SPRUCE GROVE-STONY PLAIN NDP CHOOSES ERIN BABCOCK

Submitted by Alberta NDP

Erin Babcock is the Alberta NDP's candidate in Spruce Grove-Stony Plain for the 2019 provincial election.

The resident of Stony Plain, mother of three, and licensed practical nurse has been a champion of healthcare and an advocate for her communities since being elected in 2015.

"Fighting to protect public services like health care and education is very important to me," said Babcock. "That's why I'm running again, to continue working with Rachel Notley and Alberta's NDP to defend jobs and the services everyday Albertans and their families rely on."

Meanwhile, Jason Kenney and the UCP are proposing a \$700-million tax cut for the

wealthiest Albertans and want to privatize healthcare and make cuts to education.

"Working as an MLA through my cancer treatment was challenging but it was a reminder of how important it is that Albertans have access to vital services," she said.

USE OF MAS SUCCESSFULLY IDENTIFIES IMPAIRED DRIVERS

Submitted by Stony Plain/Spruce Grove/Enoch RCMP

Stony Plain/Spruce Grove/Enoch RCMP members have been pulling over people for various traffic offences. However, with the introduction of mandatory alcohol screening, some residents are receiving more

than traffic tickets. Since Dec. 18, 2018, RCMP have made 13 arrests for impaired driving, nine of those arrests are attributed to the new mandatory alcohol screening (MAS) legislation.

The failing drivers have provided breath samples with blood alcohol concentrations ranging from the legal limit of 80

milligrams (mg) of alcohol per 100 millilitres (ml) of blood to 180 mg of alcohol per 100 ml of blood to an extreme case of more than four times the legal limit. In one extreme case, which occurred on Jan. 20, 2019, a female driver was transporting her children.

RCMP INVESTIGATE HIT & RUN TO WABAMUN OVERPASS

Submitted by Stony Plain/Spruce Grove/Enoch RCMP

On Jan. 23, 2019 at approximately 10:00 P.M. Stony Plain/Spruce Grove/Enoch RCMP were advised of a traffic hazard on Hwy 16 in the eastbound lane at the Wabamun overpass. RCMP members arrived on scene and observed what appeared

to be a piece of a crane boom lying in the eastbound lane. It appeared that an oversized load or a load with the crane boom extended struck the underside of the Wabamun overpass. The suspect vehicle did not remain at the scene. The bridge sustained significant damage to the steel girders. There is a crew on scene waiting for a structural integrity

review. The eastbound driving lane of Hwy 16 is closed while crews are working on repairs.

The RCMP are seeking the public's assistance to locate the driver and vehicle involved in this collision. If you have any information regarding this incident, please contact the Stony Plain RCMP at 780-968-7267 or call your local police.

Spruce Grove-Stony Plain NDP Chooses Erin Babcock

Continued from Page 1

"I'm grateful for the support I've received from my community and will continue fighting for what matters."

Alongside Premier Rachel Notley, Babcock has stood up to calls for deep cuts to vital public services and cleaned up years of PC waste and corruption, while

making important investments like the replacement of Stony Plain Central School.

"We're building badly needed schools and hospitals, while also fighting to get good value for our resources by moving forward with our made-in-Alberta-plan to upgrade and refine more of our energy resources," Babcock said.

Babcock was also the co-spon-

sor of Bill 12: Preserving Canada's Economic Prosperity Act, legislation that protects the jobs and livelihoods of thousands of Albertans.

"In the next few months, Albertans face a critical choice. Take a close look at Kenney's promises and rhetoric, and the choice becomes very clear," said Babcock. "Rachel is the one who will fight for what matters."

Use of MAS Successfully Identifies Impaired Drivers

Continued from Page 1

The RCMP were at an unrelated collision in Spruce Grove, Alta. While on scene, RCMP members stopped a female driver as a result of a traffic infraction. There was no suspicion of impairment. A MAS test was administered and the female driver failed the test. She later provided breath samples that were more

than four times the legal limit.

"The brief delay experienced by those legally using our roads will be their contribution to saving thousands of lives in Canada every year," stated Inspector Mike Lokken. "Members are reporting favorable comments from residents during our continuing check stops. Our goal is to detect impaired drivers, get

these drivers off of our roads and keep our community safe."

If you need to report a crime, please call the Stony Plain RCMP at 780-968-7267 or call your local police detachment. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app.

BUSINESS BUILT ON TRUST.

Kathleen Fedorek sells Chico's Vacuum Service Ltd. to Lisa and Ken Standeven, formerly of Standstone Enviro-Waste Services Ltd. The Standstone name will live on as Standstone Vacuum Services Ltd. and will continue to carry on the legacy created by Chico's Vacuum Service Ltd.

A new company. A new friendship. A new era.

Image shows, from left to right, Ken Standeven, Lisa Standeven, Kathleen Fedorek, Krista Dornbusch (Kathleen's daughter). Missing, Dani Dornbusch (Kathleen's daughter). Photo Credit: Spencer Standeven

Chico's Vacuum Service Ltd. was founded in 1999 by Dave Dornbusch and Kathleen Fedorek, partners in life and then in business. In their 19 years of business, the operation grew to five trucks and 5 regular staff. Chico's served a large portion of the County of Lac Ste. Anne, including Alberta Beach, Onoway, Sangudo, Mayerthorpe and many summer villages, in and around Lac Ste. Anne County. Chico's Vacuum was known for prompt, high-quality service at competitive rates, while building respectful relationships with customers.

In January 2018, Dave (Chico) and Kathleen, began to plan a major life change. The couple were preparing to sell the vacuum service and retire due to Dave's health concerns. "Based on the tragic circumstances surrounding Dave's passing, I felt compelled and obligated to carry out the plans Dave and I started together. Chico's Vacuum is not the same without my lifelong partner." Bravely, Kathleen marshalled her support network and soldiered on, with the knowledge that so many were relying on her. With barely an interruption, Kathleen continued to run Chico's with skill, integrity and commitment. Her reliable staff and loyal customers remained true during Kathleen's most difficult months, bolstering

her and supporting her all the while. "It has been a very emotional and difficult journey," she confesses.

The tragic loss of Dave, led to the connection between Chico's and Standstone...and negotiations began. Remarks Kathleen, "I feel that Lisa and Ken Standeven of Standstone Vacuum Services are a perfect fit and have the same values and work ethic that Chico's Vacuum Service is built upon. They have been extremely understanding and respectful and it has been an absolute pleasure getting to know them throughout this process." Negotiations began in the fall, facilitated by Kathleen's brother Larry Fedorek, with the expectation of completion in January, 2019.

Standstone Vacuum Services Ltd. was founded by Ken and Lisa Standeven, former owners of Standstone Enviro-Waste Services Ltd. "We were looking for a way to get back into a business that we could grow and benefit from, as our children get older. We know trucks and we aren't afraid of hard work," claims Ken. "Lisa and I make a great team. We enjoy the challenge of business and we saw an opportunity to help Kathleen, while continuing to foster sustainable employment in our community. Kathleen and Dave built a fantastic company and we are so

excited to learn from Kathleen and grow with Standstone Vacuum. It's a win/win. My only wish is that we could have connected sooner and offered Dave some hope."

Lisa adds, "Ken and I want every happiness for Kathleen, in her retirement. That said, we also really want to foster a legacy to Dave." She goes on to comment, "Mental health is important for all people. However, I think we sometimes forget about stress related issues for men, because traditionally, they have been expected to be pillars of strength. Chico's death was a stark reminder that we need to be aware of and support men's mental health as much as anyone's." That is why all five of Chico's trucks will carry the Highwayman logo in support of Men's Mental Health. "It feels like the right thing to do for Dave. He was a good man and so proud of his business."

Chico's driving staff are excited to make the transition to their new work home in Onoway and Standstone is pleased to welcome them into the fold. Meanwhile, Ken and Lisa have built a strong friendship with Kathleen, over the past months and now she has the freedom that she and Dave were seeking. It comes as a relief to the Standevens that Kathleen has committed to staying on with

Standstone for the first few months, to make sure her customers continue to receive the great service they appreciated with Chico's.

Ken, Lisa and Kathleen look forward to connecting with customers and community members at a free Open House, Pancake Breakfast and Grand Opening on March 2nd, at our new office (4304-Industrial Ave, Onoway). Join us from 9-noon, to share in our celebration and our efforts to spread awareness for Men's Mental Health. In honour of Chico, AvengApparel will be there promoting this cause.

Kathleen offers these words about her business and life partner, "Dave and I worked hard and valued our customers highly. We made many great friends along the way. Dave bent over backwards for our customers and went well over and above the call of duty. We prided ourselves on excellent Customer Service and he loved what he did." Kathleen and her daughters, Krista and Dani, wish to thank their customers and friends for their loyalty, support and kindness over the past 19 years of business with Chico's Vacuum Service Ltd. With gratitude and trust, Chico's torch is passed.

ALBERTA PARTY CANDIDATE - DON MCCARGAR

Submitted by Don McCargar, Alberta Party Candidate | Lac St. Anne - Parkland

would not and does not meet my family's needs. Hence, I supported the removal of the Conservative government in the last election. I believe many people in Alberta felt the same as I did.

My name is Don McCargar and I am running as an Indigenous candidate for the Alberta Party in the 2019 Provincial elections in the Lac Ste Anne-Parkland riding.

With the forming of the new Alberta Party, I saw an opportunity for the people of Alberta to help form a party that would address the needs of our communities and of our families.

I would like to acknowledge my home riding of Parkland County. It is on the traditional territory of the Confederacy of Treaty Six First Nations and the historical territory of the Métis Nation.

In the up and coming 2019 election, I believe our experienced leader, Steven Mandel, and his dedicated, responsible and caring candidates running to represent the people of Alberta will form the next government.

One of the first questions I am asked is why I am running for the Alberta Party as an MLA.

As candidates, we bring to Alberta's political landscape a deep and mature understanding of the social concerns, health needs, employment management and economic strategies required to bring Alberta back to its rightful place as a viable, strong, prosperous global partner.

I have resided in the Edmonton, St Albert, Onoway, Lac Ste Anne and Parkland County areas for the past 58 years. I still live in Parkland County as of this date.

I had chosen to vote and support the Conservative Party all my life, sadly, expecting different results over the decades, I finally concluded that the Conservative party

Alberta Party Candidate - Don McCargar

As a candidate, my track record falls into several social and economic areas that have been part of my life and which I will draw upon to provide the experience that will be needed to be a leader in the 2019 election. Some of my key strengths include:

- Being raised in Edmonton and Lac Ste Anne areas/ Parkland over the last 60 years. I have personally witnessed and been part of the transformation of our communities over this time period.

- My secondary education would consist of a 4-year NAIT program to become a certified Journeymen Carpenter from the age of 17 to 21 years of age.

- I raised my children in Lac Ste Anne/ Onoway area while running a cow and calf operation for 14 years, representing my agricultural background.

- In addition to establishing my own construction and land development business from the age of twenty-one to the present time.

- I furthered my career in other areas as a consultant and expert witness in Construction and Land Development.

- I helped to create Case Law in Canada to protect the rights of landowners.

- I worked with Municipal, Provincial and Federal Governments in all areas of Land Development and Indigenous relations.

- I am currently representing a group of Trappers north of Fort McKay and south of Fort Chipewyan in relation to the Frontier proposed mine site by Teck, the largest proposed open mine site in the history of the Alberta Oilsands. I also represent these trappers regarding a proposed Wildland Provincial Park by the Alberta Government Land – Use Secretariat. The Wildland Provincial Park will be used as a buffer for the United Nations proposed Natural Park World Heritage Site of Wood Buffalo National Park.

- I have been involved in Indigenous relations over the last 12 years, advancing Métis inherent rights under Section 35 of the Constitution and creating case law to support Métis People in Canada, which includes honouring the international commitments under the Jay Treaty Agreement.

- I am the President of a non-profit organization called the Canadian Metis Harvesters Association.

- I have provided written submissions to the Federal Government

of Canada regarding protecting Canada from being assimilated by foreign interests.

- I have traveled the world in relation to providing medical, education and other missionary supplies in such places as Canada, USA, Africa, China and Hong Kong. I have travelled through areas such as Israel, Jordan, Vietnam, Cambodia, Central America (Costa Rica, Panama, Honduras), the United Kingdom (England, Ireland, Scotland, Wales) and Europe (Holland, Germany, Italy, Switzerland, France, down to Greece, through the Mediterranean Sea and all the islands within, including Turkey).

- These places have opened my eyes to the experiences of the

world and provided me with first-hand knowledge and understanding of the importance of true leadership in advancing the well-being of all peoples.

I trust the information I provided today tells you why I believe strongly in the Alberta Party and the important role it will play in the 2019 elections and why I would like to be the next MLA for Lac Ste Anne-Parkland.

As an Albertan, I believe the individuality of the person and their valued time, treasure and talents are an important asset to any political party.

As the elected MLA, I would use all of my experience in representing each person within the riding.

My voice will become your voice.

In closing, thank you to all who have taken the time to read my presentation. I know each of you have thoughts on the right direction you believe is best for all Albertans. I ask that you consider me the right choice for you and place your “X” next to my name and make Don McCargar your MLA for Lac Ste Anne-Parkland.

I would like to thank you in advance for your support. I look forward to speaking with you in the very near future. If you would like to be supportive in any other way, prior to the election day, please email me at don.mccargar@albertaparty.ca.

Thank you for your time.

WABAMUN LAKE PROPOSED CAMPGROUND OPPOSED AT HEARING

Submitted by Wabamun Area Stewardship Alliance and Wabamun Watershed Management Council

On January 14, 2019 at 2:00 p.m., Parkland County's Subdivision and Development Appeal Board held a hearing on the appeal, by Samco Developments Ltd., of Parkland County's refusal of a development permit to construct a 328 lot "Destination and Enroute Campground" on a property along the north shore of Wabamun Lake. The hearing was held in the Council Chambers at the Parkland County Centre, 53109A HWY 779, Parkland County, Alberta.

Several groups and individuals opposed to the appeal made presentations at the hearing including the Wabamun Area Stewardship Alliance and the Wabamun Watershed Management Council. Objections to the development focus on the damage the developer has already done on the property and to the lake, and the continuing damage the proposed campground would inflict. This development has impacted an important portion of the lake watershed for more than 7 years. In 2011 Samco Development Ltd. cleared approximately a quarter section of land between Fallis and the former Ernest Poole Scout Camp without any development permit or authorization. The denuding of the land resulted in uncontrolled runoff carrying tons of topsoil and earthen material onto Lakeshore Road, under the CN railroad tracks, and into Wabamun Lake. The ongoing erosion and water drainage continue to negatively affect the

general health of the lake, the habitat of aquatic life and wildlife, the quality of life of the community, the integrity of the road and railbed, and the enjoyment of lake users. All this despite a 2012 Alberta Environment and Parks Enforcement Order (and amendments) (<http://bit.ly/2LJuZxW>) and a Parkland County 2017 Stop Order (<http://bit.ly/2LLvXK9>).

The Wabamun Area Stewardship Alliance (WASA) is a committee established in Octo-

ber 2018 to represent a group of more than 350 concerned citizens opposed to the development of the 328 RV lot Ridge Water Resort "Enroute and Destination Campground" on the north shore of Wabamun Lake near the Hamlet of Fallis.

The Wabamun Watershed Management Council (WWMC, www.wwmc.ca) is a not-for-profit society that represents a cross-section of Wabamun Lake stakeholders who are committed

to maintaining and improving the health of the lake and its watershed. The council works with governments, organizations, businesses and individuals to inform and educate stakeholders about the biology of the lake and the issues affecting the watershed and lake. It sponsors and coordinates programs and activities that gather information about the biology and use of the watershed and that improve the health and viability of the lake.

SAMCO/RIDGE WATER DEVELOPMENT - A BRIEF HISTORY

Submitted by Shirley Munro, Chair | Wabamun Area Stewardship Alliance

(as of January 9, 2019)

- Starting in November of 2011 a large scar appeared on the north shore of Wabamun Lake (SW-13-53-5-W5), between the scout camp and Fallis, upsetting many lake users and residents. Trees and shrubs had been cleared right down to the lakeshore and it was obvious there were no measures taken to control erosion of the topsoil as it entered the lake. (Eroded soil and surface runoff are chief sources of phosphorous, nitrogen and other nutrients that stimulate aquatic plant growth as well as cyanobacteria [blue-green algae] that cause toxic blooms in lakes.)

- Parkland County issued a Stop Order to the property owner, Samco Developments Ltd. on March 5, 2012, as the county had not issued a development permit for the work being done.

- After hearing complaints from the public, Alberta Environment and Sustainable Resource Development (AESRD) inspected the property and on October 17, 2012 issued an Enforcement Order (No. WA-EO-2012/06-CR [https://open.alberta.ca/publications/wa-eo-2012-06-cr-amend-1]) to Samco Developments Ltd. to cease operations and take steps to remediate the damage.

- On June 21, 2012, Parkland County approved a development permit to remove trees, stumps, recontour, grade and fence the property for agricultural purposes.

- In August of 2012, AESRD assessed the area and determined the erosion was destabilizing the CN railroad that runs in front of the property, creating a potential for derailment. The developer was ordered to cease all activity and AESRD was to be provided with an Erosion Control Prevention Plan as recommended by a surveyor, professional engineer and a geoscientist. The remediation work was to be done by July 31, 2013. CN has repaired the railbed several times.

- AESRD issued three amendments to the 2012 Enforcement Order on October 25, 2013; October 29, 2014 and February 12, 2015 (https://open.alberta.ca/publications/wa-eo-2012-06-cr-amend-1, scroll down). The amendments addressed many deficiencies in the actions and reports submitted by the developer, including the ongoing problem of “earthen materials entering Wabamun Lake,” an insufficient

geotechnical report, and lack of sufficient plant cover to reduce erosion, etc.

- On May 7, 2018 Alberta Environment and Parks issued an extensive Amendment 4 to the 2012 Enforcement Order (https://open.alberta.ca/publications/wa-eo-2012-06-cr-amend-1). This amendment included a long list of deficiencies and inadequate reports, followed by orders to comply as directed.

- Tons of earthen materials continue to enter the lake from the property.

- An adjacent property owner complained about flooding

resulting from the work done on the Samco property, where it silted a creek on the owner’s property, destroying fish spawning habitat.

- In September of 2018 the developer applied to Parkland County for a development permit to build the Ridge Water Resort and Enroute and Destination Campground on the property, including 328 sites for RVs.

- Parkland County ruled the application incomplete. However, Samco appealed to the county Subdivision and Development Appeal Board (SDAB), claiming the application was complete but

deemed refused. A hearing was set in December of 2018.

- In November, Samco withdrew its appeal and submitted a complete application. The SDAB cancelled the December hearing.

- In early December, the Parkland County Development Authority refused to grant the development permit. Samco appealed the decision to the SDAB and a hearing has been scheduled for 2 p.m. on January 14, 2019 in the Parkland County Council Chambers.

LOCAL GROUP OFFERS CONFIDENTIAL SUPPORT FOR CAREGIVERS

Submitted by Stefan Fel-sing, Communications Department | Yellowhead County

(January 3, 2019) – Caregiving for family members and loved ones can be stressful and challenging, and many others in the area are going through similar experiences. The Care-

giver Support Group provides a much-needed opportunity to get together with others going through the same struggles and share their experiences in a safe and confidential environment. Caregivers caring for parents, spouses, an elderly friend, a family member, or their children are invited to attend. This group allows participants to share their

experiences, challenges, and gain some insight into their caregiving journey. Every participant can be assured that these sessions are kept confidential. Caregivers will be meeting on the following dates: January 21, February 11, March 18, April 15, May 13, and June 17, 2019, at the Yellowhead County Wild-

wood Office from 6:30 pm to 8:00 pm. The Caregiver Support Group is a drop-in basis (no registration is required), and it is free. Light refreshments are provided. For more information, call the Yellowhead County Wildwood Office at 1-800-814-3935 or 780-325-3782.

CANADA SUMMER JOBS 2019 APPLICATION PERIOD EXTENDED

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the application to apply for funding under the Canada Summer Jobs program has been extended.

The deadline to apply is now February 3, 2019.

The Canada Summer Jobs initiative helps employers create summer job opportunities for those between the ages of 15 and 30," concluded MP Eglinski.

To ensure timely receipt of your CSJ application, please submit your application by going to: <https://srv212.services.gc.ca/ihst/Questionnaire.aspx?sid=9ae0c0ff-04ec-40d1-8cf4-4a270740803f&1-c=eng&iffssid=EECSJ&iffssid=562f599e-f6ed-4f3b-91a3-1e7fdd2ea707>

PURE HEMP CBD PRODUCTS
AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

WHAT IS CBD?
A Health and Beauty Breakthrough!
Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp CBD
Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp CBD
Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS
PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.
PROMOTES HEALTH: Helps to promote relaxation and overall health.
WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

CBD PET PRODUCTS

PET CHEW TREATS
KEY BENEFITS
SYNERGISTIC BENEFITS: Can be used in conjunction with regular medications with no side effects.
NO SIDE EFFECTS: Does not damage the liver, kidney or GI Tract like OTC medication.
DIETARY SUPPLEMENT: Can be administered daily as part of your pet's diet.

ORAL SPRAYS & DROPS
KEY BENEFITS
MANAGES PAIN: Helps to treat inflammation, arthritis and joint pain.
TREATS DIGESTIONAL ISSUES: Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.
GENERAL HEALTH: Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.
CONVENIENT: Can be sprayed into pet's mouth or on food.

SERENITY FAMILY SERVICE SOCIETY - YOUR NOT-FOR-PROFIT SOCIETY

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

7	9	1	4	5	6	2	8	3
6	4	2	1	8	3	9	5	7
3	8	5	2	9	7	6	4	1
2	7	6	8	1	5	3	9	4
8	1	9	3	4	2	5	7	6
4	5	3	6	7	9	1	2	8
1	2	8	5	3	4	7	6	9
9	6	4	7	2	1	8	3	5
5	3	7	9	6	8	4	1	2

			4				8	
6	4			8			5	7
3	8	5		9			4	
2		6			5	3	9	
		9					7	
	5					1		8
1			5	4				
	6				1	8	3	
5		7		6	8			2

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

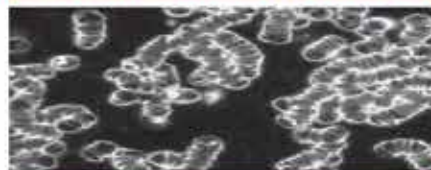

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

How do you want your **BLOOD** to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
