PROJECT ENTRY IMPLICATES OUTLAW BIKERS IN DRUG TRAFFICKING

Submitted by ALERT

A joint investigation between ALERT and RCMP's Federal Serious and Organized Crime has dismantled an extensive cocaine distribution network linked to a member of the Hells Angels and support club members.

Project Entry was a year-long investigation that resulted in 10 people charged with 45 criminal offences. Those accused allegedly fulfilled various roles within a cocaine distribution network that impacted the communities of Edmonton, Spruce Grove, Cold Lake, Whitecourt, and Grande Prairie.

(ALERT) All goods on display, including outlaw motorcycle group apparel, handgun and cocaine.

WILDWOOD PUBLIC LIBRARY TO HOST OUTDOOR MARKET & WORLD CHAMPION HOOP DANCER

Submitted by Robert McClure, Director of Library Services | Yellowhead County Library Board

Wildwood Public Library will be the site of an outdoor market on September 8th. Featuring over a dozen local vendors, residents of Wildwood and area will have the opportunity to shop for various goods created by fellow community members. Leather

works, stained glass creations, pottery, fresh produce and jewelry are only a few examples of products that will be on sale.

The outdoor market will also feature a special performance by three-time world champion hoop dancer, Dallas Arcand Jr. Hailing from Alexander (Kipohtakaw) Plains Cree Nation, Arcand Jr. gained international acclaim after performing at the opening ceremonies for the 2010 Winter

Olympics. Prior to this, Arcand Jr. had performed at the Juno Awards, the Calgary Stampede and Edmonton's Capital Ex festival. Winning the World Championship Hoop Dance contest in 2006, 2007 and 2012, Arcand Jr. now travels to perform and facilitate workshops for people of all ages.

Project Entry Implicates Outlaw Bikers in Drug Trafficking

Continued From Page 1

Project Entry resulted in the seizure of five kilograms of cocaine, half a kilogram of the buffering agent Phenacetin, cannabis resin, and a handgun. Multiple vehicles and motorcycles were seized, along with \$13,000 cash proceeds of crime.

The project concluded with multiple arrests made between July 25 and 30, 2018.

Project Entry has resulted in extensive criminal charges being laid, including: instructing a criminal organization; participating in a criminal organization; conspiracy to traffic cocaine; and other drug-, firearms-, and property-related offences.

At the centre of the investigation was Hells Angels Westridge (Edmonton) member William McCabe. The 47-year-old man from Spruce Grove allegedly oversaw cocaine trafficking operations and facilitated distribution through various communities. McCabe

has been charged with instructing a criminal organization.

Project Entry also implicated two support club members, Shane Daly and Pascal Jacques, who are members of the Dirty Few Lake-land chapter. Support clubs are typically utilized to carry out lower-level dirty work for the Hells Angels, such as drug trafficking and expanding territory to secondary markets.

The full list of people arrested includes:

- William McCabe, a 47-year-old man from Spruce Grove;
- Shane Daly, a 39-year-old man from Spruce Grove;
- Joseph Collicutt, a 32-year-old man from Grande Prairie;
- Pascal Jacques, a 40-year-old man from Cold Lake;
- Theresa Acker, a 42-year-old woman from Spruce Grove;
- Anton Petrowitz, a 36-year-old man from Calgary;
- Clinton Thomas, a 33-year-old man from Parkland County;
- Nicholas Stovell, a 38-year-

old man from Cold Lake;

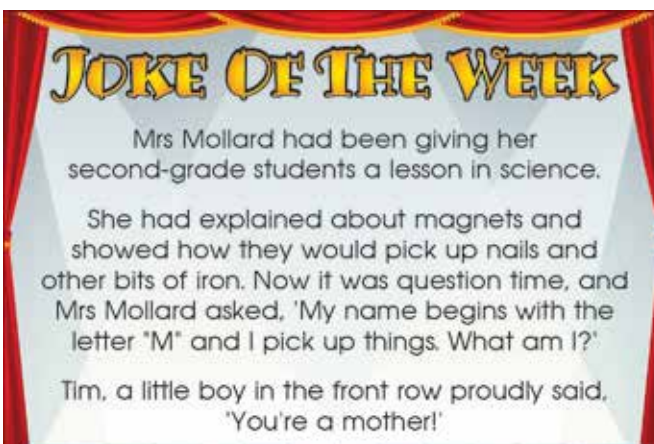

- Nicholas Delibasic, a 46-year-old man from Cold Lake; and
- Larissa Ausmus, a 31-year-old woman from Spruce Grove.

Project Entry began in March 2017 after information was received about the role of outlaw bikers in drug trafficking.

Members of the public who suspect drug or gang activity in their community can call local police, or contact Crime Stoppers

at 1-800-222-TIPS (8477). Crime Stoppers is always anonymous.

MARK SMITH WINS UNITED CONSERVATIVE NOMINATION IN DRAYTON VALLEY-DEVON

Submitted by United Conservative Party

United Conservative Leader Jason Kenney has issued a statement following the nomination of Mark Smith as the Party's candidate in Drayton

Valley-Devon for the 2019 provincial election:

"I would like to congratulate Mark Smith on his nomination victory in Drayton Valley-Devon."

"As the United Conservative Education Critic, Mark has applied his three decades of teach-

ing experience to holding the NDP to account on its education policy, and I am pleased to know that our United Conservative team will continue to benefit from this knowledge and expertise. Mark's strong, principled voice will be a tremendous asset

as we work to restore the Alberta Advantage and get our province back on track."

"I would also like to thank Andrew Boitchenko and his team for their spirited campaign and dedication to the conservative movement."

LAKEWELL 4-H MULTI CLUB NEWS

Submitted by Jean Henderson | Lakewell 4-H Multi Club

Lakewell 4-H Multi Club will be meeting at the Lake Isle Hall on September 6th at 6:30 pm for the first general meeting of the 2018 – 2019 4-H year; registrations and elections are on the agenda and new members are welcome. Our regular monthly meetings are held on the first Thursday of the month at 630 at the Lake Isle Hall.

For those of you who are unfamiliar with 4-H it is a well established club – Alberta 4-H turned 100 in 2017 - for youth aged 9 to 20 yrs old. During the club year, our members will participate in at least one Community Service, a few Fund Raising Activities, a Communication Day and several social events.

Since our executive is elected from the membership, they will learn about the ins and outs of running a meeting. 4-H also of-

fers the opportunity for members to earn Medallions of Excellence, attend camps, apply for Scholarships, win trips and participate in Exchange Programs.

Each member will also participate in at least one Project of their choosing which will require them to keep a Record Book to be handed in at the end of the year. Lakewell's most popular projects are Horse and Beef but we will also offer projects in Woodworking, Foods and Sewing among

countless others, assuming there is sufficient interest. And we also have a thriving Cleaver project. Cleavers are younger, ages 6-8, and are not required to meet all the requirements of the members. They meet at least once a month during the general meetings and, in addition, one more time for a fun learning activity.

Lakewell 4-H will be represented at the DDRA Community Information Night on Sept 12, 2018 between 5:30 and 7:00pm.

WORLD SUICIDE PREVENTION DAY

WORKING TOGETHER TO PREVENT SUICIDE: MYTHS AND FACTS

Submitted by Alberta Health Services

September 10th marks World Suicide Prevention Day, an internationally recognized event designed to raise awareness and dispel some of the myths related to suicide.

Suicide is a preventable tragedy and affects people of all genders, ages and ethnicities.

Each year more Albertans die by suicide than motor vehicle

collisions.

There are many myths about suicide:

- MYTH: Suicidal people don't give warning signs.

FACT: Up to 80% of people who attempt or die from suicide give warning signs and share their plan.

- MYTH: If you ask someone if they are thinking about suicide you could plant the idea in their head.

FACT: Talking openly about

suicide can actually provide relief and show that you care.

- MYTH: People who talk about suicide are just trying to get attention.

FACT: People who die by suicide usually talk about it first. They are in pain and oftentimes reach out for help because they do not know what to do and have lost hope.

- MYTH: Once people decide to die by suicide, there is nothing you can do to stop them.

FACT: Suicide can be prevented. Most people who are suicidal do not want to die, they just want to stop their pain.

Be aware of warning signs such as giving away belongings, withdrawing from friends or family and talking about suicide. Starting the conversation about suicide lets the person know you care and can make a difference.

If you or someone you know needs help, please call Health Link at 811.

RAIL SAFETY IMPROVEMENT PROGRAM

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform residents of funding being invested in rail safety within Alberta and the riding. This week, the Department of Transportation announced \$3.3 million to support eighteen projects in Alberta.

The funds are part of the Rail Safety Improvement Program, which provides grant and contribution funding to improve rail safety and reduce injuries and

fatalities related to rail transportation.

The announced funds will be used to:

- build fencing and other barriers to discourage trespassing on railway properties;
- install flashing lights, bells, and gates at the crossings;
- install advanced train detection and crossing control system.

In Yellowhead, Canadian National Railway will receive \$163,800 to upgrade a rail crossing on Range Road 73 with gates.

The announcement comes amid ongoing concerns about rail safe-

ty in Edson.

"While I welcome the funding announcement, for years our communities in Yellowhead have experienced safety issues in which trains block crossings for unacceptable amounts of time," stated MP Eglinski.

MP Eglinski took the opportunity to remind residents that the Canadian Transportation Agency (CTA) has launched a consultation on rail-related regulations and is requesting the feedback of Canadians. All those interested are invited to share their views to ensure that the CTA's rail-related

regulations and guidance materials are relevant, clear and up to date. Participants can submit comments to ferroviaire-rail@otc-cta.gc.ca before the September 30, 2018 deadline.

"If residents are being excessively held up by a train at a rail crossing or have a safety concern, I am encouraging them, as well as stakeholders with a vested interest in rail safety, to make their voices heard in this consultation," stated MP Eglinski.

More information on the announced projects can be found at: <http://www.tc.gc.ca/en/programs-policies/programs/rail-safety-improvement-program/rsip-itr-infrastructure-projects.html>

EVANSBURG GOT MEDIEVAL

Submitted by Jakob Kubke, Tipple Park Museum

On August 25, 2018, Tipple Park Museum was transported back about 650 years. Reenactors set up camp in the park with authentic medieval tents, tending to their fire, baking, spinning, playing music, showing off their crafts, going about their daily life, and educating.

A bit further behind them one could hear the clash of sword on sword and mace on metal as the Crimson Blades and Hinton Ice Eaters, two medieval combat teams, battled it out. In the combat style they do, the winner is the last one standing on two feet. Trust me, they are sane, I promise! They put on an excellent fight for the crowd at the park. One of the fighters from Leduc, George, was very pleased at the number of people in attendance, especially the crowd of kids.

Arrow Tag was next on the agenda where attendees could finally shoot each other! After this the kids filled up the board room inside the Museum for a craft session where they got to make knight helmets, catapults, and stained glass windows. They even got to try their hand at medieval calligraphy and learned about heraldry.

Next was the Grand Feast wherein the main hall was packed full of hungry families, fighters, and reenactors. They dug into pizza and also some authentic medieval dishes.

To close it all off a medieval dance was held, and a costume competition awarded two attendees for Most Historically Accurate (a young princess) and Most Glamorous (a decked out Pirate).

All of a sudden the museum was back in 2018 and the Festival over. What a great time! The museum sends a huge thank you to the fighters and reenactors and all the guests who made the event a great success! Fare thee well!

**Thank you for choosing
me as your Candidate!**

There are so many people to thank. It takes team work to succeed in any endeavor. My wife Brenda has stood beside me all throughout the campaign. She has made sure things at home were looked after so when I came home we could sit together, relax and reflect on the day. My Mom Betty, our family and our children, Grant, Deanna, Mandy, Bill, Jolene, Barry, Justin, Alyssa, Jamie, Adam and all our grandchildren have been so supportive. We thank all of them.

My campaign team was absolutely undoubtably the best I've ever had to work with. Allen, Chris, Wayne, Wendy, Ron, Brian, Jodie, Len, Alice, Stella, Ted, Charity, Christie, Sherry, Scott, Dale, Jeremy, Amber, Lorinda, Bob, Joan, Ron, Myrna, Jason, Wade, Christine, Sherry L, Doug, Rick, Gary, Dianne, Randy, Cheryl, David, Stephan, Yvonne, Don, Jack and all their helpers from Mayerthorpe to Highway 2. Thank you from the bottom of my Heart.

We have proven that integrity, honesty, trust and true values are most important to every member. Your vote for me was a showing of respect for that. That was the resounding message across the constituency. I thank all of you for that confidence.

To my fellow nominees you worked hard and I applaud you for that.

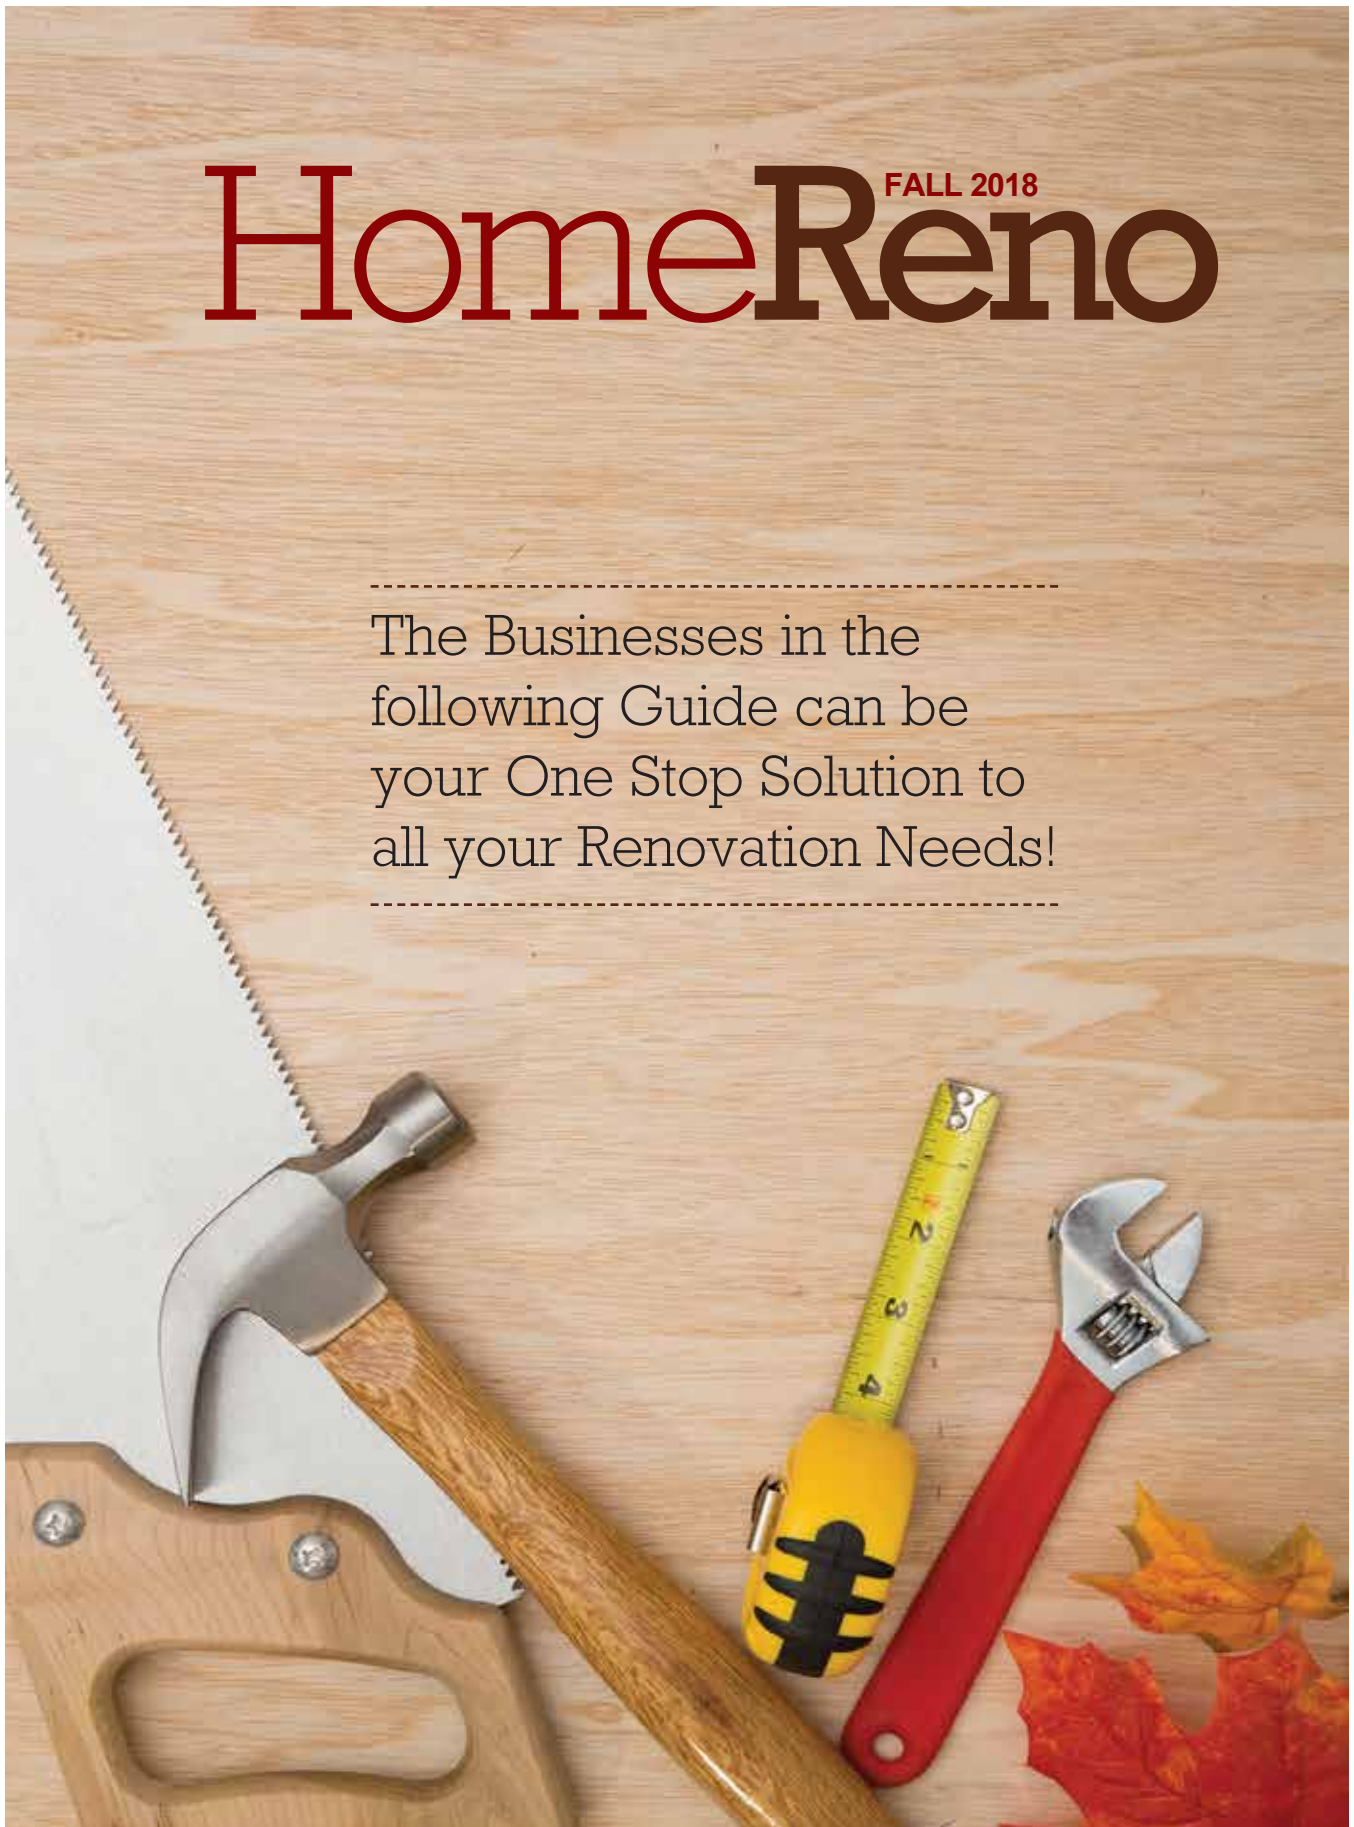

We now start on a new journey to get organized and once again make this Constituency the strongest and most successful Constituency in Alberta. We are all part of the team, we will work with strength and we will show the NDP we are a force not to be taken lightly.

HOW TO CHOOSE THE RIGHT WINDOW TREATMENTS FOR YOUR HOME

Plantation shutters? Mini-blinds? Cafe curtains? Formal draperies? Homeowners' options in regard to window treatments for their homes are extensive,

which can make outfitting home interiors challenging for novice decorators.

Some people do not pay a lot of attention to window treat-

ments, failing to realize just how great an impact the right window treatments can have on a space. According to the design experts at Hunter Douglas, window treatments are often an afterthought because residents may not consider them necessities. As a result, homeowners may install whatever is on hand or accept window treatments that came with a house or apartment. But ignoring window treatments, especially when they can fulfill certain needs, is a missed design opportunity.

One of the first steps to choosing window treatments is determining your end goal. Is privacy your main goal? Are you seeking more natural light in a room? Is there too much light and you need to darken the room? Window treat-

ments can serve multiple functions, and some treatments may make better fits depending on homeowners' ultimate goals.

Semi-sheer window treatments are often fabric and can help brighten rooms with natural light but offer little privacy. They're usually appropriate for spaces where people gather, such as living rooms, dens or dining rooms. Semi-sheer curtains may be paired with another complementary window treatment so privacy can be customized as needed. For example, sheer curtains let light into a bedroom, but shades can be drawn at night.

How To Choose The Right Window Treatments For Your Home

privacy. While some people may think that privacy comes at the cost of light, that's not always the case.

Functional curtain panels can be drawn closed when privacy is desired and then opened to let in light. The thickness of the fabric will also dictate the amount of privacy the panels create.

Tiers are hung on a short rod-pocket panel and usually cover the lower one-third of a window. They're popular choices to let light in from the top, but obscure views from the bottom portion of the window.

Cellular shades are another option that provide privacy but still let light in. Cellular shades come in hard and fabric varieties and their use depends on the

room. Many cellular shades are constructed with a honeycomb design, offers the design resource Houzz, so they can insulate as well as decorate windows.

Blackout shades/shutters

Perfect for rooms where babies nap, shift workers rest during daylight hours or external lights, such as that from a street lamp, need to be blocked out, blackout shades do just what their name implies. A dense fabric lining helps keep light out entirely.

Shutters also can block out light but add to the character of the room. They can be painted a bright color to make a statement or match wall colors to blend in seamlessly.

When selecting window treatments, shoppers can choose re-

tail options or custom treatments. Many designers recommend custom window treatments because they are measured, manufactur-

ered and installed specifically for homeowners' windows. However, there are many DIY options available at budget-friendly retailers.

ESSENTIALS FOR A DIY SPA BATHROOM

Relaxing at a spa each week may be a luxury reserved for celebrities and socialites. For many people, a day spa is a treat enjoyed on special occasions or while on vacation. However, home bathrooms can be designed to provide the same types of amenities offered at day spas right in the comfort of one's home.

The American Psychological Association says that money, work and the future of the country are particularly strong stressors today. Eighty percent of workers feel stress on the job and learning how to manage stress is a top concern, according to the American Institute of Stress. Creating a Zen-like retreat at home can help alle-

viate stress and improve health.

Homeowners whose renovation plans include turning a bathroom into a spa oasis will need to choose which features they desire most. These suggestions can spur on more ideas to create the ideal retreat.

- Soaker bathtub: There's something to be said about a lux-

urious soak in a tub. Tubs come in different sizes and shapes, like the highly recognizable clawfoot tub and other freestanding units. These types of tubs, as well as corner tubs, can offer deep-seated luxury by way of a relaxing and restorative soak. Pair with scented bath bombs or salts for a true spa experience.

- Steam shower: Steam showers are self-enclosed units that feature generators that deliver steam through steam heads. The steam fills the space and can help a person unwind before a refreshing shower or bath. According to the retailer Modern Bathroom®, modern steam showers come with digital controls, which makes it easy for users to activate the shower, adjust the length of time that the shower will operate and adjust temperature controls. Extra features like music, mood lighting and aromatherapy can be included as well.

- Heated floors: Heated floors provide the utmost in comfort when stepping out of the bath or shower. They can warm the room and make using the space more comfortable in cold weather.

- Vessel sinks: A vessel sink typically features a bowl or basin that looks like it was placed on top of the vanity. Vessel sinks can elevate the ambiance in spa bathrooms.

- Plush towels and robes: In addition to fixtures and other functional components of the bath, linens are key. Soft-spun Egyptian or Turkish cotton towels and robes are a must-have luxury for the full spa experience.

- Comfortable seat: A bench or chair nestled by a bathroom window is the perfect spot for pedicures or catching up on some light reading.

- Natural light: Skylights or privacy-ensuring windows are a must to create a relaxing space close to nature.

A spa bathroom at home is within reach. With a few touches, any bathroom can be transformed into a luxurious oasis.

BASEMENT REMODELING TIPS

A basement remodeling project can add valuable and usable space to a home. For many years, homeowners overlooked the potential of a basement remodel, perhaps thinking it would not be a smart return on investment. But that's no longer the case.

The latest "Cost vs. Value" report from Remodeling magazine says the average basement remodel can cost around \$61,000 with a 70.3 percent recoup rate. In addition, HGTV says architects and contractors indicate the cost of redoing a basement is roughly one-third to one-half less than the price of putting an addition on a home.

Before remodeling a basement, homeowners should think about how they want to use the space. Homeowners also must focus on some potential obstacles in a basement that will need to be ad-

dressed so that the area can be as functional as possible.

Basements can be chilly and damp. That means moisture issues and heating and cooling needs must be addressed prior to any construction. Homeowners may have to consider the installation of a dehumidifier and run venting through the basement to allow for proper climate control. If a basement takes on water, either through the walls or a concrete slab, a professional waterproofing company can come in and fix these issues so they will not damage drywall and flooring afterwards.

The presence of insects and pests also must be addressed. Exterminators can help homeowners figure out which insects are in their basements and how to make the space less hospitable to these unwelcome guests so that the

room will become comfortable for human occupants.

Space is often at a premium in basements, which may contain HVAC units, water heaters, filtration devices, ductwork, pipes, and the other appliances. Qualified contractors can suggest solutions for cordoning off appliances and camouflaging pipes and wires so they won't detract from the finished product. However, building access panels into the design will make it easier to service or repair features as necessary. Homeowners also may want to wrap pipes before drywall is installed to quiet noisy drainage pipes.

Uneven basement flooring will need to be smoothed out and flattened before carpeting or tile can be laid down. A self-leveling underlayment can be applied to fill in gullies, while larger crack and holes will need to be patched.

Once the structure of the basement is addressed, then the design work can begin. Many professionals advise against drop ceilings, which can take away from ceiling height and look cheap. Basements can be dark, so the addition of plenty of lighting can help brighten the room. Small basement windows can be replaced with larger ones to add more light as well.

Homeowners can mimic built-ins and architectural details from elsewhere in the home so the basement is aesthetically cohesive and doesn't seem like an addition. Bookcases and shelving can add valuable storage space as well. Decorate the basement with bright, neutral colors so they make the space feel more inviting.

With some effort and financial investment, basements can be as beautiful and functional as other rooms in a home.

NEW 911 STANDARDS TO BETTER PROTECT ALBERTANS

Submitted by Lauren Arscott, Municipal Affairs | Government of Alberta

The standards will apply to Public Safety Answering Points (PSAPs), the first people on the line when you call 911. PSAPs are responsible for dispatching calls to the necessary emergency service.

The 911 system in Alberta is currently led at the local level, and although municipalities will continue to deliver and run 911 services, the standards will create a more consistent approach.

The new procedures will align processes in answering and trans-

ferring emergency phone calls, and will:

- Establish an agreed upon terminology.
- Set performance targets requiring calls be answered within 15 seconds and transferred within 60 seconds after answering, 95 per cent of the time.
- Require centres to have a quality assurance plan and annual internal audit processes.
- Mandate that centres have back-up procedures to ensure 24/7 service continuity in the event of an outage or disruption.

"Albertans should receive quality 911 service and know the emergen-

cy response system is there for them when they need it – no matter where in the province they live. I am proud that our new standards will ensure timely service, whether you live in Cardston or Calgary, Edmonton or Ensign." - Shaye Anderson, Minister of Municipal Affairs

The standards were developed in collaboration with members of the Alberta 911 Association, including PSAPs, and other 911 stakeholders, such as policing organizations, Alberta Health Services and TELUS.

"These standards are a very positive step to ensure everyone receives reliable and consistent 911 services. The AEAA is pleased to have been a part of this collaborative process to improve public safety for citizens." - Magni Magnason, chair, Alberta E911 Advisory Association

"The Edmonton Police Service is honoured to have participated in the development of the Alberta 911 standards and we're proud of the single, cohesive approach to answering 911 calls that has been created. The standards will help us and our partner agencies work to-

ward the common goal of ongoing community safety." - Brian Simpson, Deputy Chief, Edmonton Police Service

The Alberta 911 Program, a unit within the Government of Alberta, will work with PSAPs to maintain the standards and ensure compliance. PSAPs will have until June 12, 2019 to fully comply.

Quick facts

- The Emergency 911 Act, which supports the local delivery of 911, came into force in 2014 and empowered the Minister of Municipal Affairs to create provincial 911 standards.

- There are 21 regional 911 centres, which receive an average of 4.3 million calls a year. A large 911 centre, such as Calgary, may take about 30,000 calls in one month.

- Other Canadian provinces that have standards in place include Saskatchewan, Manitoba, Quebec, Nova Scotia, New Brunswick and Prince Edward Island.

- Costs PSAPs incur to comply with the standards are eligible under the Alberta 911 grant program.

Minister Anderson receives a tour of the Edmonton Police Service 911 call centre from Inspector Graham Hogg.

LONE WOLVES CELEBRATE 40 YEARS

Submitted by Al Hagman |
Pembina Valley Daze Committee

Evansburg's Main street was the site of PV Daze, our village's annual celebration on August 10-

11th. A major part of that celebration includes the Lone Wolves Show and Shine. This year

marked the 40th annual car show and there were a few of the original organizers parked on Main on Saturday, August 11th.

The PV Daze Committee was able to award several entrants with awards thanks to a donation of etched mugs from Family Clothing. Thanks go out also to Cansource Const. for providing the money for a hat for each entrant. Casey Szauner and Family Clothing also donated to the gifts given to each entry. This year's winners were:

People's Choices

Out of 49 ballots turned in, car #14 received 11 number one votes. This was a 1930 Ford Model A Street Rod owned by Ken and Marilyn Huff from Edmonton and is pictured. Car # 12 received 6 number one votes. This was a 1950 Ford Custom Convertible owned by John Reynolds from Carvel. Car # 8 received 4 number one votes. This was a 1936 Ford Cabriolet owned by Rick & Rita Novak from Beaumont.

High Miler

The entrants travelling the farthest were Thomas and Diane Hughes from Ponoka, AB. They entry, car #45, was a 1940 Ford Convertible.

Once again, this year, the committee held a Poker Walk for the lady entrants with 5 local stores involved. Thank you to the stores taking part. Four ladies shared the poker pot. Thanks to the Nienaubers for organizing this part.

Thanks to the volunteers that helped to park the cars. Thanks to Evansburg Family Foods for donating a hot dog and drink to each entry. We look forward to the 2019 edition!

With the new school year approaching

Parents are asked to:

- Remind your children to wait for the bus to come to a complete stop before boarding the bus
- Dress your children for appropriate weather
- Have your children arrive 3 to 5 minutes prior to their designated bus pick-up location
- Subscribe onto the bus link to accurately check the status of your children's bus route at www.gypsd.ca

Please be courteous of school bus drivers

GOLFER'S GUIDE

INTERESTING FACTS ABOUT GOLF

Golf is played all over the globe. Golf is one of the world's oldest sports, boasting a rich history. Golf is a sport of skill, that can involve not only athletic prowess, but also brain power. Here are some interesting facts about the game.

- To this date, golf is only one of two games to be played on the moon. The other is a javelin throw.

- Long before the advent of tees, golfers played off of hand-built sand piles.

- In 1889, Ab Smith inadvertently coined the phrase "birdie," when he hit a shot he defined as a "bird of a shot."

- Making a hole-in-one during a round of golf is quite a challenge. However, the odds of making two are incredibly low, at one in 64 million.

- Only around 20 percent of golfers have a handicap below 18. The United States Golf Teachers Federation defines handicap as "a measure of a player's current ability over an entire round of golf, signified by a number. The lower the number, the better the

golfer is."

- The word "caddy" comes from

"cadet," the French word for "student."

- A regulation golf ball contains 336 dimples.

P.V. DAZE 2018 - "THE SIXTIES"

Submitted by Al Hagman | Pembina Valley Daze Committee

The 2018 edition of Pembina Valley Daze was a success and the weather held up until Saturday evening. The celebration began with the activities at the Legion including Ladies Auxiliary barbeque, meat draws, entertainment and Car Rally. The Fausak/Currington car came in first. Ryan hosted a movie in Tipple Park and a spectacular fireworks display sponsored by SERVUS Credit Union capped off an almost perfect start to PV Daze.

Saturday morning began with a huge crowd slurping the syrup at the PARS pancake breakfast. Thanks go out to the local churches for manning the event. The new grouch, Kirsten Logan was crowned and will fulfill the duties as town grouch for the year. The Farmers' Market and the Mainstreet Market both did very well.

At 11:00 a.m. the parade began. Thanks to all who partic-

ipated in making the parade a huge success including Marshall Denys Ambrose. After the parade, Main Street was transformed into a party, as the street filled with people enjoying the Kid's Zone: Two Bounce Houses supplied by Yellowhead County, Pony Carousel, Face Painting and a magician. The Funny Farm Petting Zoo was kindly sponsored by P & E Ventures, and it was a huge hit. Yoona entertained everyone at the Family Foods stage.

The main event, the "40th annual Lone Wolves River Run Show and Shine had a nice turnout—though we will work hard to draw more vehicles next year. Prizes were awarded for High Miler, and 3 People's Choice awards. A poker walk was also run for the ladies who entered vehicles. Our thanks go out to the organizers of the River Run for bringing in visitors from all over. Thanks to Family Foods for providing food and drink for the car entrants. The ladies all enjoyed a Poker Walk through the local businesses. The entire

event was organized by Lynette Nienaber.

Due to lack of help, no kids' games were played. At the Wesland-Woodland-Foley Trail Stage, patrons were treated to the great sounds of Brittany Jade Gelmici and her band.

At the main stage, we drew the winning tickets for the Annual Evansburg Raffle. This year's first place winner of \$1000.00 was Roy Loewen. \$500 was won by Tony Barteski, Tracey Bohay won \$300, and Ross Bennett and Sandra Cherniawsky each won \$100.00.

People were enjoying the entries in the 8th annual Chili Cook-off organized by Jen Yakimchuk. This year, Gisele Hagman (#1) won the competition over the other entrants and donated her winnings back. At Tipple Park, many people enjoyed Arrow Tag.

Activities moved off of main and back to the Legion for a pulled pork supper, meat draws and the evening's entertainment, a Beatles Tribute Band. Sponsored by the Metrix Group, it

was a huge hit. Thanks to Jensen Diesel for sponsoring radio ads for us. Jeremie Mathews won the 50/50 draw of \$297.50.

The weekend closed on Sunday, with a 5k run. Jeremy Gylander and Sadye McCracken took the first place finishes. The rain postponed the kids' run until Wednesday. In the 3-6 yr category, Hudson Williams finished first, while Alia Williams finished first in the 7-10 yr class. Thanks to Kim Manary and her crew for organizing this event.

The weekend was filled with fun and activities, and many people offered their appreciation to the countless volunteers that work together to make this weekend a success. We are on the hunt for new volunteers, new ideas and new energy. We did not have enough volunteers to run the kids games. If you are interested, please act upon it, and give us a call. Phone 780-727-3526. Watch the paper and facebook for an organizational meeting for 2019, coming soon.

KEY MESSAGES FROM GYPSD'S PUBLIC BOARD MEETING

Submitted by Nikki Gilks,
Manager, Communications
Services | Grande Yellow-
head Public School Division

August 22, 2018

Our Board of Trustees is comprised of: Brenda Rosadiuk, Board Chair, Joan Zaporosky, Vice Chair, Ellen Aust, Shirley Caputo, Ken Fate, Fiona Fowler, and Dale Karpluk

Evansburg-Wildwood Facilities Review

Grande Yellowhead Public School Division (GYPSD) is conducting a review of three schools in the Lobstick zone: Evansview School and Grand Trunk High School in Evansburg, and Wildwood School in Wildwood. The goal of the Evansburg-Wildwood Facilities Review is to determine how to provide the best learning environment and educational programs for the students of Wildwood and Evansburg, given the resources available. A detailed

report from the four community sessions held in June was presented to trustees, including information collected from an online survey, participant feedback, and data collected during the sessions. All information was posted to the division's website and Facebook page on July 30, 2018.

The input received through the engagement sessions and online survey will be used to develop community engagement activities to take place in September, 2018.

After the fall sessions, the board will meet on September 27, 2018, to discuss the division's current Three-Year Capital Plan.

2018-2019 School and Transportation Fees

With approval from the Minister of Education, the board approved the school fee schedule for the 2018-2019 school year. Fees were developed as part of the spring budget process and in

collaboration with all GYPSD principals.

Recent financial audits have confirmed that actual transportation costs for the division are over \$800 per student. Annual transportation fees for ineligible students were increased to \$350 per student for the upcoming year.

Other Notes of Interest

• Trustee Joan Zaporosky from Edson is the board's chosen representative to be considered for the Teacher Salary Qualifications Board (TSQB). The Alberta School Boards' Association (ASBA) will be selecting candidates from all divisions for the TSQB at their meeting in September.

• Policy 21 - Sexual Orientation, Gender Identity and Gender Expression was amended to align with correct wording under Bill 24.

• The board authorized the annual credit line of up to a maximum of \$400,000 for the

2018-2019 school year for any emergent short-term financial needs in accordance with the School Act.

• The board's annual self-evaluation report and the Superintendent of School's evaluation report for the 2017-2018 school year were presented for discussion and approval. Evaluations were completed with the assistance of an external consultant from the ASBA.

New Online Student Registration Process

Learning Services provided an update on the successful launch of a new online student registration process for the division. The 'PowerSchool Online Registration' program will increase data accuracy and improve security of student data all while improving communication between home and school. A new process for families to pay online for school fees was also successfully implemented.

RCMP DRUG SECTION EXECUTE WARRANT AND DISMANTLE CHOP SHOP

**Submitted by Stony Plain/
Spruce Grove/Enoch RCMP**

Parkland County, Alberta – On August 24, 2018, RCMP members of the Stony Plain/ Spruce Grove Drug Section with the assistance of K Division Auto Theft Section and members of the Evansburg RCMP executed a search warrant at a rural residence in the area of Parkland County. The warrant and subsequent search was the result of an ongoing investigation into rural

property crime.

A male and female were found at the property and arrested without incident. As a result of the search, RCMP located 6 stolen dirt bikes that had been painted and given fraudulent Vehicle Identification Numbers (VINs), a stolen flat deck trailer which had been given a fraudulent VIN, 224 grams of methamphetamine, printers, paper, stamps and other paraphernalia associated to vehicle “chop shops.”

Dean BRENDDEL, 28 years

old from Fallis, Alberta, was charged with 7 counts possession of property obtained by crime over \$5000, 7 counts of tampering with a VIN, 5 counts of fraudulent concealment, possession of methamphetamine for the purpose of trafficking and 2 counts of failing to comply with condition of undertaking or recognizance.

Dean BRENDDEL was remanded in to custody and is scheduled to appear in Stony Plain Provincial Court on August 29th, 2018.

Hope NIXON, 23 years old of no fixed, address, was charged with 7 counts possession of property obtained by crime over \$5000, 7 counts of tampering with a VIN, 5 counts of fraudulent concealment and possession of methamphetamine for the purpose of trafficking.

Hope NIXON was released on her own recognizance and is scheduled to appear in Stony Plain Provincial Court on August 29th, 2018.

The RCMP continues to use intelligence-led investigative tactics to target the repeat offenders who continue to harm our communities. Crime knows no borders and the RCMP collaborate across detachments and with other agencies to quickly identify crime trends and conduct operations that lead to arrests and convictions.

If you witness any suspicious activity, please contact the Stony Plain RCMP detachment at 780-968-7200. If you wish to remain anonymous, you can contact Crime Stoppers by phone at 1-800-222-8477 (TIPS) or on the internet at www.tipsubmit.com.

RCMP WARNS PUBLIC ABOUT TELEPHONE FRAUD SCAMS

Submitted by Drayton Valley RCMP

Drayton Valley RCMP are warning the public about several different telephone scams that have recently been reported.

The first one involves receiving phone calls from someone impersonating Canada Revenue (CRA) Employees. These individuals will tell the taxpayers that they have a warrant for their arrest and in order to not get arrested, they have to pay money or get gift cards and provide them to the scammers. The CRA would never request someone to pay money over the phone, and would not accept gift cards as payment.

These scammers have been using spoofing mechanism which will show that the call is coming from an RCMP Detachment in order to convince the victim that they are not scammers.

Another scam involves the scammer advising the person that their iTunes account has been hacked. They request iTunes cards as payment. They tell the victim that if they do not comply, then their account will continue to be hacked and that any of their personal information will be accessed.

Safety Tips:

No legitimate government agency or business will demand payment in gift cards or prepaid credit cards. These methods are used by criminals in order to hide their activities from police.

If you receive a call from someone claiming you owe

money, get as much information from them as possible and tell them you will call them back. Find the government agencies' phone number through a trusted source (phone book or official website) and call the department back. Don't trust the phone number or email from the caller until you have verified that they are who they say they are.

Do not share any personal in-

formation with the caller, such as confirming the name, social insurance number, address etc.

The best protection from scammers is to learn how to resist being bullied into a decision regardless of how persuasive or aggressive the scammer may be. Arm yourself and the vulnerable people in your life by learning how to recognize and protect yourself from fraud at Cana-

da's Anti-Fraud Centre website www.antifraudcentre.ca and <http://www.cra-arc.gc.ca/scrty/frdprvntn/menueng.html>

Please report any attempts of this kind to the Anti-Fraud Centre at 1-888-495-8501 and the Drayton Valley RCMP

The Canadian Anti-Fraud Centre (CAFC) monitors all types of scams and warns Canadians to be on the lookout for scammers.

PURE POTENT CBD DROPS

The World's Purest CBD Oil

• 500mg • 750mg

Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychactivity (typically associated with marijuana products and high THC).

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

Benefits of CBD Oil

- Reduce Nausea & Vomiting
- Suppress Muscle Spasms
- Reduce Seizures & Convulsions
- Promotes Health
- Promotes Brain Tissue & Bone Growth
- Fibromyalgia Pain
- Reduces Blood Sugar Levels
- Antibacterial
- Anxiety & Depression
- Reduces Nicotine Cravings
- Digestive Aid
- Anti-Psychotic
- Ringing Ears - Tinnitus
- Inhibits Cell Growth in Tumors

CBD HEALTH BENEFITS

Mental & Brain Health

CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

General Health

Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance

Cannabidiol helps restore healthy balance to the endocannabinoid system.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

4	6	5	3	2	8	9	7	1
9	7	3	5	4	1	2	6	8
2	8	1	6	7	9	5	3	4
3	5	8	2	6	4	7	1	9
1	4	2	9	8	7	6	5	3
7	9	6	1	3	5	4	8	2
6	1	9	8	5	2	3	4	7
5	2	7	4	1	3	8	9	6
8	3	4	7	9	6	1	2	5

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

	6		3			9
