CFEP Cheque Presentation

Continued from Page 1

The Alberta Minister of Agriculture, Oneil Carlier, presented our President, Wilma Swinkels with a cheque for \$20,000. The Board members decided, and quickly spent the money on a new 24X80 pole shed which

was attached to the existing pole shed on site. This was all to be done and ready for the Fair on Aug 17/18. To make room for the new shed, 2 old rotten pole shed buildings were demolished, one which was built in 1950. Demolition was taken care of by Dwight Osborn. The pole shed

was constructed by FIR SURE ENTERPRISES (John Geizen and crew).

Many thanks to the Alberta Government and the Alberta Agriculture Department for the tremendous support to Agricultural Societies throughout Alberta for many years.

LEST WE FORGET
REMEMBRANCE DAY

On Remembrance Day, we'd like to share our admiration and appreciation for the dedicated men and women in uniform whose service and actions have protected our freedom and our way of life through the generations.

To all of the brave soldiers who made the ultimate sacrifice, our deepest gratitude remains with you and your families on Remembrance Day and always.

Veterans' Week: Statement from Premier Notley

Continued From Page 1

We commemorate those veterans who have given their lives in battle, on peacekeeping missions, in times of natural disaster and in the midst of humanitarian crisis.

Equally, we salute veterans who have returned, as witnesses of history's upheaval, as keepers of hallowed memory, through their personal challenges and triumphs.

In Alberta, we also remember the recent support of the Canadian Armed Forces, during the floods of 2013 and the Fort McMurray-area wildfires of 2016.

This week, we will see our veterans march in honour of those who sacrificed before them or with them. Every step they take is a veneration of peace, freedom and the values of our nation. Let us honour them – with our support, respect and gratitude.

On behalf of the Government of Alberta, to all current and retired members of our military and their families, here in Alberta and across Canada, thank you.
Lest we forget."

REMEMBRANCE DAY

On Remembrance Day and always, we appreciate Canada's veterans.

Thank you to all of the men and women who have served and continue to serve our nation!

On the 11TH hour on the 11TH day of the 11TH month...we stand in silence.

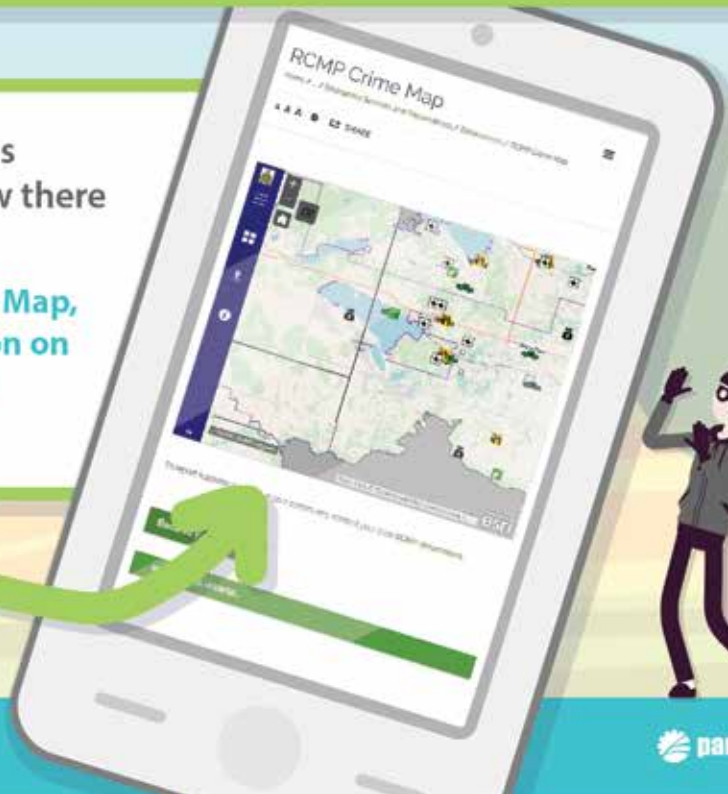

For two minutes, a serene quiet falls over our communities as we pause with thanks.

PUBLIC NOTICE

TRANSALTA CORPORATION

ENVIRONMENTAL PROTECTION AND ENHANCEMENT ACT

NOTICE OF APPLICATION

In accordance with the Environmental Protection and Enhancement Act, TransAlta Corporation has applied to Alberta Environment and Parks for an amendment to the existing approval for the conversion of the Keepphills Thermal Electric Power Plant (units 1 to 3) from coal to natural gas. The plant is located in the northeast quarter of Section 36, Township 51, Range 4 West of the 5th Meridian, approximately 60 km west of Edmonton.

A directly affected person may provide input into certain regulatory decisions, as allowed by the Environmental Protection and Enhancement Act (section 73). Specifically, any person who is directly affected by this application may submit a written statement of concern within 30 days of the date of this notice to:

Environment and Parks | Regulatory Approvals Center
5th Floor, South Petroleum Plaza | 9915 - 108 Street | Edmonton, Alberta T5K 2G8
Fax: (780) 422-0154 | E-mail: aep.epeapplications@gov.ab.ca

The written statement of concern should include the following:

- the application number 025-10324
- describe concerns that are relevant to matters regulated by the Environmental Protection and Enhancement Act
- explain how the filer of the concern will be directly affected by the activities proposed in the application
- provide the legal land location of the land owned or used by the filer where the concerns described are believed to be applicable
- state the distance between the land owned or used by the filer and the site in the application
- contact information including the full name and mailing address of the filer.

Please provide a telephone number and/or email address for ease of contact.

Environment and Parks will review each written statement of concern, seek more information if needed, and notify each filer by letter of the decision to accept or reject their written submission as a valid statement of concern. The Public Notice of this application will also be posted on the Department's website at <https://avw.alberta.ca/PublicNoticesViewer.aspx>

Statements of concern submitted regarding this application are public records which are accessible by the public and the applicant. Failure to file a statement of concern may affect the right to file a Notice of Appeal with the Environmental Appeals Board.

Copies of the application and additional information can be obtained from:
TransAlta Corporation | Attention: Shanon Leggo | Manager, Environment, Health & Safety
Sundance Plant Office | Box 1, Site 4, RR 1 | Duffield, AB, T0E 0N0
Telephone: (587) 763- 5430 | E-mail: shanon_leggo@transalta.com

GYPSED NOVEMBER SCHOOL NEWS

Submitted by Nikki Gilks, Manager, Communications Services | Grande Yellowhead Public School Division

EVANSVIEW SCHOOL

As the season changes it brings a sharp reminder to just how fast the time is passing. We are having a great time here at Evansview School with many exciting things happening.

In October, we started a new reading program "GO RED!" (Read Every Day) which has brought out the competitive spirit in our students and staff who are reading as combined teams to win a reading race. Everyone is involved and really enjoying the new program.

As November arrives, we enter into a season of remembrance and will be recognizing our veterans with a combined Remembrance Day program at Grand Trunk High School on Friday, November 9th at 11 a.m. Students and staff at both schools along with members of our local Legion will have a Remembrance Day program that involves wreath laying by representatives of the different classes as well as video and other presentations.

Alberta Health Services will be at our school on November 5th and 6th to provide dental services to some of our students. Picture retakes are scheduled for November 7th so if you missed the first picture day, or didn't get that smile quite right, remember to dress your best!

A reminder to the Evansview School Community that November 12th to 16th is Fall Break and there is no school for students or staff that week. We hope you all enjoy the time off!

Evansview School's Christmas program "'Twas the Night Before Christmas" is scheduled for November 26th at 1:50pm for students, and farm safety programming will be held for individual classes throughout the day on November 27th.

Our first report card goes home on the 29th followed by a professional learning day for staff on Friday, November 30th.

GRAND TRUNK HIGH SCHOOL (GT)

October has been another action packed month at Grand Trunk High School. In early October, students attended a presentation by Yellowhead County Fire Department as a part of Fire Prevention Week. Students learned about the dangers of fire and preventive measures for their safety.

GYPSED November School News

Continued from Page 5

High school students had the opportunity to attend a scholarship and application workshop with Mrs. Klingspohn to assist in preparations for their futures. The application process can be complicated and extra assistance was provided to those who required it. These types of sessions will continue throughout the year to assist our students with their future plans.

Grand Trunk volleyball teams have been having very successful seasons, participating in tournaments in Whitecourt, Mayerthorpe, and Hinton in recent weeks. Grand Trunk also hosted another successful

alumni volleyball tournament; welcoming back many past graduates and providing our current teams an opportunity to play many past Teddies and Grizzlies. A big thank you goes out to the volunteers who make our extracurricular programs so successful, from driving the bus, chap-eroning, to coaching the teams.

The staff at Grand Trunk recently spent a collaborative professional development day reviewing student academic data. Staff is very committed to academic growth and data review is a very important part of the growth process. Academic success is a priority for our school so that all Grand Trunk students can be successful.

It's time for spirit wear orders at Grand Trunk. This year we are using a brand new design for our school clothing. Students have the opportunity to show their school spirit through their wardrobe.

Thanks to student interest, Grand Trunk is beginning the process of becoming a 'WE School'. This means that our school will be embarking on projects organized by our students to help those in need, both in our community, and around the world. This project will give our students a venue for their great community assistance ideas and create some new Grand Trunk initiatives.

Grade 7 students took part in the Bee Aware Program (drug aware-

ness) on October 30th, in conjunction with other area schools and Yellowhead County.

The Grand Trunk Students' Union planned a number of Halloween activities for the whole school, including a dance, costume contest and bake sale.

It's the time of year to start thinking about convocation. This year will be the first spring convocation at Grand Trunk High School and it's time for the planning to begin. There is a lot of work to be done, including changes to the ceremony. Student meetings have already begun, followed by parent meetings scheduled for the first week of November. Students have started to think about their futures and it is time to plan the celebration of their accomplishments.

Grand Trunk staff has issued an attendance challenge to our students. In a two week period, students are challenged to be active and productive members of their classroom communities, and then their grades will be examined for improvement after that two week period. Students who have met the challenge will have the opportunity to win prizes at a celebratory assembly at the end of the two weeks. We believe our students will rise to the challenge and their grades will rise as a result.

Grand Trunk is pleased to announce that we will have sixty new Chromebooks and two charge carts for class use and one computer lab. As well, we have the exciting opportunity to send three students for a day of learning and collaborating in GYPSED's new Makerspace on November 6th.

Grade 9 students will be taking part in Take Your Kid to Work Day on November 7th. Students will have the opportunity to see the workplaces of adults in their lives. This is an important opportunity for our students to experience jobs and workplace situations.

On November 9th, Grand Trunk welcomes Evansview students for a Remembrance Day ceremony. This event is being coordinated with assistance from both schools to make it a memorable occasion. This ceremony is open to parents and guardians as well.

WILDWOOD SCHOOL

Wildwood School continues to be a busy building filled with activities designed and planned to add to the educational experience of our students and their families. Numerous experiential learning opportunities took place in the month of October and will continue into the months ahead.

have made Canada proud, strong, and free.

 *Yellowhead County*

CELEBRATING 40 YEARS IN ALBERTA BEACH!

Ecko Marine Ltd. came into existence when Marvin & Marlene purchased a small engine shop called Frank's Marine in 1978. The facility was adequate for the time but in 1979 a small section was added on in order to have running water and an indoor bathroom. At the time Ecko Marine repaired lawn and garden equipment, Johnson/Evinrude outboard motors and sold and repaired Moto-Ski snowmobiles.

In 1983 things started to change quickly for the company. We now became a Ski-Doo dealership and sales looked promising so another new section was added. Tearing down the oldest part was a bit sad as we

were told it was the original Hudson Bay Trading Post but don't know that it was true, although under the slat board it was a log building.

Being a Ski Doo dealer was a better opportunity for us and the next big addition was when BRP reintroduced the exciting Sea Doo product line in 1988. It was a tremendous boost to the business and space became an even larger issue.

In 1992 up came the next big move, and it was big, we moved from a small building on a normal town lot to 1.98 acres and built a 2 storey building with a large shop and showroom. We would surely be set forever, so much space!

Sales and weather con-

tinued on its up and down course but in 1994 BRP again introduced an exciting new product line, the Sea Doo Jet Boat, the best way to have the maneuverability of a PWC and the comfort and towing ability of a conventional boat. It was amazing how these products appealed to the public and sales were good so once again space became an issue.

In 2003 we added an addition to the existing building and now had 18,000 sq ft to showcase our product lines. In 2004 the new BRP ATV line was added to our list of fun vehicles. We now had dirt, snow and water covered by a tremendous line of personal recreation vehicles.

In 2008 after 30 amazing

years of fun and hard work the business was sold to Steven the son of Marvin and Marlene who continues to run it today. Since he has assumed ownership he has added a new division, Accurate Archery and also increased the land by an additional 1.5 acres.

We are proud of the 40 years that Ecko Marine Ltd has been operating and very grateful to BRP for their innovative products, to our amazing staff over the years, to our gracious family who stood by us and mostly to our customers who have supported us through the years. Thank you.

- S-240 – Criminal Code (Trafficking in Human Organs) (First Reading)

On Monday, I presented a petition calling on the Prime Minister to defend freedom of

conscience, thought, and belief by withdrawing the attestation requirement for applicants to the Canada Summer Jobs Program.

Also on Monday, I had the opportunity to ask questions during debate on Bill C-85, which modernizes the text of the Act and brings it into conformity with Canada’s obligations. You can read all questions, comments, and speeches in the House on the corresponding day’s Hansard at www.ourcommons.ca/en.

In the Standing Committee on Public Safety and National Security (SECU), we continued the study on M-167, which deals with rural crime. For more information on these meetings, visit: www.ourcommons.ca/Committees/en/SECU.

This week, I attended 14 meetings and two events. Look for my update next Friday on the happenings of Parliament. I will remain in Ottawa over the weekend to attend a meeting regarding the proposed firearms ban. Look for my update next Friday on the happenings of Parliament.

JOKE OF THE WEEK

There were three men on a hill with their watches. The first man threw his watch down the hill and it broke. The second man threw his watch down the hill and it broke. The third man threw his watch down the hill, walked all the way to the bottom, and caught it. The other two men were puzzled and asked the third man how he did it. The third man said, "Easy. My watch is 5 minutes slow!"

We understand hearing loss. First hand.

BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORIES LIFTED PROVINCEWIDE

Submitted by Alberta Health Services

Recent weather has cooled lake and reservoir water temperatures to such an extent that blue-green algae is no longer a health concern, including in 2 water bodies in Edmonton Zone and in 17 water bodies in North Zone, which had previously been placed under blue-green algae (cyanobacteria) bloom advisories.

Effective immediately, Alberta Health Services has lifted the blue-green algae bloom advisories for:

- Isle Lake
- Heritage Lake
- Lake Isle
- Vincent Lake
- Moose Lake
- Lac La Nonne
- Peanut Lake
- Floating Stone Lake
- Laurier Lake

- Steele Cross Lake
- Fork Lake
- Lac La Biche Lake
- Lac Santé
- Bonnie Lake
- Cold Lake
- Goose Lake
- Kehewin Lake
- Calling Lake
- Lac Ste. Anne

As always, visitors and residents are reminded to never drink or cook

with untreated water directly from any recreational body of water, at any time.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

GYPSD November School News

Continued from Page 6

Our junior high students attended the NAIT Open House in Edmonton, and returned with numerous projects they built or completed while attending the event. Students had the opportunity to build with metal and wood, participate in broadcasting and technology classes, and view all that NAIT has to offer as they transition from high school towards post-secondary education.

Our community partnerships continue to flourish as we enjoyed the fire safe presentations that took place during Fire Safety Week, the start of the annual Grandparent Program and the Roots of Empathy program.

The Yellowhead County Fire Department brought numerous volunteers with them and presented the various roles each volunteer plays in the department along with the wide range of tools and types of emergencies the department responds to.

Our Grade 4 classes continue to participate in the weekly Grandparent Program and wrapped up their first projects around a Halloween Theme. The students are enjoying their time with the volunteer grandparents and are thankful for the time they get to spend working on their projects.

The Roots of Empathy program brings a baby into the classroom for the kindergarten and Grade 1 students on a weekly basis. Students get to see the various developmental stages the baby goes through during their first year, and the students see first-hand the various emotions a baby experiences and how the baby's mom deals with soothing the baby during these times.

The Grade 4 to 6 classes went on a field trip to Camp WARWA and participated in numerous personal growth opportunities designed to help them see the importance of achieving and overcoming challenges. While at the camp, students took part in numerous physical challenges and worked with others to over-

come challenging obstacles. It was a great trip and the students enjoyed their time at the camp.

Mr. Randall and the teachers would like to thank all of the parents who were able to attend the student-led conferences. We had a large majority

of our parents attend and appreciate the time everyone dedicated to this successful evening.

OUR PLEDGE IS QUALITY

(MS) - When it comes to vehicle maintenance, professional automotive technicians and organizations that promote safe driving have always advocated replacing certain safety components in their vehicles, such as tires, brakes, shocks and wiper blades, in pairs.

Replacing parts in pairs ensures that the vehicle is properly balanced and functioning safely. But it's not just tires, brakes and

shocks that should be replaced in pairs. Vehicle lighting plays an integral role in keeping drivers and their passengers safe, and motorists should exercise the same level of caution regarding their vehicles' headlights, tail-lights, and turn signals that they do with other parts of their cars and trucks.

Why replace aging headlight bulbs?

Most drivers are not aware that headlight bulbs can wear out and degrade over time. As a result, headlights are often overlooked when drivers conduct routine vehicle maintenance. As they age, headlight bulbs put out less light, which can dramatically compromise visibility at night, when drivers' visual acuity is already naturally reduced by as much as 70 percent.

According to Lumileds, a leading lighting solutions company for the automotive industry, headlight bulbs begin to project significantly less light within two to three years of their initial installation, producing dimmer light outputs that can compromise the safety of drivers and their passengers.

Why replace bulbs two at a

Two Headlights Are Better Than One: How Changing Headlights In Pairs Makes Nighttime Driving Safer

time?

Though replacing both headlight bulbs when only one is dimming may seem unwarranted, maintaining a consistent light output from both headlights makes the road safer for drivers, their passengers and oncoming motorists. When only one bulb is replaced, the resulting light output can be both unbalanced and unpredictable, providing inadequate lighting that can compromise driver visibility. In addition, when one bulb burns out or starts dimming, the other bulb will likely follow, forcing drivers to deal with the expense and inconvenience of getting it replaced all over again.

How else can drivers improve visibility?

In addition to properly maintaining their headlights, drivers can take the following proactive measures to make nighttime driving safer.

- Replace worn out wiper blades each season or in three-month intervals to ensure adequate visibility during rain or snow.
- Clean interior glass and mirrors to remove any film-like buildup that reduces vision and creates hazy reflections from the sun. This is especially important for smokers who smoke while driving.
- Don't hang accesso-

ries on rearview mirrors. This includes fuzzy dice, photos and other items that can be distracting and block your vision.

To learn more, check out the public service website and video produced by Lumileds at: philipsautolighting.com/chips.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

		2			3	6		
9	3	5		4				1
4			2		9		8	
1	5	3	8					4
7			3		5	9		
2								5
		4		8			5	
3				2			9	
		9				1		8

ANSWER:

8	1	2	7	5	3	6	4	9
9	3	5	8	4	8	2	7	1
4	6	7	2	1	9	5	8	3
1	5	3	8	9	2	7	6	4
7	4	8	3	6	5	9	1	2
2	9	6	1	7	4	8	3	5
6	2	4	9	8	1	3	5	7
3	8	1	5	2	7	4	9	6
5	7	9	4	3	6	1	2	8

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
