)
- Bill C-75 – An Act to amend the Criminal Code, the Youth Criminal Justice Act and other Acts and to make consequential amendments to other Acts (Time Allocation)
- Bill C-262 – United Nations Declaration on the Rights of Indigenous Peoples Act (Third Reading)
- Bill C-281 – National Local Food Day Act (Second Reading)
- Bill C-391 – Aboriginal Cultural Property Repatriation Act (Second Reading)
- Government Motion No. 22 – Extension of Sitting Hours
- Bill C-395 – Opportunity for Workers with Disabilities Act (Second Reading)
- Bill C-396 – An Act to amend the Department of Industry Act (financial assistance) (Second Reading)

On Tuesday, I made a statement in the House calling on the Federal Government to increase their efforts to bring Widlene Alexis Earl home to Canada so she can be with her adoptive parents, grandparents, and friends. I also encouraged my colleagues to give lots of hugs on May 31, in honour of an initiative started by Niton

School's grade one class. You can watch my statement on my Facebook page (@jimeglinski.mp).

On Thursday evening, I asked a question during the debate on Bill C-47, which attempts to bring Canada into line with the UN Arms Trade Treaty, also known as the ATT. Canada already has a responsible internal system to monitor and control the export of military and security equipment that meets or exceeds the UN Treaty. We do not need more red tape on firearms. Instead, the fed-

eral government should be focusing on how to address the issue of rural crime.

You can read all comments, speeches, and debates in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

In the Standing Committee on Canadian Heritage (CHPC), we continued our review of the Copyright Act, as well as unanimously passed Bill S-218, Latin American Heritage Month Act. For more information on these

meetings, visit the CHPC Committee website at www.ourcommons.ca/Committees/en/CHPC.

This week, I attended 16 meetings and three events, as well as recorded two messages. I will return to Yellowhead over the weekend to attend events in the riding. I will fly back to Ottawa on Sunday as the House will continue to sit for three more weeks before the summer break. Look for my next update on the happenings of Parliament.

GOLFER'S GUIDE

DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of

times a swing is repeated during a game, it's not surprising that the season often ends early for those

who are not physically prepared.

Below are a few simple stretching techniques that can help pre-

vent or reduce the impact of injuries:

Side bending stretch

1. Stand with feet shoulder-width apart.

2. Hold the golf club above your head with your arms straight.

3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.

4. Hold for 15 seconds and repeat twice for each side.

Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.

2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 seconds.

3. Gently pull the club down with your bottom hand until you feel a stretch in the top shoulder and arm.

4. Hold for 15 seconds.

5. Reverse hand positions and repeat.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
