# CALL FOR EXPRESSIONS OF INTEREST FOR LOW-RISE WOOD BUILDINGS

Submitted by **Jim Eglinski, MP - Yellowhead**

Jim Eglinski, Member of Parliament for Yellowhead, is pleased to inform local residents that Natural Resources Canada has announced a call for Expressions of Interest for low-rise non-residential wood buildings.

Natural Resources Canada will spend \$39.8 million over the next four years on the implementation of a new national mass timber program, Green Construction Through

Wood (GCWood), designed to encourage the use of wood as a building material. This program advances the ambitious goals set out in the Canadian Council of Forest Ministers' Forest Bioeconomy Framework, which aims to make Canada a global leader in the emerging bioeconomy.

GCWood provides non-repayable contributions of up to 100% of a project's eligible incremental costs for the demonstration of innovative mass timber products and systems. The funding is intended to offset the cost of being the "first mover" of

wood-intensive projects, and to support the development of knowledge and tools to support the success of future projects.

The focus is on low-rise non-residential buildings (1-4 storeys) in the following categories:

- Commercial/Industrial (e.g., retail, warehouse, box-type)
- Office/Institutional (e.g. office building, school, health facilities).

Not-for-profit and for-profit organizations validly incorporated or registered in Canada are eligible to apply. Projects must demonstrate an innovative technical solution, and represent a significant advancement in wood construction.

The deadline is December 3, 2018.

"Conservatives strongly support our forestry industry, and fully appreciate the enormous value it provides to the Canadian economy. I encourage all those interested to consider applying to this program," concluded MP Eglinski.

For more information and to apply, visit: <https://www.nrcan.gc.ca/forests/federal-programs/gcwood/20046>

## Announcing the Winner of MP Eglinski’s 2018 Christmas Card Contest

Continued From Page 1

However, given that there are many talented young individuals within the Yellowhead riding, MP Eglinski prefers to take this opportunity to recognize the talent of local

artists.

“I really liked this one because the poplar trees and forest animals reminded me of Yellowhead. We have so many talented young artists in our riding! Each year it has become more and more difficult to decide which one to choose,” said

MP Eglinski.

Miss Mallory’s design will also appear on MP Eglinski’s Facebook page ([www.facebook.com/jimeglinski.mp](http://www.facebook.com/jimeglinski.mp)), website ([www.jimeglinski.ca](http://www.jimeglinski.ca)), and in his December householder.

“Thank you to all those who par-

ticipated! I really enjoyed getting to see the many different ways young constituents in our riding portray the Christmas season in each of their own ways” concluded MP Eglinski. Congratulations Abigail!

# LEDUC COUNTY SELECTED FOR CPWA NATIONAL PUBLIC WORKS WEEK AWARD

**Submitted by Emily Dowsett, Government Affairs Media Manager | American Public Works Association**

Leduc County, AB, has received an award from the Canadian Public Works Association (CPWA) as part of CPWA’s 2018 National Public Works Week (NPWW) Awards Contest. Leduc County’s 2018 NPWW celebration competed for the award with other Canadian municipalities entering the contest for the first time.

The 2018 NPWW award was presented by Patty Podoborzny, CPWA Board Member from Alberta, during Leduc’s October 23, 2018 Council Meeting at 1:30 PM in Council Chambers, 1101 – 5 Street, Nisku, AB. Accepting the award for Leduc will be Des Mryglod, Director of Public Works and Engineering.

National Public Works Week annually recognizes the tens of thousands of men and women in North America who provide and maintain

the infrastructure and services collectively known as public works. In May of each year, municipalities throughout the U.S. and Canada celebrate NPWW with open houses, project and facility tours, parades, education, media events, school visits, and career events. Municipalities also use the week to recognize their staff – the women and men who play such an important role in their community’s quality of life.

“National Public Works Week is a great way to increase public awareness about the critical role that public works plays in the provision of important services to our cities and towns,” said Ms. Podoborzny. “Leduc County’s celebration of public works, from multiple open houses and a career fair to hosting students for a field trip, engaged residents in learning more about the services that public works provides and how central these services are to our communities.”

“Our entire public works team worked incredibly hard during National Public Works Week,” said Mr.

Mryglod. “We wanted to highlight the ways public works is involved in our communities and also wanted to highlight the multitude of careers available in the public works industry. I want to thank everyone who participated in our Public Works Week events. We received a lot of positive feedback and we plan on celebrating National Public Works Week in a big way each year.”

Residents who attended Leduc County’s two public open houses – one at each of Leduc County’s Public Works shops – had the opportunity to check out equipment, test out a grader simulator and speak with staff members about a variety of department services and operations, including acceptable waste and recyclables, fleet and maintenance activities, road bans, winter operations, frost boils, culvert thawing and spring statistics, and dust suppression.

In addition to the public open houses and an all-staff open house, Leduc County hosted a field trip for 151 elementary school children. The

students participated in experiments with water; had the opportunity to tour, climb on and paint equipment; learned what various crews do in different seasons, such as snow clearing in the winter and dust suppression in the spring; and had a souvenir photo taken in a hard hat and vest while holding a stop sign. Council members also attended the student field trip, as well as both open houses.

The NPWW Awards Contest evaluators credited Leduc County for hosting a public works career fair at New Sarepta High School. Public Works and Engineering staff, as well as several council members, outlined possible careers in public works for the students. A senior engineer spoke about road work, a manager of operations discussed the various responsibilities and tasks of road crews, and a utilities technician talked about water services and treatment. Students were also invited to learn more about several pieces of equipment that the staff brought to display.

## RIDING UPDATE

Submitted by Jim Eglinski, MP – Yellowhead

Week of November 12, 2018

It has been a month since I was able to spend a full week in the riding. Much of the week was spent in the Edson office, meeting with constituents, returning phone calls and addressing important riding issues.

Last Saturday, while in Drayton Valley, I met the winner of my 2018 Christmas card contest, Abigail Mallory, a grade six student from St. Anthony School. I was so pleased to present her with a congratulatory certificate.

Last Sunday, I attended the Remembrance Day ceremony in Thorsby. I also dropped in at the legions in Winfield, Warburg, and for the "Ringing of the Bells" at Pigeon Lake.

On Tuesday of this week, I attended the Jasper Chamber of Commerce AGM, and updated everyone on the happenings in Ottawa and on Thursday, I helped tally votes at the UCP vote in Edson.

On Friday, I met with constituents and later spent time shoveling snow. Isn't winter fun! Oh well, look at the bright side --- it is good exercise for me.

Saturday morning, I attended the Yellowhead EDA Director's Meeting, and then on to Drayton Valley for their 9th Annual Foundation Festival of Lights Gala Dinner that evening.

I will return to Ottawa on Sunday, as the House of Commons is scheduled to sit for the next four weeks before the Christmas break. Look for my update next Friday on the happenings of Parliament.

Week of October 8, 2018

I spent the week sailing on the HMCS Vancouver as part of the Canadian Armed Forces and Department of National Defence Parliamentary Program.

This amazing experience gave me the opportunity to experience life aboard one of Canada's major warships, living among and interacting with its sailors to gain a deeper understanding of their mission in service to Canada. I gained a perspective of what life is like at sea and I better understand the training that each sailor receives in addition to their actual job. There is a lot of complexity and moving pieces to each sub-team and it was incredible to see how each team interacts with the others in order to run an operational warship.

Thank you to all of our sailors,

past and present, who spend months at a time away from family in the service of our country.

I returned to the riding on Friday. That evening, I attended the Edson Business Awards Gala. Congratulations to all of the nominees and winners!

On Saturday, I toured the Weyerhaeuser mill in Edson as part of their 35th Anniversary celebration. Later that day, I drove to the seniors' centre in Alberta Beach to attend an event celebrating the approval of a \$25,000 grant from the New Horizons for Seniors Program. The funds will be used for their adult exercise and garden areas.

I will be back in Ottawa next week as the House resumes. Look for my update next week on the happenings of Parliament.
