# HIGHWAY 748 DETOUR NOTICE FOR ROSEVEAR CONSTRUCTION

**Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County**

(May 30, 2018) Yellowhead County would like to notify residents of a temporary detour and traffic pattern change along Highway 748. Beginning June 1,

2018 traffic lights will be placed on the highway between Range Road 155 and Range Road 153A. During this time traffic will be shifted off the existing highway surface and moved over to a detour roadway; traffic will alternate directions of flow thru the detour area.

Please be aware, delays for

motorists are expected.

The detour will allow crews to complete the final grading portion of the project which will tie Highway 748 into the newly constructed Rosevear Road and Bridge over the McLeod River.

The detour is expected to be in place until August 31, 2018.

Please be aware of work crews

on the roadway, slow down, and allow them space to complete their work. Motorists are required to obey all roadway construction signs when posted.

Residents with concerns or questions can contact Yellowhead County.

## TEACHING YOUTH: FARM SAFETY

**Submitted by Dan Ivanov, Communications Department | Yellowhead County**

(May 31, 2018) – Yellowhead County and Wildwood & District Agricultural Society joined forces this year to cohost the Youth Farm Safety Day for junior high students on May 23, 2018. The event provided hands-on education on identifying hazards and promoting agricultural safety.

Working on a family or industrial farm has always had its inherent risks—from working long

hours, to using heavy equipment and managing unpredictable livestock. Unsurprisingly, agriculture in Canada ranks as the third most hazardous industry—and those hazards can leave rural children vulnerable. That's why Yellowhead County's Agricultural Services department wanted to offer youth the knowledge to stay safe on farms.

There were 34 school children in attendance from Niton Junction and Wildwood who took part in the full-day event. The students were broken up into small groups and rotated

through numerous educational stations related to: ATV safety; lawn mower safety; proper livestock handling and management techniques; utility safety, and rail and fire safety.

Yellowhead County and Wildwood & District Agricultural Society would like to thank the following organizations' volunteers who presented to students: ATCO, CN Rail, Fortis Alberta; Yellowhead County Staff from Agricultural Services, the Fire Department, Protective Services and Parks and Recreation. Additionally, thank you to Martin

Deerline for their contributions to the event.

Remember: Farm safety education is important for anyone who has grown up on a farm and may be dismissive or too comfortable with many of the day-to-day dangers of farming operations, or visitors who are unfamiliar with farm environments. We urge you to consider the farm hazards your family and friends may be unaware of and to take the time to educate and explain to them about why farm safety matters.

## CALL FOR PROPOSALS – NEW HORIZONS FOR SENIORS

**Submitted by Jim Eglinski, MP – Yellowhead**

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that Social Development Canada has launched the New Horizons for Seniors Program (NHSP) 2018-2019 call for proposals for Community-based Projects.

Programs like NHSP not only encourage seniors to stay involved in their community, but also increase their social participation and inclu-

sion. This is key to enhancing their well-being and quality of life, as well as to enable them to stay active and share their knowledge, skills and experience with other community members.

The NHSP call for proposals, open until June 15, 2018, is seeking proposals for projects led or inspired by seniors. Organizations are invited to apply for funding, under the following three national priorities, for projects that empower seniors to initiate and participate in activities that:

- benefit vulnerable seniors populations;
- focus on diversity of Canada's seniors; and
- will promote volunteerism to increase an organization's capacity.

Eligible organizations can receive up to \$25,000 in project funding. Starting this year, organizations that have not benefitted from NHSP funding during the last five years can receive up to \$5,000 as part of the new small grants pilot project.

"I strongly encourage all local organizations to submit applications

for this funding. These activities empower seniors, enabling them to pursue an active lifestyle, expand their social network and explore new learning experiences that will better equip them to face the challenges of our rapidly evolving society," concluded MP Eglinski.

For more information and the online application, visit: <https://www.canada.ca/en/employment-social-development/services/funding/new-horizons-seniors-community-based.html>

## CALL FOR APPLICATIONS – VETERAN AND FAMILY WELL-BEING FUND

**Submitted by Jim Eglinski, MP – Yellowhead**

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that Veterans Affairs Canada has launched a call for applications for the Veteran and Family Well-Being Fund.

"Our veterans deserve the utmost respect for their service to our coun-

try and the sacrifices that many have made in that endeavor. It is the responsibility of the federal government to care for Canada's veterans and their families," stated MP Eglinski.

The fund will provide grants and contributions to private, public or academic organizations to conduct research and implement initiatives and projects that support the well-being of Veterans and their

families.

The fund can support a wide range of projects, such as suicide prevention research, an initiative that helps homeless Veterans find housing, or any innovative projects targeting veterans. Eligible organizations include non-profits, for-profits, education institutions, and social service groups.

The deadline to submit an application for 2018 is June 15.

"I encourage all interested organizations to share their innovative ideas and submit their applications online," concluded MP Eglinski.

# KEY MESSAGES FROM GYPSD'S PUBLIC BOARD MEETING

Submitted by Nikki Gilks,  
Manager, Communications  
Services | Grande Yellow-  
head Public School Division

June 6, 2018

Students from Parkland Composite High School's (PCHS) Envirothon Team gave a presentation to trustees on their recent hosting of the annual provincial competition. Envirothon is an academic science competition based on natural resource management. Through the event, the students learn about forestry, wildlife, aquatic ecology,

soils, and a current theme. The team from PCHS has participated in the provincial event for the past seven years, and has gone to the National Conservation Foundation (NCF) Envirothon five times. Only the winning team from the province, or state, moves on to the NCF Envirothon. With this year's provincial win, the team will be going to the 2018 NCF Envirothon Event in Idaho and the board was pleased to approve \$5,000 in funding towards some of the expenses for the team to attend.

• The board approved the 2018/19

school year budget based on the projected enrolments for the 2018/19 school year, 2017/18 financial information and data from the 2016/17 financials. A detailed report was provided that summarized the guiding principles, budget assumptions, financial risks, operating results, accumulated surplus, students and staffing statistics. Budget 2018/19 focuses on maximizing classroom resources and equitable funding allocation to students and schools, while maintaining fiscal responsibility. Although GYPSD expects an operating deficit of \$1.4 million, it is

a significant improvement over the almost \$2 million deficit in Budget 2017/18. Through Budget 2018/19, the division will maintain the level of certificated full time equivalent positions and service levels in the classrooms.

• As part of the governance process, several board policies were reviewed and updated at today's meeting including Policy 16 - Recruitment and Selection of Personnel; Policy 21 - Sexual Orientation, Gender Identity and Gender Expression; and Policy 2, Appendix A - Board Annual Work Plan.

• Trustees approved an increase to the 2018/19 ineligible transportation fees for the 2018/19 school year. The increase from the current fee of \$250.00 to \$350.00 is intended to offset the actual cost of \$812.00 per student per year. In addition, a new clause 2.4 was added to the policy that states "Ineligible students will not be registered on a school bus until the fourth (4th) week of school as ridership is being confirmed during this time."

• Director of Transportation Services, Mr. Corey Halabi, provided the quarterly Transportation Community Consultation Action Plan (TCCAP) update. The TCCAP provides the board with regular updates from transportation services on a number of topics including the school bus registration progress, student ridership, information on the number of ineligible students transported, ridership waiting lists, and current ride times.

• School instructional times for the upcoming school year were developed in accordance with Policy 18 - School Calendar and to align with the new pilot calendar implemented for the 2018/19 school year.

• Superintendent Lewis addressed the Annual Accountability Pillar Survey Summary for 2017-18. Every year Alberta Education conducts the Accountability Pillar Survey to all school divisions. The division uses this report to celebrate successes, identify trends, issues and areas of growth.

• Information on the Mental Health Capacity Building (MHCb) in School Initiative and Bringing Empowered Students Together (BEST) programs were highlighted at today's meeting. BEST continues to partner with GYPSD staff as the division continues to focus on self-regulation for students, teachers and educational assistants.

Submitted by Lac Ste. Anne County

In March of 2015 the Alternative Land Use Services (ALUS) program began its debut for Lac Ste. Anne County in the Lake Isle - Sturgeon River Headwaters Sub-watersheds. Since its inception in the sub-watersheds, ALUS Lac Ste. Anne and Parkland County established 10 projects on 7 unique farms positive-

ly impacting 160 acres of farmland.

Projects included fencing off waterways from livestock, protecting riparian areas, and planting native vegetation on degraded land. The goal of these projects is to improve water quality, enhance wildlife habitat, prevent soil erosion and loss, and increase biodiversity. This program aims to reduce the impacts of flood and drought events on the landscape.

ALUS works by implementing Beneficial Management Practices (BMPs) and is designed to complement the current agricultural operations. ALUS works with the farmer to design projects and provide technical and financial support to see the project right through to the end.

The Agricultural Watershed Enhancement Program (AWEP) under Growing Forward 2 provided a grant to get ALUS up and running

with tremendous help from Parkland County. A second grant through the Watershed Resiliency and Restoration Program was secured in 2017 to grow ALUS in Lac Ste. Anne County.

If you are an active agricultural producer in Lac Ste Anne County looking to do an ALUS project, contact the County office at 1-866-880-5722.

# GREEN FREIGHT ASSESSMENT PROGRAM

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform transport companies with Heavy-Duty Vehicle (HDV) fleets that Natural Resources Canada has launched the new Green Freight Assessment Program (GFAP).

This program offers contributions of up to \$10,000 for Canadian companies to review the state of their fleets to help make informed decisions to reduce their fuel costs, and their greenhouse gas emissions.

"Industry consultations have identified financial challenges and lack of information as the main barrier for implementing emission-reducing strategies. This program aims to help eliminate these barriers," stated MP Eglinski.

The assessment will determine the company's performance baseline and build scenarios to test

strategies to identify solutions for poor performing areas of their fleet and operations. This assessment will not only look at the fleet portrait as a whole, but also identify behavioural and operational opportunities that may be available to optimize business operations.

Successful program applicants who complete an assessment will be considered for participation in a Pilot Implementation Project, providing additional funding to help finance solutions as outlined in the assessment.

"The recommendations that come out of these assessments will help business owners and operators make informed decisions to ultimately reduce operating costs and increase profits while having a positive impact on the environment," concluded MP Eglinski.

The deadline to apply is June 15, 2018.

## STONY PLAIN SCHOOL REPLACEMENT FUNDED IN BUDGET 2018

Submitted by Doug Neuman, Communications Officer | Alberta's NDP Caucus

STONY PLAIN – Erin Babcock, MLA for Stony Plain, is pleased Alberta's NDP government is investing in the replacement of Stony Plain Central School in Budget 2018: A Recovery Built to Last.

"As your government we are moving forward to ensure we are taking prudent steps to build new and modernized schools. I have advocated for the replacement of Stony Plain Central which will create a new safe and caring school for Stony Plain. Building new schools is one of the most important investments we can make for the future of our children and the future of Alberta." - Erin Babcock, MLA for Stony Plain

The 2018 Capital Plan will invest \$393 million for 20 new schools across the province. This money will support planning for and building modern school facilities, putting students and their learning first.

"Our government knows that stability in the school system helps students and their families, and we will continue to protect these core services for Albertans. We know that investing in education is one of the most important investments we can make in our province's future, and that is why we will continue to make these important investments." - David Eggen, Minister of Education

Instead of responding to the oil price collapse by making deep cuts to schools like the United Conservative Party is proposing, Alberta's NDP Caucus supports the government's efforts to build a more resilient, diversified and stable economy – a recovery that is built to last for all Albertans.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

### ANSWER:

5	2	3	6	1	4	7	8	9
6	9	4	5	7	8	1	2	3
8	1	7	9	3	2	5	4	6

**Like puzzles?** Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
