CENTRAL ALBERTA DISTRICT CRIME REDUCTION UNIT RECOVER STOLEN CAMAROS

Submitted by Central Alberta District Crime Reduction Unit

Central Alberta District, Alberta – The Central Alberta District Crime Reduction Unit (CRU) were successfully deployed by Leduc RCMP to effect the arrest of two wanted individuals. A male and female were identified as being wanted by police on several outstanding warrants. The CRU made it a priority to locate these subjects who were known to the police in Central Alberta District.

ONLY TWO FARMERS' MARKETS LEFT! WE HAD A GREAT SEASON!

Submitted by Melissa Killick, Farmers Market Manger | Evansburg Farmers' Market

What a great year for the Evansburg Farmers' Market! We

had visitors come from far and wide to visit our friendly and positive market. A huge thank you to our amazing Farmers' Market family for making this year a great one. We have come a long way in the last three years. Our visitation numbers have tripled, and many different new vendors have joined!

LOCAL ART WANTED: TIPPLE PARK MUSEUM ART SHOW 2018

Submitted by Melissa Killick | Tipple Park Museum

We are looking for all types of art for our October Art Show.

Evansburg and the surrounding area is filled with local artists – we see them every day! As a community, it is always nice to share talents and give locals the chance to see what amazing gifts we have.

Along with showcasing your art, you have the option to sell your pieces. All profit will go to the artist. The museum only wants to give the opportunity to show everyone your talent.

All art will be showcased in

our exhibit room until the end of October. All ages are welcome to participate. If you are interested please contact the museum at 780-727-2240 or email tippleparkmuseum@gmail.com to fill out an application.

Create away my friends! See you soon!

YELLOWHEAD COUNTY COUNCIL HIGHLIGHTS

Submitted by Dan Ivanov, Communications Department | Yellowhead County

August 28, 2018

Coal Valley Mine Presentation – The Westmoreland Coal Company presented to council regarding the 40th Anniversary of the Coal Valley Mine. The mine was opened in 1978 to supply coal to Ontario Hydro and for overseas export. Council was presented with a plaque to commemorate the 40th anniversary of the mine. County Administration Building Construction – Council voted against a contract extension to E-Construction for the paving and construction of an access road to connect the county's administration building and shop. The project cost was quoted at \$457,704.

Township Road 562/562A Alignment Study – Wood Environmental & Infrastructure Solutions was the successful consultant selected to undertake the alignment study, and provided 6 alignment options for council's consideration. Council approved Wood's Twp Rd 562/562A Alignment Study, choosing the option which offers the safest travel for commercial, industrial, and residential traffic at higher speeds. This option allows the county to move forward with land, utility and environmental issues on the alignment in the future.

Yellowhead Regional Response to Elder Abuse Funding – Council decided to provide a Letter to the Minister of Seniors and Housing requesting the continuation of funding for the coordinated community

Motorists are asked to remember:

- When red lights are flashing it is illegal to pass a school bus
- School buses have a maximum speed of 90 km/ hour
- Watch for school buses loading and unloading children, even if the lights aren't flashing
- School zones have a speed limit of 30 km/h in both urban and rural areas

response to elder abuse. Council has also directed administration to allocate funding in the 2019 budget consideration for the continuation of the coordinated response to elder abuse should the province discontinue funding this program.

Proposed Secure Landfill Redistrict – Council defeated second reading of Bylaw 14.18, amending Land Use Bylaw 16.13 from Rural District (RD) and Forestry District (FD) to Landfill/ Composting District (LC). This means that Secure Energy will not receive zoning for its proposed landfill.

2018 Property Tax Recovery Auction – Council accepted the date, time, and location for the 2018 tax recovery sale public auction, to be Wednesday, October 24, 2018 at 10:00 AM local time at the Yellowhead County Edson Administration Building.

The next Council Meeting is on September 11, 2018. The next Governance & Priorities Committee Meeting is on September 18, 2018. All meetings start at 9:30 a.m. in the Council Chambers.

LETTER TO THE EDITOR: WILDWOOD SCHOOL FUTURE

Submitted by Judy (Erickson) Robinson

Thank you for publishing this letter.

I was raised on a farm west of Wildwood where my ancestors settled. I attended a one room school (Donahue) grade 1 and grade 2, then Wildwood school from grade 3 to grade 9. Then was bussed to Evansburg for high school. Wildwood school has been in existence for over 65 years and has been a focal point of the community. Many events take place there besides school. One being the annual Terry Fox Run which has been held there since it first started (30 years), weekly TOPS meetings (for the past 35 years, grandparent program for grade 4's. These programs are all headed by dedicated volunteers.

I feel that keeping a kindergarten to grade 6 program in Wildwood and grade 7-12 in Evansburg makes sense, and is fair to both communities. I would even like to suggest that Wildwood go to grade 8 so that the school can continue with their awesome sports program. Having grade 9-12 in Evansburg makes good sense. Please consider the long bus rides these Wildwood pupils already have, some getting on buses as early as 6:50 am. 40 plus kilometres each way with stops for some kids and now possibly be bussed to Evansburg?

I think it makes sense to have all elementary students includ-

Nail Down More Jobs Down and the second seco ing Evansburg attend a centralized school in Wildwood, and Evansburg have the junior and senior high schools. Making viable schools for both communities. It's going to be costly no matter which decision is made. I think by modernizing Wildwood school to accommodate all elementary students, and GTHS for all junior/senior students this would be a fair solution for the eastern end of Grande Yellowhead. I am asking that GYPSD make the right and fair decision thinking of our students first and keep Wildwood school open. The removal of a school from a small community where it is the hub of the community would be a grievous blow to growth potential and the community.

Respectfully,

Judy (Erickson) Robinson

JOIKE OF THE WEEK

Miss Hewitt, was one of the teachers at Northern Infants, Normanton, (kindergarten) when Philip came up to her and say that he had found a frog. Miss Hewitt asked if the frog was alive or dead. Philip, aged 6, declared that it was dead. Miss Hewitt enquired as to how he could be so sure that it was dead. Philip replied, "I pissed in its ear.' Flabbergasted, Miss Hewitt demanded, 'You what, Philip Brown?' Philip added, 'You know, I went to his ear and said, 'PSSTI' and it didn't move. So it must be dead.'

Submitted by Melissa Killick | Tipple Park Museum

The colours are changing around the river bend, a crisp breeze is making its way through town once again another summer has passed, bringing along the beautiful season we call autumn.

Autumn reminds us of the wonderful memories that were shared at Tipple Park Museum this summer season. A huge thank you to all the locals that made each event a success. We are truly appreciative, and your participation never goes unnoticed.

Residents got to enjoy the vibrant colours of tie dying this August, while hippie music played in the background. We had some new dyers along with experienced, groovy tie dye artists that made amazing t-shirts.

Stacey Nash from Magnolia led children into a tranquil state of mind with Yoga in the park. They got to experience a thirty minute

yoga session along with a themed activity.

TIPPLE PARK MUSEUM

SUMMER 2018 RECAP

Tasey Robertson from Gainford danced the day away with her students at our first ever Under the Sea Dance Camp in August. Students had the opportunity to learn professional dance moves while grooving to the "Under the Sea" song from The Little Mermaid.

Jakob took us back in time with multiple Medieval re-enactment groups from across Alberta. Locals got to spend the evening

BETTER F JFE and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

20 South Ave., SPRUCE GROVE 962-6040 425-2934 (Edm. Direct)

"We're recommended the MOST as the company that knows the MOST"

watching live sword fights, medieval dancers, participate in arrow tag and eat a grand meal. Our first ever Medieval Festival was a great success.

Folks had the privilege to listen to local artists, poets and musicians at our first ever Open Mic event held in the Gazebo of Tipple Park. It was a true privilege listening to such great talent we have around the Evansburg area.

Baby Boomers had the chance to experience a "blast from the past" partaking in our Time Warp Exhibit, showcasing old yearbooks, class pictures, old style main street and classic rock and roll!

Floral scents filled the air when our Wildflowers of Evansburg exhibit opened in August. It is currently running until the end of September. Experience what grows around our beautiful area with information panel boards and local pictures. At the end of your visit, feel free to plant a flower of your own.

We had visitors from all over the world stop by Tipple Park Museum including Korea, Germany, UK, and Japan. It was a great year for visitation, and fun to meet every guest that walked though the door.

Thank you everyone for supporting the museum. Please stay tuned for our autumn and winter events and programming!

If you would like to visit, our hours are Wednesday to Saturday, 10:00am-5:00pm.

Continued From Page 1

Information led the CRU to Hinton, where a stolen 30-foot recreational vehicle being used by the two was located and recovered. It was determined that two Camaros were stolen from a residence in Hinton, allegedly by the targeted individuals. The CRU determined that the individuals fled to Westlock in the Camaros.

On August 31, the Westlock RCMP received a complaint that a local Ford dealership was the victim of the theft of a Dodge pickup truck. Information was obtained that the male suspect responsible was dropped off by a female accomplice driving a yellow Camaro.

On September 1, the Westlock RCMP received information that both the stolen truck and suspect Camaro were at a gas station. The truck and the Camaro both fled from the gas station after purposefully ramming two responding police vehicles. A brief pursuit was initiated by responding Westlock RCMP and then terminated.

The Central Alberta District CRU were positioned in Westlock already as a result of determining that their targeted subjects had travelled to Westlock. With the timely CRU response, a tire deflation device was deployed and the Camaro went into the ditch to avoid the device. Police Dog Services attended and successfully tracked the female driver. She was arrested and transported to the hospital with minor injuries. It was determined that this was the same Camaro which had been stolen earlier out of Hinton.

At 7:30 p.m. that evening, Central Alberta District CRU located the male suspect. He was in proximity of a stolen Ford F350. With the assistance of RCMP Air Services, and Police Dog Services, the CRU effected his arrest and seized the stolen Ford F350 along with multiple other stolen items, including a large quantity of tools from an earlier break and enter.

On September 2, the CRU, in conjunction with Leduc RCMP

GIS located and seized the second yellow Camaro in Wabamun. In total, two Camaros, one Ford F350 and one recreational vehicle were all recovered by the CRU.

The Westlock RCMP later recovered the stolen Dodge Truck.

At the time of their arrests, 21-year-old Annette Brown and 28-year-old Eric Michael Unger, both of Red Deer, were wanted on a combined total of six warrants out of a combination of different detachments, including Leduc, Red Deer and Blackfalds. Investigation into several other unrelated incidents remains ongoing.

In relation to the Westlock incident, Eric Unger is facing the following 20 charges:

• Break and enter with intent

• Fail to comply with a condition of an undertaking or recognizance (x8)

• Operation of a motor vehicle while being pursued by police

• Dangerous operation of a motor vehicle

Resist police officer

 Possession of property obtained by crime over \$5,000 (x2)
 Possession of property obtained by crime under \$5,000 (3)

• 3 charges under the Traffic Safety Act

Annette Brown is facing 17 new criminal charges as a result of this incident including break and enter and commit theft, fail to comply with a condition of a Recognizance (x7), dangerous operation of a motor vehicle, et al.

Both Unger and Brown were remanded in custody and were scheduled to appear in court in Westlock on September 4, 2018.

"The Central Alberta District CRU is a mobile unit which means that offenders who wreak havoc in one jurisdiction can't hide in a different jurisdiction. We will effectively utilize intelligence to track offenders" says Corporal Will Hiscock of the Crime Reduction Unit. "It takes a unified response amongst different units and detachments to effect arrests like these."

Community Voice Page 9

GRANTS FOR CRIME REDUCTION PROGRAMS AVAILABLE

Submitted by Annalise Klingbeil, Press Secretary, Justice and Solicitor General | Government of Alberta

Organizations can now apply for Government of Alberta grants that support local crime-prevention initiatives.

The Victims Restitution and Compensation Payment Act allows authorities to seize cash and property used in or obtained through criminal activity. This process of civil forfeiture makes crime unprofitable and deprives offenders of the money and tools necessary to commit further illegal acts. The Civil Forfeiture Grant program then redirects the forfeited cash and the proceeds from the sale of forfeited property towards programs that reduce crime and assist victims of crime.

"The Civil Forfeiture Grants are an effective way to deter criminal activity while making communities across Alberta safer. These funds help organizations main-

Our classified section makes it easy to sell without lifting a finger!

Call the Community Voice at 780-962-9229 To place your ad today!

tain their existing programs and extend their reach to improve the lives of even more Albertans." - Kathleen Ganley, Minister of Justice and Solicitor General

Funding this year will go to proposals with innovative, promising or proven practices, with a focus on:

• services that directly prevent at-risk youth from becoming involved in criminal activity, and/or

• crime-prevention planning initiatives, such as coordination plans to deter rural crime

A total of \$2.5 million in Civil Forfeiture Grants is available this year. Eligible organizations include non-profit agencies, schools, municipal governments, Metis Settlements and First Nations communities. Grants between \$50,000 and \$200,000 are available, with projects spanning up to two years.

The list of 2017 grant recipients includes Boyle Street Community Services in Edmonton, the Grande Prairie and Area Big Brothers Big Sisters Association, the Miywasin Friendship Centre in Medicine Hat and Alcove Addiction Recovery for Women in Calgary.

More than \$9 million in Civil Forfeiture Grants have been awarded since 2008.

Potential candidates for Civil Forfeiture Grants are encouraged to download the online application form.

The deadline for submissions is noon Oct. 12, 2018.

REATION SOCIETY, SERVUS CREDIT UNION (fireworks), P & E VENTURES (petting zoo), JENSEN DIESEL (radio ads), WOODLAND and FO-LEY TRAIL (Main Stage), THE METRIX GROUP LLP (Beatles Tribute), and CANSOURCE (swag hats)

Thanks to all the businesses that bought ads in the paper to cover advertising costs and to all the people that bought Duck Race tickets and/or donated in the Grouch cans.

Thanks as well to the businesses, organizations and people that donated in other ways:

Thanks to the Evansburg Legion and Ladies Auxillary for the use of their hall and their cooperation. Grande Yellowhead for allowing the fireworks to be lit on the soccer pitch, the Fire Dept. for watching over the fireworks and helping to erect the tent. Thanks to Nute for directing the tent set up and to the crew who took it down. Thanks to Larry Greenstein and Leigh Manzur for erecting the stage and seating. Thanks to Yellowhead County for setting out the barricades, for the Bouncy Houses, and the movie in the park and for cleaning the streets. Thanks to those who helped dismantle the stage and tent.

Thanks to all the helpers from the local churches at the pancake breakfast, Randy Trydal and Denys Ambrose for running the Grouch Campaign, the candidates that ran for Grouch, the Color Party for the parade, for all those who entered in the parade, and Denys again, for marshalling the parade. Thanks to all of you who helped sell the Duck Race tickets. Thanks to Ryan for setting up the garbage and recycling bins and running the movie in Tipple Park.

Thanks to those who controlled traffic and help with the parking of cars. Thanks to Bill and Lisa and all the Lone Wolves for hosting entrants and all they do; to Lynette Nienauber and her crew for organizing the car awards and the Poker Walk. Thanks to Cansource, Casey Szautner and Family Clothing for donating gifts for the entrants. Thanks to Jennifer Yakimchuk for organizing and donating supplies for the Chili Cookoff, for all the volunteers who helped her; to those who entered a chili and to Bloom and Bliss for donating the food containers. Thanks to Gisele for donating her winnings back to PV Daze

Thanks to everyone at Family Foods for donating food to the car entrants, for allowing us to hear Yoona. Thanks to Kim Manary and her crew for the Fun Runs. Thanks to the staff of V & S for selling the Beatles tickets.

Thanks to the committee members: Chuck Tierney, Ryan Wildeboer, Paul and Liz Van Hecke, Janice McKinnon, Gisele Hagman, Lynette Nienauber and Jennifer Yakimchuk. If you would like to join our team, call Al @ 780-727-3526. We would welcome new members and new ideas.

I am sure that I have forgotten someone, and that is the risk of going this way, but we want to say thanks to everyone—even if I missed it here.

To reserve your space, call Community Voice at 780-962-96228 today!

If you live within 800 meters of Yellowhead or Lac Ste. Anne County, be sure to drop in and have your say on our Intermunicipal Development Plan and Intermunicipal Collaboration Frameworks.

These important documents guide how neighbouring municipalities work together and grow!

Intermunicipal Development Plans (IDP) help ensure future infrastructure and land use is coordinated between municipalities.

Intermunicipal Collaboration Frameworks (ICF) are an agreement on municipal services between neighbouring municipalities that coordinates how services may be provided for all residents.

PROTECT YOUR HOME (AND MORE) FROM WINTER'S FREEZE

Cold weather often leaves people scurrying to do whatever is necessary to safeguard themselves from the big chill. But it's important homeowners also protect their homes in cold weather.

Plumbing

Plumbing and pipes may be vul-

nerable to cold weather. Frozen pipes may burst and cause substantial damage to a home, potentially causing flooding and structural damage.

Homeowners should disconnect and drain garden hoses before winter arrives. Water to outdoor hose bibs should be turned off, though the valves on these outdoor faucets should be left open to drain. Also, outdoor faucets can be covered with insulating foam covers.

The Red Cross says pipes that freeze most frequently include pipes in unheated areas, such as base-

The Flooring Store & DIY Center

Vinyl Flooring from **99¢ Sq Ft.** Laminate from **\$1.19 Sq Ft.** Hardwood from **\$2.99 Sq Ft.** Carpet from **\$2.99 Sq Ft.** INSTALLED Double Stainless Steel Kitchen Sink from **\$199.00**

Hours:

Monday to Friday 9:00AM to 5:30PM Saturday 9:30AM to 4:00PM Closed Sunday 226 McLeod Ave Spruce Grove (780) 960-9212 www.theflooringstore.ca ments, attics, garages, and crawl spaces. Close vents to the outside in areas like attics and basements to limit the amount of cold air that gets indoors. Think about insulating unheated areas, as well as using pipe sleeves, heat tape or wraps on exposed pipes.

By opening kitchen and bathroom cabinet doors, homeowners can allow warm air from a home to reach pipes under the sink. During extreme freezes, keep cold water dripping from a sink to prevent pipes from freezing.

Service HVAC systems

It's important to ensure that heating systems are working properly prior to the cold-weather season. It may only take hours for the interior of a home to reach dangerously low temperatures without adequate heat. Homeowners should schedule annual checkups of furnaces and hot water heaters. Inspect the heat exchanger for cracks, install a clean air filter and make sure all thermostats are working properly.

Have fuel ready

Homeowners who heat their homes with oil, wood or coal should make sure they have plenty of fuel on hand in advance of winter. Shortages can occur, and it may take some time for new fuel to arrive in the midst of a cold snap.

As a precaution, homeowners can rely on portable space heaters to fill in the heating gaps during freezing temperatures. Exercise extreme caution with these devices, turning them off when leaving the room and remembering to avoid overloading outlets.

Protect outside

Drain birdbaths, clean out downspouts and remove water from other items where water can freeze and cause damage. Inspect roofing prior to the snowy season, but stay off roofs during freezing weather.

Remove snow shovels and other winter gear from storage and make sure the items are easily accessible during snowstorms.

Winter's bite can be severe. Homeowners can protect themselves and their properties when the freeze sets in.

SIGNS IT IS TIME FOR NEW WINDOWS

Windows help regulate the temperature in a home, let in natural light and keep insects, weather and outdoor elements outside where they belong. The right windows also can add value to a property by providing aesthetic appeal and increasing curb appeal.

Although homeowners can typically get many years out of their homes' windows, ultimately windows will need to be replaced. Homes that are more than 20 years old and still have their original windows could be due for an upgrade. Aluminumor wood-framed windows also may be ripe for changing. Here are some signs that it's time to replace windows, courtesy of Good Housekeeping, Centra® and the real estate website Redfin.

Drafty feel in the

home: Window frames can begin to shrink as they age, allowing air to flow from the outdoors in and vice versa. Homeowners may notice drafts when standing near windows or hear whistling on notably windy days.

Rising energy bills: If energy bills are inexplicably on the rise, then old windows could be to blame. Aging, drafty windows can make it necessary to run HVAC systems more often and at higher or lower temperatures in order to keep homes comfortable.

Windows are difficult to open or close: Homeowners may get used to the quirks of their windows, but those that are difficult to open or close may require replacement. In addition, if windows need to be propped open, it's time to replace them.

Water infiltration:

Warping or decaying window frames can make it easy for rain or snow to get into the home. Wood frames are particularly prone to moisture decay. If frames are warping or allowing water into the home, it's time for an upgrade.

Condensation on windows: Fog or condensation buildup on windows can occur if the seal between panes is broken. In this instance, replacement windows are necessary.

REFRESH YOUR HOME'S APPEAL WITH FURNITURE PAINT

(MS) - Furniture, bookcases, cabinets, and doors present opportunities to add or change color throughout a home. Woodcraft offers an extensive line of furniture paint, tools and supplies necessary for successful painting projects. In addition, Woodcraft retail store associates are always ready to help customers, and extensive how-to material is a click away at woodcraft.com.

Lori Harper, Woodcraft public relations manager and blogger, offers some advice about updating a kitchen: "Painting kitchen cabinets is a big job, but it can transform the look of your kitchen at a fraction of the cost of new cabinets. It may sound daunting, but breaking it down into bitesize steps can take away the fear factor."

To read her project blog, visit Woodworking Adventures on Woodcraft.com and search for "Kitchen Cabinet Conundrum."

Paint & Color Selection

Three easy-to-use and easy-tomix paints are:

• Black Dog Salvage Furniture Paint is a water-based, low-VOC, matte finish paint for indoor use that requires only cleanup before painting, except in the case of chips and scratches, and adheres to wood, metal, glass, ceramics, and plastic.

• General Finishes Milk Paints are premixed water-based acrylic paints suitable for a variety of interior or exterior applications from furniture to crafts.

• General Finishes Gel Stains are heavy-bodied gels formulated to flow evenly for consistent color control.

Before you pick up a paint brush, consider which colors are best for the area you plan to refresh. Choices will need to complement wall color and colors of other pieces or accents in a room. Two handy color guides are the 36-page General Finishes Milk Paint Fan Deck and the Black Dog Salvage Furniture Paint Color Recipes (available for download as a free PDF on Woodcraft. com).

For more than just a change of color, consider creating decorative effects, such as distressing, antiquing, faux marble, or rag rolling. Choose General Finishes Pearl Effects to make it easier to create specialty finishes.

Repair

If furniture, cabinets and other surfaces need repair prior to painting, the Mohawk Perma-Fill Wood Touch-Up and Repair System is an easy answer. Just pop in a color cartridge (six color families available), power on the battery-operated dispenser, aim, fill and level this durable repair. Briwax ChaiRX is perfect to fix loose parts in chairs. Drill a small hole, inject ChaiRX, and in 12 hours the thin unique formulation will penetrate the wood cells and permanently swell the joints and bond them together. Visit https://

Refresh Your Home's Appeal With Furniture Paint

youtu.be/iWMu6OKyOUE to watch a video that demonstrates these products.

For more extensive repairs, use the Kreg Jig R3 Kit to reinforce weak parts with pocket holes and avoid complete disassembly of your project.

Clean and Prep

Use Krud Kutter TSP Substitute to remove dirt, grease, smoke, mildew, food stains, crayon, wax, and more from surfaces to be painted so paint will adhere better. For sanding chores associated with painting, consider the Porter-Cable Restorer Handheld Drum Sander with attachments, which is designed to remove paint and finish from wood, brick and fiberglass, as well as remove rust and polish metal. The Porter-Cable 382 5" Random Orbital Sander and the Norton 5" Random Orbital Sander are other good choices. For sanding with hand power, the Preppin' Weapon Sanding Block Kit and Norton 41/2" x 51/2" SoftTouch Sanding Sponges are handy helpers.

Application & Topcoat

If spraying is your preference, HOMERIGHT Finish Max Fine Finish and HOMERIGHT Super Finish Max HVLP Sprayers are easy to use on everything from furniture to fences with oil- and water-based products such as chalk-style paint, latex paint, milk paint, enamels, primers, polyurethanes, stains, and varnishes. Large and Small Spray Shelters make painting furniture easier.

For painting by hand, Black Dog Salvage Furniture Paint Round Brushes, made from both natural and synthetic bristles, and Redtree Matey Synthetic Bristle Brushes work well.

Give paint extra protection with Black Dog Salvage Guard Dog and Show Dog Topcoats and General Finishes Gel and High Performance Polyurethane Topcoats. To learn more about these and other products, visit your local Woodcraft store, call (800) 535-4482 or visit www.Woodcraft. com.

MAINTAIN INDOOR AIR QUALITY ALL YEAR

Winter can be dreary for people confined to indoors as temperatures drop, and poor air quality in a home can add to that dreariness while adversely affecting individuals' health. Air quality tends to suffer most in winter, but there are ways to ensure the air inside a home stays healthy all year long.

Inspect and address

any sources of carbon monoxide. Carbon monoxide, or CO, is an invisible, odorless gas that can contribute to poor indoor air quality and a host of health problems if it goes undetected in a home. According to the U.S. Centers for Disease Control and Prevention, potential sources of CO in a home include improperly vented natural gas appliances, such as stoves and water heaters, gas-powered tools that are used indoors, clogged chimneys, or blocked heating exhaust vents. Men and women can periodically inspect potential sources of CO and address any issues they find while also making sure all CO detectors are properly installed and functioning optimally.

Inspect HVAC ducts. Ductwork is used to deliver warm or cool air in homes with heating and air conditioning systems. The U.S. Environmental Protection Agency notes that much of the dirt in air ducts adheres to the duct surfaces without ever entering living spaces. However, the EPA notes that homeowners should consider having their ducts cleaned if an inspection uncovers substantial visible mold growth. In addition, the EPA recommends homeowners consider cleaning if ducts are infested with vermin or clogged with excessive amounts of dust or debris.

Avoid chemical cleaning products. Chemical cleaning products may be great at disinfecting dishes, countertops and other areas in the home, but such items may be toxic and adversely affect indoor air quality. For example, chemicals such as bleach and ammonia, which are used in many commercial cleaning products, can linger in the air, irritating the eyes, nose, throat, and lungs. Homeowners concerned about the quality of air in their homes also can avoid scented products, such as air fresheners and scented detergents, which the National Institute for Occupational Safety and Health notes may release volatile organic compounds into the air.

Inspect bathrooms for mold growth. Mold can grow on surfaces that are routinely wet, and that makes poorly ventilated bathrooms common sources for home mold infestations. Mold can adversely affect indoor air quality when mold spores are released, potentially triggering allergic reactions, asthma attacks and respiratory conditions. After bathing in bathrooms without vents, men and women can open windows so the room dries before mold can grow. In bathrooms with vents, make sure vents are running during baths and showers and afterward until ceilings, walls and floors appear dry.

Poor indoor air quality can be easily addressed to ensure individuals stay healthy throughout the year.

MP JIM EGLINSKI ANNOUNCES 3RD ANNUAL CHRISTMAS CARD ART CONTEST

Submitted by Jim Eglinski, MP – Yellowhead

MP Eglinski is pleased to announce a call for submissions to his 3rd annual Christmas Card Contest. Each December, Members of Parliament have the opportunity to send out Christmas cards to constituents. Usually, these cards display the family of the parliamentarian and/or an Ottawa scene. However, given that there are many talented young individuals within the Yellowhead riding, MP Eglinski wants to recognize one of these artists and showcase their artwork.

Guidelines, Rules and Conditions:

1. This contest is open to all students in the Yellowhead Riding who are in Kindergarten through Grade 8.

2. Each entry must be accom-

panied by a signed entry form, which can be obtained from www.jimeglinski.ca.

3. All formats welcome...water colour, pastel, crayon, painting, pen and ink drawing, photograph, etc.

Completed artwork must be submitted with the entry form, postage free, to my Ottawa Office at:

MP Jim Eglinski Room 304 Justice F

Room 304, Justice Building House of Commons OTTAWA ON K1A 0A6

The winning entry will be displayed on the cover of MP Eglinski's 2018 Christmas card, and the name of the artist will be printed (with parental permission) on the back of the cards.

Submission Deadline: October 9, 2018

Good luck! Use your imagination, and most of all, have fun!

DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

(NC) A little know-how can help golfers avoid unnecessary injury. Considering the number of times a swing is repeated during a game, it's not surprising that the season often ends early for those who are not physically prepared.

Below are a few simple stretching techniques that can help prevent or reduce the impact of injuries:

Side bending stretch

1. Stand with feet shoulder-width apart.

2. Hold the golf club above your head with your arms straight.

3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.

4. Hold for 15 seconds and repeat twice for each side.

Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.

2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 seconds. 3. Gently pull the club down with your bottom hand until you feel a stretch in the top shoulder and arm. 4. Hold for 15 seconds. 5. Reverse hand positions and

www.newscanada.com

repeat.

TRANS MOUNTAIN PIPELINE: PREMIER NOTLEY

Submitted by Cheryl Oates, Media Relations, Office of the Premier | Government of Alberta

Premier Rachel Notley delivered the following remarks on August 30, 2018 in a live address about the Federal Court of Appeal's ruling on the Trans Mountain Pipeline expansion project:

"My fellow Albertans, we face a serious situation.

I'm here before you to tell you how we are defending you, your resources, your jobs and the future of our province and country.

"For generations, Alberta has been forced to sell our resources to one customer – the United States – and to sell those resources at a major discount. The oil and gas in our ground is owned by each and every Albertan. When we are forced to sell those resources for less than they are worth, the whole country pays a price.

"Fewer jobs. Overstressed hospitals. Crowded classrooms. And for almost as long, successive governments in Ottawa and Edmonton failed to change this. "Despite having more coastline than any country on the planet, Canada as a whole remains landlocked. Three years ago, we set out to fix this. Working together, we have made progress.

Today, Canadians in every part of the country support our efforts to build the Trans Mountain Pipeline.

"In coffee shops, on shop floors and in boardrooms around the country, I have heard directly from thousands upon thousands of our fellow citizens who understand that a strong Alberta equals a strong Canada and a pipeline to the coast is critical to that. I want to thank Canadians for their support.

"Now, more than ever, we need to come together and prove to ourselves and the world that our country works. Why? Because this morning, the Federal Court of Appeal ruled against the Trans Mountain Pipeline, quashing the decision to approve the pipeline. This ruling is bad for working families. And it is bad for the economic security of our country.

"Albertans are angry. I'm angry. Alberta has done everything right and we have been let down. The combined result of the actions taken by the Harper government, the current federal government, the National Energy Board and the Federal Court of Appeal means that the current state of affairs in Canada is such that building a pipeline to tidewater is practically impossible.

"As a result, our ability to transport our most profitable commodity is subject to the whims of the White House and the U.S. government.

"Let's not kid ourselves. This is a threat to Canadian sovereignty and Canadian economic security.

It is a crisis. Today, Alberta needs action.

"I have always said that protecting our environment and growing our economy can and must go hand in hand. That's why we established a made-in-Alberta climate plan that creates jobs, lowers emissions and sets our economy on a stronger, more diversified foundation.

"Yet, as important as climate action is to Alberta's future, I have always said that taking the next step and signing on to the federal climate plan can't happen without the Trans Mountain Pipeline.

And so, today, I am announcing that with Trans Mountain halted until the federal government gets its act together, Alberta is pulling out of the federal climate plan.

"And let's be clear – without Alberta, that plan isn't worth the paper it's written on.

I don't take this decision lightly. Every Canadian has a stake in climate action – no one more so than my kids, your kids and the generations who will follow us.

"But Alberta, and indeed Canada, can't transition to a lower carbon economy, we can't build a more just, equal and prosperous society – we can't do these things if we can't provide the jobs and prosperity that comes from getting fair value for our resources.

"So to Ottawa, tonight, I also say this:

Successive federal governments created the mess we find ourselves in. It was broken in Ottawa and now Ottawa needs to fix it. When Alberta's economy is held hostage, Canada is not working.

CONSULTATION – PROPOSED BAN OF STRYCHNINE

Submitted by Jim Eglinski, MP – Yellowhead

Jim Eglinski, Member of Parliament for Yellowhead, is informing residents that Health Canada has quietly launched a public consultation on a proposed ban of strychnine. Strychnine is a registered pesticide used by growers to control ground squirrels, which are more commonly known as gophers.

The Pest Management Regulatory Association (PMRA), under Health Canada, is proposing to "cancel the registration of Maxim 2% Liquid Strychnine Concentrate, and to require removal of ground squirrel use from the label of S.A.R.M Gopher Poison R.T.U." The agency sites the effects on non-target animals as the reason for the review.

A previous review was conducted in the early 2000s, but found little-tono evidence that strychnine harmed non-target animals.

"In the last review, the Conservative Party worked hard for several years to fight for farmers and ranchers, due to the plague of gophers in Western Canada. In the end, the decision was made to allow access to strychnine on an emergency basis," stated MP Eglinski.

The consultation period, which is taking place over the summer, and during harvest season, closes on September 27, 2018.

Conservative MPs are requesting an extension of the consultation period in order to give farmers and ranchers an opportunity to comment following their very busy harvest season.

"Gophers do an incredible amount of destruction to crops and their ground tunnels pose a risk to livestock. Preventing the use of strychnine to address the issue, without indication of secondary harm, is unacceptable," concluded MP Eglinski.

For more information and to participate, visit: www.canada. ca/en/health-canada/services/ consumer-product-safety/pesticides-pest-management/public/consultations/proposed-re-evaluation-decisions/2018/strychnine.html

September 11, 2018 **Trans Mountain Pipeline: Premier Notley**

Continued From Page 20

"So the time for Canadian niceties is over. Earlier today, I spoke to the Prime Minister and told him that Ottawa must take the following actions. First, the federal government must immediately launch an appeal to the Supreme Court of Canada.

"Even more importantly, Ottawa must immediately recall an emergency session of Parliament to assert its authority and fix the NEB process as it relates to this project to make it clear that marine matters have been and will be dealt in a different forum. "Then Ottawa needs to roll up its sleeves and continue its work to protect our coast and improve consultation and accommodation relating to Indigenous peoples in the way they deserve.

"Our sovereignty and our economic security depend on it.

If the federal government acts boldly and gives this crisis the attention it deserves, construction can restart early in the new year.

"This needs to happen. Because today's decision by the courts should put fear in the heart of any government or investor who wants to export non-renewable resources directly from Canada – including, I might say, LNG on the west coast.

"We cannot accept – no one in Canada should accept – that the only way to sell Canada's resources is through the U.S. No other country on earth would accept this and Canada shouldn't either, especially when we are doing it to ourselves. It is ridiculous.

"Money that should be going to Canadian schools and hospitals is going to American yachts and private jets. We're exporting jobs, we're exporting opportunity, and we are letting other countries control our economic destiny. We can't stand for it. "That's why I have pulled out of the national climate plan and called on the federal government to take this to the Supreme Court, call an emergency session of Parliament, fix this mess and get construction restarted.

"Alberta, we are the economic engine of this country. We have built one of the greatest societies on earth, through hard work, ingenuity, and by aggressively defending our interests when those interests have been challenged.

"History calls on us to do so again today. And we will not back down.

Thank you."

Only Two Farmers' Markets Left! We Had A Great Season!

Continued From Page 1

Our brand is expanding. It is truly amazing to witness our little market growing so rapidly. I can see an amazing future for Evansburg Farmers' Market

Thank you to Jerry and Verna for bringing new vendors to the

Market. Its truly appreciated.

If you haven't done so, stop by our positive and friendly Farmers' Market! There are only three Saturdays left for our regular season. We also have two Christmas Markets: Saturday, November 24, and Saturday December 1 from 10-2pm. Be prepared to meet jolly old Saint Nick and take part in Christmas festivities.

We have tons of variety including fresh fruit, fresh vegetables, homemade jewelry, amazing baking, farm eggs, specialty meats, Watkins, bannock, soaps, woodworking, pet treats and so much more!

Once again thank you to everyone who has made Evansburg Farmers' Market a HUGE success. Each and every one of you is truly a GEM to this friendly operation.

"We need more kindness, more compassion, more joy, more laughter. I definitely want to contribute to that." -Ellen De-Generes
