OJSH CLASS IS IN SESSION – LEADERSHIP 9

Submitted by Wanda Pederson | Onoway Junior Senior High School

Have you ever wondered how school has changed since you were a student? The necessary core subjects are being taught but

what may have changed are the option classes. Students in Grade 8 and 9 can choose from a variety of option classes - everything from Foods, Construction and Cosmetology to Photography, Robotics and other interesting classes that enhance the learn-

ing experience. Leadership 9 is a Grade 9 options course taught this year by Mrs. McNalley.

This course is one in which students learn skills to develop and enhance their leadership capacity.

FOOD BANK BIG WINNER

Submitted by Richard Moses | Onoway Royal Canadian Legion

On Friday, Oct. 26, the community stepped up for the Food Bank. It was almost a full house for the Hard Times Dinner, and the Food Bank was the winner. Ken Johnson even donated a portion of his 50:50 win to the Food Bank. The grand total? Cash donations of \$538; dinner revenue was \$608, and 137 pounds (62.14 kg) of food was donated. Many thanks to everyone who came out in support.

The Chamber of Commerce sponsored the Hard Times Dinner, and presented a cheque to the legion. Left to right: Judy Tray (Onoway Mayor); Ashley Steinkey (Dream It Vacations); Valere Leifso, with daughter Ember Russel (SANG); Ed Gallagher (Patriot Law)

OJSH Class is in Session – Leadership 9

Continued From Page 1

Students are required to commit to adopting a leadership role within the school and community. It teaches students to think about their actions and how they can make a positive impact on society.

There are three components to the Leadership course: Entrepreneurial skills, Leadership, and Volunteerism. In the Entrepreneurial skills component, Mrs. McNalley leads students in discussions on what it takes for business in today's world to start up and survive. On one assignment, students were required

to create a product or a service and pitch it to the whole class. Mrs. McNalley said she was very impressed with the effort and creativity of the products.

In the Leadership component, the class studies leaders from history and as well as today and examine their traits and qualities. Mrs. McNalley believes that students don't have to aspire to be the next Prime Minister, but they can identify positive leadership qualities within themselves that will help them be successful in life.

For the Volunteerism component, students are shown how it is important

to give back, whether it's material values or, more importantly, their time. The class discusses possible ways to give back to society, from the smallest act—a smile in the hallway, for example—to big acts of kindness. For this component, students have to commit to a minimum of ten hours of volunteer work. This can be done during class time or outside of school hours.

Mrs. McNalley says this option course allows for a lot of student input into what they want to accomplish and how they want to do it. Mrs. McNalley also says what she likes best about teaching this course is having honest discussions about issues within society and hearing ideas from the students about how we can make a positive difference. She believes the course is much more relevant and relatable if students are active in the decisions.

For the students, the business project has been the biggest hit so far, although their teacher predicts that volunteering in the community will have an even greater impact on them. Mrs. McNalley's quote for her class: "How do you want to be remembered?"

Letter to the **EDITOR**

LETTER TO THE ONOWAY SCHOOL TRUSTEE WARD ONE RESIDENTS,

It is with great sadness that I must inform you of my resignation from the position of Trustee in Ward 1 of Northern Gateway Regional School Board #10. I am handing in my resignation as I am under the understanding that my relocation of residence within the County of Lac Ste. Anne, has placed me just outside the Ward 1 boundary I was elected to represent. Although

my mailing address remains the same, the qualifications for a Trustee under the School Act and Local Authorities Municipal Elections Act, are determined by place of residency and as such I am not qualified to remain in this position.

I truly regret any inconvenience caused as a result of my resignation but unfortunately there is no way of changing the

laws and regulations that govern trustees.

Serving on the Board of Trustees for NGPS has been a fulfilling learning experience that I am grateful for, and I regret being unable to continue in a role that truly supports students. I wish to say thank you to all the residents in Ward 1 that were confident in supporting me as a Trustee. I hope my successor will take care

of the Onoway students guiding their decisions with the wellbeing and success of our students at the forefront.

Thank you again for the opportunity to serve as your Board Trustee.
Sincerely,
Sarah Healy

PARLIAMENT UPDATE – WEEK OF NOVEMBER 5, 2018

Submitted by Jim Eglinski, MP – Yellowhead

The House of Commons debated the following:

- Bill C-75 – Criminal Code (Youth Criminal Justice Act) (Report Stage)
- Bill C-85 – Canada-Israel Free Trade Agreement Implementation Act (Second Reading)
- Bill C-86 – Budget Implemen-

tation Act, 2018, No. 2 (Second Reading)

- Bill C-87 – Poverty Reduction Act (First Reading)
- Bill C-88 – Mackenzie Valley Resource Management Act (First Reading)
- Bill C-281 – National Local Food Day Act (Third Reading)
- Bill C-316 – Canada Revenue Agency Act (organ donors) (Second Reading)

• Bill C-375 – Criminal Code ((presentence report) (Third Reading)

- Bill C-376 – Sikh Heritage Month Act (Third Reading)
- Bill C-393 – Canadian Multiculturalism Act (Second Reading)
- NDP Opposition Motion – Service Standards for Veterans

On Monday, I had the opportunity to ask a question during debate on the NDP Motion on Service Standards for Veterans. You can read all questions, comments, and speeches in the House on the corresponding day's Hansard at www.ourcommons.ca/en.

In the Standing Committee on Public Safety and National Security (SECU), we began the study on Bill C-83, An Act to amend the Corrections and Conditional Release Act which seeks to put an end to solitary confinement in favour of a new program called Structural Intervention Units (SIUs). For more information on these meetings, visit: www.ourcommons.ca/Committees/en/SECU.

This week, I attended 14 meetings and two events, as well as recorded a radio message. The House has been adjourned for Friday so that MPs can travel back to their ridings in order to participate in Remembrance Day ceremonies. On Friday, as a member of the Alberta MP Rural Crime Task Force, I will be participating in a Rural Crime symposium in Red Deer. On Sunday, I will be attending a Remembrance Day ceremony in Thorsby as well as visiting local Legions in the area. Look for my update next Friday on my travels throughout the riding.

VETERANS IN NEED HAVE A NEW PLACE TO SEEK HELP

Submitted by Government of Alberta

Edmonton-area veterans will soon have a one-stop shop to find housing, get mental and physical health supports and receive help securing employment.

The provincial government is investing \$3 million in a new Veterans Service Centre and transitional housing project in north Edmonton. The project will help link veterans to a range of services, including transitional housing, employment and training services and crisis supports.

“Men and women who have served in the military make incredible sacrifices in the line of duty. When the time comes to hang up the uniform, transitioning to civilian life can be difficult. This new service centre and transitional housing will be key in helping ensure veterans at risk of homelessness have the supports they need.” - Nicole Goehring, MLA and Government of Alberta Liaison to the Canadian Armed Forces

Veterans Emergency Transition Services (VETS) Canada, a non-profit organization, will manage the operations of the Veterans Service Centre. They will also lead the intake process for veterans in need of housing.

“From our research with thousands of in-crisis veterans across the country, we have learned that those who are struggling are in desperate need of a ‘one-stop shop’, a safe place where they can go and receive immediate support and services from qualified personnel and other veterans, without having to chase a referral to another location. That is what this project is all about.” - Debbie Lowther, chair/co-founder, Veterans Emergency Transition Services Canada

The service centre is located along public transportation routes with access to the downtown core, the operational stress injury clinic and the Edmonton Garrison. It is just steps away from an apartment building, purchased by the Government of Alberta, to provide transitional housing for 15 home-

less veterans. The Royal Canadian Legion, Alberta-NWT Command, is contributing up to \$75,000 to furnish the suites in the building.

“We are pleased to be able to make a financial contribution to this project. As we come closer to Remembrance Day, it is important to remember veterans’ sacrifice and their service, but also to look forward and to provide essential supports and collaboration with our partners to ensure that veter-

ans themselves have the opportunities to live their lives fully and enjoy the freedoms that Canada has asked them to defend.” - Chris Strong, president, The Royal Canadian Legion, Alberta-NWT

Command
The service centre is expected to be operational before the end of the year. Veterans are expected to begin moving into the transitional housing in the coming months.

MASTER OF POP, JAZZ, AND BLUE-EYED SOUL HAS NEW MOTOWN SHOW

Luke McMaster Brings His Icons of Soul Project to Horizon Stage on November 17.

Submitted by Kerri Gibson Loranger, Theatre Marketing Coordinator | Horizon Stage & City of Spruce Grove

Luke McMaster has a silky smooth voice that's perfect for crooning, and he does a lot of that in his new show, Icons of Soul. Formerly one half of the gold-selling Canadian pop duo McMaster & James, Luke is taking

the Motown and soul influences that have always filled his music to a new level. Icons of Soul uniquely marries contemporary songwriting with legendary hit songwriters. Audiences will be treated to brand new music co-written with iconic R & B songwriters, hear fresh covers of some of Motown's greatest hits, and enjoy favourites from Luke's own catalogue, including his smash hit "Good Morning Beautiful" (#3 US Billboard AC). Luke McMaster is bringing Icons of Soul to Alberta in November and his only Edmonton area date is at Horizon Stage, on Saturday, November 17 at 7:30 p.m.

Born and raised in Brandon, Manitoba, Luke and Rob James, aka McMaster & James, experienced success with the hits "Love Wins Every time", "Thank You", "I Understand", and "Sweet Sensation" in 2000 and 2001. Performing with McMaster & James, Luke cut his teeth on some of the biggest acts of the day; sharing stages with Randy Bachman, Justin Timberlake, Christina Aguilera and

more.

Now an in-demand songwriter with multiple credits and collaborations with global superstars like Rhianna and Nick Lachey, Luke's first love has always been singing, performing, and connecting with his audience. He has spent time entertaining Canadian troops in Afghanistan, touring across North America, and serving as an artist ambassador for the Government of Ontario where he now calls Toronto home.

Luke is excited about his latest solo project, Icons of Soul, which includes the live stage show, a new CD, and a video documentary. In addition to covering immortal chart-toppers written by Rock 'N Roll and Songwriter Hall of Fame members Felix Cavaliere ("Good Lovin'", "Groovin'", "People Got to Be Free") and Lamont Dozier ("(Love Is Like A) Heat Wave", "I Can't Help Myself (Sugar Pie, Honey Bunch)", "You Can't Hurry Love"), Luke has co-written two songs apiece with these prodigies

at their respective Nashville and Las Vegas homes. These new Motown inspired tunes are so catchy that when you hear them you'll be snapping and singing along with them like you've known them all your life.

Icons of Soul audience members will be treated to new renditions of "Stop in the Name of Love", "Ain't No Sunshine", and "How Sweet It Is (To Be Loved By You)." Segments from the Icons of Soul video documentary will be screened as part of this live concert presentation, helping to bring the entire experience alive.

Don't miss Luke McMaster: Icons of Soul, at Horizon Stage on Saturday, November 17 at 7:30 p.m. Tickets are \$35 for Adults and \$30 for Students and Seniors and may be purchased at the City Hall Ticket Centre (315 Jespersen Ave), by phone at 780-962-8995 or 1-888-655-9090, and online by visiting www.horizonstage.com and clicking on the 'Tickets' link.

THINGS TO LOOK FOR WHEN BUYING A HYBRID

If you want a vehicle that provides energy-efficient transportation, produces few emissions, is quiet, and reduces reliance on petroleum products, a hybrid or electric vehicle is probably the right choice.

A mere 17 years ago hybrid cars were hard to come by, with the Honda Insight and the Toyota Prius being the most widely available models. Today, there are more hybrids and electric vehicles than ever before. In 2018, U.S. News & World Report was able to list 18 of their favorite picks of hybrid and electric cars - and this was just in the "priced below \$30,000" range.

Widespread availability (most major car manufacturers offer one or more hybrid models) and major environmental and economical benefits have made hybrids attractive to a wide range

of people. While there are many similarities between hybrid and electric vehicles and gasoline-powered cars and trucks, there are certain differences that prospective hybrid buyers may want to learn before they begin shopping.

The average hybrid costs more up front than the equivalent gas model. However, the long-term fuel savings associated with hybrids can mitigate those upfront costs. If money is a concern, do the math when comparing models to see which hybrid vehicle will provide a shorter payback range in fuel savings over initial investment price.

A hybrid vehicle may be advantageous over an electric vehicle for certain reasons. According to Consumer Reports, even though electric motors are three times as efficient as gasoline engines,

gasoline provides much more energy in a given model - and does so at less cost than vehicles that need batteries and electric storage solutions. Hybrids offer the best of both worlds, in that they can use electricity when it is most efficient, and have the power of a gas engine when practical.

Check to see if a hybrid is a full hybrid or mild hybrid, which provides limited electric assist to bolster fuel economy. Plug-in hybrids are other options. These vehicles allow drivers to plug in to recharge the vehicle's batteries and maximize its usage of electricity. Once the battery is depleted, or during longer trips, the engine turns on to generate electricity. Research the types of hybrids and decide what aligns best with your driving habits.

The vast majority of hybrids use automatic transmissions

and will feature battery and fuel-usage meters so that drivers can keep track of energy usage, helping to develop smarter driving habits in the process. Hybrids work quite well with city driving, but can provide considerable fuel savings during highway driving as well. Discuss available technological features when comparing models so you can see where the fuel savings are coming from.

Hybrids and electric vehicles present yet another option for drivers to consider when buying new vehicles.

SUCCESSFULLY SWITCH AUTO INSURANCE PROVIDERS

Once drivers purchase an auto insurance policy, many simply let the policy renew each year. But with a little digging, drivers may be able to reduce their insurance costs considerably.

According to the Insurance Information Institute in New York, consumers should ask themselves if they're happy with the cost, service and coverage of their existing policies whenever it's time to renew. If they are, they should stick with their existing policies. However, if customers feel things can be better, then it's a perfect time to see what's available. Many driver advocates advise shopping for a new policy every two or three years.

When it comes time to switch car insurance companies, follow these steps and remember to avoid gaps in the coverage.

- Compare apples to apples. When shopping for new policies, consumers should compare the same features offered by various providers, including coverage types, deductibles and any limits. Keep a copy of your existing policy's declarations page so that all quotes can be accurately compared to the existing policy.

- Research any cancellation fees. Before switching over, find out if there are any cancellation fees associated with an existing policy.

- Eliminate coverage gaps. Eliminate gaps in coverage by ensuring a new policy begins the moment the existing one ends. This prevents potential financial ruin should a driver get into an accident without any insurance during a gap period.

- Take note of any life-

style changes. Be sure to list anything that can affect the cost of coverage, such as anti-theft devices on the vehicle, window etching or updated driving habits.

- Explore union or group affiliations. Drivers who are members of particular clubs, professional organizations or something similar may be eligible for special policies with certain providers. Make a list of any affiliations and contact the organizers to see if they have relationships with auto insurance providers. Law enforcement personnel or veterans may be eligible for certain discounts as well. Some insurance carriers only cover police officers or former military. It pays to look into these discounts.

- Consider small companies. Just because they don't

advertise as much as some of the more well-known providers does not mean small insurance companies are not capable of providing sufficient, affordable coverage. There are plenty of reputable small companies that offer excellent rates to drivers willing to exercise their due diligence.

- Check with the existing provider, too. Drivers can discuss their current rates and coverage with their existing insurance company, who may offer suggestions on reducing coverage or even offer lower prices in an effort to hang on to customers. Consider these possibilities before switching.

Shopping around for a new automotive insurance policy may help customers cut rates and increase coverage.

Auto TUNE-UP

TECH TO TAKE ALONG ON YOUR NEXT ROAD TRIP

Road trips hold a special place in many people's hearts. The open road and the freedoms it represents have been romanticized by writers and travelers since automobiles became accessible to the masses.

While many drivers still take to the road looking for adventure, road trips have changed considerably since Jack Kerouac penned his seminal novel "On the Road" in the 1950s. The spirit of the open road is still there, but the way travelers approach road trips has changed considerably, most notably with regard to the technology that motorists now take along for the ride. Drivers about to embark on a road trip, whether it's their first such venture or their fiftieth, can make trips even more enjoyable by taking along the right tech.

- **Navigation system:** Many vehicles are now equipped with built-in navigation systems. But drivers whose vehicles are older or not equipped with such technology should consider purchasing one before embarking on trips. Though some travelers may feel navigation systems go against the adventurous spirit of road trips, it's easy to get lost on the open road, especially in an era when many people have grown accustomed to round-the-clock access to information, including maps, on their smart-

phones. Even if you have no set itinerary in mind, a navigation system can ensure you spend more time enjoying the open road and less time trying to figure out just where you are at any given moment.

- **Chargers:** Many people feel their devices are extensions of themselves, but such devices won't be of much help if they are routinely running out of power. Bring along several chargers that can be plugged into your car so you and your passengers can keep your smartphones and other devices running throughout the trip. Though the idea of going off the grid might seem enticing, leaving the world behind is less romantic when you need roadside assistance or are in search of a restroom or a place to pull over and grab a meal. If you want to disconnect from the world, you can always switch your phone to airplane mode. But keeping the phone charged can help in case of emergency.

- **Apps:** The right apps can make all the difference, especially for travelers whose road

trip itinerary is not set in stone. The smartphone app GasBuddy can help drivers find the cheapest gas near them, while an app like AroundMe helps travelers find the nearest restaurants, pharmacies, banks, gas stations, and hotels, among other things. And don't forget to download a music app like Pandora or Amazon Music (available to Amazon Prime subscribers) so you and your fellow road warriors can be entertained as you travel far and wide.

- **LED road flares:** Traditional road flares tend to burn out rather quickly, with some

lasting as little as 15 minutes. That can be a problem for travelers who experience car trouble and end up stranded far away from auto body shops. Some flameless LED road flares can last for hours on end off of a single charge, providing drivers with some peace of mind should they be stranded and forced to wait awhile before a tow truck or mechanic arrives.

The spirit that inspires travelers to take to the open road still exists, but nowadays drivers can make their road trips even more fun by taking along the appropriate tech.

DARWELL PUBLIC LIBRARY NEWS

Submitted by Sandra Stepaniuk, Library Manager | Darwell Public Library

Here is what's happening at the library.

Preschool Story Time for children 0 to 5 years of age continues Monday mornings (except holidays) from 10 – 11 AM until November 26, 2018. All children must be accompanied by an adult as this is a program designed for parents/caregivers and children together. This is a free drop in program so come join

us for stories, activities, crafts and a snack.

Xmas Family Movie Night, at the Lake Isle Community Hall, will be held on Friday, November 23, 2018. We will be showing the "G" rated title "Incredibles 2". The doors will open at 6:30pm and the movie starts at 7:00 pm. Admission for children at this event will be free and \$2.50 for adults. A concession will be available. Children will receive a grab bag at the end of the movie, see you there!

We will be hosting a Seasonal

String Art Craft session on Wednesday, November 28, 2018 from 3:30 to 5PM. This program is for children at least 6 year of age and up. Lana Bouma will lead the children through this fantastic project. There is no charge for the program, but we ask you to pre-register by calling the library @ 780-892-3746 as space is limited to 10. A snack will be provided.

The Book Club Potluck meeting will be held on Monday, December 3, 2018 at 6:00p.m. to review "Full Disclosure" by Beverley Mc-

Lachlin. Do you love to read? Do you like to discuss what you have read with others? We are always interested in a new perspective to add to our conversation. If you are interested in participating, you can register and make arrangement for loan of the current title by calling the library @ 780-892-3746. All our programs are sponsored by The Darwell Public Library Society, Darwell Library Friend Society, FCSS and the CLSA Library Grant.

The health benefits of Tai Chi, a gentle form of exercise can help maintain strength, flexibility and balance, and could be the perfect activity for the rest of your life. Tai chi is often described as "meditation in motion,". There is growing evidence that this mind-body practice, which originated in China, has value in treating or preventing many health problems. And you can get started even if you aren't in top shape or the best of health.

Tai chi differs from other types of exercise in several respects. The movements are usually circular and never forced, the muscles are relaxed rather than tensed, the joints are not fully extended or bent, and connective tissues are not stretched. We currently have a signup sheet in the library for a 4-month beginner Tai Chi class that will run 2 times a week, starting in February and ending in May 2018. There will be a cost for this program which is yet to be determined based on facility cost and number of registrants. We need a minimum of 15 committed people to register to see the program go forward, at a reasonable cost, so if you are interested please stop by and add your name to the list along with your preference for daytime or evening sessions.

The Darwell Public Library Society will be holding their next regular meeting on Monday, November 26, 2018 starting at 7 pm. All meetings are open to the public and everyone is welcome to attend. The Library is open 11:00 am to 4:00 pm on Monday, Tuesday and Thursday and from 5:00 pm to 8:00 pm Wednesday and Friday, closed Saturdays, Sundays and Holidays. You can also find out what is happening at the library by checking our Website www.darwellpubliclibrary.ab.ca or like us on Facebook at www.facebook.com/DarwellPublicLibrary

ALBERTA BEACH MUSEUM WANTS YOUR STORIES

Submitted by Jean Moses, Coordinator | Alberta Beach Museum

The Alberta Beach Museum needs your stories – stories about your family, your business, your organization. In short, we want to hear all about your memories of life in the Alberta Beach area since 1940.

In 1982, the museum published Spirit and Trails of Lac Ste. Anne, and a sequel to that history book is in the works. If your family was in the last book, we'd like to hear what's happened since then. If you were missed, please tell us about your family, and what you remember about living in the area. (We're concentrating on events since 1940.)

If you have lived in the area, been a summer resident, or just a visitor enjoying our lake, we want to hear from you. The book will include the eastern area of Lac Ste. Anne, from West Cove to Val Quentin and Alberta Beach, then north to include Sunset Point, Castle Island, Gunn and Ross Haven. Of course, it will also include those outside the summer villages too, along with families farming in the area.

Besides family histories, we're looking for stories about the things you remember and value from times past – the organizations, the businesses, the entertainment, or just memories of fun (or not so fun) events. Of course, no history book is complete without pictures, notes, or news articles to accompany the

written submissions.

Submissions can be from individuals, families or groups. Our editor will group them as appropriate, and reserves the right to edit all submissions if necessary. They can be handwritten and dropped off at the museum, or we'll arrange for pick-up. Please try to keep submissions to no more than 1 1/2 pages, so there's room for everyone!

Any original photo, clipping and document provided will be carefully handled, and will be returned after the history book is published. If you're comfortable on a computer, please submit by email, Facebook Messenger, or snail mail. If you're providing digital photos, please ensure they're at a 300 dpi resolution or higher. We also need people in the photo identified.

Our volunteers can visit with you to record your stories, and will travel anywhere in the metro-Edmonton area to meet, if necessary. In the early spring, the Alberta Beach Museum will host "Memory Meetings" – opportunities to gather at the museum with coffee/tea and goodies to reminisce and have your memories recorded.

To help you start writing your history, here are a few guidelines to get you started:

- What were the names of your parents and family members?
- When did your family come to the area?
- Why did you come here?
- Did you have family here already?
- Did you or your family camp here, or did you rent a cottage or cabin?
- Do you recall the costs of any of the above?
- What were your main activities at the lake?
- What community events did you enjoy (e.g. ball games, dances, Poly Days)?
- What businesses were here?

Submit your stories by email to albertabeachmuseum@gmail.com. On Facebook Messenger, search Alberta Beach Museum. Drop off your stories at the museum at 5000 – 47 Ave. (the museum is only open July and August from 1 to 6 pm or by appointment, so please call first to ensure someone will be there). You can mail to Box 68, Alberta Beach, AB T0E 0A0.

If you'd like to have a visit from a volunteer, leave a message on the answering machine at 780-924-2140. You can also call Jean at 780-984-5955 to arrange for a convenient time.

This is the kind of picture needed.

PURE POTENT CBD DROPS

The World's Purest CBD Oil

• 500mg • 750mg

Organic Non GMO

CBD is in a class of its own - affordable, high quality, and convenient!

WHAT IS CBD?

Cannabidiol (CBD) is just one of over 85 cannabinoids that is identified in the cannabis plant. CBD is becoming increasingly popular amongst the masses for having a wide scope of medicinal benefits - due to clinical reports and mounds of test data showing little to no side effects and a lack of psychoactivity (typically associated with marijuana products and high THC).

Our CBD products are made with certified organic hemp grown in Colorado & Kentucky and we are 100% free of any synthetic or artificial ingredients. We have a very potent and high purity level in our products. Everything is tested in an FDA Approved facility and our products contain 0.3% THC.

CBD HEALTH BENEFITS

Mental & Brain Health
CBD affects principal cannabinoid receptor in the brain promoting a healthy state of mind.

General Health
Cannabidiol has incredible medicinal benefits and will improve overall wellness.

Healthy Balance
Cannabidiol helps restore healthy balance to the endocannabinoid system.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

	2				1	8		7
		3	7		9			
6		7	8			3		
	1	8	9	4			6	
						1	2	3
3	5							
		2			6		3	8
8			5			9		
		1	2	9				

ANSWER:

4	2	5	3	6	1	8	9	7
1	8	3	7	5	9	2	4	6
6	9	7	8	2	4	3	5	1
2	1	8	9	4	3	7	6	5
7	4	9	6	8	5	1	2	3
3	5	6	1	7	2	4	8	9
9	7	2	4	1	6	5	3	8
8	6	4	5	3	7	9	1	2
5	3	1	2	9	8	6	7	4

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

PREVAIL

MAX

CELLULAR HOMEOSTASIS FORMULA

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
