RCMP REQUEST PUBLIC ASSISTANCE

Submitted by Stony Plain/ Spruce Grove/Enoch RCMP

Acheson, Alberta- On May 31, 2018, two unidentified males removed the bolts to the Northeast corner of the fence surrounding the TransAlta Sub-station in the vicinity of Hwy 60 & Hwy 628. Once inside, the males cut and stole bare copper bonding and copper grounding cables. Exact quantities are unknown at this time.

RCMP are requesting the pub-

lic's assistance to help identify the suspects involved in the attached photos.

If you have information about this incident, please call the Stony Plain/ Spruce Grove RCMP at 780-968-7200 or call your local police. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), by internet at www.tipsubmit.com, or by SMS (check your local Crime Stoppers www.crimestoppers.ab.ca for instructions).

CALLING ALL MUSICIANS, POETS AND WRITERS!

Submitted by Melissa Killion | Tipple Park Museum

Do you have an artistic talent that you would like to share with your local community? If so, we would love to have you at Tip-

ple Park Museum's first Outdoor Mic Night Friday, August 3rd.

Living and being from a small community it's always nice to have local functions that involve everyone. Also, it's a great way to meet new people, relax, and

have a good time.

We live in a community that has a lot of talent. Almost every-day I have the pleasure of meeting local Musicians, Writers, Crafters and Song Writers.

WILDWOOD AND DISTRICT AGRICULTURAL SOCIETY NEWS

Submitted by Brody Tuck | Wildwood Ag Society

Greetings from The Wildwood Ag Society! We have been busy hustling and bustling getting ready for our annual fair on August 17! A lot has been happening around here as we are in the process of rebuilding and refurbishing the Ag grounds this year, and already planning for our big

80th anniversary next year!

Thanks to a generous CAPITAL ASSISTANCE GRANT from Yellowhead County, two of the old cattle sheds have been demolished and one 24 X 80 building has been built. John Geizen of Fir Sure Enterprises has constructed the new building, along with helpers Erin and Alana. P & E Ventures from Evansburg drilled all the post

holes and levelled the gravel base inside the new building, with gravel from Entwistle Concrete. To contribute, John donated his scissor lift to the Society to enable Barry and Tom to pressure wash the old paint off the quonset building and to repaint it, along with the repainting of the concession building.

Wildwood And District Agricultural Society News

Continued from Page 1

Without the help of these people our jobs could not have been done, we appreciate all the time and sup-

port, thank you! In addition, some of the trees along the northwest side of the grounds have been cleared out, and more will be moved in the winter. Thanks to Greg Myrholm

for donating the caterpillar and to long time Ag supporter Barry Van Koskey for operating the machine.

With our 80th Anniversary coming up next year, so it's time for a

cookbook!! If you have any recipes that are tasty, and you want to share with us we would love to hear from you! You can send all recipes to Box 669, Wildwood, AB T0E2M0, or they can be emailed to wildwoodagsociety@gmail.com.

Lastly, we wanted to say a big thank you to Connie Gatzke for donating all her mom's (Mrs. Benesch's) old fair books going all the way back to 1939! We love seeing the support from all the amazing people in our community and always welcome new people who want to be apart of our society! Thank you again and we hope that you are having a wonderful summer!

MLAS HORNE AND BABCOCK COMMITTED TO IMPROVING RURAL TRANSPORTATION

Submitted by Kat Heaney, Communications Officer | Alberta's NDP Caucus

SPRUCE GROVE – Trevor Horne, MLA for Spruce Grove-St Albert, Erin Babcock, MLA for Stony Plain, and Alberta's Premier Rachel Notley share Albertans' concerns about Greyhound's decision to discontinue service in Western Canada.

"There are many Albertans in Spruce Grove-St Albert, particularly those living Spruce Grove,

that rely on the Greyhound bus service to get to medical appointments or even to commute to work" said MLA Horne. "If anyone needs to visit family in places like Whitecourt, Valleyview, or Fox Creek, they have no other alternatives."

Greyhound only gave a 90-day notice before discontinuing service, making it difficult to find other transportation options. In response, Premier Notley and Transportation Minister Brian Mason are urging the federal

government to work with Greyhound to extend the notice by at least six months, and establish a task group with the provinces to find alternative options.

"Premier Notley and our government will keep fighting to extend Greyhound's operations in our communities until there are other solutions in place," said MLA Babcock. "This is an issue of national importance and we are making sure the federal government also stands up for rural Albertans and all Western Cana-

dians. These people make a huge contribution to our communities and country and we cannot leave them stranded on the side of the road."

In addition, the Alberta government has already committed to improving rural transportation, having launched pilot projects that connect communities like Sexsmith and Clairmont to hubs like Grande Prairie. The province is looking at expanding these pilot projects to other communities.

Calling all Musicians, Poets and Writers!

Continued from Page 1

What better way to showcase their talent than on stage for everyone to enjoy.

We are going to have the outdoor gazebo set up with speakers and lights. Locals should bring a

lawn chair or blanket so they can sit in the park and enjoy local talent for a couple hours. Beverages will also be offered on site along with children activities.

All performers will be giving their time to the community and getting paid in the sense that

they get to share their talent with people that care and take pride in our local area. There are no age restrictions. We openly invite everyone to share their talent.

If you are interested in performing, please phone 780-727-2240 or email tippleparkmuseum@gmail.com so we can put you on the agenda. If all goes well, you will be seeing a lot more Outdoor Mic Nights this summer.

um@gmail.com so we can put you on the agenda. If all goes well, you will be seeing a lot more Outdoor Mic Nights this summer.

Thanks everyone and have a great summer.

ENABLING ACCESSIBILITY FUND – SMALL PROJECTS

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the federal government is accepting applications for small projects under the Enabling Accessibility Fund (EAF) through Employment and Social Development Canada (ESDC).

The call is open to not-for-profit

and Indigenous organizations, small businesses, and municipalities and territorial governments.

Successful applicants can receive grant funding of up to \$100,000 for the capital costs of construction, renovation and/or retrofit activities in workplaces and communities, as well as the provision of accessible technologies in one of two streams:

- Workplace stream: facilities where people with disabilities work,

or could work in the future; and,

- Community Accessibility stream: community spaces where programs and/or services are offered, or will be offered, to people with disabilities.

The deadline to apply is July 26, 2018.

“This Enabling Accessibility Fund provides an important opportunity to make sure that all residents in our riding of Yellowhead, regard-

less of their abilities, feel welcome in their workplaces and communities. I strongly encourage interested organizations to submit a proposal for this funding,” concluded MP Eglinski.

More information on how to apply can be found at: <https://www.canada.ca/en/employment-social-development/services/funding/enabling-accessibility-fund-small-projects.html>

CANADA SUPPORTING UKRAINE’S ECONOMIC SECURITY

Submitted by Jim Eglinski, MP – Yellowhead

As a member of the Canada-Ukraine Parliamentary Friendship Group (CUFPG), Jim Eglinski, Member of Parliament for Yellowhead, was pleased to learn that Canada will continue to support Ukraine’s economic security.

The announcement was made this week by the Honourable Marie-Claude Bibeau, Minister of In-

ternational Development, in Kyiv during a joint press conference with Ukraine’s First Deputy Prime Minister, Stepan Kubiv.

The announcement launched a \$30-million call for preliminary proposals for innovative projects that will enhance the economic security of rural women, especially those affected by the conflict in the eastern part of the country. The projects will also help to create a more competitive, innovative and sustainable environment for small and

medium-sized enterprises, as well as increase employment and entrepreneurship opportunities for women and for vulnerable and marginalized groups.

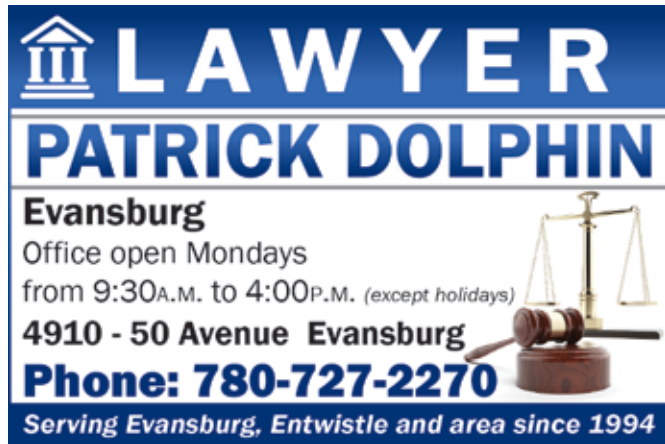

The preliminary call for proposals is entitled “Growth that works for everyone—Inclusive and shared prosperity in Ukraine.” The deadline to submit proposals is October 24, 2018.

Since the previous Conservative Government initiated support in January 2014, Canada has com-

mitted more than \$750 million in multifaceted support to Ukraine, encompassing a broad range of financial, development, stabilization and security, non-lethal military and humanitarian assistance.

“The defence of Ukraine’s sovereignty and territorial integrity should continue to be a priority for Canada’s government on the international stage,” concluded MP Eglinski.

JOKE OF THE WEEK
For her summer job, my 18-year-old daughter arranged interviews at several day-care centers. At one meeting, she sat down on one of the kiddie seats, no simple task for most people. The interview went well, and at the end, the day-care center director asked the standard question, "Can you give me one good reason we should hire you?" "Because I fit in the chairs." She got the job.

MULTI MOTOR VEHICLE COLLISION ON HWY 2 INVOLVING SHERIFF VEHICLES

Submitted by Leduc RCMP

On July 20, 2018 Leduc RCMP attended the scene of a multi vehicle collision on Highway 2 South of Highway 2A involving two Sheriff Vehicles, a RCMP vehicle and a Lexus Sports Utility Vehicle.

All occupants were transported to hospital via ground ambulance.

The investigation continues and further details are not available at this time.

BARRHEAD RCMP ARREST MALE AFTER REPORT OF DRIVING WITH BALACLAVA

Submitted by Barrhead RCMP

On July 14, 2018 at approximately 2:30 p.m., Barrhead RCMP responded to a report of a suspicious vehicle in Lac Ste. Anne County. The vehicle was believed to be involved in a break and enter that occurred the same morning at a residence where a firearm and property was stolen.

A witness also reported seeing a lone occupant driving a truck wearing a balaclava on Highway 33.

Police located the vehicle believed to be involved on Highway 33 and Township Road 590 and initiated a traffic stop. The vehicle was approached during the stop but the driver then sped off. A pursuit was initiated and the vehicle came to a stop near Highway 18 and Range Road 30 as it attempted to drive through a ditch. The male suspect was arrested and taken into custody. The truck was previously stolen from the Hamlet of Sangudo, Alberta and two firearms and ammunition

were also seized. Kenny Angus Rain (29) of Duffield, Alberta was charged with 12 Criminal Code offences some of which include:

- Drive while disqualified
- Dangerous operation of a motor vehicle while being pursued by police
- Disguise with intent to commit an offence
- Possession of break-in instruments
- Possession of property obtained

by crime over \$5000

- Mischief under \$5000

Additional charges of break and enter (X2) and motor vehicle theft were also laid as a result of the break and enter and theft in Sangudo. Rain also had a warrant for assault causing bodily harm from an incident in Duffield, Alberta on June 19, 2018. He was remanded into custody and his next court appearance will be in Barrhead Provincial Court on July 24, 2018 in relation to the 12 charges.

MP EGLINSKI HIGHLIGHTS SMALL BUSINESS TOOL

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to remind local entrepreneurs and business owners of BizPal, an online service that benefits Canadian businesses by helping them identify which permits and licences they require and how to obtain them.

“Looking to start or grow your

business? BizPaL is an excellent source for Online Business Permit and Licence information. This one-stop service gives entrepreneurs and business owners a single point of contact to simplify the process,” stated MP Eglinski.

BizPaL’s website (www.bizpal.ca) is easy and convenient, available anytime and guides users through a simple process. Entrepreneurs simply select the business activities

they plan to undertake, and BizPaL automatically generates a list of required permits and licences from all levels of government, along with basic information on each. The list also includes links to the various government websites where entrepreneurs can learn more and, in some cases, apply online.

“Manufacturing, small businesses, and entrepreneurs are cornerstones of our riding’s economy. I

encourage all new business owners to utilize this tool to ensure they are set up for success,” concluded MP Eglinski.

For more information, visit: <https://www.canada.ca/en/innovation-science-economic-development/news/2018/05/bizpal-simplifies-access-to-information-on-permits-and-licences-for-canadian-businesses.html>

PHOENIX PAY SYSTEM ISSUES

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is informing residents that Public Services and Procurement Canada has announced the introduction of a new approach to addressing Phoenix Pay System issues.

“Fixing the Phoenix pay system is long overdue. While we await the Liberal plan to replace Phoenix,

150,000 public servants, including many in our riding, still have outstanding pay requests that need to be processed,” stated MP Eglinski.

Pay Pods are being introduced at the Miramichi Pay Centre to better support employees by processing pay transactions. Pay Pods, a concept developed by Pay Centre employees, group together compensation advisors assigned to a specific department or agency. These groups will work with client departments

to address all outstanding transactions in an employee’s pay file, in contrast to the current approach of addressing pay issues by transaction type. This new approach is expected to result in more efficient and comprehensive resolutions of pay issues, and a reduction in backlogged cases.

Pay Pods will be rolled out to all departments and agencies serviced by the Pay Centre in phases starting this month.

“The Auditor General estimated

that because of Liberal inaction the Phoenix system would take more than half a billion dollars to fix. I urge the Minister of Public Services to make this a top priority,” concluded MP Eglinski.

For more information, visit: www.canada.ca/en/public-services-procurement/news/2018/05/government-of-canada-announces-new-approach-to-address-pay-issues.html#bg2

ATTENTION YOUTH! THE ENABLING ACCESSIBILITY FUND WANTS YOUR IDEAS

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of a call for expressions of interest under the Enabling Accessibility Fund (EAF).

In celebration of National Accessibility Week, Employment and Social Development Canada has launched the call for expressions of interest for youth leaders across Canada, who will work with eligible organizations to submit project

proposals under EAF’s Youth Innovation Component.

“This opportunity gives young volunteers a chance to make a difference and directly address accessibility issues in their communities,” stated MP Eglinski.

Youth interested in participating are required to identify accessibility barriers in public places or workplaces within their immediate and/or surrounding communities, and seek out interested organizations willing to work with them to develop an EAF accessibility project funding proposal worth up to

\$10,000. Eligible organizations include: not-for-profit organizations, small businesses (up to 99 full-time employees), small municipalities (population under 125,000), Indigenous organizations, and territorial governments.

The call for expressions of interest will support approximately 125 youth-driven projects aimed at increasing accessibility in community facilities and workplaces across Canada.

“This is an incredible opportunity for young people to gain significant experience in public service and

project management, while making meaningful changes in their communities for persons with disabilities and accessibility issues. I encourage our local youth to consider applying to this funding program,” concluded MP Eglinski.

Applicants between the ages of 15 and 30 years of age can apply online at: www.canada.ca/en/employment-social-development/services/funding/enabling-accessibility-fund-youth-innovation.html

The call for expressions of interest will close on September 21, 2018.

RAIL CONSULTATION AND RAIL HELP LINE LAUNCHED

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents that the Canadian Transportation Agency (CTA) has launched consultation on rail-related regulations and guidance materials.

These consultations are part of the agency's Regulatory Modernization Initiative and will support the implementation of the Trans-

portation Modernization Act (Bill C-49), which amends the Canada Transportation Act (Act) to introduce new measures related to freight rail.

"For years now, our communities in Yellowhead have experienced ongoing safety issues in which trains block crossings for unacceptable amounts of time. I am encouraging all affected residents and stakeholders with a vested interest in rail safety to make their voices heard in this consultation," stated

MP Eglinski.

All those interested are invited to share their views to ensure that the CTA's rail-related regulations and guidance materials are relevant, clear and up to date. Participants can submit comments to ferroviaire-rail@otc-cta.gc.ca before the September 30, 2018 deadline.

To read the related discussion paper and find more information on the consultation, visit: <https://otc-cta.gc.ca/eng/rail-transportation-consultation>

The CTA has also launched a new confidential toll-free Rail Help Line to provide information, guidance and dispute resolution services on the rail-related provisions of the Act.

Shippers, communities, members of the public, and railway companies now have immediate access to a rail analyst if they have questions on railway operations, railway infrastructure, shipper and community rights, or dispute resolution.

The phone number for the Rail Help Line is 1-877-850-7148.

"If you are being excessively held up by a train at a rail crossing or have a safety concern, I encourage you to call this number and make sure the agency and the rail companies are aware of residents' concerns," concluded MP Eglinski.

For more information about the CTA Rail Help Line, visit: <https://otc-cta.gc.ca/eng/railway-rail-shipper-and-community-help-line>

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

REDESIGNED, MORE SECURE DRIVER'S LICENCES UNVEILED

Submitted by Tina Faiz , Press Secretary, Service Alberta | Government of Alberta

New driver's licences and identification cards will help protect Albertans against counterfeiting and ID theft and save government more than \$1 million annually.

To better protect Albertans from fraud, the government has redesigned provincial driver's licences and ID cards with updated security features like clear windows, laser

engraving and 3D embossing that makes it harder to alter or replicate the cards.

The new cards also include imagery that reflects Alberta's landscape and history.

"Our government takes identity fraud very seriously. We are the first jurisdiction in North America to integrate this combination of design and security to protect Albertans from ID theft and prevent fraud. We are using the latest technology available to safeguard people's personal

information and prevent scams." - Stephanie McLean, Minister of Service Alberta

The cards are now in production and, because of advances in technology, cost less to manufacture than the previous design, saving Alberta taxpayers more than \$1 million annually.

The driver's licence design depicts Castle Mountain and the Bow River in Banff National Park, while the ID cards feature a Wild Rose, Alberta's provincial flower. Both cards also

include an image of an Albertosaurus, a dinosaur whose name honours Alberta, where its remains were first discovered.

The last redesign occurred in 2009 and the Alberta government has incorporated advice from law enforcement agencies to ensure the cards have the most up-to-date safeguards against fraudsters and identify thieves.

"The new security measures in the Alberta driver's licences and identification cards will help ensure the safety and security of the public's information. These security measures will help law enforcement in identifying those individuals who are fraudulently attempting to use this document for illegal purposes." - Brian Simpson, Deputy Chief, Edmonton Police Service

There is no need to replace current licences or ID cards. Current cards will be phased out through the normal renewal process as cards expire.

Some security features on the cards can be verified using a look-listen-feel approach:

- Look
 - Clear window: three complex look-through windows, including one in the shape of Alberta, contain the cardholder's photo. The use of a complex, asymmetrical window is a first in Canada.
 - Rainbow printing: a gradual transition of colour from one part of the card to another makes it difficult to scan and replicate.
 - "Ghost" date of birth: the security background is visible through the characters of the birth month and year.
- Listen
 - The card makes a tin-like sound when dropped on a hard surface, unlike credit cards or bank cards.
- Feel
 - Clear laser engraving: you can feel the clear lettering (date of birth and sex) to the left of the photo.
 - Raised text: you can feel the raised black text on the date of birth, date of expiry and signature. The data is engraved into the core of the card and difficult to alter or replicate.
 - Embossed Alberta shield: can be seen and felt in the lower part of the clear window.
 - 3D embossing: you can feel the Albertosaurus image raised above the card surface. It creates a 3D effect - the tail continues on the back of the card and appears to travel through the Alberta-shaped window.

GOLFER'S GUIDE

INTERESTING FACTS ABOUT GOLF

Golf is played all over the globe. Golf is one of the world's oldest sports, boasting a rich history. Golf is a sport of skill, that can involve not only athletic prowess, but also brain power. Here are some interesting facts about the game.

- To this date, golf is only one of two games to be played on the moon. The other is a javelin throw.

- Long before the advent of tees, golfers played off of hand-built sand piles.

- In 1889, Ab Smith inadvertently coined the phrase "birdie," when he hit a shot he defined as a "bird of a shot."

- Making a hole-in-one during a round of golf is quite a challenge. However, the odds of making two are incredibly low, at one in 64 million.

- Only around 20 percent of golfers have a handicap below 18. The United States Golf Teachers Federation defines handicap as "a measure of a player's current ability over an entire round of golf, signified by a number. The lower the number, the better the

golfer is."

- The word "caddy" comes from "ca-

det," the French word for "student."

- A regulation golf ball contains 336

dimples.

NOW INTRODUCING YEAR-ROUND BIRTHDAY PARTY PACKAGES AT TIPPLE PARK MUSEUM

Submitted by Melissa Killion | Tipple Park Museum

Tipple Park Museum is now offering year-round Birthday Party Packages!! Leave all of your child's birthday preparations with Tipple Park Museum. We will take care of everything

including cake, pizza, entertainment and decorations.

With four different party themes we have it all covered. Children will get to choose a Pirate, Princess, Pioneer Girl or Pioneer Boy themed birthday party. Tipple Park Museum staff will set up the birthday party

theme, order food, entertain the kids and clean up afterwards. Literally, the parents will not have to do or worry about a thing!

Rae Ambrose, owner of Rae's Cakes will be making the birthday cake for each fitted theme. Rae is a great baker and cake

designer. Everyone will be more than happy with the cakes she has planned out for the birthday party packages.

Children will have fun participating in all the different themed games including scavenger hunts, arts and crafts, dress up, walk the plank, horse shoes, smores, hide and seek, princess makeovers and so much more.

Our main and most expensive package is the Princess Themed Birthday. The cost of the package will cover the cost for the museum to bring in an actual Disney Princess from Edmonton that will entertain the children in various princess activities. We ask that you please book this package a month in advance, so we can try our best to reserve a Disney Princess.

If you are interested in having your child's birthday party at Tipple Park Museum, please stop by the museum and get a brochure, phone us at 780-727-2240 or email tippelparkmuseum@gmail.com for more information.

Finally, we ask that you pre-book two weeks in advance for the Pirate, Pioneer Girl and Pioneer Boy theme package and one month in advance for the Princess themed package.

We are really excited to be offering this service in our small rural community. We hope you are too!

Happy Birthday from Tipple Park Museum

PURE POTENT CBD DROPS

The World's Purest CBD Oil

• 500mg • 750mg

Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychactivity (typically associated with marijuana products and high THC).

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

CBD HEALTH BENEFITS

Mental & Brain Health
CBD affects principal cannabinoid receptor in the brain promising a healthy state of mind.

General Health
Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance
Cannabidiol helps restore healthy balance to the endocannabinoid system.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

		2	6	8	9		3	
		3				2	9	4
					2			6
1			7		3			5
7	5	6	8	9	4			
			5	6		7		
	1	5		3	7		2	9
	6		9					3
	3			5				7

ANSWER:

4	7	2	6	8	9	5	3	1
6	8	3	1	7	5	2	9	4
5	9	1	3	4	2	8	7	6
