LAC STE. ANNE COUNTY DECLARES STATE OF AGRICULTURAL DISASTER

Submitted by **Joe Blake-man, Reeve | Lac Ste. Anne County**

In response to a dire feed shortage amongst local livestock

producers – coupled with a significant inventory of immature, unharvested crop remaining in field – County Council has declared a State of Agricultural Disaster within Lac Ste. Anne

County. This declaration was executed at the recommendation of the Lac Ste. Anne County Agricultural Service Board.

Lac Ste. Anne County Declares State Of Agricultural Disaster

Continued From Page 1

Local livestock producers are on the cusp of some tough decisions. A province-wide shortage of hay and feed has driven prices skyward. Producers may be forced to significantly cull herds due to this limited access to feed.

The Alberta Agriculture and Forestry/Agriculture Financial Services Corporation Crop Reporting Survey indicates that as of October 2, 2018, just 15.7% of crops within the Lac Ste. Anne County region have been combined – compared to a five-year average of 62.7% at this same time.

The anomalous snowfall experienced in September of this year has harvest operations at a standstill. Little to no progress is expected without a significant turn in the weather. In addition, the prolonged stretches of cold have done severe damage to the quality of the crop that remains out. Producers who have managed to harvest have done so in limited quantities and at moisture levels not suitable to facilitate sale or long-term storage.

County Council has made this declaration of Agricultural Disaster with the intent to encourage the Provincial and Federal Governments to initiate the programming necessary to assist our agricultural producers.

For additional information, concerned parties are encouraged to contact Lac Ste. Anne County Agricultural Services Manager Aren Skogstad at 780.785.3411 (toll-free 866.880.5722).

JOKE OF THE WEEK

It was mid-October and I was waiting for my wife, Julie, at the checkout at Walmart supermarket, I noticed that someone had left behind their broom. When no one came to claim it, I went outside to search for a couple I remembered seeing at the cashier's desk. I spotted them getting into their truck and hurried over. 'Excuse me,' I said to the young woman, 'but did you by any chance leave your broom inside?' 'No,' she retorted quickly and with a smile, 'we came by truck.'

PARLIAMENT UPDATE – WEEK OF OCTOBER 1, 2018

Submitted by Jim Eglinski, MP – Yellowhead

The following was debated in the House:

- Bill C-77 – An Act to amend the National Defence Act and to make related and consequential amendments to other Acts (Second Reading)
- Bill C-78 – An Act to amend the Divorce Act, the Family Orders and Agreements Enforcement Assistance Act and the Garnishment, Attachment and Pension Diversion Act and to make consequential amendments to another (Second Reading)
- Bill C-79 – Comprehensive and Progressive Agreement for Trans-Pacific Partnership Implementation Act (Report Stage and Third Reading)
- Bill C-376 – Sikh Heritage Month Act (Second Reading)
- Motion No. 155 – Fil-

ipino Heritage Month

- Motion No. 190 – Construction Labour Shortages in Toronto
- Motion No. 192 – Episodic Disabilities
- Conservative Motion – Justice for Tori Stafford

I remained in the riding on Monday and Tuesday in order to express my support of a local retired farmer who was the victim of a brutal assault on his property last year, and to attend his assaulter's court proceedings during the victim testimony portion.

On Thursday, I participated in debate on Bill C-78, which modernizes the Divorce Act, by asking a number of questions on the legislation. You can read comments and questions from Debates on the House Publications page at www.ourcommons.ca/en.

In the Standing Committee on Public Safety and National Security (SECU), we continued

the study on Motion No. 124, which explores the availability of automated external defibrillators (AEDs) in first responder vehicles. For more information on these meetings, visit: www.ourcommons.ca/Committees/en/SECU.

In the Standing Joint Committee on the Library of Parliament (BILL), we met the newly appointed Parliamentary Librarian, Ms. Heather Lank. For more information on these meetings, visit: www.parl.ca/Committees/en/BILL.

This week, I attended six meetings and one event. I will be in the riding over the weekend to attend events. Next week, I will be sailing on the HMCS Vancouver as part of the Canadian Armed Forces and Department of National Defence Parliamentary Program. Look for my update next Friday on my travels throughout the riding and beyond.

NOTICE TO CREDITORS AND CLAIMANTS

Estate of **WILLIAM FRANCIS MAGUIRE** (also known as **WILLIAM FRANCES MAGUIRE**) who died on August 17, 2018.

If you have a claim against this estate, you must file your claim by November 15, 2018 with **HARDMAN LAW OFFICE, Barristers & Solicitors, #208, 10335 – 178 Street NW, Edmonton, AB T5S 1R5.**

If you do not file by the date above, the estate property can lawfully be distributed without regard to any claim you may have.

Creditors: you must include a full description and value of the debt you allege the deceased owes you and a full description and value and of any of the deceased's property that you hold as security for the debt.

Claimants: you must include a full description of your claim and why you have a right to make such a claim.

Alberta Beach Museum Requires History Book Co-Ordinator /Manager

- Set Up and attend meetings. Take minutes.
- Research and co-ordinate and contact people for history stories.
- Set up History Story Events – daily/weekly/monthly.
- Collaborate and complete book for publishing.

Position will be offered on a Contract Basis. Objective – Alberta Beach Museum will be publishing a new History Book with a published date of August 2020 and requires a person to investigate, marketing, coordinating, research, obtain and interview people for stories and work with publishers.

Knowledge of Alberta Beach is an asset.

Stolen SUV / Assist to Identify - Found Puppy

Continued From Page 1

The RCMP Police Dog Services Unit was utilized and was able to track a suspect from the stolen SUV to numerous backyards in the neighbourhood but eventually the track was lost and the suspect was not located.

RCMP members located a puppy inside the stolen SUV

and confirmed it did not belong to the owner of the vehicle. It is unknown if the puppy belongs to the unknown suspect or if the puppy was stolen from a residence. The puppy was taken to the Morinville Veterinary Clinic. St. Albert RCMP is asking for the public's help in locating the puppy's rightful owner.

If you have information about

this or any crime and would like to remain anonymous, contact Crime Stoppers by phone at 1-800-222-TIPS (8477), online at p3tips.com, or with the P3 Tips app. Crime Stoppers does not collect information about your identity. A tip leading to an arrest may be eligible for a reward of up to \$2,000.

Whitecourt CAO Peter Smyl Receives Provincial Recognition

Continued From Page 1

Mr. Smyl accepted the award on September 26, 2018 at the 2018 AUMA Convention in Red Deer, Alberta.

"On behalf of the Town of Whitecourt, we are pleased to see Peter Smyl recognized by SLGM and AUMA for his dedication and commitment to municipal governance over the past 20 years," said Whitecourt

Mayor Maryann Chichak. "I've had the opportunity to work with Peter over the last several years, and his hard work and effort is deserving of this recognition from his peers and the municipal sector."

The award recognizes long-term excellence and dedication to municipal government and chief administrative management.

As stated by Bob Beck, Chair of the SLGM, "Peter has worked

hard to improve his professional knowledge and competence and to ensure his staff keep their skills current in this ever changing local government business."

"It's great that AUMA and SLGM have an avenue to recognize the work that municipal employees do for communities throughout the province," added Peter Smyl. "Thank you to Whitecourt Town Council and my coworkers in helping me achieve this honour."

Better Choices, Better Health®

Nutrition, physical activity and stress affect your life, especially when you're raising a young family. This six-series workshop will help you discover strategies and plan changes to help you live healthier.

Topics include:

- Overcoming the physical and emotional challenges
- Managing pain, fatigue and stress
- Making positive nutrition and active living choices
- Setting personal goals and acting on your plans.

Specially designed to support families with young children, Lac Ste. Anne County Parent Link and the Onoway Public Library are partnering with AHS to provide space and free child care for children 1 year of age and older. This class is for you if you want to learn new skills to get back on track with:

• Weight Management	Sessions
• Depression/Anxiety	6 (1 per week)
• Getting enough exercise	Length
• Sleep	2 ½ hours
• Eating Well	each session
• Managing a chronic health condition	

Upcoming Workshop
 Date: Oct 31-Dec 5 Time: 9:30am to Noon
 Location: Onoway Heritage Center, Parent Link Room (#7)
 To Register call: 1-877-349-5711

Childcare must be booked at time of registration

RCMP REQUEST ASSISTANCE TO LOCATE MISSING FEMALE

Submitted by **Stony Plain/Spruce Grove/Enoch RCMP**

UPDATE:

RCMP has received information that Megan CAWTHORPE may have received a ride from a white Dodge Ram truck, single cab with a headache rack, decals on the side and an Alberta licence plate. The vehicle was last seen driving north on High-

way 60.

BACKGROUND:

RCMP are requesting the public's assistance in locating 30-year-old Megan CAWTHORPE. Megan was last seen at a gas station on Highway 60 at 4:45 a.m. on October 9, 2018. There is a general concern for her health, safety and well-being.

Megan is described as:

- Caucasian
- 5'4" and 135 lbs
- Blonde hair and blue eyes
- Wearing a Green Army Fatigue sweatshirt and Black sweatpants

If you have any information on Megan's whereabouts, you are asked to contact the Stony Plain RCMP at 780-968-7200 or your local police.

RIDING UPDATE – WEEK OF OCTOBER 8, 2018

Submitted by **Jim Eglinski, MP – Yellowhead**

I spent the week sailing on the HMCS Vancouver as part of the Canadian Armed Forces and Department of National Defence Parliamentary Program.

This amazing experience gave me the opportunity to experience life aboard one of Canada's major warships, living among and interacting with its sailors to

gain a deeper understanding of their mission in service to Canada. I gained a perspective of what life is like at sea and I better understand the training that each sailor receives in addition to their actual job. There is a lot of complexity and moving pieces to each sub-team and it was incredible to see how each team interacts with the others in order to run an operational warship.

Thank you to all of our sail-

ors, past and present, who spend months at a time away from family in the service of our country.

I returned to the riding on Friday. That evening, I attended the Edson Business Awards Gala. Congratulations to all of the nominees and winners!

On Saturday, I toured the Weyerhaeuser mill in Edson as part of their 35th Anniversary celebration. Later that day, I drove to the seniors' centre in Alberta

Beach to attend an event celebrating the approval of a \$25,000 grant from the New Horizons for Seniors Program. The funds will be used for their adult exercise and garden areas.

I will be back in Ottawa next week as the House resumes. Look for my update next week on the happenings of Parliament.

MORE THAN POWER**

MEET OUR SPONSOR

Submitted by Richard Moses | Onway Royal Canadian Legion

Sharon proudly holds her thank you plaque.

Sharon Cook Breikreuz grew up knowing that she had five relatives, including her father, who had served in both world wars. Onway was home, and she attended school here as she grew up.

Sharon's father, Thomas H. Cook, served in Europe during WW1. There, he suffered a brain injury resulting in amnesia for eight months. Years later, it turned into epilepsy. Because of that in-

jury, Thomas served in Vancouver, then Alaska with the U.S. Air Force during WW2, returning home to farm when hostilities ended.

Private Steven D. Cook, Sharon's uncle, died in WW1. Ironically, the bullet killing him cut off the corner of a picture of himself he carried in his breast pocket. Privates John W. Osland, and Joyce V. Osland were half-siblings from her mother's first marriage, both in the army. John was with the Canadian Army when it liberated Holland. Joyce served as a truck

driver in Calgary, and later married Private Clifford Pedersen. Cliff was injured during the war, but recovered, and both he and Joyce returned to the family farm at the end of WW2.

Sharon wanted to honour her family, and where else but in the home Legion? When she learned the legion badly needed smaller flags for ceremonies, she felt that sponsoring three flags was fitting. A plague of thanks now hangs in the legion.

Sharon Breikreuz points out the names of her family.

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Tara Galant, Legislative Manager | Town of Whitecourt

Whitecourt Town Council has approved Community Standards Bylaw 1475-1 which includes regulations to manage recreational use of cannabis in our community. The possession, sale and

consumption of cannabis will be legalized by the Federal Government on October 17, 2018. Bylaw 1475-1 will come into effect that day, and bans the recreational use of cannabis in all public places within the Town of Whitecourt, thereby limiting use to residences and private property. The Town of Whitecourt appreciates all of

those that shared their feedback on the bylaw at the public open house and through the online survey conducted last month. Information on the bylaw will be shared through our website, in the community, and on social media accounts throughout the next several months.

ENVIRONMENTAL FARM PLAN SESSIONS

EFP TECHNICIAN WORKING WITH LAC STE. ANNE COUNTY PRODUCERS

Submitted by Lorraine Taylor, Conservation Coordinator | Lac Ste. Anne County

The Agricultural Services Department is hosting two more free workshops for ag producers wanting to complete an Environmental Farm Plan. Our EFP technician from the West Central Forage Association will be at the Lac Ste. Anne County office on Monday, October 29, 2018 from 4:00 to 8:00pm and Thursday, November 22, 2018 from 10:00am to 2:00pm.

The Alberta EFP is a whole farm environmental risk assessment tool. Participating in the program is completely voluntary. There are many good reasons to complete an EFP; awareness of environmental risks in your operation, increasing efficiencies and reducing production costs, and meeting requirements for sustainable sourcing programs. Eligibility for funding under the Environmental Sustainability and Climate Change programs of the Canadian Agriculture Partnership (CAP) includes hav-

ing a current EFP.

You can complete your EFP online in your own time. Many participants find completing the workbook easier with the support of an EFP technician. The workshops give you time to work on your EFP with in-person guidance. If you would like to get started on your plan, have a few questions answered, or get it finished off, drop-in during the October or November sessions. Come on your own or as a farm unit. Bring your own laptop or we will supply one for you to

use. Refreshments will be provided. For more information about the Environmental Farm Plan visit www.albertaefp.com

To ensure the sessions will run, pre-registration is required. We'll get you set up in advance, so you can get started as soon as you arrive. To register for a session, or for more information on the EFP process, contact Rachel at the West Central Forage Association, 780.727.4447 or conservationag@westcentralforage.com

Whitecourt Town Council Update

Continued From Page 8

Whitecourt has entered into a facility use agreement with Starks Sports Society, owners of the Whitecourt Wolverines Junior A Hockey Club, for the 2018/2019. Another use agreement will be ne-

gotiated in mid-2019 once details on the proposed facility extension to the Scott Safety Centre is finalized.

Whitecourt has approved a new facility use agreement with the Whitecourt Gymnastics Club. The new agreement will allow the Club to re-establish its program

and staffing as it works to recover from impacts to their operations experienced from a flood at the facility in 2017.

Council endorsed and provided authorization for Administration to sign a Memorandum of Understanding and a Small Cell License Agreement with TELUS that al-

lows TELUS and the municipality to pursue discussions regarding the upgrade of TELUS' infrastructure within Whitecourt.

A Special Meeting of Council has been scheduled for December 12, 2018 at 5:00 p.m. to review the 2019 Budget.

NOTICE OF PUBLIC HEARING

In accordance with the requirements of Section 606 of the Municipal Government Act, as amended, the Council of Parkland County has scheduled a Public Hearing regarding the proposed adoption of the following Bylaw:

Date: October 23, 2018	Time: 10:30 am	Location: Parkland County Council Chambers 53109A Hwy 779, Parkland County, Alberta
-------------------------------	-----------------------	--

Proposed Bylaw 2018-19 Parkland County and Lac Ste. Anne County Intermunicipal Development Plan

An Intermunicipal Development Plan (IDP) is a statutory document prepared with two (or more) municipalities that share a common border, and where at least one member is not a part of a growth management region. An IDP ensures future development and land use policy are coordinated between municipalities. Parkland County and Lac Ste. Anne County, under the direction of Section 631 of the Modernized Municipal Government Act, have agreed to jointly engage in an IDP. This plan has been developed to reduce the possibility of any potential conflicts between Counties and to ensure the relationship remains strong, transparent and collaborative in the future.

Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may either be submitted to Planning & Development by 4:00 P.M. on October 16, 2018, or submitted at the commencement of the Public Hearing.

Anyone wishing to make a verbal presentation to Council must notify Planning & Development Services by 4:00 P.M., on October 16, 2018. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes. Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

Copies of Proposed Bylaw

Copies of the proposed Bylaw are available free of charge during regular business hours (8:30 A.M. to 4:30 P.M., Monday to Friday) from Planning & Development Services at Parkland County Centre. They are also available on the County's website at <https://www.parklandcounty.com/en/county-office/inter-municipal-planning.aspx>. If you have any questions or wish to present a written or verbal submission, please contact Rachelle Trovato, Planner at Planning and Development Services at 780-968-8443.

AHS INFLUENZA IMMUNIZATION PROGRAM BEGINS MONDAY OCTOBER 15

Submitted by Alberta Health Services

Starting Monday (Oct. 15), Albertans have the opportunity to protect themselves and others against influenza through Alberta's annual influenza immunization program.

The vaccine will be available free of charge to all Albertans six months of age and older at hundreds of Alberta Health Services (AHS) public influenza immunization clinics, as well as

at many pharmacists and physician offices around the province that can provide immunization to Albertans five years of age and older.

"All of us have a role in reducing the spread of influenza," says Sarah Hoffman, Minister of Health. "I encourage all Albertans to do their part and get immunized this season to help protect themselves, their families and communities from influenza."

"It is important to get immunized early in the season," adds

Dr. Christopher Sikora, Acting Senior Medical Officer of Health for AHS. "You may be healthy now but, without immunization, everyone is at risk. Prevention is your only protection."

Immunization is the most effective means of protecting against the strains of influenza virus circulating each season. Because influenza strains change season to season, Albertans cannot rely on having been immunized in years past.

"Last season, influenza immunization cut Albertans' risk for influenza by just over 40 per cent," says Dr. Sikora. "That's great but last year's immunization won't protect you this season. You need this season's immunization to be protected this season."

Last influenza season, more than 3,000 Albertans with influenza were hospitalized and

92 Albertans died with influenza. Influenza causes more emergency department visits than heart attacks and strokes, not to mention significant downtime from work and leisure activities.

"Influenza does not discriminate," says Dr. Sikora. "Though some Albertans are at greater risk of severe complications, no one is naturally immune to influenza. Please don't take the risk. Influenza can be one less thing we battle this winter. For yourself, and your loved ones, get immunized."

For more information, including local clinic schedules, visit www.ahs.ca/influenza or call Health Link at 811.

BETTER QUALITY OF LIFE

and a money saver, too!

You can immediately see and feel the difference Elite makes to the quality of your water and the quality of your life. With Elite conditioned water, you and your family will look and feel better - with noticeable glowing complexions and soft, shiny hair.

Beautifully soft, dazzling whites and brilliant colors will replace the rough, matted clothing and towels your hard water previously produced.

Even housework is less of a chore as conditioned water leaves no bathtub ring, scummy film on shower stalls or unsightly spots on glassware, dishes and fixtures.

Your Elite water conditioner will save you time and money, too. You'll spend significantly less on detergents, cleaning products, conditioners, creams and personal grooming products. In addition, your plumbing fixtures and appliances will be protected against costly repairs or premature replacements.

Automotive Needs!**

Auto TUNE-UP

WHY DO BRAKE ROTORS WARP?

Braking systems are comprised of various components, including rotors. Rotors are large metal discs that can be seen behind the wheels of the car. Rotors can sometimes appear to warp, and many drivers may question why this occurs or if this is a significant problem.

Rotors cannot really warp. Automotive experts note that rotors are metal discs that are cast under extreme heat conditions. It would take a similar application of heat by the braking system for rotors to actually bend, which is impossible. Other factors make rotors appear to be warped, so describ-

ing such rotors as "warped" is an easy way to explain the problem to vehicle owners.

For brakes to work correctly, brake pads must be applied squarely and evenly against the rotor. But friction can cause some brake pad materials to form residue on certain areas of the rotor,

eventually contributing to uneven rotor surface levels. Some spots become thicker, while others may thin out.

Drivers' own habits, including their braking tendencies, can contribute to uneven rotors. The automotive advice resource Your Mechanic says that riding the brakes for prolonged periods of time can cause hot brake pads to "paint" the rotors. So constant braking should be avoided.

Drivers also can shift into a lower gear when driving downhill so that prolonged breaking is unnecessary. Also, avoiding frequent hard braking may help. People who live in an area where they're hard on the brakes either because of hilly terrain or traffic may find such environments can take a toll on the performance of their vehicles' brake systems.

Brake system issues, such as front brakes having to work harder than rear brakes, or over-torquing when wheels are installed, also may cause rotors to warp, advise automotive experts at Kal Tires. Moss Motoring also states that new pads and brake pads need to be fitted correctly and properly "bedded." Bedding is the initial transfer of friction material from pad to the disc to form a smooth, uniform layer. Break-in instructions should be included with new brake installation.

Warped rotors can cause symptoms such as squeaky sounds and lead to jittery feelings in the car when brakes are applied. Such rotors also can cause the vehicle to vibrate when coming to a stop.

If warped rotors seem to be an issue, mechanics may be able to put thicker rotors into a lathe to smooth out the residue and restore an even surface - but the problem can come back. It is usually best to replace rotors if they are causing severe vibrations or issues when braking.

FLUIDS TO CHECK BEFORE YOUR NEXT ROAD TRIP

For many traveling enthusiasts, few things are more enticing than the open road. Road trips have long been popular, and that popularity appears to be on the rise.

According to a report from MMGY Global, a travel and hospitality marketing firm, road trips represented 39 percent of vacations taken by United States travelers in 2016. Road trips also remain popular in Canada, where vast, rugged terrain makes for idyllic trips.

Before embarking on road trips, motorists would be wise to inspect their vehicles to ensure their getaways are not derailed by car troubles.

- **Brake fluid:** Squeaky brakes are not the only potential indicator of brake problems. Brake fluid, which should always be topped off before be-

ginning a road trip, also might shed light on potentially serious problems. According to the National Motorists Association, brake fluid looks honey-like and translucent when fresh. A puddle beneath a vehicle that is clear to brown and slick indicates a brake fluid leak, which can ultimately lead to a complete failure of the brakes. The NMA recommends brake fluid be changed at least once every three to four years.

- **Transmission fluid:** When fresh, transmission fluid is red, darkening over time. However, transmission fluid should never appear brown or black, which indicates potential internal damage to the transmission. To determine if there are any issues with the transmission fluid, the NMA recommends drivers wipe a cool dipstick between

their thumb and index finger. If even the slightest bit of grit is felt when wiping the dipstick, the transmission is likely in need of work.

- **Oil:** Drivers should change their vehicles' oil before embarking on road trips, especially if such trips will be lengthy. The NMA notes that fresh oil is light to dark amber and translucent, and that is how oil typically looks immediately after an oil change. Oil darkens over time, and that is natural (black oil indicates it's time for an oil change). However, oil that appears cloudy or milky indicates that coolant is getting into the oil, perhaps due to gasket problems. Drivers who are not getting their vehicles' oil changed before a road trip should at least check their oil before leaving to inspect the color

of the oil and ensure the vehicle has enough oil.

- **Windshield washer fluid:** The unknown of the open road is part of what makes it so appealing. While many road trippers plan their trips during the summer and fall when the weather tends to be both pleasant and predictable, there's no guarantee inclement weather won't rear its ugly head. Filling the windshield washer fluid reservoir before embarking on a trip ensures drivers' visibility won't be adversely affected by unforeseen issues that can soil windshields.

Checking fluids before embarking on a road trip can help drivers avoid breakdowns and ensure a safe, fun trip.

TWO HEADLIGHTS ARE BETTER THAN ONE: HOW CHANGING HEADLIGHTS IN PAIRS MAKES NIGHTTIME DRIVING SAFER

(MS) - When it comes to vehicle maintenance, professional automotive technicians and organizations that promote safe driving have always advocated replacing certain safety components in their vehicles, such as tires, brakes, shocks and wiper blades, in pairs.

Replacing parts in pairs ensures that the vehicle is properly balanced and functioning safely. But it's not just tires, brakes and shocks that should be replaced in pairs. Vehicle lighting plays an integral role in keeping drivers and their passengers safe, and motorists should exercise the same level of caution regarding their vehicles' headlights, taillights, and turn signals that they do with other parts of their cars and trucks.

Why replace aging headlight

bulbs?

Most drivers are not aware that headlight bulbs can wear out and degrade over time. As a result, headlights are often overlooked when drivers conduct routine vehicle maintenance. As they age, headlight bulbs put out less light, which can dramatically compromise visibility at night, when drivers' visual acuity is already naturally reduced by as much as 70 percent.

According to Lumileds, a leading lighting solutions company for the automotive industry, headlight bulbs begin to project significantly less light within two to three years of their initial installation, producing dimmer light outputs that can compromise the safety of drivers and their passengers.

Why replace bulbs two at a time?

Though replacing both headlight bulbs when only one is dimming may seem unwarranted, maintaining a consistent light output from both headlights makes the road safer for drivers, their passengers and oncoming motorists. When only one bulb is replaced, the resulting light output can be both unbalanced and unpredictable, providing inadequate lighting that can compromise driver visibility. In addition, when one bulb burns out or starts dimming, the other bulb will likely follow, forcing drivers to deal with the expense and inconvenience of getting it replaced all over again.

How else can drivers improve visibility?

In addition to properly maintain-

ing their headlights, drivers can take the following proactive measures to make nighttime driving safer.

- Replace worn out wiper blades each season or in three-month intervals to ensure adequate visibility during rain or snow.
- Clean interior glass and mirrors to remove any film-like buildup that reduces vision and creates hazy reflections from the sun. This is especially important for smokers who smoke while driving.
- Don't hang accessories on rear-view mirrors. This includes fuzzy dice, photos and other items that can be distracting and block your vision.

To learn more, check out the public service website and video produced by Lumileds at: philipsautolighting.com/chips.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

8		7				9		3
3			6					
1		4	7	9				8
5			3				4	7
2								
		6		1	5			
				3		4	8	1
		1		2	7		5	
					6	2		

ANSWER:

8	5	7	2	4	1	9	6	3
3	2	9	6	5	8	7	1	4
1	6	4	7	9	3	5	2	8
5	9	8	3	6	2	1	4	7
2	1	3	8	7	4	6	9	5
7	4	6	9	1	5	8	3	2
6	7	2	5	3	9	4	8	1
9	8	1	4	2	7	3	5	6
4	3	5	1	8	6	2	7	9

Like puzzles? Then you'll love sudoku.

This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
