ABUNDANTLY YELLOWHEAD GRANT - GETTING TO KNOW YOUR NEIGHBOURS!

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

(July 4, 2018) – Have you ever wondered what you and your neighbours have in common? Or what special skills, or talents someone in your area might have that you never knew about?

Or do you just have a hard time getting to know people in your neighbourhood, since everyone is so busy nowadays?

According to a recent survey commissioned by Tim Hortons, only approximately 50% of Canadians know their neighbours. And according to various reports, there are lots of good reasons

to know your neighbours. Being connected to your community and neighbourhood can improve your physical and mental health, increase community safety, provide a greater social safety net, and improve a community's ability to address individual and community concerns.

PIONEER FOR A DAY SCHOOL PROGRAM

Submitted by Melissa Killion | Tipple Park Museum

Time to wash clothes on the washboard, make some homemade butter, hand craft some candles to light up the dark cabin and of course you can't forget making homemade biscuits to occupy hungry stomachs after a hard day's work in the field.

This year's Pioneer for a Day school program ran for the whole month of June. Ten school groups attended ranging from Kindergarten to Grade 5.

Each student had the opportunity to handcraft candles, wash clothes

on a washboard, tie dye, make some homemade butter, play old fashion games, make some homemade biscuits and attend a school class based out of the 1940's.

Once again, we got some very positive feedback from both teachers and parents. The Pioneer Program is a great learning experience for children, showing them what it was like to attend a one room school house and work long hours to accomplish everyday living.

It was very cute and inspiring watching the children adapt to Pioneer scenarios. The children absolutely loved dressing up, going to

school and getting a strict educational lesson from Mr. Smith. Also, it's not everyday that children loved washing clothes!

Huge Thank you to Irene Lawton for putting together the program and show casing it once again. It never gets old and the children always love it.

If you missed the program this year we will be running it again next June or you can always bring your family to Tipple Park Museum and experience the old time setting. Our hours are 10-5 Wednesday to Saturday.

Have a great Summer.

JOKE OF THE WEEK

Our first day at a resort my wife and I decided to hit the beach. When I went back to our room to get something to drink, one of the hotel maids was making our bed. I grabbed my cooler and was on my way out when I paused and asked, "Can we drink beer on the beach?" "Sure," she said, "but I have to finish the rest of the rooms beforehand."

KEY MESSAGES FROM GYPSD'S PUBLIC BOARD MEETING

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

June 20, 2018

• A. Auriat and two summer students from Edson Recycling gave an informative presentation on their recent Waste Review Pilot Project at École Pine Grove Middle School in Edson. The board thanked the team for their dedication to reducing waste in many GYPSD communities, and offering school programs to increase environmental awareness with students.

• The board held their organizational meeting today to hold elections for the positions of Chair and Vice-Chair for the 2018/19 school year. B. Rosadiuk, trustee from

the Lobstick zone, was elected in as Board Chair, and J. Zaporosky, trustee from Edson, was elected as Vice-Chair. Trustees also appointed various representatives to a number of board committees that align with Policy 8 and 9.

• Trustees updated the monthly activities and events that they attend under the Policy 2, Appendix A - Board Annual Work Plan.

• Feedback collected from the province's recent Transportation Stakeholder Engagement was shared with trustees. School boards have now been asked to provide feedback back to the province on three areas around changing the eligibility distance by age; incorporating safety criteria at the provincial or board level; and if funding for safety criteria should be considered.

• Grande Yellowhead schools in Edson, Grande Cache and Jasper will receive provincial funding from the 2018/19 School Nutrition Grant to assist in providing 'one meal per day per student in a school' under the grant's guidelines. All GYPSD elementary schools were invited to submit an application for the grant: Jasper Elementary School and École Westhaven in Edson have successfully applied for funding to enhance their current nutrition programs, and Summitview School in Grande Cache will establish a new program for their Grade 4-6 students. Sheldon Coates School and the SonRise program at Grande Cache Community High School received Nutrition Grant funding last year and have also been approved for continued funding in to the new year.

• The board discussed some key strategies to include in the development of the upcoming Combined Three Year Education Plan and Annual Education Results Report that will align with the division's new priorities, Student Learning, Teaching and Leadership Excellence, and Community Engagement.

• C. Wang, Secretary Treasurer, reported on the division's financial results as at May 31, 2018, as well as projections for the year ending August 31, 2018. Actual revenues and expenditures are within target percentages expected for the third quarter.

• Please note that this is the last Public Board meeting before breaking for the summer; the next meeting is scheduled for August 22, 2018.

Abundantly Yellowhead Grant - Getting to Know Your

Neighbours!

Continued From Page 1

As one person put it: How can you know to bring your neighbour chicken soup if they are ill when you don’t know your neighbours?

The Abundantly Yellowhead Grant project is a specific process developed by John McKnight and used in communities throughout North American and the world to connect individuals and communities together with each other, businesses, and services. It has helped to develop cooperatives, economic development strategies, and brought greater services and supports to lots of communities, some that have been previously neglected or disorganized. Most of all, it has created greater involvement and connection to the community and individuals where it has run. It does this by connecting directly with people in a community, to learn about what they want their community to be, what they enjoy, and what they have to share. People are then matched with others with similar interests; events and activities are developed in response to the community, and the community grows more connected and engaged.

If this sounds like an initiative the interests you, or your community group, and you would like to know more about what the grant involves (money, professional support and guidance, connections to other communities), then call the Yellowhead County office in Wildwood (1-800-814-3935) to ask about the Abundantly Yellowhead Grant.

WATER QUALITY ADVISORY ISSUED FOR HASSE LAKE

Submitted by Alberta Health Services

EDMONTON – Due to elevated levels of fecal bacteria currently present in the water of Hasse Lake (located within the Edmonton Zone of Alberta Health Services (AHS)), AHS is advising the public not to swim or wade in Hasse Lake, effective

immediately. Elevated levels of fecal bacteria were detected via testing of the lake water, at this beach location. At current levels, gastrointestinal illness may result from contact with the water at Hasse Lake. As well, there is the possibility of skin, ear and eye infections with water contact. As always, visitors and res-

idents are reminded to never drink or cook with untreated water directly from any lake or reservoir, at any time. Water-borne organisms, including fecal bacteria, can cause vomiting and diarrhea. AHS Environmental Public Health officers will continue to monitor the water at Hasse Lake. This advisory will remain in

effect until further notice. Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

CHILD AND YOUTH ADVOCATE RELEASES INVESTIGATIVE REVIEW INVOLVING DEATHS OF 12 YOUNG PEOPLE

Submitted by **Tim Chandler, Communications Manager | Child and Youth Advocate of Alberta**

The Office of the Child and Youth Advocate (OCYA) has completed an Investigative Review and is publicly releasing the results of the review as outlined under the Child and Youth Advocate Act.

The Advocate learned of the deaths of 12 young people, including two brothers, who died from opioid poisoning between October 2015 and September 2017. Each one of them were receiving child intervention services when they passed away, or had received services within two

years of their death.

“Although this report is about 12 young people collectively, it is important to remember them as individuals and that their deaths were a loss to their families and communities,” said Del Graff, Provincial Child and Youth Advocate. “It is imperative that the Government of Alberta take quick action on the recommendations contained within this report so that fewer lives are lost.”

While the Government of Alberta and community agencies are working to reduce harm and the number of deaths related to opioid use, the experiences of these 12 young people brings attention to the critical need for a youth-specific response to the

opioid issue. Current strategies and initiatives do not address the unique needs of young people.

The intent of an Investigative Review is not to find fault with specific individuals, but to identify and advocate for system improvements that will help enhance the overall safety and well-being of children and youth who are receiving designated services.

A copy of the Investigative Review and recommendations are available on our website: www.ocya.alberta.ca/adult/publications/investigative-review/.

The Office of the Child and Youth Advocate is an independent office of the Legislature, representing the

rights, interests and viewpoints of children and young people receiving designated government services.

GOLFER'S GUIDE

DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of times a swing is repeated during a game, it's not surprising that the season often ends early for those who are not physically prepared.

Below are a few simple stretching techniques that can help prevent or reduce the impact of injuries:

Side bending stretch

1. Stand with feet shoulder-width apart.
2. Hold the golf club above your head with your arms straight.
3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.
4. Hold for 15 seconds and repeat twice for each side.

Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.
2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 seconds.
3. Gently pull the club down with

your bottom hand until you feel a stretch in the top shoulder and arm.

4. Hold for 15 seconds.
5. Reverse hand positions and repeat.

OUT-OF-CONTROL WILDFIRE RAISES FEARS DURING CANADA DAY WEEKEND

Submitted by Stefan Felsing, Communications Coordinator | Yellowhead County

On June 27, residents of Yellowhead County, Edson and Hinton began to see a plume of smoke on the horizon coming from the Coal Branch area. That smoke originated from a wildfire that rapidly grew to an out-of-control fire and quickly became a concern for both

emergency services and residents in the area.

Yellowhead County first learned of the Quigley Creek Wildfire (EWF-077) that was located 15 km south-east of Hinton and 28 km west of the Hamlet of Robb, on the afternoon of Wednesday, June 27. Yellowhead County immediately began communicating with Alberta Wildfire, who was the lead agency for this emergency, and

the municipalities of Hinton and Edson to look at how they could support the firefighting efforts of the province.

During the escalation phase of this emergency, Yellowhead County set up an Emergency Operations Centre in the County's Edson office to be used as the strategic command post for the various agencies to assist the Incident Command base which coordinated

the on-scene emergency firefighting efforts.

Over the next several days, Yellowhead County emergency responders and support staff worked closely with the other agencies to assist Alberta Wildfire in their emergency firefighting and communications efforts. The Emergency Operations Centre also had to look at how to ensure the safety of local residents and visitors should an evacuation be required.

An emergency preparedness and information fact sheet was hand-delivered to residents in Robb by Yellowhead County Peace Officers and RCMP on Thursday, June 28.

Although the wildfire was never considered a direct threat to residences, Yellowhead County worked with our partners to ensure Yellowhead County residents and visitors had the most up-to-date information available. In addition to the area residents, it was anticipated there were numerous visitors coming to this area for a weekend of camping and other recreational activities.

Regular website and social media updates based on the province's Alberta Wildfire reports were posted by Yellowhead County from the onset of the incident to when the wildfire went from being an out-of-control wildfire to when it was considered a partially contained and not anticipated to grow past expected boundaries.

Having an emergency preparedness kit with supplies, contact information, and an emergency preparedness plan with your family is something everyone should have ready and accessible. There is information online for creating a kit and plan or you can purchase one from Yellowhead County's FCSS department.

SUNNY GIRL 2018 EVANSBURG FARMERS' MARKET

Submitted by Melissa Killion | Tipple Park Museum

Ten young girls submitted a coloring page for this year's Sunny Girl coloring contest. I would personally like to thank each girl for their hard work. All coloring sheets were beautiful.

Congratulations Sadie Sunshine Brooks for winning this year's Sunny Girl competition. Sadie demonstrated great col-

or contrast and creativity in her coloring page.

You probably have already noticed Sadie on our Canada Day float this year at the Entwistle Parade. Along with the Entwistle Parade Sadie will be attending PV Days and the Wildwood fair parade.

Sadie is presented with an official certificate stating she is the Sunny Girl Queen of 2018 along with a tiara, overalls and

a wand.

We also have some other girls that should be recognized. The second runner up was Breann Morrison and third runner up was Conner Hindes.

Next year we will be running the coloring contest again for girls ages 8-12. Stay tuned!

CALL FOR CONCEPTS – EARLY LEARNING AND CHILD CARE

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that Employment and Social Development Canada has launched a call for concepts from organizations interested in receiving funding from the Social Development Partnerships Program. This program provides funding for innovative projects related to early learning and child care service delivery.

This is the first step of a two-step process. In this first step, applicants are invited to submit a proposal that describes an idea for an innovative project, including preliminary information on the objectives, the activities and the results of the innovative project.

In the second step, applicants whose initial proposal is retained will be invited to develop a full proposal. At that time, ap-

plicants will be asked to provide additional information about the proposed innovative project and submit additional supporting documents.

The call for concepts is open to organizations with a mandate that focuses on early learning and child care or applicants who have a partner for this project whose mandate focuses on early learning and child care.

This process seeks to:

- Identify and develop innovative approaches that respond to existing and emerging early learning and child care issues.
 - Develop and share knowledge of existing and emerging early learning and child care issues.
 - Foster partnerships and networks to address early learning and child care issues.
- The deadline to submit a concept is July 20, 2018.

“I encourage any interested organizations in Yellowhead to submit a proposal to this call for concepts,” concluded MP Eglinski.

For more information on how to apply, visit: <https://www.canada.ca/en/employment-social-development/services/funding/social-development-early-learning-child-care/apply.html>

APPLY TO PARTICIPATE IN A NATIONAL YOUTH FORUM ON PARLIAMENT HILL!

Submitted by Jim Eglinski, MP – Yellowhead

- October 21-26, 2018
- February 3-8, 2019
- March 17-22, 2019

OTTAWA – Jim Eglinski, Member of Parliament for Yellowhead, is pleased to invite young residents in the riding to apply to participate in a national youth forum on Parliament Hill.

The program has been active for more than 40 years and is hosted by Forum for Young Canadians, an organization that engages young Canadians and educates them on the role and function of the three levels of democratic government in Canada.

Students aged 15-19 are eligible to participate in the program, which will run on following dates:

As part of the program, students will visit the Senate, House of Commons, and the Speakers of each chamber as well as the Clerks and Pages. They will also have breakfast with Senators and attend a reception with Members of Parliament.

The deadline to apply is September 17, 2018.

"I urge any youth in my riding with a passion for politics and public service to apply," concluded MP Eglinski.

CHANGES TO CANADA STUDENT LOANS

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is informing residents of recent changes to Canada Student Loans that will take effect in Fall 2018.

A new Skills Boost grants program has been announced. The \$287.2-million three-year pilot project will offer a \$1,600-per-year federal student grant for adults who have been out of school for more than ten years.

In addition, a person's eligibility for a Canada student grant will be based on their current year of earnings, rather than their previous year of earnings. This change is intended to better reflect the financial need of individuals, especially if they have experienced a reduction in hours or been laid off.

There have also been complementary changes to the employ-

ment insurance (EI) program to support those wanting to return to school. Recipients of EI are required to be ready and available for work as a condition of receiving the funds, and enrolling in a program of study used to put an individual's EI claim at risk. With the new changes, recipients of EI will now remain eligible if they enroll in an educational program.

"Due to recent layoffs of coal miners in our riding, I am hopeful that these changes will benefit many in Yellowhead. I encourage anyone interested in pursuing a new career, or brushing up on their current skills, to ensure they take full advantage of the Skills Boost grant program," concluded MP Eglinski.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

				9			3	
	1	5			4	8		
3	6					4	1	2

9	2	8		5	3	1		4

ANSWER:

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
