# COMPOST TEA IN THE GARDEN

**Submitted by Emma We-  
seen**

We had an excellent turnout for our most recent event — Tea in the Garden at George Pegg Botanic Garden. Visitors came from

near and far and had an opportunity to try different types of tea from Ontario while listening to musical entertainment. We had wonderful weather for guests to stroll through the Garden and enjoy the peaceful afternoon

with others. Thank you to Peter Daum and friends for the music the guests adored and to Lac Ste. Anne County for the door prize.

Our next event is a Compost Workshop on Tuesday, August 14th. We welcome Compost

Educator, Payton Homeak to teach guests about the ins and outs of composting. Discover the 4 ingredients for high-quality compost, learn about a variety of compost methods- including winter composting, and take home some compost tea bags. Enter the draw to win your very own compost bin! The workshop runs from 5:30 to 7:30pm, advance registration is preferred. For more information visit our website or Facebook page.

Plan a visit to see our colourful display of dahlias, we are open 7 days a week 10:00am-5:00pm throughout August, admission is by donation. The Garden is 2.5 km north of Glenevis, off HWY 43, contact us at 780-203-0331.

# NEW CENTRALIZED PHONE LINE TO REPORT ABUSE

**Submitted by Samantha Power, Press Secretary, Community and Social Services | Government of Alberta**

If people suspect someone is being abused or neglected, they can get help by calling the Alberta Supports abuse line at 1-855-4HELPAB (4435722).

The phone line includes new staff training and protocols, such as an abuse response procedure to help ensure a coordinated provincial response to callers. All calls will be tracked to ensure Albertans receive the supports they need.

"No one should live in fear or suffer alone. This phone line means Albertans know where to turn to get the help they need. If you know or suspect someone is being abused or neglected but don't know what to do, Alberta Supports can help. This is part of our government's commitment to ensuring the safety and security of individuals who need extra care and support." - Irfan Sabir, Minister of Community and Social Services

A coordinated reporting system to address situations of abuse or neglect was one of the recommendations made in Judge Michele Collinson's report stemming from the Betty Ann Gagnon fatality inquiry.

The phone line and new protocols are designed to ensure Albertans who may be more vulnerable to abuse, such as those who rely on others for daily assistance, special care and access to government services, have the information and support they need, when they need it. Abuse can be physical, emotional, sexual or financial. This includes hitting, threatening, inappropriate touching or theft of funds

The service will be a single point of contact if Albertans are unsure of where to get help. If someone is in immediate danger or facing a significant health or safety risk, contact 911.

"This phone line will increase the protection of Alberta's most vulnerable citizens. Many agencies such as CORE Association have protocols for reporting abuse and neglect, but this direct line will be an open

and available resource to the general public when they have observed some form of neglect." - Rita Besant, executive director, CORE Association

In addition to the new phone line, Community and Social Services staff can address Albertans' questions about abuse. People with concerns can go into any Alberta Supports for assistance.

Alberta Supports helps individuals and families connect with more than

30 programs and 120 community services that address:

- seniors issues
- employment
- homelessness
- financial needs
- children and youth
- parents and families
- people with disabilities
- guardianship and trusteeship
- abuse, bullying and family violence prevention

# RIDING UPDATE – JULY 2018

**Submitted by Jim Eglinski, MP – Yellowhead**

I enjoy being in the riding during the summer where I can reconnect with my constituents. After Parliament adjourned for the summer, I began my travels throughout the region.

Over the last week of June, I spent some time meeting with constituents in my Edson office. I also met with colleagues regarding the mountain pine beetle

issue, spent an afternoon in Hinton to attend the grand opening of their food bank, and participated in the Cherhill Family Fun Days.

On July 1st, along with my wife Nancy, I attended events celebrating Canada's 151st birthday at Centennial Park in Edson. Also in the first week, I spent time in my Edson office, dropped in to the Edson Fire Hall, as well as the Yellowhead County Fire Hall, to visit our

firefighters and thank them for their efforts as the fire season is now well underway.

I spent most of the following week in my office. I also attended a luncheon in Edmonton with my Conservative colleagues to support candidate Tim Uppal in his bid to win back the riding of Edmonton—Sherwood Park in next year's election.

In the third week of July, I was kept very busy on the road. On the Monday, I attended the Pembina River District Zone meeting, which is one of five Districts belonging to the Alberta Association of Municipal Districts and

Counties, where I presented an update on issues relative to rural Alberta.

On the Tuesday, I attended a meeting concerning Cannabis in the Workplace at Drayton Valley's Clean Energy Technology Centre. The next day, I joined the Wildwood Fire Hall for their Grand opening and BBQ.

On the Thursday, I was back in Edmonton to attend a convention with Conservative colleagues. While there, I met up with UCP Leader Jason Kenney at the Northern Alberta Conservative Leaders BBQ. The next day, I participated in the Klondike Days Parade with my colleagues, including Andrew Scheer.

On the Saturday, I was back in the riding to celebrate the Carvel Community General Store's 100th anniversary.

After such a busy week, I took the last week of July off to spend time with my family. I look forward to returning to the riding refreshed and ready to hit the road once more!

Family run, local business, we care!

# STONY PLAIN AND SPRUCE GROVE SENIORS TO PAY LESS FOR HUNTING LICENCES THIS FALL

Submitted by Doug Neuman, Communications Officer | Alberta NDP Caucus

STONY PLAIN – Stony Plain MLA Erin Babcock and Spruce Grove-St. Albert MLA Trevor Horne are pleased with the NDP government’s move to make life more affordable for many rural

seniors. This fall, the prices for hunting licences will be reduced for Alberta seniors:

- \$8.25 for a combination wildlife certificate and bird game permit, down from \$44.02.
- \$8.25 for a white-tailed deer licence, down from \$39.95

Partner licences for senior Albertan hunters will cost \$12. The new prices will mean Alberta will have one of the lowest-cost licences in Canada for seniors to hunt game birds and white-tailed deer. The government will also be partnering with the Alberta

Hunter Education Instructors’ Association (AHEIA) to create mentorship so seniors can pass along their skills to a new generation of young Alberta hunters. “I want seniors to know that I’m standing up for them. For seniors living on fixed incomes, the cost of a hunting licence should not be the barrier that keeps you from enjoying hunting.” - Trevor Horne, MLA for Spruce Grove-St. Albert “Hunting is a longstanding tradition and way of life for many people in our communities. The combination of the price reduction and mentorship opportunities available through the Alberta Hunter Education Instructors’ Association will help keep more hunters active in their senior years so they can provide a positive example for a new generation of hunters.” - Erin Babcock, MLA for Stony Plain

# LETTER TO THE EDITOR

Submitted by Chris Yeoman

Anyone who takes the time to read this and knows me, also knows that I have never been afraid of controversy. I have and will continue to do what I think is fair, principled and logical as a good friend of mine would say. Politics will always rouse great debate as many people tend to be driven by emotion and either don't consider the facts, haven't researched the topics or just have an opinion and are sticking to it. When I share an opinion, I state that is what it is, my opinion. On to the reason for the letter.

The UCP recently held their first organizational meeting in Onoway for the newly formed Lac Ste Anne Parkland Constituency. There was a board

elected and also a group of directors nominated by membership holders that were present. There are currently 5 candidates all vying for your vote to become the MLA for Lac Ste Anne Parkland. They are of varied backgrounds and live in different areas. Two of which are not in the riding. Regardless of who these people are and what they represent, they will not get my vote. I always like to discern even if it is just for myself what motivates people to do what they do and how they go about it. One candidate was caught in the boundary changes that happened recently. One outright knew and knows that this constituency is not where they live and has nothing to do with boundaries. I think what goes on in politics is sort of like the "old group" club.

I am all for change as I believe we cannot sustain what is currently transpiring in Alberta and in Canada. The parties that joined have understood that most people didn't vote for NDP but rather they voted change. I believe the change is right around the corner in the next election.

I don't have faith in our current leadership to do what's right for ALBERTA. To get our pipelines built by private industry not by another few billion spent. What have we bought? Nothing. We bought out the company that the Alberta NDP Government and the Federal Liberals should have supported their efforts. That's what we did. Government has no business in pipeline. Now they will have paid out billions of dollars only to allow the company to "manage" the build IF it

ever happens. This was APPROVED!

Carbon tax is another huge issue for the people of Alberta and Canada. I can tell you that over 15 years ago there were companies that bought carbon tax credits from farmers. I saw the meetings and know the monies changed hands. The tax is bad policy and bad business for Albertans. People are losing their livelihood and their homes when all of Alberta coal industry doesn't even make us a percentage of the carbon issue. Private utilities have made a fortune and will continue too off our backs.

Our local council in the County of Lac Ste Anne, which is part of the new Lac Ste Anne Parkland Constituency, appear to be deeply ingrained in the UCP party. Some of them have previous ties to the old Progressive Conservative Party. While they are free to express their political views and support, even the appearance of backing one candidate over another or one party over another is a very dangerous game. What happens to Lac Ste Anne's position with funding etc when or if their party or their candidate does not win? Again, it's only my opinion, but I believe that their external party affiliations should be non bearing on the County or its people. You want to be a member so be it, that is your prerogative. But at least have the sense to not enter into political suicide by backing one candidate over another publicly.

I don't like how all these parties parachute in their candidates into areas that they believe there are no challengers. They protect the seats they have and try to gain seats in other areas. This isn't just what is going on with newly formed parties or just at the Provincial Level. The only way this stops is if we stop supporting the candidates they select to do this with. For some this is strategic. To me it insults my intelligence. I will choose the best candidate that I feel will represent mine and my family's needs. I will at the same time consider who will act on behalf of all the folks that are residents of the Constituency as they too have skin in the game. I urge you to do your own research and also to make sure you come out to hear the Candidates Forum in Onoway on August 18th at the Heritage Centre. 1-3 PM. If you bought a membership prior to August 1 midnight, you are entitled to vote for your nominee for UCP candidate for Lac Ste Anne Parkland August 21 at Wabamun Steel Makers Hall from 10 am - 2 pm. Also on the 21st you can cast your vote in Mayerthorpe at the Royal Canadian Legion from 4 to 8 pm. On the 22nd you are able to vote in Onoway at the Heritage Center from 4-8 pm. I will be casting my vote as I am vested in my future and the future of my family.

# GOLFER'S GUIDE

## INTERESTING FACTS ABOUT GOLF

Golf is played all over the globe. Golf is one of the world's oldest sports, boasting a rich history. Golf is a sport of skill, that can involve not only athletic prowess, but also brain power. Here are some interesting facts about the game.

- To this date, golf is only one of two games to be played on the moon. The other is a javelin throw.

- Long before the advent of tees, golfers played off of hand-built sand piles.

- In 1889, Ab Smith inadvertently coined the phrase "birdie," when he hit a shot he defined as a "bird of a shot."

- Making a hole-in-one during a round of golf is quite a challenge. However, the odds of making two are incredibly low, at one in 64 million.

- Only around 20 percent of golfers have a handicap below 18. The United States Golf Teachers Federation defines handicap as "a measure of a player's current ability over an entire round of golf, signified by a number. The lower the number, the better the

golfer is."

- The word "caddy" comes from

"cadet," the French word for "student."

- A regulation golf ball contains 336 dimples.

# LETTER TO THE EDITOR

Submitted by Leann Knysh

This letter is written regarding the concerns of the Candidates for the upcoming UPC Elections, specifically but not limited to the Lac Ste Anne/Parkland riding. It is my understanding that there are Candidates running that do not actually reside in their riding. I do not know how this can be possible as I believe

that in order to understand the needs (and in some cases, the wants) of the residents or land owners in their riding, they would need to live there as well.

Also, I believe there would be a huge conflict should there be competition for funding in the riding of the Candidate vs. the residency of that same Candidate. I am sure they would want to protect their place of residency and the way of life as well

as the investment or security of their property and that would likely take precedence over any major issue in their riding.

One more interesting issue I find disturbing is the local government representatives putting their names and support behind these Candidates in the Party Elections. That, in my opinion, should be an unbiased opinion until at least the party is complete. What if the one that they

didn't stand behind gets in? Would there be hard feelings and perhaps an unwillingness to go the extra mile for that particular Divisional Leader? Would the needs of that division suffer? I strongly suggest this party look to having a rule that the Candidates must reside or own property in the area that they are running in. Just a thought.

# NEW APPROACH TO PHOENIX PAY SYSTEM ISSUES

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is informing residents that Public Services and Procurement Canada has announced the introduction of a new approach to addressing Phoenix Pay System issues.

“Fixing the Phoenix pay system is long overdue. While we await the Liberal plan to re-

place Phoenix, 150,000 public servants, including many in our riding, still have outstanding pay requests that need to be processed,” stated MP Eglinski.

Pay Pods are being introduced at the Miramichi Pay Centre to better support employees by processing pay transactions. Pay Pods, a concept developed by Pay Centre employees, group together compensation advisors assigned to a specific department or agency. These groups

will work with client departments to address all outstanding transactions in an employee’s pay file, in contrast to the current approach of addressing pay issues by transaction type. This new approach is expected to result in more efficient and comprehensive resolutions of pay issues, and a reduction in backlogged cases.

Pay Pods will be rolled out to all departments and agencies serviced by the Pay Centre in

phases starting this month. “The Auditor General estimated that because of Liberal inaction the Phoenix system would take more than half a billion dollars to fix. I urge the Minister of Public Services to make this a top priority,” concluded MP Eglinski.

# DARWELL MEMORY PROJECT: COMMUNITY SEEKING MORE STORIES

**Submitted by the Darwell Memory Project**

In 2015 current and former residents of Darwell celebrated the community's 100th anniversary. To commemorate this significant milestone, the Darwell Memory Project was initiated to gather stories from local families. Long time

resident Edie Richardson headed up the project and was delighted to receive more than 20 written recollections. These were compiled in a booklet and sold during the fair.

This year Darwell marks another milestone as we celebrate the 75th Annual Summer Fair. We know there are more stories to be told and the call is going out again

for residents, past and present, to tell us their memories of living in Darwell.

To inspire more storytellers, the 2015 collection is posted on the Darwell and District Agricultural Society's website. All stories are important, no story is too short or too long and we encourage all families to make a submission to

be a part of our wonderful history. Photographs add so much to a story, you are welcome to submit them as well.

For more information please contact Edie Richardson at 780-892-2457 or email edie.richie@yahoo.ca Visit www.DarwellAg.com to see some of the Darwell Memories.

# BANFF RCMP SEEK RETURN OF SPECIAL ARTIFACT

**Submitted by Banff RCMP**

The RCMP are seeking public assistance in the return of an artifact that was removed on July 28 from a historical site at Lower Bankhead near Lake Minnewanka in Banff National Park.

At 2:30 p.m., Banff RCMP received a report that an artifact was taken. The artifact is described as a 1900's era coal miners lamp (attached photo is an

exact replica). The Wolf Flame Safety Lamp was placed on the ground near the lamp house, as part of a Parks Canada interactive guided walk. The story of the people of Bankhead is part of Banff's rich cultural history and the missing lamp was on loan from the great-granddaughter of a miner.

"The value in this lamp is not monetary, rather it is sentimental and historical" says Sergeant Philip Viers of the Banff RCMP

Detachment. "We are making a public plea and ask that whoever removed this lamp do the right thing by returning it to any RCMP Detachment."

If you have any information regarding this artifact please contact the Banff RCMP at 403-763-6600. If you wish to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS), by internet at www.tipsubmit.com,

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

9				2				4
8			3			1		
2				9		6	5	
	8	9				7		
	3						2	6
	1	2						8
5		7			6			
1				5	9		8	
			4	1	7	2		

**ANSWER:**

9	5	3	6	2	1	8	7	4
8	7	6	3	4	5	1	9	2
2	4	1	7	9	8	6	5	3
4	8	9	5	6	2	7	3	1
7	3	5	1	8	4	9	2	6
6	1	2	9	7	3	5	4	8
5	2	7	8	3	6	4	1	9
1	6	4	2	5	9	3	8	7
3	9	8	4	1	7	2	6	5

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
